Fred and Norma Springman have bought the mobile home next to John Lynch on Indian River Dr. The Springmans are living in Ft. Lauderdale where Fred works for the Southern Bell. They own a truck camper and have been to the lake in spending an occasional weekend here on Little Lake. Next summer they hope to be here permanently.

Thank you from Lucille Fulton

Dear Nellie, Tom, and Irene Brown Hendon,

"Words of sincere thanks are would like to thank our many Ocean Breeze friends for their many letter and cards we have received also for the memorial gift. Clarence loved the park and all the people there as on Thanksgiving he did not suffer very long, and just passed in the night, and helping the less fortunate once more. I cannot find words to express our feelings.

There were 44 floral pieces, 37 contributions to the heart fund and scores of messages among the out of 54 S.M.H.S. I have received inside the 200 letters and cards.

I just cant write to each one as well as I'd like to.

I plan to come back to our little home in Vista, where so many of our happy memories are, (Carlene & Jim had almost 42 years of happiness, and now happy I am to say they were all happy). Oh, how I miss him.

Our family has been wonderful, and the grandchildren are a great comfort. Mi-best to all, with love, Lucille.

Lucille said to write this as we thought most, but it was such a lovely letter, just like Lucille, that it has been shortened but letter. Sure-

Mr. & Mrs. Carl Mitmeker of Bay Dr., were in Ft. Lauderdale last week end, May 11 to 14, visiting some old time friends of theirs. Monday, May 12, while they were there, it rained so hard that the water was to the top of the curbs.

****

Tuesday, May 13, Mr. & Mrs. Roger Fifield and Ed and Martha Sheehy went to Key West for the day. While there they took the Conch Train ride which they enjoyed very much. The party stayed overnight at Key West and returned to Ch. the next day.

****

Thursday, May 15, was Ed Sheehy's birthday, so in the way of a surprise, his wife Martha organized a picnic group on the Jensen Causeway. The group consisted of Mr. & Mrs. Curwen, Mr. & Mrs. Drummond, Mr. & Mrs. Sheehy, Monty Beck, Mr. & Mrs. Fifield, also Don Wells, Myrt Huntington, Charlie Jararowski, and Charlie Morgan. Charlie "J" played his harmonica, the group sang songs, and danced to the accompaniment of records and a birthday cake was cut while the gang sang "Happy Birthday."

****

Hannah Brown and Lula Potts, sisters of Mrs. Burt Miller left May 19th for Brookston, Ind. Hannah will be staying with her sister a-bproximately till the end of the month, after which she will leave for her own home at Garden City, La., N.Y.

****

A get-together Jack and Mary Ann Wall to bid them a fond home safely. Mary writes: "There was so much garden and lawn work to do it has kept us busy. We had been for trips to Panama and to Harbor Cold. Near Freeling. It is beautiful here. Tree citing of so many a-gree and the spring flowers are out. We take The Mirror so keep up on the park's doings. Best regards, the Walls."

****

We are glad to report that Mrs. Walthers is home from the hospital and is doing very well.

****

Mrs. Violet Ring left here on Monday to visit in Nutley, N.J., where she will visit with her son. She go to visit her brother in the N.J. coast. She expects to be away for about a month.

****

Mr. & Mrs. Smack of Kunkquat left May 19th, to visit in Kearney, N.J. with Bob's daughter, and with Nellie's son. The latter will soon graduate with his Master's Degree in science, and the Smacks will stay to attend the graduation.

****

Mr. & Mrs. Ted Fahlen drove Mrs. Nettie Danzer to the airport in Ft. Lauderdale on May 14th. Nettie is going to spend the summer in Minneapolis, Minn. She will also visit with her son who lives in that area.

****

Friends of Fred & Gussie Schneider, will be happy to know they made the trip home to Wellsville, N.J., in fine shape. They traveled by car.

****

Mrs. Nancy Boulier left here Sunday, May 4th for Mich., where she will visit with her son and daughter and their families for a time probably returning here in Sept. Mrs. Boulier's son is a doctor in Birmingham, Mich. Her daughter's home is in Adrian, Mich. Mr. & Mrs. Ronald Cumpsti drove Mrs. Boulier to the airport in West Palm Beach.

****

Mr. & Mrs. Alden Atwell left to visit for their home in Chatham, N.J., to May 11.

****

Mrs. Betty MacNair brought Mrs. Fran Gardner home from the hospital on May 14th. Mrs. Ann and Howard and Sandra Shaw Frank's attack on Mother's Day which put her in the local hospital for a few days. Mrs. Fran is all set for retirement the last time.

****

A group of friends, Mr. & Mrs. Rogers, Mr. & Mrs. Sheehy, Mr. & Mrs. Curwen, Mr. & Mrs. Muldoon, Mr. & Mrs. Beck, Mr. & Mrs. Fifield, Mr. & Mrs. Gardner, and Mrs. Myrtle Huntington celebrated Mrs. Beck's 61st. birthday at the Sandpiper Inn.

****

The Elsenbarths recently spent a few days visiting friends in Hollywood Hills, and were accommodated home by a cousin, Mrs. Irene Holland, who visited with them a week.

****

Mr. & Mrs. Arthur Ingram of Vista Dr., had as their guest, Mrs. Ingram's sister, Mrs. Haigh, one of San Francisco. Haigh, Mrs. Haigh spent three weeks here, and left for home last Saturday.

****

Mr. & Mrs. Willis Tabor left Friday, May 17th with their travel trailer, they are going to make a visit by aircraft through the Smoky Mountains on the way to their summer home in Arlington, Va.

Garden Club installs officers

Mrs. Frank Smith was installed as president of the Rio Lindo Garden Club at its annual installation meeting at the Marina Monday.

Other officers also installed were Mrs. Henry Hauseman, first vice-president; Mrs. Harold Casperson, second vice-president; Mrs. John Ramage, recording secretary; Mrs. William Mitchell, treasurer, and Mrs. Ralph Eichler, corresponding secretary.

The following committee chairmen were also announced: Mrs. Herbert Koegel, chaplain; Mrs. Elizabeth Ricketts, conservation; Mrs. Alfred Schachte, horticulture; Mrs. Clyde Edwards, yard of the month; Mrs. Lawrence Hett, membership; Mrs. Henry Hauseman, program and year book; Mrs. Joseph Petrone, publicity; Mrs. Harold Casperson, hospitality; Mrs. Mildred Whitney, sunshine; Mrs. Edwin Dickinson, historian.

Honored guest was Mrs. Anne Keen, former District 10 director of the Florida Garden Clubs.

President Smith reported on the Garden Club's activities for the past year, and extended thanks to the various officers and committee chairmen for their cooperation in making it a most successful year.

An enjoyable feature of the meeting was the display of hats created of tropical foliage and flowers by various members in most ingenious ways.

Judges selected prettiest hat, Mrs. Clyde Edwards; most unusual hat, Mrs. Frank Smith; most becoming hat, Mrs. Darrell Sliden. Awards were given to the ladies for their efforts.

President Smith announced that there would be a board meeting of officers and chairmen on Monday, June 16, at 10 a.m. to discuss future plans.

Dessert and coffee was served by hostesses Mrs. Edgar Adams, Mrs. Mildred Whitney, Mrs. Darrell Sliden, Mrs. Albert McDonnell, Mrs. Clarence Bankard, Mrs. Ralph Eichler and Mrs. Henry Hauseman.

***

Friends of Mrs. Mary Meyer will be interested in knowing that she is recovering nicely from surgery. She is at the Ft. Pierce Memorial Hospital and is able to receive visitors.

TOP WINNERS--Top-of-the-head winners, that is. The above members of the Rio Lindo Garden Club won prizes for their entries in the Floral Hat Contest. Left to right are Mrs. Dora Edwards, prettiest hat; Mrs. Florence Sidden, most becoming hat, and Mrs. Olive Smith, most unusual hat.

CHARMING CHAPEAUS--Lovely ladies line up for the judging of the Floral Hat Contest sponsored by Rio Lindo Garden Club recently. The hat contest was part of the installation meeting held at the Marina recently.

Little League games for this week will be: Friday, 6:30 p.m., Juniors vs. Jets; 8 p.m., Sun Tex vs. M & J; Monday, 7 p.m., Jets vs. M & J; Wednesday, 7 p.m., Juniors vs. Sun Tex.

The ladies auxiliary happily announces that the concession stand at the park is now open for business, even though the building itself is not finished.

WHY PAY MORE? WHY PAY MORE? WHY PAY MORE?

Help needed for summer program

Dave Gessner, recreation director at Port St. Lucie, is making one last appeal for some additional assistance during the summer months. Gessner said that his first appeal brought two people who offered their assistance, which will add one or two activities to the summer program. However, a great many more are needed.

During the summer, when volunteers are out of school and need activities to keep them busy, Gessner said, if they don't offer them these activities, they may busy themselves in ways which the community may not appreciate. It's a shame, he said, to have facilities to offer programs, a shame to have people with talent and ability and not use either.

Gessner pointed out that it is impossible for him and one lifeguard to do all that's needed. We have many adults who are talented in art, various types of athletics, arts and crafts, and many other possibilities which could be blended together to offer a wonderful summer program, he said.

Even though we are already offering many activities involving many young-stars, Gessner said, we still have many other young-stars not involved in these programs who have interests and desires that need to be met.

Won't you please help us in our desire, and also fulfill the desires of these youngsters, Gessner pleads. He asks that anyone interested call him at the Marina 464-3191.

NEW JUNIOR OFFICERS- New officers for 1969-70 of the Port St. Lucie Junior Woman's Club are shown above. Left to right they are Mrs. J.R. Brewster, treasurer; Mrs. Richard Schmidt, first vice-president; Mrs. Richard Schaefer, president; Mrs. C.R. Johnson, second vice-president; and Mrs. James Morgan, secretary.

COMMUNITY PROJECT- A check was presented to Mrs. Bruce Dixon, left, financial secretary of Civitan Child Care Center, by Mrs. Richard Denmark, member of the Port St. Lucie Junior Woman's Club. The check will pay for carpeting at the center and is just one of the ways the local Juniors take part in community projects.

HONOR ED- Honored by the Port St. Lucie Junior Woman's Club recently were the above members. Mrs. Richard Schmidt, left, was chosen, "Most Congenial Member," Mrs. C.R. Johnson, center, "Clubwoman of the Year;" and Mrs. James Morgan was named "Outstanding New Member." Competition was keen, and the trio is to be commended.

Junior Woman's Club appoints chairmen

Department chairmen for the coming year were appointed Monday evening by the Port St. Lucie Junior Woman's Club at a meeting held at the home of Mrs. Richard Schmidt.

Club president Mrs. Richard Schaefer made the following appointments: Mrs. James Morgan, public affairs; Mrs. Hector Aguiar, fine arts; Mrs. Richard Schmidt, home life; Mrs. C. R. Johnson, education; Mrs. C. P. Wright, international affairs; Mrs. J. R. Brewster, conservation; Mrs. Paul Teal, sunshine and Sunbird; Mrs. Aguiar, publicity; Mrs. Schaefer, scrapbook.

Miss Carla Hendry and Miss Karen Curry have been chosen to receive the scholarships which the PSL Junior Woman's Club awards annually to students. Each will receive $300 toward continuing their education. Miss Hendry will attend nursing school in Lynchburg, Va.; Miss Curry will study at the University of Florida in Gainesville. The awards were presented by Mrs. Schaefer at the awards program Tuesday morning at Dan McCarty High School.

***

General Development Corporation has announced it will open its new 1969 home models at Port St. Lucie this weekend, May 24 and 25.

Howard Trinz, GDC's vice president for housing, said the line offers two, three and four bedroom models, with one, one-and-a-half and two bath designs.

Barracks 2936 Veterans of World War One will hold its regular monthly bunko party on Thursday, May 22, at 8 p.m. at the Marina. Refreshments will be served, and six prizes will be awarded. All residents are cordially invited.

***

The A.L.C. Women of St. Andrews Lutheran Church held their monthly meeting May 13 at the church.

The Bible Study was given by Mrs. Edna Jensen. Mrs. Annale McClure gave a report on the Southeastern District Conference held at Stone Mountain, Atlanta, Ga.

A picnic is scheduled for June 10. Hostesses will be Mrs. Isabella LaFrance and Mrs. Florence Mayer. Workshop every Tuesday at 9:30 a.m. to 2 p.m. All ladies welcome.

***

About 75 persons enjoyed two hours of fun playing Bingo Friday night. There were two visitors from Albany, N.Y., Lynn and Scott Scharfman who are visiting the Kubys.

First time attenders were Mary Logan, Ruth Davis from Chicago, Helen and Louis Avalonne who now reside on Prima Vista Blvd. A mixed "quartette" sang the Happy Birthday song to Frank Ciobus, who was celebrating his 39th birthday. The main prize of four nice steaks was won by Katherine Vegelis.

Explorers learn boat handling

One of the requirements for each member in the Sea Explorer Troop 498 is that he pass a course on boat handling. This factor was discussed at Tuesday's meeting of the troop at the Marina. It was decided that the course would start Saturday morning under the guidance and direction of the sponsoring club, U.S. Coast Guard Auxiliary, Flotilla 55.

Included in the course will be boat docking, trailering, safe landing, mooring, anchoring, maneuvering, and nautical terminology).

Another requirement for membership is that each boy pass an eight-lesson course on safe boating. Most of the boys in the troop have already taken this course which includes navigation, aids to navigation, rules of the road, charts and compasses, knots, mooring, docking and anchoring, and boat laws.

Business at the meeting included the acceptance of a new member. A committee was set up for fund raising. The boys voted to take part in the Memorial Day services sponsored by the VFW. One of its members, Allen Bagamery will be the trailer on the program. A committee was also set up to work on ideas for the 4th of July parade.

Painting to continue without instructor

Mrs. Vivian Davis, oil painting instructor for the Thursday morning classes held at the Marina, announced that last Thursday was the last class for this season. However, several members of the class expressed a desire to continue each Thursday, even though it would mean doing so without the services of an instructor.

Consequently, each Thursday morning 9:30 will be set aside at the Marina for any and all who wish to join together and paint just for the enjoyment of painting. There will be no instructor, but ideas, views and problems can be exchanged among those in attendance.

These Thursday mornings will be open to not only those who have been attending throughout the winter months, but also to anyone who feels they might like to join the group. Starting time will continue to be about 9:30 a.m.

***

The Men's Golf Association of St. Lucie Country Club held its weekly tournament on Saturday, May 17. It was a best-ball tournament, consisting of teams of four.

Winners were: 1st place, team of Scott, Nardone, Mack and Benoit, 2nd place, team of Van Nostrand, Miller, Wilcox, and Hubbard, 3rd place, team of Maher, Gates, Lohman and Heimer.

***

Women of the St. Andrew Lutheran Church Bible Study group met Tuesday, May 13, with Mrs. Edna Jensen as leader. Their program was "The Response of Obedience."

The program was preceded by a dessert luncheon.

The women will meet June 3 for a worship and special bible study time related to the National Convention in Minneapolis which will be held June 26-29. Mrs. Esther Tiemeyer will represent the St. Andrew Lutheran Church.

Letter from Vietnam

The following letter was received from Harry Dolliver, son of Mr. and Mrs. Harold Dolliver, 429 Sandia Drive.

"Members of the VFW (Post 10130 of Port St. Lucie): On the late of January 5, 1969, not rather I was written to me, to tell me I was voted in as a member. You don't know how much this means to me.

It's so hard to realize that we're at war with the N.V.C. or N.V.A. Just yesterday I was a teenager. I was dating, going to races, giving people a little trouble, like any guy does.

Today, I'm in a war zone. I've been 1400 feet straight up and also been in action. It's so hard to believe that today I'm a man. Also, to me it's hard to believe I'm a member of the V.F.W.

I hope, when I return, I may meet each and every one of you.

It's so hard to say thank you, but I'll try. You really have made me proud to serve you, my country, and for our kinds that must grow up and face peace.

Again, thank you and may "God bless each and every one of you."

Frary-Colville wedding date set

Mrs. Amy D. Hildebrand of Eden has announced the engagement and approaching marriage of her daughter, Mrs. Amy H. Frary, to Joseph R. Colville of Fort Pierce.

Mrs. Frary, a teacher at Murray Ninth Grade School, has been associated with the Martin County school system for eleven years.

Colville is director of development at Indian River Junior College.

The wedding will be Saturday, June 14, at 11 a.m. at All Saints' Episcopal Church, Jensen Beach. All friends are invited.

NOTICE OF PUBLIC HEARING
TO WHOM IT MAY CONCERN:

NOTICE is hereby given that the Board of County Commissioners of Martin County, Florida, will conduct a public hearing at the hour of 9:30 A.M., or as soon thereafter as the matter may be heard, on June 10, 1969, at the Martin County Courthouse in Stuart, Florida, to consider the matter of:

Item 1 - Revision of the RT Mobile Home Subdivision District as follows:

ARTICLE XVII
"RT" Mobile Home Subdivision District

SECTION 17 - USES PERMITTED: Mobile homes, building or structure, or part thereof, shall be erected, altered, used, or placed on land or water, used in whole or in part, for other than the following specified uses:

(a) Mobile home single family residence, one story only. (A mobile home must be permanently affixed to an approved foundation. Not to be construed to include any other residential structures.)

(b) Public recreation areas and facilities.

(c) Public and private piers, docks and boat-launching areas.

(d) Accessory uses and structures customarily associated with mobile home residences.

(e) Marinas, golf, country, yacht and fraternal clubs.

(f) Civic or community centers.

(g) Schools, colleges and churches.

(h) Public utilities and public buildings.

17.1 REQUIRED BUFFERS

(a) Mobile home subdivisions shall be surrounded by a landscaped buffer strip at least 25 feet in depth on all sides.

(b) Buffers shall be unoccupied, except for underground utilities, canals, ditches, landscaping and entrance or ornamentation.

17.2 REQUIRED UTILITIES:

Central water supply and a central sewage treatment system will be required and all lots in a subdivision must be a minimum of 5,000 square feet in area.

17.3 REQUIRED AREA OF SUBDIVISION.

The minimum area to be developed as a Mobilehome Subdivision shall be ten (10) acres.

17.4 REQUIRED RECREATION AREA:

Minimum of five percent (5%) of gross land area.

17.5 MINIMUM LOT SIZE

Fifty (50) feet in width measured at right angles to the lot line and 5,000 square feet in total area.

17.6 MINIMUM YARDS REQUIRED:

(a) Front Yard: Measured from the property line to the nearest building wall or other vertical structure.

(a) Front Yard: 20 feet

(b) Side Yard: 5 feet

(c) Rear Yard: 5 feet

17.7 REQUIRED SIZE OF RESIDENCE:

The minimum size of residences shall be as outside measurements of 500 square feet manufacturer's measurement excluding carports, breezeways, utility rooms, cabanas and patios.

17.8 YARD ENCROACHMENTS:

Structures less than 30 inches in height are not considered as yard encroachments. Every part of every required yard shall be open and unobstructed from 30 inches above the ground to the sky, except as hereinafter provided, or as otherwise permitted in the Zoning Ordinance. This regulation shall not apply to normal plantings, fences, walks, trellises, arbors and customary appurtenances, utility rooms, cabanas and patios.

17.9 YARD ENCROACHMENTS:

Architectural features, such as cornices, eaves, gutters, chimneys, pilasters, and similar features may project into any required yard not more than 24 inches.

17.10 PLAT APPROVAL:

In addition to the standards set forth herein, no mobile home subdivision shall comply with and be platted in accordance with the Martin County Subdivision Regulations.

Item 2 - To consider the adoption of the Board of County Commissioners policy as follows:

All presently platted RT Subdivisions in which no construction or development has commenced are subject to new regulations. Those individuals who own acreage zoned RT have one year from this date to record a plat and commence construction and development or that property shall be returned to its present zoning.

Item 3 - The adoption of specifications for approved trailer foundations.

All interested parties are invited to attend and be heard.

Dated this 20th day of May, 1969.

Memorial Services in Jensen

Plans are being made by American Legion Post 6138 for Memorial Day services to be held Friday, May 30, at 10 noon. Services will be at All Saints' Cemetery on Rte. 707, Jensen Beach, according to senior vice-commander Julius Newman.

VFW#1 Martin County Barracks #854 and its auxiliary will also participate. Oscar Hale, past-commander, and Larry Farwell will carry the banner and flag.

The above groups will also take part in Memorial Day services at 10 a.m. to be held at Fern Hill Cemetery, Stuart.

All servicemen are invited to the new opening of Post #48, Fort Pierce, at 2 p.m.

Action report

by Dick Campbell

Florida Atlantic University President Kenneth Williams will speak to the graduating class of St. Joseph College, Jensen Beach, at commencement exercises at 2 p.m. June 1. Thirty-nine students will receive diplomas in this second graduating class.

***

The litter campaign continues. Sponsored by Jensen Beach Garden Club, the campaign is directed at tin cans littering the area. Students in grades 4 to 6 are helping to clear the area in a contest ending June 3.

Winners will be sent to Washington for two weeks.

Cooking show adds fashions

Summer fashions of sportswear and casual attire will be blended into the format of The Jensen Beach Mirror's sixth annual cooking showcase and appliance show to be held at St. Lucie County Club's convention hall on Friday, June 6. The fashion show will be presented by Frances Langford's Boutique. There will be two sessions, 2:30 p.m. and 7:30 p.m.

The festive woman's wear will be shown before, at intermission and after the cooking showcase.

Joseph Turner, popular organist, will play on the Conn organ for the fashion show as part of a demonstration by Moritz Piano Co. of Fort Pierce.

The lobby of the convention hall will be the scene of the growing Appliance Fair. Begun three years ago, the Appliance Fair gives local appliance dealers the opportunity to show their wares to the public, and several have indicated that new ideas in cooking appliances will be shown.

The show is free and open to the public. Many prizes will be offered to the ladies who attend. There will be many food certificates and small appliances will be presented by the participating dealers.

Food prizes, recipe books and other hand-carrying items helpful to homemakers will be door prizes to the cooking show.

The cooking demonstrations of the latest ideas of culinary arts will be handled by home economists of Florida Power and Light and representatives of Publix Markets.

Sponsors of the cooking showcase and appliance fair include The Mirror, Publix, Florida Power and Light and General Development Corporation.

Wed., June 4, 6 p.m. Rotary at Hobe Sound.

LIFE SCOUTS- Curtis Littman and Curtis Conlin, center, passed a district board of review to win their Life Scout badges last Thursday night at the Community Church in Jensen Beach. Present for the board of review was Sullivan District president Jack Williams of Stuart. At right is Jensen Troop 801 advancement assistant scoutmaster Art Pitman.

23 buildings

Ground broken for 204 condominium units on beach

Ground was broken Monday on a newly approved condominium complex on Hutchinson Island that will provide 204 units in 23 buildings. To be called "Villa Del Sol", the condominium is being developed by Snow Martin and Robertson Callen of Lakeland.

The St. Lucie County Commission last week approved the application for Villa Del Sol zoning, and Monday the work on the condominium began. The parent company, Landmark Villas, Inc., plans to build the units on property on the ocean side of A-1-A, at the Martin County line, one-half mile north of the Jensen Beach Causeway Road (SR 707-A). The sale was handled by Tilton Real Estate.

Each building will be eight condominium units. Construction will be of masonry, smooth finish, with redwood louvres on the sun porches. The units will have 1200 square feet of living space with two bedrooms, two baths in each. The prices of the units will be in the neighborhood of $16,900 to $28,000, according to Martin.

"We plan to appeal to the second-home market. We want to reach those who would like to have a second home on the ocean, for weekends or vacations," Martin said.

One swimming pool is planned for the central area of the complex.

A tie with General Electric was indicated by the developer as Martin said every unit will be equipped with GE appliances, including stove, refrigerator-freezer, dishwasher, disposal and washer-dryer combination.

White Contractors, Inc., are general contractors on the complex, and financing of the initial phase is being handled through First Federal Savings and Loan Association of Martin County.

Florida Steel plant set at Indiantown

Officials of the Florida Steel Corp. confirmed Monday that the company plans to build a plant in Martin County north of Indiantown.

John F. Hilburn, the firm's director of planning and development said that complete plans for the new plant will be announced by Florida Steel president Edward F. Flom at a meeting of the Indiantown Chamber of Commerce June 2 at 7 p.m.

Details of acquiring 150 acres of property along State Rd. 710 from the Seaboard Coastline Railroad are expected to be worked out at that time.

Condominium zoning denied

Permission to construct a condominium on the southeast corner of Skyline Drive and Commercial Street in Jensen Beach was denied by the Martin County Commission Tuesday. The commission agreed with the recommendation of the Martin County Planning and Zoning Board, which had turned thumbs down on the zoning application.

County Attorney Dana Tocker said it would be spot zoning, and neighborhood property owners objected to the zoning change in the area.

O. S. Gaskill and Doug Taylor had proposed construction of eight condominium apartment buildings with eight units each on the 5.5 acres of land just west of the FEC railroad tracks.

In other business, the county commissioners:

REFERRED to the water management board a proposal for filling a corner on the west end of Jensen Beach causeway.

DENIED a zoning change in Rio from B-1 to R-3A.

DECIDED to write a letter of no objection to the U.S. Army Corps of Engineers about an application from Donald B. Benedict for a dock in the North Fork of the St. Lucie River.

APPROVED abandonment of a road in Rocky Point subdivision, Port Salerno.

DISCUSSED ambulance service with city officials and representatives of ambulance services.

HEARD a request from Sheriff Roy Baker to secure second story windows of the jail.

DENIED a zoning change from R-2B to R-4 in Jupiter Acres.

DENIED a zoning change from RT and R-1 to TP in St. Lucie Terrace.

HEARD a pledge from Commissioner Dr. William Myers that he would approve no more trailer park zoning along U.S. 1 in Hobe Sound.

APPROVED zoning changes to allow expansion of Salerno Trailer Park in Port Salerno and development of a trailer park by Leonard Bell on 14 acres along U.S. 1 in Hobe Sound.

VACATED an unnamed and undeveloped street in Golden Gate subdivision.

ORDERED a 60-day study period for a proposal from Americable, Inc., for a second cable TV service in the county.

TURNED down bids on tennis court construction in Indiantown and received no bids for roofing of the Palm City recreation building.

APPROVED closing of courthouse offices in observance of Memorial Day on Friday.

Julius Newman to head legion

Julius Newman of Maureen Court, Jensen Beach, was elected commander of American Legion Post 126 Monday night. Newman is at present the senior vice-commander.

Others elected at the meeting were Thomas Wyatt, first vice-commander; Edward Mitchell, second vice-commander; Virgil Rathbone, finance officer; Stanley Swarts, chaplain; Anthony Foley, historian; William Clair, Sgt. at Arms; Harvey Hilts, service officer, and Harold Butterfield, adjutant.

The executive committee is made up of Louis Villano, Edward Snyder, past commander, and Joseph LeBlanc, present commander of the post.

Installation will take place in the fall.

Three sided controversy

The problem is a beach

PLANNERS--County engineer Tom Slider, right, explained the master plan of Jensen Beach to Cliff Raulerson, county roads supervisor. Monday as county officials took the first steps to modernize and improve the county beach. The first phase of the improvement is to move traffic off the present beach road and begin the development of the beach area.

Surfers suggest own plan

Hope for the beaches, and recognition of the problem facing the over 100 local surfers was uppermost in the minds of two local teenagers as they talked in the Mirror office Monday night. A possible solution to the problem was suggested by Ralph Timmerman, 19, and David Lunn, 17, of Stuart. "There should be a line of corks tied to a cement bucket to show where the surfing line ends," said Timmerman. "They have that in Fort Pierce. It goes about fifty yards out in the water. Maybe bleach bottles, tied to a nylon rope, would do it. We can see that."

Timmerman complained that the relation of the surfer to the beach is difficult to define when the surfer is on a board in the ocean. "The line to the beach looks different out there," he said. "What looks like fifty feet might be just ten feet, and when you get up on a board, all of a sudden there is an old man's head in front of you."

Lunn agreed, saying that a special area, away from the swimming area, would be best for the surfers.

"We need big signs, and the floats in the water. If the slag on the bottom of the board hits that nylon line once, the surfer would be more careful in the future. The signs should be permanent, and so that we can see them," Lunn added.

A special rack for the surfers to put their boards was not received with enthusiasm by the surfers. "It would be torn up by some of the kids, and we would get blamed for it. That is not the answer. We have the best rack right there on the sand, where the wax on the boards will not melt. We set the boards upside down on the beach. We may get a little sand on the wax, but that is all right," he said.

The surfers asked that the signs be permanent, so that out-of-town surfers could know what they should do and where they should surf.

"Some surfers arrive at dawn to begin surfing. There is no lifeguard, and no signs at the beach. Today (Monday) there was no lifeguard, no signs, and the surfers were surfing all over the beach. They had no direction," Lunn said.

The north side of the present Jensen swimming beach was given the highest rating by the surfers. South of the swimming beach received second rating. The land north of the swimming area is private, and the land south is owned by the county.

"The north area is the best bottom out there. It breaks better," Timmerman said. "Waves come out of the southeast or the east. Very seldom do they come out of the northeast. When they do a drift south we turn right into the swim area."

Both Timmerman and Lunn are "goofy foot surfers." That means they turn to the left when they "catch" a wave. A "regular" surfer turns right when on a wave.

The surfers suggested that the county allow them to surf north of the swimming area on good "Northeasters" and put up signs denoting the surfing area on the county beaches.

"We are the surfers a regular beach, and let them have it. Then, if they come in the swimming area, fine them," Timmerman said. "Don't make it a big fine like, say a hundred dollars. A twenty-five dollar fine is hard enough to come by."

"Always, the swimmers stay out of the surfing area," Lunn quickly added. "What is good for one is good for the other."

Fisherman came in for a little comment from the surfers. They praised the county establishment of the "Park and Fish Park" just to the south of the county bathing beaches. It removed the surf fisherman from the area, and the surfers no longer have "duck those heavy weights the fishermen threw at us."

The two surfers showed concern for the problems of the past few weeks at the beach, but they had high praise for Martin County Special Investigator John Randolph.

"He's the first real break we have had," Lunn said. "He knows both sides of the story, talks with us and asks our ideas."

"Why, he was even body surfing with us last week," Timmerman added. "He is a regular guy. He enforces the law, but he is fair and gives us a chance."

The two surfers agreed to meet with the Mirror editor Monday night to discuss how the problems of surfers and swimmers, and the county beaches could be solved. They showed their concern for their sport by coming up with some suggestions to make both sports more safe, and possibly, compatible.

"I don't think anyone wants to raise a stink," one said. "All we want is a place to surf, where the waves are good, and the breaks go our way a little. We don't want anyone to get hurt by a board," Lunn said.

WIPE OUT- A surfer "wiped out" on his board as he surfed into the Jensen Beach swimming beach area Monday. The lack of permanent signs, closed beaches on Monday and no flags flying were reasons given by surfers for their use of the swimming beach area. The new county plan will separate swim area and surf area.

Slider refused to be drawn into the controversy over the beach, preferring to talk about the expansion of the beach facilities and the marking of the beach so that there could be no doubt over where who should be.

"We are having signs painted, not like those Mickey Mouse signs we had, with orange paint on blue, so that no one will miss seeing them. We'll have arrows pointed to the surfing area and the swimming area. It will be perfectly clear where the two different types of athletic areas are, and there should be no reason for the swimmers and surfers to be confused," Slider said.

The first phase in the plan for the realignment of the beach and its parking areas is part of an overall plan suggested by the Jensen Beach Chamber of Commerce benches committee earlier this year. Slider said that shellrock of the present parking area would be used to stabilize the new ramp to the parking area between the north and south beaches, and that the shell would be replaced with sand.

Slider begins master plan for beaches

By DICK CAMPBELL

County Engineer Tom Slider shaded his eyes from the sun and pointed east. "We'll start there with the posts, cut off traffic, have a 30 foot running area, and set up parking area over on the hill," he said as his arm pointed out the various areas to county road supervisor Clifford Raulerson, and engineer assistant Ralph Deslagotti.

Slider was briefing Raulerson on the county efforts to make a permanent beach plan pay off in solving the present dispute between surfers and swimmers at Jensen's beaches.

The plan as outlined by Slider is to put a driving ramp at the ends of the filled area parking lot, just south of the present parking area of the beach. A "turn-around" for drivers to drop passengers and bear development at the pavilion will be provided, but traffic behind the present shower and drinking fountain building will be cut off.

"Swimmers will be able to go to the dressing room without looking traffic," Slider said.

Raulerson said he hoped to have the ramp in by the weekend, or the early part of next week.

A special "Surfer's Beach" is planned for the area just south of the swimming beach, according to Slider, along with the signs, painted in orange on blue, designating the surfing and swimming areas.

Drivers will be able to park along the beach in the large parking area, but no longer will be able to park in the main pavilion area, Slider outlined.

The "Surfer's Beach" will be located at the vegetation line to the south of the second pavilion between the north and south beaches. Plans for a surfing park have been discussed, but are not finalized, Slider pointed out.

Slider refused to be drawn into the controversy over the beach, preferring to talk about the expansion of the beach facilities and the marking of the beach so that there could be no doubt over where who should be.

"We are having signs painted, not like those Mickey Mouse signs we had, with orange paint on blue, so that no one will miss seeing them. We'll have arrows pointed to the surfing area and the swimming area. It will be perfectly clear where the two different types of athletic areas are, and there should be no reason for the swimmers and surfers to be confused," Slider said.

The first phase in the plan for the realignment of the beach and its parking areas is part of an overall plan suggested by the Jensen Beach Chamber of Commerce benches committee earlier this year. Slider said that shellrock of the present parking area would be used to stabilize the new ramp to the parking area between the north and south beaches, and that the shell would be replaced with sand.

Lifeguard is fired

John Wright, 32, Martin County's beach lifeguard for the past three weeks, was fired Sunday morning by Tom Slider, county administrator, following a weekend of problems resulting from Wright's clashes with area surfers at Jensen's beaches.

Wright had quit his job on Saturday, following words with a sheriff's deputy and the county special investigator.

The firing came about when Slider suggested that Wright be moved to the Stuart beach, and the Stuart lifeguard be sent to Jensen Beach.

Slider told The Mirror that Wright had mentioned "politics" when the administrator had suggested the change. Slider said he had fired Wright when he had said that his being moved to Stuart beach was "a political ball game."

"I told them that I wasn't going to be a political ball, bounced from beach to beach because I stepped on somebody's toes. It was then that Slider fired me," Wright said.

Saturday, Wright had moved the surfers to the south of the posted area of the beach. Some surfers refused to move, according to Wright. "And I gave me the finger," he said adding that Wright said he called the sheriff.

A deputy showed up, as did the county special investigator. The surfers were called together by the deputy, and Wright said he told the surfers that if they had a complaint they should see their county commissioner.

"Then the investigator said to me, 'Don't try to play God on the beach. Listen to what they have to say,' and I said I knew my job," Wright said.

The former Jensen Island lifeguard said that the investigator and deputy were kidding him about his duties and "making me look like a fool."

"It was then that I took off my whistle and gave it to the weekend lifeguard, and I called the newspapers. It is a shame that you have to go as far as Stuart to get to see a law enforcement," Wright said.

"The weekend lifeguard, fifteen minutes late, closed the beach and opened it up to the surfers. He couldn't handle it either," Wright continued. "I went back to the job and the deputy promised to enforce the law if I reopened the beach."

Wright said that at five in the afternoon he was closing the beach when county commission chairman Bill Hussey walked up.

"Hussey told me that there had been too much newspaper publicity about the beach, and said they (the newspapers) were just looking to sell newspapers. 'If the newspapers want a statement, tell them to come to me,' Hussey told me. He shook my hand and told me I was doing a good job and that the county was behind me one hundred per cent," Wright said.

The following morning the lifeguard was fired after refusing to be shifted to the Stuart beach.

"I think that my main job is to protect people on the beach, not play politics," Wright concluded.

Pancake Day is June 8th

Sunday, June 8, will be Jensen Beach Baseball Pancake Day at the new field house at Langford Park.

Pancakes will be served from 8 a.m. to 2 p.m.

Proceeds will be used for a baseball batting machine for the various ball teams. The machine costs $450, Norris Tilton, ticket chairman, says tickets are available from all baseball boosters.

BOARD- Members of the board elected last Thursday night to an organizational meeting of the Indian River Freeholders Inc., at Walton Community Center include, left to right, Tom Christman, Henry Cormack, Dr. Tom Cockerill, Ruth Freeman and Oliver Gish. Not present for the photo were Dr. E. E. Baker and Bill Corran.

Garden Clubbers attend meet

Five members of the Jensen Beach Garden Club attended the annual District X President's Conference of the Florida Federation of Garden Clubs, Inc., May 21. Those attending were Mrs. Fred Morris, Mrs. Charles Veatch, Mrs. Paul Hoverman, Mrs. L. G. Marrable and Mrs. Fred Peterkin. The event, with 143 present, was held in Boynton Beach.

Separate route assured for I-95

A separate Interstate-95 route through Martin and St. Lucie Counties seems assured by the turnpike authority, according to Michael O'Neil, chairman of the State Road Board.

O'Neil, a member of the turnpike authority, discussed the I-95 status following a meeting of the SRB last Thursday at St. Lucie County Club.

Originally, the plan for I-95 was to have it join the turnpike at Okeechobee Rd. (SR 68 in St. Lucie County and continue south on the turnpike through Martin County and into Palm Beach County.

Several years ago, because of heavier traffic on the turnpike and increasing traffic on U.S. 1, the SRB began studies for a separate route. However, no separate route has not been officially approved, which has belayed decision on the location of I-95.

It was reported that the U.S. Bureau of Public Roads was holding up its approval of the funds from the turnpike authority.

O'Neil said Thursday that the turnpike authority will give its approval.

O'Neil said a written agreement exists between the road board and the turnpike authority that I-95 would not be started at this area until the authority was sure that turnpike bondholders would be protected.

This protection is now assured, O'Neil said, and he adds quite no problem in obtaining approval from the turnpike authority for a separate route.

O'Neil said he could not state which of the three proposed routes will be accepted by the Federal Bureau of Roads.

A location west of the turnpike, south of Okeechobee Road, seemed to be the most acceptable, according to District Engineer Arnold Hamon.

****

Senator Cliff Hauter introduced a resolution recently making the Elliott Museum and the House of Refuge, historic memorials of the state of Florida. Both sites are sponsored by the Martin County Historical Society.

TO HONOR THE BRAVE

We pause to salute those brave Americans who have fought and continue to fight, to protect our precious freedom.

Increased $13,800

School board ups salary schedule

The administrative salary schedule of the Martin County school system was increased $13,800 last week by the school board.

The $13,800 will go to the director of finance, Charles Hellmer. In his second year in the office, will receive a raise of $4,680, with automatic raises of $300 annually for the next three years, subject to changes in the schedule.

The administrative salary increase for next year is now $85,745 for 23 administrators, including two new ones who each add $12,000 to the total.

Hellmer will also be business manager, with purchasing under his supervision, according to V. James Navitsky, Superintendent of Martin County Schools.

The school board refused requests of lunchroom workers for an increase. Basic wage was raised to $1.55 per hour recently, but a delegation of 26 employees attended the meeting asking for a larger raise.

The schedule was approved by all members except Mrs. Barbara Ilgenfritz, who said she thinks $80.00 a week is too low for a lunchroom manager.

Raises ranging from $600 to $1,000 were also approved for supervisors, secretaries, clerks and bookkeepers.

Registration open for Candy Stripers

Applications for the annual Candy Striper program at Martin Memorial Hospital are now available at the front information desk at the hospital. Deadline for registration is June 12.

The 15-hour training program starts June 16 and continues through June 20, according to Mrs. Evelyn Graham, RN, who conducts the program. It is open to boys and girls 15 years of older, presently attending junior or senior high school and having a good scholastic standing.

Upon completion of the course, the Candy Striper may sign up to work any day for specified hours, not to exceed 2½ hours a week under the direction and supervision of the nursing supervisor. Floor assignments will be rotated so that each Striper will work in various areas of the hospital and assist the professional hospital personnel at the discretion of the supervisor.

In the past the Candy Striper Program has developed an interest in hospital work as a career for some of the participants who are at present attending Jackson Memorial Hospital in Miami and Orange Hospital in Orlando.

Sponsor of the program is the hospital auxiliary, represented by Mrs. Raymond Bosford, 287-6381.

CAPE TOUR--Embarking on an all-day tour of Cape Kennedy were the above Jensen Beach Elementary School six-graders. The group left Jensen by chartered bus on Friday, May 16, taking lunches with them for the day-long trip. The youngsters were part of the last tour through the Cape prior to the launching of Apollo 10 for the moon.

WORKING COMMITTEE--Responsible for the planning of the State Road Board budget meeting at St. Lucie Country Club last Wednesday night and Thursday were, left to right, Port St. Lucie city councilman Julian Flood, PSL city mayor Eugene Kavanaugh, St. Lucie County administrator Weldon Lewis and SLCC general manager Hans Rowe.

School menu

Tue., May 27, meat pie/pastry crust, frozen mixed vegetables, broccoli, carrot sticks, Yummy honey rolls, milk.

Fri., May 30, Memorial Day.

Mon., June 2, hamburgers, celery chunks, spinach, corn, purple plums, milk.

Tue., June 3, pork & gravy, whipped potatoes, tossed salad, green peas, biscuits, honey candy, milk.

Wed., June 4, pigs in blanket, cabbage slaw, blackeye peas, orange Waldorf Jello, rolls.

Thu., June 5, country fried steak, rice, spinach, mixed vegetables, rolls, prune cake, milk.

WSCS will meet Tuesday June 3rd

Mrs. Athena Tierney of Center Road, Jensen Beach, was installed as president of the "Rainbow Wheel", the biannual of Welcome Wagon Club of Martin County.

Other officers installed by Mrs. Helen Ditzler, Fort Lauderdale, area supervisor for Welcome Wagon, were: Mrs. Alice Gumbs, Jensen Beach, vice-president; Mrs. Nancy Mitchell, treasurer; Mrs. Ruth Benson, recording secretary; Mrs. Myrtle Rausch, corresponding secretary.

The next meeting will be held Tuesday, June 24, at St. Lucie Country Club.

HAPPY HOSTS- Present at a reception for the State Road Board last week at St. Lucie Country Club were John B. Park, left, chairman of the board of county commissioners, St. Lucie County, and City of Port St. Lucie Mayor Eugene Kavanaugh.

OBITUARIES

Mrs. Wiggins

Mrs. Irene Sharp Wiggins, 67, of The Anchorage, Rio, Jensen Beach, died Sunday, May 25, at Martin Memorial Hospital. A native of Allentown, Pa., she came here from Philadelphia in 1961. She was a credit investigator for Merchants Credit Bureau, and was a member of All Saints' Episcopal Church. She served in the WACS during WWII.

She is survived by her husband, Frank, of Rio.

Graveside services were held Tuesday at 11 a.m. at All Saints' Cemetery with Rev. Willard Lynn, rector, officiating.

A GOOD JOKE- Enjoying a laugh at a reception honoring visiting State Road Board members last Wednesday at St. Lucie Country Club were, left to right, Dave Dabney, vice-president of General Development Corporation; SLCC general manager Hans Rowe, Mel Brecon, office manager of Port St. Lucie, and Port St. Lucie general manager Jack Sheridan.

"200 CLUB" MEMBERS- William Studer and Ralph Chambers of Mercury Motors, Inc., Stuart, have gained membership in the exclusive "200 Club", a nationwide organization of outstanding Lincoln-Mercury salesmen. Studer's and Chambers' sales records "have placed them in the top 15 percent of all Lincoln-Mercury salesmen throughout the country and has earned them special recognition from the Lincoln-Mercury Sales Council," according to R. B. Kircher, Jacksonville District Sales Manager.

John M. Keller, County Veterans' Service Officer, has moved into the courthouse on the second floor. His phone number remains the same, 287-2013; office hours will be the same as the courthouse.

***

Crary, Crary and Crary, local law firm for many years is now known as Herman and Crary. 201 First National Bank Bldg., Stuart. Brothers Evans and William F. Crary are the "Crary" part of the team.

***

The Thrift Shop on Commercial Street, sponsored by Jensen Beach Community Church, is having a half-price sale Friday and Saturday, May 30 and 31, as of June 1 it will close for the summer, according to Mrs. Wirling Chambers, chairman.

***

Basic changes in the motor vehicle inspection law, effective June 1, will be: inspection fee $5; all inspection certificates will be good for a one-year period; certificates will cost the county 40¢ each; delinquent charge of $1; reinspection without charge at station making original inspection within 10 calendar days.

***

The Women's Society of Christian Service of Trinity United Methodist Church will meet at 11:30 a.m., Tuesday, June 3, for a covered dish luncheon on the Jensen Causeway.

Beverage will be provider by the hostesses Mrs. Sheldon Engle and Mrs. Effie Forbes.

The program, "A Dent in Appalachia," will be presented by members of the Ruth Circle.

In case of bad weather, the meeting will be held in Trinity Fellowship Hall.

SOFTBALL SCHEDULE
Tues., May 29. SPS vs. Park; Foreign Car vs. Mohawks.
June 3, Dave's vs. K&C, Foreign Car vs. Park.

Cable coming to SLCC

The possibility of cable TV coming to St. Lucie County Club and the City of Port St. Lucie was presented to the city council at a work session Tuesday morning by Ed Benedict, manager of Martin County Cable Company.

Benedict's presentation resulted in the city attorney being asked to draft a contract to franchise the cable television firm in the city. The MCC manager said that it would be June 1, 1970 before construction would begin on the cable for the city. He said that Stuart area construction for the firm will keep crews busy through January of 1970, and the firm would need six more months for planning.

City attorney Rupert Smith agreed to have the franchise ready for the June 10 meeting of the city council.

In other business, the city council discussed an ordinance to control plantings along the city utilities rights-of-way. A further study of the possibilities of such an ordinance will be made.

The city council also referred to a study committee of Smith and Jensen Beach Mirror publisher Dick Campbell for a proposed "open meetings" ordinance, to bring flexibility to the submitted document, and a report back to the council at the June 10 meeting.

Weeks tour Europe

We finally got on the road [illegible] morning. In talking [illegible] man, he advised us to [illegible] right away to Holland as [illegible] was National Tulip Week [illegible] the tulips were in their [illegible] So we changed our [illegible] and headed for Holland [illegible] we are very glad we did.

There were thousands and thousands of cars there and I just can't estimate the crowds of people. It is without question the greatest flower show I have ever seen or that I am ever likely to see. The gardens themselves are just perfect. Not a blade of grass is out of place.

We then headed down and spent half day at the town of Delft. Again we were carried away with the old world charm and spent a real interesting day watching the people living in low boats, and the passing of gigantic barges, scows and steamers on the Rhine.

Now we are parked in a camp that seems to be used by weekenders. There must be 50 campers and hardly a person here through the week. Every Sat., both the permanent ones, are mostly all travel trailers. The tourist season is not open yet. You would be amazed at the number of Americans and English that are here. While we saw many old buildings I must say they seem to be building new ones like mad. Thousands of condominiums and flats are receiving all a crazy pace. I guess if the U.S. are doing anything to help Germany, anyone must be crazy. They seem to be making it in one million.

May 13th, 1969

There had been going too fast this. In all of the [illegible] we found the cathedrals, parks and points of interest by means of a combination of French-German and Lorraine which no trouble at all. Today was a different story.

We left Bourges about 9 a.m. and travelled over rolling, rooster roads through the country; very pleasant, green fields and big gardens [illegible] everything yellow. We reached Montlucon where we thought we should have some gas. A man drew a diagram [illegible] to the ice plant, and we set a way. Around [illegible] corners, up [illegible] we car wide streets, [illegible] cars squeezed by. Finally we reached what looked a dead end but we entered through a gate and [illegible] into the ice yard.

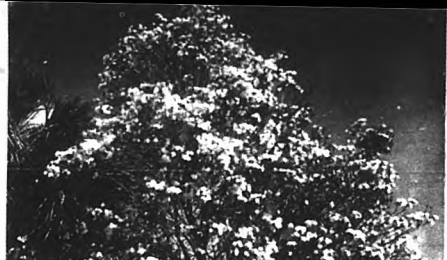
So much accomplished, we decided to eat lunch at the Woodrow Wilson Park. It was very near and everyone going home for lunch. Cars scooting everywhere and bicycles worming their way between cars with not an inch to spare, seemingly entirely unperturbed. They have the right of way and pedal along looking neither to the right or left. We asked a man the way to the park and he said, "Next left." A policeman came up to help and said, "Two blocks to the right." So we did neither and went straight ahead. Pretty soon we found ourselves back in the same square with the same policeman. So off we went again. The third time we passed the same police-

CALIFORNIA VISITORS.--Shown here are Doreen Peet, Maxine Bower, Paige and Shirley Myers. The Myers told Doreen of quite an exciting reception they got in Baton Rouge, La.

man and he looked pained and waved us on. Ashamed to try again we parked the car in a yard and walked to the park, which we found was small but very nice.

At the top of some stone steps we found the old city wall dating back to Roman times with look outs so they could see the surrounding country. Everything of interest is on top of a high hill. Protection from the enemy, but hard on the tourists. We climbed another hill and came to the Chateau of the Duke of Bargeo, now a museum. An enormous place surrounded it. From here we looked down on the red tiled houses built against the walls and all at different levels and angles.

More next week. T.C.



PINK TRUMPET TREES- This beautiful Pink Trumpet tree at the corner of ninth Ave. and Center St., is blooming for the second time this season. The April bloom was very unsatisfactory, so this tree dropped its leaves and is really decked out in all its spring finery now. Being quite tall it is conspicuous many blocks away. As is customary the tree sheds its pink shaped flower petals late in the day in preparation for a fresh display in the morning. Mrs. King, who has been sweeping these spent flowers up every day asks how long does this keep up. I said, "Cheer up; it won't be more than a month.

Jim Blyth dies

James Thorp Blyth of Fishermen's Village, Stuart, died May 16 in the Martin Memorial Hospital after an extended illness. Prior to moving to Fishermen's Village, Jim and Mar. Blyth lived on Malabar Dr., for about five years and were well liked by all who knew them.

Friends in the park extend their sincere sympathy to his wife, Mary and the family.

****

Personals

Clarence Hegna tells us he is leaving June 1st for Minneapolis. His son, Harwood Hegna, is graduating June 7th, so Clarence wants to be there. Apparently, he is an "A" student in all subjects, so naturally, his dad is very proud of him.

****

Ted and Leoba Fahlen who left here Monday, May 19th, surprised their friends and neighbors, when they called Tuesday evening the 20th, to say they had arrived at their home in Callicoon, N.Y., that evening at 7 p.m. That's some traveling. Leoba said it was raining when they left here, and that they had the windshield wipers going most of the time. The rain was particularly heavy in Ga.

****

Larry and Jean Fisher left for Hendersonville, N.C., Tuesday, May 21. Tuesday, May 20th, with their travel trailer. They spend their summers up there where much of their time is taken up with their favorite recreation, shuffleboard.

****

Ayis and Al Colby left here Tuesday, May 20th, for their summer home at Panther Pond Beaches, Raymond, Maine.

****

Rose and Doug Blyth former residents of O.B., and now of Hendersonville, N.C., were here over the past weekend to attend the funeral of Doug's brother, Jim, of Stuart.

****

Eighth Ave., just a number of its residents May 20, when the Cassidys left for Detroit, Mass., the Fallings for Wells, N.Y., and the Gordon Burdicks left to visit a son in Delaware; and then on to Gillmonton, N.H., where they will spend the summer.

****

Mr. Hugh Shaw of North Miami spent four days this past week as a guest of his sister-in-law, Mrs. Eva Donaldson, and her husband, Dave. Hugh was very impressed with the changes in the Park over the years since he first visited here in 1956, and said he had even gotten lost here with so many new streets, and trailers, but still enjoys Ocean Breeze.

****

The Council of the Town of Ocean Breeze was guests of the combined Chambers of Commerce of Ft. Pierce, neighbor, Hack Yeago of Staunton, Va., Hacks says they have sold their home up there, and expect to be back here in June or July to make their home in Ocean Breeze. Yeagee bought the trailer formerly owned by the Dan Jardins on Melaleuca.

****

Mrs. Bill Baum left Saturday morning May 25, from Ft. Pierce to Cleveland, Ohio where she will visit with her son Lewis Urry and his family. Ada will then fly to London, Ontario, to the home of her daughter, Mrs. Lois Dettrinc, and her husband and family, and after a visit with them she will travel on to St. Williams, Ont., on the shore of Lake Erie, where she has a summer home and where she will visit with another son, Russell Urray.

The affair was held in the clubhouse of Holiday Out. Speakers welcomed the guests, then gave short talks about the Jensen area, and its rapid progress in catering to the many types of tourists who come here in ever-increasing numbers each year, as well as the many who decide to make this their permanent home upon their retirement.

****

Rev. Anderman of SW 6th la.1 here May 18th by bus to attend the Methodist Conference in Philadelphia. The conference lasts for one week, and will also be attended by three of Rev. Anderman's sons who are all Methodist ministers, he will also visit with his daughter and her two children, before returning to his home here.

****

Mrs. Jessie Joerg from Durham, N.C., arrived here May 19th to visit with her parents, Mr. & Mrs. M. Hammond, and be company for her mother for three days while her father has surgery in the Ft. Pierce hospital. Mrs. Joerg intends to help her folks pack and will help with the driving to her home in Durham, where after a few weeks visit and rest, she will accompany her parents to their home near Laconia, N.H. The Hammonds will attend to some business which will determine the length of their stay to N.H.

****

Mrs. Olive Donaldson entertained with a dessert card party the afternoon of May 23. Guests were Mrs. Lucille Tyre, Mrs. Dorothy Mercer, Mrs. Maddelyne Lillie, Mrs. Grace Lewis, Mrs. Hazel Houghton, Mrs. Geneva Siebert, Mrs. Elsie Nelsson, Miss Lena Shomo, Mrs. Ruby Robinson, and Mrs. Fern Austin. Winner at cards were: Nigh, Ruby Robinson, and Hazel Houghton, and low, Fern Austin and Dorothy Mercer.

We get letters . . .

To Jo and Sam Eisenhardt from Medea and George Dreher, Kenton, Ind., 46342,

"We are both feeling pretty good. George is still getting out of bath tub some weeks ago but is all right now. He was waiting for you to help him pull the tape off.

Well, I have been busy redecorating our home. Am almost finished and put it up for sale today. I just don't see trying to keep up a big house when a nice new trailer would do just fine for us and wouldn't have the winter worry. We have to get rid of some of this high tax property.

I had a real nice Mothers Day. My children were around to see me. My son's wife is a real nice girl; a beauty operator by trade. They live a short distance from us in a house trailer on George's property. If we sell, we will put a trailer in near them in the woods.

My dad had his 87th birthday yesterday. They had quite a gathering so I expect he is tired today. Now guess what George got me for Mother's Day? 100 baby chicks. We both get a lot of enjoyment watching and taking care of them. They sure grow fast.

It has rained here for three or four days and almost every most of the time and I just freeze every time I go outside. The several nice days we had we put the garden in. I haven't been back to see it is coming up, but George watches it. He says garden and weeds are both coming, so it is over a month or we will be back in Ky.

Gene, could you ever be busy here! A dozen big old trees always dropping dead branches and we haven't got the yard mowed yet. The grass will soon be tall enough to turn the cows in. We sure had a lot of spring flowers blooming and lilacs are in full bloom. White snow ball bushes just about to burst into bloom. We are finally getting leaves on the trees.

Well, enjoy the nice sunshine for both of us and stay well. Love from Medea and George."

****

Mr. & Mrs. Roy Olinger in a letter dated May 14 tell us they had a fine trip home. They had a delightful time in Dallas--even stayed an extra day. Then over night with Stella's sister in Tulsa, Okla. and then on home.

Regarding the weather, Stella says it was pretty nice and things are looking good. The gardens are up all around and already they have a little asparagus and rhubarb.

****

From Rose Tranger, Hobart, Ind., May 17.

"I just finished reading The Mirror. We look forward to receiving each week. It's like a home town paper. I am improving each day and can use a cane. I have graduated from the walker. Part of my therapy is to rock in the rocking chair. How does that sound? The doctor tells me a rocking chair is good the circulation, also for arthritis. It's a very pleasant way to exercise.

I shall always be grateful to the wonderful people who were so kind to me when I had the accident. I hope I can help others as I am in need of care as I know how much it meant to me. I miss you all." Love, Rose

****

From Karl and Mary Hausen, Bay Dr., Granville, Mass., May 18

"We had a good trip home, 2 and 1/2 hours flying time and our daughter and son-in-law met us at Bradley Field, Conn., a half hour driving time to our home in the Berkshires. It is good to see them all, our lovely six grandchildren, and two daughters.

The apple trees are in full bloom and the lilacs and all flowering bushes; just lovely this year. Our good neighbor came by and plowed our garden so Karl is ours planting.

We are enjoying The Mirror very much and hope you have a nice summer at OBP. See you all in November. Sincerely, Karl and Mary Hausen."

****

Dear Mary: I was so glad to hear from you. Received a long letter from Dorothy MacKenzie today. I didn't know I had so many friends in O.B. My progress has been slow, don't use my cane much now, and am able to wipe the dishes. The temperature is high, but the house is air conditioned.

The dry air is good for my arthritis, which is getting better each day, but I tire easily. I had a physical in Slim's doctor, very thorough; report good. Prescriptions. Dr. Penick gave me just right. I like him. Thanks to you and Nellie for the subscription to The Mirror, very thoughtful. Lots of love, Erma Krueger. 4316 E. Weldon Ave., Phoenix, Ariz., 85018.

****

Cool 59 this morning after two days of rain, the first for weeks. Have our flowers planted and lawn mowed. Had a letter from Yeagus they have sold their house and expect to be back in O.B. July 1.

Donna and Vern stopped with us two days on their way to Bethlehem, Pa. Had a card from them they arrived in Canada May 3. Not many little ducks this year. One nest with eleven eggs all year says the first eggs laid were frozen, Hale bread is in demand to feed the ducks, a neighbor gets stale bread and lugs it for them from the bakery. We sure enjoy The Mirror. Love, Shaf and Catherine Williams, Williams Grove Mobile Courts, Mechanicsburg, Pa. 17055

****

You are lucky to be down there, the weather in Indiana been the worst ever, 11 this, rain, rain, and more rain with snow on Greylock and higher elevations. Clears at night and frost, the next morning more rain. Sorry to hear about Sue and Dorothy's illness, also about the death of Clarence Fulton. Ellen Oakes.

****

Rained most of last night and showers so far today. We sure have all kinds of weather here, May 12th, we had rain, snow, sleet, hail, also tornado warnings all the same day. We did not have any tornadoes, but they hit very near us. Have warnings out now for Southern Indiana. Well, Lawrence finally went and done it. He bought a new color T.V. He is listening to the reports of the astronauts. Just got in yesterday I don't know if I like it or not. Tell Nellie and Tom we sure enjoy The Mirror. We have our reservations in to go to Cody, Wyo., July 12, through 15, will be gone most of July and August. Claude Rakes is some better, but Gertrude found out she has deterioation of the spine instead of a slipped disc. So long for this time. Minnie Brammer.

****

It's a long way back to Minnesota from O.B., but we made it without any trouble. We left OBP on April 25th for the 1800 mile trip. Stopped for a few days visit with friends on the Withlacoochee River near Dunnellon, Fla. Next stop was at Pine Mountain, Ga., to tour the Ida Cason Callaway Gardens, which is really wonderful. From there it was on to Ill., where again time was spent with friends. Arrived in St. Paul for Mothers Day. Finally reached Briggs Lake to find all in apple-pie order, despite a cruel winter. Enjoy keeping up with the O.B. news through The Mirror. Trusting you folks along with others in the park, enjoy a nice summer and the good Lord willing, we look forward, come early fall, to being back. Anita and Emmett Maher.

TEENAGE SWIMMERS- Successfully completing the teenage swimming classes taught by instructor Andy Bagamery are: back row, left to right, Bagamery, Charles Calhoun, Ed Herr, Rick Burton, Robin Nodquist, Dianne Grabhorn, Susan Zinsmeister, Lynn Shipman and Suzanne Gessner. Front row, Bill Sauer, Phil Register, Ron Herr, Jamie Bagwell, Grenda Pannel, Darla Sauer, and Sandy Jackson.

Teenagers complete swimming course

Twenty-one Port St. Lucie teenagers took advantage of the opportunity to improve upon their swimming abilities. Lessons were given for a two week period by long-time Red Cross water safety instructor Andy Bagamery.

It was felt that this was good response for such short notice. The results were very gratifying in that all received beginner and advanced beginner cards. The class was actually geared toward the intermediate level, and 11 of the 21 were successful in receiving intermediate cards.

With some consistent training as this as their goal, a total of 35 cards were issued. At the conclusion of the course, all agreed to continue on to the next level which is that of senior lifesaving.

The Port St. Lucie Recreation Department, along with instructor Bagamery, is really attempting to figure out a time when this new class can be worked in.

Homemakers Club completes season

Members of the Beautiful Waters Homemakers Club of Port St. Lucie have put in a total of 3,475 man hours in rolling bandages for the American Red Cross during the past season, according to Mrs. Maryallce Mann, local Red Cross chairman.

Volunteers of the club met each Tuesday morning at the Marina since last October. They have announced that this Tuesday will be their last day until next October.

Mrs. Mann said that the bandages rolled are for cancer patients and that all supplies are supplied by the Cancer Society. Finished products are stored in the Red Cross office and patients are referred there by doctors, the Cancer Society and the visiting nurse. They are presently serving 11 patients. According to Mrs. Mann, there are enough bandages on reserve to supply patients during the summer months.

Mrs. Mann further stated that the Red Cross has an urgent need for sheets for rolling bandages. If you have any available, please contact your local Red Cross office.

***

A special welcome to newcomers Mr. and Mrs. Ronald Barbour of 150 Bonita Court. They have two youngsters, R.J. age 5, and Jeffrey age 8. They moved here from Raleigh, N.C. He is a computer programmer for the National Cash Register Co.

The pictures taken of each table at the Port St. Lucie Community Banquet by Dave Gessner are now on display at the Marina. Stop in and look at yourself. If you would like a copy as a remembrance of an enjoyable evening, see Gessner to place your order. Deadline for orders will be Wed., June 4.

***

The next meeting of the Port St. Lucie Republican Club will be Thurs., June 5, at 1 p.m. at the Marina. Guest speaker will be St. Lucie County Commission chairman John Park. His subject will undoubtedly center around local matters and more probably that of drainage and road paving.

Registration open for swimming class

Registration is now being taken at the Marina for the first learn-to-swim class which will be held during the summer months. This is a beginners class for ages six and over and pupils must have already have completed first grade. This class will be for those who know relatively little or nothing about swimming.

Classes will start June 17 and will be held each Tuesday, Wednesday and Friday for a three-week period. There will be two classes each day, one at 8 a.m., and the other at 9 a.m.

Instructor for this year's classes will again be Howard Bickford, Jr., who served in the same capacity last year. He will also be lifeguard during the summer months.

For registration and additional information, call Dave Gessner at the Marina, 464-9191.

New channel markings placed in St. Lucie

New channel markings will be placed in the North Fork of the St. Lucie River, making it between the North Port St. Lucie Marina and the country club as announced by Dave Gessner, recreation director.

This will be a joint undertaking between General Development Corp. and the U. S. Coast Guard Auxiliary Flotilla 55. Large signs with the words "Main Channel" along with a directional arrow will be placed at at most all of the strategic intersections along North Fork.

This will answer a major concern among the coast guard members and residents of the area who have never been in the river before.

Gessner also said that for those who have just recently purchased new boats, or for newcomers who feel uneasy about whether or not they are making the right turns at the all stop signs, see him or talk to one of the large boats and he also has a few charts that are available to borrow or purchase.

He stated especially that those who have never been in the river before to stop and see him before they venture out on their own. A big buoy in the St. Lucie River is a beautiful sight, a river that still retains its natural beauty, however there are several hazards. The most serious of which are in the north area of the river.

The [illegible] Gessner also said that [illegible] Lucie County [illegible] several years back [illegible] to make it [illegible] navigable.

Eddie Milton, [illegible] on the Water [illegible] Lucie River [illegible] lots of fish.

In closing, Mr. Gessner said he [illegible] Water Safety [illegible] with us.

In addition to [illegible] sponsor [illegible] and [illegible] the [illegible] several [illegible] Thursday night at the [illegible] a test [illegible] of [illegible] followed [illegible] the [illegible] Co., the [illegible] and the [illegible] Miller's, the Dollar [illegible] Mart, Kidd Lad 66 and [illegible] the Mobil Service, Kilgore's [illegible] and the [illegible] Sheraton [illegible] motel.

***

Most of persons attending the recent meeting of the Port St. Lucie Civic Association were from the Port St. Lucie Subdivision.

Among the visitors attending were Mr. and Mrs. Bert Van Slyke, Island, N.Y.; Mr. Martin [illegible] Albany, N.Y.; Mr. and Mrs. Mark Dutcher of Rochester, Ill.; and Sally Beach, Hyde Park, [illegible].

The most significant [illegible] said the [illegible] was [illegible] Fred Hitchcock, [illegible] on his 70th birthday, and the anniversary [illegible] Mr. and Mrs. Arthur Hitchcock of [illegible] their 52nd wedding anniversary.

The main [illegible] of those present was [illegible] Mr. Beach, [illegible] their sister, Marie Beach.

Bids approved for school construction

Construction on two Martin County schools will get underway soon, even though bids were about $60,000 over the budget.

If necessary a short term loan will be made, according to the Martin County School Board at a special bid-opening meeting last Thursday.

The following bids, submitted by lone bidder Ray Lein Construction Co., Ft. Pierce, were approved by the board:

For Intermediate classrooms, library and administrative suite for Hobe Sound Elementary School, $184,998.

Six math classrooms for Martin County High School, $143,750.

Two kindergarten classrooms for Hobe Sound Elementary, $63,534.

Another bid for $94,858 for a shop building at Martin County High School will be decided upon next month after school officials learn whether they can get an advance on next year's state aid for capital outlays.

Funds can be transferred from reserves for contingencies for the $49,291 sum over the budget for the three approved projects, Navitsky said. This is based upon approval of the State Department of Education of amendments to the budget and construction priority list.

Generally the cash carryover from the contingency fund must be used for operations in a new budget year until tax revenue starts to come in for the year, Navitsky said. This year's shortage can be remedied with a short-term loan, he said.

Previous bids had been rejected because they ran 60 per cent over money available in the budget. Specifications were changed for the rebidding. A cafeteria addition at Hobe Sound and an incinerator at MCHS were deleted.

The bid, good for 30 days, calls for completion of the work in 140 calendar days.

Mr. and Mrs. Nicholas Gresh of Hazlet, N. J. are staying at The Outrigger Resort for two weeks. They are visiting with old friends, Ed and Eve wagner of Shady Road, Jensen Beach.

LEGALS

NOTICE CALLING FOR BIDS
Notice is hereby given that Sealed Bids will be received by the Board of County Commissioners of Martin County, Florida, in the office of the Clerk of CB 401 Court in the Courthouse in Stuart Florida, up until 9:30 A.M., June 10, 1969, and opened and read immediately as possible for the following:
Installation of roof on building - Langford Park
Specifications may be obtained at the office of the Martin County Board of Commissioners.
The Board or County Commissioners Reserves the right to reject any and all bids.
Dated this 20th day of May, 1969.

IN THE CIRCUIT COURT OF THE 19th JUDICIAL CIRCUIT IN AND FOR MARTIN COUNTY, FLORIDA
NO. 698
IN RE:
Involuntary Dissolution of LOCKHART REALTY, INC., a Florida corporation.
Whereas GERTRUDE S. KENNEDY is Petitioner and RICHARD L. BOHNER is respondent,
NOTICE OF RECEIVER'S SALE
Notice is hereby given that under and by virtue of a Judgment Dissolving Corporation and Appointing Receiver issued by the Circuit Court in and for Martin County, Florida, in the above styled case, I will sell to the highest and best bidder for cash, at the north front door of the Martin County Courthouse, Stuart, Florida, on Friday, June 6, 1969, at 11:00 A.M., the following described property, to-wit:
TRACT NO. 1:
All that part of Lots 1 and 2, George W. Shaler's Subdivision, Plat Book 1, page 70, Public Records of Palm Beach County, located in Government Lot 1 Section 1, Township 38 South, Range 41 East, Martin County, Florida, lying between Sewall's Point Road and the waters of the Indian River, bounded on the south by State Road A1A, and bounded on the north by a line that is parallel to and 250 feet northerly of the centerline of State Road A1A, in accordance with plat of Melody Hill Subdivision, Plat Book 3, page 135, public records of Martin County, Florida, LESS road rights of way of record.
TRACT NO. 2:
A parcel of submerged or partially submerged land in the Indian River in Section 1, Township 38 South, Range 41 East, Town of Sewall's Point, Martin County, Florida, more particularly described as follows:
From the Northwest corner of said Section 1, thence run South 89 degrees 59' 05" East along the north line of said Section 1, a distance of 997.08 feet to the line of mean high water on the westerly shore of the Indian River; thence run South 14 degrees 29' 58" East along the line of mean high water which existed prior to the placement of seawall fill for State Road A1A a distance of 444.06 feet; thence run South 27 degrees 40' 20" East along said said line of mean high water, a distance of 50 feet to the point of beginning; thence continue to run South 27 degrees 40' 20" East along said former line of mean high water a distance of 150 feet to a point which is 100 feet northerly of (as measured on the perpendicular) the centerline of said State Road A1A; thence run North 62 degrees 19' 40" East along a line that is parallel to and 100 feet northerly of (as measured on the perpendicular) said centerline of State Road A1A, a distance of 690.06 feet to the bulkhead line established by the Town of Sewall's Point; thence run North 63 degrees 08' 56" West, along said bulkhead line, a distance of 164.19 feet, thence departing from said bulkhead line run South 62 degrees 19' 40" West a distance of 583.16 feet to the Point of Beginning, containing 1.19 Acres, more or less.
SUBJECT to the reasonable easement over the portion thereof reserved by the State of Florida acting by and through the component agency, the State Road Department of Florida by deed dated July 29, 1964, recorded in Official Records Book 142, at page 388, Martin County Florida Public Records.
TOGETHER WITH SUCH RIPARIAN RIGHTS AS THE GRANTOR MAY HAVE APPURTENANT TO TRACTS NO. 1 AND NO. 2.
Start at the Northwest corner of Fractional Section 1, Township 38 South, Range 41 East, Town of Sewall's Point, Martin County, Florida, thence run South 89 degrees 59' 05" East, along the north line of Section 1, a distance of 657.81 feet to a point in the centerline of Sewall's Point Road; thence run South 27 degrees 19' 40" East, along said road centerline, a distance of 889.77 feet to the point of intersection with the centerline of State Road A1A, as shown on the plat of Melody Hill Plat Book 3, page 135, public records of Martin County, Florida; thence run North 62 degrees 19' 40" East, along said centerline of State Road A1A, a distance of 205 feet to the line of mean high water which existed prior to the placement of seawall fill for State Road A1A; thence run North 27 degrees 40' 20" East, along said former line of mean high water a distance of 100 feet to the point of beginning; thence continue to run North 27 degrees 40' 20" East, along said former line of mean high water, a distance of 48.53 feet; thence run South 36 degrees 05' 20" West, a distance of 109.77 feet; thence run North 62 degrees 19' 40" East, a distance of 98.46 feet to the point of beginning.
TOGETHER WITH the improvements thereon and the furniture, furnishings and equipment of the dissolved corporation therein.
Dated this 27 day of May, 1969.
s. Harry F. Dyer, Receiver

V.F.W. DANCE- Saturday's dance at the new home of Jensen Beach Women's Association proved to be a fun-time for all who attended. The dance was sponsored by Maurice Langberg V.F.W. Post 10066, Jensen Beach, with commander Sam Banks as chairman of the event. He was assisted by Charles Cash

lopp and Charles Zarnits. Music was by "The Scotts", a six-piece band from Fort Pierce. About 175 persons attended the dance.

PARTY-GOERS- Two pretty party-goers smile for the photographer as they relax for a fe minutes between dances last Saturday night at the V.F.W. Loyalty Day dance held at Jensen Beach Women's Association's new clubhouse. There was music by "The Scotts" during fun and refreshments. Sam Banks, commander of Maurice K. Langberg Post 10066 Jensen Beach, was chairman of the event. Mrs. Opal Kelly headed a committee of auxiliary member to take care of the refreshments.

Women's Assn. met Monday

The salad bar luncheon of the Jensen Beach Women's Association held Monday, May 26, was highly successful. The new clubhouse was filled to capacity.

The raffle prize of a hand-embroidered tablecloth was won by Mrs. Saladino of Stuart.

Twenty-six door prizes and also table prizes were given out.

The next meeting will be Monday, June 2, at 12:30 p.m., at the new clubhouse.

Cdr. Willard Bowman returned recently from a two-weeks trip skippering "The Charnice" from Tampa to Eau Gallie.

The 60-foot Trumpy yacht is owned by Mr. and Mrs. Charles Hoffberger, II, of Baltimore, who were accompanied on the trip by Dr. and Mrs. Elliott Levi, also of Baltimore, Md.

Hoffberger owns the Baltimore Orioles in addition to several brewing companies.

trophy, designed an, the "pincher erfoot scouts and field, the "pliers ee. The award is honor.

MERIT BADGERS- Winners of merit badges at the Troop 801 court of honor last Thursday at the Community Church to Jensen Beach were the following boy scouts and their awards: left to right are: Kevin Brown, journalism, life saving and space exploration; Curtis Coultar, camping, citizenship in the community, nature; Curtis Littman, camping, cooking, citizenship in the community; Tom Littman, cooking; Joe Milner, camping, personal fitness, safety; Roger Butterfield, journalism, scholarship; David Deel, art, camping and journalism. Not present for the photo were Rick Campbell, art, journalism, swimming; David Pollard, pets, water skiing; David Rathgeber, public speaking and scholarship. Milner also was awarded his Star Scout badge.

Sam Banks heads VFW Post 10066

Sam Banks was installed as commander of the Maurice K. Langberg V.F.W. Post 10066 of Jensen Beach recently.

Other officers also installed include: R. Gillespie, senior vice-commander; R. Nodine, junior vice-commander; L. Daller, quartermaster; F. Kelly, chaplain; V. Lowe, judge advocate; C. Cashlopp, surgeon; S. Schreckengost, 1-year trustee; Russ Wiedow, 2-year trustee, and F. Fulford, 3-year trustee; L. Staats, service officer; S. Fulford, adjutant.

A buffet was served after the meeting.

Jacobo Studios present 'Evening With Ballet'

Sixty-five local students will participate in "An Evening With Ballet" to be presented Friday, June 6 at 7:30 p.m. The dance program will be held at St. Joseph College Auditorium in Jensen Beach by the Cheia Jacobo Studios of Ballet.

The public is invited and there is no admission charge.

Work is in progress for next season's production of an original ballet based on life in Martin County. Another original presentation, "Chrysanthemum" was well received here.

Two more scholarships of six to be awarded this year by the Studios are available to boys ten years of age or over.

DEMOLAY ON THE JOB- Curtis Sprague and Allen Brock Jr., pictured above, took part in a community project last week when members of Acacia Chapter of DeMolay worked on the rust-laden iron statues in front of Elliott Museum. The two civic-minded youths were cheered on by Chet Coutant, center, who lends a hand. Also helping with the project were Randy Lurz, Ken Walker and Mel Walker, all members of DeMolay.

Fashions and foods show is free

SLCC is site of biggest cooking showcase Friday

The sixth annual Jensen Beach Mirror Electric Cooking Showcase will be the largest and most prized this Friday, according to Richard Campbell, editor of The Mirror. The show, free to the public, will feature over $400 in prizes given to those attending the session, which will be at 2:30 p.m. and 7:30 p.m. in the convention hall at St. Lucie Country Club. The shows are two hours in length.

The showcase of cooking, meat preparation and the latest in kitchen appliances and cabinetry is sponsored by The Mirror, Florida Power and Light Company, Publix Markets and General Development Corporation.

Featured in the show will be Miss Vanda North and Miss Barbara Benson, F P&L home service representatives, who will present new ideas in food preparation, and Dick Prince, Swift and Company public relations executive, who will discuss meat preparation.

A fashion show of summer wear will highlight the show, with the models of Frances Langford's Boutique in SLCC showing the latest summer dresses and slack sets from Hawaii, with accompaniment by organist Joseph Turner.

Door prizes for the two shows are popular with the hundreds who attend the shows each year. A $100 food certificate will be awarded as the grand prize by Publix Markets, along with ten $10

BARBARA BENSON- Assisting in the food preparation at The Mirror Cooking Showcase Friday afternoon and evening at St. Lucie Country Club is Miss Barbara Benson, Florida Power and Light Company home service representative.

VANDA NORTH--Featured food specialist at The Mirror Cooking Showcase Friday at St. Lucie Country Club, is Vanda North, Florida Power and Light Company home service representative.

food certificates from Publix. Also, Publix will have certificates for twenty persons, entitling them to two delmonico steaks from one to one-and-a-half inches thick.

There will be four electric knives awarded in the drawing, two at each show, four record albums featuring the voice of Frances Langford, two $10.50 motor tuneups, a deep fryer and an electric juicer, other gift certificates, and many other prizes.

Each person attending the show will receive a free packet of recipes and home cooking information. The packets will be handed out by members of St. Lucie and Martin County 4-H clubs, who will be assisting with the show. One of the highlights of the packet is the seafood cooking pamphlet provided by the Florida Board of Conservation.

The annual cooking showcase has, each year, had its appliance fair become larger and larger. This year the showing of appliances by local dealers has not only increased in size, but has increased in variety.

Participants in today's showcase, Sears, Ault Appliances, Homemaker's Shop, Crest Kitchens, Moritz Piano and R&B Motors.

GRADUATION- Speakers at the graduation of students at St. Joseph College were, left to right, Rt. Rev. Monsignor Michael Beerbaltzer, Sister Mary Martha, SSJ, President of St. Joseph College and Dr. Kenneth R. Williams, president of Florida Atlantic University.

Jaycees will install John Santarsiero

John Santarsiero, Jr., 27, sales manager of Amity Buick-Pontiac, will be installed as president of the Stuart Jaycees Saturday night at 7:30 p.m. at the Holiday Inn. In the annual installation ceremonies, Santarsiero will step into the leadership of the Jaycees. He has four years of tenure in the group, with active participation on many committees, and spearheaded the first Jaycees Christmas tree sale last year, one of the major programs of the group, and was chairman of the weekly Jaycee radio program on WSTU.

First vice president will be a local attorney, John Prewitt, and the second vice president will be an insurance field manager, Dave Brown. Other officers to be installed include Walt Chapman, recording secretary; Jack Davis, corresponding secretary; Charlie Harris, treasurer. Directors to be installed include Bo Bevis, Paul Rudd, Tom Klubens, and Ron Skelton.

The new officers and directors of the club will be installed by William Derryberry, national Director for Region Five of the Florida Jaycees.

Jaycee awards will be presented at the meeting, according to program chairman, Marmil Tucker. A social hour will precede the banquet meeting.

$5 million price tag

Electric steel plant set at Indiantown

Florida Steel Corporation presented its plans for the construction of a "positively pollution free" Electric Melting and Rolling Plant at Indiantown before a meeting of the Indiantown Chamber of Commerce Monday, and a number of county business and civic leaders.

Florida Steel president Edward L. Ryan said, "Thanks to the interest and assistance of the Indiantown community, we are here tonight presenting to you our plan for constructing our new Electric Melting and Rolling Plant in Indiantown."

He elaborated further, "The investment and the work involved in setting up an Electric Melting and Rolling Plant is tremendous. The price tag for it is more than $5 million. Lead time required to construct it and get it operational is lengthy- approximately one year. When you go into a community to establish this kind of industry, you must have faith in that community and facts to back it up. You must know what the business climate is...what local suppliers and shipping facilities are available...if sufficient labor will be there...how equitable taxes will be. And you must know beyond the shadow of a doubt what the caliber and spirit of the community leadership is. These are the assets we waited before we made the final decision on Indiantown. And these are the assets we have found," the executive declared.

In summing up what the company would bring to the area, Ryan said the new plant would employ 100 persons initially with eventual increase to 200. He said the annual payroll would be $1000,000 with eventual increase to around $1 and 1/2 million.

Flom emphasized that the new plant would not bring with it any form of pollution- air, soil, or water.

That the new facility will be "positively" pollution-free was emphasized again and again by another speaker on the program, John P. Hilbun, Florida Steel's director of planning and development, used color slides and posters to illustrate how the plant will look, what its step-by-step operations will be, and what pollution controls will be installed at each production stage.

He described the dust control systems at both the Charlotte and Tampa operations and said that these systems are better than 99 per cent effective. "What we do is to actually vacuum the dust," he said. "The systems, called bag-houses, operate similarly to an ordinary home vacuum cleaner. The Charlotte bag-house contains five compartments and the Tampa installation contains six. Each of the compartments contains 288 orlon and dacron bags which measure 5 inches in diameter and 14 feet in length.

VFW plans litter collection Sunday

A $25 savings bond will be given to the youngster who collects the most trash on Sunday in the litter collection conducted by the VFW, Post 10066 of Jensen Beach, according to Cecil Branford. Local children through age 16 are invited to meet at Branford's Club, West Commercial St., Jensen Beach, at 2 p.m. Sunday. They will be taken by car and truck to collect cans littering the area, Branford said. Paper bags will be provided.

Those who participate are invited back to Branford's for hot dogs, hamburgers and soft drinks, courtesy of the VFW, he said.

This will be a monthly project, covering different sections of the area each month, Branford said.

Debentures are fully subscribed

The total amount of $250,000 convertible debentures offered to stockholders on a ratio to the number of shares of stock held Dec. 31, 1968, have been sold, according to E. C. Waterstrat, chairman of the board and president of Jensen Beach Bank.

The $250,000 proceeds of debentures becomes a part of capital base for loans and deposits. These debentures were sold instead of selling additional shares of the bank, which would have caused a dilution of the present stockholders' equity position.

Pancake Day will aid baseball youth

The batting eyes of the baseball players in Jensen Beach will be improved as the result of a Pancake Day benefit this Sunday at Langford Park, according to Dick Campbell, chairman. Proceeds of the pancake day will pay for a $450 batting machine for all baseball league players.

Over 500 tickets for the event, to be from 8 a.m. to 2 p.m. in the new recreation building at Langford Park, have been sold, according to Norris Tilton, ticket chairman.

A complete breakfast will be served by a committee headed by Al Karakas, Sausage and pancakes, coffee and milk will be served. Assistant chief for the pancake day is Matt Nowrjewik.

Special events are planned for the pancake program.

Tickets are available at the door, Campbell said, or from peanut, little and pony league baseball players, and at the office of The Jensen Beach Mirror.

Jensen potential disaster area

Redit urges county action on water, sewage disposal

by Dick Campbell

"Jensen Beach is a potential disaster area, having neither a water or sewage treatment plant," Ed Redit, chairman of Water Resources Committee of Martin County, told a United Nations Charter Observance Luncheon at Jensen Beach Charter House Saturday noon.

Redit urged the county to take action to get the county to make a plan for the future growth of the citizens of the area.

Redit was reporting on the information he received at a forum on sewage disposal problems held May 23 at Florida Atlantic University in Boca Raton. The meeting was called to discuss the situation in the east coast of Florida and their report upon environmental health and overall situation of water resources."

The problem of fresh water resources in Florida "is becoming serious," Redit said, "as it became clear to us at the forum. Dade is rapidly running out of water and other areas are under the gun. The State Board of Health is not to the point where it can withhold approval of new subdivisions because of inadequate water supplies."

The thing would be a complete sewage treatment plant for Jensen Beach, because it was pointed out that the ocean outfall method now used by the county of Martin is unsatisfactory.

"We will then be too late, and we will have to have an expensive plant program to provide sewage and water for the people."

The present salt water outfall method is inadequate and is costly, Redit said, and has found that the salt water makes it where the ideal quantities of treated water can be gained for similar areas in non-saltwater populations.

Summer school program planned

A summer school program is available to students of Jensen Beach Elementary School. This year the program will be shared with the Palm City Elementary School.

Swimming and boating at Jensen Beach Causeway, June 16 through 20.

Academic program at Palm City Elementary, June 23 through 27, reading, mathematics, recreation.

July 18, reading, mathematics, recreation.

Nature Study at Jonathan Dickinson Park, July 21 thru July 25. Bus pickup for trip to the park will be at Langford Park, Jensen Beach, at 7:45 A.M. Transportation is not provided for any other programs.

Students wishing to participate in the above programs are asked to register at the schools.

***

Brig. Gen. Mel Huston, USA Ret., is the new resident manager of Holiday Out, Hutchinson Island. He will replace Raymond Loveday, who is being transferred to company interests in Tenn.

***

The tin can collection contest, sponsored by Jensen Beach Garden Club, will end Thursday. Winner will be sent to camp for two weeks.

Fourth to ninth-grade pupils will take their boxes and flattened tin cans to the Jensen Beach firehouse, where the boxes will be weighed. The youngster with the most tin cans will win the two weeks in camp.

JENSEN BEACH

GOLDEN ANNIVERSARY- Mr. and Mrs. Lee Stockwell of 68 Letitia Ave., Jensen Beach, celebrated their 50th wedding anniversary on Saturday, May 24. Helping them celebrate were their daughter and her husband, Mr. and Mrs. Glenn Pierce of Antioch, Ill., and Stockwell's sister and her husband, Mr. and Mrs. C. B. Heasley of Rio. Also present at the dinner party were Mr. and Mrs. Walker Curnes of West Palm Beach. The Stockwells, who have lived here six years, were married in Chicago, where he was in the automobile business prior to retiring here.

Lentz-Hunecke vows exchanged

The marriage of Miss Lynn Ruth Hunecke to Harry Russell Lentz, Jr., took place Saturday, May 10, at All Saints' Church, Jensen Beach. The Rev. Willard Lynn, rector, performed the single-ring ceremony.

The bride is the daughter of Mr. and Mrs. Herbert John Hunecke, 223 Jeannette Ave., Jensen Beach. Parents of the groom are Mr. and Mrs. Harry R. Lentz, Sr., of Lentz Groves, Jensen Beach.

Given in marriage by her father, the bride wore a silk organza gown designed in a redingote effect with Chantilly lace trimmed Empire waist, high scalloped neckline and long, puffed sleeves. The mantee veil swept to a lace encrusted scalloped chapel train.

The bride carried a small bouquet of white feathered mums and delphiniums.

Mrs. Richard L. Hunecke served the bride as matron of honor. Her gow was of aqua chiffon with a lace bodice. She wore white daisies in her hair and carried a basket of white daisies.

Mother of the bride was attired in a pink voile dress with matching accessories. Her corsage was of red sweetheart roses.

The groom's mother wore a gown of blue and white brocade. Her corsage was of gardenias.

The church altar was decorated with white snapdragons, white carnations and mums. Wells Hively was organist.

Best Man was Glenn Lentz, brother of the groom. Ushers were H. C. Hoffner, Palm City, and Richard L. Hunecke, Jensen Beach, brother of the bride.

Serving at the reception, held at Manatee Yacht Club, Port Salerno, were cousins of the bride, Miss Robin May and Mrs. Alan R. May.

For her going-away outfit, the bride chose a cherry pink dress and matching coat. Following a wedding trip to Williamsburg, Va., and Pennsylvania, the newlyweds will reside at Lentz Groves.

Out-of-town guests included Mr. and Mrs. Alan R. May and Miss Robin May of Hempstead, N.Y.; the Rev. Canon H.S. Olafson, Brooklyn, N.Y.; Mr. and Mrs. Joseph Corby, Hampton Bay, N.Y., and Mr. and Mrs. Harold Redell, Jupiter.

Applications for the annual Candy Striper program at Martin Memorial Hospital are available at the front information desk at the hospital. Deadline for registration is June 12.

John Marr to head county democrats

John J. Marr was elected chairman of the Martin County Democratic Executive Committee at a meeting of the committee held May 29. He will succeed Edward Murray, who resigned because of ill health.

Mrs. William Middleton was elected vice-chairman, replacing Mrs. Marsden St. Clair, who resigned because of community and family obligations.

The new treasurer will be Donald Austin; Mrs. Edward Moran will serve as secretary. The committee also accepted as members two newly appointed precinct captains, Allen Moore and Mrs. Marion Moore, of Sea Gate Harbor.

Marr, who lives on Sunset Blvd., Stuart, has resided in the county since 1964, at which time he retired as general chairman of the Order of Railroad Telegraphers.

Mrs. Middleton, of Jensen Beach, is treasurer of the American Legion Auxiliary, Post 126, on which she is also past departmental president. She is presently Chaplain departmental of the Eight and Forty organization.

Wells Hively died Monday

Wells Hively, 68, died Monday at his home on Indian River Drive, Edgewater. His wife, the former Elisabeth Dean, was with him. Organist for All Saints Episcopal Church in Jensen Beach, Hively was up early on Sunday to start his lawn sprinklers, but became ill enough to be unable to play the morning services. He was also unable to take part in the commencement exercises at St. Joseph College Sunday afternoon, when he was to give a short program of piano selections before playing the traditional "Pomp and Circumstance" for the graduates, most of whom were students in his music courses.

In making the announcement of his illness, Sister Mary Martha, S.S.J., president of the college, presented "Mr. Hively's apologies to the graduates," adding that "Mr. Hively is not just 'head of our music department'...he is our music department."

Nationally known as both pianist and composer, Hively settled in Jensen Beach after several years of touring as concert accompanist for Miss Lily Pons. The village suited him as much as the terrain did, for he often said, "I'm a beachcomber at heart, and these are my favorite beaches."

Hively taught not only music but appreciation and history, not piano and pipe organ, but the instrument included the chapel, the auditorium, and the music building of the St. Joseph College campus.

Before his years with Lily Pons, Miss Lily he called her, Hively was for twelve years head of the music department of the Graham-Eckes School at Palm Beach, as an professor at Columbia University with another while on Hively's mountaintop, he played "live" music for the series of silent films presented for two seasons recently by the Martin County Historical Society--of which he was a member.

It was at Hively's suggestion that the first full-length film starring Charlie Chaplin and Marie Dressler--"Tillie's Punctured Romance"--be used to inaugurate the series.

Hively had a long and spectacular career in silent film history as a "left-legged organist." He played most of the great theatre organs from coast to coast, after a modest start as a teenager playing the piano for weekend films at the Royal Theatre in Turlock, California. His debut was also the debut of Mary Pickford's film, "Hulda from Holland."

Transferring from the piano to the organ, young Hively played for the debut of D.W. Griffith's "The Sea Beast" (the film leased on "Moby Dick" starring John Barrymore; for "Drums of Love" with Lionel Barrymore, Douglas Fairbanks in "The Mark of Zorro"; Mae Murray in "Jazzmania"; the initial four-week run of Harold Lloyd in "Safety Last"; and he was at the organ of the new Grauman's Chinese Theatre for the run of "The Circus" with Harold Chaplin.

All of this "learning on" organ playing was to provide funds for self-help study, and after the silent films started to talk, it was a simple matter for the organist to leave the bench on radio, composing and conducting and translating lyrics for opera presentations for NBC. He also played for Ruth St. Denis and Ted Shawn in the "great" Denishawn days and had composed textbooks and lyrics for films.

Surviving are his wife, their son, Wells Hively of Minneapolis; two grandchildren, Kathryn and Wells Dean Hively; and a sister, Muriel, Mrs. Alfred Aistrom, of California.

Mr. and Mrs. Harry Lentz, Jr.

***

The next meeting of the "Rainbow Wheel", the alumna of Welcome Wagon Club of Martin County, will be Tuesday, June 24, at St. Lucie Country Club. Mrs. Pat Tierney is the new president.

Plans have now been completed for the Tenth Annual Summer Fishing Contest, which is sponsored by the Port St. Lucie Anglers Club and the recreation department.

The contest will start June 15, ending Nov. 15. No membership is necessary for children under 15 years old before June 15, however, they must be bonafide residents of the Port St. Lucie-River Park area. Adults, on the other hand, must be members in good standing with dues paid at least seven days before entering a fish. It might be pointed out that membership dues are $2.00 for male and $1.00 for the ladies for a full calendar year.

All entries must be legally caught on rod and reel or fishing pole and must be registered at an official weighing station. Not more than one prize will be awarded to any contestant, and all final decisions will be up to the judges, Carl Herzog, Ed Kulseck, Ed Buffington and Art Ryan.

The contest will have two divisions, junior and senior, with the dividing line being 15 years of age.

In the junior division, awards will be given as follows: salt water - snook, first and second; trout, first; bottom fish, first. Fresh water - bass, first and second; mullet, first; catfish, first. There will be three additional prizes for the most unusual catches.

In the senior division, awards will be made as follows: salt water - snook, first, second and third; trout, first and second; channel bass, first and second; bottom fish, first and second. Fresh water - bass, first, second and third; catfish, first; and again three prizes for unusual catches.

The adult cathing the largest snook will be awarded the Wendel Link Memorial Trophy, and for the largest bass will be the Arden Baker Bass Award.

Official weighing stations are: North Port St. Lucie Marina, Snook Nook, Ideal Sport Shop, 7-11 store in Port St. Lucie.

Complete contest rules and membership application blanks will be delivered at a later date to each home in Port St. Lucie and River Park.

Homemakers plan white elephant sale

The Beautiful Waters Homemakers Club will have a luncheon at St. Lucie Country Club on June 12, which will be open to members and the public. The luncheon will start at 12, and those attending will pay at the door.

The main purpose of the event is to conduct a White Elephant Sale, an always-popular event and interesting to attend.

Those attending the luncheon are asked to bring any item, new or used, which they seldom use, that can be donated toward the sale.

Proceeds for the day will be used for special club activities. Anyone desiring further information may call Edith Krall, president, at 464-4618. Make reservations by Fri., June 6.

POT-LUCK LUNCHEON -- These busy ladies enjoyed a covered dish luncheon recently, ending their work rolling bandages for cancer patients through the American Red Cross. The women are members of the Beautiful Waters Homemakers Club, in September they plan to resume their cancer bandage workshops.

Homemakers Club ends workshop season

The ladies of the Beautiful Waters Homemakers Club cancer bandage workshops ended the season Tuesday by having a covered dish luncheon. This group has been rolling bandages for the American Red Cross, meeting at the Marina each Tuesday morning since last September. Workshops will resume in September.

There was a lovely assortment of food, tempting-ly prepared, so that even those dieting couldn't resist, and a good time was had by all.

Present were Mae Kuby, Margaret Ade, Betty Davis, Mary Marsh, Augusta Russell, Dorothy Picone, Edith Benner, Molly Friedman, Joyce Cliff, Ethel Krall, Mildred Engleman and Alice McNally.

Story Hour to be held

The Wednesday morning Story Hour will once again be held at the Port St. Lucie Marina as a part of the summer recreation program. It is for all children five thru eight years of age living in the Port St. Lucie-River Park area. The eight-week session will begin June 11 from 10 to 11 a.m., and end July 30.

Mrs. Lawrence Hett, who directed the Story Hour last year, will be ably assisted by Mrs. Fred Heinemer. Mrs. Heimer is well known to the children in the area for her classes in arts and crafts, some of which will be useful to her in her story telling.

The stories selected will be favorites of the children, including adventure, animal, fairy tales, mysteries, science classics, poetry, and songs. Mrs. Martha Harris, children's librarian of the St. Lucie County Library will assist Mrs. Hett and Mrs. Heimer in their selection of reading material.

Mrs. Hett was introduced to story telling quite by accident when, as a teenager, she wandered into a playground fieldhouse in her hometown of Milwaukee, Wis., and was immediately drafted by the recreation director to assist with the young children in the absence of their leader. Since that day her appreciation of a captive audience of young children has never wavered. Through the years she has had the privilege of reading to children representative of all races.

Memorial Day services held at Port St. Lucie Marina

Memorial Day (May 30) has come and gone but the memory of the services honoring our dead of all wars will be remembered.

The committee for the Memorial Day services at the Port St. Lucie Marina was made up of the following: members of PSL Barracks #1936, VWW1, William Jacobson, Cedric Bass and Ed Friedman, with the help and counseling of Cdr. Fred Smith of the Coast Guard Flotilla 55, made the day a real pleasant one to remember.

Speakers were Cedric Bass, who spoke on the problems facing the nation today, and Rev. O. G. Grotsfend, who spoke on what this day means and has meant for so many years and what can be done to improve our image all over the world. Fred Smith spoke briefly on the rights of individuals and what we are here for today.

Wreaths were placed at the flagpole by the new post of the VFW, Coast Guard Auxiliary Flotilla 55, and the VWW1.

A floating wreath, presented by the Rio Lindo Garden Club, was placed upon the waters of the St. Lucie River by members of Sea-Explorer Troop 498, Bugler Bagamary sounded taps after the firing squad led by William Jacobson, fired salute honoring our dead.

***

The Memorial Day holiday did not dampen the spirit of the Friday Night Gang with about 75 in attendance.

Only one visitor was present, Mabel Hall of Easton, Pa., visiting the Floyd Smiths.

Dorothy Fox was welcomed back from her European trip. The unbalanced "Quartette" sang the birthday song to Andy Davis, celebrating his 39th birthday. A special prize of a large watermelon at the end of the first half was won by Floyd Smith.

The main prize, a nice steak ended in a tie. Upon drawing to break the tie, Joe Kuby won two steaks, Mary Fondell won one.

Fr. Hickey of the Port St. Lucie Catholic Church gave the invocation. Benediction and commitment was given by Master of the VFW.

The committee in charge takes this opportunity to thank Flotilla 55 for their help and guidance, and also the VFW and Sea-Explorers for their fine turnout, and to all residents who attended.

FIRING SQUAD- Members of the Veterans of World War One Barracks #1936 made up the firing squad at the Memorial Day services held at Port St. Lucie Marina.

4-cycle, 2-speed Washer with special care for permanent-press fabrics

THE WASHER:

Cycles for normal, permanent-press and delicate fabrics plus special pre-wash cycle for heavily soiled items. Vigorous speed for regular fabrics and gentle action for delicates. Three water levels - save up to 20% on water when you wash small loads. Choice of 3 wash-rinse temperatures - hot, warm or cold. Off-balance switch with buzzer. Safety switch stops spin-action if lid is opened. Self-cleaning lint filter. Porcelain-finish top, lid and basket.

Sale Priced! $198

MATCHING DRYER:

Just set the timer and press the "start" button. Soft-Heat conditions clothes as they dry. Full heat tapers so there's no chance to overdry and no chance for baked-in wrinkles. This gives ideal drying for permanent-press fabrics. "Air-only" cycle tumble-dries without heat. Dryer won't start until safety button is pushed, even with door closed. Door switch stops tumbling when door is opened. Acrylic-finish top and cabinet. Load-A-Door makes handy shelf for loading and unloading.

Sale Priced! $138

GOOD FOR YOUR HOME! GOOD FOR YOU!

Electric Reverse-Cycle Air Conditioning delivers carefree comfort all year round.

It's wonderful how many good things happen when you live with flameless electric Reverse Cycle Air Conditioning. Summer appetites perk up. The whole family sleeps more soundly, even on humid nights. Come winter, you banish chills with a twist of the wrist.

Best of all, you do it all the flameless electric way. The clean way... so that your furniture and drapes look their bright best all the time. There's no match for the clean comfort of Reverse Cycle — the year round air conditioning. Ask your air conditioning contractor or electric appliance dealer.

Eleven rate reductions since 1957! The average price paid per kilowatt hour by FPL-served families today is one third less than it was in 1957. There's no match for flameless electric!

FPL

TO HONDURAS--Boarding the yacht Chanticleer, owned by Mr. & Mrs. Ralph Evinrude, Jensen Beach, for a month-long trip to Honduras, are Mr. and Mrs. Evinrude, Mr. and Mrs. Roland Merrill, Dr. and Mrs. John Gonsalus, and their son, John III, and Gloria and Sandy Langford, daughters of James Langford. The yacht will visit a few days at Dry Tortugas for fishing, and then journey to Cozumel, Yucatan and Belize, British Honduras. The party will return the first week in July.

Garden Club sponsors party to beautify arch

Fifteen tables played at last Thursday's dessert-card party sponsored by the Jensen Beach Garden Club.

Hostesses for the event, held at First National Bank of Stuart, were Mrs. Charles Munch and Mrs. Stirling Chambers.

Prize cards will be used to beautify the Arch, SR 707, Jensen Beach, a project of the garden club. The table arrangement of green was made by Mrs. Munch and Mrs. E. J. Curtis.

Mrs. Edward Mapp won a 12-pound turkey, suggested a second drawing, which was then won by Mrs. Kate Margaritis. Other donated prizes were won by Mesdames James Price, Elmer DeWitt, Paul Hoverman, Johanne Bruning, George Sommer, BarthaSeewald, Fred Diehl, Audia Miller, Margaret Rausch, Gladys McComt, K. Margaritis, Maud Fetterman, Grace Hraw, Alvin Sandell, Esther Eastman, Jean O'Connor, Holger Kristoffersen, and Mrs. Ingar.

Vacation Bible School set

Vacation Bible School will be held at Jensen Beach Community Church during the weeks of June 16 and 23. Sessions will be Monday through Friday, 9 to 11:30 a.m.

Parents will be invited to a program, and the school will end with an indoor picnic, according to Mrs. Ralph Tilton, director. More teachers are needed, she said.

We get letters . . .

From Willis and Thelma Cadwell, 25 Hickory Place, Apt. 15 C, Chatham, N.J. 07928.

Just a line to tell you that the Cadwells of 5th and Broad are now settled in their apartment after an enjoyable trip north. The weather was perfect all the way and while it is cooler here our new push button apartment keeps us quite comfortable, and in add to this pleasantness, the surrounding countryside is ablaze with azalea blossoms. We do miss all our good friends in Ocean Breeze to whom we extend all good wishes.

****

From Avis and Al Colby, Raymond, Me., 04071. Here we are in the 50 degree temperature- quite a change. Al has been fishing and has caught quite a few. Next Tuesday, we attend a Keeler, N.H. High School faculty banquet, and on the 16th I'll be guest of honor at the Littleton, N.H. Alumni Banquet. The Mirror arrived last Sat. and we enjoyed the news.

****

Eva Huffman wrote to Elois Hoyt: "We are both holding our own. My youngest brother and my sister's husband are both in poor health, so we are lucky."

****

friend, Maria Tweed: "Arrived home safely after a good trip. We had a lot of heavy rain in Florida and Ga., but arrived in Pa., to sunshine. The country is beautiful after the rains, so nice and green. It is good to be home with my family," Betty and Mrs. Bessie Cupp traveled north together.

****

Jean Jewsbury writes Belle Duston: "We got home safe and sound, and I have been working all the time; so much to do in a big house. I wish sometimes I was back in the trailer, but is nice to be home. We have had about two good days since we got home, but it will be nice soon, and we can work in the garden." This was written May 22 from Farmington, Mich.

****

From Charlotte Jester formerly of Oak Dr., to Belle Duston: "I think of you and all our friends down there and would so like to come down some time. Do you realize it is more than three years that George has been gone. Fond remembrance to all our friends." For the benefit of those who have inquired, Charlotte's address is 24 W. Groveland

****

Mrs. Bruce writes from Indianapolis, Ind.: "Sure was nice to get home and see and talk to all the family any time I want to. Weather has been pretty nice-- of course the city is busy now getting ready for the big 500 race. We won't go, too much traffic. We had a good trip home and good weather all the way. Expect it is lonesome there now."

****

Mrs. Jack Merker tells us that Caroline Ledgley, who with her husband has been vacationing in Ontario, Canada, is returning May 31, and will be resuming work in the Jensen Beach Bank, June 2nd. Markers will meet Caroline, who is flying back alone, and will be joined by Roy later, as he is to bring the car back.

****

Frank Brunyseels of Oak Dr., had his sister-in-law, and her husband, Mr. & Mrs. Earl Lamb, and their son, Earl, Jr., from Scranton, Pa., to visit him for three days. This was their first visit to Florida, and Frank drove them all around the area. He said they were amazed at the number and size of the trailers, and enjoyed the visit very much.

BLACK RASPBERRIES- Ed Kendle in his black raspberry patch. Ed says he has 400 raspberry bushes and he will pick 1,500 pints in a good year.

Ed Kendle raises black raspberries

Our Ocean Breeze neighbor, Ed Kendle, is always busy. His main occupation from December 1st to July 1st is picking black raspberries. Ed tells us he has 400 raspberry bushes and in a good year he will pick 1,500 pints. The type of black raspberry he grows are strictly tropical, and were imported from India. They are resistant to disease but Ed says he suffers some loss through the Thrips which eat the blossoms. These insects can be controlled some by a thorough spraying when the first blossoms appear. After that, no more spraying can be done, as new berries are forming all the time. About every two weeks he goes through the patch and cuts out all the cane which have finished fruiting. By doing this, he can use the same roots year after year. Ed made his initial planting in 1952 and his bushes appear extremely healthy today. He uses animal and chemical fertilizers and lots of water.

What's doing around the park

The only organized activity now in Bingo, which is patronized by about 50 people three nights a week. We hear rumors that Bingo may be outlawed. In our case, that would a pity for it is the only recreation some of our elderly people can take part in. Card games such as contract bridge, pinochle, canasta and rummy are played by a much diminished group of players. Evenings, from 6 o'clock onward, shuffle board is played. Now, we seldom see more than three or four courts busy at one time.

The beach attracts many of our people these hot afternoons. On days, although the sun is hot the delightful ocean breezes make added surf bathing a real pleasure. A chief temperature last week was 80 Degrees. Now is the time you mother's and daughters returning from the beach records accomplished of tar on the beach. Let all we have a good laugh at the expense, which can be used till the town is cleaned up. There is very little now to report. Quite a number of air conditioners are being installed in single homes as well as the parks. The general idea seems that with cooler nights we should have no more need for screens, but should have them ready for the mosquito season. Also, we are greatly over the limit for all our guests who are permanently parked are glad for an excuse to take off their shoes, for shorts, and to loaf and fish.

Olive Donaldson paintings win

Olive Donaldson of Key Largo again entered a group of three of her oil paintings with Key and resulting, she was accepted at the International Bazaar on May 5, at the Fontainebleau Hotel in Miami Beach exhibit and won a ribbon. The group consisted of a Florida Keys scene, a Florida Everglades scene and a Florida Cracker scene. Olive's paintings are very realistic and have been exhibited in many shows throughout the state. She is now at her home in Key Largo where she is busy painting for her next exhibit.

****

Rainfall

Rainfall as recorded at Ocean Breeze, for the month of May was as follows: May 2, .01; May 3, 1.70; May 4, .69; May 10, .12; May 14, .50; May 15, .03; May 17, .03; May 18, .08; May 20, 2.00; May 27, .09; May 28, .05; May 29, .04. Total precipitation for May was 5.56 inches compared with 4.01 inch for the previous month of April and 6.31 inches for May, 1958. Rainfall for the first five months of 1959 totalled 15.25 inches compared with 17.18 inches for the same period last year.

****

Frequent showers this past month have kept the grass green and nature looks lovely. All trees are fully leafed and temperatures have been in the mid 80's. The sun is hot but we have had easterly breezes practically all month which have made conditions very enjoyable.

All The News That Fits to Print

Vol. 9 No. 24 16 Pages | Jensen Beach, Florida - 33457 | June 12, 1969 | $4.00 per year $2.50 per 6 months | Price 10 Cents

Capt. Francis A. Adams, 88, a well-known local veteran of the Spanish-American War, will preside at the Flag Day ceremonies on Saturday, June 14.

Observance of the 193nd anniversary of our National emblem will be held at 10 a.m. at the Bandstand, Memorial Park, E. Ocean Blvd., Stuart.

News Notes

Graduation exercises at Martin County High School Thursday) at 8 p.m. will be limited to members of the family only, according to school officials. Only students with tickets will be admitted. One must be a senior to pick up tickets at the high school office.

***

The next meeting of the "Rainbow Wheel", the alumni of Welcome Wagon Club of Martin County, will be Tuesday, June 24, at St. Lucie County Club. Mrs. Pat Tierney is the new president.

***

Vacation Bible School at Jensen Beach Community Church will start Monday, June 16 and continue for two weeks. Sessions will be Monday through Friday, 9 to 11:30 a.m.

***

Swimming and boating lessons will be given at Jensen Beach Causeway June 16-20, as part of the summer school program available to students of Jensen Beach Elementary School.

***

Registration for Indian River Junior College second summer term will be held June 20 from 8:30 a.m. to 9 p.m.

***

Rio Civic Club will hold Bingo games June 16, 23 and 30 at 8 p.m. A card party is planned for June 24 at 1. The last business meeting of the season will be June 12 at 7 p.m.

Women dedicate

The Jensen Beach Women's Association will complete years of planning and months of building when the ladies of the organization hold the formal dedication-open house of their new building on Sunday, June 22, at 2 p.m.

Mrs. Marie Miller, chairman of the dedication, and trustee of the building fund, announced this week that the program will be simple, including a flag raising at the flagpole, laying of the cornerstone of the building, several prominent guest speakers and the presentation of awards, followed by open house through the afternoon.

Mrs. Miller said that the speakers for the program would not be announced until next week, "since there are so many variables in getting them committed." It is known that several legislators, including Senator Beth Johnson, have indicated a desire to attend if the legislature is not called back into session.

LAST INDIAN— The last of its kind, this 1953 Indian Warrior motorcycle was presented to the Elliot Museum of Vehicular Evolution by composer-singer-bandleader Vaughn Monroe, of Sewall's Point. Receiving the keys to the motorcycle is Ross Philbrick, president of the Martin County Historical Society. The museum has one of the first Indian motorcycles in its collection. At the rear are historical society board members Hap Potsdam, George Perkins, Mrs. William Shepherd and Mrs. John Stokes, and museum director Mrs. Janet Hutchinson.

Public turtle watch is Saturday at beach

Now that the giant sea turtles have returned once again to lay their eggs, the first organized turtle watch of the season will be held Saturday, June 14, at 10 p.m.

The public is invited to assemble at the Jensen Beach ocean pavilion at that time.

As in the past, the turtle watch will be sponsored by the Jensen Beach Chamber of Commerce in cooperation with the Florida Board of Conservation and the Martin County Sheriff's Department.

Word will be passed to the pavilion when a Conservation officer spots a turtle coming out of the surf to lay her eggs. The location will be announced over the public address system and spectators will go to the spot either on foot or by car, according to the distance.

It is unlawful for anyone to molest or have in his possession either a sea turtle or her eggs.

Stuart Jaycees honor members

Award winners announced by the Stuart Jaycees last Saturday night at an installation banquet at Holiday Inn covered all activities of the Jaycees in the past year.

Incoming president John Santarsiero Jr. received an award as chairman of the year for ways and means, and shared the award for coed half-man of the year for community service with Paul Buell.

A special presentation for eight years of Jaycee service went to George Keith. Keith also received a special honor, being named a Jaycee International Senator, the first such honor in Stuart history.

WSTU is sold

An application for the sale of radio station WSTU was confirmed this week by Lee Combs, owner. Combs filed the application with the Federal Communications Commission in Washington, D.C. Sale price, according to Broadcasting Magazine, is $347,500.

When the transfer is approved by FCC, Martin County will have the full time services of two completely independent radio stations, WSTU and WMCF.

The new owner of WSTU, subject to FCC approval, will be Harvey L. Glascock, who has worked his way to the very top of the nation's broadcasting industry. Glascock will move with his wife and two daughters next month to the new home they have just purchased in Lost Tree Village, north of Riviera Beach.

Glascock will assume management of WSTU and Combs will continue as general manager of WMCF which will move to new studios.

Jensen Lions to install officers

Installation of officers and Ladies Night will be combined Tuesday, June 17, for the Jensen Beach Lions Club.

The group will meet for dinner at 7:30 p.m. at the new Pilot building of the Jensen Beach Women's Association. Reservations may be made with committee chairman Edwin Miller, 287-4643.

Officers to be installed by District Governor D. B. Stuart include: Pat Ward, president; Gene Pfleger, first vice-president; Anthony Heibeiser, second vice-president; Elwyn Burnett, third vice-president; Walter Redlit secretary; James Dunn, treasurer; Nicholas Dillard, tail twister, and John Larson, Lion tamer.

Two-year directors are Virgil Wilson and David McConnell, one-year, Harold Baker and Edward Schmidt.

Chairman Miller will be assisted by committee members Jim Dean and Chet Roman. Boot: Wally Bredt and Tony Pelletier. Decorations: Nick Dillard and Virgil Wilson, prizes.

A hospitality hour will precede the dinner.

GAVEL PASSED- John Santarsiero, Jr., received a new gavel as president of the Stuart Jaycees from retiring president Kermit Tesser at ceremonies last Saturday night at Holiday Inn.

A firm committment

Sailfish Club may cancel tournament

The Stuart Sailfish Club may cancel its annual sailfishing tournament if it cannot get a firm commitment from the Corps of Engineers that the St. Lucie Inlet will be in project depth for the event, W. O. Simpkin, president of the club, told the Martin County Commission Tuesday.

The sailfish tournament is nationally known and is the basis of the "Sailfish Capital of the World" slogan of the City of Stuart. The annual tournament has been plagued by bad weather and worse inlet trouble for the past two years. Last year the inlet was almost closed for the tournament, and many boats had to use Fort Pierce inlet for the competition.

Simpkin read a statement, passed by the board of the Stuart Sailfish Club on May 21, giving the position of the club.

"Unless a firm commitment to dredge the inlet to project depth is received by September, we will call off our tournament," Simpkin said. He added that the club needs that much time to get out the publicity nationally.

Simpkin's concern was not just with the inlet for the tournament. He said that the club recognizes the overall importance of the inlet throughout the year. He pointed to the inaction of the U.S. Coast Guard in moving the buoys in the inlet to mark the waterway, saying, "Even when they are moved, boats have to expose themselves broadside to the sea for a considerable distance."

Simpkin said that if the tournament was cancelled, other areas might pick up the time of year, thus establishing competition for good fishermen for that particular time.

Admiral Robert Gibbs, inlet chairman of the Isaac Walton League, then asked the county to consider five points in taking responsibility for the inlet. Gibbs asked that the county maintain the six-foot depth of the channel to the sea from the crossroads, dredge so that the channel use the jetty for protection; that the county move the spoil to the north side of the jetty, leaving sand transfer for the C of E, that the county give responsibility for such work to the county engineer, and that the county have the sheriff's department boat take and record soundings in the inlet.

Gibbs said that the Corps of Engineers dredging of the inlet was a waste of money, and added that the county action to place slabs of concrete along the jetty was a "futile waste of money".

Commissioner Owens asked why the inlet had to be where it is, even suggesting that the county blow a hole through the island at Peck's Lake with "a stick of dynamite" to make a new inlet. "Then we'll let nature take its course," Owens said.

The commission took no action on the report of Gibbs and Simpkin, but were given copies of the information for future action.

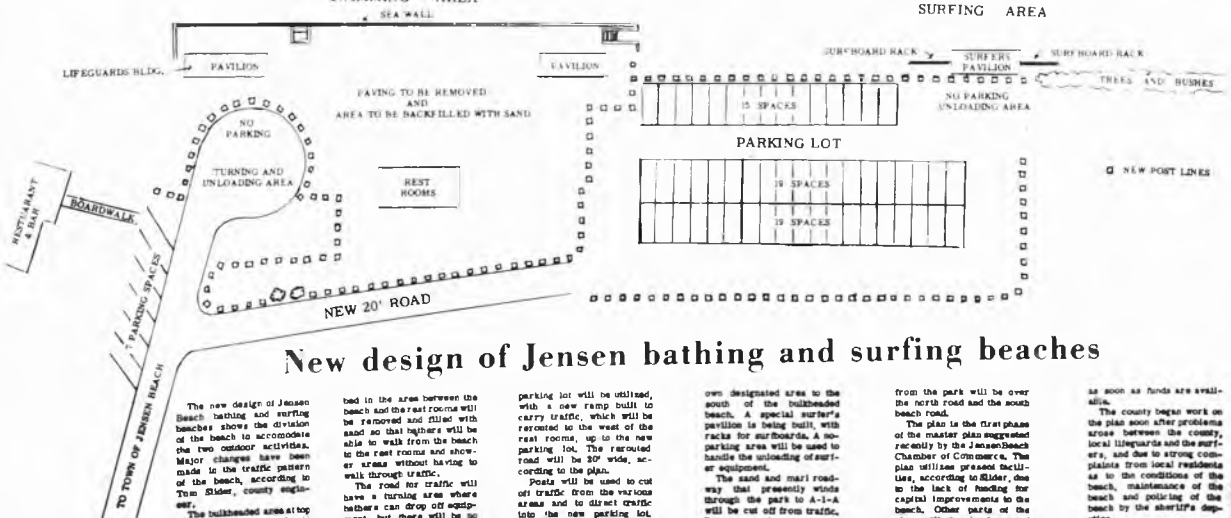
***

Vacation Bible School at Redeemer Lutheran Church will be from June 16 through June 27, 8:45 a.m. to 12 noon.

***

Welcome Wagon Club of Martin County will have a luncheon June 17 at the Grog-gery, Port Salerno.

WINNERS- The winners of door prizes in The Jensen Beach Mirror Cooking Showcase gathered on the stage of St. Lucie Country Club last Friday after the two sessions. Over 60 door prizes, valued at over $500 were awarded at the event.



New design of Jensen bathing and surfing beaches

The new design of Jensen Beach bathing and surfing beaches shows the division of the beach to accomodate the two outdoor activities. Major changes have been made in the traffic pattern of the beach, according to Tom Elder, county engineer.

The bulkheaded area at top left remains reserved to bathers. The grassed roadbed in the area between the beach and the rest rooms will be removed and filled with sand so that bathers will be able to walk from the beach to the rest rooms and shower areas without having to walk through traffic.

The road for traffic will have a turning area where bathers can drop off equipment, but there will be no parking allowed. The new parking lot will be utilized, with a new ramp built to carry traffic, which will be rerouted to the west of the rest rooms, up to the new parking lot. The rerouted road will be 20' wide, according to the plan.

Posts will be used to cut off traffic from the various areas and to direct traffic into the new parking lot. Surfers will have their own designated area to the south of the bulkheaded beach. A special surfer's pavilion is being built, with racks for surfboards. A no-parking area will be used to handle the unloading of surfer equipment.

The sand and mari roadway that presently winds through the park to A-1-A will be cut off from traffic. Entrance and exit to and from the park will be over the north road and the south beach road.

The plan is the first phase of the master plan suggested recently by the Jensen Beach Chamber of Commerce. The plan utilizes present facilities, according to Elder, due to the lack of funding for capital improvements to the beach. Other parts of the plan will be implemented as soon as funds are available.

The county began work on the plan soon after problems arose between the county, local lifeguards and the surfers, and due to strong complaints from local residents as to the conditions of the beach, maintenance of the beach and policing of the beach by the sheriff's deputies.

Mirror wins three national awards

The Jensen Beach Mirror won three honorable mention awards in the 1969 National Newspaper Association better newspapers contest, according to information released by the NNA this week.

The Mirror, winner of thirteen such awards in the Florida state contest this year, was honored for categories of "Best Editorial Page", Community Service" and "Newspaper Promotion".

The three awards are the highest number won by the newspaper in its eight year history. In 1968, The Mirror won one honorable mention award, 1967 saw two such awards, and two in 1966.

The awards will be presented at the 1969 national convention of NNA in Atlantic City on June 28. Mr. and Mrs. Richard E. Campbell, publishers of The Mirror, will attend the convention. Campbell is state chairman of the NNA in Florida and is president of the Florida Press Association.

UMM M...GOOD!--Little Miss Kimbo Mason really packed aw the pancakes Sunday during the benefit Pancake Day at Langford Park, Jensen Beach. Kimbo, daughter of Mr. and Mrs. William Mason of Britt Road, Jensen Beach, was served by Pony Leaguer David Pollard, while Mrs. Mason looks on. Proceeds from the event will pay for a batting machine for the baseball leagues at the park.

SURPRISE SQUASH- Seeds tossed out into the yard last Fall produced the above huge blue hubbard squash, according to Russell Walters of 810 Maureen Court. The monster weighed in at 42 pounds (quite an armload to carry to The Mirror office for this picture.

Summer school begins June 23 at IRJC

High school graduates in the four-county area of Martin, St. Lucie, Indian River and Okeechobee Counties can begin their college careers at Indian River Junior College on June 20. Registration will be from 8:30 to 12 noon, from 1 to 4, and 7 to 9 p.m.

Classes, including forty different courses, begin on June 23 and end August 5.

Credits can be transferred to another institution if the student expects to attend another college in the Fall. Courses are also offered for area educators.

The second summer term permits students to begin earning credits before he enters college in the Fall.

COMMUNITY SERVICE--Dick Campbell, editor and publisher of The Jensen Beach Mirror, was proud to accept a plaque for "Community Service" from the Veterans of Foreign Wars Post #10066 of Jensen Beach. Russ Wiedow, left, member of the VFW, presents the award to Campbell.

Hobe Sound Aid Squad gets new ambulance

A new 1969 Pontiac custom ambulance has been purchased by the Hobe Sound Volunteer First Aid Squad, according to Howard Way, president. The ambulance cost $10,700 and is fully equipped for emergency transportation with rescue and first aid equipment, Dale Millis told The Jensen Beach Mirror.

The squad is organizing a volunteer first aid training program for Port Salerno and Palm City volunteers, under the direction of William Snyder, instructor. The training is offered to encourage the men to form first aid squads in their own areas, Millis said. Call Snyder for further information, 546-3521.

•••

Jim Whipple has joined the Continuing Adult Education Instructional Staff at Indian River Junior College. Whipple, a retired movie-TV-radio director and writer, will teach "Writing for Profit" Monday and Wednesdays from 7 to 9:30 p.m. beginning June 16.

STUART CHRYSLER PLYMOUTH
1217 South Federal Highway Stuart, Florida

Boy, are there a lot of parts here . . .

They expect me to learn all about this parts department at Amity Buick-Pontiac in Stuart. Well, let me tell you, it is pretty frustrating for me, Jerry, the parts manager, knows where everything is, so he can quickly get the right part for the experienced mechanics we have repairing autos in our service department. But then, look at how many years of experience he has.

Give me time, I'll learn all about parts and stuff like that. Until then, I'll have to depend on Jerry to get me a quality part for service. Why don't you? The people at Amity know how to fix a car. Any car. Yes, sireeee...

If you want the latest, most modern diagnosis of car problems, and rapid, efficient service for your car, come to Amity Buick-Pontiac in Stuart. See John Santarstero, John Junior or Jimmy.

15 answer 2a.m. alarm

Fifteen volunteer firemen of the Jensen Beach Volunteer Fire Dept. answered a fire alarm at 2 a.m. Friday, according to Chief R. Spinney.

The fire was at the home of the Cleary's, who rent the house at 105 Indian Dr., Jensen Beach, from W. J. Cameron. Two cats, which were recently acquired by the Clearys, awoke them by crying. The Clearys smelled smoke, discovered the furniture in the living room ablaze, and called the fire company.

About $1500.00 in damage was done, Spinney said. A studio couch, chair, footstool and rug were burned, plus damage to a wall. Smoke and fire damage were noted, but no water damage, according to Spinney.

As usual, Mrs. Spinney and Mrs. Frank Wacha prepared coffee for the volunteer firemen at the firehouse after the fire.

STILL WORKS- Macey O. Davis, of Mars Hill, Jensen Beach, found a turtle last week, took it home and prepared it for the pot. Imagine his surprise to find a small compass, caught in the throat of the "gopher turtle". Davis was even more surprised to see that the compass still worked. Davis holds the compass carefully between pincers in one hand and the turtle carcass in the other.

Auditions for summer stock

Auditions for the Indiantown Summer Theatre will be held Saturday, June 14. The Theatre is the first summer stock company in Martin County and one of the first in the state.

Auditions will be held at Seminole Inn from 8 until 12 noon in Indiantown, and from 3 to 5 p.m. at Elliott Museum, Hutchinson Island.

The Seminole Players will present their productions at Seminole Inn, starting July 2.

Martin Officals Inspect Charlotte Steel Plant

By DENNIS DOYLE

Martin County officials and reporters were given a tour of the Florida Steel Plant in Charlotte, N.C., Thursday to see what type of plant and machinery would be installed in the proposed he installed in the prospective Indiantown plant.

Among the group of 15 flown to Charlotte for the inspection were three commissioners, J. W. Hussey, Timer Powers and Frank Wacha; three zoning board members, Alvin Stewart, Russell Yates and Paul Sherker; chairman of the water management board, Lewis Bargeo; Frank Weise, who will manage the Indiantown plant; Jack Robinson, manager of Indiantown Company; William Taylor, farm bureau president; Norman Hales, who owns farm land adjoining the proposed steel plant, and four reporters.

Upon arriving at the Charlotte plant after a two and one-half hour plane flight, each visitor was given a helmet and glasses as a safety precaution. These helmets and glasses were worn by employees as well as visitors as a safety measure, according to Weise, who conducted the tour. Safety is one of Florida Steel's main concern in its plants, Weise said. They have men in different locations around the plant to watch that safety measures are carried through. Each plant has a safety committee which meets once a month with employees to discuss better safety in the plant.

The group was told that the Florida Steel Plant planned for Indiantown will be making reinforcing bars for building construction. The bars will be made of steel scrap, melted down and reshaped into these bars. The scrap is put into an electric furnace which melts down the steel at more than 3,000 degrees.

After this process, the steel is shaped into billets, then fed into a roughing mill which rolls them into long bars. On the way to the cooling table, the bars go through a horseshoe reaper which whips them around to make them even longer. After cooling they are then cut down to construction specifications.

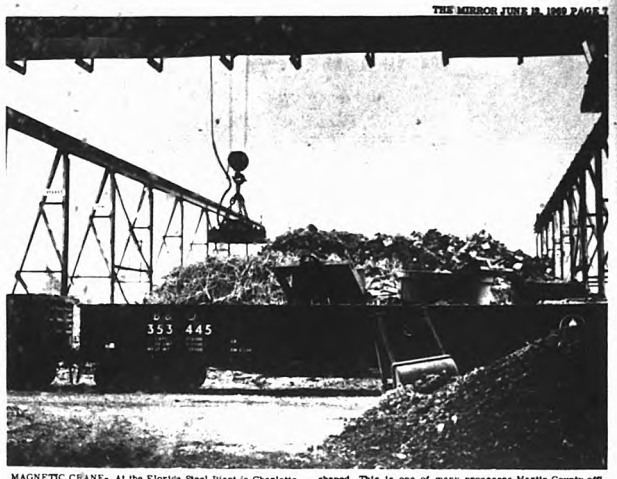
The main point of the trip concerned the controls of pollution of water or air. The water that is used will be used over again after it is purified, Weise said. The plant in Indiantown will have a pond, made of cement, into which the waste water will empty. This same water will then be put through a purification process and will be reused, so as not to pollute any surrounding waterways.

The Florida Steel Plant in Indiantown will also have "Bag Houses", similar to those at the Charlotte plant. These work on the same principle as a home vacuum cleaner. The polluted air will go through orlon and dacron bags which will filter out the dirt and dust. After this the air will be let out, but as clean fresh air that will not smell or cause pollution to Indiantown, Weise added.

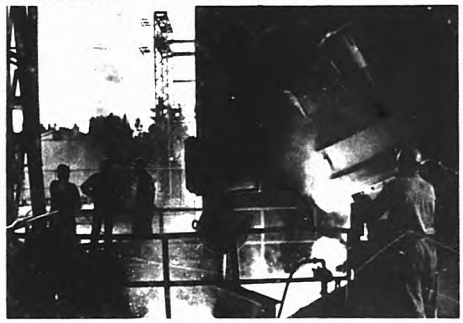
Frank Hunsberger, Tampa, vice-president in charge of operations, said that if zoning is approved, construction could begin soon. The land excavation and leveling would start in July and construction would begin in August. The whole construction of the plant would take one year, he said.

"Any opposition developing against the steel plant in Martin County would have to be for reasons other than air or water pollution," according to County Commissioner Frank Wacha. "There seems to be no noise that would bother anyone," he said.

The group of 15 left Witham Field in Stuart at 8 a.m., inspected the plant, lunched at the Charlotte Athletic Club and returned to Stuart by 6 that evening.



MAGNETIC CRANE- At the Florida Steel Plant in Charlotte, N.C., the magnetic crane is in the process of carrying the scrap steel to the electric furnace to be melted down and reshaped. This is one of many processes Martin County officials observed last Thursday in their tour of the Charlotte plant.



MOLTEN STEEL- Steel workers at the Florida Steel Plant in Charlotte, N.C., watch as the hot molten steel is poured. Both visitors and employees wear helmets and glasses, which the workers above are shown wearing.

Joseph Kelleher, local artist and member of the Art Associates of Martin County, has an exhibit of his works this month at the Mayfair Theatre.

Personals

Mrs. Moya Aitkins was hostess to a dinner party at the Oyster House, W.P.B., May 30, in celebration of Irwin Keith's birthday. The party consisted of Irwin and Leta Keith, Frank and Sally Von Halle and Myos.

****

Irwin and Leta Keith will leave Friday, the 13th right after school for Cocoa, where they will spend the night with friends. From there, they will continue on to their only son's home at Robinson, Ill. Leta's mother from Portland, Ore., Mrs. Eva Custic, who spends a winter here recently, will also be visiting there. After a stay of about six weeks, the Keiths will return to Ocean Breeze about Aug. 1st.

****

Irene and Hugh Burgess left June 8th, for Brainard, Minn. Along the way they will visit with Hugh's son in Ill., for a week, then spend about a week with Irene's niece in Cedar Rapids, Iowa, make another stop in Blue Earth, Minn., with friends, and finally arrive in Brainard, where they will spend the summer in the Crow Wing Trailer Park.

****

Many folks from here attended The Mirror Cooking Show in St. Lucie Convention Hall, June 6th. Prize winners from Ocean Breeze were Mrs. Ray Reid, Mrs. Fred Noble, Mrs. M. Reverly, and Mrs. Esther Thrower.

It was a most enjoyable event, and in addition to seeing the many yummy-looking dishes the ladies in charge make so easily, the style show in the evening gowns a very glamorous work. The narrator for the fashions was excellent, and gave us the man's opinion of styles of today with a humorous touch.

Thanks for this annual event goes to our Editor of The Mirror, Dick Campbell, and the help of his staff, and Florida Power & Light, who had and set up their latest in kitchen equipment, which is just fabulous.

Sorry if any prize winners names were left out, you didn't tell us.

****

Congratulations to David Beetham, who received the scholarship awarded by the DAR, which amounted to $200., and will be used toward one year's tuition at Indian River Jr. College.

****

Ocean Breeze Ambulance, Inc., wishes to thank Mrs. Eva Skarstrom, and Mr. Walt Banig, for their checks received this week in the amount of $20.00.

****

Mrs. Schneider, our new resident who bought Mrs. Mikaeh's trailer on Almond, recently drove to her daughter's home in Titusville, to help welcome home her grandson, Robert W. Ouellette, who had just arrived back in the U.S., after 14 months of service duty in Da Nang. Robert will be stationed in Cherry Point, N.C. in the future.

****

Always something new in Ocean Breeze, and this time it is something old, that makes something new. If you are not thoroughly bewildered by now, it is the antique car license that John Togneri has on his old Buick. His number is 42-42. How about that?

****

Belle Duston accompanied her son and daughter-in-law, Mr. & Mrs. Edgar Duston, to Pompano on Saturday, May 31st, to attend the wedding of Mrs. Jr. Duston's nephew, Terry Lee Paradise to Christina Ann Manter. The groom is a dental technician and the bride a beautician.

****

There are a number of members of the Ruth Circle of the Trinity United Methodist Church living in Ocean Breeze, and they were among a group who entertained at the Spring Lake Nursing Home recently. One of the ladies thought it would be of interest for the people to know Bessie Heal is confined to her bed now, but enjoyed the ladies visiting her. Perhaps she would enjoy her former neighbors sending cards; in fact she would.

****

The evening of June 3rd, the Scranton and Sherman families gathered at the Outrigger for dinner. This dinner was a farewell to Richard and Georeta Sherman, (grandson of Frances Scranton) who are leaving for Buffalo, N.Y. and also a so long to Frances, who is to accompany them to Buffalo for a few weeks visit. Then she will go to Utica, N.Y. to visit her son, Eugene, and his wife and family, before returning to spend the balance of her summer at June Isles, Fla., with her daughter, Mary Lou and William Sherman. Frances will return to her home here in the fall.

****

Mrs. Ruth Phelps left here June 4th for Boston, Mass., Nellie Cook, Mary Adrian, and Mrs. Jack Park took Ruth to Melbourne to gether plane, June 5th. Ruth met her daughter and son-in-law, Shirley and Walter Bruso, and their five children, who returned that day from Germany, where Walter has been stationed for the past two years with the medical detachment.

Walter will be taking his retirement July 1st, after 23 years in the service, and will be residing in Washington state after that time. While up north, Ruth will also visit her daughter and son-in-law, Nancy and John Hunt, and their four children in Holden, Mass. Later she will visit her son, Clifton, and his wife Helen, and their four children, and another daughter Jean and her husband, Francis Gardzina and their three children.

From there, Ruth will go to visit a sister and brother-in-law, in Columbus, Ohio, and hopes to return with her friend, Mrs. Mary Adrean in about a month's time.

****

Mr. and Mrs. Fred Bush who purchased the Marland and Krueger places on 6th Ave., recently, and have been vacationing here, left Sunday, June 1, for their home in Philadelphia, Pa., where they have a real estate business. They both loved their stay her and look forward to returning in the fall.

****

Mrs. Madelyn Lillie and her sister, Lema Shomo, left Friday, June 6, to Charleston, W.Va. Her eldest grandson, David Show, 2nd, is being married June 27, and Maddie will attend the wedding.

****

Olive and Harold Donaldson drove to West Palm Beach, Wed., June 4, to attend the Telephone Pioneers of America, luncheon.

****

Harold Bushnell and Ty Tyree were fishing in the Gulfstream June 2nd, and brought home 6 dolphin. Walt Neva, the next day, wading and casting in front of the park, landed a 5-lb. snook. He said since he had something big, but each time it broke the line.

****

Mr. and Mrs. Al Sharp had their daughter and son-in-law, Mr. & Mrs. Robert Pitcairn and their two grandsons, Stirling and Andrew visiting from May 19th to 26th. Stirling, aged two, saw the ocean for the first time and noticing people in swimming, said, "That's the biggest swimming pool I ever saw." They were staying at Francis Langford's and used that pool, so compared with that the ocean would look pretty big.

****

Three Bay Dr., residents left last week. They are: Mr. & Mrs. Cliff Ogle, to Indianapolis; Mr. & Mrs. Ed Austin, to Eagle River, Ontario; and Mr. & Mrs. Axel Beck, to Delevan, Wisc.

****

Bill Casey had an eight day visit from his sister, Mrs. Mary Johnson, of Phoenix, Ariz., who spent her vacation here. Bill says they took full advantage of their time and visited Cape Kennedy, Miami, W. Palm Beach, and went to the Outrigger, in addition to covering this immediate area quite thoroughly. Mary, who is employed by the Internal Revenue Service, arrived by plane, and traveled home the same way.

****

Edith Jankunis, left Sat., June 7th for Elizabethtown, N.J., where she will visit with her parents. At the time she left here, Edith's father was critically ill. Edith teaches in Salerno.

****

Mrs. Schneider of Almond, had a visit from her daughter, Mrs. Jean Ouellete on June 1st, when Jean came from Titusville, to help her mother celebrate her birthday June 3.

****

Art and Doris Lewis left here June 4th, for Hendersonville, N.C., where they spend their summers in a trailer park. This year they will take two weeks for a trip to Elmira, N.Y. to visit their family and friends, then return with their grandchildren who will spend part of their vacation in Hendersonville with them.

****

Marie and Fletch Gardner left June 8th for Madison, Ind., with their travel trailer, which by the way, is a little dream in comfortable living for a summer's vacation. The Gardners will spend some time in their own trailer park in Madison, and then visit with their family until fall. Two more shutters gone for the summer.

****

Mr. & Mrs. Harold Cammack of Hibiscus, are home again after five weeks in Ardsley, N.Y., where they attended the funeral of Mrs. Cammack's brother-in-law, Harold A. Moore, Mrs. Cammack's sister, Sister Cecilia of W. Palm accompanied them north, and their brother from New Rochelle, N.Y., was also present for the funeral.

Mrs. Cammack said N.Y. was beautiful this spring, with the dogwood and weeping cherry covered with bloom, but she said, "For the first time I really got home sick for Ocean Breeze and we are glad to be home again." Both are feeling real well.

****

Al Innis was admitted to the St. Pierce hospital Sat., June 7th. Doctor Cameron, his doctor, said surgery may be necessary, however, he assured Dot that they will try medication first, but he will be hospitalized for a few days in any case.

****

Friends of Walter and Alva Scott, Major and Mrs. Norton Hostal and their 3 children from Tucson, Ariz., paid the Scotts a visit last Tues., June 3rd. Alva's sister-in-law, Mrs. Frank Norton, was with the party, who were on their way to visit relatives at W. Palm Beach.

****

We are indebted to Elise Buchard for the following information: Mrs. Mabel Wantooj, aged 76, passed away Friday morning, May 9th, at St. Mary's Hospital in Grand Rapids one month after major surgery. Surviving are her three daughters, one son-in-law, 14 grandchildren, 4 great-grandchildren, a brother, a sister. Funeral services were held Monday, May 12 at Zaagman Funeral Home, Grand Rapids.

Many of the older residents will remember Sol and Mabel spending the winters of 1948 to 1957 in the park.

****

Summer is a slow time here, but we do have events of interest just the same. This past week, Myrt Huntington provided entertainment the morning of June 5th, when she had a new 12 x 36 foot Masterpiece Trailer installed by Jensen Beach Trailer Sales. It is to have central heat and air conditioning, and in addition to being wider, Myrt is having the cabana on the same floor level as the trailer. Will let you all know about the Open House??? Congratulations, Myrt, it is beautiful.

****

SIDEWALK SUPERINTENDENTS.—Interested spectators watch Myrt Huntington's new mobile home being backed on to her lot.

NAME THE BUSH.—This bush, now four or five feet tall, is on Charlie Patterson's lot. The flowers resemble the lupra in color but they are grouped like the Snowball of the north. This bush is at present very colorful and the only one of its kind in the park. Someone suggested the name, "Cassia maria."

THE DOG HOUSE- When your reporter Tom Cook, called on Fred Baier, June 7th, he was enjoying the cool comfort of his new, fully screened, summer house. Fred calls it his "Dog House" for when he gets in bad with his little wife, Gladys, for shitering cookies or the like, he always has a comfortable retreat.

Surprise birthday party held for Bea Barrett

The evening of June 6th, a number of lady friends of Bea Barrett's met at the home of Agnes Corliss, and when all were assembled, they walked in a group to Bea's home on Palm Rd., carrying a beautifully decorated four-tier birthday cake, entered with one large candle, and singing "Happy Birthday." Bea was really surprised, and after the many gifts were opened and pretty cards passed around, ice cream, birthday cake, and coffee were served.

Present for the party were two of Bea's sisters, Molly Butterfield, and Gertrude MacKay, also: Irene Burgess, Marie Tweed, Agnes Corliss, Jo Doring, Trudy Chilsaz, Sylvia Barnes and Edith Fitts from Stuart, Fran Gordon stopped in for a minute to wish Bea a happy birthday. All agree it was a real successful and happy party. Bea's many other friends would also wish her to know, they too, wish her many happy returns of the day.

Koslows return

The Sam Koslows came home June 5th after a very enjoyable month spent with their daughter and son-in-law Lois Angeles, Calif. Gen said the weather was beautiful and they had a lovely visit. Since they have been there many times, there were not many new things to see, but they did visit the Rogers National Park, the Deer Farm, the world-famous Farmer's Market, and the Bush Gardens. Although this is similar to the Tampa Gardens, the Los Angeles Gardens do have an excellent bird show and a monorail which takes the visitors all through the brewery, then an added attraction is the boat trip on the canals through the gardens. Gen said they did not do anything to get tired, but they will relax a bit before taking off in a few weeks for Michigan.

****

Verne Myers died June 8

This was one of the saddest days for the residents of Ocean Breeze, when we learned of the death of Verne Myers in the early morning hours of June 8. Verne was stricken with a severe stroke at his home on Thursday afternoon, June 6th, and was taken immediately to Martin Memorial Hospital.

The Myers, Verne and his wife, Gertrude, have been loved and respected by all who had the privilege of their acquaintance and friendship, and his passing will leave a void which cannot be filled.

The sincerest sympathy is extended to Gertrude and the family at this time. To those of their friends who are away at the present time we would like to say a Verne Myers Memorial Fund is being set up in his memory.

****

Visitors entertained at Baton Rouge

Doreen Peet's nephew and niece, Paige and Shirley Myers pulled their trailer into Lilbit Lane May 22nd, for a short visit. The Myers are from Sylmar, Calif., which is in the San Fernando Valley, and presently they are touring Florida. They tell us of a very unique, and to them, thrilling, experience they had on the way here.

It was about 8 a.m. They were at Baton Rouge heading for New Orleans when a sheriff ordered them to pull over. The officer introduced the man beside him as Mr. Taffy Chambers, president of the Baton Rouge Kennel Club. Chambers asked the Myers if they would like to be the club's honored surprise guests. When the Myers accepted the invitation, the sheriff took the lead and escorted them and their trailer to Greenwood City Park. Arriving there they were introduced to the mayor's wife, Carol Dunn, and she acted as hostess for the day, introducing them to the several important members of the club.

As the guests had already breakfasted, they were served coffee, Louisiana style, (black with much chicory) mixed in. The guests were then invited to join in the various activities, which were, horse shoe singles, soft ball, and sack racing. Then bingo for adults, followed by lunch and a half hour rest period. From two till four there was golf putting and artificial bait casting contests, and at 4 p.m., presentations and entertainment. During this period their guests were presented with a whole box of various articles as souvenirs of Baton Rouge, they ranged from trailer accessories to barbeque charcoal; many of the articles were manufactured right there.

After a wonderful pot luck supper, there were more sports; then entertainment, including a bonfire and group singing; concluding with a slide show.

Sunday breakfast was served from 7 to 9; then horse shoe and soft ball. Nondenominational worship service, (camp attire appropriate), at 10:30, and lunch at noon. After which the honored guests said goodbye to their many kind friends, and were escorted back to the highway by the sheriff.

Shirley said, and Paige agreed that this was the great highlight of their trip, and will be remembered the rest of their lives. This was even more impressive to them as it happens to be their very first travel trailer holiday, having only just acquired the trailer a few days before leaving Calif.

We asked their intentions after leaving here. Paige said they would head for Port Huron, Mich., to see his mother and to Chicago to see Shirley's parents. As we were talking, a car drove up, and Doreen Peet's sister, Maxine Bowen, arrived from Fort Lauderdale to see the kids.

Enjoyable visit after many delays

The Grotelends of Placita Court have been enjoying the visit of their son, Robert, his wife, Marylou, and granddaughter, Joni. It was a bit of a problem to get them across the U.S. Originally scheduled to start from Los Angeles at 1 p.m. Friday, the Grotelends left Port St. Lucie to collect their daughter, Nine and her husband and daughters, Cathy and Amy to make a reception committee at the Miami Airport.

Upon arrival, they were met with the announcement that the flight had been cancelled in L.A. This was at 8 p.m. Because of the possibilities of combinations of air schedules, they waited for several hours. When this possibility was ruled out, the next announcement was that there would be a 3:30 a.m. special flight, of course, at 3:20 a.m., the news was given that the special flight was cancelled for the passengers would arrive on a later flight at 6:30 a.m. It did. That made baggage wait and return trip to Port St. Lucie at 7 a.m., Saturday morning with no sleep for anyone.

After church Sunday and dinner, Lucie son and his family will return to L.A.

Robert is manager of the Joint Air Transportation Office at El Toro Marine Base, south of Los Angeles.

YARD OF THE MONTH- The June "Yard of the Month" award has been given to Donald Moots, 101 S.E. Hanyan Drive. Moots will receive a silver bowl as a permanent reminder of the award. The contest is sponsored by the Rio Lindo Garden Club and General Development Corp.

All States Club to meet Wed.

ENGAGED---Mr. & Mrs. Virgil Clerico of River Park have announced the engagement of their daughter, Lorraine Clerico, to James Hill Bobbitt of Vero Beach.

Miss Clerico is a graduate of North Shore High, Glen Head, L.I., N.Y., and Indian River Junior College. She was a member of the "Sea" Fashion Board.

Mr. Bobbitt is a graduate of Vero Beach High where he was a member of the Varsity football team. He attended Junior College in Ft. Lauderdale and is employed by the Florida Power & Light Co. in Vero Beach.

The wedding is planned for August 23 at the Church of the Holy Spirit, Vero Beach.

The All-States Club of Port St. Lucie-River Park will hold their regular meeting Wednesday, June 18 at 6 p.m. at the Marina. This will be the first covered dish dinner, replacing the cook-outs for the summer months.

Everyone, the community is welcome. Bring a covered dish and your own place settings. Join the others and have a good time, following the dinner, there will be a short business meeting and a travelogue will be shown.

The next board party of the season will be held at Pepper Park, Thursday, June 26. Those needing transportation should meet at the Marina at 12 noon to join your own group there and board chairs.

OBITUARIES

Craig Mckee

Craig Clyde Mckee of 105 S. Alcott St., Port St. Lucie, died Sunday at Fort Pierce Memorial Hospital.

He was a native of Des Moines, Iowa, and a retired Navy man.

He is survived by his wife, Mary W., and two daughters, and a sister.

Oscar Beckman

Oscar Archer Beckman, 69, of 319 Shady Lane, Port St. Lucie, died Monday at his residence following a long illness.

He was a native of Jonesboro, Georgia, and came here from Chicago, Ill., three years ago.

He was a member of the Order of Eastern Star, Lodge No. 1, Ancient Free and Accepted Masons of the Lutheran faith.

He is survived by his wife, Hettie, Ft. Pierce; a son, Archer, Ft. Pierce; a brother, and a sister.

Funeral services were held Tuesday, June 10 at the Caines Funeral Home in Fort Pierce with the Rev. Clifford Swartz, pastor of the St. Paul's Lutheran Church, officiating. Interment followed in the Memorial Park Cemetery.

Homeowners fill board vacancy

At the regular monthly meeting of the Board of Directors of the Port St. Lucie-River Park Homeowners Association, president Joe Keating announced the appointment of Al McDonell, director of Unit 2 to the office of first vice president, thus filling the vacancy caused by the removal from the area (Fort Lauderdale) of the former vice president. The same announcement made the appointment of Anne L. Reading, 20th Hole Avenue, as director for Unit 2 and to the position as chairman of the membership committee.

Lippincott also Reading pointed Reported the Association now has 1,000 members (1,020, as all-time high. Lippincott was commended for his work as president of the association, as was the new board of directors.

Keating also announced that the street lighting committee has completed the installation of the street lighting system and it would be turned on that night.

Commander Fred Smith of the Port St. Lucie Coast Guard Auxiliary Flotilla 47 congratulates the staff of the association for the completion of the new addition and additional facilities. The group is now ready for the influx of visitors to the Marina. The new addition opened on Memorial Day weekend and will be in use during the summer months.

A meeting of the Port St. Lucie Junior Women's Club was authorized to aid in the formation of the Port St. Lucie Youth Center, with the Marina Association as the sponsoring group.

***

The monthly meeting of the Little League Board of Directors will be held at the Marina Tuesday, June 17 at 7:30 p.m.

All managers and members of the board are urged to attend since part of the business to be discussed will be the county playoffs, the selection of the all-star team and the completion of the concession stand.

T-BALL--Wade Register shows how its done. Games will be played each Tuesday and Thursday at 10 a.m., Sportsman's Park.

Jets are champs

Friday night's victory by the Jets gave them the League Championship for the 1969 season.

At the end of the first half, the Jets and the Juniors were tied for first place, however, the picture changed during the second half. The Jets have a very successful second half by not losing a single game. The Juniors, on the other hand, did not find the second half as successful, losing several games.

H.C. Dixon, manager of the Jets, attributes their success to the fact that they started playing better together; that they were a much better defensive team, making less errors. In fact, he said, that this is the best defensive team he's ever had. Dixon is now in his fifth year of coaching.

Winning the championship gives the Jets the right to represent Port St. Lucie in the county tournament which will follow at a later date.

Still time to join in summer program

Even though many of the summer activities have already started, there is still opportunity for youngsters to join activities where the registration has not as yet been filled.

Boys in the six to eight years old bracket can still join the T-Ball league by attending the next practice Tuesday morning at Sportsman Park at 10 a.m.

Youngsters between the ages of 8 and 10 can join in on any of the weekly sessions of pencil sketching which meets at the Marina each Tuesday morning at 10.

Also, those 5 to 8 can join the group of those enjoying story telling at the Marina each Wednesday morning at 10.

There are still a few openings in the first of the summer's learn-to-swim classes. This is for youngsters ages 6 and over who have already finished the first grade in school. Those interested should call the Marina immediately since the classes will be closed as soon as they are filled.

For those who enjoy playing checkers, keep in mind that next Wednesday, June 18 will be the annual summer checker tournament to be held at the Marina starting at 1 p.m. The tournament itself will be divided up into age brackets according to the range of ages attending. There will be awards given to the winner and runner-up in each age group. These awards for each of the weekly tournaments will be presented during the latter part of the summer at an awards day.

Youngsters interested in playing chess should also start warming up for the ... chess tournament which will be held the following week on June 18.

...
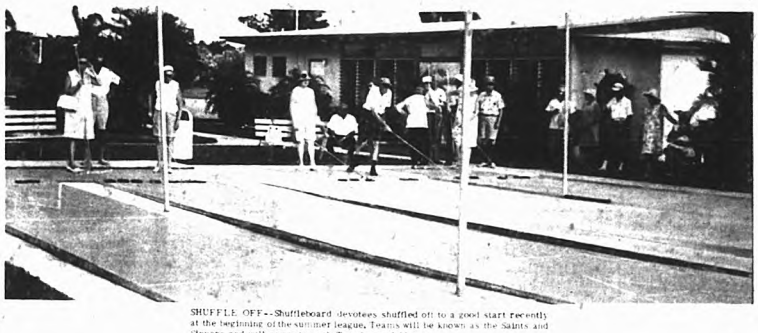
The "Head Start" training program will get underway for teachers' aides on Monday, June 16, at East Stuart Elementary School. The official program begins for the children Monday, June 23.

...



SHUFFLE OFF--Shuffleboard devotees shuffled off to a good start recently at the beginning of the summer league. Teams will be known as the Saints and Sinners and will compete each Tuesday at 6:15 p.m.

Three weeks to complete

Street lighting program begins

At 10:22 a.m., on the morning of Thursday, June 5, a photo-electric cell went into action and the glow of the first street light of the new street lighting system for the community of Port St. Lucie-River Park became clearly visible against the rays of a bright morning sun.

Installed at the corner of East Prima Vista Blvd., and Naranja Avenue by the Florida Power & Light Co., the long-awaited event was witnessed by many who had been instrumental in bringing lights to this area. Included among those present were Joseph Keating, president of the P.S.L. Homeowners Association, together with Al McDonnell, chairman of the street lighting committee; directors, Don White, Peter Specht, Howard Gagg, Joe Krall and Judd Reading. The General Development Corporation was represented by its local manager, Jack Sheridan and the Florida Power & Light Company by its manager, Al Zlinti.

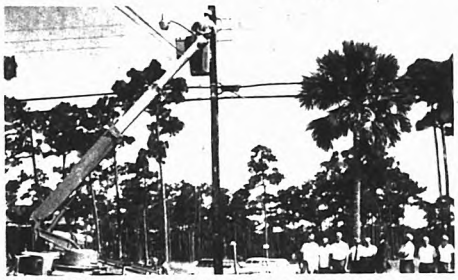
The second attempt to bring street lights to this area began in January, 1968 when a majority vote of the members of the Homeowners Association directed its officers and directors to institute this action.

To institute action in this respect, President Keating appointed Al McDonnell as chairman of the street lighting committee and together with the assistance of director Don White, the campaign began. Enlisting the aid of the other directors and with the help of some enthusiastic members, their efforts were rewarded by the referendum vote held in February of this year which authorized the installation of the street lighting system by an over whelming vote.

Also a contributing factor to the effort was the assistance rendered by the St. Lucie County officials, and by Jack Sheridan, manager of the local G.D.C. office.

The system, when completed, will involve approximately 125 lights, 85 of which will be installed on new concrete poles. The intensity of each light will be 5,000 lumens and with one light located at each street intersection, sufficient light will be provided without creating the undesirable effect of "over lighting." Completion of installation is expected to require approximately three weeks.

....



STREET LIGHTS- Watching the proceedings of placing the first street light in place in Port St. Lucie street lighting program are: left to right, Don White, Joe Krall, Al McDonnell, Al Zlinti, Joe Keating, Jack Sheridan, Judd Reading, Peter Specht and Howard Gagg.

Summer shuffleboard

A good turnout, as was expected, showed up for the first night of the summer shuffleboard league.

Director Fred Hilderbrand had all the names divided into two teams which will be called the Saints and the Sinners. Players will report on these teams throughout the summer and each will be played each Tuesday evening at 6:15 p.m. As much as possible, Hilderbrand has divided the better and weaker players between the two teams, so competition should be fierce, and fivsbee and which team wins or loses will probably not be determined until the final few weeks of play.

If you have not already joined the league, there is still ample time to do so, and if you want to enjoy a pleasant evening, just come and watch them play.

Whichever team wins or loses, all will enjoy a meal on the losers at the end of the season.

Jehovah's Witnesses to attend convention

You won't find much evidence of a generation gap among Jehovah's Witnesses who believe in doing things family style, according to David Bowman of Rio, presiding minister.

That's why members of the Stuart congregation are including the youngsters in their plans to attend a summer convention that is expected to draw 45,000 delegates to the Atlantic Stadium in Atlanta, Ga., he said.

The eight days of Bible lectures will start July 6 and will include costumed dramas and other instruction on scriptural themes.

"Youngsters are used on the convention program and many volunteer to work in one of the convention's 22 departments," said Bowman. Actually it's the same pattern as is followed locally, where young people take their turn in preparing Bible talks for the congrega-

tion's weekly ministry school class, he said.

About 50 or 60 persons are expected to attend the convention from this area. Family groups include the David Bowmans, the Turner Booths, the Morris Cossabooms and the Andrew Byriels plus many others.

All The News That Fits to Print

Vol. 9 No. 25 14 Pages | Jensen Beach, Florida - 33457 | June 19, 1969 | $4.00 per year $2.50 per 6 months | Price 10 Cents

DEDICATION SUNDAY- The new Jensen Beach Women's Association building will be dedicated on Sunday at 2 p.m., with an open house of the 3,600 square foot facility immediately following through the afternoon. The program will dedicate the largest meeting facility in Jensen Beach, seating 500 in auditorium style, and 200 at tables. Cost of the building was over $40,000. The parking lot will handle over 100 cars.

Begins at 2 p.m.

Women's Club dedication will be held this Sunday

The members of the Jensen Beach Women's Association will dedicate their new clubhouse on Sugar Hill Road at 2 p.m. this Sunday, according to Mrs. Edwin Miller, chairman. The new, $42,000 building will be open to the public after the dedication program. The open house will last through the afternoon.

Mrs. Miller announced that Al Walker, well-known local personality, will be master of ceremonies for the day. Guest speaker will be county commissioner William E. Owens.

The program will open with the flag raising on the new flagpole in front of the building. Cecil Branford of the local VFW Post 10066 will direct an honor guard in the ceremony. The national anthem will follow, with the pledge of allegiance led by Ed Snyder, commander of Jensen's World War I veterans.

Rev. Donald Johnson, pastor of Jensen Beach Community Church, will give the invocation and the blessing of the building.

The "outside program" will end with the laying of the cornerstone of the building by JBWA president Mrs. Jean Pendleton, trustee Mrs. Marie Miller, and building committee chairman Mrs. Mildred Skinner. Following the cornerstone laying the audience will move into the airconditioned building.

The introduction of honored guests will be followed by the introduction of Owens by county commissioner Frank Wacha. Owens will then speak, followed by a formal dedication of the building by Wacha.

Mrs. Pendleton will then respond to the dedication.

There will be the presentation of special awards by Jensen Beach Mirror editor Dick Campbell and Mrs. Miller, followed by the closing of the program by the president.

At special times during the program, and during the afternoon open house, organ music will be provided by Moritz Piano Company of Fort Pierce.

All past presidents of the organization will serve as hostesses at the refreshment table, including Jenny Escott, Hilda Costello, Julia Wood, Helen Richardson, Polly Stalander, Frances Hubbell and Hazel Forsberg.

Official hostesses for the day will be Mrs. Pendleton, Mrs. Eva Beggs, first vice-president; Mrs. Marian Hill, second vice-president; Mrs. Hazel Heritage, treasurer; Mrs. Alice Milar, recording secretary; Mrs. Hazel Houghton, corresponding secretary, and Mrs. Miller, trustee.

On display will be the new women's club building, designed to seat 500 auditorium style, and 200 in a card party. It will be Jensen's largest community center and will be the center of many local social activities.

The colonial style building, with white pillars at the side, porch entrance, contains a stage, kitchen and rest rooms, and is air-conditioned and heated. The auditorium itself is acoustically designed.

The building is located on a four acre tract donated to the women's association by the Kiplinger Trust Fund, and is just 1200 feet north of the Jensen Cutoff Road (Commercial Street) on Sugar Hill Road. It is the result of years of saving and promoting by the local association of women. Card parties, fashion shows and special events provided the ways and means to build the over 3600 square foot building.

The main room has 2,395 square feet of space, and each of the two wings in the building has 648 square feet of space.

It was on Monday, December 9, 1968, that Marie Miller, trustee of the building fund; Hazel Forsberg, president, and Mildred Skinner, building fund chairman, gathered with a group of the members of the association to break ground on the building. The contractor was Ray Lein, who worked closely with the various committees of the club to bring the building to completion.

Goal is 17% complete

St. Joseph Library completion is seen by advisors in 1970

A library for St. Joseph College will be a reality in March of 1970, it was reported last week by Sister Mary Martha, president. Speaking to the board of advisors at a special luncheon, the college president said that plans for the new facility would be received by July 7 of this year, bids would be let on July 21 and construction would begin August 29.

The advisory committee, which has pledged the necessary $100,000 to build the over $183,000 building (with Federal matching funds) reported that 17% of the building drive was complete. Frank Rooney, chairman of the fund drive and advisory committee, reported that some donations had not yet been turned in to the college office.

Rooney pledged that the committee would have the necessary ten percent of the total building cost by the August 29 construction date. He reported that he had in hand six thousand dollars in donations from individuals. Patricia Murphy Kiernan reported that she had $4,000 in checks.

The advisory committee meeting, held at the home of Mrs. Kiernan, famed restaurateur, heard a report on the new academic year from business administrator Charles Carr. A waiting list for admission to the college was predicted by Carr for July 15. Carr said he expected 325 students in the college in the next term. He reported that the school had been forced to raise tuition to $1,400 per year.

Sister Mary Martha told the committee of a new school term, designed to shorten the Thanksgiving holiday, lengthen the Christmas holiday and end school in May in the next year. According to the new timetable, the first semester will end at just before Christmas, with a one day Thanksgiving holiday. The second term will begin on January 19, and the school term will end in May with graduation.

Freshmen will report for school orientation and preparation two weeks early, on August 17, Sr. Mary Martha reported. A special testing program, conducted by Florida Atlantic University, will be used to further prepare the students for the rigorous class year.

PLEASANT LUNCHEON- Enjoying the artistry of Patricia Murphy's cuisine at a luncheon for the advisory board of St. Joseph College are, left to right, Frank Rooney, chairman of the advisory board and head of Rooney Construction, Miami; Leonard Usina, president, Peoples Bank of Miami Shores; Mrs. Anne Shepard, executive director of the Martin County Historical Society, and Sister Mary Martha, S.S.J., president of St. Joseph College. Rooney reported that the goal of $100,000 was 17% complete and urged the board members to greater activity in the fund drive for a new library for the college.

LISTENING--Dennis Cleary, of Cleary Brothers Construction, West Palm Beach, and a member of the advisory board of St. Joseph College, listened as Sister Suzanne, of the college, told of the need for a new library and praised the efforts of the advisory board in its fund drive for the library facility, at the recent meeting of the board at the home of Patricia Murphy Kiernan in Port Sewall.

IN HOSTESS--Flanking the hostess, Mrs. Patricia Murphy Kiernan, owner of the famed Patricia Murphy Candlelight Restaurants, are St. Joseph College advisory board members Charles Carr, business manager of the college, and Earl Clawson, president of Clawson Insurance Agency, Miami. The board is seeking funds for a new library for the college.

TALKING IT OVER- Three members of St. Joseph College Advisory Board, John Stepp, vice-president of First National Bank of Stuart; Robert F. McRoberts, Jr., Stuart attorney, and James Harper, vice-president and manager of C. B. Arbogast Insurance, discussed the library building fund drive at the meeting of the advisory board last Wednesday at Kinsdale, Port Sewall, the home of Mrs. Patricia Murphy Kiernan.

Fireworks softball tourney

The third annual slow pitch softball tournament, sponsored by the Jensen Beach Fireworks Committee, will be held on three weekends in August, it was announced this week by Vince Bocchino and Frank Wacha, co-chairmen of the project.

All games will be played on the two fields at Langford Park. Six games will be played on Friday, August 1, ten games will be played on Saturday, August 2, and eight games will be played on Sunday, August 3. The same schedule will follow on the weekends of August 8-9-10 and August 15-16-17.

The double elimination tournament will field 32 teams from throughout south and central Florida.

Entry fee for each team is $25, with 15-man rosters for each team. First and second place trophies will be awarded by sponsors, Frances Langford's Outrigger Resort and The Jensen Beach Mirror. Individual trophies will be given to first place team members.

Information and entry forms in the tournament can be obtained by writing the Jensen Beach Fireworks Committee, Box 555, Jensen Beach, or by contacting Bocchino or Wacha.

Kevin Brown is first Jensen Eagle

Kevin Brown, son of Mrs. Maurine Brown, of Jensen Beach, will be awarded the Eagle badge, highest honor in scouting, at Eagle ceremonies Wednesday, June 25, at the American Legion building on South Savanna Road. The ceremonies will follow a special dinner for the families of scouters.

Gulfstream Council officials are expected to attend the ceremonies, including Dr. Frank Holt, council president, and the local scouting executive, Claude Goff. Also, officials of the newly formed Sailfish District will be present, including Jack Williams, president, James Navitsky, vice president, James Littman, vice president, Judge Mallory Johnson, vice president, and Harold Butterfield, training committee chairman, and chairman of the troop committee.

Also, Virginia Veasie, secretary of the district and Henry Beckman, chairman of the district board of review.

The presentation of the Eagle badge will be the first such presentation in the history of Jensen Beach Troop 801, sponsored by the Jensen Beach Community Church, according to Art Pitman, assistant scoutmaster and advancement chairman of the troop.

All members of the troop committee will take a part of the Eagle presentation ceremony, according to George Marcus, troop scoutmaster. The ceremony will include a candle ceremony.

P.O. parking lot to be flattened

The Jensen Beach Post Office parking lot, called everything from Jensen Mountain to other nameless printable, will be knocked down and paved on a flat level, according to information received by The Jensen Beach Mirror this week.

A contract to improve the parking area was let by the real estate branch of the Post Office Department to Taylor Industries of Tice, Florida, owners of the building, to improve the parking lot to the tune of $7,260 on June 13. The firm has 30 days in which to complete the project.

The contract also provides that a ramp with a hand rail be provided on the east side of the parking area.

Peanut League plays Friday

Two Peanut League baseball games will be played Friday, June 20. Games will be at 6:30 p.m. Salerno Athletics at Sunrise Inn and Palm City at Jensen Bank.

These games had originally been scheduled for July 4.

IRJC registers students Friday

Registration for the second summer term at Indian River Junior College will take place on June 20 from 8:30 to 12:00, from 1:00 to 4:00 and from 7:00 to 9:00 p.m.

Classes begin on June 23. There is a July 4 holiday and final exams will be on August 5. Graduation for those completing their requirements in this session will be held on August 7.

Recreation program underway

The summer recreation program started Monday at Langford Park, Jensen Beach.

Forty-five children between the ages of 6 and 15 turned out for the first day's activities, according to Hank Salzler, director of the program.

Activities will start at 8:30 a.m., five days a week and will continue until 12:30 p.m. At 1 p.m., Mrs. John Teter will conduct arts and crafts classes in the new recreation building until 3 p.m.

The morning program will include trips to Jonathan Dickinson State Park, Jensen Beach Causeway swimming, sailboating and games, and a week's ocean science study. Games will include football, basketball, softball, volley ball, socket and other games.

Children in District #1 area may attend the second summer recreation program which is held in cooperation with Martin County school district. The program will run for about six weeks.

Salzler, who directed the program last summer, is a junior at the University of Florida. He lives on Linda Drive, Jensen Beach.

A BIG ONE- George Jammerman, 128 Jeannette Ave., Jensen Beach, proudly holds a 25-3/4 pound snook he caught recently off the St. Lucie Bridge. Jammerman, who has caught many large snook, is an avid snook fisherman, dragging an eelskin to tempt the mammoth fish.

Josephine Torow top prize winner

500 attend cooking showcase at SLCC

Mrs. Josephine Torow, 226 Linda Drive, Jensen Beach, won the $100 grand prize in The Jensen Beach Mirror Cooking Showcase last Friday, as over 500 local residents attended the two sessions of the show at St. Lucie Country Club.

Mrs. Torow was contacted Saturday and notified. She registered surprise, pleasure, and said she had been disappointed when she had not won one of the many door prizes at the afternoon session she attended.

The show, sponsored by Florida Power and Light Company, Publix Markets and General Development Corporation, was the sixth annual show produced by The Mirror. The showcase featured recipes, a meat demonstration, a fashion show and various exhibits from local dealers on appliances and kitchen aids.

Winners of the many door prizes in the two sessions included:

Eva Joyce, 2 Delmonico steaks from Publix; Margaret Ransch, $10 food certificate from Publix; Mrs. P. J. Lowery, Aull's $10 gift certificate; Irene White, 2 steaks; Geraldine Casperson, $10 Publix gift; Joyce Cliff, 3 steaks; Mrs. Warner, $10 Publix gift; Grace Neff, 3 steaks; Mrs. L. C. Nett, $10.50 car tuneup at R&H Motors; Hazel Forsberg, $10 Publix gift ctf.

All The News That Fits In Print

Vol. 9 No. 25 14 Pages | Jensen Beach, Florida - 33457 | June 19, 1969 | $4.00 per year $2.50 per 6 months | Price 10 Cents

DEDICATION SUNDAY- The new Jensen Beach Women's Association building will be dedicated on Sunday at 2 p.m., with an open house of the 3,600 square foot facility immediately following through the afternoon. The program will dedicate the largest meeting facility in Jensen Beach, seating 500 in auditorium style, and 200 at tables. Cost of the building was over $40,000. The parking lot will handle over 100 cars.

Goal is 17% complete

St. Joseph Library completion is seen by advisors in 1970

A library for St. Joseph College will be a reality in March of 1970, it was reported last week by Sister Mary Martha, president. Speaking to the board of advisors at a special luncheon, the college president said that plans for the new facility would be received by July 1 of this year, bids would be let on July 21 and construction would begin August 29.

The advisory committee, which has pledged the necessary $100,000 to build the over $183,000 building (with Federal matching funds) reported that 17% of the building drive was complete. Frank Rooney, chairman of the fund drive and advisory committee, reported that some donations had not yet been turned in to the college office.

Rooney pledged that the committee would have the necessary ten percent of the total building cost by the August 29 construction date. He reported that he had in hand six thousand dollars in donations from individuals. Patricia Murphy Kiernan reported that she had $4,000 in checks.

The advisory committee meeting, held at the home of Mrs. Kiernan, famed restauranteur, heard a report on the new academic year from business administrator Charles Carr. A waiting list for admission to the college was predicted by Carr for July 15. Carr said he expected 325 students in the college in the next term. He reported that the school had been forced to raise tuition to $1,400 per year.

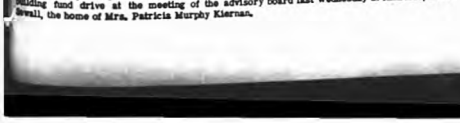
Sister Mary Martha told the committee of a new school term, designed to shorten the Thanksgiving holiday, lengthen the Christmas holiday and end school in May in the next year. According to the new timetable, the first semester will end at just before Christmas, with a one day Thanksgiving holiday. The second term will begin on January 19, and the school term will end in May with graduation.

Freshmen will report for school orientation and preparation two weeks early, on August 19, St. Mary Martha reported. A special testing program, conducted by Florida Atlantic University, will be used in further preparation for students for the rigorous class year.

PLEASANT LUNCHEON- Enjoying the artistry of Patricia Murphy's cuisine at a luncheon for the advisory board of St. Joseph College are, left to right, Frank Rooney, chairman of the advisory board and head of Rooney Construction, Miami; Leonard Usina, president, Peoples Bank of Miami Shores; Mrs. Anne Shepard, executive director of the Martin County Historical Society, and Sister Mary Martha, S.S.J., president of St. Joseph College. Rooney reported that the goal of $100,000 was 17% complete and urged the board members to greater activity in the fund drive for a new library for the college.

LISTENING- Dennis Cleary, of Cleary Brothers Construction, West Palm Beach, and a member of the advisory board of St. Joseph College, listened as Sister Suzanne, of the college, told of the need for a new library and praised the efforts of the advisory board in its fund drive for the library facility, at the recent meeting of the board at the home of Patricia Murphy Kiernan in Port Sewall.

THE HOSTESS--Flanking the hostess, Mrs. Patricia Murphy Kiernan, owner of the famed Patricia Murphy Candlelight Restaurants, are St. Joseph College advisory board members Charles Carr, business manager of the college, and Earl Clawson, president of Clawson Insurance Agency, Miami. The board is seeking funds for a new library for the college.



TALKING IT OVER- Three members of St. Joseph College Advisory Board, John Stepp, vice-president of First National Bank of Stuart; Robert F. McRoberts, Jr., Stuart attorney, and Hames Harper, vice-president and manager of C. B. Artrogast Insurance, discussed the library building fund drive at the meeting of the advisory board last Wednesday at Kinsdale, Port Sewall, the home of Mrs. Patricia Murphy Kiernan.

Begins at 2 p.m.

Women's Club dedication will be held this Sunday

The members of the Jensen Beach Women's Association will dedicate their new clubhouse on Sugar Hill Road at 2 p.m. this Sunday, according to Mrs. Edwin Miller, chairman. The new $42,000 building will be open to the public after the dedication program. The open house will last through the afternoon.

Mrs. Miller announced that Al Walker, well-known local personality, will be master of ceremonies for the day. Guest speaker will be county commissioner William E. Owens.

The program will open with the flag raising on the new flagpole in front of the building. Cecil Branford of the local VFW Post 7066 will direct an honor guard in the ceremony. The national anthem will follow, with the pledge of allegiance led by Ed Snyder, commander of Jensen's World War I veterans.

Rev. Donald Johnson, pastor of Jensen Beach Community Church, will give the invocation and the blessing of the building.

The "outside program" will end with the laying of the cornerstone of the building by JBWA president Mrs. Jean Pendleton, trustee Mrs. Marie Miller, and building committee chairman Mrs. Mildred Skinner. Following the cornerstone laying the audience will move into the air-conditioned building.

The introduction of honored guests will be followed by the introduction of Owens by county commissioner Frank Wachs. Owens will then speak, followed by a formal dedication of the building by Wachs.

Mrs. Pendleton will then respond to the dedication.

There will be the presentation of special awards by Jensen Beach Mirror editor Dick Campbell and Mrs. Miller, followed by the closing of the program by the president.

At special times during the program, and during the afternoon open house, organ music will be provided by Morris Piano Company of Fort Pierce.

All past presidents of the organization will serve as hostesses at the refreshment table, including Jessie Scott, Hilda Costello, Julia Wood, Helen Richardson, Polly Slade, Frances Russell and Hazel Forsberg.

Official hostesses for the day will be Mrs. Pendleton, Mrs. Ray Legg, first vice-president; Mrs. Marian Hill, second vice-president; Mrs. Hazel Heritage, treasurer; Mrs. Alice Millar, recording secretary; Mrs. Hazel Houghton, corresponding secretary, and Mrs. Miller, trustee.

An display will be the new women's club building, designed to seat 500 auditorium style, and 200 in a card party. It will be Jensen's largest community center and will be the center of many local social activities.

The colonial style building, with white pillars at the wide, porch entrance, contains a stage, kitchen and rest rooms, and is air-conditioned and heated. The auditorium itself is acoustically designed.

The building is located on a four acre tract donated to the women's association by the Kiplinger Trust Fund, and is just 1200 feet north of the Jensen Beach Cutoff Road (Commercial Street) on Sugar Hill Road. It is the result of years of saving and promoting by the local association of women. Card parties, fashion shows and special events provided the way and means to build the over 3600 square foot building.

The main room has 2,395 square feet of space, and each of the two wings in the building has 648 square feet of space.

It was on Monday December 9, 1968, that Marie Miller, trustee of the building fund, Hazel Forsberg, president, and Mildred Skinner, building fund chairman, gathered with a group of the members of the association on brass ground to the building. The contractor was Ray Lein, who worked closely with the various committees of the club to bring the building to completion.

P. O. parking lot to be flattened

The Jensen Beach Post Office parking lot, called everything from Jensen Mountain to other names less printable, will be knocked down and paved on a flat level, according to information received by The Jensen Beach Mirror this week.

A contract to improve the parking area was let by the real estate branch of the Post Office Department to Taylor Industries of Tice, Florida, owners of the building, to improve the parking lot to the tune of $7,260 on June 13. The firm has 30 days in which to complete the project.

The contract also provides that a ramp with a hand rail be provided on the east side of the parking area.

Recreation program underway

The summer recreation program started Monday at Langford Park, Jensen Beach.

Forty-five children between the ages of 6 and 15 turned out for the first day's activities, according to Hank Salzler, director of the program.

Activities will start at 8:30 a.m., five days a week and will continue until 12:30 p.m. At 2 p.m. Mrs. John Teter will conduct arts and crafts classes in the new recreation building until 3 p.m.

The morning program will include trips to Jonathan Dickinson State Park, Jensen Beach Causeway swimming, sailboating and games, and a week's ocean science study. Games will include football, basketball, softball, volley ball, socket and other games.

Children in District #1 area may attend the second summer recreation program which is held in cooperation with Martin County school district. The program will run for about six weeks.

Salzler, who directed the program last summer, is a junior at the University of Florida. He lives on Linda Drive, Jensen Beach.

Fireworks softball tourney

The third annual slow pitch softball tournament, sponsored by the Jensen Beach Fireworks Committee, will be held in three weekends in August, it was announced this week by Vince Bocchino and Frank Wachs, co-chairmen of the project.

All games will be played on the two fields at Langford Park. Six games will be played on Friday, August 1, ten games will be played on Saturday, August 2, and eight games will be played on Sunday, August 3. The same schedule will follow on the weekends of August 8-9-10 and August 15-16-17.

The double elimination tournament will field 32 teams from throughout south and central Florida.

Entry fee for each team is $25, with 15-man rosters for each team. First and second place trophies will be awarded by sponsors, Frances Langford's Outrigger Resort and The Jensen Beach Mirror. Individual trophies will be given to first place team members.

Information and entry forms in the tournament can be obtained by writing the Jensen Beach Fireworks Committee, Box 555 Jensen Beach, or by contacting Bocchino or Wachs.

Kevin Brown is first Jensen Eagle

Kevin Brown, son of Mrs. Maurine Brown, of Jensen Beach, will be awarded the Eagle badge, highest honor in scouting, at Eagle ceremonies Wednesday, June 25, at the American Legion building on South Sewanna Road. The ceremonies will follow a special dinner for the families of scouters.

Gulfstream Council officials are expected to attend the ceremonies, including Dr. Frank Holt, council president, and the local scouting executive, Claude Goff. Also, officials of the newly formed Buffalo District will be present, including Jack Williams, president, James Navitsky, vice president, James Litsman, vice president, Judge Mallory Johnson, vice president, and Harold Butterfield, training committee chairman, and chairman of the troop committee.

Also, Virginia Veasie, secretary of the district and Harry Beckman, chairman of the district board of review.

The presentation of the Eagle badge will be the first such presentation in the history of Jensen Beach Troop 801, sponsored by the Jensen Beach Community Church, according to Art Pitman, assistant scoutmaster and advancement chairman of the troop.

All members of the troop committee will take a part of the Eagle presentation ceremony, according to George Marcus, troop scoutmaster. The ceremony will include a candle ceremony.

Peanut League plays Friday

Two Peanut League baseball games will be played Friday, June 20. Games will be at 5:30 p.m. Salerno Athletics at Sunrise Inn and Palm City at Jensen Bank.

These games had originally been scheduled for July 4.

IRJC registers students Friday

Registration for the second summer term at Indian River Junior College will take place on June 20 from 8:30 to 12:00, from 1:00 to 4:00 and from 7:00 to 9:00 p.m.

Classes begin on June 23. There is a July 4 holiday and final exams will be on August 5. Graduation for those completing their requirements in this session will be held on August 7.

A BIG ONE- George Jammerman, 128 Jamnestra Ave., Jensen Beach, proudly holds a 25-3/4 pound snook he caught recently off the St. Lucie Bridge. Jammerman, who has caught many large snook, is an avid snook fisherman, dragging as eelskin to tempt the mammoth fish.

TOP- Eugene Rathgeber, above left, was honor student and Terry Reichert won an attendance award in Mrs. Butterfield's fourth grade.

SLOP DAY- Bruce Fletcher enjoys Slop Day last week at Jensen Beach Elementary School. Sixth grade students were permitted to wear any clothing they chose.

GRADUATING CLASS- Members of the graduating class at Jensen Beach Elementary School are shown above. Left to right, first row, Vicki Addy, Patti Barker, Mary Cross, Pam Oliver, Kim Osler and Rita Banks. Second row, Rhonda Cumpsty, Mary Newsome, Joyce Tilton, Joyce Olney, Paula Lewis, Julie Lynn, Kelley Earle, Jenny Cox, Shirley Bellas and Joanie Yurillo. Third row, Eugene Delancey, Jeff Lamble, Bruce Fletcher, Tracy Walker, Jeff Jacobs, Paul Knuff, Charles Scott, Billy McNulty, Larry Belanger, Robert Sanders, Tommy Bell and Steve Ambrose. Back row, Morgan Sprott, Timmy Landis, James Carter, Gerald MacKey, Mark Specht, Mike Hickey, Billy Hardern, Jack Wright, Garry Gilliland, Kim Bessemer, Paul Bollen, Mike Bussert, Rick Campbell and Mrs. Bassi, teacher.

FIFTH GRADE- Pictured above are fifth graders who received perfect attendance awards. Left to right are Susie Fulton, who also took top honors; Tami Bessemer, Robin Klaesel, Bruce Tooker, Paul Specht, who also won an achievement award; Randy Beasley and Rodney Reichert.

SECOND GRADE- Jon Chinky, center above, was honor student in Mrs. Crews' second grade class. Winners of achievement awards are Jerry Reichert, Wendell Pistole, James Yurillo and Tommy Driscoll.

Board discusses issues

The Jensen Beach Chamber of Commerce's request for using the Jensen Beach Elementary School as an oceanographic center was considered "premature" by the school board at a meeting held Thursday in Stuart.

John Power, executive secretary of the Chamber, in a letter, requested that the board consider using the old Jensen Beach Elementary School as an oceanographic center once the new school, now under construction, is completed. The board thought the idea had foresight for the future of Martin County but considered the idea premature to utilize the school at the moment for other than school purposes.

School Superintendent V. James Navitsky said that when the school is abandoned, the board would be glad to look into this possibility. The new school is planned to be completed in 1970.

The school board met last Thursday to discuss important issues. Robert Hall, former East Stuart Elementary School PTA president, asked the board to consider a negro to fill the position of general supervisor when Mrs. Lillian Dassori retires June 30.

Navitsky said, "The job will be open to whoever qualifies for it. We will hire whoever fits the position the best whether he or she is a negro, white, male or female." Navitsky added that not one negro has applied for the job, and asked Hall to tell anyone he knew interested in the job to apply for it.

Resignations were accepted for June Cromwell, Glennis Hassi, Anne Wildmann, Louise Crulce, Chester Arnold, Linda Vaughan, Charles Johnson, Marcella Grien, Donald Stivers and Elizabeth Trunk.

The adoption of the 1969-70 salary schedule was approved by the board. Teachers aides range from $13 a day with no experience up to $15 a day with experience. The same was established for the substitute teacher. Their salary will be the same as the aides, according to their experience.

Salaries for the regular teachers are the same as last year, except the 1969-70 year will have pure index which was absent in the previous year.

The summer employment of James Ellis, student at MCHS, to work on the audio visual equipment in MCHS during the summer months was approved. Ellis would be able to work on the equipment during the school year with the experience from this summer job, and would be able to aid the teacher in upkeep of the equipment, it was pointed out.

HONORS- Various honors went to these third grade pupils of Mrs. Chapman. Left to right are JoAnn Pollard, perfect attendance; Becky Crooks, achievement; Gene Worthington, achievement; Joey Gould, honor and perfect attendance; Lori Marsteller, honor; Margo Banks, achievement; Greg Jackson, perfect attendance; Morris Chen, perfect attendance; and Jean Bailes, achievement award.

FIELD DAY--Proudly holding their Field Day trophies won recently in competition at Jensen Beach Elementary School are, left to right: Jack Wright, first, walk-run; James Carter, second, walk-run; Morgan Sprott, third, relay; Mike Hickey, second, shot-put. All are sixth graders.

vement award was won by Colleen Driscoll, left, first
e Lynn, Fritzi Rivera, William Shaw, who also won the
hawn Coleman and Roger Welker.

AMERICAN LEGION AWARDS- American Legion Awards were won by sixth graders Bruce Fletcher and Kelley Earle, proudly holding their certificates and medals. Bruce, left, is pictured with his parents, Mr. and Mrs. Wallace Fletcher; Kelley's parents are Mr. and Mrs. Edward Earle.

School year ends for Jensen Beach

Local youngsters were bubbling over with excitement this past week as the 1968-69 school year drew to a close at Jensen Beach Elementary School.

The last three days were especially exciting to the forty-three sixth graders who will be making the big step forward into junior high school this Fall. Monday was labeled Slop Day and each sixth grader was permitted to wear any type clothes he chose. On Tuesday their appearance was entirely different as each went off in his best bib and tucker for a luncheon tea they gave for their parents. Sandwiches, cookies and punch were served, and each mother received a little rose bud corsage. Entertainment was provided by some of the children. Pam Oliver and Kim Osler sang, guitar was played by Paul Knuff, with Walker on drums, Sprott accompanied James Carter, Eugene Delancy and Gerald Mackey on drums while the trio sang.

All school activities were concluded Wednesday, June 11, with Awards Day.

FIRST GRADE- Honor awards went to Freddie Chapman, Curtis Wilson, Marianne Phinney, Robert Dibble, Wanda Bailey, Susan Osler and Scott Shepherd, all first graders in Mrs. Buchanan's class.

Mirror publisher to address IRJC graduates

The commencement address at the graduation ceremony at Indian River Junior College will be given by Richard E. Campbell, publisher of The Jensen Beach Mirror and president of the Florida Press Association.

Graduation exercises will be held Thursday, June 19, at 8 p.m. in the student center.

Martin County graduates include William Frederick Krevitz, Gregory E. Luckhardt, John W. Rhoday and Donna W. Rowell.

Miss Mary Maser, pianist, will provide the music. R. H. Garin, Jr., dean of the college, will confer the degrees, and Sam Klingsbury, dean of administration, will introduce Campbell.

Golf club lease violations cited

The controversial lease of the Martin County Golf and Country Club came in for some comments from County Attorney Dean Tooker last week.

Tooker reported that the committee running the golf course had not turned in reports on income, blaming the lack of county prepared forms, but cited the lease holders for not reporting to the county on maintenance costs, construction costs and on hours in operation as outlined in the lease.

"Some say the course is in better shape, some in worse shape than when the lease was granted," Tooker said. He urged the county to investigate the course to determine its condition. Tooker and County Commissioner Frank Wacha were appointed to look the course over by Commission Chairman Bill Hussey.

In other actions, the county agreed to let Jensen Beach, Hobe Sound and Indiantown hold fireworks displays on July 4;

GAVE unplatted mobile home subdivision lands property owners a year to start work if none had begun, or face a zoning change, and all with no construction in pond areas would be required to live up to new RT regulations adopted at the meeting;

HEARD Commissioner Myers report that all beaches had lifeguards on duty, and agreed to close Sandsprit Park at sundown and limit the park to 150 campers. There were 275 campers and mass confusion at the park over Memorial Day weekend, Myers said. He asked for a pump to replace the one that failed that weekend, and got it;

AWARDED the construction of a roof on a building in Langford Park to Bandy Construction at a bid of $1,000;

PURCHASED two dump trucks for $7,800 and a flat bed truck for $4,179 from Bill Reddit Ford on low bid;

BOUGHT a color advertisement in the Jensen Beach Resort Guide for $175.00;

SET the annual meeting of the board of equalization to hear complaints of assessments on property on August 4 at 9:30 a.m. in the courthouse.

Capt Adams speaks at Flag Day

Spanish-American War veteran, Capt. Francis A. Adams, 95, spoke at the rained-out Flag Day ceremonies last Saturday.

The program, scheduled to be held at Memorial Park in Stuart, was held in the American Legion Harold Johns Post Home.

Adams spoke enthusiastically spoke of the flag and said he hopes Flag Day will become a national holiday.

Recognition went to County Judge Mallory Johnson, who was named an honorary lifetime member of the Minutemen of America, Inc., for his work as judge of the juvenile court. Kenneth Stimmell was also recognized for his sponsorship of anti-Communist legislation when he was a member of the state legislature.

Mrs. Rosaleen Murray was installed as president of the Soroptimist Club of Stuart at a dinner held at Manatee Yacht Club Restaurant last Friday.

Other officers also installed by Miss Peggy Hoskins, Ft. Pierce, were Mrs. Marie Lucas, vice-president; Mrs. Margaret Newman, recording secretary; Mrs. Lillian Dassori, corresponding secretary, and Mrs. Eloise Caster, treasurer. Two-year directors are Mrs. Martha Norton and Mrs. Frances Keith.

'Win Friends' is meeting theme

"How to Win Friends by Telephone" will be the program for the June 19 meeting of the Soroptimist Club of Stuart, a noon luncheon at Holiday Inn.

Mrs. Ruth Miller, Fort Pierce, special advisor for Southern Bell Telephone, will present the program on telephone techniques.

The Soroptimist Club recently gave cash gifts to Stuart Junior Baseball League and Indian River Mental Health Center.

DEMOLAY DOES IT AGAIN- Acacia Chapter of the DeMolays keep up the good work. Members of the civic-minded group, under the able direction of Dad Chris Kalb, have been busy painting the Jensen Beach Arch at SR 707 in south Jensen Beach. The assist is being given to Jensen Beach Garden Club members whose current project is beautifying the Arch. Pictured above, left to right, are Kalb, Mel Walker, Randy Lure and Don Stoorza. Not present for picture but helping with the work were Ken Walker, Rich Jones, Robert Maxey and Kraig Johnson. Serving the youths sodas during the day were committee members Mrs. Charles Munch, Mrs. E. J. Curtis and Mrs. Frank Barton. Showers plagued the painting project.

Duplicate bridge

Mr. and Mrs. T. D. Kelly won the Monday night Duplicate tourney at Stuart Duplicate Bridge Club with 87 points.

Second were Mr. and Mrs. John Watson, 76-1/2 points; third, Betty Mans and Harold Willard, 76; fourth, Ellie Spong and Bernie Sandow, 69-1/2; fifth, Henry Snyder and Jack Alger, 67 points.

Games are played Mondays at 7:30 p.m. at Stuart Youth Center.

Betty Mans and Harold Willard won the Wednesday night Duplicate session with 60-1/2 points.

Second were June Bowling and Lou Collins, 57-1/2 points; third and fourth tied at 55 points, Annim and Edna Olson and Bertha Newsome and Jeanne Newsome; fifth, Jack Alger and Henry Snyder, 53-1/2 points.

Game time on Wednesdays is 7:45 p.m. You are assured a partner if you come alone.

Shaw assigned to Keesler AFB

Airman Robert T. Shaw, son of Mr. and Mrs. Johnnie C. Shaw, 75 Marion Ave., Jensen Beach, has completed basic training at Lackland AFB, Texas. He has been assigned to Keesler AFB, Miss., for training in the communications field.

Shaw, a graduate of Martin County High School, attended Indian River Junior College.

A summer academic program will be held at Palm City Elementary School June 23 through 27, covering reading, mathematics and recreation. This program is available to students of Jensen Beach School.

Mrs. Violet J. Cochrane is a new neighbor, living at 33 Flamingo Drive, Jensen Beach. Mrs. Cochrane and a relative moved into their home here June 9, coming from Lake Osborn Estates, Lake Worth.

Mrs. Cochrane says she will be associated with a local Realtor.

WE CHOOSE TO CONTINUE USING
"PASSBOOKS"
FOR ALL SAVINGS ACCOUNTS

Our depositors can look in the book and check their deposits and interest credits and see their savings grow.

We pay the highest legal rate approved by Banking Regulations.

Interest is computed quarterly and credited to the depositor's account. Therefore, the depositor earns money the next quarter on the interest credited the previous quarter.

Deposits made on or before the 10th business day of the month earn interest for that month and are credited to the depositor's account at the end of the current quarter.

The Bank also offers Certificates that earn 5% per annum interest and are issued in denominations of $5,000 initially and $1,000 any time thereafter to the same purchaser. Certificates are issued for six months and any number of months up to and including 12 months and automatically renewed unless holder presents certificate for payment at maturity.

County gets mobile library

A new $6,000 mobile library has arrived in Martin County.

Built by a St. Petersburg firm to carry 4,000 books, the library will get under way through Indiantown and Bobs Sound early in July.

Applications for part-time operators are being taken in the public library building in Stuart, according to LeRoy Hennings, county librarian.

Lennards have 30th anniversary

Mr. & Mrs. L. W. Lennard, Sr., of 11309 S. Indian River Drive, Walton, will celebrate their 30th wedding anniversary, Wednesday, June 11.

To celebrate the occasion, their children took them out to dinner Sunday, June 15. Attending were the senior Lennards, Mr. & Mrs. G.W. Leonard, Ft. Pierce; Mr. & Mrs. R. A. Folsom, Vero Beach; and Mr. & Mrs. L.W. Lennard, Jr.

ART EXHIBIT- The works of Mrs. William Callan, Port St. Lucie artist, went on display in a one-man show at St. Lucie Country Club's Convention Hall last weekend. Miss Carol Feibrachi, SLCC secretary, assisted in the arrangement of the 15 paintings, impressionistic in style.

Over 100 boats expected for cross-state cruise

Forty boats have made early registrations and at least 100 are expected to arrive here for the July 4 Stuart to Fort Myers Cross-State Cruise, sponsored by the Okeechobee Waterway Association. The boats are expected to to arrive here the afternoon of July 3, for a kick-off dinner at the Castriggar Restaurant, according to Edward st. Benedict, chamber representative.

A call for volunteers to form a car pool to transport the visitors between the docks, motels and the Thursday evening dinner was issued Thursday by Ralph Randall, president of the Stuart Chamber of Commerce. Persons who will help transport these visitors are asked to contact the Chamber office, Randall or Benedict.

Sports licenses expire June 20

Sportsmen should remember June 30, according to the Game and Fresh Water Fish Commission. All permits and licenses issued by the Commission expire at midnight, June 30.

In Florida, a license to fish in fresh water is required of fishermen between 15 and 65. The license costs $3.00 per year, and fishermen may take 75 game fish each day. Bag limit includes 10 bass, 15 pickerel and 50 panfish.

Rusty Spurs

The Rusty Spurs Riding Club held its annual meeting on Monday, May 26th, and the following officers were elected: Elton Shewars, president, Gary Esker, vice president; and Sara Timon, secretary-treasurer. There will three fun shows held this summer on the fourth Sunday in the month with the next show to be held on June 22nd.

Lost in Paris subway

Weeks' tour Europe

This installment was written May 10, prior to the installment printed last week; but Wilder neglected to send it airmail so it took a full month to reach us. Here it is:

"Here we are in Paris, since May 9, but I must tell you how we got to Paris. The camping area where we were parked in Holland had several hundred trailers but most of them were still closed for the season. It appears that the owners just come for weekends and their summer vacations. In summer, this camp has a good recreation program, hiring outside talent to entertain their campers.

The Delft camp overlooked a large river. It seemed there were always three or four tugs and scows moving up or down the river. I would say their tows measured more than 500 feet and the barges were loaded with oil and other materials. It was interesting to see large freighters with lace curtains at the windows and a mother line full of baby clothes.

Camping cost us a dollar a day with no sewer or water connections and no electricity. That was only for year-round leases. In Holland we had difficulty with language in making our wants known. As we had no border crossing incidents till we crossed into France, then we were given the royal treatment. They wanted to know how much money I was carrying in travelers checks and how much foreign money I had, and had to show it. I was beginning to wonder if they would strip me down to my skin. Then they made a superficial search of the car briefly.

We had the address of a good friend in Paris, but did not want to get lost in trying to find the place. Finally, in one of the stops a clerk volunteered to get in our car and take us to our destination. It was 7 p.m., and beginning to get dark. I had visions of lots of trouble, but he knew just where to go and we arrived at the address where our good friend was watching for us with a good hot bath and a meal and it was not long before we went to bed.

The parking problem in Paris is terrific. The only car to drive there is one of their little midgets. I surely felt we were going to get it more than once, but so far, not a scratch. A car is not allowed to park for more than 1 and 1/2 hours in one place, but as we have a foreign license, they seem to overlook it.

We made our first trip on the subway yesterday and managed to get lost. We could not read the directions were given so with my forgotten French I had to ask for a place for which I wasn't sure of the name. Finally, a woman of about 70 asked us in French where we wanted to go. Then I had a brain storm and asked her if she could speak English. With a smile she said, "Main out." Apparently she had been to the United States and was just tickled to death to go along with us to the proper subway change to see that we got on the right line. Incidentally, I doubt if many Americans would have bothered to go so far out of their way as she did for us to go.

Yesterday we went to the Louvre. What a huge place it is. We took a taxi for the first time here. It didn't take us long to get home and the fare sure didn't set any grass growing under the car. I am still wondering how much the ride cost me. One thing that strikes one as queer is the way people shop for their daily needs. The little shops are numerous and people shop almost from meal to meal. We have to always keep in mind our shopping bag, for we would surely end up carrying a batch of newspaper-wrapped arth les.

After spending the morning sightseeing, we dashed a couple of miles to get tickets for the "Man from Mancha" but they were sold out. It is evidently a smash hit here, so I suppose you may be able to see it and when it comes to the U.S.

Well, Yvonne has given us all the time she could spare and a little more than she should be expected to do, so we are winding up our visit to Paris and will be heading for Spain tomorrow. We are very lucky that we had someone to take us around and tell us what to do. It would have been rather a flop without her.

More next week. (T.L.)

****

DISCUSSION--Cliff Ogle and Nellie Cook are caught having a "meeting" this week. The two are now home in Indianapolis.

Ronald Teals have twin boys

This week, Mr. & Mrs. Ronald Teal (nee Kathie Hoke) are responsible for the big news of the week. Wednesday, June 10th, these two future parents of identical twin boys, were weighing in, three, 2 ozs. and having the exact same length measurements. The babies were born in Marth Memorial Hospital, and friends are all happy and excited, and wish them all the best in health and happiness. This makes Harry and Waneta great grandparents for the fifth time, and Genie, grandpa to four boys and one girl. The new babies are Brian Hoke Teal and Brent Maxlee Teal. Congratulations from all in Ocean Breeze.

****

Mary Wall writes from Elkhorn, Wisc., that she has been busy getting her house painted, doing much of the work herself. Mary also says she wishes that it would warm up, they have had so much wet, cold weather that John's garden has not done much yet.

****

Mrs. Sally Schofield of St. Paul, left June 10th to spend five months in their apartment in Glen Cove, New York, and all their friends and those while there, Fred Schofield drove Sally to West Palm to get her plane, and expects to spend the summer here.

****

John and Mae Baker left hurriedly early morning on June 11, for Laurel, Md. Their grandmother, for 11 years, ill in the Providence hospital. They will stay there for one or two months to complete recovery. When they leave they will head for Senior Ehrights at Matthiessen, Pa., where a Holiday Rambler trailer is all ready to receive them. Ehrights have a large trailer park and John will help in the selling of the front, use for the last year, and which he really enjoyed.

****

Everett and Celia Ashley left for Battle Creek, Mich., recently. They have a new 41 trailer developed in the Triumph Trailer Park, at which will serve as their summer home. They have relatives and friends fairly handy with whom they will be visiting from time to time through the summer.

****

A few parts and items were held at Sand Sands last Sunday, June 8th. Mr. & Mrs. Ted Pendleton, Jim & Mildred Skinner, Alice Mitchell and Madeline Manns comprised the party. It really is no question as to when they the water was heated, Alice Miller replied, "Why, it was heated by the sun and it was 86 degrees." They had a delightful time.

LIPIZZONE HORSES- Above are some of the famous Lipizzone horses of Vienna, which Al Warren mentions in his story.

We get letters . . .

From: George and Betty Ryder, 17 W. Main Street, Marcellus, N.Y., 13108.

"After leaving Ocean Breeze at Easter, we spent time in St. Augustine, St. Cannan Ga.; Winchester, Va., Elkrta, Ohio; and Wilmette, Ill. We attended the Northeast Airstream Rally at Bloomsburg, Pa., fairgrounds May 23th to June 2. There we had a reunion with Milt and Hertie Sage and Harry and Ann Bartlin. Sages are doing a survey for Woodall's. then leave to spend the summer in Calif. Bartlets are planning a trip brough eastern Canada. We, the ryders, will spend the summer around central New York state. I had to fly my son-in-law in his appliance business in Marcellus.

****

From Ralph Ortt, Box 184, Kingston, Ill., 60145, June 9th: "I am so sorry I am so late in writing you but I had to go to the hospital for a week after getting home and can't seem to regain my strength.

Our daughter and husband had open house for us May 25th and about 150 friends came. It was a lovely day for us and will always be remembered. We have had such cold weather and so much rain since getting home. Hope it warms up soon.

We are not going to our cottage in Mich., till the last of June as they are having a reunion at the Genoa High School where I graduated 56 years ago, so we are staying to attend. Remember us to everyone." Sincerely, Ruth and Ralph.

****

From Florence and Bill Maskerl, North Adams, Mass., June 9th: "We are having a cool spring but Bill doesn't mind so long as he can fish. Sunday, June 1st reached the 100 mark. As it rained quashed trout, and he is happy about the whole thing.

We have all the friends in the park and as we live across the street from the entrance to the Clarksburg State Park, we see all. We were hoping we shall see some of our friends from Ocean Breeze with a travel trailer." Sincerely, Florence and Bill.

****

From: H. E. Woodruf, Bridgeton, N.J., May 26:

"We enjoy keeping up with our Ocean Breeze friends through The Mirror. We were very happy to see the picture of our spanish Bayonet in bloom as it never blooms through the winter months when we are there. Best wishes, H.E.W."

****

From Werner and Gretchen Bothe, Box 1436, Point Ft., Ft. N.Y., 11768, June 7: Gretchen writes:

"We have been home 7 weeks. We had a wonderful trip here. When we left the southern states, the trees were in full bloom but when we arrived here the trees and shrubs were only starting to leaf out.

We are both enjoying our home. Our garden is beautiful and our mountain laurel and roses are in full bloom. Werner is very busy in his machine shop in the basement--no time for painting yet. Our home is close to the Long Island Sound. The weather here is beautiful."

****

From Marcis Morash, 69 Glendale Ave., Melrose, Mass., 02176, June 6th: Marie Tweed: "I was tired when I go to Fayetteville, N.C., so I stayed five days with a friend and three days with my friends at Springfield, Mass. I hope to go to Maine on the 17th. Lona Merrill wants me to stay overnight with her on my way. My doctor says he thinks I'll be O.K. to drive home in the fall if I take it easy.

Wednesday night, I went to a Senior Citizens Banquet at the church I belong to. It was good to see the folks. The dinner and entertainment were excellent. I had my eyes examined for new glasses and I have to get my driver's license before I go to Maine. Will write a few lines when I get there. Marcia."

****

From Mrs. Ruth Griffith, Box 1037, Dunedin, Fla., 33528, June 9th: "Dear Ocean Breeze Friends:

Thank you for your thoughtful flowers for Thelma." We were all grateful for the many nice thoughtful things her friends and neighbors did for her when she lived there. She loved each and every one of you and I regret so much that she could not have spent her last days there in our little cottage; as she loved it, and all were so kind to her. Gratefully, and with love, Ruth."

****

From: Dorothy Geesler, 900 9th St., Marion, Iowa, 52302, to Bob Morris, dated June 6: "I arrived at my son John's Wednesday. Have been on the go most of the time. Have been to my birth place at Mondior, Wisc., to see my aunt and uncle, and to New Berlin, Wisc., to see the others. I have taken several trips to see the beauty of the hills and trees. We have had hot weather since Memorial Day. Tornado warnings and watches all day Wednesday. 97 degrees with rain that day. I hope all are well. As ever, Dorothy."

****

From Ada Baum, Box 21, St. Williams, Ontario, June 10th: "I had a good bus trip and arrived at S. Olmstead 34 hours after leaving Ft. Pierce and enjoyed seeing the country. It just take a half hour to get a half hour to fly from Cleveland to London, Ontario, so I was tardily settled before I had to get off. Lois and Oz were there to meet me.

The flowers at my cottage are lovely but grass and weeds are over a foot thick. I am told they have had rain almost every day and there has been considerable rain since I arrived. I have not gone out to their boats yet, but I enjoy watching them from my position on the hill who knows looks the lake. Every year there are more boat houses and more trailers. They tell me it is against the law in Canada to build a cabana or to a trailer. One can have a patio and awning. Sincerely, Ada." (We are of the opinion that the cabana law also refers to apartments only. To restrict all area. Ed.)

****

Mrs. Cecile Harlow received a letter from Mrs. Holcombe telling her that Mrs. Mattie Beatty Kottcamp entered Mtn. Redeemer Hospital, June 11, where she is to have surgery. The address of the hospital is Huntington Pike, Huntington, Valley, Pa. Best wishes for a speedy recovery, Cecile, from all.

****

Mrs. Joe McSamara of Cedar Trail received a letter from Mrs. Carl Neal, Dan Diego, Calif., inquiring about Joe, who injured and was taken to the hospital. Carl had had news of the death of a neighbor and had time to write Mrs. Mac.

****

Mrs. Mattie Hill writes from Amsterdam, New York, that she has a safe trip to Tampa and found Mr. Hill, daughter and husband, and friends all well and happy. Mattie also writes that she has been to Kansas to see the folks and she arrived safely.

****

Mrs. S. Mrs. Lawrence Sheffield, Broad, Ind., as their only grandson, Lawrence the 3rd, of Black Duck, Minn., will receive Air Corp Basic of the year and will graduate. He is stationed at Lackland, Texas, which he finds very hot after the Minnesota weather.

****

Mrs. Mary Rogers, a friend of Tennie Sheets and her mother, Mrs. Hoyle Sheets, who was a visitor at the park, was taken to the hospital with leg injuries received in a fall. Mary's friends here wish her a speedy recovery.

****

Mrs. Mary Nerve, who is employed at the St. Joseph college during the school term, left June 6th, for Chicago, Ill. Mary was accompanied by her grandson, Tommy, who then flew to relative his grandmother of some of the sights of the warmth.

****

Mrs. Mary Nerve, who is employed at the St. Joseph college during the school term, left June 6th, for Chicago, Ill. Mary was accompanied by her grandson, Tommy, who then flew to relative his grandmother of some of the sights of the warmth.

****

Mrs. Violet Ang rematch and June 10th, was treated with her family and friends in N.J., Mr. & Mrs. Jerry Beagle drove to Wisconsin to meet their son who arrived by train.

****

Mr. & Mrs. Jerry Beagle, Mr. & Mrs. Fred Schmidt, and their friends, Mr. & Mrs. Clarence Madtes of Stuart, celebrated Memorial Day with a picnic on the Jensen causeway.

****

On June 11th just as soon as school was out for the summer, Rhonda Cumpsty joined her parents who were all packed to leave, and the three left for their summer home in Newfane, N.Y. The Cumpstys live across the street from Rhonda's grandmother, Mrs. Bowen Cumpsty, who lives here for many seasons

Little League has cookout

The Port St. Lucie Little League Cook Out was held Saturday, in spite of the bad weather, however, it had to be changed from the ball park to the Marina.

With the weather finally clearing later in the day, the children played volleyball, softball, and had a tug of war.

After the dinner, many people went to the ball park where one team of Little League players was made up for a softball game against the parents. In spite of the parents being out of shape, they still won the game, 18 to 9.

Phil Register was awarded the $5.00 prize for selling the most tickets, selling a total of 14. Approximately 250 people turned out for the dinner.

The Little League would like to take this opportunity to thank the residents of the community for their support in this project.

****

Anyone who ordered pictures of the community banquet at the Country Club, the pictures have arrived and can be picked up at the Marina at your convenience.

LITTLE LEAGUE COOKOUT- Preparing to serve a long line of hungry youngsters and adults are, left to right, Mrs. John Gordon, Mrs. H. C. Dixon, Mrs. Durrell Brient and Mrs. Wayne Register.

STATE CONVENTION- Members of the Veterans of World War One and Auxiliary attending the state convention were, back row, Harold Pursell,Bill Pfau, Peter Specht, and Bill Jacobson. From row, Helen Pursell, Olive Marshall, Heide Specht, and Molly Jacobson. Missing from the picture were Leo Malone and Duncan Rankin.

Veterans attend convention

The Port St. Lucie Barracks 8930 of the Veterans of World War One and their auxiliary were well represented at the state convention held in Tampa, June 5, 6, 7, & 8.

The following delegates represented the Barracks: Commander Harold Pursell; William Jacobson; Duncan Rankin; Peter Specht; Leo Malone and Bill Pfau. Walter Marshall also attended as a guest.

The following delegates of the Auxiliary attended: Olive Marshall; Molly Jacobson; Heide Specht; Helen Pursell, Dorothy Rankin attended as a guest.

There were approximately 1200 delegates from every city in the state of Florida present for this annual affair. The convention closed with the installation of elected state and district officers. William Jacobson of Port St. Lucie was installed as commander of the second district of Florida.

****

The evening swimming session starting Tuesday at the North Port St. Lucie pool and will be held again tonight (Thursday) from 7 to 9 p.m. All adults in the community are invited to come and join in on the fun each Tuesday and Thursday evening. These evening swims will continue all summer, so drop in whenever you have the opportunity.

****

The young adult cook out for this month will be held on Wednesday evening, June 25, 7 p.m. at the Marina.

Shuffleboard Club sponsors July Fourth celebration

A special meeting of the Shuffleboard Club was held at the Marina Tuesday, June 10, when president Ed Chapman asked for a progress report on their sponsorship of the 4th of July celebration to be held at the Marina.

The following reports were given as of this date; The Junior Women's Club, co-sponsors of the event, will handle the annual parade and children's games; the Veterans' of World War One will have a booth for the sale of hamburgers, hot dogs, and soft drinks; the Beautiful Waters Homemakers Club will have a bake sale; the Shuffleboard Club will have a white elephant sale in addition to the tickets which are being sold for the raffle of a color TV set; the Friday Night Gang will have bingo games; Little League will have their concession of pop corn, etc.; the Anglers Club will give a donation and have a ring with casting demonstrations; the P.S.L.-H.P. Homeowners Association will solicit new members and give a cash donation; there will be booths for fishing, bean bag throwing, penny pitching, bottle game and darts. Some of the other clubs in the area have yet to report their activities for the celebration.

An amateur show is being planned for some time during the evening, also outdoor square dancing. The wind-up of the celebration will be fireworks donated by General Development Corp.

Volunteers are needed to handle the amateur show, set up the booths and to be of help wherever needed.

For additional information, contact Dave Gessner at 464-3191, Ed Chapman at 464-3690, Cedric Benz, at 461-3255, or Ethel Krall, 464-4618.

The proceeds for this year's celebration will go towards construction of new shuffleboard courts at the Marina.

****

A special welcome to newcomers, Mr. & Mrs. Paul Fletcher of 776 Saadia Dr. The Fletchers moved here from Boston, Mass. Mr. Fletcher is a retired employee of the Bulfrite Rubber Co. They have two children, one living in Ohio, the other in Calif. They also have a total of 4 grandchildren.

****

The U.S. Coast Guard Auxiliary, Flotilla #55, Port St. Lucie, will hold their monthly meeting on Thursday, June 19 at 7:30 p.m., at the Marina. After the regular order of business is taken care of, a motion picture entitled "Iberclass" will be shown. Since a majority of the boats in this area are made of fiberglass, this film should be of interest to boat owners. Refreshments will be served following the film.

****

The President's Council will meet at the Marina Thursday, June 19 at 2 p.m. All members are urged to be present, since this will be the last meeting before the 4th of July and final plans for this all-day affair must be made. Other very important matters of business are on the agenda, so please make your plans to be there.

Sea Explorer Troop to hold car wash

The Port St. Lucie Sea Explorer Troop 498 will hold a car wash on Saturday July 12, from 9 a.m. to 3 p.m. The location will be the Port St. Lucie Exco station.

Mike Bryson, Club boatswain, says that each car will be completely washed, including windows, tires, rims, etc. They will be vacuumed, also.

The club now has a total of 12 members, and with all members expected to help, they anticipate setting up three lines which will mean that no one will have to wait too long in line.

Dave Gessner, skipper of the troop, says that he hopes as many as possible will stop by and have their car washed. He further explained that the only way the boys have to make money is through special projects such as this.

BRIDAL SHOWER--A bridal shower was held recently for Miss Barbara Purcell. Pictured above, left to right, are; Mrs. Rubye Purcell, mother of the bride-to-be; Mrs. Beth Gessner, hostess; Miss Purcell, Mrs. Bob Adkins, mother of the groom-to-be.

Bridal shower honors Barbara Purcell

Miss Barbara Pursell, who will become the bride of Donald Adkins on June 28 was the guest of honor at a miscelleanous shower on Thursday evening held at the home of Mrs. Dave Gessner.

Hostesses for the evening were: Mrs. Gessner and her two daughters Robin and Suzanne.

Those attending were; Mrs. Milton Auth, Mrs. Archie Clarke, Mrs. George Minner, Mrs. Andrew Bagamery, Mrs. Ted Kirk, Mrs. Mel Skaggs, Miss Cindy Skaggs, Mrs. Ted Gillen, Mrs. Mel Broom, Mrs. Bob Adkins, Miss Julie Myer, Miss Betty Purcell and Mrs. Douglass Purcell.

Those unable to attend but sending gifts were; Miss Mona Hazeliet, Mrs. David Long, Mrs. Howard Bickford, Mrs. Neil Radabough, Mrs. John Clyatt, Mrs. G.B. Hallstrom and Cindy Hallstrom.

The bride's chosen colors of blue and white were used throughout in the decorations and refreshments.

Junior Women to improve Youth Center

The Junior Woman's Club of Stuart has undertaken as its main community improvement project this year, the Stuart Youth Center. The club [illegible] met at the center for their last meeting and Jim McMahon, manager of the center, took them on a tour of all the rooms. It was found that the whole place had a rather run-down appearance. Inasmuch as this is the only place in Stuart for young people to meet and amuse themselves, it was decided the whole building would receive a face-lifting.

The club set aside enough money in their budget this year to paint every room in the building and to make drapes for every room. They have sent letters to other organizations for help in painting for which "paint parties" will be set up during the months of July and August in the hopes of having the job done by the time school starts.

Carrier resigns

Jensen "Star Route" becomes confusing "rural" on Saturday

The Jensen Beach "Star Route" mail delivery becomes a regular rural route this Saturday, and the post office is not certain who will carry the mail. Acting postmaster Ray Lorenz said a "temporary substitute", Brian Daly, will be trained to carry the route for two weeks.

The change from "star" to "rural" came about due to the growth of the route. Since star route carrier Joe Roberts, Jr., took over the route of his father a few years ago, the motorized delivery has jumped from 300 patrons to 650 patrons. The Robers family held the route for 13 years.

The change was advertised, and Orrie Newsam, a popular postal employee in Jensen Beach for many years, won the contract. It was based upon the new civil service requirements of the postal service. Newsam rode the route with Roberts on Tuesday, and quit on the spot.

"It was too much to handle," Newsam said. "I tried it for one day, but couldn't do it. Some day soon part of the rural route will be put into the city route, cutting it down, but I would have to wait for that reduction."

Newsam said that Roberts was helped on his contract star route by his father, but he would have no one to help him.

The route covers Hutchinson Island, Holiday Out, Sewall's Point, Rio, the east side of U.S. 1, north of North River Shores, Beau Rivage, north on U.S. 1 to Walton Road, Walton, Eden and Indian River Drive, Mars Hill area and back to Jensen Beach. It is about 53 miles long.

Lorenz said that the Atlanta office of the postal service would advertise the position in a few weeks for a new carrier.

BUILDING BLESSING- Rev. Donald Johnson, pastor of The Jensen Beach Community Church, blessed the building in the service of the community in dedication ceremonies of the new church on Jensen Beach Boulevard in Jensen Indian Hills last Sunday. At left of Johnson is program chairman Albert Walker, and at right, one of the club hostesses Mrs. Amalia Millard. The complete story of the clubhouse dedication, including pictures and history, is on page 8.

Notes

The summer recreation program at Langford Park, Jensen Beach, is in full swing. Activities, under the direction of Hank Salzler, run from 8:30 to 12:30 daily. Mrs. John Teter conducts arts and craft classes from 1 to 3 p.m.

***

The third annual slow pitch softball tournament, sponsored by the Jensen Beach Fireworks Committee, will be held on three weekends in August.

***

Frances King, member of Art Associates of Martin County is exhibiting her works this month at the Bank of Stuart. Edith Aldrich will exhibit in July.

Monday deadline for Mirror news

The Jensen Beach Mirror will close its regular edition on Monday, July 1, in anticipation of the Independence Day holidays and to allow The Mirror families to enjoy the holidays of the Fourth.

***

Postmaster interviews continue

A special investigator for the post office department was in Jensen Beach this past week interviewing local residents about candidates for permanent postmaster of Jensen Beach. The investigator refused to comment on the possibility of naming a postmaster, saying only that he would forward the results of his interviews to the Atlanta office of this district for evaluation.

Known to be in contention for the postmastership are acting postmaster Ray Lorenz, Harold Salzler and Charlotte Rynski, both career postal employees.

The Jensen Beach Post Office has been in a limbo of a permanent postmaster for years. Contacts with Congressman Paul Rogers and Senator Edward Gurney proved fruitless, as each referred to the new policy of the president for postal employees. The policy has not yet been completely formulated, but local postal employees indicated that the policy will take such matters out of politics and place such appointments on a civil service and tenure basis.

Fishing report

The fishing report for last week is as follows:

Don Cook, 10 3/4 lb. snook; Harry Anderson, 1 blue, 1 spade, fishing off the Jensen Bridge; Wm. Boyce, 3 trout, also fishing off the Jensen Bridge; George Johnson, 8 trout, plug casting; Irving Fisher, 3 trout; Dick Rose, 10 bottom fish; Ed Curtis, 12 trout; Russell Bolton, 10 snook, released 6; 2 tarpon, 2 jacks, trolling at the south branch of the St. Lucie River; Frank Morgan, 2 trout; Ollie James, 4 snook, casting from a boat on the St. Lucie River; Ed Wagner, 4 trout; Lester Moody, 1 snook; George Toppin, 2 trout; Dan McCam, 25 trout, plugging from a boat on the Indian River; Russ Bolton, 7 snook, released 3, 2 trout, 1 9 lb. jack, 1 snapper, 2 tarpon.

Also, Bob Green, 4 trout; Dick Hoke, 12 sand perch; Don Robertson, 1 8 3/4 lb. trout; Bill Herzog, 3 snook; Russ Bolton, Dr. Manser, Chas. Kessler, Buddy and Scott Luster, 3 snook, 1 tarpon, 3 snapper, 81 whiting, and 4 sand perch; Bob Jaggi, Tom Kalbrier, 7 trout; 10 ladies, 7 drums; George Jammerman, 1 20 1/4 lb. snook; Lou Papeldiero, 4 trout; Dave Hill, 9 trout; Jack Akers, 2 trout, 1 snook; Mr. Welsh, 2 snook; Roy Meyers, 2 snook, 20 lbs. each; and Warren Kendel, 14 whiting.

Also, Jack Hopkins, 4 snook; Bill Wilburn, 5 trout; Ed Wagner, 2 trout; Bob Robertson, 4 trout; Irving Fisher 4 trout; David Hill, 4 trout on live bait; Russ Bolton, 12 snook, released all; 1 tarpon, 1 croaker, 1 snapper, trolling north fork of St. Lucie River; and Lou Papeldiero, 10 trout on live bait.

Steve Rohelser reports he caught 2 stingrays, 1 75 lb., 1 50 lbs., plus bottom fish; George Savo, various bottom fish; Jim Jones, 2 snook,

'Boyfriend' has local character

Local personalities interested in drama and acting will take part in presentations of The Seminole Players. The Players' ensemble is made up of both a Stuart drama majors from the University of Miami, have established the Indiantown Summer Theater.

Taking part in the first musical comedy presentation, "The Boyfriend", are Steve Batchelor, Jensen Beach; Nancy Lenehan and Doris Thurston, Stuart; Julie and Melissa Hosier, Sewall's Point; Rosemary Hosier, Jupiter, and Patty Bertelli, Palm City. "The Boyfriend" will run from July 2 to 5 at the air-conditioned Seminole Inn Indiantown. Curtain time each evening is 8:15 p.m.

"Barefoot in The Park", opens on July 9-12 at 2 "The Life and Death of Sonny Liston", July 16-19, will round out the schedule.

The 1969 season memberships will be parties of "in the round." A season of this was those for the opener because of the musical also and, according to Jill Nicholson, a drama student acting for her father's duties.

Tickets, which are on sale at The Jensen Beach Mirror office, are $6 for adults and $4.50 for students for all three performances. Single admissions are $2.50 adults and $1.75 students. The theater holds 120 persons.

Members of the company include Jan Mottern, graduate teaching assistant in the Department of Drama at the University of Miami. He is the executive producer of the Seminole Players.

Julie Nicholson is company manager, music director and performing artist. Cassily Adams is director of "The Boyfriend" and production coordinator for the Players. Property master is Dave Carr, Jr., member of the Straw Hat Players, where he will return after the season to direct the comedy of the Players is Tony Rosato, who will join the Straw Hat Players in Tennessee.

Other artists in the town of Stuart, members of the Seminole Artists Guild.

The above members will take part in all three productions.

Steel plant approved by MC zoning board

The Martin County Planning and Zoning Board approved an industrial zoning request for Seaboard Coast Line Railroad and Southeastern Investment Company on Thursday night.

Arthur Barrow, representative of the land owners, pointed out that the land has been owned for years by Seaboard, with the intent to use the land for industrial purposes. The land, totalling 151 acres, is now zoned agricultural. It is to be sold to Florida Steel Company for a new electrical rolling mill.

The zoning changes will be M-1, M-2 and M-3. The zoned area will be used for the heavy industrial work in land zoned M-3.

All land owners within 300 feet of the 151 acres were notified by registered mail of the sale, according to Barrow. There have been no real objections to the sale, he said.

The following actions were taken by the Martin County Planning and Zoning Board at its June 19 meeting:

APPROVED application of Charles A. Edwards and Arnella Smith for a zoning change from Interim R-3 to South Port Harbor, an assisted subdivision.

APPROVED application of Calvin Parker for zoning change from A-1-A to TP in St. Lucie Inlet Farms Subdivision.

TABLED upon advice of St. Lucie Marine Inc. for zoning change from R-3 to R-3A in Rio, lying south of FEC Railroad.

APPROVED application by Seaboard Coast Line Railroad Co. and Southeastern Investment Co. for zoning change from agricultural to M-1, M-2 and M-3 in Indiantown.

TABLED for workshop discussion building heights between the ocean and turnpike; request by board of county commissioners for zoning between the bridges, and zoning classification to accommodate a cemetery other than A-2.

Marina zoning is opposed by Combs

A request for the rezoning from R-3 to R-3A for St. Lucie Marina, Inc., was discussed Thursday night at the Martin County Planning and Zoning Board's regular June meeting. St. Lucie Marine, Inc., has planned a marina which will hold 250 boats, to be located between WSTU and the creek in Rio.

The proposed marina will have two buildings which will be 40 feet high, 180 feet long and 144 feet wide. It will house boats in dry docks and will be open only to marina customers.

The only difference between R-3 and R-3A is that under R-3 the marina could exist, but not with boats in dry dock. The change to R-3A was requested so that the new marina could keep boats for repair in dry dock.

Objection to the proposed marina came from Lester Combs, owner of WSTU. Combs, along with other residents of Alice Avenue, said he felt that the marina would spoil their land values and the appearance of the area. Combs, who also owns cottages near the proposed marina, said he feel that this would ruin his rental business.

Combs said, "Who wants to look out the window and see a steel wall? No one will get any kind of view or breeze with a building that goes 40 feet into the sky," Combs added, "Please do not downgrade our property. This land can still be fully utilized with apartments or a marina like the Ai- horace, which is very attractive. If you have an elephant in your living room, no matter what color it is, you still have an elephant in your living room."

The proposed marina was designed by Dale Alexander, who said he has designed many others of the same type all over the state. Alexander said, "It will be very attractive, with shrubbery around the building and will not look like a barn."

The owner of the marina is Richard Fleming, who hopes to get the R-3A zoning soon, he said. "The sooner I'm now getting boat slips, the better off I am. I have $100,000 tied up in this. I have boats in storage with no revenue coming in."

The zoning board asked Fleming to bring more plans so the members could see just what the was planning to build. The board will then agree t the plans of a special zoning meeting to be held at 7 p.m. Thursday. The meeting is open to the public. The board will decide at that time whether to grant the R-3A zoning for the complex at the July meeting.

Letters must be signed

The Mirror has in past weeks, received a increasing number of letters to the editor, letters to "Beyond Comment" and letters to "No Name Required" that have been unsigned, sent in envelopes with no return address.

In most cases, the letters criticized someone or some organization for something done or not done.

The writers have a right to be heard, but must sign their letters. The Mirror will withhold the name of the person on request but the letters must be signed to be printed. An letter in good taste will be printed, but newspaper policy prevents The Mirror from printing unsigned letters.

People certainly have a right to voice an opinion to The Mirror. But they must stand beside their opinion.

Post office decision soon

Door-to-door postal delivery is planned for Port St. Lucie

Baseball scores

June 1 Thursday Tire 12, Hawks Flooring 5, Simmons pitcher, Bradley, catcher.

June 22, Sunday Roofing 10, Stuart Garage 4, Wilson pitcher, Wright.

PONY LEAGUE

Pairs 11, Jensen Lions 2, Winning pitcher Bud Jones.

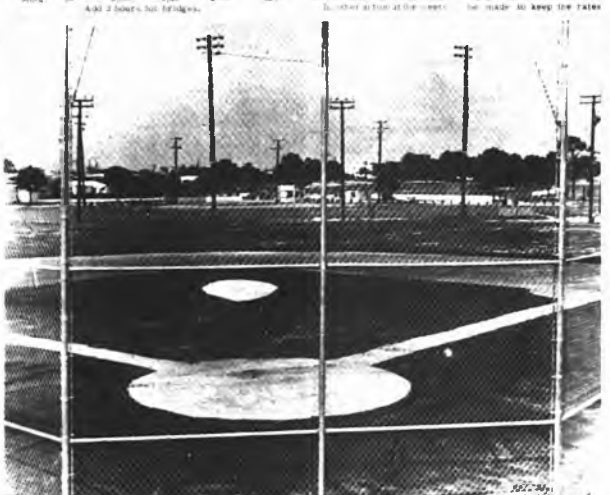
PEANUT LEAGUE

Sat., Holiday Gulf 9 Sunrise Inn 4, Todd Bartlett, p. Hole Sound 20, Holiday Gulf 2, Brad Myers, p.

PONY LEAGUE

RESULTS

Kiwanis 7, Jensen Elks 6, D. Aldi, winning pitcher.



NEW BALL FIELD- This is the new baseball field at Langford Park, Jensen Beach, looking toward the second field in the background. The sodded interior of the field is in excellent condition for play and baseball league officials are just waiting for the outfield grass to get into shape for play to begin on both fields.

Walter Scotts take cruise to Jamaica

Walter and Alva Scott returned Monday, June 16, from their Jamaica tour after five days of high living and enjoyment on board the Jamaican ship. In the shade of the Royal Poinciana trees back of Mr. Scott's mobile home on Jensen Beach Dr., we sat down and Walter told me about his trip that night. The next day, Sunday, was Father's Day, and my wife, Alva, gave me a very acceptable pair of binoculars. Apparently, my two daughters and Alva had rocked this up between them and Alva had brought the present along for this special occasion. We had religious service on board and we thought the sermon was quite thought-provoking.

A masquerade dance was held the last night aboard and there were two cocktail parties during the trip, one was sponsored by the captain and the other by the travel service.

We docked at Miami about 10 a.m. Monday and found our bus waiting for us. Our bus stopped on the way home so we could get a lunch. Some people did, but we came right home. By the way, we had no trouble with customs. In fact, the service all around was excellent."

****

"About noon Wednesday morning, June 11, the bus picked us up in front of the park and we were away. We found we were the only ones from Ocean Breeze. The whole bus load were from the Jensen-Stuart area. Helen Englebretson represented the Jensen Beach travel service, and what a wonderful job she did. She was eternally looking out for the comfort of her group and much of the enjoyment of the trip was due to her supervision.

We boarded our ship at Miami and the ship left the dock about 4:30 p.m. School was out so it was not surprising that quite a proportion of the passengers were young people- some girl scouts. We old codgers like to see the young people having a good time. Well, they had it. Among other amusements and recreations, Bingo was played every day. Alva won $10.00 for a four-corner Bingo while Bill Middleton was the fortunate winner of the big jackpot of $190.00. Bill Middleton, for the information of those who do not know him, was a popular resident in Ocean Breeze for fifteen or more years in the early years of the park. Now, he and Mrs. Middleton operate the Palmetto Apartments on West End Blvd.

We arrived at Kingston on Friday. After the noon meal we took the tour of the straw market, the Hope Gardens and the mountainside residences to the east of the town. After dinner on the ship that evening, we had an excellent show put on by local talent. One dancer demonstrated how he could control each individual muscle in his body, and demonstrated how he could pass under a bar resting on the tops of two coke bottles without touching the floor or the bar with any part of his body.

Saturday morning we arose early to see the ship entering the harbor at Port Antonio. We thought it was a wonderful sight with the mountains seemingly circling the bay. There were two disappointments for us at Port Antonio. It rained most of the day we were there, also the raft ride we had looked forward to, was cancelled. Apparently they have had some exceptionally heavy rains which carried the rafts away and smashed them. We walked around down town, about a mile, and saw the straw market and the farmer's market.

We started on our return trip that night. The next day, Sunday, was Father's Day, and my wife, Alva, gave me a very acceptable pair of binoculars. Apparently, my two daughters and Alva had rocked this up between them and Alva had brought the present along for this special occasion. We had religious service on board and we thought the sermon was quite thought-provoking.

A masquerade dance was held the last night aboard and there were two cocktail parties during the trip, one was sponsored by the captain and the other by the travel service.

We docked at Miami about 10 a.m. Monday and found our bus waiting for us. Our bus stopped on the way home so we could get a lunch. Some people did, but we came right home. By the way, we had no trouble with customs. In fact, the service all around was excellent."

****

SAGO PALM- At first glance, one might think this is an elongated pineapple or maybe an ear of corn. This Sago palm bud is twelve inches long and eventually it will burst open and a new batch of fern-like fronds will uncurl.

THE EASY WAY- Jim Williams is breaking in the new riding mower. The new mower covers a lot of ground in a short time and saves the operator's legs, but as Jim said, "You still have to work it."

From Paris to Spain

Weeks' tour Europe

Wilder and Margaret Weeks are touring Europe. As this installment begins, they are traveling from Paris to Barcelona, Spain, and are in south central France.

"This trip down through central France is through very hilly and mountainous country. Tremendous ups and downs, and of course, beautiful scenery. Our money is going pretty fast. I am glad we are doing our own cooking, but the buying groceries, cooking and housework does consume time. It sure is nerve wracking to go through some of these large cities. The streets are so narrow and there are so many scooter bikes, bicycles and little cars all coming from every direction, and pedestrians. No one seems to think they might get clobbered or run over.

"Toulouse is a town of 400,000 and we sure got lost in it this morning. I am sure glad we picked a camper instead of a trailer for over here. We can stop any where to cook our meals.

"We got a real surprise when we reached Carcassonne. We found it was a medieval town, fortified with large walls and towers. From a distance it looks like one of Walt Disney's creations. We are going back in the morning to take some pictures of it. It is a real medieval sight. We parked the car and walked all afternoon in the center of the city which has been taken over by shop keepers which sort of spoils the effect.

"We are camped in the local municipal park. It is level and very well kept. I would guess there are about 20 campers here. Some must have to carrying parks in their backs, as the summer season is starting.

"Well, I have been half scared to death. First, Margaret fell down in the toilet and got her self all wet and sexy, and the other day she tried to cut her finger nails. This morning she started to cut the nail on the third and cut another finger. She has it in hot water now. I thought we were going to have some awful weather when we hit southern France, but it has turned cold and we were really not too warm in the camper. I intend to put a gas heater in Spain where they are supposed to be cheap. I will also get another bottle of gas.

"The amazing thing to me is the number of cathedrals in this country. I can't understand where the money came from to build such buildings. Every town of 10,000 or more has one. We notice that all these towns are modernizing the newer parts of towns and they are heating us at building condominiums.

"When we were within 15 miles of Barcelona we called Irmgard. She was expecting us and I thought it would be easy, now we had their address. A filling station attendant tried to find it in a 1964 telephone directory and gave up. However, after many detours, we managed to get there in the time I said we would.

"Well, either some one did a lot for the Escaroli family or she is planning to come to the U.S., or it could be Spanish hospitality, but we were really taken around, and it was almost impossible to reciprocate in any way. We spent a most enjoyable four days in Barcelona. We were delighted with the trip up Mount Monserrat, although I was scared to death with the way you have to drive to get there. We were delighted with all the places she took us as we went there. We ate in those places and I am sure I have added five more pounds. I won't say their apartment is in the neighborhood of a $50,000 deal here in the States. Enormous rooks and a penthouse deal. We also got to see their fourth apartment and the towns of Sitges and Tarragona, on the Mediterranean coasts. We were going to leave a day earlier but they insisted on our staying, which we did not want to do as we do not have much time before we will be picking up the grandchildren.

"Today is Saturday and we are parked on the square of Urdillas about 20 miles from Bilbao. We happened to look down one of the side streets leading to the harbor and were entranced by what we saw. The whole of the waterfront was taken up by women sitting on their families mending nets, and many colorful fishing boats tied up. A fisherman's wife told us they did not go fishing on Saturdays or Sundays. It was all interesting, but we had to push on as we wanted to get to Bilbao that day. Again we needed cash and no banks would be open till Monday morning. Again my knowledge of Spanish came in very handy and I was sent to a travel agency where they cashed my traveler's checks at once.

"We found the trip from Burgos to Santander over mountains, most interesting. At the foot of a mountain we saw a man selling fish out of a truck. We offered to buy some if they would clean them. One of the women, who was talking a stream of Spanish, took them from the man into her house and cleaned them, and simply wanted me to take her picture in return for the favor. In the same village we saw some women washing clothes in the river and they smilingly let us take their picture. The people here are much more willing to have their pictures taken than in Mexico. I took several pictures of people cleaning along with burros without any objections. The weather has not been cooperative for picture taking. It is often stormy or cloudy or no chance to pull off the road.

"There is a beautiful harbor at Santander but we didn't stop. It was blowing and cold. Today has been alternately cold and sunny of raining. In fact, it has been like this most of the trips. You would think we were in New England.

"Well we finally got to the road to Madrid and reached Zara gossa. Beautiful scenery on the way. Mountains, valleys, and vineyards galore. I can't say I relished going up and down so many mountain roads. At one place there was a truck coming up on the road at the highest point of one mountain, on a curve. We were the luckiest couple.

The VW rode right around that truck, with power to spare, and there were at least six trucks that didn't make it.

"We camped outside Madrid at the Osuna Trailer Park and were pleased to only have to pay $3.50 for three days stay. We are continually meeting people from the States and Florida. One from Canada gave us a square dance schedule so we can have our fill of square dance. We spent a half day touring the Royal Palace where we saw the most beautiful and ornate set of rooms we ever saw. We took the long tour and it was half a day well spent. We thought the scenery near Madrid and toward Segovia, it is decidedly mountainous between here and Santander. I wish there were more pull off places as it is the last serious to look at scenery half a mile down the mountainside while driving."

More next week. Tnx

****

Mr. & Mrs. Don Jarvis of Maisleaux Drive, left last week with their camper to enjoy the N.C. mountains, then to Ohio, Indiana, and wherever their fancy takes them.

****

Louis and Hessie Klein left for Akron, Ohio, June 18th. Their son and daughter-in-law came down last Saturday to take their parents home in the car. They will be stopping at Greensborough, N.C., to visit relatives; also they expect to spend the coming week end in Va., with other relatives.

****

Mr. & Mrs. Fred Tyler returned last Saturday, June 14, after a week's visit with relatives at Eustis, 25 miles north of Orlando, Fla. Those cousins have a home on Crooked Lake surrounded by an acre of lawn dotted with large live oaks. Although this is in the "peach country" area, the Southy like their trees clean, so they have had the trees removed.

****

Glenn and Kathryn Rogers of Vista Drive left on the 18th are expecting their daughter Margaret to arrive in Akron about June 25. Margaret taught school in Okinawa for one year and for the last two years she has been teaching the elementary grades on the Department of Defense Air Force base at Lakenheath. Her parents expect her to visit them shortly.

****

Charlie Morgan of Vista Isle, is leaving for Norman, Okla., for a month's change of scenery. While there he expects to visit Ed and Martha Steele, Mr. & Mrs. Delano Hoover, and friends on the Green, but Greg.

****

Alma Hunter left Tuesday, June 24, for her home in Akron, Ohio. She is taking Mrs. & Mrs. Al Knudsen of Bel Air and will leave them at Havanna, Ohio.

****

Harold Bonifant and Ft. Tyler left on this their fourteen year in the area for the summer months. They have just finished cleaning their boat and it is now ready for the annual ritual of hauling the boat valley-ted through the winter months. This is the fifth time it has been cleaned in nine months and they anticipate two gallons of barnacles on the bottom.

****

Sam and Ina Koslow left Wednesday, June 18th, 1969 for Millan, Mich., where they will visit their daughter, son-in-law, and four grandchildren. Later, Koslows intend to spend about two months at a lake resort in Mich., before returning to their home here.

Lions Club installation

INSTALLATION--Officers and directors of the Jensen Beach Lions Club were installed last Tuesday night at the new Jensen Beach Women's Association club building. Standing above, left to right, are Gene Pfleger, first vice-president; Tony Rebeiser, second vice-president; Elwyn Burnett, third vice-president; Walter Redli, secretary; James Dean, treasurer, and David McConnell, two-year director. Dinner for the 72 guests was prepared by members of the JBWA.

PARTY-GOERS--Attending the Ladies Night and installation ceremonies for the Jensen Beach Lions Club last Tuesday night were the above party-goers. Left to right are Mrs. Pat Ward, Mr. and Mrs. Jimmy Dean and Mrs. Harry Jennings.

I CHARGE YOU- District Governor Elect O. B. Stewart, installing officer, charged the above Jensen Beach Lions Club officers and directors with their duties. Left to right are David McConnell and Virgil Wilson, two-year directors; Harold Baker, one-year director; John Larson, Lionlamer and Nicholas Dollard, tailtwister. Standing at right is Stewart; seated is outgoing president Carl Tyroff. Not present for picture is one-year director Edward Schmidt.

LIONS TOAST- A toast to the Jensen Beach Lions Club is offered by Al Walker, Deputy District Governor; Harry Jennings, editor of the Lions Club Bulletin; and John Larson, Lionlamer.

Guam meeting of Jensenites

A chance meeting of some Jensen Beach residents was reported this week in Guam. Walking in a Guamanian department store, the Cooks of Jensen Beach, on a tour, met Mrs. Turner Booth, who was visiting friends and relatives in Guam. Booth, local manager of Publix, said his wife was startled to see someone from Jensen on the far away Pacific island.

...uction begins on ...natics complex

...cording to School Superintendent V. James Navitsky.

Ray Lain Construction of Fort Pierce has the contract for the $143,758 addition.

Navitsky said, that with the completion of the addition, "extended sessions" will be held, and that there will be eight classes during the day, instead of seven, with some students starting school at 7:30 a.m.

A vocational building, which was eliminated from bidding recently because there was not sufficient money to award a contract, is expected to be constructed next year, along with more classrooms.

Enrollment at the high school is expected to reach about 1,100 this coming school year and be approximately 1,500 in several years.

Community Bible School to have open house

An "open house" program is planned for Thursday evening by the Vacation Bible School leaders at Jensen Beach Community Church.

The program will be at 7:30 p.m.

On Friday, closing day, an indoor picnic will be held at the church for the children who attended the two weeks of VBS.

Director is Mrs. Ransom Tilton assisted by Mrs. Janie Nunn, Mrs. Marie Christensen, Mrs. Bert Milner, Mrs. Joyce Tilton, Mrs. Louise Taulbee, Mrs. Angie Johnson and Mrs. Joyce Dickinson.

Helping the above teachers are Mrs. Andrea Fink, Sarah Lockwood, Robin Tilton, Joyce Fletcher, Mrs. Tinks Tilton, Linda Jennings, Lee Jennings, Becky Woodruff and Kim Richardson.

Also assisting in the music department, film showings and refreshments are Violet Chapman, Gertrude Wheeler, Susan Tilton, Loella Milner, Carol Sandell, Roger Butterfield, Kevin Brown and Joe Milner. VBS secretary is Valerie Canant.

Colliers visit relatives

Mr. & Mrs. Dillard Collier of Jensen Beach, visited recently with their son and his wife, Daryl and Dee Collier, of Tallahassee, who both graduated from Florida State University June 6. Daryl graduated Magna Cum Laude. After this visit, Mr. & Mrs. Collier went to Atlanta for a buying trip; then flew to Kentucky for a visit with their other son and his wife, Mr. & Mrs. Dillard Collier, Jr., of Fort Knox, Ky. Dillard, Jr. is stationed there in Air Ground Control.

While in Kentucky, the Sr. Colliers also visited Mr. Collier's brother and Mrs. Collier's family, with whom they had a family reunion.

Capt. and Mrs. F.A. Dobson, Sago Drive, Jensen Beach, have had her sister and husband, Mr. & Mrs. Scarbrough visiting them for the past week.

Kling-Carrington wedding announced

Mr. and M s. Joe A. Kling of 503 N. Indian River Dr., Jensen Beach, announce the marriage of their son, Raymond J. Kling, to Carole A. Carrington.

The wedding was May 29 in Vero Beach.

The bride is the daughter of Mr. and Mrs. P. Patterson, Vero Beach.

The newlyweds, who are residing in Jensen Beach, are attending Indian River Junior College.

London Symphony

The London Symphony Orchestra may perform in concert in this area later this summer, if arrangements can be worked out.

Alan Jenkins, a symphony representative, and Mrs. C.R. McDonald of Fort Pierce, plan to meet Friday with officials of St. Lucie Country Club about prospects of a concert in the club's big convention hall.

Mrs. McDonald said a concert of chamber music possibly could be arranged with 25 to 30 musicians from the London Symphony participating.

Saturday, she will return to Stuart to meet with other interested Martin County citizens in the home of Mrs. Thelma Jacobs.

Mrs. McDonald is promoting the Florida International Music Festival.

How can I drive all tied up like this?

I get mad when Dad tries to keep me from behind the wheel of our exciting, new Buicks and Pontiacs at Amity Buick-Pontiac in Stuart...really mad. I cry, stamp my feet and give out all kinds of wails to get my way. Putting me in this straight-jacket, racing coat or not, makes me think he is trying to keep me out.

At least you folks don't have to cry and stamp your feet to get a ride in the great cars. All you have to do is ask my Dad, John Santarsiero, Jr., or Grandpops, John Santarsiero, Sr., to see and ride in the Pontiac or Buick of your choice.

All right Dad, I said it. Now will you let me out? Waaahhhhh!!!

If you want the latest, most modern diagnosis of car problems, and rapid, efficient service for your car, come to Amity Buick-Pontiac in Stuart. See John Santarsiero, John Junior or Jimmy.

Editor gives IRJC address

Forty-five students graduated from Indian River Junior College last week, hearing a call for revolt from Jensen Beach Mirror editor Dick Campbell, commencement speaker. Over 200 persons filled the Student Union for the graduation ceremonies.

Telling the students to work within the format of society, Campbell said that revolt would change the world to whatever the young wish it to be. "The world can be ever, or never-changing," Campbell said.

He asked for a revolt in the consciences of man, bringing individual initiative back into the basic standards of life. He added that a revolt from within political and business fields was needed to bring forth new ideas and ideals to bring about "a better, more healthy world."

Campbell, president of the Florida Press Association, said that a political revolt was needed to bring government back to the people. "Elected officials must know that government is of the people, and that they represent the people, not themselves," he said. He added that the problem of public business being kept from the people through secret meeting of public officials was one of the major problems facing newspapers in Florida today.

The editor said that in St. Lucie and Martin Counties there were secret meetings being held by public officials as though "...the business of the public was really not the public's business at all."

Robert H. Garin, acting dean of the college, gave the invocation, followed by selections from "The Sound of Music", sung by Miss Laurana Case. Sam Kingsbury introduced the speaker. Garin then conferred the degrees to the students.

Mr. & Mrs. Joseph Barthet

Barthet-Lynch wedding June 7

The wedding of Miss Constance Ann Lynch and Joseph M. Barthet was held Saturday, June 7, at St. Joseph College Chapel, Jensen Beach. The double-ring ceremony was performed by Rev. John McAtavey.

The bride is the daughter of Mr. and Mrs. John A. Lynch, Jensen Beach. The grooms parents are Chevalier and Mrs. Esprit Barthet, Malta.

Given in marriage by her father, the bride wore a long gown of silk regnd; with appliqued lace. She carried white roses and stephanotis.

Miss Elizabeth Stahle of Miami was maid of honor. She wore a full-length gown of yellow organdy and carried a nosegay of yellow roses.

Best man was Jose Carcia, Miami. David Gaus, of Jensen Beach, was usher.

The bride's mother chose a celery lace over satin dress and coat. Her corsage was white roses.

Sister Christina DalValle was organist, soloist was Sister Marie Therese.

White roses decorated the chapel.

A reception at St. Lucie Country Club followed the ceremonies.

For her going-away outfit, the new Mrs. Barthet chose a lime sprut dress and coat with a corsage of white roses. Upon their return they will live at 101 Hickory Ridge Rd., Jensen Beach.

The bride is a graduate of Harry College, Miami, and is employed with the State Department of Public Welfare. The groom is a student at Florida Atlantic University.

Mosquito controllers

According to mosquito control director, Les Scherer, Martin County's mosquito control crews is averaging about 2-3 requests a day for mosquito spraying.

He said Mr. Scherer added a fourth tigger to the county's anti-mosquito defensive, already with the new fog unit recently completed.

The ground fogging has been sweeping the county, and crews are operating in residential areas with their fogging equipment, but work is also in progress to attack mosquito larvae in ponds, swamps, and ditches in rural areas, Scherer said.

A spray plane was brought in last fall, for areas that can't be reached by ground fogging.

However, Scherer said that operations would not be as active this year, as they were last year, because the frequency of showers activates the mosquito population to multiply rapidly.

Clubhouse dedication

(continued from previous page)

ORGANIST--Mrs. Bertha Newsome provided organ music on Sunday at the dedication of the clubhouse of Jensen Beach Women's Association.

mony. Laying the cornerstone were Mrs. Jean Pendleton, president; Mrs. Marie Miller, trustee; Mrs. Mildred Skinner, building committee chairman, and building contractor Ray Lein.

The group entered the 2,395 square foot auditorium of the new clubhouse, welcomed by the cool air and a room full of flowers. The wide stage was set for those who would take part in the dedication, including Mrs. Marie Miller, program chairman and trustee; Mrs. Jean Pendleton, president; and Mrs. Mildred Skinner, building committee chairman; guest speakers Bill Owens and Frank Wachs; awards chairman Dick Campbell, and Al Walker, master of ceremonies.

In the rear of the auditorium, the ladies of the refreshments committee worked to prepare small sandwiches and cookies and a punch for the afternoon open house, to follow the program. Before, during and after the program, Mrs. Bertha Newsome played the organ.

Past presidents of the woman's association were honored at the dedication, as were the officers for this year.

Following the speech by Wachs, Mrs. Pendleton accepted the new building, promising that the women's association would continue its use in the interests of the community life of Jensen Beach, and noted her pride in being the president of the association during such a momentous year.

Special awards were made to those who made the build-

(continued on the next page)

M.C.--Al Walker, Mr. M.C. himself, was master of ceremonies Sunday at the dedication ceremonies of the new clubhouse of the Jensen Beach Women's Association.

CORNERSTONE PLACED- Placing the cornerstone was a major item on the hour-long program of the Jensen Beach Women's Association dedication of the new club building last Sunday. With a trowel and mortar, Ray Lein, right, general contractor on the project, placed the cornerstone in the building, assisted by, left to right, Mildred Skinner, building committee chairman; Marie Miller, trustee of the building fund and chairman of the dedication program, and Jean Pendleton, president of the JBWA.

on their New Building
and the fine addition
to the Community

HOSTESSES--Members of the Jensen Beach Women's Association who served refreshments to guests at the dedication program in their new clubhouse last Sunday afternoon were, left to right above, Mrs. Fay Strattin, Mrs. Amelia Moller, Mrs. Ethel Kerrick and Mrs. Elsa Middleton. Some of the other hostesses were shown using the new kitchen facilities in the building. Some of the equipment was donated by the Thrift Mart.

ENGAGED- Mr. and Mrs. L. W. Proper of Stuart announce the engagement of their daughter, Andrea, to Pvt. Michael J. Wall, son of Mr. and Mrs. R. L. Wall, Stuart. Miss Proper is a 1968 graduate of Martin County High School, attends Jones College in Orlando as a legal secretary major, and is president of Lamba Kappa Chapter of Alpha Iota sorority. Wall, a 1964 graduate of MCHS, is serving with the U.S. Army in Fort Jackson, South Carolina. No date has been set for the wedding.

Red Cross gives awards

Awards were presented to three chairmen of the Martin County Red Cross Chapter, Monday, marking the end of a successful fund-raising campaign.

James Harper, Jack N. Sailer, and Kenneth Ferguson received the awards from D.S. Hudson, Jr., 1968-69 chapter chairman.

Contributions topped the $18,574 goal by a narrow margin, bringing the total to $18,638.

This year's goal was $600 more than 1968.

Vacation Treasure Map for Florida Explorers

There's treasure scattered all over Florida—a rich lode of fascination and beauty, right in your own back yard! To help you find it, we offer a new Vacation Treasure Map. The style is old—in keeping with our history, which includes settlements that flourished fifty years before the Mayflower set sail. But the information is up to date—appropriate in the State which is the stepping off place for the moon. Use our Treasure Map to pinpoint historic sites, national and state parks, museums, and recreational attractions. Your free copy is waiting at any FPL office.

WELLS

LICENSED REAL ESTATE SALESMEN

The Stuart office of Marshall Wells Real Estate, Inc., is looking for full-time salesmen. Experience not necessary. If you want to start making big money, and are not afraid to work for it, call 287-4780 for an interview.

Welcome Wagon luncheon held

Members of Welcome Wagon of Martin County met at a luncheon at the Greggery, Port Salerno, June 17. This was the last luncheon for the season. Thirty-five members and guests attended.

Door prizes were awarded.

A picnic will be held July 15th at Jonathan Dickinson State Park. Members will be reminded of this by the telephone committee.

4 C's have picnic on causeway

A Jensen Beach Causeway picnic was enjoyed by 16 members of the 4 C's of the Jensen Beach Community Church on Sunday. The 4 C's stands for Community Church Couples Club.

Attending the Hawaiian baked ham dinner were the Rev. and Mrs. Donald Johnson, the Jimmy Deans, the Jack Mahers, the Art Pittmans, the Al Sandells, the Leonard Smiths and hosts the Bob Means and Willard Bowmans.

The next monthly meeting will be July 27. A surprise program has been promised by the Pittmans and Johnsons.

Safe Boating Week observed

National Safe Boating Week

National Boating Week is being observed through the week of June 29 through July 5th.

The U.S. Coast Guard Auxiliary, Flotilla #10, Stuart, commanded by Eugene Hull, will give a Courtesy Motor Boat Examination on Sunday, July 6th, from 1 to 4 p.m. at the entrance to Sea Gate Harbor, North Fork St. Lucie River. If you drive, come to the end of Beach Way Blvd., Sea Gate Harbor.

The Fort Pierce Power Squadron, commanded by Charles French, will start piloting classes in Stuart on Sept. 9th and in Fort Pierce Sept. 11th. Enrollment locations will be announced at a later date.

Mirror wins three NNA awards

Editor is elected national director

Richard E. Campbell, editor and publisher of The Jensen Beach Mirror and president of the Florida Press Association, was elected director of the National Newspaper Association at the 84th annual convention of the group in Atlantic City last weekend. Campbell will represent the states of Florida, Georgia, Alabama, Mississippi and South Carolina, plus the territories of Puerto Rico and the Panama Canal zone, on the ten member board.

In a hard fought contest, Campbell upset the favored incumbent, R. E. Ladford, publisher of the Vidalia, Georgia, Advance who had served seven years on the board. The three year term of office begins at the convention.

At the convention, The Jensen Beach Mirror was awarded three honorable mention certificates in the 1969 Better Newspapers Contest. The awards were in divisions of community service, newspaper promotion and editorial page divisions. Six other newspapers in Florida were awarded prizes in the journalism contest. Only the Miami Beach Sun equalled The Mirror for record, with three honorable mention awards. Single awards went to The Boca Raton News, Mt. Dora Topic, Hollywood Sun-Tattler, Zephyrhills News and St. Petersburg Independent.

The National Newspaper Association represents the 8,000 non-metropolitan daily and weekly newspapers in the United States. Two thousand eight-hundred and six entrians were received in the better newspaper contest for judging.

The Mirror was represented at the convention by Mr. and Mrs. Campbell, and Mrs. James N. Francisco, sister of The Mirror editor, of Laurel, Maryland.

Convention speakers included Postmaster General Winton Blount, HUD Secretary George Romney, and Dr. Dorothy Gregg, assistant to the director of U.S. Steel.

AWARDS--Jack Lough, president of the National Newspaper Association, presented three NNA Better Newspaper Contest awards to Jensen Beach Mirror editor Dick Campbell Saturday at the 84th annual convention of the National Newspaper Association in Atlantic City, N.J. Lough also welcomed the Florida editor to the board of directors of NNA, following an upset victory in the election of directors in the association.

BOY SIZE- This 41-inch snook is just about boy-size.....ten year old boy size, that is. Peter Pauly, son of Mr. and Mrs. Carl Pauly, Jr., Sewall's Point, caught this 28-1/4 pounder in the surf on 12-pound test line, with no leader. That will give some of the experienced fishermen something to think about! Peter landed his snook last Thursday on the Jensen beach. The cooperative lifeguard on duty cleared the water of bathers so Peter could beach the monster.

Grumman gets Army switch on Wednesday

Grumman Aerospace Corp. in Stuart, formerly known as Grumman Aircraft and Engineering Corp. will receive full Army cognizance on Wednesday. Ceremonies will be held at 11 a.m. at the plant located on A-1-A south of Stuart.

Grumman, which has been given cognizance by the Navy, is producing Mohawk surveillance planes used in the Vietnam War, at its local plant. In the future, the plant will deal directly with Army programs.

The term "cognizance" is used in defense production to specify which branch of the armed forces conducts inspections. In the past the Army has recognized Navy inspections made here, but the new setup will result in closer ties between the producers and users of the Mohawk planes.

Last year the Stuart facility turned out 48 Mohawks and will deliver 55 this year. Planes will be coming out of the plant at the rate of seven per month by the end of this year, according to a forecast by Art Melrose, plant manager.

Many officials from the Army, Navy and Grumman's headquarters in Bethpage, L.I., N.Y., are expected to attend Wednesday's ceremonies.

A new course in real estate license law will begin July 7, at 7 p.m., at Martin County High School.

Satisfactory completion of a real estate course for prospective real estate salesmen will be required before a salesman or broker can be registered.

Causeway fun starts at 11:30

Independence Day fireworks, games are planned here

Thousands are expected to throng the Jensen Beach Causeway for a full day of activities, with a climax of fireworks, on Friday, July 4, as Florida celebrates Independence Day. Races, ball throwing, boat races, music and entertainment will fill the day as the celebrants and picnickers enjoy a planned sun-filled fun.

Throughout the day, chicken, hamburgers and hot-dogs will be served by the Jensen Beach Volunteer Fire Department and Auxiliary. Also on the menu are baked beans, French fries, coleslaw, coffee and soda.

Sponsors of the day of activities is the Jensen Beach Fireworks Committee.

There will be concession stands set up in the various pavilions along the causeway, featuring the sale of snow cones, soft drinks and cotton candy, game booths with a ring toss and bottle throw, and a special stand for the Little Leaguers where they can throw wet sponges at the various local coaches. The Jensen Cubs, a volunteer baseball organization, will direct the activities of the booths with fireworks committee personnel.

Special grandstands to seat over 500 persons are being set up to view the fireworks in the evening, the highlight of a day of fun and games. Known throughout Florida as the top show of its kind in the state, the fireworks show will get under way "at dark", according to William "Boom-Boom" Yurillo, chairman of the fireworks exhibit.

The fireworks will be preceded with a patriotic program, which will begin at 8 p.m. The guest speaker is yet to be announced.

Assisting in the program will be members of VFW Post 10066, Jensen Beach.

Registration for the activities during the day will begin at 11:30 a.m. and continue for 2 p.m. The firemen and auxiliary will serve food throughout the day, beginning at the registration time, 11:30 a.m., and ending at 6 p.m. At that time, the fireworks committee will start selling hamburgers and hot dogs.

At 12:30 there will be three-mile races on the south side of the causeway.

1-3 p.m., qualification for the finals of baseball throwing contest.

1-4 p.m., climb-the-greased-pole, with a prize at the top of the pole for winners. The pole is reported to be 14 feet high.

2-3 p.m., boat races, family style.

2-4 p.m., foot races and jumping competition. This will include the broad jump, 50 yard dash, potato race, sack race and 3-legged race.

3:30 p.m., finals in the ball-throwing contest.

4 p.m., watermelon eating contest.

6:30 to 8 p.m., music, entertainment, talent show.

8 p.m., patriotic program.

Dark, between 9 and 9:30 p.m., fireworks.

County Commissioner Frank Wacha, chairman of the day, has been searching all year for volunteers to entertain during the evening program hours. Wacha said that anyone interested in entertaining would have to furnish accompaniment, and he would welcome all entertainers to the show.

Patriotic ceremony planned for Stuart

Ed Denzler, chief of quality control and personnel for Grumman Aircraft & Engineering Corporation at the Stuart facility, will be the featured speaker at a patriotic ceremony on July 4.

The ceremony, to be held in Memorial Park, Stuart, is presented by the Stuart Jaycees in conjunction with Minute Men of America, the local veterans organizations and the Martin County Ministerial Association. It will start at 9 a.m.

John Saltarsieg, Jr., president of the Jaycees, will be master of ceremonies. Refreshments will be served by the Jaycees.

Fireworks will boom for miles

"They will hear the finale in Fort Pierce," Bill "Boom-Boom" Yurillo told The Jensen Beach Mirror this week. He was talking about the fireworks show set for Friday night in the annual Independence Day show of the Jensen Beach Fireworks Committee on the causeway here.

Yurillo described the ground displays and aerial features of the show, ranked as the largest in Florida.

The ground displays, interspersed through the aerial shots, will open with a "Welcome" sign. Then there will be a "5-Wheeler", which will be five pinwheels tied together. A giant star pinwheel, a "crazy" pinwheel and a twin pinwheel, with two pinwheels spinning and revolving around an axis in a circle will be shown through the program.

The feature pinwheel is called the "Horizontal Stop, Shot and Go" wheel. In this a pinwheel spins, stops, a loud report follows, and the wheel goes again. It is considered popular with the children in the audience.

The top ground display will feature a giant eagle holding a shield and crossed American flags with a colorful "Candle Battery" or a shower of colors as a backdrop behind the eagle. Yurillo also said that the popular "Pelican Eating Flying Fish" would be used.

In the aerial displays, Yurillo described twelve features, interspersed with "serpents, shivering silver shots, spiders and whistles."

Some of the shots include the following:

SPECIAL shell, not shown in fireworks circles in 20 years, is fired from a cannon eight inches wide, and has four breaks. Each break releases 13 shells, the last two timed to explode in four seconds, the second to the last making a perfect circle of gold stars.

NEW RED magnesium shell, with compressed color fired from a six-inch pillbox opens high at umbrella effect in a new, fourth red color.

JAPANESE willow shell is fired from a 12-inch pillbox mortar. This shell weighs 42 pounds and goes 300 feet in the air opening into a giant silver.

JAPANESE surprise shell will be the finale. It is also fired from a 12-inch cannon.

SIX Japanese "perfect circle chrysanthemum" shells will be fired from six-inch cannons. The shells are the variety type of break and "fly very high".

THREE BREAK Saetine features a colorful break and nine report shells in each break.

FOUR BREAK Pillbox shell has pure white magnesium in its makeup. In the first three breaks, 12 white magnesium pills are fired in perfect circles in the air. The fourth break is a loud report.

FOUR HEAVY Ronell shell of different styles shows a shell releasing colors and seven reports, one second apart and increasing in volume.

GREEN electric 5" shot that sparks like a crossed electric wire.

GOLD flickering brilliant.

MULTIPLE BREAK shells feature up to five breaks and a heavy report.

SHELL OF SHELLS has color on the first break, then nine shells in a perfect circle, with a spider report climax.

NEW EAGLE SCOUT- Kevin Brown, 13, was awarded the Eagle badge, highest honor in scouting, at Eagle ceremonies Wednesday, June 25 at the American Legion Hall, Jensen Beach. Kevin, son of Mrs. Maurine Brown, Jensen Beach, is a member of Boy Scout Troop #801. Kevin smiles proudly as he accepts the congratulations of one of the many well-wishers who attended the ceremonies which followed a special dinner for the families of scouters.

Steer This Way

BY

BILL STUDER and RALPH CHAMBERS

We will soon see a steel sign support which flies apart when struck. Damage to the car and injury to occupants said to be minimal. That's a good sign!

•••

Every motor vehicle in 1966 produced $154 in tax revenues, $58 went to Uncle Sam and $96 to states.

•••

Multiple car method of driver training is catching on. Instructor coaches six cars at once by two-way radio.

•••

The angry policeman stalked up to the 70-year old spinster and roared, "Didn't you hear me whistle?" "Why, yes," she twittered, "but I never encourage flirting when I'm driving."

•••

Most of your car's life span is spent waiting for you to use it.

•••

Stop waiting! Come in now and get a car you'll look forward to driving. See our specials at Merkle Motors of Stuart, 986 South Federal. Tel. 287-8080.

CHOW TIME- Art Pitman, assistant scoutmaster of Jensen Beach Troop #801, waits patiently as he is served Brunswick stew by Harold Butterfield, committeeman. The informal dinner, which included cole slaw, rolls, ice tea and cookies, preceded Eagle Scout ceremonies for Kevin Brown last Wednesday evening.

•••

Omitted from a Jensen Beach Elementary School honor award picture last week was the name of Mark Sawusch.

Joanne Pollard, second grade of Mrs. Chapman's class, made honor roll and had perfect attendance.

Eagle Scout Cermony Held

CEREMONY- Eagle Scout Kevin Brown was honored Wednesday night with a candle ceremony as part of the presentation of the Eagle badge, highest honor in scouting. Left to right, above, are Kevin, Mike Littman, James Littman (seated), and Curtis Littman, lighting the candles which represent different steps in climbing the trail in scouting. Members of Jensen Beach Troop #801 met for dinner preceding the ceremony. Kevin is the youngest Martin County Boy Scout to ever receive this award. He is 13. Many Gulfstream Council officials and leaders of the newly formed Sailfish District attended.

•••

National Safe Boating Week is being observed this week. U.S. Coast Guard Auxiliary Flotilla #59, Stuart, will give a courtesy motor boat examination on Sunday, July 6, from 1 to 4 p.m. at the entrance to Sea Gate Harbor, North Fork, St. Lucie River.

•••

The next morning coffee-tour, sponsored by Stuart Chamber of Commerce, will be Thursday, July 24, at 8 a.m. It will be a tour of WSTU-WMCF studios.

ORGANIZATION- In 1923 W. B. Tilton of Jensen Beach was presented with a certificate for completing a Boy Scout course which qualified him to organize the first troop in the Martin, St. Lucie and Indian River Counties. His son, Norris, presented the certificate to Hans Wade, local scouting official, during last Wednesday night's Eagle award ceremony. W. B. Tilton was not present for picture.

Take a full fishing trip

BY DICK CAMPBELL

The sun hid behind the giant white cloud, its early morning rays painting the edges of the fleecy white with silver. A very slight wave action slapped the bottom of the boat as we pulled away from the dock at Pahokee Harbor.

Rick Campbell and Mike Hickey sat in the bow of the boat, and as the boat passed through the narrow cut in the Pahokee jetty, the boys reached up, touching the walkway above. They fingered their cane fishing poles, and as the aluminum boat moved slowly into Lake Okeechobee they suddenly realized that they were going fishing, and their excitement broke into a chatter of words.

It was six p.m. when I had returned to the house the previous night. Myson, Rick, said, as I walked in the door, "When are we going to do something together, Dad?" It was the way he said it that made me start, momentarily, and suddenly I knew that we had not spent much time together in previous weeks.

"Get Mike and we'll go fishing," I said, and that was all that was needed. Rick was off to get Mike and get ready.

An hour and a half later we were on our way to Lake Okeechobee. We drove slowly, stopping off at the dike at Port Mayaca to see the sunset on the lake, and again at Canal Point. An hour after leaving Jensen Beach we were checked into the Grassy Waters Motel in Pahokee, and having dinner in the restaurant there.

We went to bed early, and the sun had not yet risen when we awoke and prepared for the day.

Doris Maxwell, who, with her husband, Wilbur, and son, Robbie, operate the Pahokee Harbor, outfitted the expedition with a boat, motor, fishing poles, worms, minnows, soft drinks, and even a hot cup of coffee for a sleepy-eyed father. Her son, Robbie, set up the boat and showed me the map of the lake, and the best fishing places.

Robbie said that the best place for fishing, between seasons of specks and bluegill, was at Kreamer Island, just south of Pahokee, near Belle Glade. He said to fish right up against the bank, near grasses, and the shore, but not in the grasses.

The boys were singing "I've got sixpence" as we crossed Pelican Bay to Kreamer Island. They took turns driving the five-horse outboard motor until we got near the grasses.

We fished and fished, but my luck in fishing held, and we didn't get a bite. We moved slowly around the island, searching for a good spot.

Other fishermen putted by in small boats, asking if we had any luck, for it was one of those days when no one seemed to be able to find the fish.

The sky was bright blue, with a clean fresh look. A circle of cumulus clouds looked as if it ringed the entire lake. The boys quietly picked out various designs in the cloud formations as they waited for the red and white bobber to show a bite.

We eased the boat into a small inlet on the north side of the island, baited the hooks and waited.

A brisk breeze blew over-

THE CATCH--One fish is all they caught as Rick Campbell shows, but the sun and the fun of a day on Lake Okeechobee was enough to keep both boys happy. The single crappie caught on a cane pole was the high point of the day. But Mike Hickey was weary from the sun, as he shows on the trip back to the dock.

Suddenly, a strike. The bobbing float disappeared beneath the water. The cane pole flashed upward, the line taut, and a hook sprang from the water, halfleap. Another minnow was put on the hook, and another fish took the bait.

It was noon. Only one fish had been landed, a speck. A nasty looking gar had been allowed to flip itself off the line of one pole. No one wanted to take it off the hook. It was not a day to catch fish, but it was a beautiful day, with sights the boys had never seen on this desolate, tropical island in Lake Okeechobee.

The hungry boys began to get impatient. We lifted the concrete block anchor from the water and headed the boat for Pahokee Harbor. The sun was bright, and the red faces of the boys were creased with smiles as the adventure of the day overcame the disappointment of not catching fish. They sang as we returned. They talked and waved at passing boats.

"How did you do?" Robbie Maxwell asked as we docked.

"We didn't catch any fish, but we had fun," one of the boys said.

It was time for lunch. We returned to the Grassy Waters Motel, took showers, and had a brief lunch. We returned to the boat, and, getting our diminishing supply of minnows replenished, headed again out to fish.

At six in the evening we gave up. No more fish on Belle Glade. We ate pizza, popcorn, candy, drank soda and watched two full length pictures. It was almost one in the morning when we returned to the motel. Both boys wanted to get up at six to go fishing again. I told them to do it quietly, so as not to disturb the sleepy father who would surely decapitate them if he was awakened.

It was ten in the morning when we awoke. We packed our gear and had breakfast in the small restaurant. I paid a call to the publisher of The Everglades News, Luther York, and told him how we enjoyed his town, and we headed north on U.S. 441 for Port Mayaca.

It takes an hour to drive from Jensen Beach to Pahokee. It is a different world there. Giant royal palms line the streets of this agriculture oriented community. The contrast of the new and the old is evident throughout the town. Old buildings, new buildings and a business district that combines the many services of a growing city with a charm that can only be called "small townish". It is a fine city of good people.

The boys liked the excitement and adventure of a trip away from home. They explored the giant lake, saw things they hadn't seen before, and came away refreshed and renewed from their holiday. And, I enjoyed it.

READY TO GO--Mike Hickey and Rick Campbell watched, with a friend nearby, as the dockmaster refilled their boat for a fishing trip on Lake Okeechobee recently.

Sebrights entertain

Mr. and Mrs. Lyndon Sebright of 212 Hickory Ridge Road, Jensen Beach, had a full house during the past few weeks.

Son John was home from Kingsville, Texas, on a 30-day leave from the Navy. He will head for Vietnam after July 4.

Daughter and son-in-law, Judy and Frank White, visited for three weeks while he was on leave from the Air Force. They live at Ft. Meade, Maryland.

Also visiting were Mrs. Sebright's brother and sister-in-law, the Bob Martins, from Lincoln Park, Mich., with their three daughters. The Martins have bought property at Port St. Lucie and will move here when he retires in a few years.

Mr. and Mrs. James Theiss and four children, from Toledo, Ohio, stopped in to see the Sebrights on their first trip around Florida. Also stopping by for a visit were Mr. and Mrs. Jim Sebright and four children from Holland, Mich.

UP SHE GOES--Not only on July 4, but every day, our Marshall Nellssen sees to it that our flag is hoisted at the entrance to Ocean Breeze Park.

OUT FOR A RIDE--Mrs. Max Smith's neice, from Miami, Mrs. George Darnell, and her two children, Marcia and Deborah arrived at the Max Smith residence June 23rd to spend a few days here. Debbie will have to grow a little before she can fit her uncle's bicycle.

Ocean Breezers attend dedication

Gladys McLarty was only one of many Ocean Breeze residents who attended the dedication of the new Jensen Beach Women's Association building. The flag-raising ceremony when the entire assembly pledged allegiance to the flag, was, she found, a very impressive moment, as also was the invocation and blessing of the corner stone by Rev. Donald E. Johnson. After this, the crowd entered the building, and county commissioners, Frank Wacha and William E. Owens, and several others addressed the assembly.

According to Gladys, she would hazard a rough guess that there were at least 200 assembled, but many more could be seated if necessary. She admired the interior and the high ceiling and general construction contributing to perfect acoustics. A "mike" and speakers were used but in her opinion, the acoustics were so good that they were not necessary.

Many people have worked hard to raise the funds necessary to build this building, and they are to be congratulated.

Several placques were presented to those who outstandingly contributed their time and efforts to promoting and achieving this very worthwhile effort.

The meeting was concluded by the offering of a prayer by Rev. Johnson, after which refreshments were served as friend met friend and new acquaintances were made. People left for home with a feeling of having witnessed a great accomplishment and a filling of a long-felt need in this rapidly growing community of Jensen Beach.

We get letters . . .

Letter received by Myrtle Armitt, June 27th, and written by Mrs. Harvey Hill, (Vivian), reads:

"Just a few lines to let you know that I have been real sick, had a heart attack a couple of weeks ago, and am just now able to get up and do a little something, sure wish I was back down there, and had never come home. Sure will be glad when I get back down there again, can't be any too soon to suit me. Has been something wrong ever since I got home. I am not going to write much as I tire easily, so will say love and good luck to you and the Pokeno girls. Viv.

The address if 2403 Imlay City Road, Lapeer, Mich., 48446.

••••

In a letter received by friends of John and Gladys Gilbert, Gladys says they are both well and enjoying their summer, after having a pleasant and safe trip to Hemet, Calif., where they are spending their vacation.

••••

We received word from Gladys Tharp who left here June 23, that she had arrived in Bloomfield Hills, Mich., safely after a very pleasant flight.

Gladys says: "We flew right along the coast of Florida. It was 92 at noon here. Quite a change from our 90. Everything is green and lush from the lots of rain and Helen's roses are beautiful. It is so nice to be with my family again."

••••

From the Buobs, written June 22, Linwood, N.J.

"We are spending the week end in our cottage in Anchorage Point, N.J., overlooking the Egg Harbor Bay and Ocean City. Many folks have arrived in Ocean City for the summer, quite a few teenagers in their mad bathing suits and boys on their surf boards. We miss the quiet of the park and Jensen Beach area, but time will fly quickly so we can head back in Nov., to see you and enjoy staying for the winter.

Thanks for The Mirror, a very close touch with you all. Say hello to Mary Adrean, Isabel Taylor, and the Burgess. Expecting my cousin a dentist from Bergen, Norway, and his wife to visit us, they are flying here for a dental meeting in N.Y. Have a good summer." Marge Buob.

••••

Mary Adrean writes from Columbus.

"We think our traffic is bad, well I'd rather walk as to try and dodge all this. They left me a car today, but I'll never take it out. They would run over me before I got a mile down the road. The gardens are lovely, so many nice fresh green vegetables, but after trying to keep up with these young folks, I'm almost too tired to eat. Imagine I'm too tired to eat. Give everyone my best and if it doesn't warm up soon, I'll see you soon. Mary."

••••

From Mrs. Anna Rigdon, 529 Peebles St., Pittsburgh, Pa., 15221

"I have just received word from Mrs. Frances Burzer that her husband, Joe, passed away June 8, following an emergency operation. The Burgers did not come to Ocean Breeze last winter due to his illness. They have been winter residents of Ocean Breeze for quite a number of years. Mrs. Burger's address is 4 Westchester Blv., Kenmore, New York, 14217."

••••

Bad storm in Iowa

Dorothy Geebel returned to her home on Indian River Drive, June 22, after spending five or six weeks in the central and northern states. Dorothy left with Mabel Spoorl May 20, and stayed with her and her daughter's family for a while.

From there she went to Cary, Ill., where she has a brother and sister-in-law, Mr. & Mrs. Kenneth Winter. She stayed there for a few days then travelled on to visit with her sister and brother-in-law, Mr. & Mrs. Harold Bruss at Edgerton, Wisc. While at Edgerton, she went to her birth place at Mondovi, Wisc. It has been 21 years since she was there last. People have changed but the little place is still just the same

June 4th, found her at Marion, Iowa, where she has a son, daughter-in-law, and family, Mr. & Mrs. John Bunting. She tells us Iowa had an awful lot of rain while she was there, and tornado warnings were common. Marion is next door to Cedar Rapids, and while Dorothy was there on June 11th, there was a terrible storm. Lightning flashed and thunder crashed all night. The rain fell in torrents. She says it was real frightening. The next day there was water everywhere. The creek became a wide river, and Dorothy showed me a picture of water flowing over the creek bridge. The local park became a lake and people began to bag sand to keep the water back from their homes, but luckily the storm subsided and the sand bags were not needed.

Dorothy flew home from Cedar Rapids to West Palm Beach. She changed planes at Chicago, and while there, had to wait for 35 planes to take off before her plane was cleared. She tells me the planes followed at two-minute intervals. This was an experience in itself as this was her first air trip. When she arrived at West Palm, her friend, Zylpha Sallards was there. In reply to my question as to did she enjoy the trip, she said, "Oh, yes, indeed, but my, home sure looks good to me."

Olingers celebrate golden wedding

Mr. & Mrs. Roy Olinger of Sutton, Neb., recently sent an account of their 50th wedding anniversary reception to their friends, the Fred Malsh's. Stella writes:

"All our children were home. My sister, Lucy and her husband Dave, from Dallas, came with three granddaughters, and my sister Mary and her husband, Ira came from Tulsa. There were 24 in all, and our three bedrooms were full. Jody's house, and three motel rooms were needed to accomodate them all. The reception was held in our church parlor on Sunday, June 15, from 2 to 4. It was a very enjoyable affair, and we received many lovely plants and flowers, as well as gifts from our family and the grandchildren. So far there has been no summer here, so the Texas visitors found it cool," Stella goes on to say they have a busy program planned, so it will not seem long till it is time to return to Ocean Breeze.

••••

Harold and Eva Schroeder left on June 17th with their travel trailer bound for Wisconsin, where they will probably do some fishing at Lake Winnebago and visit through out the state with friends and relatives.

••••

Mrs. Gladys Tharp left June 23, for Detroit, Nellie Cook, accompanied by Mrs. Jo Doring, drove her to the airport. Gladys will visit with her daughter and son-in-law for a time, and hopes later to visit with the Le Duc's in Texas City, Mich.

••••

Mrs. Mary Olive Holsworth spent the weekend of June 29th visiting her friends, the McLartys, of Circle Drive.

Frost reported in Saskatchewan

Reports have been received of exceptionally cold weather throughout the northern states. The first news we have of real frost damage is mentioned in the Birch Hills, (Saskatchewan) Gazette, of June 19th, which reads:

"Frost during the past week blackened the beans, cucumbers, potatoes, etc., in many gardens, and also damaged some fields of seed rape. The frost was spotty—hitting some places, missing others—and it is hard to estimate just how extensive is the damage."

Birch Hills is Tom and Nellie Cook's hometown.

UNTY CHAMPS- The Jets, Port St. Lucie's entry in
St. Lucie County Little League Tournament, brought
championship to Port St. Lucie Saturday night. Mem-
rs of the team are, standing, left to right, Manager H.C.
Dixon, Kenny Baird, Timmy Bloomfield, Rickie Dixon, Roy
Wood, Marty Lampley, and Coach Wood. Kneeling: Glen
Nergard, David Parker, Paul Beanis, David Calhoun, Kan-
neth Owens, Randy Lampley, and Harry Fredericks.

The Jets, Port St. Lucie's entry in the St. Lucie County Little League Tournament, brought the championship to Port St. Lucie by beating Dandee Bread 5 to 1. This is Port St. Lucie's first time to win the county championship since its inception several years ago.

Had the Jets lost Friday night's game, the tournament could have ended in a three-way tie. However, pitcher Rich Dixon, after allowing two runs in the first inning settled down to keep the Elks scoreless for the remaining innings. The Jets, considered the underdogs of the tournament, played excellent baseball in all the games with the exception of the second, when they suffered their only defeat at the hands of the Elks Club.

In Saturday night's game, Kenny Unsell hit a two-run home run.

NIGHT BLOOMING CEREUS- The night blooming cereus can be seen locally at this time. Pictured here is the beautiful plant at the home of Mr. and Mrs. George Morris of 171 Sorenata Court.

Barbara Purcell is bride of Don Adkins

On Saturday, June 28 at 7 p.m., in the First Baptist Church of Ft. Pierce, Miss Barbara Ann Purcell, daughter of Mr. & Mrs. Douglas Purcell, of 100 E. Prima Vista Blvd., Port St. Lucie, became the bride of Donald Eugene Adkins, son of Mr. & Mrs. Bob Adkins, of 705 Anita Street, Fort Pierce.

Rev. John M. Harris, pastor of the First Baptist Church officiated at the double ring ceremony. Organist was Mrs. Jean Pendergrass and soloist was Dave Gessner, who sang Because, More, and The Lord's Prayer. The bride was given in marriage by her father.

The church was decorated with candelabra, palms and baskets of mums and gladiola. Family pews were marked with white satin bows.

The bride's gown was a formal floor-length A-line of silk organza and imported Belgium lace applique. The gown featured a jewel neckline outlined with crystal beads. The long sleeves were also defined by lace and crystal appliques. Her chapel-lenght train was bordered with lace. The bride wore a head-piece of clusters of white flowers attached to a floor-length bouffant veil of silk illusion. She carried a traditional bouquet of white carnations and satin streamers.

Maid of honor was Betty Purcell, sister of the bride. Bridesmaids were Dari Ripley, Linda Marshall, and Debbie Adkins, sister of the groom, of Ft. Pierce and Saralyn Biggs of Coral Gables, Fla. All attendants wore identical floor length gowns of ice blue silk organza over slipper satin made by the bride's mother. The maid of honor carried a bouquet of blue and yellow carnations and the bridesmaids carried nosegays of blue and white carnations.

Mark Gessner, son of Mr. & Mrs. Dave Gessner, was ring bearer. Little Miss Suzanne Gessner, daughter of Mr. & Mrs. Dave Gessner, was flower girl and was dressed in a gown identical to those of the bridal attendants.

Best man was Darrell E. Adkins, brother of the groom, Ft. Pierce. Groomsmen were Danny E. Adkins, and Steve Adkins, brothers of the groom. Bill Tedder & Jim Tedder of Ft. Pierce, were also groomsmen.

Mrs. Purcell, mother of the bride, chose a street-length dress of pink lace over silk crepe with pink accessories. She wore a white vanda orchid corsage.

Mrs. Adkins, mother of the groom, chose a street-length dress of yellow linen with matching lace coat and accessories of yellow. Her corsage was a white vanda orchid, also.

A reception was held at the Ft. Pierce Woman's Club immediately following the ceremony. At the bride's table was Mrs. C.E. Clemons, aunt of the bride. Serving were Mrs. Dave Gessner and Mrs. George Minner, Ft. Pierce, and Mrs. Bert Clemons, Mrs. Billy Bob Pullen, and Mrs. Sack Bell all of Tallahassee.

For the wedding trip to Freeport, the bride wore a street length lace dress and coat of yellow double knit with white accessories. She wore a corsage of white sweetheart roses.

The bride will remain in Fort Pierce while the groom completes his military service. The new Mrs. Adkins graduated in 1966 from Dan McCarty High School.

The bride is a receptionist for the St. Lucie County School Board.

The rehearsal party was held at Dorothy Vernon's Restaurant in Ft. Pierce. Flowers carrying out the theme of the bride's colors, blue and white, decorated the main table.

Out of town visitors coming from Tallahassee were: Mrs. Bert Clemons, Mrs. Earl Clemons, Miss Lynn Clemons, Mrs. Billy Bob Pullen, Miss Pam Pullen, Miss Charlottee Pullen, & Mr. & Mrs. Lamar Strickland.

Other out of town guests included: Mrs. Sack Bell, from Alabama; Mr. & Mrs. George Will & Heather, from Orlando; Mr. & Mrs. Thomas Herring; Mr. & Mrs. Billie Morlas Miss Donna Stevenson; Mr. & Mrs. Spense Pass; Mr. & Mrs. Timms Cushing; Mr. & Mrs. Gene Johns, all of Miami. Also, Mr. & Mrs. Harry Greene of Ponta Gorda; Mr. & Mrs. Bobby Green, of Cocoa; Mr. & Mrs. John Kistler, & Mr. & Mrs. Kirby Hooker of Vero Beach.

Personals

Returning home to Dubuque, Iowa, after a pleasant two week visit with Mr. & Mrs. Paul Fondell, were Mr. & Mrs. Elmer Fink and their four children, Gary, Kathy, Doug, and Jeff. During their stay here, Gary won the main prize at last Friday Night's Game Night and he also caught a nice 2 1/2 lb. trout.

****

We welcome to the community, Mr. & Mrs. John Gee of 207 Beach Ave., moving here from Atwood, Ill. They have two married children, a son in Fall Oaks, Calif.; and a daughter in Adrian, Mich. They also have a total of six grandchildren.

Mr. Gee works in the construction division of General Development Corporation.

****

A welcome also to Mr. & Mrs. Bob Heid of 459 Sancia Drive. They moved here from Dallas, Texas. They have one married son living in Dallas and two grandchildren, Amy Renee and Steven Ray. Mr. Heid is retired from Atlantic Richfield.

****

Other newcomers to the community are Mr. & Mrs. Vincent Ade of 446 Prima Vista Blvd. They moved here from Arlington, Va. They have two married children, one living in Calif., and one in New York. They also have ten grandchildren.

Mr. Ade is a retired engineer with the U.S. Government.

****

Presently visiting with Mr. & Mrs. Russell Swank of 305 Sandia Drive is Hoyt Sumner, his wife and their family, Beth, Jimmie and Craig, from Fordyce, Park, N.J.

****

The St. Lucie Marines of Ft. Pierce could have been preparing a real "Texas Welcome" for families of Marines, Mich. That was the first time Cathy Reidy, Julie Marie and Donald had vacationed at Fort St. Lucie. They were thrilled with swimming at the beaches and with Lion country safari. The highlight of their trip was a specially conducted tour of Cape Kennedy accorded to their grandparents who were formerly employed at the space center in Huntsville, Ala. A 16 mm. camera man joined the tour and the Adkins will be viewing themselves on a special program in July preceding the launching of Apollo 11.

****

The Fort St. Lucie Republican Club will hold their regular monthly meeting on Thursday, July 3, at the Marina starting at 8 p.m. All members are urged to attend.

****

Cedric Paine said that the monthly Veterans of World War One Bunco was played last Thursday with seven tables participating, regardless of the excessive heat and lack of air conditioning or fans at the Marina.

The booby prize with 4 games out of a possible 17 was won by Ada B. Tuck. The door prize was won by Olive Byrant. First prize winner was Mildred Eggleman with 13 games; second place with 12 games was Madeline Beatong; third and fourth place ended in a tie between Eleanor Burk and Park Sams.

****

The report from the Friday Night Gang shows some fifty brave hearts showed up to play Bingo in spite of the excessive heat.

No birthdays were reported. Visitors were Mrs. Carol Wilson, and daughter, Dianne. Carol is the daughter of Mrs. Mary Marsh. Also, Mr. & Mrs. H. Livingston of Philadelphia visited. Mrs. Livingstone is a sister of Al Seidel.

The main prize of a ice beef roast was won by Frances Kalbach.

Friends of Harry & Carol Wilson will be interested in knowing that Carol along with three of their children, Diane, Ronnie & Steven, are now visiting at the home of Carol's parents, Mr. & Mrs. Hart Marsh. They arrived via the West Palm Beach Airport on June 27.

Harry and the other two children, Richard and Donald, will be arriving around July 11.

Carol and the children will be making their home here, since Harry is a regular in the Marines, and scheduled to go overseas August 1.

****

The Beautiful Waters Homemakers Club will be having a bake sale at the annual 4th of July celebration. Ladies, don't forget your baked goods. For further information, please contact Mrs. Joyce Cliff, at 464-2923.

The regular quarterly meeting of the Port St. Lucie-River Park Homeowners Association will be held at the Marina at 8:00 p.m. on Tuesday, July 8.

In addition to the usual reports of the activities of the Assn., which will be received, a report will be made regarding the progress of the installation of the street lights. Plans for future activities will be discussed together with such other matters as may be properly brought up for consideration.

President Joe Keating stated he has received advice from several homeowners that they have not been contacted for payment of their membership dues. He noted that these dues may be paid to their local unit director or at this quarterly meeting. All members are urged to attend.

LAFAYETTE
Associate LRC Store

The largest stock of amateur radio, CB and Hi-Fi equipment and parts between Jacksonville and Miami and the "know-how" to go along with it.

Surely there's a better way.

The better way.

One of the better things about washing dishes the automatic electric way is that you save as much as an hour and a half a day. Time you can put to good use with your family. Or shopping. Or entertaining your guests.

Meanwhile your electric dishwasher sparkle-cleans and sanitizes everything thoroughly, for family health protection. And keeps your hands out of hot water, so they stay soft and lovely.

Ask your appliance dealer about an electric waste disposer too. It will free you from another chore by putting an end to messy garbage handling.

When it comes to saving your work and time, there's no match for flameless electric.

Eleven rate reductions since 1957! The average price paid per kilowatt hour by FPL served families today is one third less than it was in 1957.

Deserted us entirely'

PSL battles county for I-95 location

"The county is leaving the people of the south part of St. Lucie County out in the cold," was the comment of Julian Flood, City of Fort Pierce councilman and a member of the St. Lucie County Regional Planning Council. "They have deserted us entirely," he told fellow councilmen in a meeting Tuesday.

It was showdown time at the meeting, as the councilmen met with Mrs. Marjorie Silver, south county conservationist, at her request, to try to come to some sort of agreement on the route of I-95 through the southern part of St. Lucie County. At stake in the discussion was the future route of Martin County's and of the Interstate highway.

The flap began when the St. Lucie County Commission requested an eastern route for I-95, east of the Florida Turnpike. The proposed route of the county ended at Okeechobee Road in Fort Pierce. No recommendation for a route south of that point was made by the county. The RPC suggested a route west of the turnpike, and the position of the city of Fort Pierce was graphically illustrated by RPC member Flood in presentations before the State Road Board in Fort Pierce and Stuart and meeting with the city and county officials at a State Road Board meeting at St. Lucie Country Club recently and before the RPC at its meetings, according to Flood. The westerly route proposed by the RPC passed on a 4 to 2 vote.

The RPC route follows the Florida Power and Light Company rights - of - way south, and it was pointed out that costs of I-95 rights-of-way would be greatly lessened by such a route. Several Development Corporation supports such a route, Flood said.

Flood said, at the meeting Tuesday, "We are representing the views of the people of the south county as all people south of Okeechobee Road, the hundreds of homes in White City and North Port St. Lucie and the city itself.

Following the meeting with Mrs. Silver, the city officials announced that they planned to make a complete presentation of the city's position on I-95 to the county commission. Mrs. Silver said at the meeting that the city had not made an official request for location of the interstate road, and that she knew nothing about its position on the road.

Tempers flared at the meeting as the councilman questioned the county commissioner on the lack of communication between Mrs. Silver, who represents the south portion of the county, and the city.

Mayor Eugene Kavanaugh told the commissioner that the city would make a recommendation as asked by county administrator Weldon Lawis on July 7, but said he was disturbed by the procedures the commissioner used.

"We don't like it, and we have achieved nothing from Mrs. Silver's guidance or help. We have never received advance information from Mrs. Silver as our representative, and I feel we get poor cooperation from Mrs. Silver as our representative on the county commission," Kavanaugh said.

Mrs. Silver told the city council that her position was that the county lets the municipal bodies make their own recommendations, and "we do not want to impose our position on the city." Councilman Harold Nottley then asked the commissioner why the City of Fort Pierce had been asked, "as a courtesy" by the county commission, for its stand, and not the city of Port St. Lucie.

"Aren't you interested in all the people of the county?" Nottley asked. Mrs. Silver said, "Of course."

At stake in the battle is the route of the road; whether it would take an easterly course, through the populous areas of St. Lucie and Martin Counties, or a westerly route through farmlands and unimproved acreage. Port St. Lucie officials state that it would be almost impossible to gain rights-of-way through the General Development community where thousands of lots have been sold and titles are held throughout the world.

To Martin County the route is as important, and the Martin County Commission has favored a route to the west of the Florida Turnpike. If the easterly route is approved through St. Lucie County it would almost be a certainty that the I-95 route would be easterly through Martin County.

HAIL SPEAKS- Dade County Mayor Chuck Hall was the featured speaker at the patriotic program held before the July 4th fireworks show on the Jensen Beach Causeway last Friday. Hall was introduced as "Dade County Mayor who will some day be governor of Florida."

Scores Sandsprit Park

County acts to plug travel trailer zone

Having to meet the 2500 square foot requirements of TP (trailer park) zoning would work a hardship on a business man wanting to install a travel trailer park in the county, Russell Bollen told the Martin County Commission Tuesday. He asked that the county update its zoning codes and add a classification for travel trailers.

The new owner of Blue Heron Cottages, on Indian River Drive and County Line Road, Jensen Beach, said that he had the zoning for trailers, but he wanted to put eight-foot-wide travel trailers in a park, with up to thirty-feet in length, not the twenty-foot-wide, sixty-foot long mobile homes that the zoning code provides.

"You have neglected to provide for one of the fastest growing industries in America," Bollen said of the county zoning. He asked that he be allowed to develop his park in the rear of his cottages.

Showing plans for the park, built around clusters of travel trailers, Bollen said the drawing was designed by Greenlees, Arbogast and Montgomery, from specifications provided by a division of the National Park Service. He cited installations in Palm Beach and Dade Counties as examples of parks that are a credit to travel trailers.

"Sandsprit Park is a disgrace to the county," Bollen said. "You should close it up until it is cleaned up."

County commissioner Bill Myers noted the lack of a special classification in the trailer zoning and asked that the county fathers send the item to the Martin County Planning and Zoning Board for its recommendation and a classification for the travel trailer business. His fellow commissioners agreed.

FIREWORKS WORKERS--Preparing to set up the fireworks show on the Jensen Beach Causeway Friday were, left to right, Jim Pauly, Woody Woodruff, Carl Barker, Lou Trawnowski, Buddy Shipes, Boom-Boom Bill Yurtillo, Bob Kale, Bob Means and Frank Wacha. Not present for picture were Al Phinney and Hadley Vosmer.

Chamber reports

The month of June was a "light month", according to a report to Jensen Beach Chamber of Commerce directors by John Powers, executive secretary. The directors, meeting Monday night, heard that only 137 out-of-town visitors came to the Chamber office for information and literature. Sixty-two members visited the Chamber office during the month.

"All resort guides have been given out, or are committed," Powers said in his report. Only 1445 of the original 24,000 copies of the guide were reported left, with all of them promised. 1,342 guides were mailed in June. The new, 1970 resort and fishing guide is now being prepared, Powers said.

Of the street maps given out by the Chamber, only 870 remain from the original order of 5,000 with 170 distributed by request in June.

A new alignment of Chamber committees was announced by Chamber President Dean Tooker, with a split of the merchantile and industrial committees. Vice president Gene Pfleger will work with the Commercial Street Merchants organization, and Director Richard Campbell will work with the countywide industrial board, Tooker said.

An increase in membership to the Chamber was also reported. The June, 1969 membership was reported at 185 members, over the 1968 membership of 129 for the same period last year.

A report audit of the Chamber books will be reported at the next meeting by Chamber Treasurer Buck Maulden.

Tooker announced plans are beginning for the annual Labor Day recreation for the Jensen Beach Causeway. He said that the Chamber would handle the booth activities.

ALMOST- Climbing the greased pole was a little harder than they expected as youngsters tried and tried, with few winners of the dollar bill tucked at the top. Here, Bo Means comes near, but soon slid out of contention.

PSL Post Office to be advertised

Approval of the new post office substation for the City of Fort St. Lucie was announced Tuesday at the regular meeting of the city council by Mayor Eugene Kavanaugh. The office will be advertised for ten days, then a contract awarded for the postal service.

Kavanaugh said that General Development Corporation had already committed itself to a section of the country store in the south Port St. Lucie Shopping Center to be used by the post office. He said that the space would be leased to the city for one dollar a year.

"This means we will have twice a day pickup and delivery of mail from Port St. Lucie," Kavanaugh said, he added that plans were already under way to deliver mail house to house. Late delivery of post boxes for the homes in the country club area has held up the start of the rural route, but Kavanaugh said the start was presently set for this Saturday.

A mail box will be placed at the city hall in the shopping center for a mail drop.

In other actions at the meeting, the city commission took the following actions:

ACCEPTED the resignation of police chief Charles Russell, who has held the city post since 1962, on his request. Russell said the growth of the city offered a possible conflict with his role of chief security officer of General Development Corporation, a post in which he will continue.

APPOINTED Julian Flood chairman, and Elgil Petersen and Roger Hawkins members of a new zoning commission for the city. The mayor and city attorney, Rupert Smith, will serve as ex-officio members of the commission.

HEARD that not a single complaint about mosquitoes has been received in the past few months from residents of the country club community in the city hall. Parks councilman Franklin Beardsley reported that it was "almost impossible" to set up coordination between the county mosquito control and General Development fogging machines, as asked by the city, but said that both were "most cooperative" in their efforts to reduce the insect menace.

INVESTIGATED building permit rates, and heard Flood report that rates in Martin, St. Lucie Counties and in the cities of Stuart and Fort Pierce were the same, except that charges were made for electrical and plumbing installations. The city attorney will look into a schedule of rates based upon sizes of buildings and installations.

DISCUSSED the possibility of a tape recorder at the city meetings for a permanent record of the meetings. Councilman Harold Nottley will arrange a demonstration of a tape recorder for the board at an impending work session.

RECORD CATCH- This 14-pound, eight-ounce large mouth bass is the largest of its kind caught during the last 10 years, according to Dr. Walter Stokes of the Stuart Sailfish Club. Pictured above with his catch is G. Wade Aycock III, 1111 N. Fork Drive, Stuart, who caught the whopper in the Jensen Savannas last Thursday, using a nine-inch black worm and spinning tackle. Local record was set in 1961 by Mrs. Walter Stokes whose fish weighed in at 13 pounds, 8 ounces as registered with the Stuart Sailfish Club.

Owens asks to change district boundaries

County commissioner Bill Owens asked the members of the Martin County Commission to think about changing the boundaries of the special taxing district to meet with the boundaries of the commission districts at the regular meeting of the board Tuesday.

When these road District A as a comparative commissioner Frank Wacha said that the taxing district assessments were ready to be split off from District A, but said that as A-1 and A-2 district would have to be formed to take the calculations out of his district.

Involved in the request is North River Shores, Palm Lake Park and up to Beau Rivage, on the west side of U.S. 1, north of Stuart. Wacha said that a resolution of the board would be necessary to make such a change.

SRD denies SP flasher

A flashing light at Sewall's Point Road and A-1-A was denied this week, it was reported by Jensen Beach Chamber of Commerce President Dean Tooker. The State Road Department wrote the Chamber in answer to a request for a light on the dangerous corner.

The Road Department wrote that the town of Sewall's Point, or the county, should install reflectorized street marking signs in lieu of existing concrete posts.

John Wilson, district traffic and planning engineer, wrote that the existing 35 mile per hour speed limit was adequate, suggesting, "white way lights on existing poles on a temporary basis, until such time as moneys are budgeted for a lighting project."

Jensen Chamber officials plan to contact the Town of Sewall's Point with the information to make the corner more safe.

Myrtle, the green turtle, almost a lifelong resident of a turtle tank at the House of Refuge, became a mother for the second time in a month last Wednesday, when she laid 29 more eggs.

Six of the 29 were saved, according to Ross Witham.

County actions

At the regular meeting of the Martin County Commission Tuesday, the following actions were taken:

ALLOWED Southern Bell Telephone to have a franchise for utility lines on Hickory Ridge Road and South Street, Jensen Beach, to increase telephone lines to the area;

CHANGED the zoning of the land south of SR 707 at Sago Sands from B-1 (business) to R-3A (light business.)

VOTED to advertise to resurface Myrtle, Marion, Wilda and Mildred Streets in South Jensen Beach;

FLASHING lights for school warning signs will be installed at county schools to include the Jensen Beach Elementary School, according to a resolution passed by the county. The county will operate and maintain them following their installation by the State Road Department.

NEW FIRE TRUCK--Jensen Beach Volunteer Fire Department has a new combination truck for woods and house fires. The 4x4 (4-wheel drive) truck carries 600 gallons of water and has a 500 gallon per minute front end pump. It has two large fire extinguishers, one CO2 and one dry chemical, according to Chief Randolph Spinney. The truck has been purchased outright by donations from the people of Jensen Beach, Town of Ocean Breeze and Town of Sewall's Point at a cost of $6,500, and Spinney thanks all donors. The Jensen Beach department now has a fleet of six fire fighting trucks and a utility truck, plus about 20 volunteer firemen. Pictured above are Gene Oliver, Spinney and Will Bowman.

St. Andrew Society expansion starts

...t least every fledgling ...anization that can have ...one of its patrons a man ...o has been both Lord May... of London and Lord Pro... of Edinburgh....but The St. Andrew Society of Florida is one of the few so honored.

Officially launched with a constitution and set of by-laws, this six-months-old society's patrons are the Governor of Florida and Sir James Miller, G.B.E., D.L., LL.D. The next step is a two-part campaign over the summer for charter members (all who join in 1968), and for a network of subsidiary chapters around the State, according to HardinRoss, Jr.

Back from a business trip to Scotland, by way of South Africa, the society's instigator and first president, William C.Maclaren, reported last week on a visit to the World Federation of Scottish Institutions, and some library research on, among other subjects, alternative spellings of "Stuart."

The World Federation plans to encourage meetings in Edinburgh of representatives of Scottish institutions at an international congress which it proposes to organize. Matters such as organization, membership, functions, Highland dress, Highland games, and Scottish music and dance will be discussed, as will other matters of common interest.

Following the suggestion of the World Federation, the St. Andrew Society of Florida has applied to The Lord Lyon for a coat of arms, or emblem, for use here.

The next scheduled event is a St. Andrews' Night dinner to be held November 29 when those attending will be encouraged to wear Highland dress or something stressing Scottish influence. Ladies may wish to wear white, with a sash of their own or their family tartan.

Maclaren mentioned "an interesting response" to initial letters addressed to all Florida Chambers of Commerce suggesting local chapters of the parent society which was established in Stuart.

The objects of the society, as set forth in Article II of the Constitution, are "to encourage the meeting together socially of Scots residing in Florida and people interested in Scotland and her heritage," and "to take any such steps as the society may consider necessary to endeavor to preserve the national character of Scottish people, traditions, and interests."

Membership is open to "any person of Scottish birth or Scottish descent" and to the spouse of such members "regardless of place of birth." Associate members are asked to have "a sincere interest in Scottish customs and traditions" but may not hold office. Dues for all are $5 a year.

Information is available by contacting the president or secretary, P. O. Box 1044, Stuart.

GRUMMAN COMMAND CHANGE--A change of command ceremony was held last Wednesday at the Stuart plant of Grumman Aerospace Corporation. Left to right above are Art Melrose, manager of the Stuart facility; William E. Cobey, director of the local facility; Rear Admiral Daniel K. Wattzenfeld, Naval Air Systems Command representative; Colonel Clinton G. Duty, Army Aviation Systems Command, and Grumman vice president William Zarkowsky. In the background are several Grumman Mohawk surveillance planes, which are used for duty in Vietnam by the Army. The Army took "cognizance" from the Navy at the recent ceremonies. In the future, the Army will inspect the military equipment turned out at the local facility.

VICE PRESIDENT SPEAKS- William M. Zarkowski, vice president of Grumman Aircraft Engineering Corp., with headquarters in Bethpge, N.Y., spoke at last week's change of command ceremony at the Stuart facility. Inspections of military equipment had previously been made by the Navy; however, in the future the Army will take over inspections of the Mohawk surveillance planes, which are used by the Army. Zarkowski pointed to continued growth of the local facility, now known as Grumman Aerospace Corp., and said it will be on a self-sustaining basis in a few years. The 20-year old Stuart plant now has 820 employees.

reworks were fabulous

Jensen Beach Fireworks Committee in. Our biggest question was, how g last year? Well, they did it, and ng and beautiful....and loud.

Jensen's so... saahhhhhh's of the watching the fantastic series of ground displays were in awe, shock by over the fireworks exhibit of Independence Day was properly and the patriotic fervor that we much more in this land of ours ssing from the show.

eworks committee is a small band ed men. They do much more than fireworks on the Fourth of July. lot more work than is shown in ys. They are patriotic, civic- d energetic.

of the Independence Day extrava- under way about July 5th, it takes ear to plan the various displays of the hour-long show. It is in Jan- the fireworks committee members rt and begin building their displays. one or two nights a week to put e together. They prepare for six ward the end of the period, they ith preparation periods when the s are put on the many displays. this time that Bill "Boom-Boom" ins praying. Often, he has no idea ing to happen to a particular shot, certain shells that react differently ious conditions. Some of the im- ts are forecasted so that the fire- ittee members have no idea how will fly, how they will fire, and what color they will be when they do, and if they do, explode.

We remember one shell that was fired, a dud, retrieved from the bridge, fired again the next year, retrieved from the river, and fired the third year before it finally went off. This can give Yurillo, who has been raised in a family of fireworks builders, quite a few gray hairs, for he plans his fireworks shows around the idea that they will go off.

Yurillo has done it again. He and his band of builders have entertained with a show that will guarantee future fantastic crowds visiting Jensen Beach over the Independence Day holidays.

But while we congratulate Yurillo and all the members of the fireworks committee on their effort and the success of their show, we must add a well deserved congratulations for putting on an event that continues to grow each year, and bringing another feature attraction to Jensen Beach to publicize our community.

The fireworks committee is the backbone of the Jensen Cubs, the parent organization of Little League and Pony League baseball. The annual softball tournament, now in its second year, is sponsored by the Jensen Beach Fireworks Committee.

It is hard to salute an organization that doesn't have a president, or a board of directors. These fellows do not believe in political organization. They just want to do a job. So, we salute all of them, individually, for what they have done, are doing, and are going to do in the spirit of community service.

Marijuana and the law

A lesson in anatomy

...ool's should contain more educa- ...urses, perhaps, and to make up for ...by present some information on the ...tionary.

...eally isn't much difference between ...omen, but alright as they are the ...s are rather important. Men are ...up and down, unless they are fat, ...men curve a lot, and curves are ...utiful than straight lines. Most ...thing suits, are a bit frightening; ...en are rather attractive.

...rt is where love operates. As Drs. ...Hart put it, "I took one look at ...n all I meant to do, and then my ...d still."

...me for the purpose of inhaling air ...

...e flaps to catch the sound, whirling ...(Poetry unintentional) and then ...inside the ear. (That is how the ...got started.)

...uth, tongue and throat are so ar- ...t a person may be able to talk ... They have no connection with ...

...the brain. It is where prejudices ...d. Children have no prejudices and ...ng to the parents to instill them. ...y neglect their children in many ...they seldom fail to plant prejudices; ...the children might grow up without them, or with fewer. The prejudices generally ...ure: politics, religion, races.

The children must be taught that those who differ from them and their parents are inferior, or mistaken, or plain crazy.

Now we come to the appendix. The appendix is placed in the body so a person can have appendicitis.

Many young people have teeth that look like pearls, but frails teeth are a mess. The reason is that when man was created the last job was that of the teeth, which was left up to a committee, which disagreed.

They finally compromised by giving each person two sets of teeth, the first set temporary, the second set also temporary. The committee submitted a minority report which provided for cavities and so on.

They turned down a proposal that teeth should grow and continue indefinitely.

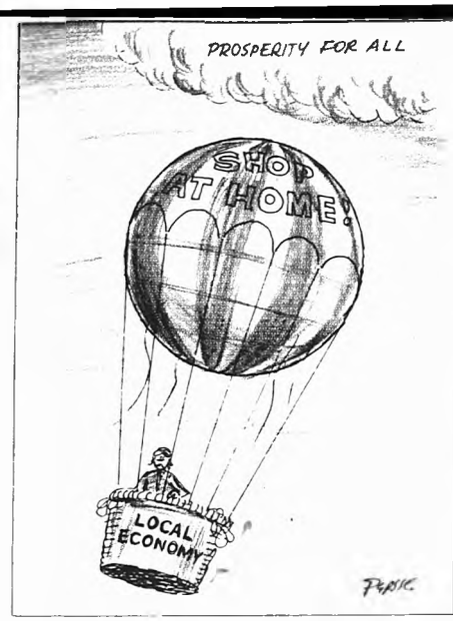
The less said about the hair the better.

The body has something known as bile. It can best be illustrated by saying that if a pan is filled with water and placed over a fire it will bile over.

Some people have blood, which is red. Some people think the) have blue blood.

If there are any questions concerning anatomy, which readers wish answered they may write to this paper, if they wish personal answers, enclose a dollar bill.

- Bryan (Ohio) Times.



LIVE....and love it by Dick Campbell

Bet on catrastrophe

Postmaster General Winton M. Blount said that a former postmaster general, Larry O'Brien, had once said, "The post office department is in a race with catastrophe." Blount then said he would almost bet on catastrophe.

It was at the National Newspaper Association meeting in Atlantic City recently when Blount laid the blame of his office open to the newspapermen. He wants to do himself out of a job. He talked sense.

Blount recognizes that the postal service is in a mess. He has asked the Congress to abolish his office at the cabinet level and restructure the postal service into a government owned corporation run as a business, out of politics.

Businessmen, using modern business methods, would run the post office. In a five year program, the post office would be put on a self-supporting basis, properly financing the move with sale of bonds and a Congressional subsidy.

Blount was concerned about the present use of the postal manual, the bane of all doing business regularly with the post office. The general said that there were even rules on how to sweep the floor in the postal manual, and promised to throw the book in the wastebasket and start all over. To this he received a long ovation from harried newspapermen.

The postal service has gone downhill over the years for many reasons, Jensen Beach has been without a permanent postmaster for many years, due to the bureaucratic bathtub of politics in the department. It has not kept stride with the development of technology in the country) that seems to be the most technologically advanced in the world.

Blount has an answer. If the Congressmen can listen, and will give up the political considerations in exchange for a sensible method of operating a business for communications in this country), then the people will benefit. Congress is supposed to set policy, not operate a business. Given the new alignment of postal service, the Congress would do just that.

In another area, the new plan would reward postal employees for accomplishment and service, with merit appointments. The postal unions oppose this because they believe that salary increase and advancement should come from tenure alone, but then, that is the job of unions...to protect the worker who does not produce, or is average.

No corporation can be run with an inflexible rule on

superintendent

by Jim Ritenburg
Boca Raton News

Misery is.....

I wouldn't ordinarily write a column like the following but this one was just too good to pass up.

One of the teachers in a local elementary school of second graders came up with this idea.

"Write down the words 'misery is'," she told her children. "Now give me four examples of what you think being miserable is to you."

Instead of just collecting the papers from each pupil and putting them away or in the wastebasket as is often done, this teacher made up a little book of answers from the entire class and sent them home to the parents.

I happened to pick up our copy at the dinner table one evening and it struck me as being the most amusing thing I had read in weeks.

If you have an eight-year-old child or can remember when your kids were this age, I think you too might enjoy some of the following excerpts.

MISERY IS,

working, fighting, bathing, school. Todd Taylor

sitting beside a girl, your mother making you watch the love scenes, you dad spanking you, your finger being pricked with the curses needle. Doc Clark Davis

when I have to play with Mark, when my sister screams, when my mom screams, when I have to go to bed. Lynne McComb

being board, getting bit by car, having a bad week, getting a pattiets. Debbie Richter

hitting your sister and brother and not meaning to, being sent to your room, not being able to watch TV and going to bed. Patty Spencer

losing the running races, braking your leg, being bad in school, playing football and losing. David Wise

my brother bothering me, my cason bothering me, boys, getting in trouble. Mindi Vincent

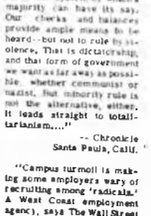
eating squash and spinach, a rainy day, being sea sick, a shour. Patrick Sayer

finding out that Donnie Shipman loves love, when my mother pulls my hair fixing my pony tails, sitting by a boy that you don't like, Jeff and Doug. Carol Rollins

going to the hospital, coming home from school, taking care of Chickie, and Chuckie biting me. April Love

And of course, the one that fraidurel me naturally had to come from my very own. She wrote:

Misery is taking care of babies, having my brother make fun of me, playing ball, practicusing organ. Tammis Ritenburg



advancement, but cooperation and negotiation can help the postal employees earn better wages and advancement based upon merit and tenure, and efficiency can only result.

The people want postal reform. They are demanding it more and more; I hope that every citizen asks his congressman for support on the postal reorganization bill. The country needs it.

Blount jokingly said, "I am glad you asked me to speak. In fact, I wanted so to speak at this gathering I asked your executive director to bring the invitation to my office in Washington, rather than mail it." He wasn't kidding.

Your Social Security

By JAMES H. McCARTY

Q. My husband will be age 62 next month and plans to retire. I am age 60 and disabled. Will I be able to receive disability payments on his earnings?

A. No. A wife cannot receive disability payments on her husband's earnings. She may receive regular wife's benefits at age 65 or at any age if her minor children under age 18 are qualified for benefits.

Q. My father died last year and my mother, age 81, received the LSDP. Since his death she has become disabled with a severe heart condition. Can she receive disability benefits as his widow?

A. Disabled widows between age 50 and 60 may now be eligible for disability payments on their deceased husband's earnings. You should have your mother contact her Social Security office as soon as possible.

Q. My husband has every bad stroke last month. His doctor says he will never be able to work again. When should he apply for his monthly disability payments from social security?

A. Now. All claims for disability payments should be filed as soon as possible during the first four months of disability. This will give us the necessary time to see that your husband's first check arrives in time.

Q. I plan to return to work soon and will hire a part time maid. Will I have to report her wages for social security?

A. Yes, if you pay her as much as $50 or more in cash wages in a calendar quarter. The report for April, May and June 1969 is due in July, 1969.

****

The National Agricultural Chemicals Association observed that the Federal Water Pollution Control Administration's latest report on pollution-caused fish kills found that of over 11 million fish killed, only 2.8 percent was caused by pesticides. Drainage from manure and silage killed four times more fish than pesticides.

applicants from crisis-torn San Francisco State and Berkley universities. A New York personnel agency that places college graduates detects "a negative change in company attitudes'...."

--Antigo, Wis., Journal

"It is reported that the president of one of the large New York City banks recently greeted the young men who had just been promoted to several of the bank's many vice presidencies, telling them: 'By the time you men reach retirement age, you'll all be millionaires. You'll live in half-million dollar homes and drive twenty-thousand dollar cars. You'll pay a thousand dollars for a suit and be able to take your wife to the movies for thirty dollars. A loaf of bread will cost you five dollars and a newspaper a dollar.' Financial people have the feeling that inflation will follow at substantial rise in prices."

--Leader, Bridgeport, Ill.

Notes and Comments by Bill Britton

Summertime is . . .

Summertime is one of the best times of the year, in this, the best place in Florida.

Summertime is watching a small, barefoot boy trudging down a dirt road to one of the many canals in Martin County. Over his shoulder, a cane pole. On the pole a long string of crappie or bream. He's whistling as he trudges along, as he should be. You watch, and listen, and remember.

Summertime is getting out of your car and walking down that dirt road toward the canal. The road bends sharply, and suddenly you are right at the bank. Water, still, calm and peaceful, stretches in either direction as far as your eye can see. You sit down on the edge of the canal and skate out over the water. Pick up a pebble and throw it in. The stillness of the moment is broken only by the happy splash of a mullet jumping. Then, once again, all is still. The hot summer sun beats down on you, but you don't even notice. All is peaceful in this time, at this moment, in this place.

Summertime! A time of joy to the youngsters, and of added frustration to the parent.

Summertime is when school's out, and suddenly you are a taxi. "If Bobby's father brings her over here, can you take her home...?" Or, "Can you take us to the beach?"

You sigh and say ok. That's your first mistake.

"Good! Then can we pick up Mary, and Tommy, and Lee, and Terry, and Ruth on the way?"

Summertime is also a time when youthful boredom can set in, but there is a way out.

"There's nothing to do! None of my friends are home, and there's nothing to do around this dumb place!"

They stare at you as if, by a magical snap of your fingers, you can produce a Disneyland.

Don't panic. Like I said, there is a way out.

"Go clean up your room."

Works every time.

Summertime is the Fourth of July, when you take your family to hear Grumman's Ed Danzler speak at the patriotic ceremony at Memorial Park in Stuart, partake of some of the fine refreshments provided by the Stuart Jaycees, then on to the Jensen Causeway. There you and yours stuff yourselves with the chicken, hot dogs and hamburgers served up by the Jensen Beach Volunteer Fire Department and Auxiliary, watch the games and booths, trying to keep track of your kids..."Dad, can I have another quarter?") Watch the kids swim ...("Tommy, stop dunking Sandy under like that...") Watch, laughing, while the contestants try to climb the greased pole. Watch the kids swim..."Sandy, stop dunking Tommy under like that...") Watch the boat races, and spend money. ("Dad, can I have fifty cents?" "I just gave you a quarter!" "Yeah, but now Sandy wants something...")

Summertime is waiting...anticipating...the coming of night on this Fourth of July on the causeway, when the fireworks begin, and you wonder how, possibly, Bill "Boom Boom" Yurillo and his crew will outdo and better what they did last year. But then do, and you marvel at the wonder of it all...

Truly, summertime is one of the best times of the year, in this, the best place in Florida.

A time of being busy. A time of peaceful remembering. A time for the family. A time for friends. A time of marvelling at the sights and the sounds that Nature has so abundantly blessed us with.

It's summer in Martin County....aren't you glad you live here?

Letters to the Editor

To the Editor:

After reading your article in the June 26 edition of The Jensen Beach Mirror, re: Dunning's Marina in Rio vs. Combs' radio station, I fail to see where Mr. Combs has a case of any kind.

Because Mr. Dunning is about to improve his property by erecting a brand new building, which will be landscaped with a good hardtop road to the marina. At present Mr. Combs has 3 or 4 small shacks on his adjoining property, with only a very poor dirt road to the above shacks. Perhaps he, Combs, feels if the Dunning property is so improved, Mr. Combs, may have to shell out a few bucks to bring his property up to par with Dunnings'.

I hold no brief for Mr. Dunning, but I do feel the zoning board should grant Mr. Dunning the necessary clearance to allow him to proceed with his project at once.

Sincerely yours,
Joseph Foster
V.P., Rio Civic Club

GRASSROOTS OPINION

"As income tax...occupies our daily thoughts, so do the costs of government services these taxes pay for. It is an unbelievably high price, for currently the federal payroll hits or exceeds a billion and a half dollars a month. Even people who 'think big' seldom think just how BIG a billion is. Here's an idea of its size...Christopher Columbus sailed from Palos, Spain, 476 years ago last August 3, 1968. If he had started a business here the day he discovered this continent...and he and his successors had lost $1,000 every day since the time..., they would have to operate until the year 4232....2,263 years from now...to pile up their FIRST billion in losses!"

--Tempe, Ariz. News

"There are many ways under our system by which a majority can have its say. Our checks and balances provide ample means to be heard--but not to rule by violence. That is dictatorship, and that form of government we want as far away as possible, whether communist or nazist, but authority rule is not the alternative, either. It leads straight to totalitarianism...."

-- Chronicle
Santa Paula, Calif.

"Campus turmoil is making some employers wary of recruiting among 'radicals.' A West Coast employment agency, says The Wall Street Journal, reports a sudden spate of refusals by some companies to consider job

back at Holiday Out

Beach Bum Bettie is back at Holiday Out. She and friend Mrs. Marguerite Hansen flew down from Farmington, Mich., for about a week's visit.

We'll be hearing more from Bettie during the summer. Right now, she reports:

Morgan Sprott is resident manager of Holiday Out.

Jack Cammack, well-known lifeguard, is director of recreation, assisted by lifeguards Lane Jennings and Robert Cammack, plus lot owners Paul Rush and Donald Peeling.

On the Fourth of July, a watermelon football contest was held in the pool. Prizes were ice cream and watermelons to all.

Winners of the girls contest (all ages) were: Judy Hould, Margie Hould, Karen Gresthem, Susan Hould, all of Plantation; Linda Williamson, Kathy Kay and Tarras Williamson, West Palm Beach; Becky Adams, S., Palm Beach; Tina Bass, Vicki Allan, Lynette Kitteleson, Suzanne Pyne, Debbie Adams, Annette Douglass, Susan McDonald, Lisa Weller, Debbie Nash, Debbie Peevy, Rose Campisi, Sherri Kittelson.

Boys, 14 and over, Randy Allen, Nick Weller, Robert Petty; up to 14, Richard Priester, Eric Kendrick, Darrin Kittelson, Laurence Schaad and Tom Cary.

There were 172 trailers registered into the resort for the holiday weekend.

On the evening of the 4th, we all gathered out on the fingers on the Indian River to watch the fireworks display on the Jensen Causeway. Everyone enjoyed them so, "Thanks," they say--we're very proud.

Richard Stevenson had the weekly Bingo game Saturday night over at the recreation hall. Mrs. Ruth Bowes tells us that 71 people joined in the games.

We had a lot of owners of lots in the condominium who took advantage of the long weekend to visit their property and relax. We saw the families of the Al Greenbergs from Buffalo; William and Nancy Humphrey and the H. F. Bass family from North Miami Beach; Dr. C. W. Bush, Lauderdale-by-the-Sea, and George W. Chalmers and Mrs. Mildred Howe.

Visitors from out of state are arriving every day and staying. Among them are the Henry Gaginski family, Detroit; the Robert Capers, Springfield, O.; R.H. Knowles of Hanover, Mass.; James Burke family, Dayton, O.; Robert Dowlers of Houston, Tex.; John C. Smith, Canandaigua, N.Y.; Edward R. Douts, Mich.; Edward Jonas, Hammond, La.; Denton Oiwig, Windsor, Pa., and Ronald Alexanders, Richmond, Ind.

We visited with a couple of the new lot owners in the newly completed Section B. The Matthew J. Healeys from Attleboro, Mass., are visiting their lot for the first time. Their friends, Col. Tom Collins and his wife, Ruth, picked out their lot for them last winter when Section B was being developed, and they are very happy with everything.

Mr. and Mrs. Ralph Huff, Lot P 24, Sec. B, are pleased on their lot. Another family who will be year-round residents are the C. A. Bakers, Lot Q 25, Sec. B. They are from a town near Indianapolis, Ind.

Putting in a lot of time and effort to improve the resort are the Earl Bowes, the John Carsons, the Warren McNairs, the Claude Reinert, Srs., and the Richard Stephensons.

We'll try to get another article out before we head back for Michigan. OK?

B.B.B.

Conovers anniversary

Friends of Mr. and Mrs. George Conover gathered at their home on Melba Drive, Jensen Beach, last Thursday evening to help them celebrate their 43rd wedding anniversary. The group enjoyed cocktails prior to going out for dinner.

Guests included Mr. and Mrs. Rupert Brown, Mr. and Mrs. Wally Hewitt, Mrs. Allen Clark, Mr. and Mrs. Ed Curtis and Mr. and Mrs. Paul Evenstad.

Second play to be presented

"Barefoot in The Park," the second of three plays presented by the Seminola Players of Indiantown Summer Theatre, will open on Wednesday (today), July 9. The comedy, by Neil Simon, will run at Seminole Inn through Saturday, July 12.

Tickets, on sale at the office of The Jensen Beach Mirror, are $2.50 for adults and $1.75 for students.

The company has begun rehearsals for "The Life and Death of Sneaky Finch," a comic-Western melodrama. This, the final show of the season, will open July 16 and play through July 19.

will end July 10

When the first American astronaut sets foot on the moon next week, readers of The Jensen Beach Mirror who entered the contest to win a trip around the world will be watching closely.

Gannett, Florida, newspaper Today, in Cocoa Beach, will announce the winner when the time of the touchdown is affirmed by NASA.

The winner and runner-up will be selected by computer, with the case of a tie settled by the earliest postmark. Decision of the judges and the computer is final.

WELCOME- The red loora hedge makes an attractive approach to the Dalley home. The loora hedges throughout the park and the village are at their very best right now. Some are a solid mass of red blossoms. The loora seems to love our hot July sun and this type of hedge has become very popular.

NEW HOME- Mobile homes have changed a lot since Fred and Freda Peterkin bought their trailer in 1963, so Freda decided it was time for a change. The picture shows the old trailer leaving to make room for the new twelve wide Skyline. Besides the extra space, the new home will have central heating and cooling. The latter is much appreciated these hot days.

We get letters . . .

From Clyde Radinger, Franklin, N.C., July 2nd:

"I agreed to tell you about our trailer trip from Jeanette's 92 degree heat. Well, we were favored with glorious sunshine all the way--mostly 97 degrees of it. We did enjoy the magnolia, blue hydrangeas and mimosas through Georgia, but those famous peaches--at 45 cents a pound--were disappointing.

"We are camped at Twin Oaks in a nice grove on top of a mini-mountain. Here we did find it cooler. It's only 91 1/2 here. We picked a box of those overrated wild strawberries. Some of the big ones were almost as large as a Spanish peanut. Lila found a reading glass indispensable in searching for them.

"After spending $4.50 for a fishing license I tried out the lakes from Highlands to Murphy, finding one small fish and a conversation officer. We then stopped at one of the private ponds where you sit in an easy chair in the shade to fish. You catch a 15-inch trout, pay the man a dollar- then he restocks his lake with another trout. The cheapest way to catch fish here but not exciting. This is not our idea of summer fun but with our delayed start, it's too hot for travel where the best locations are already crowded.

"Since Floridians took over this state it is not easy to find a native son, but I was lucky to become friends with a young chap my age who has hunted, fished and survived in these hills for 73 years. He is my final hope for adventure, but our car is not fond of his rough, frightening, dirt road short cuts. Even good mountain roads are disconcerting with always a big truck bearing down behind and drivers-in-a-hurry racing past on double lines.

"If we remain, I intend to begin shopping for a rocking chair--one that doesn't rock too fast- and settle down with a stock of books from the little library here, Lila, as you know, will keep busy with the million things little old ladies find to do with other little old ladies.

"Many fine folks live nearby who we knew at Ocean Breeze with such names as Burke, Priest, Osborne, Epler, Boyce, Sanborn, Marland and Hileman. It seems we never left home. The poor fishing is disappointing, but this is a lovely green country to come to and vegetate 'when we get old.'"

Sincerely, Clyde & Lila.

****

From John and Mae Haar, c/o N.K. Ebright, R.D. #2, Mifflintown, Pa., 17059:

"We arrived in Laurel, Md., June 13, after a nice trip. We found our granddaughter much improved. We visited her in the Baltimore hospital several times and were well pleased.

"We left Laurel June 20, and arrived in Mifflintown in time for cherry picking. June 23rd and 24th, we were very busy around here. We picked and canned cherries which we will appreciate next winter.

"Sour cherries will be ready after July 4, and then we will be busy again. Weather here is nice; the days are warm, but we have used blankets at night since we arrived in Mifflintown. We are both well and enjoying the good Penna., air."

****

From Mrs. Hugh Burgess, Crow Wing Lake Tr. Park, Rt. 3, Brainard, Minn., 56401 to Marie Tressel, June 25:

"We had a good trip except for several detours which took us 65 miles out of our way. I got tired driving and stopped every day at 3 p.m. We had a nice time at Webb's, our son and family. Hugh took us all out to dinner on Fathers Day. We spend three days with my niece and three more days at Blue Earth visiting friends and relatives.

"It rained the last 100 miles with a cold wind. My brother-in-law was waiting at the trailer and it wasn't long before we had the furnace going and everything warmed up, and we put Hugh to bed. So with a good rest Saturday afternoon and all day Sunday we both feel better and are back on our regular schedule.

"We had a bad storm this morning. Tornado warnings were on all day. A big tree was blown down on a car just two trailers from us, otherwise not much damage. The Minnesota contingent are having gunnery practice today, 15 miles away, and every boom makes the windows rattle.

"Say hello to Gertrude MacKay, Molly, Agnes, Bea and Jo. I wish I could have a game of bridge with you gals. Love to all."

****

From Ruth Phelps, June 27, a card from Falmouth, Mass.:

"Tomorrow I fly to Margaret's in Petersham in her son, Ernest's small plane. Picture me hanging on."

****

From Nelson and Catharine Tice, June 27, a card from New Hampshire:

"Just returned from visiting the White Mountains. It is a beautiful spot. We are spending some time with my sister and brother-in-law, Dr. and Mrs. H.C. Moody in Canterbury, N.H. Best wishes to all."

****

From Agnese Corliss, Dennisport, 51 Ocean Blvd., Hampton Beach, N.H., June 26:

"Had a nice flight over. Really had a big ball at the re-union. Very few of us recognized each other, and it was a laugh from beginning to end. Stayed in Concord till last night when one of my friends drove me down here. John's sister had dinner with me, then three of my other friends came and visited till 10:30. I'm bushed and hope to get rested at the beach. Ed Dennis is to drive me to the beach this morning. What nice friends.

"It has been real cool here, but the forecast is for hot and humid over the weekend. That will make good bathing for them. Give my regards to my friends."

****

From R.E. (Bob) Barrett, Star Route, Box 706, Webb Lake, Wis., 54830, June 29:

"We had a good time at the Square Dance Convention at Moorehead. 2162 persons registered, or nearly 250 squares--50 too many. This convention is getting bigger every year. I think they will have to split it up into districts. Eight couples from this area attended; four pulled their travel trailers up there. The weather was nice for dancing and it never got too hot in the hall. The next big dance will be at the Spooner Rodeo on July 15th.

"We see the DesJardins every week. They were with us at Moorehead. The Mirror arrives every Friday. It certainly has turned out to be a good paper and we enjoy it. I enjoy the editorials too. Mr. Campbell does a swell job.

"We had two big deer in our back yard one morning a week ago. We have not seen too many so far this summer. We have very few birds around this year. No orioles, hummingbirds, cardinals, canaries, or martins. The black squirrels chased the martins out and had their own family in the box last year."

****

The Derings received word from the LeDucs of their safe arrival in Tawas City, Mich. Cousins of the LeDucs came from Phoenix Ariz., to drive them north, but one had to leave soon after reaching Tawas, however the other was able to stay, and plans to help her with the sale of their home, and may return here with them, as the LeDucs intend to make this their permanent home in the future.

****

Word was received from Mrs. Florence Thinken that her daughter, Dorothy Conway, was not able to have surgery when scheduled, but will have to wait about three months. In the meantime, Dorothy has secured an apartment in Fort Washington, L.I. Florence, at the time she wrote, was with her daughter, Muriel, in Hagerstown, Md.

****

From Mr. & Mrs. Fred Stegeman, Box 176, Portage, Ind., 46368, July 1st:

"Here we are, home once more, after four days of travel in 101 degree heat through Ga. and Tenn. We found it a lot cooler in Ind., down to 60 last night and up to 68 today, which seems cold to us after Florida.

"We drove about six or seven hours each day with a stop every 100 miles. Fred stood the trip fine. Our family had our place all spic and span for us and everyone was happy to see us. We are glad to be with them, but miss our O.B. friends. Our best regards."

Mrs. Alice Wenink and her parents, Mr. & Mrs. Archie Wilcox returned June 28 from Cleveland, and surrounding area. While there they visited with Mrs. Wenink's daughter and family, with Mr. & Mrs. Wilcox's daughter. They found the weather cold the entire 5 weeks they were away. Mr. & Mrs. Eberole had been down earlier in the season, and spent two weeks vacationing with their relatives, and helped them drive to Ohio, but they were unable to drive back with them.

Mr. Willard (Bill) Baum of S. Fifth Ave., recently bought a new car, and left June 26th, for St. William, Ont., Canada, to join his wife Ada at their summer home there. We understand both the car, and Bills' visit were a complete surprise to Ada, who had gone about a month earlier, making the trip by plane and bus.

****

Mr. & Mrs. McLarty had an interesting weekend in Kau Gallie with their friend Mrs. Mary Olive Forworth. Gladys gave this account of the launching of the capsule containing the monkey. Although the McLartys were 20 miles from the launching site, the bridges and causeway were lined with people who started to ass mble at a very early hour in the evening although the actual blast-off did not take place till 11:55 p.m. Gladys said the crowd reminded her of July 4th. As the capsule became visible, it illuminated the surrounding country like mid-day, and as it got directly overhead it sounded like all the thunder in the world crashing at one time. It was a marvelous scene, and well worth the time it took to drive up there even for folks who have do not have friends to visit. Gladys made an observation regarding the monkey, she said if it was reported to be nervous, it must have been scared to death.

****

Mr. & Mrs. Luther Weeks left June 29th to spend two months in N.C., where they will visit friends, and also Crewe Va., where the Weeks maintain an apartment, and where many of their relatives, and friends live.

****

Mrs. Evely Wylie who has worked for the Hoke family for nearly 25 years returned recently from her annual two-week vacation.

****

Bot Morrow, Sr., was admitted to the Martin Memorial Hospital, June 29th. Ambulance driver was Wally Betham, accompanied by Freda Peterkin and Nelsie Cook. As of July 4th, his condition was not good.

****

Mr. & Mrs. Carl Work left for Akron, Ohio, June 29th, where they will be staying with their son and his family.

****

The Reeve mobile home has come to life recently. Their granddaughter, Pat, and her husband, Micheal Pavlich are on their honeymoon, and are living in the Reeve home. They are from Akron, Ohio, where Micheal is employed by the Goodyear Tire & Rubber Co., and Pat teaches at a local school. They drove down June 30th and are enjoying a two week vacation here.

****

Alice Millar, Madeline Mann and Mr. & Mrs. Theodore Pendleton went for a five-day cruise on the Grand Bahama to West End June 28th. While there they visited the International Bazaar at Freeport. Alice says the prices are very high. The International Bazaar was interesting, but there were no bargains.

****

Mr. & Mrs. Fred Tyler celebrated the 4th at home. In the evening they had a picnic on their porch. Guests were Dr. and Kay Book, Walter and Ava Scott, and George and Gladys McComb. It was quite dark by 9 p.m., and the party enjoyed watching the fireworks display from the Tyler porch.

****

Charles Morgan of Vista Drive left Sunday, June 29th for Mich., where he will be visiting friends for about a month.

****

The cabana home of Marie and Phil Dionne was just about closed up July 6th, and upon making inquiries, we learned they are to leave July 7th, from W. Palm Airport, where their son Alfred Dionne will meet them at Kennedy Airport in N.Y., and take them to his home in West Hampstead, N.Y. There they expect to stay for about 2 1/2 months. Marie says the son has a beautifully landscaped home where they enjoy the summers.

****

Recent visitors at the Dionne home were their grandson, Alfred, his wife, Jackie, and their baby. The Sr., Dionnes were happy to see their great grandson, Michael, who they say is a big boy for his age, and very smart too. Marie says, of course, that is a great grandmother's opinion. Alfred teaches in Cocoa, Fla., and has a home in Titusville.

****

June Ambulance Runs

June 5, Vern Myers, Betham and Tognerl driving; June 19, Dulcie Nuner, Betham and Tognerl; June 28, Robert Morrow, Betham, Peterkin and Cook.

****

Mrs. Dulcie Nuner, who had spinal surgery July 2, was able to take a few steps under her own power July 6th, and said most of the pain has gone, and she is very much encouraged with her progress.

****

Mrs. Gertrude Myers wrote from Mishawaka, Ind., July 1. She says that Martha Miller attended the services up there for Verne, it seemed like part of O.B. Gertrude goes on to say she will be coming back to Florida, but the family wants her to keep the home in Mishawaka. She also says she does not know how she can thank all the wonderful friends in Ocean Breeze for all the things they have done. She ends by saying she will be back in 3 or 4 weeks.

****

Mrs. Esther Tiemeyer returned home July 2, Mrs. Freda Peterkin met her at the airport. Esther, after visiting her daughter, son-in-law, and six children, attended the Third Triennial General Convention of the American Lutheran Church Women, held in the Minneapolis, Minn., auditorium, June 26th to 29. There were 8154 women registered. Esther, who attended the convention as a delegate of the Port St. Lucie Lutheran Church, said she found it a very interesting and inspiring tour days. Esther returned to the Detroit, area for a further visit with her family and friends before returning here.

****

Mr. & Mrs. Harry Wilkie are flying from Melbourne to Los Angeles on July 8th, on their arrival, their son will meet them, and take them to his home in San Jose, Calif., where they will be guests of their son and his wife and family of six until July 31, when they intend to return to O.B.

****

Fred and Leonore Viland have quite a long and interesting trip planned when they left here July 7th. They are traveling by car, and will go to the Geneva, Ohio, area for about a week, from there they will go to Ind., Ill., through the Wisconsin Dells, and on west to the Badlands, Mount Rushmore, the Grand Tetons, Yellowstone Park, Glazier Nat., Park, Banff, Lake Louise, into Wash., state, where they will visit around Tacoma, down through Oregon, and as far south as Los Angeles. Leaving L.A., they will point their noses back East by Rocky Mountain Park in Colo., and expect to be back in Ohio around Sept. 1. They will visit friends and relatives for about a month, and hope to be home in O.B. about Oct. 1.

is big success

WHITE ELEPHANT SALE- One of the most popular features of the Fourth of July celebration was the White Elephant sale. Workers and customers are pictured above.

BINGO GAME- Another popular feature of Independence Day was the Bingo games which took place during the afternoon hours.

SQUARE DANCING--And there was dancing in the streets- square dancing, which took place just prior to the fireworks from 7 to 9 p.m.

"Rain, rain, go away, please don't rain on our parade," might have been the exact words I was uttering as we slowly left the starting line, said Mrs. Chuck Johnson, Jr., parade chairman, Needless to say, though, it was only a block later that the heavens opened and washed away the color, glitter and enthusiasm of the early morning lineup.

The old cars from Elliott Museum kept chugging, the clowns kept laughing, and the Kiddie Band and Little League kept marching, and the members of the Junior Women's Club kept weeping!

The judges had a rather hard time recognizing exactly what was what, but the decisions were made and the results were final; decorated cars- first place, Junior Women's Club; second place, Veterans of World War One and Two. Marching units--first place, Port St. Lucie Little League. Bicycle units--first place, Robin Gessner; second place, Shiala Higgs and Michele Patterson. Boat floats--first place, Sea Explorer Troop 498; second place, U.S. Coast Guard Auxiliary Flotilla 55. Miscellaneous--first place, Robin Gessner, best in parade award; first place, "Little Miss and Mr. Port St. Lucie."

The game booths seemed to have had a good play between downpours, and the White Elephant Sale tables were filled with interesting goods.

The food stands, Bingo and relay races went along according to schedule and the day turned out sunny after all.

Later in the evening, Lloyd Gribble conducted the square dancing and the judges selected the following "Best Dancers:" teenagers, Ann Marie Herring and Lamar Strickland; adults, Betty Schwanbeck and Ronnie Williams.

A fine display of fireworks, handled by Slim Purcell and Milt Auth, ended the evening.

A special vote of thanks for a job well done goes to the Shuffleboard Club and the Junior Women's Club and all the other organizations that made the day so successful. Our thanks also to Boy Scout Troop 479 for cleaning up the trash and debris "the morning after the day before."

STATE REPRESENTATIVE- State Representative Chuck Nergard took part in the activities held at Port St. Lucie on Independence Day.

CG Auxiliary has 30th anniversary

The U.S. Coast Guard Auxiliary Flotilla 55 had an enjoyable time at a cookout on Sunday, June 29, at the Marina. The event was held in observance of the 30th anniversary of the Auxiliary. Mrs. Fred Helmer, publicity director, reports that it was well attended. It also marked the beginning of Safe Boating Week, June 29 through July 5.

The Auxiliary asks that you remember to load your boat properly, making sure that weight is evenly distributed. On small craft, standing up, shifting weight and sitting on the bow or gunale can be a very dangerous practice.

●●●

This month's President's Council meeting will be held at the Marina on Thursday, July 17, at 2 p.m. All club presidents in the community are asked to attend.

LITTLE MISS PORT ST. LUCIE--Smiling shyly, but happily, is Cheryl Lee Barlow, 4, daughter of Mr. and Mrs. James Barlow of 1172 S.E. Ladner St., chosen as Miss Port St. Lucie.

Anglers Club hears good fishing reports

Fishing reports, made at the regular meeting of Port St. Lucie Anglers Club last Tuesday night, were good, especially of bass from the Savannas, croaker and whiting in the surf, and snook under the local bridges at night. Tom Muler and his party reported catching 31 good-size lane snappers from the Indian River.

Carl Herzog announced that some good-size fish have been turned in thus far for the summer tournament and urged all to report their best fish.

The "small-fry" residents of Port St. Lucie should be encouraged to keep on fishing and enter as many fish as possible in the contest since many fine prizes will be awarded.

In another matter of business, James Barlow was named chairman of the conservation committee by president Dick Schmidt.

After adjournment, a fine scenic color film of the Nevada and California border areas was enjoyed by those who stayed.

The next meeting of the Port St. Lucie Anglers Club will be Tuesday, July 15, at 7:30 p.m. at the Marina. All members are urged to attend. New and prospective members are also invited.

●●●

The Port St. Lucie Masonic Club held its regular meeting Wednesday, July 2. It was decided, that due to the warm weather and many members being away during the summer months, plus vacation time, the club would dispense with monthly meetings until the first Wednesday in October.

The Jensen Beach Gazette

All The News That Fits In Print

Vol. 9 No. 29 14 Pages | Jensen Beach, Florida - 33457 | July 17, 1969 | $4.00 per year $2.50 per 6 months | Price 10 Cents

News notes

Jensen Beach Women's Association is planning a rummage sale for Saturday, July 26, at the new clubhouse. Donations are being accepted.

A dessert card party is scheduled for Monday, July 21.

***

The Rainbow Wheel will meet July 22 at St. Lucie Country Club. All new graduates of Welcome Wagon are invited to attend.

***

Dove hunters can take 18, instead of 12, doves per day in the three phase dove season upcoming. Hunting from noon to sunset will be allowed from October 4 to November 3, from November 15 to November 30 and from December 13 through January 6.

****

Terrence Horrigan, former principal of Hobe Sound Elementary School, was named principal of Martin County High School last week by the school board.

****

Got your license yet? The Jensen collector's office will be open this Saturday from 8 a.m. to 1 p.m., for last-minute buyers. Tags from last year go out of date on Sunday. If readers still have the red tag, better get to the courthouse some time this weekend.

SCHEDULING--Herb Bleum, delivery supervisor of the Fort Pierce Post Office, begins outlining the house-to-house delivery of north and south Port St. Lucie as PSL Mayor Eugene Kavanaugh, left, Councilman Julian Flood, right, and the Fort Pierce postmaster, Fred Bridges, look on. The service will be included in the opening of a postal substation in the country club shopping center. Officials met last Thursday at the Port St. Lucie City Hall.

SPS loss over $50,000

Definitely arson, says fire marshal

The fire that consumed a long storage building Friday night at Stuart Paint and Supply Company in Rio was "definitely arson," a deputy state fire marshall told The Jensen Beach Mirror Tuesday.

Standing in the ashes of the building, Fred A. Mowry, deputy fire marshall from Miami, gave guarded comments on the investigation into the $50,000 fire loss of the building materials and lumber supermarket. He said that some evidence of the "substance" used to start the fire was gained, but added that it would be two or three weeks before the state laboratory could analyze it.

"The building was a total loss, and very little can be recovered," Mowry said. "This presents peculiar problems to the investigation, and we can only determine where the fire started. With a partially consumed building, where the fire departments got her in time to kill the blaze, we would be able to tell a lot more about the fire and have more evidence."

Jensen Beach Volunteer fire chief Randolph Spinney asked for the investigation following the fire that swept through the storage area in early evening hours last Friday, destroying stacks of lumber, paneling, concrete, millwork equipment and tools. The entire building was gutted.

Wind conditions kept the blaze from spreading to other buildings in the complex, but caused sparks to jump the Florida East Coast Railroad tracks, starting fires in the tinder dry brush. Firemen from the many county companies who fought the fire quickly extinguished the woods fires as they started.

Volunteer firemen worked through the night to beat down the blaze, and were pouring water on the fire in the morning hours as SPS opened for business in the store's areas on St. 707.

Also under investigation is another suspected arson fire which destroyed the unoccupied house owned by Gordon Hampton, The Palm Lake Park home was destroyed Sunday morning and was next to another house owned by Hampton which was also destroyed by fire in the Fall of 1968. Estimated loss was $4,800 in the fire.

Mowry said that the Martin County Sheriff's Department was investigating the arson, looking into all aspects of the case. He said that former employees, present employees and competition companies will be included in the investigation.

The fire marshall discounted reports of the find of two motor oil cans behind the building area near the tracks, as possible containers for the substance used to start the fire. "Someone probably changed the oil in his car" Mowry said. He added that Deputy Slater Grose was investigating for the sheriff.

To the beach

The arts and crafts group at Langford Ball Park will go to the beach this Wednesday (today) and Thursday afternoons, July 16 and 17. Mothers are furnishing transportation and everyone is bringing a packed lunch.

Next week July 21-25, the entire recreation group will go to Jonathan Dickinson State Park. They will go on trails, have nature studies, and will view varied films pertaining to nature. The children will bring lunches and will eat before returning at 2 p.m. There will be no arts and crafts that week.

***

Walter Kuck, vacationing in Hendie, Manitoba, Canada, writes that the Winnipeg Free Press carried the story detailed Jensen Beach on the recent car fire of Norman Decker, in which a can of beer put out the upholstery fire. The three-inch story reminded Kuck, who wrote, "So even here in the North Woods, over three thousand miles from Jensen Beach, we are always good for a laugh from home."

****

John W. Swift has some color slide shows available for anyone at meetings. He will show the 45 to 90 minute shows on request. They concern everything from racial riots in Rochester, to Florida scenic tours, to Martin County slides, to "The four seasons." Those interested can call Swift at 287-4370.

Meet is sanctioned

26 teams set for big slow-pitch tournament

Twenty-six teams, two more than expected, will face each other in a double elimination tournament lasting three weekends on the two fields at Langford Park beginning Thursday, July 31. The games will, for the first time be sanctioned by the Florida State Softball Association, according to Frank Wacha, chairman.

Sanctioning came about when one team notified the officials of the Jensen Beach Fireworks Committee that it could not endanger its state eligibility by competing in a non-sanctioned tournament, "It's the first time we heard about a state sanction," Wacha said.

Ten teams in Martin County were sanctioned to play in a tournament, making the invitational tournament legal in the eyes of the state organization.

Wacha said he had contacted the state commissioner of softball, Ed Moore of Clearwater, and Moore had sanctioned the play. If the county teams were oked by the district. District Four chairman, Gordon Sprague of West Palm Beach, also president of the state association, then agreed to sanction ten teams in the county so that the tournament could be official.

The tournament is not a part of the state or district finals, being invitational.

Wacha said that the sanctioning was needed because "we have three top teams from Palm Beach County, three of the top teams in Indian River County, the best of Cocoa, Melbourne, and all are sanction teams." Wacha said that the teams could not have played in the tournament if the meeting had no sanction, and would have endangered their state classification if they had competed.

Entries for the invitational tournament are closed now. As it is, 51 or 52 games will be played over the three weekends. The traditional opening game will feature a local classic, the Salerno Crabs against the Thornburg Tire team, winners of the slow pitch league in the county.

Two games will be played on Thursday and Friday, at 7:30 p.m. and 9 p.m. Then on Saturday and Sunday there will be ten games played, starting at 3 p.m., on the two fields.

At the end of the first weekend, each team will have played twice and six teams will be eliminated.

Wacha said the new sanctioning would permit this area to hold a sub-district four elimination, or tournament, and will make Jensen Beach a rallying center for slow pitch softball in the future.

Bridges will be 17.7 feet

Identity assured by new PSL post office

A new identity for all Port St. Lucie was assured this week as the new post office for the General Development community began to get off the drawing boards and into reality. Postal officials met with city councilmen of the City of Port St. Lucie to outline the house to house delivery in both North and South Port St. Lucie.

Concern of residents of the north port area was expressed, fearing that the northern section would lose identity by the location of the post office in the city area to the south, according to Dave Gessner. But PSL major Eugene Kavanaugh said that the new post office would give the area more, rather than less identity. "All outgoing mail will now be stamped Port St. Lucie" Kavanaugh said. "As a substation of the Fort Pierce Post Office, the Port St. Lucie division will be the gathering point for better mail service for both the northern and southern sections of the community."

Mail addressed to Port St. Lucie will be received and dispensed as always, but more quickly, and from a central gathering point, it was noted. Deliveries of registered mail and packages will come to the new post office in the Country Club Shopping Center, and residents would have a short trip to pick up the parcels, rather than have to drive all the way to downtown Fort Pierce, according to Kavanaugh.

Mayor Kavanaugh added another note of information stating that final clearance has just about been completed on both bridges which will eventually link up Port St. Lucie Blvd., and that work should be starting in the very near future. He stated that clearance under the large bridge which will span the main channel, will be 17.7 feet, with clearance at Long Creek to be 9.6 feet.

When these two bridges are completed, this will eventually give the residents of North Port St. Lucie a link with the south area, since several streets from the north area will connect with Port St. Lucie Blvd., namely Floresta Dr., Alfonso Blvd., and Bayshore. This will mean that residents of the north area will be able to drive to the country club and surrounding area without having to go via U.S. 1.

Forty-five area residents are taking a real estate license course at Indian River Junior College on Tuesdays and Thursdays from 7 to 9:30 p.m. The real estate license course and real estate principals and practices course will be offered in the fall semester.

MARSHAL INVESTIGATES--Fred Mowry, deputy state fire marshal (facing camera) investigated the fire that completely destroyed the warehouse of Stuart Paint and Supply Company last Friday. Mowry said that the fire was a case of arson.

Contract period ended

Post office parking work will begin on Monday

Improvements to the parking area, in front of the Jensen Beach Post Office, will begin on Monday, according to a spokesman for Joe Mosher, contractor, who will handle the work. The contract for the parking area was awarded over a month ago and provided that the work be done by July 15, last Sunday.

Efforts of the Jensen Beach Chamber of Commerce to expedite the construction, which would remove the slight hill and redesign the parking lot, met with no response from postal officials.

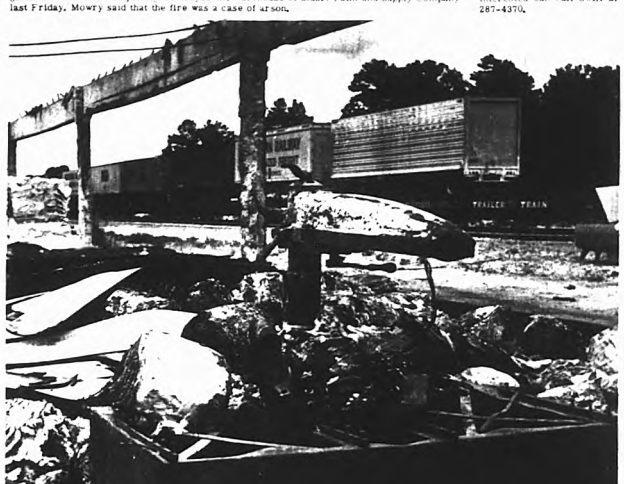
The contract was awarded to Keith Taylor, owner of the Post Office building. Taylor met with Mosley two weeks ago, and planned the improvements.

Ray Lorenz, acting postmaster of Jensen Beach, told The Mirror he would not pursue the matter. "It is up to the real estate department to push this, I'm not going to do it."

The post office parking area has been the subject of constant complaints by local residents, and has been the cause of many minor accidents. The parking area is build on an incline, so that drivers parking their vehicles must debark on a grade.

Some cars, with weak braking systems, have rolled back down the hill and out into the street. Others have bumped the guard rails on the concrete sides of the parking lot.

Under the new plan, parking will be enlarged, the hill cut down and steps up to the post office entrance will be constructed. On one side of the parking area a ramp will be constructed to permit residents who cannot climb stairs to walk up to the entrance.



CHARRED REMAINS- Walls of the former warehouse, and its roof, were turned to ash dust by the holocaust that swept through the building, leaving only concrete block pilings and a beam. Destroyed machinery, in the foreground, stacks of plywood paneling, and, at rear, bags of concrete were destroyed by the blaze, set by an arsonist. All area firemen answered the call to the blaze, and fought it through the night and into the next morning.

graduates

Alice Marie Heaton of Jensen Beach was one of six student nurses graduating in the first class of Practical Nurses at Indian River Junior College.

The capping and pinning ceremony was held at Indian River Memorial Hospital on Friday, July 11, followed by a buffet dinner.

The student nurses have trained at the hospital for the past nine months.

CONGRATULATIONS!-- Congratulations from the entire community were offered to Bill Boom-Boom Yurillo by Frank A. Wacha on Independence Day. Each year Yurillo and his crew put on a fireworks show that is the best ever...and this year, again, was the best ever, according to the 10,000 who crowded the Jensen Beach Causeway and adjacent roads to view the fantastic and spectacular fireworks display.

accused of stealing nearly $3,000 worth of equipment from boats in Martin County.

William Neal Hardwick, 18, of Rio, and William A. Timmerman, 20, Stuart, reportedly have admitted the thefts. They were apprehended Monday night by Deputy Sheriffs Slater Gross and John Randolph.

Gross said the youths, when accused, turned over many items stored in their two cars plus articles left in a vacant house off SR 76 near the South Fork.

Boat owners reporting thefts recently include R. W. Wilson, High Point; Dr. F. Krauskopf, Sewall's Point; Arnold Meyer, High Point; Richard A. Buchanan, Fisherman's Paradise; Sam Tucker, Hutchinson Island; Dr. James Kelly, Stug Harbor, and William Eccenback, Fisherman's Paradise.

Some recovered articles have not been claimed, according to Sheriff Rex C. Baker.

The youths are charged with possession of stolen goods, he said.

Open meetings are guaranteed at Saint Lucie

The City of Port St. Lucie this week passed a resolution declaring meetings and records of the city open to the public, and went one step further than the Florida government - in - the - sunshine law by providing a strong statement of public notice.

Following on the heels of a decision by the Florida Supreme Court, which strengthened the sunshine law by making it a broad coverage of all public activities, the city council passed the resolution which had been prepared by city attorney Rupert Smith, himself a former state legislator.

Under the public notice section, the city agreed to give "public notice of the schedule of regular and special meetings and shall state the dates, times and places of such meetings....before such meeting."

The city also agreed to give all news media asking for it a regular notice of meetings. The media need only to ask for the notice on an annual basis. Mayor Eugene Kavanaugh said that the press would be notified "as long as interest in the activities of the city is shown."

The city did not provide a notice time in the resolution, but the commissioners agreed that special meetings of the council would be called on a few hours notice, and added that the press would be given the same notice as the councilmen received.

The action of the city was praised by Richard Campbell, editor of The Jensen Beach Mirror, who originally presented the idea to the city. "This move shows the spirit of open government in the City of Port St. Lucie that these councilmen espouse. They want public interest, and public information on the activities of the city, and are willing to put their policies on the line. I hope that the news media of the area cover the city meetings properly to keep the taxpayers of this community informed on the council activities. They have done a lot to inform public unless by the council activities."

Bill Weisses tour Orient

Dot and Bill Weiss, Jensen Beach residents, are having a fine time on vacation this summer. The Jensen Beach Mirror staff received the following card from Tokyo:

"We have been touring the inland sea of Japan and are just about finished with the Lions International Convention in Tokyo. We are going to the Island of Hikaido next week and then to Formosa, China and Hong Kong. We have been having a grand time and of course taking a lot of movies."

***

From July 28 to August 1 members of the 4-H Club will travel to the University of Florida to attend the State 4-H Club Congress.

NEWLYWEDS—Mr. and Mrs. Craig Lee Buel, above, were married June 28 at 9 p.m. at the home of Mr. and Mrs. Clarence McCaw. The bride is the former Patty Jo Miller, daughter of Mr. and Mrs. Raymond L. Miller, Palm Lake Park. Rev. R. J. Harmon officiated at the double ring ceremony. The bride wore champagne white street-length coat dress of silk faille with pearl-encrusted lace mantilla. She carried a bouquet of daisies and carnations centered with an orchid. Marion of honor was the bride's sister, Judy Hinson, who wore turquoise blue faille with matching headpiece of cascading daisies. Robert Buel served his son as best man. Both newlyweds attended Indian River Junior College. The bride is a graduate of MCHS and is a dental assistant in Jensen Beach. The groom left for Vietnam on Tuesday, July 8. Following the ceremony, a buffet was served, after which the newlyweds visited the bride's mother who was hospitalized and could not attend the ceremony.

FIND lowers tax

The 11-county Florida Inland Navigation District (FIND) Commission 1969-70 tax levy has been set at .025 mills, which is a reduction by one-half below the levy in the preceding fiscal year of 1968-69. "The cut may well be the only millage cut achieved by taxing authorities on the entire East Coast," said Herman W. Schull, Jr., general manager of FIND.

The adoption of this millage at a commission meeting in Jacksonville was approved by the State Cabinet, which complimented the board through Gov. Claude R. Kirk, Jr., for being able to cut back taxes to be levied in the 11 coastal counties from Duval in the north to Dade in the south.

The levy is expected to raise about $500,000.

Local members of the board are Dr. D. Reed, secretary, St. Lucie County, and Edward H. Gluckler, Martin County.

Keep It Beautiful

America need people for the job it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association to lend its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts. This is our land. Let's treat it right.

Firemen busy over weekend

Firemen from the Jensen Beach Volunteer Fire Department were kept busy over the past weekend.

At 8:30 p.m. Friday, two trucks, a tanker and 16 men answered a call at Stuart Paint and Supply in Rio, where a large cement block storage building was burning. Lumber stacked near the building also was on fire, with a total estimated loss of $50,000, according to Chief Randolph Spinney.

Trucks from Rio, Stuart and Port Salerno also responded to the fire call.

Saturday afternoon another fire alarm was sounded with three trucks and six men answering. The call was for a woods fire in back of Stuart Paint and Supply, Spinney said.

Sunday morning at 1:45 a.m., firemen answered a fire call at a vacant house on Park Court, Palm Lake Park, owned by Gordon Hampton. This is the second house in that area, owned by Hampton which was a total loss due to fire. Estimated loss was $4,500, Spinney said.

Jensen Beach sent 13 men, two trucks and a tanker to this fire. Rio also sent two trucks, a tanker, and eight men.

Spinney is waiting for the state fire marshall to arrive from Tallahassee, who will investigate the fires.

Guard rifle range dedication

Lt. Col. Robert Lenhardsville of the National Guard unit in West Palm Beach, formerly Martin County, will officiate Tom Slider in honor of the dedication of the Florida National Guard rifle range has been set for 10:00, Sunday, Aug. 3.

Lenhardsville said Major Gen. Henry W. McMillan, the adjutant general of the state, and Major Gen. Robert A. Ballard, commanding general, emergency operation headquarters of the state guard, will attend.

The 144-acre range is located west of U.S. 1 in Port Salerno.

Rupert Brown has birthday

Mr. and Mrs. Paul L. Eversted, Palmer Rd., Jensen Beach, entertained at a surprise birthday party for Rupert Brown of Melba Drive last Tuesday, July 8.

Guests were Mr. and Mrs. Wally Hewitt, Mrs. Allean Clark, Mr. and Mrs. George S. Conover, the Browns and their guest from Charleston, S.C., Miss Ruth Burguson.

COOKING--Preparing an afternoon lunch for the scouts of Jensen Beach Troop 801 are Tom Littman and Mark Stenda. The scout with his back to the camera is unidentified, but seemed eager to taste the hot dogs being cooked over the fire. The scouts were at summer camp in Jonathan Dickinson State Park.

POOL TIME--The reward for winning five games in a row to the Jensen Beach Bank Peanut League baseball team was a pool party and cookout at the home of team co-manager Dr. Dennis Rinaldi. The boys swam vigorously, played vigorously and ate vigorously for three hours. With the boys above are Rinaldi, left, and team coach Mike Jackson.

PUBLIX MARKETS

Something that agriculture has always wanted:

a rain switch!

You know how carefree and dependable electric service is in your home. Flip a switch and you've got light, music, air conditioning, all the comforts and conveniences of modern living. You can get the irrigation you need for crops and citrus groves the same carefree electric way.

Electric powered irrigation is dependable. Motors last longer. And maintenance costs are much lower. Electric powered irrigation is carefree in another way, too: automatic timers allow you to supply water whenever needed - even at night. They provide just the amount of water you need, when and where you need it.

Ask your equipment dealer about the advantages of having a "rain switch". Or get in touch with us.

Ocean Breeze News

by Nellie and Tom Cook

Phone 287-5312

Personals

Jane and Charles Lowe of Miami visited with Mrs. Gladys Stevens and Mrs. Geneva Deisz on Saturday, July 5th. Jane is the daughter of the late Frank Babcock who lived on the corner of Second and Broad for many years.

****

A wedding of interest to the people of Ocean Breeze took place June 21st when Carol Ann Walden and William David Warden were united in marriage by the Rev. William Anderson of St. Andrews Presbyterian Church in Dunedin, Fla. The groom is a grandson of Mrs. Ruth Griffith of Ocean Breeze and has many friends here.

****

Word has been received by friends of Mrs. Doreen Peet, that Doreen has sold her home in Plainsville, Mich., and hopes to return here early this fall, and may make this her permanent home.

****

Morgan Barlow is home on 7th again after a few week's visiting with his sister and brother-in-law, Mr. & Mrs. G.M. Bartlett in Hamden, Conn. Morgan reports his sister is not too well yet, following her surgery, but thinks she will improve gradually.

While up in Conn., Morgan expected to drop in and surprise the Nixons, who are his neighbors here during the winter season. He did drop in, but he was the one who was surprised, they were expecting him, having just received The Mirror, with an account of him having been to visit Hamden. He said they enjoyed a good talk, and he was their guest for lunch.

Morgan also tells us that Mrs. Nixon's mother, Mrs. Alley, is visiting in Maine with relatives, so he did not see her, however, the Nixons wanted him to give his regards to their friends here.

When asked about the weather in Conn., he said there was a great variance of temperature, from the 50's to the 70's. Morgan also said it was nice to visit up there, but it is good to be home again.

****

Fred Schofield left here late in the day, July 8th. He is going to join his wife, Sally in their apartment on Long Island, and hopes they can return together early in the fall.

****

Mrs. Joe (Stella) Sorrell talked with her family July 10, and got a very encouraging report on her mother, Mrs. Grace Whitlows, who had eye surgery in the hospital in Poplar Bluff, Mo., July 8th. Grace was a resident of Ocean Breeze for a number of years when her husband, the late Ed Whitlows and she lived on Hibiscus.

****

Mrs. Joyce Lamb and daughter, Lasita of Flint, Mich., flew to their home there after spending two weeks with Mrs. Lamb's mother, Mrs. Frances Gordon of 10th Ave.

****

Jim and Marge Minneker and their teenage son, Rick from Detroit, Mich., spent a week with Jim's parents, Carl and Sylvia Minneker of Bay Drive. They arrived just in time to walk to the River Drive to see the 4th of July fireworks. This was their first trip to Florida so our ocean was the big attraction. Most of the sunburn had changed to suntan when they left for home July 11th.

****

Vincie Scamehorn received a letter from Luther Mason in which he wrote that Clara is now able to go to the kitchen and occasionally help a little. She is hoping to gradually regain her health so she can return to O.B. next fall.

****

Vincie Scamehorn's two grandchildren, Joel and Jody, returned to Mass., July 5th, after having a marvelous holiday here. There were many other boys and girls in the park at the time to chum with and they really enjoyed our beach. They really appreciated Mrs. Gene Hoks putting on a special children's dance for Weeks' grandchildren are given a camper tour of Holland

"About June 20, we spent a whole day in Ghent, Belgium. The principal attractions for us were the city square and the cathedral. The city square is considered to be the most beautiful one in Europe. We had a very interesting camping spot at Haig which is the seat of the Peace Palace, but which has now been relegated to a back seat in international relations. Our camp was located beside a canal where a lot of barges were tied up to the bank of the river or canal.

"Next day we got into Del Haig long before the stores opened. Charlotte (granddaughter) had to stop at every window and drool over the nice clothes, at which Margaret, my wife, helped her along.

"We did some shopping, then headed for Amsterdam and got there in time to mingle with the streams of traffic filling four lanes. Thousands of bicyclists pedaling among the traffic that scared me half to death. They would shoot around our car and you wouldn't know they were there. You can readily imagine what would happen if I accidentally bit one of them. I think the traffic and the size of this big city has been one to try my patience and nerves more than any other town.

"It has rained a lot the past few days so that we all slept in the Volkswagen. Today we woke to a cold drizzle rain and went to see a couple of museums. One was the Rembrant House. I have a feeling that most of the great paintings have been sold to art collectors and galleries so that the houses of such painters are not too worth while visiting, but Margaret and the children seem to be very interested in the sketches and things in general.

"Our camp in Amsterdam is very nice. There are two or three hundred campers and the camp is equipped for people who have children and for people who want to vacation there. While here I broke my glasses' frames. An optician sold me a new frame and changed the lenses for the equivalent of $5.00 American money.

"This is the first country we have visited that we haven't been able to converse to some extent in the native language, but it has not been too hard to get any information we wanted as many people here can speak English.

"One very interesting day was spent visiting the Polders, north of Amsterdam. The first item that intrigued us was the town of Zahnse Zahr. Here, on the banks of the river were seven old windmills and several of them were still in operation. The children were thrilled with their trip through one of them as they got individual attention and were shown how the mill ground peanuts and extracted cooking oil. This mill was over three hundred years old.

"Then we drove all afternoon through the Polder section, an immense stretch of land that has been reclaimed from the sea. All the farms were surrounded by cattle and other animals and ducks, provided a photographers paradise. There seemed to be a flock of ducks or swan near every tram. All the houses were of the Dutch style of architecture, and in many cases the banks of these canals had houseboats colorfully painted, with flowers in their windows and they had flowers growing on the banks of the canals. Quite a number of these houseboats were reconstructed barges that had served their usefulness in the towing business. We were of the opinion that some of them had an auto inside. I have never seen so much importance to having a flower garden at every house as it is the practice here in Holland, and the house windows seem to be polished every day.

"The children were particularly interested in the miniature village at Madurodam. This is a miniature city with all of the important buildings of a community made to scale. Trains, steamships, roads with autos, all mechanically operated. Thousands of people were there. A popular stunt was to take a picture of one's children standing beside a tiny skyscraper.

"Our next mailing address is c/o the Central Post Office, Porta Restante, Roma, Italy. Please write airmail as surface mail is slow and uncertain."

Sixth Ave., S.W., seemed to be the busiest place in the park during the past week. Rev. Anderman is having extensive remodeling done to his cottage, and across the street, Fredo Pasterkin had a wind mill erected. While all this traffic was congregated the telephone truck arrived to do some work, and by chance the cable T.V. also sent a man and truck out to work in the same general area, so we had a lots of action to look at while we sat back and relaxed in the shade. But, things were not quite confusing enough yet, so to add to the grand finale, a pest control firm arrived to do their monthly spraying.

There probably won't be that much doing all at one time in one place in the park again this year, but it will answer the question, what do you do for excitement during the summer. Why, we just wait for a happening.

****

Mr. & Mrs. Fred Maish drove to Tampa July 10th to visit with their son and daughter-in-law, Mr. & Mrs. Gordon Garms and their 3 children. Maishs returned Saturday, the 12th, and will spend the next few days packing to go north.

****

Nellie Cook and Marie Tweed drove to Vero Palm Wednesday, July 9th, to meet their friends, Mrs. Mary Adrean and Mrs. Ruth Phelps, who returned from visiting their families in and around Columbus, Ohio, and around the Boston, Mass., area. They both enjoyed visiting, but found the northern states cooler than expected. It was 98 when they stopped off the ramp of the plane, and they found it an extreme change, but still prefer the heat.

****

Mrs. Myrtle Armitt got a letter from her daughter, Gen Koslow. She says she and Sam are now at a cottage on a lake near Sanford, Mich., and that the weather is nice and they have enjoyed fishing.

****

Milton Parkes join rally in Laramie

Many thanks to Bill Krowarr for forwarding the following letter from Milton Parks.

"Wally Byam International Rally, Laramie, Wyo., June 26, temperature 42, windy and cold.

"We have covered a lot of miles since you last heard from us and have had every kind of weather possible. We came out of Mexico at McAllen, Texas. After hot, dry, dusty, old Mexico, those beautiful citrus groves in McAllen looked like paradise.

"We went to El Paso and then spent three weeks in our cabin at Cloudcroft, N.M. It snowed while we were there, but turned real pretty and the trees leafed out and the mountain flowers came up and we enjoyed every minute of it.

"Our son and family spent a weekend with us, then we went on to Albuquerque, June 1st, and had a lovely visit with them. Saw our two grandsons plus Little League baseball.

"We took our 14-year-old granddaughter with us to Jerome, Idaho, to Naomi's brother, Ray and his wife. He is a potato and wheat farmer. I spent most of my time helping to irrigate his crops. They have quite a system, and under controlled water, they really raise some crops. His wheat will make 75 to 100 bushels per acre, and he expects the potatoes to make 400 one-hundred pound sacks to the acre.

"We went to Yellowstone Park, but it rained most of the time we were there and it is still raining here in Laramie, and cold wind is blowing a gale. We have about 1,500 trailers in so far and they are still coming. The rally officially opens tomorrow, but the square dancing has already started and we are going strong. There are lots of young people with their parents and grandparents, so our granddaughter is keeping busy and happy.

"We will be getting into Cleveland about the last of July after a visit to Kansas and Kansas City. We sincerely hope this finds you both well and happy."

What's doing

So far we have had no rain this month to date, July 11. Weather hot and dry. The daily temperature is in the low 90's and our air conditioners are much appreciated. There has been very little wind lately and beach bathing is ideal with no big waves to fight. The water is 80 degrees plus and crystal clear. The grass in the park is brown, but the hosts at Bougainvillae make up for it with their very colorful blossoms. Shuffleboard is at a low ebb as most people prefer to have a game of cards in our air-conditioned Clement Hall. However, there is always at least one shuffleboard game in progress of an evening. Bingo is well patronized for this time of year.

STUART On U.S. 1, South

From Don & Agnes Houghton, 3431 Ellesmere Rd., Scar. Hill, Ontario, Canada. Don will be remembered as our popular art instructor for many years and we are glad to get a letter from him and Agnes.)

"We have been home for two months and are already looking forward to seeing all the good folks of OceanBreeze again.

"There has been a cold winter but the many warm letters we have received from our Ocean Breeze friends and from members of the art class have made up for the cool days. Agnes does all the writing- I just sign on the stamps.

"We had an enjoyable visit with Mr. & Mrs. Keith Rankin at their home in Cobourg, Ontario. We played some bridge and after a wonderful dinner, Hale drove us to an artist friend at Rice Lake.

"We enjoy reading The Mirror every week; especially the letters to and from friends. A wonderful way of keeping in touch until we all meet again in the fall."

****

From Betty MacNab, 1316 Lincoln Ave., Pacific Grove, Cal., 93950, July 3rd, to Jo and Henry Doring:

"I leave for the above address July 7th. I am delighted to hear you are coming to California Aug. 7th. We are spending the Fourth with the MacNabs, Jrs., around their pool. All the family will be there. The weather has been grand, and I am enjoying my visit."

****

Bob and Dorothy Barrett, Star Route, Box 706, Webb Lake, Wisc., 54830, June 30, writes:

"Weather here has been terrible. The lake is too cold for swimming and here we are with a house full of grandchildren. We sold our house last Saturday and the new people take possession August 1st.

"We see the Murphys quite often. Eddie Tokash stopped in yesterday and George and Irene DesJardine last Saturday."

****

From Bill Baum, Ontario, Canada, July 1st.:

(Bill left for St. William, Ont., with a new car, June 26th, to join his wife, Ada, at their summer home) He writes:

"Just a line to let you know I made the trip O.K. It's cool here, if not cold to this old man. Ada is fine, but doesn't do as much gardening when the birds fly south. Say hello to Mary."

****

Bill Krovarz, R.D. 5, Willoughby, Ohio, 44094 sent us a church bulletin in which it stated that George Hanle and Winifred Newkirk were married July 5, 1968. Another item says: "The flowers on the altar this morning are given to the Glory of God by Mr. & Mrs. George Hanle, who were married in this sanctuary Saturday afternoon." Thanks, Bill, T.C.

****

From Louis and Hassia Klein, Akron Ohio, to Mr. & Mrs. Doring, July 7th:

"The terrible storm on the Fourth really did much damage all over the northeast part of the state. Fortunately, there was very little damage in Summit County but there were floods all around. Places were out on State Road 71 and others out that way were flooded. I never saw such an electrical storm. It lasted 15 hours. A hurricane could not have been any worse. Fortunately the tornado was high when it passed over Akron and it didn't come down or strike near here.

"We do hope are all well at the park. We are going to our doctor for a check-up. Louis got a very good report last week."

****

From Mrs. Joe Burger, Kenmore, N.Y., July 6th to Mrs. Fred Baier:

Mrs. Burger wrote to tell of the death of her husband, Joe, who passed away June 8th after a very long and trying illness. The funeral service was held in the Wedekindt Funeral Home, Kenmore, N.Y., and interment was in the Ridge Lawn Cemetery.

TWO STORY CAVE- The Jensen Beach area is noted for its long, sandy beaches. No mention is ever made of our caves. Not only are there many caves at the House of Refuge, but some are quite a size. The Osler girls find this double decker cave lots of fun. Susan and Ruth are in the upper berth and Donna and Kim in the lower one.

Cumpstys visit Niagara Falls

Catherine Cumpsty writes us a very interesting letter about the drying up of the American Falls at Niagra. 2762 Orchard St., Newfane, N.Y., 14108, July 8:

"The first Sunday after we arrived home, we went for a ride to the American Falls, which is only 20 miles from where we live. We got within a mile or so of the falls and the traffic was terrific. It took two hours to get down Main St., and Falls St., into the parking lot, cars traveling bumper to bumper all the way.

"Well, we walked over to the falls by way of a foot bridge as there is a very large highway right near the falls in Niagra Falls, N.Y. When we arrived we just stood in awe and stared. It is so unbearably quiet, lonesome and naked, like someone had died. Especially to people like us who visit the falls several times each summer, as they are so wonderful and majestic; and then to have this happen to them.

"We took the elevator to the bottom and walked up the steps where we always used to get wet by the spray, and now it is dry. The face of the cliff is now exposed to view, for the first time, and it resembles an Indian chief; side face. A sprinkler system is being installed to keep the rock damp so it doesn't deteriorate while the workmen are at work on the cliff face. The work is being done by the Army Corps of Engineers. An amazing amount of rocks have accumulated at the bottom. It was a grand day and one to remember. There were 90,000 visitors there the following Sunday, and on the Fourth the traffic was backed up for three miles. I thought you might like to hear about this.

"Rhonda is to go into Jr. high next term. She got all A's on her report card and a gold pin for being on the honor roll. So far the summer has been fair. Not the hottest, but comfortable for a change. Have a nice summer."

LARGE BLOSSOMS- Last fall I planted a young Crepe Myrtle bush under our kitchen window. This spring it produced such large blossoms that the tender, young branches could not support them and they laid on the ground, so I had to use artificial means to support them. Some blossoms measured 12 inches in diameter at the base and 15 inches in length.

New swim class set for intermediates

The next swimming class to be offered in the long list of summer learn-to-swim classes by the Port St. Lucie Recreation Department will be that of intermediate swimming.

In order for a youngster to qualify for this course, he must either have taken the Beginner's class offered by the recreation department or else he must possess a Red Cross Beginner's Card. He must also be at least seven years of age of over.

Again there will be two classes offered, one at 8 a.m., the other at 9 a.m., starting Tuesday, July 29. Classes will be held each Tuesday, Wednesday, and Friday, for a period of three weeks. A certificate of completion will be given to those who successfully complete the course.

Since the classes will be limited, advanced registration is necessary. This will be done on a first-come basis, so call Dave Gassner at the Marina as soon as possible and make your reservations.

Rabbi goes to Alabama

Rabbi Mordecai M. Thurman of Temple Beth El, Fort Pierce, has accepted a post as rabbi of Temple Emanu-El in Dothan, Ala. He left Fort Pierce July 17 and will assume his new post August 1.

Rabbi Thurman, who has served for four years in Fort Pierce, has been a rabbi for 31 years. He previously was Florida field representative for State of Israel bonds. He was active in the St. Lucie County Ministerial Association and was instrumental in organizing Union Thanksgiving Day Service, an interfaith observance.

Rabbi Thurman initiated the recent Institute on Judaism sponsored by the Ministerial Association, planned as the first in a series of seminars for clergymen on the three major religions.

Rabbi Thurman's whose successor has not been announced, was a member of the advisory board of St. Joseph College, Jensen Beach.

Duplicate bridge

Mr. and Mrs. Gerry Boyd nosed out Harold Willard and Betty Mans for first place in the North-South field at the Stuart Duplicate Bridge Club last Monday. Scores were 107 to 106. Third place went to George Benoit and Mrs. D. Price, 88-1/2 points.

East-West, first, Mr. and Mrs. S. W. Snelling, 106 points; second, John and Vergie Watson, 93 points; third, Janice Clark and Stella McCoy, 84-1/2 points. Game time on Mondays is 7:30 p.m.

Scores for last Wednesday night's session were: first, Mr. and Mrs. Gerry Boyd, 78-1/2 points; second, Mr. and Mrs. S. W. Snelling, 78 points; third, Harold Willard and Betty Mans, 76 points; fourth, Dr. and Mrs. Roger Bellows, 73-1/2 points; fifth, Mr. and Mrs. T. D. Kelly, 71 points.

Game time Wednesdays is 7:45 p.m. You are assured a partner if you come alone.

New swim class set for intermediates

Youngsters and teenagers of all ages have been preparing all summer and will continue to practice for the next two weeks for what is considered to be the biggest tournament of the entire summer, the annual Table Tennis Tournament.

This year's contest will be held at the Marina on Wednesday, July 30, at 1 p.m. It will again, as usual, be divided into various age groups which will be determined on the day of the event, according to the varying ages of those who enter.

It will be a single elimination tournament, which means that once you lose, you are out of the contest, and of courses the winners continue to play until a final champion is determined.

There will not only be different age groups, but there will also be a separate tournament for girls as well as the boys.

Last year's champions were: 12 & under: David Mittler, 1st place; Doug Penalts, second place; 13 & over: Raymond Steele, 1st place; Curtis Carraway, 2nd place. Girls Division: Gail Medecks, 1st place; Debbie Biggs, 2nd place. All of the above champions are expected to take part in this year's tournament, however, they may or may not be defending their own championship, which will all depend on whether they remain in the same age group.

In any event, this year's tournament is expected to be bigger and better than past years. So mark this date on your calendar and plan now to take part in this event.

Homemakers convention

On Friday, July 11, Mrs. John Leonard, president, and Mrs. John Picone, county delegate of the St. Lucie County Homemakers Club, returned from the 45th annual Florida Extension Homemaker's Council, Mrs. Marguerite Brock, local agent, drove and Mrs. William Burkett and Mrs. S. Williamson of Lakewood Park accompanied also.

Many state dignitaries were introduced and all had opportunities to visit with women from other areas. The theme for the entire program was "Learning to Live."

The entire week's programs were on a clock-like schedule and all gathered considerable information, but were happy to be homebound from the heat and showers of Gainesville.

SWIMMING AND SUNNING--Now that the Jensen Beach public beach area has been redesigned, bathers and surfers will have their own stretch of ocean. The parking area is being expanded, surfers will have their own pavilion and racks for boards, and the swimmers and sunbathers can enjoy their own quiet area.

SURFING AREA- Surfers at Jensen Beach will have their own surfing area. Above, "Pineapple Louie" Nunes, newly-named lifeguard at the beach, holds the Surfing Area sign as lifeguard Court E. Swigart fills in the hole. The surfers will follow the popular sport just south of the swimming area.

'Superb, fabulous, fantastic', residents say of Apollo 11

LARRY TIMON
president, S.P.S.
"Wonderful, fabulous, terrific. It gives me a great sense of pride in America and in mankind."

RANSOM TILTON
real estate broker
"It's real fine. It means we can use a space station there to go to Mars, Jupiter, everywhere."

JIMMY DEAN
assistant manager
Cliff's Standard Station
"It's quite a deal. I'm glad it's them up there and not me."

VINCE BOCCHINO
contractor
"I thought it was fabulous. I just can't get over it. We'll never see anything like this again."

JACK WHITTEN
EWK laborer
"I just hope nothing goes wrong. I think we should find out what is there and it will benefit everybody."

BILL VOIT
barber
"This is fine. Now, if they don't do something about birth control, we'll have somewhere to put all the extra people."

ED LAWRENCE
general manager, Outrigger
"It's crazy. I just can't believe it. The man in the moon is really there."

BILL McNULTY
Travis exterminator
"It's wonderful. I don't know what it means for our future, but it's wonderful."

DR. DENNIS RINALDI
dentist
"Superb, absolutely superb. I think they have done this so well we cannot appreciate what an accomplishment it is."

MARILYN NEWELL
hostess
"It's marvelous. I just can't believe it, but I'm sure they don't lie about such things, do they?"

DR. RICHARD PENICK
physician
"I sat there all day saying, 'Fantastic, fantastic.' Everything went without a hitch. It is hard to believe."

'The Eagle has landed'

We walked on the moon

By DICK CAMPBELL

Hearts pounded and the palms of hands sweated as the world followed the countdown to history's most fabulous journey, men flying to the moon. And, in Jensen Beach, thousands stood on the curbstone of history's epic achievement and watched, breathlessly.

From the Jensen Beach Causeway, from Seymour's Hill, from streets and back yards, parked along Skyline Drive, and elsewhere, from every vantage point in this Indian River community, the eyes of thousands joined, in spirit, the flight of three brave Americans into the annals of history.

Television sets and radios, turned louder than normal, counted down with the astronauts and their ground support, listening to "ignition", and "we have liftoff"...and those same thousands dashed to the outdoors to watch.

It was a cloud of smoke, led by a bright flame. Just in front of the flame was a silver reflection from the sun of a bright Wednesday morning.

Jensen Beach wasn't the small tourist community, quietly living its life just 90 miles south of Cape Kennedy; it was the launching pad to destiny.

The people jumped, and shouted, "There she is!", "There they go!", "Oh, my God, isn't it beautiful!".

Then they waited.

It was business as usual, for Jensen Beachites are used to seeing the various rockets shot into the sky. For Jensenites, the shot ends when the column of smoke stops, the second burn of the rocket starts and the missile disappears, swallowed into the depths of space.

But this was somewhat different. The people kept remembering the three Americans in the spaceship, Apollo 11 was on its way. Citizens from Jensen Beach, Rio, Port St. Lucie, and the world, began to worry.

The concern reached its climax on Sunday, as the Apollo orbited the moon. The world of Jensen Beach settled into areas by communication devices, watching, listening, for any word of the astronauts.

"Would they really land on the moon?" was the question. No one dared answer.

The streets of Jensen Beach were deserted. Few cars roamed the streets, and those that did had radios turned up loud, much too loud. The beaches were virtually empty as the afternoon wore on into early evening.

Then the word...the "Eagle", a lunar module to land men on the moon, would attempt the landing at nine p.m.

It was as if the world stood still for those few hours. No one moved. Everyone prayed. The electric tension was almost unbearable. Unwhispered words formed in the mouths of thousands watching and listening..."Oh, my God, don't let anything happen to them...."

The hour passed nine, moved on, and passed ten. The hush of a town closed, dark and waiting was as if time was asked to wait, just wait, not to move.

"The eagle has landed"...the word came from Astronaut Neil Armstrong.

It did not sink into the lunar surface. It was really there.

Again the wait, the tension, the prayerful watching, as words and mockup pictures on television sets finally gave way to a grossly exaggerated picture of a ladder, then of an astronaut's boots, and then of the first step of man on the surface of the moon, at 10:56 p.m.

"One small step for man, one giant leap for mankind," were the first words of man on the moon. Neil Armstrong had walked on another planet. He then jumped, and bounded, and began the everyday work of the astronaut-scientist doing his job.

The people in Jensen Beach exhaled, breathed quickly, then excitedly began calling each other to tell of the fantastic moment in history.

In many homes, champagne was opened, with glasses filled around the table. Youngsters sipped the terrible tasting fluid, for it was a great moment, and it seemed the thing to do. In other homes the tension of the moment made the residents feel tired. They had worked hard, and were exhausted from their tense, prayerful ordeal. They wanted to retire, but the excitement of the pictures of the moon, on the moon, and the continuing actions of the astronauts doing their experiments on the moon kept them watching.

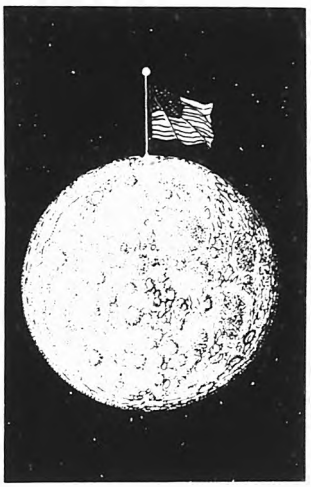
Eyes ached the next morning. But, it was a holiday. Much of Jensen Beach was geared for the holiday. The beach was filled, the streets were filled with happy, excited people, wanting to talk about the first man on the moon.

By afternoon, when the moon's first visitor was to blast off to rendezvous with the mother ship, Columbia, the people were over-tired, and were treated accordingly. They listened as the Columbia and the Eagle joined, but most knew it had to be clockwork perfect.

But the people of Jensen Beach were a little different. They talked of the moon landing, and of astronauts Armstrong, Edwin E. Aldrin, Jr., and Michael Collins, pilot of the command ship, but they had a new note of pride in their voices. Suddenly, they were more proud of being Americans.

The people of Jensen Beach went to the moon with astronauts Armstrong, Aldrin and Collins. They stood on the moon with these astronauts. They lifted off and returned with the astronauts.

While Armstrong took the one small step for man, the people of Jensen Beach took a giant step in patriotism, in appreciation of what their Nation can do, and in a renewed faith in themselves.



P.O. WORK BEGINS--Joe Mosley, contractor, and Ed Kirkhart, paving contractor, discuss plans for resitting down the Jensen Beach Post Office "hill" and resurfacing the parking lot of the post office to make it more convenient to the postal patrons. Work got under way last Monday morning. Mosley could not estimate a date for completion, but said it would be done "as soon as possible."

Prefab homes are getting boost with zoning changes

By DENNIS DOYLE

Future buyers of prefabricated homes will have fewer problems in their construction as a result of the Martin County Commission's action at a meeting held Tuesday in Stuart.

Jim Friend, a constructor of the homes, pointed out to the commissioners that the plumbing code of Martin County should be changed to meet the needs of factory-made homes.

Under the present code, a plumbing wall which comes already assembled in the prefab homes are illegal in Martin County, Friend said. The only way to put plumbing walls in the homes under the code is to take out the wall and have it reinstalled by the plumber, who connects all the pipe lines that are already in the homes.

The code states that the plumbing and wiring in a home can be done by the owner or a licensed plumber, but it doesn't state anything about a factory-made home with its plumbing already in, according to Friend.

Friend said, "These homes are made by companies like U.S. Steel and Kingsberry Homes. Their plumbers are licensed like any other local plumber around here. As long as the plumbing meets the regulations of the code, and the piping already in the homes is connected by a licensed plumber, there should be no problem," Friend said.

Friend said the high cost of living has made these homes more popular in Martin County and this problem needs to be met "by changing the code."

County Attorney Dean Tooker agreed, saying, "We'll have to meet this problem since our present code doesn't include this situation."

See turtles next week

The second organized turtle watch of the season will be held Thursday, July 31, according to Joe Mauldin, chairman of the turtle watch committee.

These popular events are sponsored by the Jensen Beach Chamber of Commerce.

The public is invited to assemble at the Jensen Beach ocean pavilion at 10 p.m. Word will be passed to the pavilion by a member of the Florida Board of Conservation or a deputy sheriff, when a turtle is spotted coming out of the surf to lay her eggs. The location will be announced over the public address system and spectators will go to the spot either on foot or by car to view the giant sea turtle laying her eggs.

A watch had tentatively been scheduled for July 24, but will be held July 31 instead, Mauldin said.

Symphony will play at SLCC

A London Symphony Orchestra concert is scheduled for Monday, August 4, at St. Lucie Country Club Convention Hall. The performance will start at 8:30 p.m.

Tickets may be purchased in Jensen Beach at the office of The Jensen Beach Mirror, in Stuart at Valentine's Book Shop, in Fort Pierce at Sears and the Citizens Federal Savings and Loan Association, and at the St. Lucie Country Club convention hall.

This is the first time that members of the London Symphony have come to this area. The symphony concerts have been a popular event in the Daytona Beach area for many years, according to Mrs. C. R. McDonald, Jr., chairman.

Members of the VFW Auxiliary, Post 10086, will meet Aug. 6 at Jensen Beach Community Center. The group meets the first and third Wednesdays of the month.

Newest member is Genevieve Kling.

Peanut All Stars play Hobe Sound Monday

Members of the Peanut League All Star team were named Tuesday for the annual game between the Peanut League first place team, this year Hobe Sound's Schneider Electric and the All Stars.

The game will be played at Hobe Sound Monday night, July 28, at 7:30 p.m. Manager's of the All Star team will be Dr. Dennis Rinaldi and Richard Campbell, co-managers of the second place Jensen Beach Bank team.

Each Peanut team manager selects two players to appear on the All Star team. Team members and their teams are as follows:

Jensen Beach Bank, John Driscoll and David Millan; Sunrise Inn, Kevin Johnson and Bart Baker; VFW, Tony Johnson and Johnny Heaney; Little K's, Peter McKnight and Harry Rizzo; Holiday Mall, Bonnie Banks and Brad Priest; Martin County Cleaners, Chester Smith and Sandy Stocker; Palm City, Terry Rogers and Herbie Dunning; Port Salerno, Dannie Hobe and Jimmie Jones; Port Salerno Athletics, James Rose and Jeff Platt.

The All Stars will practice Sunday afternoon at 5 p.m. on the Jensen Beach field at Langford Park.

All Star series is tentative

Tentative arrangements for All Star games were made Monday night at a meeting of the baseball commissioners in the county courthouse.

The Pony League All Star game will be played Tuesday, July 29, at 8 p.m. in Stuart. The first place team will be determined in a Pony League game Thursday night this week. The game will decide if the Martin County Flower Growers or the West Colorado Merchants will be league winners.

A game Wednesday night will decide the American Little League standings, and no home field of date was set. The National Little League game was tentatively set for Hobe Sound at 8 p.m., Friday, July 25. It is ruled that Hobe Sound was winner of a disputed game.

The Pony League managers game will be played in Stuart at 6 p.m. on Sunday, July 27.

Rio win will insure

If Rio Civic Club's Little League team wins its game against Rick Carroll Insurance tonight (Wednesday), the team will be the league champions. Rio defeated Local 5230 Monday night 20 to 0 in a one-hit game pitched by Bo Meeks.

The win over the local placed Rio one-half game out in front of the challengers, Salerno, and the victory tonight will assure the Rio team the championship.

This is the first year the Rio Civic Club competed in the Little League. For many years, the civic club, managed by Lefty Passaro, won the championship of the Peanut League, and the team went almost four years undefeated.

TRI-CLUB REGATTA- About 50 boats are expected to compete on Sunday, July 27, in the Stuart Tri-Club Regatta on the Stuart Causeway. The races will get under way at 1 p.m. and continue until about 4:30 p.m. Three laps of a one and two-thirds mile course still be run by the boats, which will be arriving in this area over the weekend from all over Florida. There will be many classes of races including Family, Sports, UU class and Unlimited. The exciting event is sponsored by Stuart Chamber of Commerce and the Miami, Fort Lauderdale, West Palm Beach Boating Clubs. There is no charge for spectators.

Sewell Rezoning

The Martin County Planning and Zoning Board refused Bob Granger's request to rezone Golfview Subdivision in Port Sewall from R-3 to R-3 last Thursday night at the board's regular meeting.

Granger had planned to rezone the two acres of land zoned R-2 on the east side of St. Lucie Blvd. for the apartments he plans to build. They will be known as "The Conquistador."

The land Granger would have used would have totaled over 50 acres; however, he will now use the 48 acres on the west side of St. Lucie Blvd., already zoned R-3.

On the two-acre tract, Granger would have built a club house that would have food and beverage service for the residents.

Granger said, "Whether I get the zoning for the two acres or not, I'm still going to build on the 48. But with the zoning changed for the two acres, I could do a much better job to improve St. Lucie Blvd."

William E. Crary, representative of the land owners most involved in the zoning change, welcomed Granger to Martin County and commended him for bringing such a good plan to improve the area. However, Crary added, he was sorry to say he chose the wrong place to build the condominiums.

Crary pointed out that the people of Port Sewall wanted the area to stay as a single family area without apartments, restaurants, hotels and motels. They also felt that the two-lane road leading there was not equipped to handle the heavy traffic that this building would bring. At present, St. Lucie Blvd. is the only road leading to the Martin County Golf Course and Sunrise Inn, and is used to travel to and from U.S. 1.

Richard Peter, president of Port Sewall Property Owners Association, said, "We are against this change of zoning and want a higher classification suited to our area."

Harold Zercher, a commercial pilot, was opposed to the plan because of Witham Field airport being so close to the apartments. He stated, "The airport is usually the first in an area, then people start building close to it. After a while, the people start complaining about the noise from the airport and want to move, when it was the airport that was there first."

Zercher also said that although the apartments would not be in any direct path of the runway, it would not be sensible to have a great concentration of people near the airport.

The airport needs vertical clearance of at least 150 feet according to the safety regulations of the FAA.

Later, Granger said he is willing to do anything to help his neighbors. "The land that is already zoned R-3 could have a lot worse built on it within the law. It could have funeral homes, mortuaries, morgues, clinics, hospitals and sanitariums, if someone wanted to put them there, and they would be within the law. I am trying to better St. Lucie Blvd., not downgrade it."

Total cost of the Spanish contemporary apartments will be $26 million. The complex will have 17 three-story buildings totaling 650 building units. Seventy to seventy-five percent of the apartments will have two bedrooms, the others will have one and three bedrooms.

In other business, the zoning board denied Richard Dunning a zoning change of R-3 to R-3A to build a dry dock marina in Rio. The main objection to the marina came from Lester Combs, owner of WSTU, whose property is adjacent to the proposed marina; Larry Timon, resident of 16 years in the area, and petitions from 40 other residents from Alice Avenue.

Wonderful way to save for future travel.

FIRST

We Salute . . . We Celebrate
Man's First Landing on the Moon

The world thrills to the news. Man has landed on the moon! We join in millions in paying tribute to the astronauts of Apollo 11, who have achieved this great goal. Their awe-inspiring feat makes us deeply proud to be Americans. With equal pride, we salute all the astronauts who, from the earliest days of our space program to the recent Apollo missions, have selflessly sought to further our aims and the aims of all mankind, in conquering the challenge of space. Indeed, we salute all those modern-day pioneers and workers who, by the thousands, on earth as in space, have done their share to make this supreme achievement possible.

In this triumphant hour, we are proud . . . and we are humbly grateful.

Ruby Wrenn left July 15, for Detroit, Mich., where she will be visiting with her family for a month.

****

Chris and Betty Peterson, who left for Brooklyn, last April, returned to their home on Vista Dr., last week. They expect to remain here for a host six weeks.

****

Mr. & Mrs. Glenn Rogers spent a few days on the Florida Keys last week.

****

Rose Swan of Bay Drive is presently touring the New England states with her son, professor Richard Swan and family. The prof. is lecturing on mathematics at various colleges throughout the territory.

****

While Fred and Bernice Maish were at Tampa last weekend, Fred, Gordon Garms, and two grandchildren aged 10 and 12 went on a party boat, fishing trip. They were quite successful and brought in 30 snapper and 2 groupers. This was the children's first experience of deep sea fishing and they really had a good time.

****

Mac and Gladys MacLarty have visitors. Gladys's sister-in-law, Ruth Forsyth, her son, Robert and his wife, Mary, arrived Monday, July 14, and will be spending a week or ten days here. On their return to their home at Joliet, Ohio, they will stop and visit with Gladys's brother at Goldsboro, N.C. They all visited the West Palm Beach Mall, July 18, and had dinner down there.

****

Mrs. Dulcie Nuner was discharged from the hospital July 14, after a stay of almost a month, following an operation for a pinched nerve. As of July 18, she says she was feeling fine. Her two grandsons take turns staying with her at night time and they love doing so. Dulcie thanks her friends for their cards and well wishes and prayers, which were much appreciated.

****

Ernie and Clara Pfingston dropped in and briefly visited with several friends at the shuffleboard court last July 16. Ernie had brought Clara's aunt down and was returning to Cleveland.

****

H.F. (Don) Donaldson returned from a three weeks trip to Ill., and Iowa, visiting relatives. Shortly after returning, he received word that his mother passed away Friday, July 11, so Don returned for the funeral. His mother, aged 92, had been bedridden for several years. Don returned to the park, July 16th.

****

Mrs. Edith Yeago returned from the hospital July 16, where she had been a patient for a week or more following surgery. She is feeling very well and is able to do some housework. Edie was a little worried about

Bob Robinson had a slight heart attack July 9th. His doctor prescribed some medicine and he has to take it easy for a time.

very good to him.

****

Fred and Bernice Maish left for a change of scenery July 16. They were heading for Battle Creek, Mich., where Bernice's sister and husband, live. They will also be spending some time with Fred's daughter and her husband, then back to Crewe, Va., to pay Luther and Mary Weeks a visit before returning to the park about Sept 1.

****

Henry and Jo Doring entertained Fred and Bernice Maish at dinner at the Outrigger as a little farewell gesture, July 15. Incidentally, Jo had a birthday July 16.

****

Ray and Lillian Reid are home again after three weeks of visiting relatives in Iowa. They had a family reunion while at Cedar Rapids. It rained every day they were there, except July 4th, and that was a beautiful day for the reunion. Their two sons and daughters were there, also five grandchildren and eight great grandchildren, besides themselves. The family spent the day at a lake near Oelwein, where they spent the day boating, swimming and picnicking. Mrs. Reid says, in spite of the frequent rains the weather was very hot, and they are glad to be back in their Ocean Breeze air conditioned home again.

****

Mr. & Mrs. Maurice Reverdy left Friday, July 18, for Va., where they will visit some cousins, then on to Southampton, N. J., where they will be staying with their family for about two months.

****

We get letters . . .

From Lona Merrill, Portland, Me.:

"Arrived at Marcia Morash's cottage this noon. Real nice view of the harbor with all the boats anchored. Expect to see the Wilson Scotts and Allce tomorrow. The Breffles called on me in Rye last week. So far I have had 8 O.B. Folks call on me at my home. All are welcome any time."

****

From Mrs. Chas. Patterson, Lapeer, Mich., to Mr. & Mrs. H. Doring, July 9:

"Your summer seems to be hot while ours is cool. All are welcome any time."

****

From Mrs. Chas. Patterson, Lapeer, Mich., to Mr. & Mrs. H. Doring, July 9:

"Your summer seems to be hot while ours is cool. Charles has used his electric blanket all summer. We have had strawberries from our garden for shortcake till we are tired of it. Some of our tomatoes will be ready soon.

"The Grahams spent a night with us last week. Vivian Hill, who had a heart attack after she got home, is still feeling poorly. We hope you folks have an enjoyable trip and will be back in O.B. when we return."

****

George Reed sent Bob Robinson a post card from Halifax, Nova Scotia, July 9. He doesn't write anything, except to say he's riding on a bus and tried in vain to find Bob's home.

****

From Edith Freeto, 257 Washington St., Apt. 8, Salem, Mass., July 13:

"We had two hot days since we came here, but it has been very cool the rest of the time. I won't complain as I have had enough hot weather for a while.

"I have been working for more than two weeks and it seems like old times. We shall stay here through December, as I told my boss I would work six months. I know I will enjoy the park all the more when I do come back.

****

Hack Yeago received a letter from Deedee Rakes to say she is working in the hospital. A sister is looking after Claude, who she says, is not responding to medication.

****

A card from Dewey and Hazel Huitt mailed from St. Johns, Newfoundland, Canada, July 8:

"We have enjoyed all the Ocean Breeze news in The Mirror. It has been a cool wet summer in Michigan, which seems to suit our roses and other flowers. They are at their peak now and beautiful.

"We are on a trip with Polly right now, from Detroit, around Quebec, the Gaspesie area, Nova Scotia, New Brunswick, and now Newfoundland. We will go back through Maine and over Niagra Falls to see them. It has been a very interesting trip. Hope you both kept well. Our best to the other friends there."

****

From Dot and Henry Beck, Aconia, N.H., July 14, to Belle Duston:

"We had a wonderful stay with Deedee, Claude, and Clara. We went to a party at their friend's house and we stayed overnight with Charlene's family. They were so nice to us and we saw quite a bit of that part of the country, part of the country."

Weeks' take a trip on the Rhine

We had not received any mail for two weeks so went 1,000 miles out of our way in order to pick up mail at Copenhagen, Denmark. In the rush of buying tickets and exchanging Holland Guilders for Danish Kroners, I kind of shortchanged myself and found myself short of cash.

It is not always easy to find a proper camp, so we find ourselves sometimes camped in the weirdest of places. Tonight we are camped in one of the rest areas on the Autobahn, 4th Germany, but one night we were camped on a busy four lane highway among a big line up of diesel trucks with a big industrial building on one side and on the other a converted steamboat that housed some 500 roomers. The five of us crawled into our bunks and slept the sleep of the innocent.

Kopenhagen is a very nice clean city. We were surprised to see so many tourists; especially the number of long haired boys and hikers from all over the world. The stores were excellent; beautiful items in the latest fashions.

As usual you notice the difference in countries. We were soon in Germany and found there were excellent camp sites on the Autobahn. Some of them even have rest rooms and running water, which is a great convenience for us with our camper and tent and five people. We stayed three days in Coblenz in an attractive camp site on the Moselle and Rhine Rivers, with a fantastic medieval fortress on the other side of the river. We spent a whole day exploring it.

We were told that a group of dancers from East Germany were entertaining that night, so we took it in. It was German folk dancing. About 50 people took part in costumes with clog shoes. They did a lot of clogging but we were not too impressed. The children ordered cokes to drink but we found they only served coke with cognac so the kids didn't get a drink. The evening's entertainment only cost $5.00 for the five of us, so that was reasonable.

Today we were to take a trip up the Moselle but it started out to be a cold rainy day so instead we went for a trip on the Rhine. It was a most interesting trip. Almost every turn of the river there was a castle on the river bank slope or sometimes on top of the hill. We really enjoyed that trip. We tramped through a couple of typical German villages. One of them was completely unspoiled by tourists. Our grandson found he has left his expensive jacket in the men's rest room at Coblenz so we went back and some honest person had turned it in at the office, so we were lucky. The River Rhine is a very busy thoroughfare for tugs, barges, and steamers, passing up and down all day.

Wells celebrate golden anniversary

Mr. & Mrs. Edwin L. Wells, Sr., of Ocean Breeze and Freeport, N.Y., were the guests of honor at a dinner and reception given in honor of their golden wedding anniversary. The hosts were the four children of the Wells: Mr. & Mrs. Frank Adams, of Glen Rick, N.J., Mrs. Howard James of Huntington Station, N.Y., Mr. & Mrs. Edwin Wells, Jr., of Fort Saloga, N.Y., and Mr. and Mrs. John Wells of Baldwin, N.Y.

Among the 50 friends and relatives in attendance were Allen and Gertrude Wickes of Ocean Breeze Park. Also attending were the 11 Wells grandchildren. The eldest, Miss Beth Adams, was escorted by her fiance, Richard Smith.

Mr. Wells summed up the evening by his remarks, paying tribute to his wife, Mrs. Jeanette Wells.

Together, they received many gifts and good wishes for continued wedded bliss. We, from Ocean Breeze, also wish them many more years of health, happiness and God's blessing.

The Sr. Wells address is: 25 Moody Ave., Freeport, N.Y., 11520.

TRIMMING TIME--One of the big and important summer jobs is trimming the many hundreds of palm trees throughout the park. The palms in the background look rather denuded, but by the time our winter residents arrive, they will again assume their usual neat and attractive appearance.

pays farewell visit

The Tom Cook residence was a scene of great activity over the past weekend. My step son, Maxwell Edwards, has been on loan from the Canadian Department of Education to the Government of Jamaica for the past two years and is now returning to Canada. Max went directly to Ottawa to report and to get his future assignment. His wife, Florrence, and their two boys and daughter spent a few days at our home on S. 5th before travelling further. They planned to visit our daughter, Jeanne Achly in Boise, Idaho, whom they have not seen for many years; and her husband, George, whom they have never seen.

Last winter was a hectic one for both Nellie and myself, now wise. As you know, we had two full pages of news in The Mirror all winter--at least since Nellie was taken on as my partner. In addition to her many other jobs, she was responsible for most of the news items which she not only collected, but very ably wrote up herself. So, when this wonderful opportunity for a holiday came up I urged her to take advantage of it. Nellie didn't need much urging as I noticed she had her bags packed many days before departure time.

I took the family to the West Palm Beach Airport to see them off, early Wednesday morning, and the plane left right on time at 9:07 a.m. As the result of a long-distance telephone conversation I am told they all arrived safely at Boise at about 10 p.m. Pacific Time, after a long, tiring day of travel including a 5-hour wait in Chicago. Nellie said, "It we had left to escape the 90-degree Florida heat, we would not have gained much as it was 89 in Boise that day and I am told the temperature has already reached a high of 102 degrees."

She also said the pilot gave his passengers an opportunity to see the Apollo 11 blast off, from the plane.

After two weeks, the novelty of being on a small western ranch will likely lose its appeal and the family will travel on to Edmonton, Canada, where the Edwards have a nice home in the eastern suburbs. Shortly thereafter, I expect Nellie will be winging her way eastward on her homeward journey.

NEW ROOMS--Mr. & Mrs. A.T. Nalsser have a new Permaroom attached solidly to their present home on Key Lime. The new room is 10 x 22 feet in area and it is on the same floor level as their mobile home. The new room was begun on July 16, and by the 18th, they were able to use it.

Olinger hospitalized

We have a letter from Mrs. Hoy Olinger, Sutton, Neb., written July 14th:

"We are having summer weather, 100 degrees or near most every day. However, we have had plenty of moisture and everything looks fine. Rain delayed the wheat harvest but I expect it is all out of the fields by now. I was in town a few times a week to get groceries and visit friends. Yesterday as I came home from town Lincoln.

"We drove to the hospital two weeks today. Dow had followed surgery, but they have that cleared up and we expect to be able to bring him home by the end of the week.

"I'll go up daily, and it is quite a trip--77 miles each way. I have missed only day until today.

"I received a letter from the Goodyear Dealership. They were O.K. but they had a windstorm, which uprooted trees in their yard, just missing the house. No one was

"Take care of yourselves and if you're ever in Sutton we'll be glad to see you. Tell all the wedding people to start back. Probably around mid-October."

Parkes attend trailer rally

Mr. and Mrs. Milton G. Parke, 94 S.W. 6th Ave., Ocean Breeze Park, Jensen Beach, were among the more than 6,300 travel trailerists attending the 12th international rally of the Wally Byam Caravan Club June 27 through July 4.

The Parkes will return in October, following a tour after the rally which was held in Laramie, Wyoming.

Nellie Cook on vacation

My news correspondent, Nellie, is on a two weeks vacation. She was responsible for most of the personal items on our page this week. As I will be responsible for all items for the next two weeks, I will value any assistance our readers can give. I will appreciate any leads for news. Just call 287-5302 and I'll gladly jump on my bike and call on anyone in the park. Thanks, T.C.

COME ON, PULL!—Members of the VFW Bandits Peanut League baseball team line up to show their strength tugging at the rope, after choosing sides. This entertainment was part of their annual picnic held Thursday, July 17 on the Jensen Beach Causeway. The boys played games and ate fried chicken from 4 to 6 p.m. At left is Ben Fulton, at right is Don Wilkie.

HUNGRY—Young boys always seem to be hungry, and Sunday's picnic for members of the Jensen-Stuart Elk baseball team, families and coaches was no exception. Rain and cool breezes failed to dampen the appetite of the group, some of whom are pictured above.

Aderholts return from trip

Mr. and Mrs. Rod Aderholdt of Melba Drive, Jensen Beach, have returned to their home after enjoying a vacation since June 27.

The Aderholdts attended the American Society of Radiologic Technologists convention in Atlanta, Georgia, until July 3, then spent a week with Mrs. Aderholdt's mother in Jonesboro, Ga., where son Daryl, 3, had been visiting.

Next on the itinerary was a three-day visit with Mr. and Mrs. C. H. Aderholdt, Rod's aunt and uncle, in Kings Mountain, N.C.

In Columbia, S.C., they visited Rod's grandmother, Mrs. E. C. Eargle, who is a spry 85. She takes care of her home and has a small garden.

One of the highlights of the trip, according to Betty, was their fabulous view of the Apollo 11 moonshot last Wednesday. The Aderholdt's, who have seen many of the Cocoa Beach shots from their Jensen Beach home, were deeply and emotionally impressed with the liftoff of Apollo 11, she said.

"It was a fun trip," Betty told The Jensen Beach Mirror, "but it's real great to be back home."

tournament July 30

A final reminder to the young people of the community, that the always-popular annual Table Tennis Tournament will be held at the Marina next Wednesday, July 30 at 1 p.m.

The tournament is open to youngsters of all ages. There will be separate tournaments for boys and girls, and it will be divided into various age groupings. This will not be determined, however, until the day of the event.

There is no advance registration necessary, all you need do is to be at the Marina at 1 p.m., next Wednesday.

Trophies will be awarded to first and second place winners in each age group.

A special welcome is issued to all adults in the community who might like to come watch this event. There are some excellent players in the area and competition is always good. If you're looking for a good way to which to spend an afternoon, this is it. You'll also be surprised as to how good these youngsters actually are at playing the game.

Young Adult cookout

The Young Adult Cook Out for this month will be held Wednesday night, July 30, at the Marina starting at 7 p.m. The cook out is open to all residents in the community in the working age category.

The menu will consist of the usual 7-bone steak, baked potato and salad.

These cook outs are usually well attended, so if you have never attended, here is an excellent opportunity to get to know other people living in the area. If you have not been attending lately, we would like to invite you back.

The only requirement is that advanced reservations be made at least by Monday. Call the Marina. A small charge is made to defray the expense of the food.

Flotilla 55 activities

U.S. Coast Guard Auxiliary Flotilla 58 met Thursday, July 17 for their monthly meeting at the Marina. Attendance was fairly good despite the discomfort of the heat in the Marina.

Fred Smith, Commander of the Flotilla was in charge. He announced a seminar at Stuart on Sunday, July 27.

Frank Rogus, chairman of the July 4 parade, announced that the Junior Woman's Club expressed its appreciation to Flotilla 55 for entering the parade and taking part in the program of the day, which was a boating display designed to better acquaint the boating public and all others interested.

Also discussed was a twilight patron on the river... for instance, a boat going northward, another south.

Flotilla members and their families will spend a day at the Anchorage. The date will be Aug. 10.

Fred Helmer, vice-commander, reviewed highlights of the bi-monthly divisional meeting held Sunday, July 13, at the Sea Scout building in Ft. Pierce.

A courtesy examination course was held at the Lutheran Church of St. Andrew on Wed., July 16, another on the 18th. Seven members attended.

Following the business meeting, Alice Goldsmith, training officer, ran a film, "New Magic of Swimming", after which refreshments were served.

REFRESHING AND RELAXING- The swimming pool at Port St. Lucie is without a doubt the most popular place in the area these days. Area residents enjoy the refreshing and relaxing water and good company....

Sgt. Mittler and bride honored

An open-house affair was held July 10 in honor of Sgt. George J. Mittler, and his wife, son of Mrs. Gladys Mittler and the late George A. Mittler at the Mittler residence in Port St. Lucie.

Sgt. Mittler came home on leave to introduce his bride, the former Karen Petersen of Cutler Ridge, Miami, to a few of his many friends here.

Their military wedding took place July 5 at Homestead Air Force Base, Homestead, Fla.

Swimming pool is most popular

Undoubtedly the most popular place in Port St. Lucie these days is the swimming pool, which is open every day of the week for residents of the community.

This popular facility is under the direction of the recreation department, with all expenses for upkeep and maintenance paid for by the General Development Corp.

It undergoes just about as busy a schedule as is possible. Starting at 8 a.m. each Tuesday, Wednesday and Friday are learn-to-swim classes. Then each Monday through Friday from 10 to 12, the pool is reserved for adult swimming only. During the afternoon hours from 1 to 5 p.m., it is open each day with the exception of Monday, and these hours are open to residents of all ages. Each Tuesday and Thursday night it is again reserved for all adults in the community.

If you have not been taking advantage of this wonderful facility, you should take the time to do so. A dip in the pool can be very refreshing and is undoubtedly one of the best forms of exercise.

Six more needed

Shufflers raise money for courts

Fred Hildebrand, tournament director for the Port St. Lucie Shuffleboard Club reports that interest in the summer shuffleboard league remains high and that at the present time there are 38 persons participating. These 38 are divided into two teams called the Saints and the Sinners, with matches being played each Tuesday night at the Marina.

As of this writing, 49 games have been played and the score stands, the Saints, 25; the Sinners, 24.

Hildebrand says that there is so much interest that all players cannot participate at one time with only four courts available to play on. So games are played in rotation as courts become available.

It is because of this reason that the club is now actively engaged in raising enough money for six additional courts. It is their desire to have these courts ready for play this fall. The estimated cost of installation is $4,200 of which the General Development Corp., has agreed to pay half and the Shuffleboard Club, through various ways, will raise the remaining half.

Cedric Benz, committee chairman for the club says that the following has already been done. The club itself is presently holding in escrow a plus $300 figure which it plans to contribute. A total of $350 was made on the 4th of July celebration. The Port St. Lucie-River Park Homeowners Assoc., has already made a commitment of $335. If averages hold out, the club should make $350 on the T.V. raffle. Also on Labor Day, plans are to raise another $100 on a Labor Day Fiesta. The committee is already making plans for special card parties which should net them about $40 each, for a total of $160.

All of this put together adds to a figure of between $1600 and $1700, which will leave a balance of $500 which the club will have to do some additional figuring and planning.

The committee and the club are working very hard to raise this necessary money and they deserve a great deal of credit. As the community continues to grow, we realize more and more the need for more courts.

The Shuffleboard Club is also a member of the Indian River Shuffleboard League and these six additional courts will give them the necessary ten courts so that all players can play at the same time.

Swim class starts Tues.

This will be your last opportunity to sign up for the intermediate swimming class which will start this coming Tuesday. These classes are sponsored by the Port St. Lucie Recreation Department and the instructor is Howard Pickford, Jr.

In order to qualify for this course, youngsters must be at least seven years of age. They must have completed the Beginners course offered by the recreation department or have a beginners Red Cross card.

There are to be two classes offered, one starting at 8 a.m., the other at 9 a.m. Both classes will be held each Tuesday, Wednesday and Friday for a period of three weeks.

For registration, call the Marina at 464-3191.

Softball league meeting is set

The Port St. Lucie Recreation Department, thru its director Dave Gessner, indicated he was very happy with the response received regarding the possible formation of a men's slowpitch softball league.

A meeting will be held Tuesday, July 29 at 7:30 p.m. at the Marina, because of this excellent response, Gessner indicated it would be important for all men interested to be present at this meeting, since the formation of the league will depend upon the response received.

Gessner said the group would like to have enough men to form a four-team league. Individual entries or team entries will be accepted, and players do not necessarily have to reside in Port St. Lucie. Plans now call for this to be a slow-pitch league using 10 players to the team, and only men 25 years of age and over. Games would be played during early evening hours, probably from 7 to 8:30 p.m. Each team could play once or twice a week depending on the desire of the league.

OBITUARIES

Clinton Allen Higbee, 55, of 385 Sandia Drive, Port St. Lucie, died Thursday, at Patrick Air Force Base Hospital.

Mr. Higbee was a retired Navy officer, who came here three years ago from Portsmouth, R.I. He was a native of Louisville, Ky.

He is survived by his wife, Constance B., of Ft. Pierce; two daughters, and a brother.

Ludwick Charles Daniels, 70, of 775 Sandia Drive, died Wednesday, July 16.

He was a native of Bay City, Mich., and came here five years ago.

He was a member of the BPOE of Grand Rapids, Mich., and was retired from the ABC Control Board of Michigan.

He is survived by two nephews.

RESCUE SQUAD—Martin County's Civil Defense rescue squad was invited to the Apollo 11 moon blastoff last Wednesday at Cocoa Beach to assist in rescue operations if needed. Left to right above are Richard Davis, Stanley Keator, Lloyd Baker and Sam Banks. Not in picture, but making the trip, was Al Keaton, director.

tournament

Twenty-six teams will face each other in a double elimination tournament at Langford Park beginning Thursday, July 31.

The games this year will be sanctioned by the Florida State Softball Association according to Frank Warhs, chairman.

Competing teams will include those from Palm Beach and Indian River Counties, from Cocoa, Melbourne, and other areas, in addition to local teams.

Games will be played during three weekends on the two fields at the local ball park.

The event is sponsored by the Jensen Beach Fireworks Committee.

4. Obligations of States and political subdivisions	1,569,246.11
5. Other securities (including foreign corporate stocks)	300,000.00
6. Loans, total	5,012,869.32
7. Bank premises, furniture and fixtures, and other assets representing bank premises	183,877.51
8. Real estate owned other than bank premises	29.75
9. Other assets	27,756.82
10. TOTAL ASSETS	10,184,440.60

LIABILITIES	
11. Demand deposits of individuals, partnerships, and corporations	2,668,974.85
12. Time and savings deposits of individuals, partnerships and corporations	5,344,778.87
13. Deposits of United States Government	57,666.75
14. Deposits of States and political subdivisions	64,585.08
15. Certified and officers' checks, etc.	42,195.90
16. TOTAL DEPOSITS	8,178,201.45
a. Total demand deposits	2,854,780.83
b. Total time and savings deposits	5,323,420.62
17. Other liabilities	182,988.21
18. TOTAL LIABILITIES	8,361,887.66

RESERVES ON LOANS AND SECURITIES	
19. Reserves for bad debt losses on loans (and applicable reserves for interest on loans)	13,504.17
20. TOTAL RESERVES ON LOANS AND SECURITIES	13,504.17

CAPITAL ACCOUNTS	
21. Capital notes and debentures	250,000.00
22. Preferred stock (par value and number of shares authorized)	
23. Equity capital, total (sum of items 24 to 26)	570,048.94
24. Common stock (par value)	302,500.00
25. Surplus	117,500.00
26. Undivided profits	150,048.94
27. TOTAL CAPITAL ACCOUNTS (sum of items 21, 23, 27 and 28)	820,048.94
28. TOTAL LIABILITIES, RESERVES, AND CAPITAL ACCOUNTS (sum of items 18, 20, 27 and 28)	10,184,440.60

MEMORANDA

1. Average amount of total deposits for the 15 calendar days ending with call date	9,284,520.24
2. Average amount of total loans for the 15 calendar days ending with call date	5,040,795.97

I, Robert E. Barker, Asst. Vice President of the above-named bank, do solemnly affirm that this report of condition is true and correct, to the best of my knowledge and belief.

Correct—Attest:

IT WORKS- Leonard Smith shows the effectiveness of using concrete slabs to stop sand flow through the St. Lucie Inlet jetty. Sand has built up along the jetty where the slabs were placed by county work crews in December and January. In front of Smith's right foot, a three-foot wide slab lies buried, and other almost buried slabs show the buildup of sand that formerly washed through the jetty into the inlet. The area to the left (south) of the jetty was formerly a sand bar and now is becoming deep water as the inlet clears itself. The beach buggy at rear is driving on newly created beach. Smith wants the jetty in the foreground to be plugged, and would like to see the plugging reinforced with sandbags.

More slabs are needed

Inlet cleans itself as jetty plug works

By DICK CAMPBELL

The jetty plug works. It not only stops the sand from flowing through the jetty, but also allows the St. Lucie Inlet to clean itself. This was evident in an inspection of the inlet and the jetty Tuesday by The Jensen Beach Mirror, guided by Leonard Smith, head of the St. Lucie Inlet Protestors (SLIP), the original group that pushed for the plugging of the inlet.

Ten months ago, Smith urged the county to use old, discarded concrete and steel slabs from the dismantled Jensen Beach Bridge to close the gaps in the jetty. In October, 1968, SLIP handed a petition with 500 names supporting the jetty plugging to the county commission, and Commissioner Frank Wacha supported the move.

Sand flowing through the jetty was shoaling the St. Lucie Inlet, and over $300,000 in dredging of the inlet was lost as the sand drifted south along Hutchinson Island and into the inlet.

It was in late December, seven months ago, that the county began laying the slabs along the north side of the jetty to block the sand.

Tuesday, the proof of the effectiveness of the jetty plug was evident as Smith drove his beach buggy up to the high dune that overlooked the inlet. Sand was built out, east of the former shoreline, and high, rising about six feet above the tidal mark. The area east of the former shoreline, along the jetty, where the concrete slabs had been set, was built up with sand.

Behind the slab closest area the ocean tides no longer had access and the sand, the open boulders of the jetty, cutting back into the land as much as ten feet on the north side. To the ocean side, the water poured through the jetty, carrying sand, though not with the velocity of the inlet openings, because of the depth of the water.

On the inlet side of the jetty the change was startling to see. What had been a sand bar shoaled high out into the inlet had washed to sea, leaving a clear inlet.

In October, Smith had stood on a sand bank six feet above the tide, several hundred yards to the south of the jetty in an area where the inlet should be. He would have stood in water Tuesday, if he wanted to be in the same spot. The inlet action, increasing in velocity without the sand and water flowing through the jetty to cause eddies to drop the sand, had washed a great quantity of the sand bar away.

"See that," Smith said, "The sand bank is at least a hundred yards closer to the jetty. The inlet is cleaning itself."

Inspection of the west end of the jetty, in the inside of the St. Lucie Inlet, showed that the sand had begun filling behind the jetty.

"I used to park my boat there," Smith said, pointing to an area of land that had filled in to the boulders. He showed the former shoreline, where the action of the tides before plugging the inlet had washed out behind the jetty boulders.

Smith is asking the county commission to continue placing slabs along the jetty, and sand bag the jetty behind the slabs. He pointed out where the sand drift through the jetty was continuing, where there was no slab protection.

Smith admits that the plugging of the jetty is just a "stop-gap" measure. "But it works," he said happily.

Smith received lukewarm support from local conservationists and their organizations when he originally promoted the idea. The various groups feared that the plugging of the inlet jetty would halt future dredging of the inlet. Some could not see undertaking the project for fear of endangering the future permanent inlet project to be undertaken by the Corps of Engineers.

However, charter boat captain Pete Robertson, skipper of the Fran L., out of the Frances Langford Outrigger Marina, reported that the inlet plugging was "great, just great." He said that he uses the inlet regularly.

"Last weekend I went through the inlet at high tide and had seven feet depth at the shallowest point, and up to eighteen feet at the deepest," Robertson said. He added that before the jetty was plugged there was about three feet depth in shallow places, and boats were always being "beat against the bottom," even at high tide.

Robertson criticized the lack of proper marking of the inlet, saying, "There is plenty of deep water in the inlet now, but the markers drive boats up on the sand bars in the inlet. People who don't know the inlet can bust their bottoms out there. All it would take is moving one marker to set a better course through deep water, but the Coast Guard doesn't get around to it."

Robertson said that the proper officials have been notified, but just haven't moved the markers.

"This is the first time in years that the inlet has been open all summer long," Robertson said, "We should continue to plug the jetty, with more slabs or sandbags, so that it remains open."

Captain Pete Robertson uses the inlet regularly. His testimony of the effectiveness of the inlet jetty plug can be a convincing argument for the continued plugging of the inlet jetty, as can the testimony of other boat captains who use the inlet.

Leonard Smith plans to reactivate SLIP to ask for more jetty work.

"Now that the plugging has proved effective, local conservation groups can support the move, knowing the plugging might, as a temporary solution, keep the inlet open for the sailfish tournament and for our winter visitors and tourists," Smith said.

Editorial

It works

It works. We saw it with our eyes. The jetty plug is building sand on the north, and the sand bar on the south side of the jetty is being cleared away.

The jetty plug works.

Sand no longer pours through the gaping holes in the jetty. The inlet has remained open through the summer. It is deep, and is growing safer.

What would a more intensive plugging of the jetty do? It might do a greater job of keeping the inlet clean of drifting sand, and might allow the inlet to clean itself.

And what else might it do? It might give the inlet the velocity it needs to sweep some of the tons of silt dumped on Martin County by the St. Lucie Canal discharge and the discharge of the many other drainage canals out into the ocean.

It might.

We do not know if it will.

But then, we did not know if the jetty plug would work until we tried it. It worked.

We hope the county makes the plugging of the remainder of the jetty a project high on its list of priority.

The inlet is our future. It is our greatest asset.

The permanent solution of the problems created by the St. Lucie Inlet is still a long way off. It involves the red tape-filled coordination of governmental forces from the Martin County Courthouse to the state of Florida to the Halls of Congress. And, that takes time.

We can plug our jetty with sandbags and slabs.

Without red tape.

And, it may continue to work.

ROAD AWASH- A sand road, traveled by beach buggies, is washing into the St. Lucie Inlet as the built-up bar in the inlet is cleared by the increased velocity of the inlet waters. The tidal action has reduced the bar to half its size of last winter due to the stopping of sand flow through the jetty.

Wacha praises plugging

County Commissioner Frank Wacha promised more work on the St. Lucie Inlet jetty Tuesday when notified of the effectiveness of the plugging of the jetty by county work crews last December.

"I'll get some rock somewhere, and we'll use them," Wacha said.

County Engineer Tom Slider informed The Jensen Beach Mirror that he would get a permit from the Conservation Department to bring a dragline out to move the slabs into place.

Wacha plans to inspect the jetty with Slider "as soon as possible," so that the areas of work can be defined.

SAND FLOWS- Leonard Smith stands in an opening in the St. Lucie Inlet jetty through which tons of sand flowed before the hole was plugged with concrete slabs. In another photo on this page, the sand is shown as it built up against the slabs, rather than drifting through the jetty to shoal the inlet.

BURIED SLAB--Leonard Smith points to a concrete slab which held back the drifting sand and became buried in the stored, packed sand. The height of sand built up by the plugging of the jetty is estimated at three to five feet on the north side of the jetty.

FRESH ROOTS- Showing the scouring action of the St. Lucie Inlet clearing itself, these roots were still fresh and green, lying on the sand after the tidal action of the inlet washed away at least three feet of the sand bank which was originally created by the sand flow through the inlet jetty.

WESTERN FILL- The rocks of the St. Lucie Inlet jetty, once in water on the west end of the jetty inside the St. Lucie Inlet, are now in sand which has filled in to the bank. Leonard Smith stands at right at a point where he beached his boat last October. This photo was taken at near high tide. The stake at left would have been in water last October.

Surprise shower held for Susan Nardi

A surprise shower was held for Miss Susan T. Nardi on Thursday, July 14, by Mrs. Lillian Kinsella at the latter's home on Melba Dr., Jensen Beach.

Miss Nardi will enter the Order of Religious Teachers Filipini in Morristown, N.J., where she has attended school at the convent for five years.

Upon graduation this June from Villa Walsh Academy, she was Valedictorian of her class, winning several scholarships: four-year tuition to Seton Hall University, at $1,500 a year; full tuition at N.Y. University, at $1,625, renewable annually; partial scholarship to St. Elizabeth at $700 a year; N.J. State Scholarship valued at $600 annually, and the N.J. State Grant, $500.

She will attend Seton Hall where she will major in chemistry.

She is the daughter of Mr. and Mrs. Vincent Nardi of Melba Drive, Jensen Beach, where she is spending the summer. She will leave here August 30 to become a Postulant.

Guest- included Mesdames Anna Schlaster, Doris White, Alice Happich, Betty Brown, Carol Conover, Betty Aderholdt, Anne Bugnon, Louise Schratweiser, Kitty Coulston, Lillian Sabright, Alice Gumbs, Mary Hill, Charlotte Wagner, Mabel Nardi, Elizabeth Harper, Debbie Harper, Sally Muraca. Not present were Ellen Norkin, Pauline Maurer, Ethel Alvarez and Vincent Maurer.

LL All-Stars win game 15-2

The National Little League All-Stars won their game against Ace Roofing last week, scoring 15 runs to 2 for their opponents.

The All-Stars will meet Hobe Sound Wednesday (tonight) at 8 p.m. at Palm City.

John Crane was hitting pitcher against Ace.

PROSPECTIVE POSTULANT- Miss Susan T Nardi center, was guest of honor at a shower last Thursday at the home of Mrs. Lillian Kinsella, left, of Melba Drive, Jensen Beach. Susan, who will enter the Order of Religious Teachers Filipini in Morristown, N.J., is the daughter of Mr. and Mrs. Vincent Nardi, right, Melba Drive, Jensen Beach.

100 attend JBWA dessert card party

Approximately 100 women attended the dessert card party held Monday, July 18 at the Jensen Beach Women's Association clubhouse.

Hostesses for the party were: Mrs. Marion Hill, Mrs. Hazel Houghton, Mrs. Geneva Siebert, Mrs. Agnes Bood, Mrs. Eva Eckstrom, and Mrs. Olive Donaldson.

The door prize was won by Mrs. Esther Vance and the special prize was won by Mrs. Grace Lewis.

The regular meeting of the club will be held Monday, August 4, and on Monday, August 11, the club will sponsor a luncheon card party at the clubhouse. Tickets are now on sale and may be obtained by calling Mrs. Jean Pendleton, at 287-6372; or Mrs. Eva Beegs at 287-5955.

The club's rummage and bake sale held Saturday, July 23 was most successful. The club thanks all who participated.

Steer This Way

BY

BILL STUDER

and

RALPH CHAMBERS

In Turkey, a drunk driver is escorted to the point 20 miles out of town and then must walk home.

***

Underinflated tires make for a softer ride, but this builds up heat in tires, increasing the chance of tire failure.

***

Those tiny experimental "commuter" cars that make a VW look like a truck by comparison, are such to get into. But for getting out...ejector seats seem called for.

***

One of the newest fads is to use VW engines in power boats, snowmobiles and even home-made airplanes.

***

Mainly because your wife has a habit of knocking down telephone poles doesn't necessarily mean she's a bad driver. It may be her subtle way of getting even with the phone company!

***

Speaking of phones, why not phone us at 287-8086 for prompt action when you decide to buy a car. Or stop in and see us at Merkle Motors of Stuart, 986 South Federal.

NEWLYWEDS- Diane Evelyn Donaldson of North River Shores, Stuart, and Jay John Kendall, of Jensen Beach, were married July 13, 1969 at the home of Mr. & Mrs. Eugene Morrissette, in North River Shores. Mallory L. Johnson presided at the double-ring ceremony. The bride is the daughter of Mr. & Mrs. Harold R. Whalen, Sr., 716 E. Parkway, Stuart, and the groom is the son of Mrs. John Kendall, of Reading Pa. The bride wore a pink satin street-length empire dress with white lace. Attendants were Bertha Morrissette and Virgil Lowe. Serving at the reception also at the Morrissette home, was Mrs. Inez Parker. Out-of-town guests included Mrs. John H. Kendall, Reading, Pa. The couple will reside in Jensen Beach.

Library association reports statistics

Two regular projects of the Martin County Library Association, the book sales at the public library, and the travel film series, "The World Around Us," were well received, according to The Flyleaf, published by the association.

The November book sale netted $378.80, and the spring sale brought $330.10, it was reported.

Proceeds from the films were $468.10, after expenses, an increase of about 33% over last year, The Flyleaf pointed out. Chairman of the 1970 series will be Walter Ransmeier.

Twelve volunteers served a total of 1,000 hours in the library, according to Mrs. Hugh Killough, chairman, who reported at the association luncheon.

The public library, open 40 hours a week, serves 10,000 book borrowers.

The library, which has nearly 80,000 books on the shelves, circulated over 77,000 last year.

The mobile library is expected to get under way soon, the report said.

Pool fencing ordinance is investigated

Pools of private and commercial interests in the county will be required to have fences around them, according to an ordinance being considered by the Martin County Commission. The fences would have to be four feet high, and have gates with inside latches so that youngsters could not open them and possibly drown in the pools.

Also, present pools in Martin County would have to comply with the ordinance within one year, according to County Attorney Dean Tooker.

When it was pointed out that commercial pools, especially those in motels and those with large patio areas, would cost a great deal, Tooker said he would research the state requirements and standards for such pool fencing, and report back to the commission.

Tax roll to exceed $269 million

Commissioner Frank Wacha said recently that a 1969 tax roll of more than $269 million will be presented to the Martin County Commission when it meets as the Board of Equalization Monday, August 4, at 9:30 a.m.

Wacha estimated that the value of the tax roll will increase by 10 per cent. The tax assessor's office said that the tax roll has not yet been completed.

Wacha said that the increase is not going to be sufficient to take care of the requests made in the budget.

Commissioner in charge of the county's finances, Wacha said the largest increases in the budget will be for pay raises for personnel.

Wacha also said that the commission should start doing more toward financing improvements to the St. Lucie Inlet, and that they would be involved in areawide planning.

According to Wacha, an increase in millage for countywide funds is expected. The present levy is 6.485 mills and this coming fiscal year's is expected to exceed 7 mills.

This year's operating budget was slightly under $2 million.

John W. Hussey, Commission Chairman, said that taxes in Martin County are lower than most other places along the east coast.

Fishing report

The fishing for last week is as follows:

John Smith, 3 trout; Russell Bolton, 1 snook; Dr. Ernest Sost, 6 tarpon; Judith Rush, 1 tarpon, 16 lbs., in the St. Lucie River with a 15-lb. test line; Ken Klager, 4 foot shark; Arthur L. Elrod, 26 lb., snook on an eel skin; John Jones, 7 trout; Rus Bolton, 10 snook, released 8; George Jammerman, 1 snook; Steve Reiheiser, 2 jewfish, 1 drum; Gidd Sapp, 10 1-4 lb. snook on a plug, 1 jack, 4 1-2 lbs.; Carl Herzog, 2 snook, and W. T. Letters, Stan Lippincott, Ed Wagner, 11 trout.

Also, Howard Mance, 4 tarpon; C. Kestler, 15 whiting; Burt & Scott Luster, 5 sand perch; Elmer Johnson, 17 1-2 lb. bonita; John Jones, 7 trout; Wayne Champion, 12 1-2 lb. black bass; Winnie Test, 3 drum, 2 snappers, 1 croaker; Bill Andrews, 11 trout, 1 snook; Russ Bolton, 3 snook, 6 tarpon, 3 snappers; Dixie Prentiss, 2 trout; Harlow Sutter, 30 1-2 lb. snook; Howard Byers, 4 snappers, 4 trout; Jack Akers, 2 snook, 5 trout; and Linda Caswell 7 lb. sailfish.

Also, J.D. Lookadoo, 3 bass; Ed Wagner, 5 trout, 1 snook; Bob Robertson, 4 trout; Jack Akers, 1 8 1-2 lb. trout; Bob Robinson, 8 trout; Mr. & Mrs. Dave Gale, and Mr. & Mrs. John Crawford, 3 pompano, 4 blues, 3 whiting, 1 snapper, 1 sheepshead, 1 croaker; Jim Cateral, 1 albacore, in the surf; Mr. Stark, 1 albacore, also in the surf; Curtiss Hill & Stretch Runyon, 2 sailfish; 1 kingfish, 4 albacore; Harlow Sutter, 26 lb. snook; Dick Wise, George Sudar, Chris Fisher, Dick Wise, Jr., and Cecil Kindig, 1 wahoo, 7 dolphin, 20 albacore.

Everyone eligible for All-States activities

The Port St. Lucie All-States Club maintains a heavy schedule of activities throughout both the summer and winter months. This is a very unusual club in that it does not require any membership or membership dues, which means that everyone living in the community is automatically a member and is eligible to take part in any and all of the activities which it sponsors.

During the summer months, probably one of its most popular activities are the beach parties held on the second and fourth Thursday of each month.

Their busiest schedule, however, is during the winter months when they sponsor a monthly cook-out, entertainment programs, special outings, the annual community banquet and many other similar activities.

The regular monthly club meetings are held on the third Wednesday night of each month, however their meeting for August has been postponed. Starting in September they will return to their regular schedule of activities.

For further information regarding the club, call Ray Bartow, president, at 464-6865.

relaxing—Relaxing on the beach during a swim party sponsored by the All-States Club are Mr. and Mrs. Hayden Evans, above. Activities are continued by the club on a year-round basis, with a full-time schedule planned for the winter months.

Sea Explorers boat capsizes in storm

The Sea-Explorer Troop had its regular semi-monthly business meeting Tuesday night and received some rather bad news. During the recent heavy wind and rain, their sixteen foot run-about boat capsized and their 35 hp motor was completely submerged.

This, of course, means that the motor must be completely overhauled, and estimates received from several local dealers placed the cost of this repair at around $100.

With only about half that amount in their treasury, this presents somewhat of a problem to them, since the work on the motor should be done almost immediately.

It was quite evident that the club has to come up with some additional fund-raising projects.

Dave Cessner

The News And Events Of

PORT ST. LUCIE *and* St. Lucie Country Club

Phone 464-3191 or Phone 461-1833

Kuby receives special award

Joseph Kuby of 311 Rinmar Drive received a special award Wednesday night by the Port St. Lucie Veterans of Foreign Wars Post 10130. Kuby was the grand prize winner, selling well over 100 American flags, in a contest sponsored recently by the Post. The flags were sold for two reasons, one for a patriotic nature, the other as a fund-raising project for the club. The award was given at a party held at the Marina for members, their wives and families.

The party was well attended and included swimming in the Marina pool plus a picnic on the grounds. It was reported that all had a good time.

PENCIL SKETCHING CLASS—Youngstars displayed some of their completed art work on their last instruction day of the season recently. The class, taught by Mrs. William Callan, at rear, was sponsored by the Port St. Lucie Recreation Department. Front row, left to right, are: Demetra Bennett, Mary Beth, Scott Sims, Jimmy Schaefer, Jennifer Schaefer, Bobby Laurito. Back row, Karen Bould, Cathy Sims, Diane Bould, Robin Gillen, Debbie Gillen and Laurie Laurito, Mrs. Callan, an accomplished artist, hopes to conduct classes again next summer.

Summer sketching classes ended Tuesday

Gifted young artists of tomorrow took part in the summer pencil sketching class offered by the Port St. Lucie recreation Department. At the class last Tuesday, which marked the end of the course, youngsters put on display their various works of art accomplished during the summer. These drawings remained on display for all to see during the entire week.

According to their instructor, Mrs. William Callan, 708 Camino St., each youngster had his own love of colors as was seen from those on display in the multicolored suns, in the landscapes, the fish, and the clown faces.

Timber Twisters bowlers

Larry Hett, president of the Twimber Twisters Bowling League, which bowls on Thursday nights, has called a meeting for all interested bowlers at the Marina, Wednesday, August 13 at 7:30 p.m.

Hett said that naturally those who bowled in the league last year would be given first preference, however, he explained that every year there are many that drop out because of various reasons, leaving an opening for new bowlers.

This league was started about eight years ago, the first several years the league bowled at the Fort Pierce Lanes, then moved to Jensen Lanes for a year, then to the lanes in Stuart for one year. The league has now been bowling at the Fort Pierce Lanes for the past several seasons.

This is a money league, as the saying goes, it is also a handicap league. So regardless of how good or bad you are, the handicap will make up the difference.

If you work during the day and are not free to bowl in one of the daytime leagues, why not make it a point to be present at this meeting and join in with a fine group of bowlers.

Story hour comes to close July 30

The weekly story hour directed by the Port St. Lucie Recreation Department, which met each Wednesday morning at the Marina, will come to a close today, July 30, on this closing day there will be the usual stories, beginning at 10 a.m. and continuing until 11:30 a.m., at which time there will be a picnic luncheon followed by games.

The summer story hour was directed by Mrs. Larry Hett, completing her second year as story teller at Port St. Lucie. Mrs. Hett first became interested in this activity as a teenager on the playgrounds of her hometown of Milwaukee, Wis. Since that time she has directed many story hours and still retains the interest and appreciation of a captive audience in young children.

Mrs. Hett was ably assisted this summer by Miss Christine Bigge, a senior at Dan McCarty High School, who hopes to follow in Mrs. Hett's footsteps.

The children also had a special guest during the summer, Mrs. Byron Harris, children's librarian at the St. Lucie-Okeechobee Public Library, who paid them a surprise visit and read stories to the delight of all present.

****

President Fred Smith of the Port St. Lucie Masonic Club announced that the regular monthly meetings held at the Marina on the first Wed., of each month have been cancelled for the months of August and Sept.

Mrs. Callan, an accomplished artist, felt that the summer classes were very gratifying and said she hopes she will be able to conduct another similar class again next year.

Magic Mirror Junior will be a four-operator salon well situated for both local residents and visitors to the country club resort.

Recording secretary of area Local #750, American Hair Dressers Assoc., Mrs. Bozall has operated the salon at North Port St. Lucie for the past 4 1/2 years.a

****

Mrs. Marcella Jacobson had a pleasant visit from her three cousins, Leona Stiff, Gladys Konnes, and Thelma Theiss. They have just recently returned to their home town of Indianapolis, Ind. Mrs. Jacobson is also enjoying a visit by her sister, Mrs. Lucille Buck. The entire group had many enjoyable trips to Miami, Lion Country, West Palm Beach, and also did a lot of swimming.

****

The Friday Nite Gang despite the excessive heat in the Marina, turned out 43 stout hearts last Friday night to participate in the night's activities.

Only one visitor was registered, that being Bill Kenyon, of Liverpool, England, brother of Terry Landen.

Two birthdays were reported, one being the 39th birthday of the Gang's host, Cedric Kent. The audience was rather good singing the birthday song to him. The other birthday was to the gang's young grandmother, Betty Schwanback. A quartette, consisting of Little Elton and Al Weigel, sang the birthday song to Betty.

The main prize of a five pound ham was won by Bob Schwanback who immediately presented it to Betty as a belated birthday present.

****

Mrs. Mildred Engleman of 104 Naranja Ave., is happy to return to PSL after an approximate two week visit to New York City. While there she visited with her son and her six married sisters all of whom live in the city.

Mrs. Engleman said that on her return trip they passed through Titusville just as Apollo 11 was taking off and they were able to view the entire liftoff.

She also said that this trip made her realize all the more what a pleasant place Port St. Lucie is to live.

****

Visiting with Joe & Ethel Krall are Mr. & Mrs. Frank Dombroski of Cicero, Ill. This is their first trip to Florida, and both said they were extremely happy with what they had seen thus far. In fact, they said they are now seriously considering eventually settling here. They are also considering this their honeymoon, even though they were married three months ago, that due to business reasons, this was their first opportunity to get away.

****

A welcome to the community to Mr. & Mrs. Larry Kent who moved to Port St. Lucie from Fort Pierce. The Kents print the "Shopper," which everyone in St. Lucie County receives each week. The Kents have resided in St. Lucie County for approximately 17 years.

They have quite a famous daughter by the name of Lanita, who has been in several movies and also appeared on T.V., especially in the role of one of the Gleason Girls. Lanita is presently in Hollywood.

****

A welcome also to Miss Ruth Davis and Miss Mary E. Logan of 617 Ash Street. Both moved here from Chicago, however, Miss Logan is originally from St. Louism ginally from St. Louis, Mo., where she lived most of her life.

Before moving here to assume responsibilities at St. Joseph's College, Miss Davis worked for the East Seal Society in Chicago, while Miss Logan served as registrar at Northwestern University School of Law.

Miss Davis will be on the Administrative staff of the college and Miss Logan will be assistant registrar.

****

President Ray Bartow of the All- States Club has announced that due to the hot weather, the pot luck supper originally planned for the month of August has been cancelled.

****

Mr. & Mrs. Larry Adams and their two daughters, Lisa and Jan from Fort Myers are presently visiting with Mr. & Mrs. Henry Howard of 205 Abeto Lane.

****

Mr. & Mrs. Ralph Eichler are happy to have their granddaughter, Jill Ellertson of Wilmington, Del., with them for the next month. She plans to spend some time also with her paternal grandparents who live in Lakewood Park. Jill will be a freshman this year in high school.

Locke art exhibit is open at SLCC

An exhibit of paintings by a young Martin County artist went on display last weekend in the lobby of the St. Lucie Country Club. The one-man show is the work of Daniel K. Locke, 24, of North River Shores.

A graduate of Florida Southern College, Locke has shown his works in many Florida art shows, receiving an award of merit for his display at the Ocala Art Show in 1968. At present he is head of the art department at Jones Beach State Park in New York.

Locke received his acceptance for work on his masters degree at Florida Southern recently, but has enlisted in the Navy and is now awaiting active duty in September.

The one-man show will be open through August.

SHOWING - Arthur Locke opened a one-man show at St. Lucie Country Club this week.

The regular meeting of the Anglers Club will be held at the Marina on Tuesday, Aug. 5, at 7:30 p.m. All members and prospective members are invited to attend.

LET'S COOL 'EM - - - Little Rani Stewart and friend Eddie Killer fall sorry for the flowers and miniature palm trees which grace Commercial Street in Jensen Beach. The recent dry spell made the flowers look thirsty, so Rani filled her plastic bucket and gave the flowers a drink while Eddie points to a spot she missed. Rani is the daughter of Mr. and Mrs. James Stewart. Eddie is the grandson of Mr. and Mrs. Frank Pelosi.

Two came close in moon contest

Two Jensen Beach entries in the Today Man on the Moon contest came close to winning, but failed to meet the time requirements to be a prize winner in the contest that was designed to pick the exact time man landed on the moon in the Apollo 11 flight.

Mrs. Ralph J. Thompson of 1515 Thordike Drive, Pittsburgh, Pa., with a time of 3:33:30 p.m., and Ross H. Davis of 108 Stratford Ave., Westmont, N.J., with 2:30:30 p.m., came the closest in The Jensen Beach Mirror entries in the contest. The landing time was 1:09 p.m.

Three hundred thousand entries flooded at times that mail would fall on the desk in the contest, sponsored by The Mirror and Gannett Newspapers. Today at Cocoa Beach.

Thank You

I wish to thank all my friends, sisters and brothers from W.A.I. for their visits and cards during my illness in Port Pierce Hospital.

New dumping area

Abandoned cars, trucks are filling the savannas

Problems of the county mounted in the past few weeks as cars and trucks, abandoned by owners and dumped as junk by some repair firms in the county, began filling the fire lanes of the Jensen Savannas.

Investigation by The Mirror showed 19 cars and trucks, in many different stages of waste and disrepair, lining the fire truck path two miles west of Jensen Beach, off the Jensen Cutoff Road.

As the cars began multiplying in the fields, local residents have begun dumping garbage and trash around the wrecks, adding to the litter of private property, and creating a health hazard as rats and vermin began gathering at the waste area.

The location of the autos and trucks, easily seen from the cutoff road, is on property owned by Mrs. Nell Bostwick, who lives in Jacksonville and has extensive holdings in Martin and St. Lucie Counties. Mrs. Bostwick is not aware of the litter of her property.

County administrator Tom Slider, contacted by The Jensen Beach Mirror, said that Mrs. Bostwick would be responsible for the removal of the litter and junk cars and trucks.

Slider pointed out that the county was in the process of getting an impoundment area set up so that the cars and trucks could be hauled away, put into impoundment and then disposed of after a certain length of time.

The new steel plant at Indiantown "is a life-saver," Slider said. He said the many wrecked, junked and abandoned cars and trucks would be sent to the steel plant for reprocessing if not claimed by their owners.

"The people would have to claim their cars or see them turned into a reinforcing bar," Slider said.

Slider said that nothing could be done at present about the abandoned cars in the Savannas "until we get the impoundment area set up and the contract on it signed."

In the meantime the junked cars and trucks continued to increase.

Residents of the Baker Road area, west of Rio, have complained of the heavy number of abandoned cars there. Tom Higgins, assistant to Slider, said he had stopped counting when he reached fifty abandoned or wrecked cars there.

NOTICE OF PUBLIC HEARING TO WHOM IT MAY CONCERN:

Notice is hereby given that the Board of County Commissioners of Martin County, Florida, will conduct a public hearing at the hour of 9:30 A.M., or as soon thereafter as the matter may be heard, on August 12, 1969, at the Martin County Courthouse in Stuart, Florida, to consider the matter of zoning changes of the following described property from R-3 to B-1A:

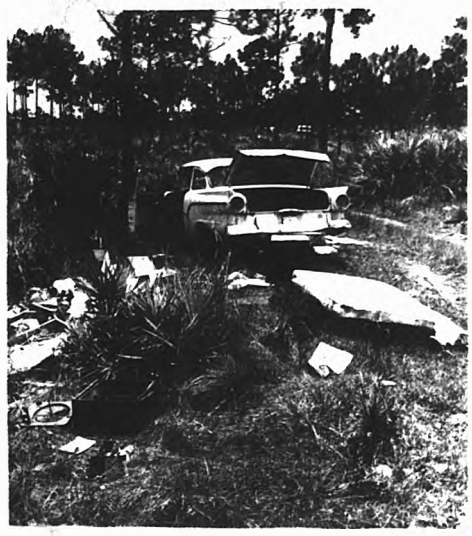
That part of the east 1080 feet, lying west of the Creek, of Government Lot 1, Section 32, Township 37, South of Range 41 East, lying South of F.E.C. Railroad less the East 550 feet SUBJECT to Allen Avenue extension right of way.

All interested parties are invited to attend and be heard.

Dated this 18 day of July, 1969.
BOARD OF COUNTY COMMISSIONERS OF MARTIN COUNTY, FLORIDA
By: s/ John W. Hussey
Chairman

ATTEST:
s/ Dorothy Pierce, Clerk
Publish: July 24, 31, 1969.

TRUCK STRIPPED- Stripped of anything that might be of use the trucks and cars above, including an abandoned ambulance at rear center, reside in an illegal graveyard in the Jensen Savannas.



RAT BREEDING PLACES- Abandoned garbage, bedsprings, mattresses clutter around wrecked and dumped cars, offering a breeding place for rats and vermin in the Jensen Savannas.

New water plan study

A new plan is being studied to control water in the 22,400-acre Rotonda area, according to Clair Andersen, Rotonda Drainage District's president and supervisor.

The announcement was made last week at a Rotonda landholders meeting in Stuart.

Conservationists have opposed Rotonda's request to drain water into the St. Lucie Canal, and the U.S. Corps of Engineers has refused to approve the application for permission to drain.

The new plan would call for a huge water impoundment basin, Andersen said. Any new water management plan would have to be endorsed by the principal landholders in the district, he said.

Total cost of the basin is quite expensive, Andersen said. If it were used, construction of Rotonda would begin without approval of the Corps of the application to use the canal.

GARBAGE FOLLOWS--Following the abandonment of junked autos is the dumping of garbage by local residents in the Jensen Savannas. This auto has windows smashed out and seats removed or torn to shreds. Most cars have their motors removed.

THE ALL-STAR TEAM- The Jensen Beach Peanut All-Star team lost against first-place winners Hobe Sound in the annual All-Star game Monday night at Hobe Sound. Final score was Hobe Sound 15, All-Stars 10. Members of the team include, left to right, first row: Neely Stuckey, Martin County Cleaners; Harris Ricou, Little K's; Tom Johnson, Jensen VFW; alternate Denny Rinaldi and batboy Billie Rinaldi, Jensen Beach Bank; Jeff Platt, Port Salerno Athletics; Herbie Damron, First Federal; Danny Rose, Port Salerno; Kevin Johnson, Sunrise Inn. Back row, Chester Smith, M.C. Cleaners; Peter McKnight, Little K's; John Bouse, Jensen VFW; David Milan and John Driscoll, Jensen Beach Bank; James Rose, Port Salerno Athletics; Terry Rogers, First Federal; Donnie Rose, Port Salerno; Bart Baker, Sunrise Inn; and Ronnie Hanks, Holiday Gulf. Managers of the All-Star team and second-place Jensen Beach Bank team are Dick Campbell and Dr. Dennis Rinaldi, at rear.

City limits might expand

Stuart city limits probably will be extended, according to a move Monday night by the Stuart City Commission at its meeting.

The commission was unanimous in its vote to direct the city attorney, William C. Scott, represented at the meeting by C. Norris Tilton, to report on steps which may be taken. He will prepare a report and the commission check to learn the feelings of people in areas outside the city limits who might want to be annexed, and also city residents' thoughts on annexation beyond present limits.

The commission also adopted an agreement between the city and county for ambulance service support.

Up $18.7 million

Tax hike protested as roll is increased

The tax roll went up, along with the tempers of many taxpayers, as county tax assessor Ellsworth "Dutch" Schnurbusch presented the county with an $18,715,607 increase in assessments Monday.

The value of a mill went up to $21,521.

The meeting room of the county commission was about half filled with attornies and citizens ready to protest the hike as the county sat as a board of equalization. Ocean Breeze Park and Poor Bob's Trailer Park, represented by Rick Crary, objected to the increase.

Crary said that the increase in taxes averaged 85% for the five parcels of land in Ocean Breeze. Land values in the park went from $457,500 to $810,000. In Poor Bob's park the value went from $123,000 to $182,000. Crary said that the parks were getting "unequal protection under the law," and said the actions of the assessor were "outrageous."

Crary's complaint that he had not had time to prepare maps or statistics to make a case due to the fact that the tax cards had only been received last week.

The county took the late cards into account and set next Monday as the day for hearing many of the complaints, especially from the flower farm community. Nearly all flower farms in the county objected to the hike they received is assessments.

Vun's Flowers, Cliff Luce, Welton Flowers, B&K, Carl Schramm, Ron Rinker, Krueger and Fred Burkey flower farms objected. They will be heard next Monday.

General Development received short shrift from county commissioner Frank Wachs. A representative of GDC asked for a rehearing on agricultural zoning, but Wachs pointed out that the use of the land north of the ensen Cutoff Road was a zoning violation and was fenced and put to cattle grazing after zoning was effective. The appeal was denied.

The new non-exempt tax roll totals $219,521,696. This includes $195,878,050 for real estate, $20,283,820 for personal property and utilities and $3,359,826 for railroad and telegraph assessments.

Last year the total was $200,806,089.

The total tax roll, including exemptions, reached $269,162,096, an increase from last year's total of $245,184,556.

The total roll includes homestead exemptions totaling $26,530,550, and exemptions for government-owned property totaling $23,109,850.

Increased assessments in the Palm Beach Heights area near the proposed Rotonda "City in the Round" added about $1.5 million to the tax roll.

The tax roll total is about $1.5 million short of the total that had been anticipated by the Martin County School Board when it approved its budget July 16. The School Board is permitted to levy on only 95 per cent of the total, or about $2068.5 million. The school board had figured its levy on $210 million.

The new figure will require a revision of $14,544 in the school budget.

The county assessor told the Commission that there has been a general raise in assessments for trailer parks, but he gave no figures or percentages to indicate how much the raise added to the roll.

The trailer parks are in many parts of the county, and it would take extensive study to arrive at a total.

Assessments also were raised on flower farms, but no estimate was given on the total effect on the roll.

BOCCHINO HONORED--Vince Bocchino, right, received a trophy and a book of memorabilia to remind him that the new softball field at Langford Park was named after him in ceremonies last Saturday afternoon opening the new field. Vince Bocchino Field was the result of hard work and dedication on the part of Bocchino, and a resolution of the county commission, read by commission chairman Bill Husa), center, made the naming official, and Frank Wachs, left, presented the trophy.

etition meeting Monday

Kiwanis Club beginning slated for Jensen Beach

The possibility of the formation of a Kiwanis Club for nsen Beach takes a giant forward Monday when cal community leaders will meet at Frances Lang- 's Outrigger Restaurant devise a "petition" of organization. The noon meeting is being organized by representatives of Stuart and Indiantown Kiwanis Clubs.

Local persons met last Monday and the previous Thursday with representatives of Kiwanis, a service club. The local group will be sponsored by the Stuart club.

Timer Powers, a member of the Indiantown Kiwanis Club, is the leader of the organizing forces. At the last two meetings was Kiwanis District (Florida) Governor Bill Oughterson, a member of the Stuart Club, who is assisting in the organization of the new club.

Local residents present at the meetings were Ransom Tilton, Charles Carr, Walt Parsons, Leonard Smith, and Wayne Bailey. Ten residents are needed to form the "key" group that seeks the organization of a Kiwanis Club. They, in turn, round up the 25 persons needed to apply for a charter.

Organizing Kiwanians at the meetings included Rick Carroll, Norris Tilton, Dave Irons, Andy Andrews, John Rasmusson, Ed Norton, John Hendry, and J. Fred Silvers, all of Stuart Kiwanis, Bill Owens, and Powers, of Indiantown, and Ham Wade, of South Fort Pierce Kiwanis.

Tilton, Carroll and Wade have indicated possible interest in joining in the formation of the Jensen Beach club.

During this week local businessmen are being contacted to ascertain their interest in joining the local Kiwanis Club. They will be invited to the Monday meeting, according to Powers.

When the club is formed and chartered, the Stuart Club would help to guide the activities in Jensen Beach, including the program planning, for one year.

Governor Oughterson told those gathered for the meeting that Kiwanis International "gives you the enjoyment of fellowship and a good, valid sense of service to your community. You enjoy prestige as a Kiwanian."

Oughterson said there are 198 Kiwanis Clubs in Florida, with a membership of over 12,000 in the state.

"We are sold on Kiwanis and are willing to take the time to come over and invite you to become Kiwanians," he added.

John Hendry, who will be chairman of the organizing committee, said the Stuart Kiwanis sponsored a boy scout troop, sponsors a little league team, gives scholarships to Indian River Junior College, gets dental work for needy children, and organized and participates in the Circle K youth groups at Martin County High School and St. Joseph College.

Powers said that the community needs differ in different areas, and that community needs must be evaluated on the local level. "All of our thoughts are to offer you assistance, but you must accept the responsibility of projects needed by the community," he added.

Kirk due o speak n county

Governor Claude Kirk will ist in ground breaking eremonies for the new orida Steel plant in Indiantown, and be the installation luncheon speaker for Indiantown Chamber of mmerce on Friday, gust 29, according to information received Tuesday. The governor plans to end the day in Martin unty, however other plans re not yet been firmed release.

'You can't take pictures here

Black smoke pours from dump where burning is forbidden

By DICK CAMPBELL

Giant, black, billowing clouds of acrid smoke rose into the sky, rolling over the ground, eased along by a gentle wind from the east. The putrid ash of the polluted air spread across the thousands of acres of citrus that blanket the land west of Hobe Sound.

Seeing the smoke last Friday, I drove into the Martin County Sanitary Land Fill area at Hobe Sound.

"I was wondering what the smoke was," I said to the attendant, who walked up to the car.

"Oh, it's nothing. That fire has been burning for weeks, and somebody dumped a load of tires in there and up it went again."

I looked into the rectangular sanitary land fill ditch. Garbage and trash and tree trimmings burned profusely. To the rear of the burning, a heavy green slime covered the water in the ditch.

"I'd like to look around here," I said.

The attendant moved the cowboy hat back on his head. He chewed on a toothpick. His shirt front was open to the waist, and a Haitian, or Polynesian, wooden mask was hung around his neck

"What for?" he asked suspiciously.

"I've never seen one of these, and we are thinking about one for Jensen Beach," I said. I put the car in gear and moved over to the front of the land fill area.

When I took the camera out of the car the attendant hurried over.

"What are you taking pictures for?" he asked.

"My newspaper," I answered, and turned to take a photo of the burning trash.

"Wait a minute. What are you going to use them for," he said, moving around in front of me.

"Why?" I asked.

"Well, if you're going to take pictures to make trouble for the dump, you can't take them here. Anyway, you have to get permission to take pictures in here. Only dumping is allowed, no picture taking," he said. He chewed nervously on the toothpick.

"This is my dump, as well as your's. I can take pictures in here. Where do you get the idea you can keep citizens out of here when they want to look at their dump?" I asked.

"My orders say that you can come in here to dump, but that is all. If you want to take pictures you'll have to get permission from somebody higher up. That's all. You better leave," he said.

As he talked I snapped several pictures of the burning. I got back in my car, telling him, "I will get permission." I left, driving to a nearby grove to phone.

I called the county commission office, but county engineer Tom Slider was "in the field," as was Tom Higgens. I then called mosquito control director Les Scherer, who directs the land fill project, but he was out for the afternoon.

I then called county commissioner Frank Wachs.

"There's a big bad boy, with muscles, who won't let me in the dump," I said.

"Did you call Les Sherer?" Wachs asked.

"Yes, but he is out for the day," I answered.

"Then call Bill Myers. It's his dump," Wachs replied.

When I called Myers' office he was out making house calls.

I drove back to the dump. The black smoke was sharply reduced. When I drove in the former scene of tranquility was one of a busy bulldozer trying to push the fires under fill.

I drove back to the dump. The black smoke was sharply reduced. When I drove in the former scene of tranquility was one of a busy bulldozer trying to push the fires under fill.

I took several pictures of the bulldozer pushed the fire back toward the green slime.

There was a mosquito control truck there. The attendant talked with the driver.

"I'm coming in to take some pictures. I couldn't find the county commissioner, Tom Slider or Les Scherer. But I'm going to take pictures," I said. I put the car in gear and drove over to the front of the land fill.

"What are you going to do with those pictures?"

The question was asked by the driver of the mosquito control truck, who pulled up beside me. I looked at him and said, "That is none of your business."

"Do you have any identification?"

I handed him a business card.

"Can I keep this?" he asked. I told him he could. The driver drove away, and I walked to the top of the 20 foot embankment alongside the sanitary land fill. Reaching the top, I looked down at the garbage and trash being pushed into the slime. At the open end of the trench, the driver of the truck pulled up and leaned out of his window to talk with the dozer operator. He did not see me on the high hill.

"There's some guy taking pictures, look out," he said. The operator pushed his hat back and said something.

I continued to take pictures.

When I got back in my car the attendant and the driver were watching me. I waved goodbye, saying, "See you again," and drove away.

Prologue

"It is unlawful to burn in a sanitary land fill. The fill area is supposed to be dry. The entire object of sanitary land fill is to compact the refuse and cover with clean dirt. A properly operated sanitary land fill is hardly noticed by the residents of the area."

County Engineer Tom Slider

Epilogue

"That dump is a mess. I have complained again and again about it, but I can't seem to get anything done. The principle is right, but they are going about it wrong. I am going to have to talk to Shaver again and try to make him clean it up."

County Commissioner Bill Myers

BLACK SMOKE--Smoke from burning rubber tires filled the air over Hobe Sound Friday as forbidden burning continued. The black, acrid smoke was visible for miles.

BURNING BURNING--White smoke rises from burning trash, tree trimmings and garbage in a sanitary land fill. The burning violates the concepts of sanitary land fill operations and is against county land fill rules.

REDUCED BURNING- One hour after the first visit by The Jensen Beach Mirror editor, having been refused permission to take pictures of the dump burning, the burning rubber tires were almost covered with fill, but the black smoke continued to pour out of the fire area.

Over 600 heard the symphony

The London Symphony's ird section came to St. arie Country Club Monday ght, and a crowd of 600 eard Mozart, Strauss and ivaz played with finesse, al integrity and all the ory that accomplished ianists can portray.

The success of the one ht event insured future erformances of the sym- ny, according to Mrs. R. McDonald, chairman of the local division of Florida International Festivals.

The orchestra was conducted by Gervase de Peyer, internationally known clarinetist.

The wind section performed Serenade No. 12 in C minor, by Mozart; Suite in B flat major, Op 4, by Strauss, and Serenade in D minor, Op 44, by Dvorak.

Grumman is only local team alive

Softball fans turned out in full force over the weekend to cheer on their favorite slow-pitch teams playing in the third annual slow-pitch softball tournament at Langford Park.

Sponsored by the Jensen Beach Fireworks Committee, the tourney got underway Thursday night on the two lighted fields. Co-chairmen are Vince Bocchino and Frank Wacha.

Twenty-four teams signed up for the double-elimination competition, which is sanctioned by the Florida State Softball Association.

Trophies for first and second place winners will be awarded again this year by The Jensen Beach Mirror and Frances Langford's Outrigger Resort.

Games will be played this Friday, Saturday and Sunday and the following weekend.

Grumman is the only undefeated local team. Still in contention is Thornburg Tires, with one loss. Teams eliminated because of losing two games are Krauss and Crane, Sandy Roofing, Piper Aircraft, Salerno Crabs and May's Mariner.

The following are the results of last weekend's play:

Grumman 9, Coast Guard 0, Grumman 9 runs, 13 hits, Marvin Hill, p.; 4 doubles, 3 triples, no homers. C.G., 6 hits, Tom Frost, p.; 1 double.

Radiation, Inc. 10, Wonder Bar 6. Radiation 13 hits, 10 runs, Dick Fink, p.; 4 doubles, 1 triple, homer by Ollis Jarvis. Wonder, 6 runs, 8 hits, Billy Wiles, p.; 1 double.

Webster Masonry 3, Indian River Citrus Bank, 2. Webster, 3 runs, 9 hits, S. Sherrill, p.; 1 double. Bank, 2 runs, 7 hits, Knox, p.; 1 double, 1 triple.

Gene Sykes 7, Beach Electric 3. Sykes, 7 runs, 8 hits, Harry Baker, p.; homes by Mike Coyle, Beach, 3 runs on 8 hits, Ed Blake, p.; 2 doubles.

Thornburg Tires 5, First National 2. Thornburg, 5 runs, 11 hits, Brunig Moore, p.; 3 doubles, 1 triple, 1 homer by Danny Kilbourne. First Nat'l, 2 runs on 8 hits, Dennis Sampson, p.; 2 doubles, homer Dale Jacobs.

Melbourne TV 3, Pratt-Whitney 2. Melbourne 3 runs on 8 hits, Bill Washington, p.; 1 double, P-W, 2 runs on 7 hits, Dick Smith, p.; 1 double, hr. J. Buchanan.

Melbourne TV 8, Thornburg Tires 4. Melbourne, 8 runs, 10 hits, Bill Washington, p.; 5 doubles, 2 triples. Thornburg, 4 runs, 8 hits, Ed Howard, p.; 2 doubles, 2 triples.

Bandy Amoco 8, Dave's Plumbing 6. Beach 8 runs, 18 hits, Carl Hayes, p.; 1 double, hr. by Hurley Carras. Dave's 6 runs, 10 hits, Andy Pitman, p.; 3 doubles, 2 triples.

Park Pharmacy 8, May's Mariner 6. Pax 8 runs, 13 hits, Charlie Justice, p.; 1 triple, 3 doubles. May's 6 runs, 12 hits, Jimmy Wilbourne, p.; 1 double, 1 triple.

Wilber Plumbing 4, Krauss & Crane 3. Wilber 4 runs, 6 hits, Wesley Oldham, p.; 2 doubles. K&C, 3 runs, 6 hits, Vince Bocchino, p. 2 doubles.

Del Bar 14, Bandy 1. Del 14 runs, 21 hits, George Ledoux, p.; 3 doubles, 3 triples, Don King, homer. Bandy, 3 runs, 9 hits, Kermit Bright, p.

Hick's Construction 14, Salerno Crabs 2. Hick's 14 runs, 17 hits, Bill McNeil, p., 6 doubles, 3 triples, hr. by Wally Finney. Crabs 2 runs, 5 hits, Penny Hall, p.; 1 double, 1 triple.

Stuart Paint & Supply 7, Piper 0. SPS 7 runs, 6 hits, Charles Yates, p.; 3 doubles, 1 triple, homer by Lenny Coleman. Piper, 0 runs, 6 hits, Mark Driskon, p.; 1 double.

Church League

Wed., Aug. 6 (tonight) at 7:30 p.m., Episcopal vs. First Methodist; 9 p.m., St. Joseph vs. Community.

Mon., Aug. 11, 7:30 p.m. Palm City Churches vs. Dunklin Memorial; 9 p.m. Jensen Baptist vs. First Baptist.

Wed., Aug. 13, 7:30 p.m. St. Joseph's vs. First Methodist; 9 p.m. Community vs. Episcopal

July 30, St. Joseph's 10, Episcopal 4; Jensen Community 21, First Methodist 8 (stopped at end of fourth inning.)

Tourney schedule

In the winners bracket, Wed., Aug. 6, at 9 p.m. on Field #1, Gene Sykes will meet Webster Masonry (this game had been scheduled for Friday, Aug. 8.)

Fri., Aug. 8, 9 p.m., #1, Grumman vs. Radiation. Winners of the two above games will meet Aug. 9 at 9 p.m. on Field #1, and a playoff with Melbourne will be Sun., Aug. 10, 7:30, #1.

In the losers bracket, on Fri., Aug. 8 at 7:30, #2, First National of Vero will meet Hick's Construction. At 9 p.m. #2, Coast Guard vs. Beach Amoco.

Aug. 9, Sat., 4:30, #1, Wonder Bar vs. Park Pharmacy; 4:30 #2, Pratt-Whitney vs. SPS; 6:00 #1, Indian River Citrus Bank vs. Wilber Plumbing; 8 p.m. #2, Beach Electric vs. Del Bar.

Winners of these games will meet Aug. 9 at 7:30 and 9 p.m., and Sunday Aug. 10 at 6, 7:30 and 9 p.m.

The competition will continue Friday, Aug. 15 at 7:30 and 9 p.m., with finals on Sunday, Aug. 16 at 7:30 p.m.

WAITING, WAITING--Some of the five hundred who waited for a turtle to be found show signs of the long vigil. Many waited until past midnight for a turtle to be found in the turtle watch, but no turtle was located by beach searchers.

Rotonda may sue Engineers

Fred Bell, engineer and vice president of Palm Beach Investment Properties, Inc., reported Friday that the drainage of Rotonda is being held up by the U.S. Corps of Engineers because of a decision on Rotonda's request for permission to drain into the St. Lucie Canal.

Bell said, "One million dollars has already been set aside by the developer for construction of roads and drainage. We were ready to start two months ago but are still waiting for a permit."

Total cost of the drainage would be $3.6 million, "If the St. Lucie Canal can't be used," Bell announced. "Another plan using 3600 acres located east of Pratt-Whitney would be used for the drainage problem. On this land the water would be pushed through the canal and into an impoundment basin on the land. This would raise the cost to $8.3 million, and more than double the cost," Bell said.

"If we take the Corps of Engineers to court, we have a good chance of winning, because Martin County has adopted the same drainage plans and they've been approved," Bell said.

"The next two or three weeks we have to make a decision to go one way or the other," Bell continued. One way would be to take the U.S. Corps of Engineers to court for a decision, and the other would be to use the 3600 acres, which would more than double the original cost of drainage.

Bell's idea is to have the condominium basis with all the costs pro-rated by the 50,000 people living in Rotonda. This way the people can control themselves on growth and development, he said.

Bell announced that 13,500 acres have been sold for an average of $3,750 an acre. Some land sold for up to $3,900 an acre, according to location near the canal.

Bell reported that the developers paid $1,000 an acre for the land. The money made on sales is put into escrow to guarantee construction of the roads and canals.

TURTLE WATCHERS--Committe workers on the Jensen Beach Chamber of Commerce turtle watch last weekend were, left to right, Don Wilkie, Buck Mauldin, and Gene Pfleger, who were camera-caught planning the search for turtles. Over 500 persons waited in vain for a turtle to lay its eggs on the beach. Maybe no one told the turtles, for Mauldin searched the beach to no avail.

VFW seeks more blood

The Jensen Beach VFW Post 10068 will hold a blood drive on August 21 at Martin Memorial Hospital, according to Sam Banks, commander. Hours for giving blood are from 6 to 7 p.m.

Banks reported that the post has only 11 pints of blood in the bank, and needs at least eight more pints for its quota.

***

Sheriff Roy C. Baker was host for the 17th annual convention of the Florida Association of Deputy Sheriffs Sunday and Monday.

Master of ceremonies was local Deputy Henry Herbert.

TALKING--June Rice, mistress of ceremonies of the Jensen Beach Chamber's turtle watch, talked for hours, telling all about the life and habits of the giant turtles, but the evening watch for a turtle was futile. It was also night the turtles refused to cooperate.

Grumman is only local team alive

Softball fans turned out in full force over the weekend to cheer on their favorite slow-pitch teams playing in the third annual slow-pitch softball tournament at Langford Park.

Sponsored by the Jensen Beach Fireworks Committee, the tourney got under way Thursday night on the two lighted fields. Co-chairmen are Vince Bocchino and Frank Wacha.

Twenty-four teams signed up for the double-elimination competition, which is sanctioned by the Florida State Softball Association.

Trophies for first and second place winners will be awarded again this year by The Jensen Beach Mirror and Frances Langford's Outrigger Resort.

Games will be played this Friday, Saturday and Sunday and the following weekend.

Grumman is the only undefeated local team. Still in contention is Thornburg Tires, with one loss. Teams eliminated because of losing two games are Krauss and Crane, Bandy Roofing, Piper Aircraft, Salerno Crabs and May's Mariner.

The following are the results of last weekend's play:

Grumman 9, Coast Guard 0, Grumman 9 runs, 13 hits, Marvin Hill, p.; 4 doubles, 3 triples, no homers. C.G. 6 hits, Tom Frost, p.; 1 double.

Radiation, Inc. 10, Wonder Bar 6, Radiation 13 hits, 10 runs, DickFink, p., 4 doubles, 1 triple, homer by Ollie Jarvis. Wonder, 6 runs, 8 hits, Billy Wiles, p.; 1 double.

Webster Masonry 3, Indian River Citrus Bank, 2. Webster, 3 runs, 9 hits, S. Sherrill, p.; 1 double, Bank, 2 runs, 7 hits, Emm, p.; 1 double, 1 triple.

Gene Sykes 7, Beach Electric 3. Sykes, 7 runs, 8 hits, Harry Baker, p.; homer by Mike Coyle. Beach, 3 runs on 8 hits, Ed Blake, p.; 2 doubles.

Thornburg Tires 5, First National 2. Thornburg, 5 runs, 11 hits, Brunty Moske, p.; 3 doubles, 1 triple, 1 homer by Danny Kilbourne. First Nat'l, 2 runs on 8 hits, Dennis Sampson, p.; 2 doubles, homer Dale Jacobs.

Melbourne TV 3, Pratt-Whitney 2. Melbourne 3 runs on 8 hits, Bill Washington, p.; 1 double, F-W, 2 runs on 7 hits, Dick Smith, p.; 1 double, hr. J. Buchanan.

Melbourne TV 8, Thornburg Tires 4. Melbourne, 8 runs, 10 hits, Bill Washington, p.; 5 doubles, 2 triples. Thornburg, 4 runs, 8 hits, Ed Howard, p.; 2 doubles, 2 triples.

Beach Amoco 8, Dave's Plumbing 6. Beach 8 runs, 13 hits, Carl Hayes, p.; 1 double, hr. by Hurley Carrara. Dave's 6 runs, 10 hits, Andy Pitman, p.; 3 doubles, 2 triples.

Park Pharmacy 8, May's Mariner 6. Park 8 runs, 13 hits, Charlie Justice, p.; 1 triple, 2 doubles. May's 6 runs, 12 hits, Jimmy Wilbourne, p.; 1 double, 1 triple.

Wilber Plumbing 4, Krauss & Crane 3. Wilber 4 runs, 6 hits, Westley Oldham, p.; 2 doubles. K&C, 3 runs, 6 hits, Vince Bocchino, p. 2 doubles.

Del Bar 14, Bandy 3. Del 14 runs, 21 hits, George Ledoux, p.; 8 doubles, 3 triples, Don King, homer. Bandy, 3 runs, 9 hits, Kermit Bright, p.

Hick's Construction 14, Salerno Crabs 2. Hick's 14 runs, 17 hits, Bill McNeil, p.; 6 doubles, 3 triples, hr. by Wally Finney. Crabs 2 runs, 5 hits, Penny Hall, p.; 1 double, 1 triple.

Stuart Paint & Supply 7, Piper 0. SPS 7 runs, 6 hits, Charles Yates, p.; 2 doubles, 1 triple, homer by Lenny Coleman. Piper, 0 runs, 6 hits, Mark Dristom, p.; 1 double.

Church League

Wed., Aug. 6 (tonight) at 7:30 p.m., Episcopal vs. First Methodist; 9 p.m., St. Joseph vs. Community.

Mon., Aug. 11, 7:30 p.m. Palm City Churches vs. Danklin Memorial; 9 p.m. Jensen Baptist vs. First Baptist.

Wed., Aug. 13, 7:30 p.m. St. Joseph's vs. First Methodist; 9 p.m. Community vs. Episcopal.

July 30, St. Joseph's 10, Episcopal 0; Jensen Community 21, First Methodist 8 (stopped at end of fourth inning.)

Tourney schedule

In the winners bracket, Wed., Aug. 6, at 9 p.m. on Field #1, Gene Sykes will meet Webster Masonry (this game had been scheduled for Friday, Aug. 8.)

Fri., Aug. 8, 9 p.m., #1, Grumman vs. Radiation. Winners of the two above games will meet Aug. 9 at 9 p.m. on Field #1, and a playoff with Melbourne will be Sun., Aug. 10 7:30, #1.

In the losers bracket, on Fri., Aug. 8 at 7:30, #2, First National of Vero will meet Hick's Construction. At 9 p.m., #2, Coast Guard vs. Beach Amoco.

Aug. 9, Sat., 4:30, #1, Wonder Bar vs. Park Pharmacy; 4:30 #2 Pratt-Whitney vs. SPS; 6:00 #1, Indian River Citrus Bank vs. Wilber Plumbing; 6 p.m. #2, Beach Electric vs. Del Bar.

Winners of these games will meet Aug. 9 at 7:30 and 9 p.m., and Sunday, Aug. 10 at 6, 7:30 and 9 p.m.

The competition will continue Friday, Aug. 15 at 7:30 and 9 p.m., with finals on Sunday, Aug. 16 at 7:30 p.m.

Steer This Way

BY

BILL STUDER and DAVE THOMAS

Roadbuilders in Iowa who wanted motorists to obey flagmen hired coeds with miniskirts. Girl-watching caused slow-downs and flagmen's signals were observed.

***

A unique crash-restraint is an air pillow which inflates on impact in four-thousandths of a second, cushioning occupants as they move forward.

***

A roadsign made of air is possible with a new system called holography. Data is projected into air by a special device and appears to be on a screen, even though you may drive through it.

***

A hidden camera showed that most drivers commit 10 errors in five minutes of city driving. Biggest infraction: failure to stay in lane.

***

Traditionally, spark plugs are good for 10,000 miles. But cars with high-compression engines are rough on plugs. Cleaning, filing electrodes and regapping is recommended at 4000 miles; replacement at 8000. For a reliable, sturdy, easily-maintained car that won't be rough on your budget OR your spark plugs, see Merkle Motors of Stuart, 986 South Federal.

Rotonda may sue Engineers

Fred Bell, engineer and vice president of Palm Beach Investment Properties, Inc., reported Friday that the drainage of Rotonda is being held up by the U.S. Corps of Engineers because of a decision on Rotonda's request for permission to drain into the St. Lucie Canal.

Bell said, "One million dollars has already been set aside by the developer for construction of roads and drainage. We were ready to start two months ago but are still waiting for a permit."

Total cost of the drainage would be $3.6 million, "If the St. Lucie Canal can't be used," Bell announced. "Another plan using $800 acres located east of Pratt-Whitney would be used for the drainage problem. On this land the water would be pushed through the canal and into an impoundment basin on the land. This would raise the cost to $8.3 million, and more than double the cost," Bell said.

"If we take the Corps of Engineers to court, we have a good chance of winning, because Martin County has adopted the same drainage plans and they've been approved," Bell said.

"The next two or three weeks we have to make a decision to go one way of the other," Bell continued. One way would be to take the U.S. Corps of Engineers to court for a decision, and the other would be to use the 3600 acres, which would more than double the original cost of drainage.

Bell's idea is to have the condominium basis with all the costs pro-rated by the 50,000 people living in Rotonda. This way the people can control themselves on growth and development, he said.

Bell announced that 13,500 acres have been sold for an average of $3,750 an acre. Some land sold for up to $3,900 an acre, according to location near the canal.

Bell reported that the developers paid $1,000 an acre for the land. The money made on sales is put into escrow to guarantee construction of the roads and canals.

of the five hundred who waited
w signs of the long vigil. Many
e a turtle to be found in the tur-
ras located by beach searchers.

TURTLE WATCHERS--Committe workers on the Jensen Beach Chamber of Commerce turtle watch last weekend were, left to right, Don Wilkie, Buck Mauldin, and Gene Pfleger, who were camera-caught planning the search for turtles. Over 500 persons waited in vain for a turtle to lay its eggs on the beach. Maybe no one told the turtles, for Mauldin searched the beach to no avail.

VFW seeks more blood

The Jensen Beach VFW Post 10068 will hold a blood drive on August 21 at Martin Memorial Hospital, according to Sam Banks, commander. Hours for giving blood are from 8 to 7 p.m.

Banks reported that the post has only 12 pints of blood in the bank, and needs at least eight more pints for its quota.

***

Sheriff Hal C. Baker was host for the 17th annual convention of the Florida Association of Deputy Sheriffs Sunday and Monday.

Master of ceremonies was local Deputy Henry Herbert.

TALKING--June Rice, mistress of ceremonies of the Jensen Beach Chamber's turtle watch, talked for hours, telling all about the life and habits of the giant turtles, but the evening was for a turtle was futile. It was one night the turtles refused to cooperate.

Wow, what a car!

Just sit in one of the fine Buicks or Pontiacs and you'll agree...Wow, what a car!
The cars are beautiful, safe and are the kind of automobile that makes your friends green with envy. They are priced right, too, at Amity Buick-Pontiac in Stuart. Just see for yourself.
My Grandpops, John Santarsiero, Sr., runs the show. He is the big boss, and he lets me sit in the cars. My Dad, John Santarsiero, Jr., is the grumpy one. He won't let me sit in too many cars, but he lets me show the cars to people.
If I am off in conference, like, taking a nap, let my Dad show you these fine cars. Now is the time to trade for one, when the new model season is approaching.
C'mon in at Amity...we'll be glad to be of service to you, and we have the cars...wow, do we ever. Just the car for you...
If you want the latest, most modern diagnosis of car problems, and rapid, efficient service for your car, come to Amity Buick-Pontiac in Stuart. See John Santarsiero, John Junior or Jimmy.

Weeks' enjoy stay in Heidelberg

"We very much enjoyed our stay at Heidelberg, Germany. Irmgard and her mother entertained us royally. They took us to all the important places, few the church where most of Germany's emperors were crowned. What interested the children most was eating at a typical German restaurant. We ate there two nights and while I won't name the various dishes, my high regard for the culinary talents of the German chefs is even higher than before. One meat dish was a casserole of wild pig. It was very much surprised to find it did not taste at all like pork. The second night some of us sat down to eat. We started to eat at 7:00 and didn't get home till after midnight. A lovely dinner but so late to eat.

"Their farm house has been in the same family for a thousand years and they are restoring it. We slept in the summer in a hay field back of the house. So while there we had all the fresh milk and eggs we wanted, and when we left they gave us a gallon of fresh milk to take along with us. But, you know, our children don't like fresh milk. We had the darndest time getting them to drink it. They are so used to homogenized milk in the carton.

"After leaving Heidelberg the weather was unbearably wet. We would wake up to a drizzle which would always turn on full force at the most inconvenient times. It rained for about a week. We had intended to stay a whole day at Hitler's Retreat but the weather has been wet. However the scenery even in the rain between Heidelberg and Salzburg is just wonderful.

"One night in Heidelburg we went to a German Vand concert. There was a company of talented folk dancers and the band played all German folk tunes that made the people sway and sing to the music. While we did not know the tunes we were caught up with the spirit and did our best to join in. I would estimate there were 3,000 people there and the children insisted in staying till the last tune."

SHUFFLEBOARD PLAYERS—Sometimes two shuffleboard courts are busy of an evening, but if weather permits, you will always find this foursome keenly competing. From left to right are: Ruth Phelps, Mary Smith, Ella Lee, Leonard Smith.

Keiths find Florida best place in summer

Irvin and Leta Keith returned Wed. evening, July 23, from Robinson, Ill., where they had been visiting with their son and family for the past month for the past month.

On Sunday, June 22, a picnic had been arranged when 40 people were to eat in the park. However it was a rainy day and the people assembled at their son's home instead. It was a family reunion. Leta's brothers and their sister had not been together with their mother, Eva Custis, for over 25 years. Mrs. Custis spent one winter here.

The Custis family is quite scattered. The mother came from Portland, Ore.; Roy Custis from Lincoln, Ill.; Rondel Custis from Bay City Tex.; Ralph Custis of Florence, Ariz., was unable to come due to ill health; their only sister, Leta, from Florida.

While up north, Mrs. Keith investigated teaching on and by television in case she is ever required to do so.

The Keiths found the humidity very high in inland Illinois and they are very happy to be back to enjoy the wonderful ocean breezes.

Rainfall

July this year was hot, but no hotter than usual. Frequent showers were welcomed for their cooling effect. Very little wind this month and swimming at the beach was never better. Sometimes the ocean resembled a lake. No waves. We saw tiny tots, barely able to walk, playing at the edge of the water, no surf, under the watchful eye of their mothers on the beach.

Rainfall was as follows: July 3rd, .02; 15th, .30, 16th, .20; 18th, .18; 19th, .95; 20th, .55; 22nd, .70; 27th, .53; 28th, .30; 29th, .19. Total rainfall for July was 4 inches. Last month, 4.15 inches. Average rainfall for July for the past three years has been 7.23 inches.

Personals

Mary Richardson's daughter and son-in-law arrived July 19, and will stay with her for a few days.

****

Walt and Peggy Dryer, with their little dog, and the pet bird all left for Marland's Resort at Franklin, N.C., Friday, Aug. 1. They will be there for six weeks after which they will visit with their eldest son and his family in Md., for a few days before returning home.

****

Joe and Ruth Reid, who spent the first part of the summer at Marland's Resort left last week for their home in N.H.

****

We are glad to see Everett and Dommie Garrett and their little dog, Flash, back again. They have spent the last two months with friends and relatives in the vicinity of Los Angeles. Two of their granddaughters were married in June; one to a Navy man and the other to one in the Air Force. Everett says he always goes to Disneyland when they are out there and new attractions are being added every year.

****

Joe and Ada Wisser returned to the park after being away for about a month, Sat., Aug. 2.

****

Rev. Bill Anderman and Mr. & Mrs. King left early Tues., morning, July 29, for Stroudsburg, Pa., where they have a home in the Pocono Mountains. They will leave the remodeling of their home until they return about Sept. 1.

****

Mr. & Mrs. Simon Nelsen enjoyed a visit from their daughter and son-in-law from Hartford, Conn., last week. On July 29, other Conn. friends made their annual call. Simon says he worked for this man for 15 years and looks forward to his visit each year.

****

Walter Dryer, Jr., son of Walt and Peggy Dryer of Almong, retired from the Navy July 31, as Chief Petty Officer. He is now working as chief of the L.B.M. at the University of Delaware.

****

Mr. & Mrs. Al Sharp left for Huntington Valley, Pa., Sun., Aug. 3. They drove their car to Miama and took the plane from there. They will be staying with their daughter, son-in-law, and family while in Pa.

****

Gertrude Myers returned to the park Aug. 1st. She sold her home in Ind., and will make this her permanent home on North 8th.

****

We are sorry to hear Carl Birchfield's sister died recently. We understand she was in a rest home.

****

Mollie Butterfield and Gertrude McKay left for Dorchester, Mass., July 22 Mrs. Masson and Bea Parrit accompanied them to the W.P.B. Airport. Bea received a letter to say they arrived home safely. They are not expected back until October.

****

Cliff Osborne, who is totally blind, went to Newark, N.J., alone recently. Masons took Cliff to the airport and Cliff's son met him at Newark.

****

We hear Willis and Thelma Cadwell are well and they are returning in October to make Ocean Breeze their permanent home.

****

We regret to hear that Kirk Stimson lost his brother at Norfolk, N.H., recently. Kirk's brother was mowing the lawn when he suffered a severe heart attack. He died before he reached the hospital.

****

Archie Drummond, who has been hospitalized more or less for the past two years, had further surgery last Friday, July 25. Archie is in the Fort Pierce hospital and is receiving good attention but his condition is not good. He is on a liquid diet and his doctor says he is doing as well as can be expected.

We get letters . . .

From Betty MacNab, 1216 Lincoln Ave., Pacific Grove, Cal., 93950, to Bea Parrit:

Betty writes to say she is having a wonderful time in California with her family. She says Nina Saltz, who lived in O.B., for a time, is playing in the state shuffleboard tournament at San Jose July 25 to 27, so Betty went to see her play.

****

Donna Osler received a letter from Hollis Morris. The Morris boys and girls spent a happy month in the Jaycox mobile home this summer and became acquainted with most of the other boys and girls in the park. Robin writes:

"We left for Agawam, Mass., Wed., night and got home Friday afternoon. I hope you are enjoying yourself. We might come down next year and stay for a longer time. We started our pool but it will take about two weeks to fill it."

****

A card from Elsie and Horace Hughes who are vacationing in Nova Scotia:

"We read the news each week in The Mirror. We are having a nice vacation here and enjoying it very much. Have seen some beautiful places."

****

From Hugh and Irene Burgess to Jo and Harry Lerbig, July 22:

"While we have had a lot of cool weather, we have enjoyed being up here. Fishing has been very poor. It seems every year it gets harder to find them. Guess the winter fishing through the ice is taking too heavy a toll.

"Next week we go to Grandma and Grandpa's old farm home for a reunion. Then to the southern part of the state to spend several days with friends.

"Irene says, "I haven't done one stitch of knitting this summer. I am now working on my 24th place mat. That I have 8 pairs of fashion manor per-cale pillow cases to paint. Getting ready for Christmas, you know.

"We have a good trip to Calif."

****

From the Birchfiels, Maryville, Tenn., July 27th:

"It's true, we are getting hot weather. This is the first time in almost ten years we felt the need for air conditioning so had to put one in.

"Chloe says Speed (Grohan) is in Holy Cross Hospital, Pompano.

"He had the same trouble with his heart that Queena had."

****

Frank Lischeck received a card from Frank Van Halle written July 27, to say they had a very interesting trip to Newburgh, N.Y. Cloud skies made for cool and comfortable traveling. Rudy and Marge are fine.

****

Myrt Huntington had a card from Connie Hileman to say they sold their travel trailer and were to leave July 31, for Colorado where they will be staying with their family for a time.

Koitzches plan trip to New England

A letter from Marty and Emily Koittach:

"We are about to hit the road again. Emmy's operation was very successful, and we are now assured that her embroidery work won't unstitch. She is now eligible to join the joyous ladies group of "inclusive boosters." I musn't forget. Emmy thanks her many well wishers for their get well cards.

"But to get along. After picking up Werner and Gretchen Pohle at Rocky Point and spending an evening at the Jones Beach outdoor theatre to enjoy again "The Sound Of Music," we move up the Conn., river to Laconia, N.H., where we plan to give Dorothy Pitman a rousing hello; the Sturrocks too, if they're not lost in the Winnisquam or one of those strange sounding Indian lakes they have up that way.

"Then I am looking to having fun with my camera in the White Mountain Nat'l. Forest with its endless falls, notches, gorges, lost rivers, flumes, ski-ways, trading posts, etc. Next a three day sojourn at Saddleback Lake Lodge in one of Maine's beautiful mountain-lake areas.

"On the 12th we start for five days at one of Maine's wonderful multi-activity spots, Rock Gardens Inn. Whatever the generation, young, in-between, or elderly, the inn has it. Lobsters on the rock, walking and riding trips through and around the rock-bound coast; Bingo, movies, Ocean Breeze-kind of happy sociability. We will say a hearty hello to the Orlo Spears and then back home.

"Martin Koittach, Box 104, Spring House, Pa. 19477.

Ernie Curwen tells of trailering trip

We have a lovely letter from Ernie Curwen, which I would very much like to print in its entirety but space will not permit. Here are excerpts from it:

"I had planned to write to you from Nova Scotia but we are having such a ball around here, that it keeps us postponing to the ever handy next week, our trip to Nova Scotia; therefore I had better have my say now or never.

"First we went straight to Florence, stopping off there for the same reason all the other folks do. Oh boy, has my Marion got the pretty smile now. Right here was the end of our good weather for some time.

"Then we trailpsed north by all the back roads we could find. Maybe we only make 150 to 200 miles per day but at least we do see something. Those carried Interstates get awful monotonous.

"Our first stop of any duration was Niagara Falls, Ontario. Marion had never seen the falls so I felt her education should be neglected no longer, even if I did tell her at honeymoon time, that then a little milk bar had one. For ten days or so the flu batted me down flat on my back. Then one day the sun showed its face and I felt as though I could do likewise; so off we went to take a look at the falls.

"I must have been in awful shape for after the falls saw me it shut down. No more American Falls for six months or so. Well I guess everybody knows about the falls by now, so I'll not waste words on that.

"Shooting east to Ottawa we had one of those pleasant experiences that often happen to travelers. A car, driven by a lady, stopped and the axle-u-ate we were looking for a place to park.

"I replied, "We sure are, But how did you know?"

"The lady said, "We see a lot of trailering ourselves and I know how hard it is at times to find a place when the traffic won't let you stop or turn, so when I saw you slow down, I knew the symptoms." So she then and there gave us directions to find the "Ottawa Nepean Municipal Tent and Trailer Park."

"It turned out to be a dandy place. Large clean spares, excellent hot showers, etc., but no hook up facilities. We did enjoy our stay. While in Ottawa we did the Parliament Buildings in the pouring rain; we did the Byward Open Air Market in ninety rain; did the 27-mile scenic drive in the pouring rain; we ate most people here seem this area in person or in pictures I won't bother you with the rain-soaked details, through the weeds we barrelraided our way across Northern New York and Vermont to stop in at a favorite of ours, Lake Placid Trailer Park on the Lake of Shore Road, Ausable, N.Y. It is only a skip and a jump to Lake Champlain, only eight miles to Marlboro's museum to decently and in order preserve it.

"There are many pretty places, many interesting historic spots, many quaint villages, many fine people, many good eating places, many fine campgrounds, many with all the facilities, many without, many with a little of this and a little of that, but there is only one Lake Placid Trailer Park. This is the one we have been looking for and prepared a road map for Tarentella. This is the one we have been looking for and prepared a road map for Tarentella. This is the one we have been looking for and prepared a road map for Tarentella

Tract offered for sanitary landfill

A 60-acre tract of land for a sanitary landfill was offered to the Martin County Commission Monday, and County Atty. Dean Tooker was told to review the agreement before action is taken on the proposal.

The property has been offered by Henry L. Cole, trustee of Palm Beach, for $84,000. The county would have five years to pay for the land, Tooker said.

The land is north of State Road 714 in the same area in which the commission unsuccessfully negotiated for a [illegible] ago.

According to the proposed agreement, the seller would provide the right-of-way for an access road, but the county would have to pave the road.

At the present time, there are two county-operated landfills in Martin County, one in the Hobe Sound area, south of SR 706; and one in accordance with the Indiantown Company in Indiantown.

ALL-STARS- The American All-Star League team of Martin County was defeated Wednesday night at Langford Park in Jensen Beach by 13-4 by the league champions, Rio Civic Association. All-star members are, from left, kneeling, Philip Stanci, Wayne Barnall, Jeff Carter and Mike Cesarwinski, Port Salerno; Jeff Jacobs, Bill McNeily, Kenneth Phinney and Bruce Tooker, Rick Carroll Insurance; Ricky Scammell, manager; Stephen Poux, David Walter and Jackie Whitten, Moose Lodge 1282 team; John Legg, Garry Garrett and Brant Wells, Local 3230.

Dolphin lineman to speak at St. Joseph's seminar

The Miami Dolphin's offensive line captain, Norm Evans will be among the speakers taking part in the second annual Florida District Youth Seminar of Civitans, International at St. Joseph College, Aug. 10-13.

In addition to Evans, the guest speakers include Dr. W.V. Wilmot, Jr., of the University of Florida College of Business Administration; Harris T. Remley of the Seaboard Coast Line Railroad; Dr. W.M. Plunt, administrator of the Florida Drug Abuse Educational Program; Circuit Judge James Stewart of Palm Beach County; Dr. Tom Haggai, High Point, N.C.; and Dr. Fernando Penabar, a Coral Gables editor and publisher.

Charles De Vane of West Palm Beach is chairman of the seminar.

About 200 delegates are expected to take part.

There will be seven sessions held during the three days, and after each session there will be group discussions and a question and answer period.

De Vane said, "The topics chosen by the committee are ones thought to be of prime importance to youth at this time, and the services of the best available person to talk about each subject has been secured."

Anders have grandson

Mr. and Mrs. Boyd C. Anders of "The House on the Lake", Melba Drive, Jensen Beach, are the proud grandparents of their first grandson.

Baby Brendan was born August 3 to Mr. and Mrs. Carl Anders Jr. of Falls Church, Va. He has two little sisters.

Mr. and Mrs. Richard Gales of Vienna, Va., spent a week with the Anders recently. The four took a trip to Key West for a couple of days, Mrs. Anders told The Mirror.

V.F.W. Auxiliary president Olivette Bradford wishes to thank the president of the Jensen Beach Bank, Mr. Wareheim, for letting the Auxiliary hold its bake sale there. The Bake Sale was a success and thanks go to chairwoman Flo Banning and all who assisted her.

Plans in the making for adult education

The Port St. Lucie Recreation Dept., and the Adult Continuing Education Dept. of the Indian River Junior College are beginning now to make their plans for the fall and winter season. It is the desire of Dave Gessner, recreation director, and Frank O'Brien, director of the Adult Continuing Education Dept., that between now and the early part of September they can decide what courses are to be offered at the Marina.

Dave Gessner says that the community has a marvelous opportunity to take advantage of the continuing educational program and he feels that we should be using this opportunity to the fullest possible extent.

Gessner further said that this program is nothing new since we have been cooperating in this endeavor for several years. For instance, in the past, courses have been offered in oil painting, foreign languages, history, creative writing, and several others.

In preparing ourselves for this year, we want to offer whatever courses are most appealing to the community. If you are interested in bettering yourself and your education through this program, Gessner asks that you call him at the Marina at 461-[illegible].

***

On Saturday, August 3, the weekly tournament of the Port St. Lucie County Club Men's Association consisted of the best ball of a foursome.

The team of Wilmas, Scott, Fradd, and Downing came in first with a 53. Tied for second with 57's were the teams of Beacom, Maher, Lohman, and Greely; and Stillwell, Saverson, Westfall, and R. Miller.

Steele still champ

Raymond Steele was the only defending champion to retain his crown in the annual Port St. Lucie Table Tennis Tournament played Wednesday, at the Marina.

Steele remained champion in the sixteen and over boys division against what was undoubted tougher opposition than he had to face last year. This year's final pitted Steele against Bill Curry, who found him right down to the wire before losing in the final best out of three games. Steele took the first game 21 to 19, Curry came back to take the second 24-22, with Steele taking the third game 21 to 18.

In the 15 and under boy's division, Dong Peralta, last year's runner-up turned out to be this year's champion. Second place in this division went to John Hector.

The girl's division was represented with some good table tennis players. Debbie Mayberry and Betty Horner went all the way into the finals' bracket, with Debbie winning out.

Dave Gessner, recreation director, said that again this year the tournament was highly successful, with a great deal of interest, not only among those taking part, but also from a spectator point of view.

CRAMPS--Port St. Lucie Table Tennis Champs are from left to right; Bill Curry, second place, 16 & over division; Raymond Steele, first place, 16 & over division; Debbie Mayberry, first place, girl's division; Betty Horner, second place, girl's division; John Hector, second place 15 & under division; Dong Peralta, first place 15 & under division.

YARD OF THE MONTH--The August "Yard of the Month" award has been given to Mr. & Mrs. George Goring, 885 Alroso Bl.d. The Gorings will receive a silver bowl as a permanent reminder of the award. The contest is sponsored by the Rio Linda Garden Club and the General Development Corporation.

Three churches vandalized at North Port St. Lucie

Last Wed., and Thurs., three of the five churches in North Port St. Lucie suffered a great deal of vandalism from break-ins.

On Wednesday, sometime between 3:30 and 7 p.m., vandals broke into St. Andrew Lutheran Church. They broke a total of 26 windows in the rear portion of the building. They also entered the pastor's office, throwing down all of the pastor's books from the shelves, scattering papers and files over the floor and breaking a bottle of ink over the top of all, and splattering ink on several of the pastor's robes.

During the time all of this was happening, Rev. Grotefend was on the way to the Miami Airport with his grandson and granddaughter to put them on a plane for a return trip to their home in Los Angeles.

Rev. Grotefend says that damage to the building is approximately $250; however, he hastened to say that most of the damage in his office, especially to his books, is beyond estimation. Some of the books were old and can no longer be replaced, he said.

On Thursday, sometime between 5 & 6 p.m., the same thing occurred across the street at the Methodist Church. Harlow Millard, a member of the church, says that at least 36 windows were broken. Most were smashed in, some were broken with a pellet gun and some with a beebee gun.

This is the second week in a row that the Methodist Church was damaged. However, last week's damage was not as severe as occurred Thursday. Millard figures that the damage to the windows, along with the inside damage, will come to an estimated figure of $500.

Unfortunately, both churches reported that insurance companies will not insure glass, so consequently most of the damage will have to be paid for by the congregation.

Also on Thursday afternoon, the St. Lucie Catholic Church was broken into, however damage there was somewhat lighter. They broke one window to enter the church, sprayed fire extinguishers throughout various portions of the building and generally ransacked the church.

The Sheriff's Department is continuing its investigation.

VANDALISM- Mr. Harlow Millard shows damage done to the Methodist Church last week by vandals.

****

The Shuffleboard Club reported a good turnout for the regular Tuesday night shuffleboard league. Scores continue to be close and play will continue Tuesday night at noon!

VANDALISM- Shown above is part of the damage caused by vandalism at the Port St. Lucie Lutheran Church last week.

The News And Events Of

PORT ST. LUCIE *and* St. Lucie Country Club

Phone 464-3191 or Phone 461-1833

Dave Gessner

Personals

Friends of Fred and Brownie Foster will be interested in knowing that they have just returned from Rexland, Va. While there, Fred underwent an operation and is now happy to report that he is doing fine and feels much better. While there, they stayed in the home of their daughter. Mrs. Foster says that the weather was cold and that they did not have any hot weather at all. She also said that they were happy to see their daughter again.

****

There will be an organizational meeting of the Timber Twisters Mixed Bowling League at the Port St. Lucie Marina on Wednesday, August, 13 at 7:30 p.m. This is an important meeting as several new regulations affecting the league will be up for discussion. All bowlers are urged to attend.

****

Visiting with Mr. & Mrs. Joe Turgeon of 125 Naranja Ave., last week was Mrs. Louise Vocks and her grandchildren, Jimmie and Kathy Butt, and Danny Halliday. They are all from St. Louis, Mo. While here, they plan to visit as much of south Florida as possible.

****

The Port St. Lucie Republican Club will hold their regular monthly meeting Thursday, August 7 at the Marina, starting at 1 p.m. All members are urged to attend.

****

Sea-Explorer Troop 498 will hold their next meeting at the Marina on Tuesday, August 12, at 7:30 p.m. Dave Gessner, skipper of the troop, said that this will be a very important meeting and urges all members to attend.

****

Mr. & Mrs. Fred Helmer report that a very enjoyable time was had by all during the visit of the Harrisons, who are now on their way back to Baltimore. Time passed very rapidly while giving them a brief tour of the area, including a trip to the Country Club for a luncheon, on to the Outrigger another day, and the next day was spent at Jensen Beach. On their trip back to Baltimore, the Harrisons will be stopping at Sebring and Daytona Beach.

****

A welcome to newcomers, Mr. & Mrs. Charles Heinold, Jr., of 155 Bonita Ct., arriving here from Lakewood, N.J. The have two children, Chuckie, aged 7, and Mary Aged 4. Mr. Heinold is employed at the A. & P. Store in Stuart.

****

The Friday Nite Gang, 45 strong was in regular session last Friday night. Only one guest was in attendance, Mrs. Harry Wilson and her son Donald. Mrs. Wilson is the daughter of Mary Marsh. Harry & Carroll will change from visitors to residents, having purchased a home on Banyan Dr.

The main prize of a 3-pound beef roast was won by Edwina Rogus.

****

The A.L.C. Women of St. Andrews Lutheran Church will meet August 12 for a dessert luncheon. The event will be at 1:15 p.m. at 209 Camino Ave.

Bible study will be given by Mrs. Isabella LaFrance. Hostesses will be Mrs. Carmer, Gutelius and Mrs. Agnes Hamilton.

SOFTBALL MANAGERS—Managers of the newly organized Softball League include; Bill Hicks, team as yet unsponsored; Clarence Rydell, Jensen Beach Mirror; Julius Corbin, Ft. Pierce Automotive; and Wayne Register, team unsponsored.

Adult softball league organized

It appears that once again adult softball will be rejuvenated in Port St. Lucie after several years of dormancy. Last Tuesday night, an organizational meeting was held at the Marina, at which time four teams were organized. League rules and regulations were also discussed and those present decided that each team would play twice weekly.

The league will be a slow-pitch league and will play strictly by slow-pitch rules. Games will be played Monday through Thursday nights starting at 6:45. It was further decided that the league would pay the umpire behind the plate and use a volunteer umpire for the bases.

Captains for each team were chosen as follows: Julius Corbin, Ft. Pierce Automotive; Roger Hollett, team unsponsored; Clarence Rydell, The Jensen Beach Mirror; and Wayne Register, team unsponsored.

The league played its first game Monday night, with this week's schedule as follows:

Monday: Register vs. Ft. Pierce Automotive;
Tues.: Hollett vs. The Jensen Beach Mirror;
Wed.: The Jensen Beach Mirror vs. Register;
Thurs.: Ft. Pierce Automotive vs. Hollett.

Next week's schedule will be:

Mon.: The Jensen Beach Mirror vs. Ft. Pierce Automotive;
Tues.: Hollett vs. Register;
Wed.: Ft. Pierce Automotive vs. Register;
Thurs.: The Jensen Beach Mirror vs. Hollett.

All games will played at Sportsman's Park.

Post to change name

The regular meeting of the Port St. Lucie V.F.W. Post 10130 was held Friday July 25, at the regular time and place, with 17 members attending.

On Sunday, July 27, Commander Russell Conser attended the District meeting in Vero Beach, at which he told of the accomplishments of the post in the past year. He reported that the post participated in the Loyality Day Program at Ft. Pierce Post 9084, was represented at the dedication of the new American Legion Hall in Ft. Pierce, attended at the Marines, the Memorial Day Services, took second place honors in the 4th of July celebration and will attend the class of instruction in Hollywood, August 2nd.

The Post has finally received permission to change its name and a dedicatory service will be held in late September or early October for that purpose.

Again, Commander Conser extends to all eligible persons the invitation to join this dynamic post.

Plans in the making for adult education

The Port St. Lucie Recreation Dept., and the adult Continuing Education Dept. of the Indian River Junior College are beginning now to make their plans for the fall and winter season. It is the desire of Dave Gessner, recreation director, and Frank O'Brien, director of the Adult Continuing Education Dept., that between now and the early part of September they can decide what courses are to be offered at the Marina.

Dave Gessner says that the community has a marvelous opportunity to take advantage of the continuing educational program and he feels that we should be using this opportunity to the fullest possible extent.

Gessner further said that this program is nothing new since we have been cooperating in this endeavor for several years. For instance, in the past, courses have been offered in oil painting, foreign languages, history, creative writing, and several others.

In preparing ourselves for this year, we want to offer whatever courses are most appealing to the community. If you are interested in bettering yourself and your education through this program, Gessner asks that you call him at the Marina at 461-3191 and express your desires. Courses can be offered in almost any field, however we must keep two things in mind.

One is that we must be able to obtain a certified instructor for the courses and the other is that we must have at least fifteen persons interested in enrolling in a course before it can be offered. However, if everyone will call in between now and the next two weeks, we will then sit down and tabulate the various interests and from that point we will be able to determine what additional planning is necessary.

****

On Saturday, August 3, the weekly tournament of the Port St. Lucie County Club Men's Association consisted of the best ball of a foursome.

The team of Wilmas, Scott, Fradd, and Downing came in first with a 53. Tied for second with 57's were the teams of Beacom, Maher, Lobman, and Greely; and Stillwell, Severson, Westfall, and R. Miller.

Steele still champ

Raymond Steele was the only defending champion to retain his crown in the annual Port St. Lucie Table Tennis Tournament played Wednesday, at the Marina.

Steele remained champion in the sixteen and over boys division against what was undoubted tougher opposition than he had to face last year. This year's final pitted Steele against Bill Curry, who found him right down to the wire before losing in the final best out of three games. Steele took the first game 21 to 19, Curry came back to take the second, 24-22, with Steele taking the third game 21 to 18.

In the 13 and under boy's division, Doug Peralta, last year's runner-up turned out to be this year's champion. Second place in this division went to John Rector.

The girl's division was represented with some good table tennis players. Debbie Mayberry and Betty Horner went all the way into the finals' bracket, with Debbie winning out.

Dave Gessner, recreation director, said that again this year the tournament was highly successful, with a great deal of interest, not only among those taking part, but also from a spectator point of view.

CHAMPS—Port St. Lucie Table Tennis Champs are from left to right; Bill Curry, second place, 16 & over division; Raymond Steele, first place, 16 & over division; Debbie Mayberry, first place, girl's division; Betty Horner, second place, girl's division; John Rector, second place 15 & under division; Doug Peralta, first place 15 & under division.

YARD OF THE MONTH—The August "Yard of the Month" award has been given to Mr. & Mrs. Georgs Goring, 885 Alcazar Blvd. The Gorings will receive a silver bowl as a permanent reminder of the award. The contest is sponsored by the Ric Linde Garden Club and the General Development Corporation.

Three churches vandalized at North Port St. Lucie

Last Wed. and Thurs., three of the five churches in North Port St. Lucie suffered a great deal of vandalism from break-ins.

On Wednesday, sometime between 3:30 and 7 p.m., vandals broke into St. Andrew Lutheran Church. They broke a total of 26 windows in the rear portion of the building. They also entered the pastor's office, throwing down all of the pastor's books from the shelves, scattering papers and files over the floor and breaking a bottle of ink over the top of all, and splattering ink on several of the pastor's robes.

During the time all of this was happening, Rev. Grotefend was on the way to the Miami Airport with his grandson and granddaughter to put them on a plane for a return trip to their home in Los Angeles.

Rev. Grotefend says that damage to the building is approximately $250; however, he hastened to say that most of the damage in his office, especially to his books, is beyond estimation. Some of the books were old and can no longer be replaced, he said.

On Thursday, sometime between 5 & 8 p.m., the same thing occurred across the street at the Methodist Church. Harlow Millard, a member of the church, says that at least 36 windows were broken. Most were smashed in, some were broken with a pellet gun and some with a beebee gun.

This is the second week in a row that the Methodist Church was damaged. However, last week's damage was not as severe as occurred Thursday. Millard figures this the damage to the windows, along with the inside damage, will come to an estimated figure of $500.

Unfortunately, both churches reported that insurance companies will not insure glass, so consequently most of the damage will have to be paid for by the congregation.

Also on Thursday afternoon, the St. Lucie Catholic Church was broken into, however, damage there was somewhat lighter. They broke one window to enter the church, sprayed fire extinguishers throughout various portions of the building and generally ransacked the church.

The Sheriff's Department is continuing its investigation.

VANDALISM- Mr. Harlow Millard shows damage done to the Methodist Church last week by vandals.

****

The Shuffleboard Club reported a good turnout for the regular Tuesday night shuffleboard league. Scores continue to be close and play will continue Tuesday night

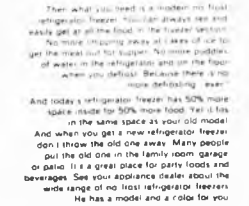
Can't see the food for the frost?



Then what you need is a modern no frost refrigerator freezer. You can always see and easily get at all the food in the freezer section. No more defrosting pans of cans of ice to get the meat out for supper. No more puddles of water in the refrigerator and on the floor when you defrost. Because there's no more defrosting ever.
And today's refrigerator freezer has 50% more space inside for 50% more food. Yet it fits in the same space as your old model.
And when you get a new refrigerator freezer don't throw the old one away. Many people put the old one in the family room, garage or patio. It's a great place for party foods and beverages. See your appliance dealer about the wide range of no frost refrigerator freezers. He has a model and a color for you.
Having two refrigerators won't hurt your budget because there have been eleven rate reductions since 1957! The average price paid per kilowatt hour by FPL served families today is one third less than it was in 1957! There's no match for flameless electric

SOMETHING NEW- James Tucker of Stuart and Paul Teale of Port St. Lucie are announcing the opening of their paint and body repair shop in Jensen Beach. Both men, who have 30 years experience in body repair and have done auto painting with Chevrolet garages. Their new shop is located on Route 707 just behind the Comstock Texaco Station.

Women's Association plans card parties

A salad luncheon and card party will be held at the Jensen Beach Women's Association Clubhouse on Monday, Aug. 11, at 12:00. Make reservations by calling Mrs. Jean Pendleton at 287-6975, or Mrs. Eva Beggs, at 287-1065. Table A door prizes will be given. Hostesses will be Mrs. Trudy Chilmas, Mrs. Maude Peterman, Mrs. Bertha Seawell, Mrs. Ella Mutterabach, and Mrs. Grace Marabella.

A dessert card party will be held Aug. 18.

The meeting, attended by 23 members was hostessed by Mrs. Marie Hill, Mrs. Geneva Seabert, Mrs. Hazel Houghton, and Mrs. Olive Donaldson.

Winner of the door prize was Mrs. Eva Eckstrom, and the special prize was won by Mrs. Mary Villano.

Bowling tourney continues in Jensen

The single handicap bowling tournament, with awards of $50 each to the two winners, is continuing at Jensen Lanes until August 10. The tournament started July 28.

In addition to the cash prizes, winners will be given the opportunity to bowl a special three-game handicap total pin match against two outstanding professional bowlers from Miami on August 10 at 8 p.m.

The tournament, open to men and women bowlers of Martin County only, is under the supervision and sponsorship of Jensen Lanes.

Open house planned for new library mobile unit

Martin County residents will be able to see the new mobile library on Saturday, August 16, at an open house being planned by the board of the Martin County Library, according to James A. Garvey, chairman of the board.

A complete program, with a ribbon cutting ceremony, will show off the $6,000 facility at the public library on East Ocean Blvd., Stuart. Open house in the unit will be from 2 to 5 p.m.

The mobile unit is 28 feet long and 10 feet wide. It is lighted and has air conditioning. Power outlets are serviced by the areas where the unit will be parked.

Leroy Hennings, county librarian, plans to keep the library unit open five days a week, four hours a day and two evenings, the hours to be announced next week.

Assisting in the arrangements for the open houses are Mrs. L.A. Arbogast, Mrs. Max Auerbach, Mrs. Howard Bayley, Mrs. John Bannon, Mrs. Ted Chambers, Mrs. Grant Chamberlain, Mrs. Lloyd Fanning, Mrs. Joseph Greenlees, Mrs. M.N. Huston, Mrs. Charles H. Jaap, Mrs. Hugh Killough, Mrs. David Kyle, Mrs. A.O. Kanner, Mrs. Wm. F. Lehman, Mrs. Bruce Leighton, Jr., Mrs. Wells Lippincott, Mrs. V.L. McElvain, Mrs. L.K. Merrill, Mrs. Wm. L. Ong, Mrs. R.N. Stevenson, and Mrs. George Wait.

****

There will be a special girls all-star softball game at Langford Park, Wednesday, at 6:00 p.m., and a game in the winner bracket of the fireworks slow-pitch tourney starting at 8:30 p.m. also on Wednesday evening between Webster's Masonry of Micco and Gene Sykes of West Palm Beach.

****

A hurricane emergency information list is available to the public at the office of The Jensen Beach Mirror.

Retail sales up 15%

Mirror survey update shows increase in local purchases

By JACK CAMPBELL

Retail sales in The Jensen Beach Mirror circulation area took a 15% jump in the past year, but inflation in the community's economy update showed that more people were buying items than ever before.

The results of the last year of business activity, compiled by the Institute of Market Marketing in Boynton Beach, under exclusive contract to The Mirror, were released Tuesday by Dr. Frank W. Hooper, director.

Local residents spent less money out of the county in the past year than they did in 1967-68. In the past year $5,512,300 was spent out of the county area, as compared to $6,624,500 in the previous year according to the report.

Automotive dealerships in the area have much to be proud of, for the report showed an 18% increase in local buying. In the 1968-69 period in the survey update, $4,205,400 was spent for all new automobiles, where in 1967-68 $3,548,400 was spent for auto locally.

Food purchases increased over $300,000 in that year, Gasoline purchases also moved up about $300,000.

Lumber and building materials purchases were the only area to show a drop in commercial business in the past year. In the 1967-68 survey report, local lumber and building materials deals did $1,464,900 in sales, but in the latest report the figure dropped to $1,100,600, a loss in sales of $364,300.

Wearing apparel purchases locally took a big hop, perhaps the largest in the survey, as retail sales went from $795,600 in 1967-68 to $1,368,150 in the 1968-59 period. The jump was a whopping 72% increase in retail sales.

The affluent society of the United States was reflected in increased debt and an almost unchanging picture of savings in this period of inflation. Debt reduction and savings increased only slightly, and with the growth of the area could be regarded as a decrease.

The total retail sales in the county were $26,936,100 in the past year.

The increase in Martin County families was raised per capita in the past year, an increasing sign of the higher income level of families brought here to business and industry and of retirement levels. The below $3,000 annual income family dropped from 24.9% of the population to 20.6%. The $3,000 to $5,000 income class also dropped from 22.4% to 20.6%. The median income family earning $5,000 to $8,000 increased three points, from 26.6% to 29.1% of the population.

Higher income groups increased, but at a slow pace. The $8,000 to $10,000 income families increased from 3.2% to the population to 10.2%. The above $10,000 income group took a heavy swing from 12.7% to 15.2% of the population.

Mobile library dedication will get books on road

County Commissioner William S. Owens will be master of ceremonies for the ribbon-cutting open house of the new Martin County Library mobile unit. The unit, to be dedicated at the library on East Ocean Blvd., Stuart, on Saturday, will bring 4,000 books each week to residents of Hobe Sound and Indiantown in the first regular library service to those communities.

Hundreds are expected to attend the afternoon dedication. James A. Garvey, chairman of the library board, said there will be a reception program to bring the library closer to the participants. The members of the library board will be introduced, along with county officials and Leroy Hennings, librarian.

The open house, being sponsored by the volunteer Martin County Library Association, headed by Rear Adm. Robert H. Gibbs, will last from 2 to 5 p.m., and is open to the public.

Immediately following the library open house, the mobile unit will be moved to Indiantown for the first phase of the traveling schedule.

The mobile library is 28 feet long and 10 feet wide, and has shelves for the books, a desk and files for check-outs, is air-conditioned and has a comfortable, two-door entrance and exit.

The vans flow for library attendants allows patrons to utilize the services with a minimum of crowding.

When in operation, the library will serve the two communities to south and west Martin County on a five day a week schedule. Hennings said that there would be some evening hours scheduled.

"We want to upgrade the services of the library to the people of the county," Garvey said Tuesday. "This is a hard-working board. We have met weekly, instead of monthly, to formulate the full set of plans for the library, including this new, $6,000 mobile unit."

NEW MOBILE LIBRARY--Wide, expansive shelves will be filled with over 4,000 books in this new 10' x 28' mobile library which will be dedicated in ceremonies at an open house this Saturday from 2 to 5 p.m. at the Martin County Public Library in Stuart. The mobile library will serve the Indiantown and Hobe Sound communities, being open afternoons and evenings through the week.

County delays tax roll

The Martin County Equalization Board was deadlocked in the decision to accept the new tax roll at the regular meeting in Stuart on Monday.

The board had considered accepting the tax roll from a motion made by County Commissioner Bill Owens. As a final comment, Commissioner Frank Warha said, "I am still not satisfied myself with the methods used in figuring out these taxes. I can't conceive that since 1968 the valuation on Section A in Ocean Breeze Park has doubled if there was no improvement and it was assessed right the first time."

"I take back my motion because of Mr. Warha," Owens said. "You have been on the board 12 years and should know what the purpose of the board is. It is not our job to question how these taxes are assessed, but to equalize, and I am not playing politics with Mr. Warha," Owens added.

Another meeting was set by the board for next Monday at 9:30 a.m. to arrive at a final decision on accepting County Assessor Sidney Scrantom's tax roll.

The board had met for four hours to hear opposition from the flower farm and property owners on their tax assessments.

Dick Litaty, local representative for Ocean Breeze Park and Port Salerno Mobile Park, pointed out that Ocean Breeze has had a big turnover. "They have gained all their own roads and pay the light bill for 108 lights along the highway," he said. "They have their own police department, ambulance, sewage and drainage. In short, there are 600 units that spend close to four million dollars in the county. For instance, there is no school bus for from Ocean Breeze because there are only two grade school children and two high school children living there," he added.

"We are asking everyone share the burden of taxes. They should be equalized rather that putting the burden on just one party or individual," Litaty said.

Members of the equalization board tried to bring out to the public that the tax assessor uses the guide lines set down by state controllers. It is not the job of the equalization board to question their method of taxing but to review the tax roll to make sure there have been no mistakes made.

Myers, Littman named to GOP state committee

Dr. William Myers and Mrs. Jan Littman have been named state committeeman and committeewoman by the Martin County Republican executive committee at a meeting last week.

They will replace William Murfin and Mrs. John Carey.

Murfin accepted a post in Washington in Small Business Administration, and Mrs. Carey's husband accepted a Nixon Administration appointment in the same field.

Dr. Myers, Hobe Sound physician, is a county commissioner and had been chairman of the Martin County Executive Committee. His successor is R. H. Philbrick.

CABINET COUNSEL—Florida politics was the topic as Attorney General Earl Faircloth and Jensen Beach Mirror publisher Dick Campbell talked at a reception preceding a banquet last weekend in Tallahassee. Faircloth was guest speaker at a banquet of the Florida Press Association in the capitol city. Campbell is president of the state publishers' association, which held its first North Florida meeting in twelve years as guests of the Tallahassee Democrat.

VFW receives three awards

Three awards have been received by the VFW Post 10066 of Jensen Beach from the Department of Florida VFW.

A citation was received for the post publication, edited by Stan Fulford; Faithful Service Award for hospital visits, chairmaned by Fred Kelly and Jim Staats; and a Buddy Poppy Award for participating in the recent poppy campaign, with Gordon Sheppard in charge.

Warners entertain kin

Canadian visitors at the Sid Warners at 211 Hilltop Court, Jensen Beach, are Eileen and George Preece of Hamilton, Ontario. Mrs. Preece is Mrs. Warner's sister.

This is their first visit to Jensen Beach and they say they are enjoying it immensely. They arrived on Aug. 3.

On the agenda before returning to Canada Aug. 21 are daily swims in the ocean, Sunday service at Trinity Methodist, Sunday brunch at St. Lucie Country Club, lunch at Frances Langford's Outrigger Restaurant, a tour of Kennedy Space Center, plus other side trips.

Pre-college program set for St. Joseph's

Two hundred and twenty incoming freshman will participate in a two-week Pre-College Program on the campus of St. Joseph College beginning August 17 and continuing through August 30. During this period new students will take a series of tests and attend discussions on the "effective student" and "campus values."

Eighty returning sophomores have boosted the total number of students to three hundred at the two-year college, According to Charles Carr, business manager of the college, the enrollment has doubled since the last academic year.

Academic registration will be held in the college auditorium beginning at 9:00 a.m. and continuing through out the day on Friday, August 29th (freshmen), and Saturday, August 30, (sophomores.)

Classes begin on September 1, at 8:00 a.m.

Sandells find north 'too hot'

Mr. and Mrs. Al Sandell of Linda Drive, Jensen Beach, returned home last week after a month's vacation.

They visited son John and his wife in Washington, D.C., son Staff Sgt. Bruce at McConnell AFB, Wichita, Kan., and their families in Michigan. They returned via New Orleans.

"We had planned to stay two months," Mrs. Sandell told The Mirror, "but the weather was just too hot."

***

The Jensen Beach VFW Post 10066 will conduct a blood drive on Aug. 21 at Martin Memorial Hospital, according to Cdr. Sam Banks.

New teachers to be welcomed

New public school teachers in Martin County will be taken on an orientation tour of the county on Wednesday, Aug. 20. The tour is coordinated by Ernest Varvil of the school system.

At 10 a.m. the teachers will stop at the Stuart Chamber of Commerce for an orange juice break.

Winners

Betty Mans and Harold Willard were high scorers with 81-1/2 points at last Wednesday night's duplicate bridge game.

Second were Mr. and Mrs. Leo V. Patot, 74-1/2; third, Ellis Spong and Gerry Boyd, 73-1/2; fourth, Joe and Stella McCoy, 70-1/2; fifth, Mr. and Mrs. J. N. Welsh, 69 points.

Game time is 7:45 p.m. on Wednesdays. Your are assured a partner if you come alone.

Duplicate tradition Hut is available to the public at the office of The Jensen Beach Mirror.

Senator Beth to attend Commission meeting

Sen. Beth Johnson of Cocoa Beach will attend the August 26 meeting of the Martin County Commissioners, according to a letter received by chairman Bill Hussey.

Sen. Johnson, who was invited to the meeting by Commissioner William Myers, asked that Stuart City Commissioners be invited to attend so she could discuss legislation and local problems.

Hussey forwarded the invitation to City Manager Ed Glanegack. The meeting will be at 9:30 a.m. at the courthouse.

Dr. Myers had contacted Sen. Johnson and State Rep. Bill James, Palm Beach County, saying closer communication between county and state would be beneficial.

One of the problems sure to be discussed is the tax structure in the county. Local taxes have been hit by homestead exemptions for condominiums, cancellation of higher pastureland valuations, decreased inventory assessments ordered by the state, and because of new apportionment formulas for the state gasoline tax and the school minimum foundation program, the county's secondary road fund allotment was cut in half.

IRJC registration Aug. 21, 22

Registration for the fall semester at Indian River Junior College will be next Thursday and Friday, Aug. 21 and 22 from 9 a.m. until 9 p.m.

New students can register after they have made application for admission and been accepted. Application forms can be obtained from the records center at the college.

NEW OWNERS- The new owners of the Elkay Beauty Salon in Stuart are Murielle McCrain, left, and Sandee Roberts, right. Mrs. McCrain has been with Elkay for two years as a receptionist-manager. Before coming to this area, she worked in beauty salons for two years throughout the Long Island area demonstrating proper way of applying cosmetics. She and her husband, George, also have the Sun N Palms Cottages in Jensen Beach. Mrs. Roberts lives in Stuart, and has been with Elkay for 2 1/2 years as a hairdresser. She attended IRJC School of Cosmetology, and prior to that, received her Associates of Arts degree from IRJC. She was president of local Affiliate #30 of the Fla. Cosmetologists Assoc., in 68-69. She was also historian for that organization in 196 & 68.

Gov. Claude Kirk will be in Martin County on Friday, Aug. 29, to take part in the groundbreaking ceremonies for the new Florida Steel plant in Indiantown. He will also be guest speaker at the installation luncheon for Indiantown Chamber of Commerce.

Steer This Way

BY

BILL STUDER

and

JIM HEDGPATH

Thirty-eight French drivers recently competed to see which one could cover the LEAST distance in 12 hours (without stopping). No results are available; the judges probably fell asleep.

***

How long should you keep a car? Experts say the point of best return is three years or 50,000 miles, whichever comes first.

***

The Federal Highway Administration says that last year on the open road, the American driver whizzed along at an AVERAGE 59 mph. This was an increase of one mph over 1967.

***

Liquid natural gas is a low-pollutant auto fuel, but it evaporates in the tank at 7% a day. For fuel economy you'd have to keep driving until you're dry....

***

A year ago we read a lot about the second coming of the electric car. Not much talk of that lately. Maybe the drive for electric cars ran out of gas?

***

You won't run out of gas after we've given your baggy a first-class tuneup at Merkis Motors of Stuart, 988 South Federal.

Holiday Out asks permission to dredge

Holiday Out has asked for a permit from the U.S. Corps of Engineers to dredge an access channel in the Indian River from its property just north of the Martin County line.

The channel to the Intracoastal Waterway would be dredged to a depth of 10 feet, 100 feet wide and 4,000 feet long. Some 60,000 cubic yards of fill would be taken from both the access channel and from a shoreside channel 100 feet wide and 10 feet deep, following a bulkhead line established in April of last year.

Comments must be filed prior to Sept. 8 with the Corps.

***

Sorry, Andy Andrews, that you were re-named Andy Pittman in the picture caption last week in The Mirror. And, sorry, Andy Pittman, that we borrowed your name for Andy Andrews....

DONATION-- Members of the Tropical Summer Bowling League voted unanimously to donate their prize fund to the newly organized Martin County Women's Bowling Association. Left to right, above are Sally Rosser, League secretary; Lana Mitchell, League president, who is presenting a check to Doris Rehnberg, president of the Association; Rita Roji and Floretta Bartlett, Association secretary and treasurer respectively. Mrs. Mitchell is also vice-president of the Association. Members of the League were commended for their generous contribution.

The Saturday tournament of the Men's Golf Association of the St. Lucie Country Club consisted of an individual effort--match play against play.

Jim Westfall won the competition by beating par 6 up. Other winners were: Goodrich, Sr., plus 5; Worcester, plus 3; Goodrich, Jr., Van Nostrand, tied plus 2; Nardone, and Seeley, tied plus 1.

Women boulers plan workshop

The newly formed Martin County Woman's Bowling Association will hold a workshop session Sunday, Aug. 17, at 2:30 p.m. in the Community Room of First National Bank of Stuart.

All league officers and interested members are invited to attend and hear Mrs. Dorothy Leigh, State Secretary of the Florida Woman's Bowling Association. She will answer questions on league procedure and problems.

Women's scratch league forming

If you are a 135 average or over bowler, you are invited to join a scratch league now forming at Jensen Lanes. This will be a three women team, bowling Monday nights at 9:30 p.m.

If interested, contact Doris Rehnberg, 287-5895, or sign up at the Lanes.

An organizational meeting will be held at the Lanes on Monday, August 18 at 7:30.

JBWA changes meeting date

Meetings of the Jensen Beach Women's Association are usually held on Mondays. However, because of Labor Day, September's meeting will be held Tuesday, Sept. 2.

Card parties are set for Sept. 15 and 29, according to plans made at the Aug. 4 meeting.

September committee members are Mrs. Johanna Bruning, Mrs. Mary Villano, Mrs. Theresa Wittenbert and Mrs. Crystal Drummond.

Where shopping is a pleasure

Surely there's a better way.

The better way.

One of the better things about doing dishes the automatic electric way is that you save as much as an hour and a half a day. Time you can put to good use with your family. Or shopping. Or entertaining your guests.

Meanwhile, your electric dishwasher sparkle-cleans and sanitizes everything thoroughly, for family health protection. And keeps your hands out of hot water, so they stay soft and lovely.

Ask your appliance dealer about an electric waste disposer, too. It will free you from another chore by putting an end to messy garbage handling.

When it comes to saving you work and time, there's no match for flameless electric.

Eleven rate reductions since 1957! The average price paid per kilowatt hour by FPL-served families today is one-third less than it was in 1957.

FPL

Army Band concert at IRJC

The "Kings of the High-way," the internationally famous United States Army Field Band will be in Ft. Pierce October 1, performing in concert at the Amphitheatre at 8 p.m., under sponsorship of Indian River College.

The United States Army Field Band is the official touring musical representative of the Department of the Army. The Field Band is considered by music critics to be one of the most proficient and distinctive musical organizations now appearing before the public.

Cedric Benz is presently enjoying a visit from his daughter and her husband, Mr. & Mrs. J.E. Roessel and their three children, Jeff, Tom and Jim of Atlanta, Ga. Roessel is a retired major from the U.S. Air Force and is now employed by the FAA in Atlanta. From here they will make a tour of the space center before returning home.

PORT ST. LUCIE and St. Lucie Country Club

Phone 464-3191 or Phone 461-1833

Schools to open September 2

For the benefit of parents of school-age youngsters and in answer to the many phone calls that have been recieved at the Marina, St. Lucie County Schools will open on Tuesday, September 2, according to School Supt. J. Walter Habb.

All ninth grade students will again attend classes at Edwards Road Annex.

Teachers in the county will report for duty on August 20. They will undergo an orientation program at the Delaware Elementary School auditorium on August 21, and also at the Edwards Road annex on the 22nd.

LARGE LITTER--This is Lady, with her second litter of nine. Lady is the pet of Mr. and Mrs. Robert Post of 174 Naranja Ave. This family is most likely the largest in the community. The young woman in the picture with them is Mrs. Betty Logan, who has been taking care of the "family" while the Posts, who just returned Saturday, were away.

Personals

The regular monthly meeting of the Port St. Lucie U.S. Coast Guard Auxiliary will be held at the Marina on Thursday, August 14 at 7:30 p.m. Since meetings have been reduced to once a month during the summer months, it is important that all members plan to attend this meeting.

****

The Port St. Lucie Anglers Club will hold their next meeting on Tuesday, August 19 at the Marina at 7:30 p.m.

****

The monthly meeting of the officers of the Little League will be held on Tuesday, August 19, starting at 7:30 p.m. at the Marina. This will be for all adult members of the Board of Directors, league officers, and team managers.

****

The regular monthly meeting of the President's Council will be held at the Marina on Thursday, August 21 at 2:00 p.m. Not having met for several months, there will be many matters of importance to discuss, so all club presidents or their representatives are urged to attend.

****

Rev. DuBose resigns, returns to Orlando

Rev. DuBose

The Rev. T. J. DuBose preached his last sermon Sunday at the First Baptist Church of Port St. Lucie. He has been here for approximately one year, and is leaving to return to his home town of Orlando where he will become Mission's Pastor at the First Baptist Church there.

Rev. DuBose feels that this past year has been both rewarding and several accomplishments have been made by the church. Approximately 28 new members joined the church. A parsonage was purchased by the church, which he feels was a very wise investment. During Bible School, Rev. DuBose and the Intermediate boys invisioned a project of adding a new sign on the south side of the building.

In leaving, he expressed concern in that most of the new members are not members of Port St. Lucie. He said he feels that if the church is to grow, it is going to have to recruit more residents of the community.

He also expressed his appreciation with the spirit of cooperation by the congregation during his one year here.

The church has called Dr. Leach to serve as interim pastor until another full-time pastor can be secured.

Softball underway; Mirror leads league

A recap of the first week in the newly organized men's softball league shows The Jensen Beach Mirror team out in front with two wins and no losses.

Monday night's game was rained out. Tuesday night, spectators viewed a close game between the Engineers and The Mirror, in fact, the game went into extra innings.

****

Visiting with Sir. & Mrs. Stan Young of 618 Willow Ave., are Mr. & Mrs. Harry Fulcer and their son Chip. They are from Rochelle Park, N.J.

While here, the plan to visit all the scenic spots in the area.

****

Mr. & Mrs. Joe Kuhn recently returned from vacationing in the Bahamas, visiting Nassau and Freeport. While there, they met friends from their home town, Chicago, and all had a good time.

****

Visiting with Mrs. Marcella Jacobsen is her nephew and his wife, Mr. & Mrs. James Sullivan and their two sons, Stephn and Douglass from Pleasburgh, Pa.

****

Another group of visitors who dropped in on the Benz's are Mr. & Mrs. A.L. Wissman and Al Jr., David, Timothy, Katherine and Louise. They are Marie Benz's nephew and his wife and family. They are staying in the Gil Heine home on Esita Lane.

****

The Port St. Lucie Cub Scout Pack # 475 had a father and son swim party at the Marina pool Tuesday night. John Henderson, scout master, reported a good turn out.

The Pack does not hold regular meetings during the summer months, however, will start back again around the middle of September. Boys between the ages of 8 and 10, who are interested in scouting, are asked to contact Henderson at 464-2690 for further information.

****

On August 2, a daughter was born to Nelson and Mary Veine of Hollertown, Md. She weighed 6 1/2 lbs. was 21 1/2 inches long, with black hair and brown eyes. The birth of this young lady makes Gilbert & Helen Heine grandparents, and Marie & Ced Benz great grandparents.

Shuffleboard Club card party, fiesta

Monday evening, September 1, Labor Day, should be a big day for some lucky Port St. Lucie person. That is the date the Shuffleboard Club will hold its Fiesta at the Marina, the climax of which will be the giving away of a color T.V. set.

The highlight of the Fiesta will be a white elephant sale and the playing of games, all of which will start at 7:30 p.m.

All holders of tickets are requested to make their returns by August 26, the time of the card party. Ced Benz will be at the Marina all that evening to receive those returns.

****

The Port St. Lucie Shuffleboard Club will hold a card party at the Marina on Thursday evening, August 28, beginning at 7:30 p.m. The proceeds from this party will go to the fund being raised to build six new shuffleboard courts.

The committee in charge of the card party is Marie Benz, Peggy Paul, Terri Lunden, Ethel Krall, and Fran Lew.

Door and table prizes will be awarded.

New pool ordinance

Residents of Port St. Lucie who own swimming pools or may be planning to build a pool will want to pay particular attention to a Pool Fencing Law recently approved by the St. Lucie County Commission.

This new law states, "All swimming pools, residential and commercial, in the unincorporated areas of St. Lucie County now have to be fenced." This ruling has only to be filed with the Secretary of State before it becomes effective.

The ordinance further states that all pools must be either completely enclosed or be surrounded by a non-climbable fence at least four feet high. Existing pools are given six months to comply with the ordinance. All pools to be built in the future will, of course, automatically fall under the ordinance.

Anglers discuss fishing with teams

The idea of fishing contests with teams, much as in bowling, was discussed at the regular meeting of the Port St. Lucie Anglers Club last Tuesday night at the Marina.

There was so much interest in the idea that a committee was set up consisting of Ray Barlow and Ted Bass with help of others to draw up plans for getting it started.

Fishing reports were also given, and in general, were not as good as in the past, with only a few fish being reported. Although the canals and river have good clean and clear water, there seems to be no fish. Night fishing from the various bridges seemed to bring the best results.

Carl Hertzog reported all going well in the fishing contest and that our sponsors should be thanked. To further add to the interest of the contest, Harold Coder suggested that pictures be taken of good catches.

Jim Barlow reported progress in his work with clubs in conservation, and suggested that any fish kill should be reported so that the Conservation Department can determine the cause.

The next meeting of the club will be August 19 at the Marina starting at 7:30 p.m.

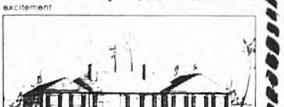
YACHT AND COUNTRY CLUB

GOLFERS, YACHTSMEN, FISHERMEN

A UNIQUE OPPORTUNITY — and perhaps your last chance to live in a secluded country club community on the Gold Coast near the ocean.

The developer of Tequesta and the Jupiter Island Beach Colony — after nearly two years of planning — proudly presents a masterpiece in residential living — The Yacht and Country Club of Stuart.

Construction is nearing completion — come see the excitement.



Homes on "Crooked Creek" waterway or fairway will be in the $35,000 to $45,000 price range. Community lawn maintenance plan.

You'll fall in love with the quiet dignity of Stuart with its miles of uncluttered rivers, bays and estuaries, located between Vero and Palm Beach. Our welcome mat is out!

It's been 17 years since we've re-priced our services.

In 1952, seventeen years ago, the present level of rates for telephone service was established. During this period, we have provided the best in communication service to our Florida customers without an increase in price. This progress has been accomplished through technological improvements and operating efficiencies that have benefited the customer not only in price but improved services.

Inflation has caught up with us too

During a time of increasing costs, wages, taxes and the high cost of capital, we now, like other businesses, are required to re-price our services to meet the present-day conditions. We are no longer in a position to continue the 1952 prices for telephone services.

What has happened to our cost is no mystery to most Floridians who have also experienced the higher cost of recent years. For example, Floridians are paying 38.0% more for fruits and vegetables, 40.5% more for housing, 28.7% more for clothes than in 1952. Yet, the highest basic rate for residence telephone service today in Florida is $5.85—15 cents less than you were paying in 1952.

Southern Bell is applying to the Public Service Commission for a general rate increase in Florida. We have to. And we want you to know why. It is necessary that we re-price our services. As an example, it would mean to most of our customers an increase of $1.15 per month for a residence individual line and $2.75 for a business telephone.

Since 1952, we have spent one billion dollars on new telephone facilities in Florida. And half of that amount was spent during the last five years when costs were rising most sharply. An indication of Florida's future needs is the fact that our current construction program for 1969-70 calls for spending $438 million.

And we must raise that money now—when the cost of obtaining new investment money is the highest in history—the latest being 8.01%. This cost of new money is considerably higher than the return we presently earn on it.

Southern Bell will provide quality service at the lowest possible cost to you. We've waited as long as possible before seeking a general rate increase. But now, like other businesses, we must make adjustments to meet present-day needs. We can no longer continue to operate at 1952 prices.

Southern Bell

bunderstorm

st spot is in your auto

ke ref- summer thunderstorm? One
uring a of the best spots to seek shel-
ter is in your automobile.

Because of its metal shell, when lightning strikes an auto it spreads all over the metal, traveling through the springs, axles and bearings to the wheels and then jumps past the rubber tires to the ground. Only if you are in direct contact with the metal would you get even a slight burn. In fact, it is hard to find cases of lightning even hitting a car.

A thunderstorm is a signal to take care, particularly if you are working in the fields, golfing, swimming or in some other open area. Every year nearly 1,000 persons are hurt or killed by lightning, in addition to an annual property loss of more than $100 million.

Lightning seeks out the highest object in the immediate vicinity, because it strives to make the shortest possible contact between earth and sky. If you're caught in the open, your best bet is to sit down or get into a depression such as a ditch. Do anything to avoid being the tallest object in the area. The need for lightning rods and conductors to protect homes and other buildings is emphasized. A system of rods and conductors is the most effective way to protect property against lightning. The rods don't repel the lightning attacks, but they do carry the charge harmlessly into the ground.

Lightning rods should be installed and maintained by experts. If they do not have proper ground connections, they not only are useless, but could be harmful by increasing the height of the building and making it more vulnerable to lightning. A television antenna on your home, even a grounded antenna, is not equipped with a conductor of adequate size to ground a lightning bolt and give overall protection to a house.

The following precautions should be taken during thunderstorms:

1. Stay indoors and avoid being near screens, windows or metal exterior doors. Avoid touching electric light circuits, radio and television sets, telephones or plumbing.

2. If outdoors, avoid isolated trees, wire fences, hilltops, large open spaces such as golf fairways. Seek shelter in a cave, a ravine or at the foot of a cliff.

3. Never stand under or near a tall tree or other object which may be the highest point in the immediate area.

For safety sake

What do you do if a hurricane threatens

You'll feel safer and more at ease during a hurricane if you take the proper precautions before it hits. Be sure to give yourself plenty of time; don't wait until the "big wind" is just around the corner.

Here are some suggestions on what to do inside your home, outside in the yard and at your place of business before, during and after a hurricane:

STERILIZE bathtub, pans, jugs, jars and bottles and fill them with water. Wait for official word to resume using water system if breakage occurs during storm.

CHECK first aid supplies for bandages, adhesive tape, antiseptics, spirits of ammonia and other articles that might be needed in an emergency.

GET in a food supply that won't spoil, such as canned meats, spaghetti, baked beans, canned milk and soups, and also a supply of canned bread for cooking.

STOCK up on candles, purchase lanterns and kerosene to burn in them because the electricity usually goes off. Make sure you have a flashlight with extra batteries and plenty of matches.

GET out a supply of cloths and have mops available to soak up water that may beat into your house from torrential rains that accompany hurricanes. Stuff paper and rags into openings.

CONSERVE refrigeration by turning your refrigerator and freezer to the coldest setting and open only when necessary. They will stay colder much longer after the electricity goes off.

STAT Udoors and away from windows. The glass may shatter and cut you.

OPEN a window or door on the side of the house not being hit by the wind, so the inside and outside air pressures are equalized.

GET a battery radio so you can listen to the progress of the storm in reports from the weather bureau and know when the storm has passed.

DON'T go outdoors during a lull. It may be the calm center of the hurricane (eye) passing, and the wind will come back suddenly and strong from the opposite direction.

IF YOU HAVE a "hurricane" party, don't drink too much, if you must drink at all. You'll need a clear head in an emergency.

SAVE your telephone for emergencies only. Jammed switchboards or busy party lines may prevent emergency calls for police, fireman, doctors and Red Cross disaster units.

AFTER the storm, if your water supply went off, don't empty your bathtub or other containers until you have been told officially your drinking water is safe.

WATCH out for food spoiled in the refrigerator.

PLACE OF BUSINESS

PUT up hurricane shutters or board up plate glass windows. Remove displays from windows if you do not have shutters or don't board up.

MOVE merchandise on display in stores away from front and back windows and from under glass skylights to protect it from water damage.

PLACE stock on tables or in high locations so it cannot be reached by water which runs in when streets and sidewalks become flooded.

BE SURE that all flames, such as gas water heaters, stoves and other burners in restaurants, have been turned off before you leave.

SHUT OFF all electrical appliances which might become overheated during a prolonged period if power is resumed, and cause a fire.

PUT INSIDE any display racks or other objects usually left outside at night.

OUTSIDE YOUR HOME

FILL the gasoline tank of your automobile as pumps may not be operating if electric power goes off. Put your auto in the garage or take it to a public garage, but don't park it under or near trees or utility poles.

DRAIN your swimming pool to half empty at least. Remove electric pumps from underground pits after all valves have been closed and the electricity has been turned off.

BRING in everything that could blow away - garbage cans, garden tools, porch and lawn furniture, potted plants and outdoor clothes racks.

TAKE down TV antennas.

PUT UP storm shutters, close metal or wooden awnings, or board up windows and glass doors. Take down canvas awnings or roll them up and lash them with sturdy rope or heavy twine.

CHECK your trees and shrubbery and remove limbs which may damage your house or utility wires.

Remove ripe coconuts from palm trees.

AFTER the hurricane has passed and it's safe to go outside, don't touch loose or dangling wires. Don't step in pools of water where such wires may be grounded.

STAY away from places hard hit by the storm. Sightseers aren't needed and interfere with rescue workers.

MAKE a list of damage to your own property. Report fallen wires and broken water and gas lines to the proper authorities.

Red Cross names county shelters

Martin County has hurricane shelters located in each locality. Shelters, managers and telephone numbers are as follows:

JENSEN BEACH: St. Joseph College, Al Keaton, 287-1652; American Legion building, S. Savanna Road, Ed Snyder, 287-1210.

STUART: Martin County High School, Cephas Gipson, 287-2915; Elks Club, Hal Weber, 287-2808; East Stuart Elementary, Richard McHardy, 287-0067.

PORT SALERNO: Port Salerno Elementary, Jack Carson, 287-2643; Church of God, Rev. J. Anderson, 287-2158.

PALM CITY: Palm City Recreation Bldg., Andy Zglinicki, 287-2483.

HOBE SOUND: Hobe Sound Elementary, Howard Way, 546-5408; Banner Lake Club, George Blatch, 546-5184.

INDIANTOWN: Warfield Elementary School; Mrs. Leona Howard, 597-2551; Booker Park Civic Center, Cleveland McKnight, 597-2470.

TROPICAL FARMS: Tropical Farms Baptist Church, J. W. Sumner, 287-0986.

The shelters are under the direction of the Red Cross and Civil Defense.

Bring your own sandwiches, blankets, pillows, medicine and personal items for your family. Bring formulas, ice chest for formula, baby food, diapers. Do not bring pets.

Safety measures

REMAIN INDOORS during the hurricane. Travel is extremely dangerous when winds and tides are whipping through your area.

MONITOR the storm's position through weather bureau advisories.

If the calm storm center passes directly overhead, there will be a lull in the wind, lasting from a few minutes to half an hour or more. Stay in a safe place "unless" emergency repairs are absolutely necessary. But remember, at the other side of the "eye", the winds rise very rapidly to hurricane force, and come from the opposite direction.

Use Check List When Blow Nears
Here, in brief is a suggested check list which should be filled before the big blow hits. Pasted to a small piece of cardboard and hung in the kitchen it will provide an immediate reference during the rush-around period the day before a hurricane hits.
( ) Battery radio, with spare batteries
( ) Flash lights (2) with spare batteries
( ) Electric lantern, with spare batteries
( ) Three to five gallons of water per person
( ) Canned meats, soups, etc.
( ) Canned fruit juices
( ) Special foods for babies, the aged, and invalids
( ) Can opener - not electric
( ) Dried cereals
( ) Crackers, cookies
( ) Milk, powdered and evaporated
( ) Sterno or other self-operating stove
( ) Matches
( ) Mops, rags and buckets
( ) Up to date and "refreshed" first aid kit
( ) Paper plates (to conserve water)
( ) Small tools (brought in from carport) such as screwdrivers, pliers, nails and hammer
In the event the storm is of such intensity that your family decides to take shelter in a Disaster Center, take with you:
( ) Cot or sleeping bag (there may not be enough to go around if the shelter is jammed.)
( ) Flashlight or lantern of your own
( ) Any special foods and the utensils to prepare them
( ) Small quantity of water
( ) Change of clothing
( ) Blankets
Skip the non-essentials, except such things as a favorite doll or a toy for the children. Leave the "portable" TV set at home. There won't be enough power for it and you might find you enjoy talking to your family or neighbors
We Will Remain Open As Long As Possible During A Storm

BIG BLOW- Hurricane Betsy, 1965, was a big blow through Martin County. High winds and rains flooded streets and caused considerable wire and tree damage. However, local residents were prepared and damage was at a minimum. This special edition of The Jensen Beach Mirror is not designed to scare local residents and visitors. It is designed to inform them of the nature of a hurricane and the way to be prepared so that if a hurricane condition should arise, local residents and visitors can wait out the storm comfortably.

What to do after a hurricane

Don't leave the house, except in extreme emergency, until you know roads and streets are clear and free of rubble and fallen electric wires.

Stay home so you will not hinder first aid or rescue work. If you are not qualified to render important emergency assistance, stay away from areas heavily hit by the storm.

If you have to drive your automobile immediately after a storm, drive carefully and watch for fallen wires and tree branches. Near swollen streams or flooded inlets, keep watch for washouts and undermined pavements. Rescue workers as well as ordinary residents should drive with extreme care and be ready to cope with any contingency.

Never, under any circumstances, touch fallen or dangling power lines or electric wires and keep away from all wires and steel fences. Contact could be fatal.

If your water service is affected, boil drinking water until you have been assured by the local health department that the water is safe to drink.

Always be careful with fire during and after a storm. Your telephone service could be disrupted by the hurricane, and you might find it impossible to phone the fire department. And, if you are successful in reaching the department, the response of fire apparatus could be delayed if the streets are filled with uprooted trees, fallen limbs, or rubble left by the storm. And, if the water service has been damaged, low water pressure could make fire fighting difficult.

Above all, keep calm.

Tips for trailers, mobile homes

During a hurricane, the major danger to mobile homes is that the tie-downs and blockings may give way.

Generally, mobile homes are not safe for occupancy during a hurricane. Residents should evacuate to a nearby shelter.

Before leaving, face the trailer into the wind, lower the tongue to the ground if possible. For mutual protection, it is advisable to park trailers close together.

Tips for boat owners

The safest place for a boat during a hurricane is in an enclosed garage or boat yard. If this is not possible, locate your boat in protective anchorage, in a small finger canal.

Secure all loose canvas and gear and provide additional mooring lines.

Curtis' liked Key West visit

Mr. and Mrs. E. J. Curtis of Sandra Drive, Jensen Beach, have returned from a trip to Key West. En route they stopped at Fort Lauderdale to tour the Queen Elizabeth, which they said was "fabulous."

Olivers visit in the Keys

Mr. and Mrs. Gene Oliver of Linda Drive, and Mr. and Mrs. Ed Wagner, Sharpload, Jensen Beach, spent about a week in the Florida Keys recently.

They were accompanied by the Oliver's grandchildren, Cricket and Nate.

Rogers' praise

Leonard Smith, head of the St. Lucie Inlet Protective (SLIP), a Jensen Beach businessman received high praise this week from Congressman Paul Rogers in Washington.

Rogers called attention to the recent article about the effectiveness of jingling the St. Lucie Inlet jetty last January, and praised both Smith and The Jensen Beach Mirror for bringing the project about.

"It is amazing what can be done with some imagination," Rogers wrote, "I am sure that the Corps would eventually have thought of something like this at a cost of hundreds of thousands of dollars, but (The Mirror) and Leonard Smith have certainly demonstrated what can be done."

All The News That Fits In Print

Vol 9 No. 34 12 Pages | Jensen Beach, Florida - 33457 | August 21, 1969 | $5.00 per year $3.00 for 6 months | Price 10 Cents

Mirror survey to be included in next issue

Next week the 1969-70 Jensen Beach Mirror household questionnaire will be included in the regular Mirror issue. The survey is conducted to provide information on the buying habits and desires of the residents of the communities served by The Mirror.

The last Mirror survey, in 1967, provided data that helped local merchants provide more and better service to the public, gave indications of the buying power of Mirror readers, and encouraged new businesses to open in the area.

Local residents will have an opportunity to win $200 in prizes by filling out the questionnaire. Names will be drawn to decide the winning entries, with the selection giving prizes of $50, $25, $15 and $10 individual prizes and twenty $5 prizes awarded.

All household questionnaires returned in the special, fold-up mailing piece will be eligible to win. All entries in the survey will be kept confidential, and the information in them will not be seen by anyone in The Jensen Beach Mirror office, according to Richard E. Campbell, publisher.

"We will receive the questionnaires from the post office, pick the winners, and ship the questionnaires, unopened, to the Institute of Modern Marketing in Boynton Beach. The institute will not accept opened questionnaires. Then the institute will compile the hundreds of thousands of statistics required by the survey, and then destroy the individual questionnaires. We will see only the results," Campbell said.

WOW TRIP- These five boys from Boy Scout Troop 801 earned a trip to the Georgia and North Carolina mountains by their advancement and participation in scouting. Scoutmaster George Marcus supplied the transportation and guidance for the trip. The boys are, left to right: Marcus, Joe Milner, Dave Deel, Kevin Brown, Roger Butterfield, and Wayne Sprague.

Mill boost expected

New jail support in county millage

A half-million dollar "justice complex" to provide a new jail for Martin County will be in the budget this year as Commissioner Bill Owens promised a "fight for one mill on the taxpayer to pay for a new jail" at a budget workshop meeting Monday.

Owens outlined the lack of facilities for the sheriff's department, calling them "deplorable." He said that nine people are housed in 400 square feet of space.

Assisted by architect Peter Jefferson, Owens outlined the tentative plans for a jail-justice complex, comparing costs in various other counties for jail construction, mentioning that federal funds were available for matching local funds, and asked that the new jail building house the courts for circuit judges.

Commissioners talked about the proposed increases in taxes on the county level this year, mentioning a two or three mill increase. Commission chairman Bill Hussey said that there was over $100,000 in state required millage to be added automatically. The amount included salaries for county commissioners, the judge, supervisor of elections, and sheriff, increases in insurance, and $35,000 for new voting booths, and tax losses of $9,000 from condominiums under homestead exemption, and a gas tax loss of $28,000.

Cost of medicade and welfare also are built into the fixed increase by the state, with welfare going up 25% and medicade costing the county about $14,000.

"It is practically impossible to hold the millage where it is," Hussey said. He also said that the county commission job was now a full-time job, and the commissioners work much harder than their predecessors.

Increases stand on mobile parks and flower farms

The Martin County Commission backed the assessments of County Tax Assessor Ellsworth "Dutch" Schnurbush Monday as it approved the tax assessment roll in a unanimous vote, denying appeals of flower farmers and mobile home park owners for relief.

The assessor had hiked the two areas "to bring them up to 100% valuation required by the state."

County commissioner Tilmar Powers said Monday that the action was taken when the flower farmer and the mobile park owners were not able to prove that the assessment was punitive toward an individual farm or park.

"It is not our job to change the assessment, but to equalize the assessment," Powers said. "We cannot assess property. We just see if the assessments is proper. If we changed entire categories we would be assessing the property. I do not feel that the farmers and park owners showed that the assessment was not more than 100%, and that is why the commission voted as it did."

Full day of activity

Labor Day races, games planned for causeway

A full day of family activities is planned for visitors and residents alike on Labor Day, according to Dean Tooker, president of the Jensen Beach Chamber of Commerce. Boat races, games, and refreshments are planned to provide the area's families with something to do on the September 1st celebration of Labor Day.

Committees were recently appointed by Tooker to provide organized sports activities for the day. A highlight will be family boat races, with trophies provided for the racers in the various boat and horsepower classes. Heading the committee on boat racing will be Dick Campbell, Herman Reitz and Gene Pollard. Phil Baker and Pollard are in charge of the registration of boats on the causeway, and Reitz and Leonard Smith are in charge of judging the races.

Don Wilkie, who was chief of the 1968 Labor Day on the causeway, will again handle the preparation of hamburgers and hot dogs in the main cooking area. Wilkie will be assisted by Gene Pfleger.

Games for the ten picnic pavilions along the causeway are being handled by June Rice, Betty Bruce, and Betty Lewis.

Other activities are planned, according to Tooker, who is the overall chairman of the day.

The rules for the 1969 Labor Day family boat races at Jensen Beach Causeway will be the same as on July 4, according to co-chairman Reitz. The new format of the race will feature five different sprints, rather than the one-hour marathon.

Each race will be from five to ten laps on a course that will be about four miles long. The course will not be marked off until the day of the race due to the need to know the weather and wind before committing the race.

Class 1 will be the first race. Boats must be at least 12 foot long, with 10 to 25 h.p. outboard motors. This race will be for five laps around the course.

Class 2 will follow, with eight laps around the course. It will include boats at least 14 foot long with 26 to 59 h.p. outboard motors.

Class 3 will be for boats 16 foot or longer, and outboard motors of 60 to 85 h.p., running ten laps.

Class 4 will feature the largest boats in the family class, at least 18 foot long and with outboard motors of 90 to 125 h.p.

Any boat may step up and run in a higher class after completing the class of the boat. This is up to the discretion of the boat driver.

All boats must be in the standard class, according to Campbell. The boats cannot have anything removed from their regular makeup and construction, such as seats, windshields, etc. Coast Guard safety equipment must be on board each boat.

Outboard motors must be stock, with the only leeway in the type of propeller used. Any propeller can be used on the boats.

Class 5 will be a sport boat class race, for ten laps. The race has been set up to allow local family sport boats to compete, including the ski boats. All must be single hull runabout style. No hydros will be allowed to compete in the race.

"There are plenty of races for the racing nuts in Florida. We must emphasize that this race is for the family boaters, the fishermen who like to compete, and there is no room for the professional hot-rodders in the race," Reitz said.

There will be no length minimum on the boats in Class 5, and engines can be up to 125 h.p., and must be stock fishing motors. No racing equipment will be allowed in this class with the exception of propellors.

Reitz and Campbell emphasized that the races are invitational, and the race committee would be the sole judge of the requirements of boats entered. "All boats and motors must meet the requirements of the race, or they will not be allowed to enter or participate," Campbell said.

BIG BAG- Leonard Smith holds a giant nylon bag he plans to ask the county commission to use in plugging the St. Lucie Inlet jetty. The entire jetty could be plugged for less than $10,000, according to Smith.

Nylon bags may be the solution to plug jetty

A nylon bag could be the solution to plugging the St. Lucie Inlet jetty, according to Leonard Smith, head of the St. Lucie Inlet Protectors (SLIPs), a group dedicated to improving the inlet through plugging the jetty.

Smith this week showed a sample bag, made by Erosion Control, Inc., of West Palm Beach, that was 15 feet long and five feet wide, made from Caprolan nylon, that he said could do the job of plugging the jetty.

Plans to present the bag, with relative costs, to the county commission await a report of estimated costs from the manufacturer, but Smith said the entire job could be done for "about $10,000."

The nylon bag, called "Rosar", received high praise from H.C. Gee, well-known West Palm Beach consulting engineer, as a device for erosion control. In a letter to the firm, Gee wrote, "These sand filled nylon bags are sufficiently durable to withstand direct exposure to the storms of the Atlantic and Gulf Coast without serious displacement and without any evidence of damage."

The giant bags are filled with sand and stacked on the jetty to plug holes that allow sand to drift through, shoaling the inlet.

CUTTING THE RIBBON- Mrs. Esther Warren, center, proudly cut the ribbon to open the new mobile library at an open house held Saturday in Jensen Beach. The county board was surprised when a number of dignitaries, county commission chairman Bill Hussey, library board president James Garvey, Mrs. Warren, Mrs. James Littman, Owens (behind Mrs. Littman), and Mrs. William Taylor.

School under way with adult education

The school year 1969-70 is now under way in the Adult Education Program. Pre-school conferences, guidance and counseling sessions will continue through August and the first two weeks of September at the Adult Education office, 500 E. Ocean Blvd., Stuart, 287-6400.

Formal registration for all credit students will be Sept. 2, 3 and 4, from 8 a.m. until 4 p.m. and 7 to 9 p.m.

The following is a list of most of the courses offered to the credit students:

English I, II, III and IV; general math, consumer math and semac algebra, general science and biology, American history and world history; typing, bookkeeping, ABC stenoscript shorthand; Spanish I and II, German and French, general shop, auto mechanics, small motor repair, electronics, and art.

These courses are also available to non-credit students.

Fishing report

The fishing report for last week is as follows:

Dave Gale, Sandy Vincent, Wayne Dennis, & Ray Goodman, 3 snook, 1 barracuda, 2 bonita; Paul Ballay, 10 yrs. old, 3 1/2 lb. flounder; Mrs. Emma Lusardi, 1 snook; Lionel Lusardi, Sr., 1 snook; Lionel Lusardi, Jr., 1 snook; Carll Marrabl, 1 sheepshead, 17 croakers, 1 spade; Thomas Priestley, 1 snook; Al Kroll, 3 jacks; Martin Gifford, 5 trout; Wilbur Smith, 18 lb. snook; Stan Lippincott, Pete Peterson, and Gary Mather, 4 trout, 8 snook; Peter Littman, 1 snook, 6 trout, on plugs; Leon Schnitzer, 28 lb. snook; and Howard Manse, 1 jack, 1 macberal, 1 mooncish.

Also, Frank Morgan, 28 lb. snook; Ed Wagner, 4 trout; Bill Boyce, 1 large trout; Donald Loewen, 3 snook, largest 8 1/2 lbs.; Wilbur Smith, 4 snook, largest 8 lbs.; Ed Wagner, 8 trout; Frank Morgan, 4 blues, 1 ladyfish; Gary Mather, 4 jacks, 1 ladyfish; W. T. Peterson, and Stan Lippincott, 6 trout; Herb Gardner, 1 snook; Mr. & Mrs. Gensen, 7 kingfish; Enos Bolino, 6 snook, 1 tarpon; W.W. Welch, and R.E. Welch, 60 bottomfish; John Farley, 20 lb. snook; Al Kroll, 3 jacks; Gary Mather, 1 trout, 1 lookdown; Howard Manse, 2 mackeral; Mac McKinney, 1 trout, 4 jacks; Carol Carson, 6 yrs. old, 18 bottomfish.

Schedule revealed

Teachers prepare for school

New Martin County teachers reported for a pre-school conference Wednesday (today) at 9 a.m. at Martin County High School.

Teachers returning to Martin County will report directly to their respective schools on Thursday, Aug. 21, at 9 a.m., together with the new teachers.

School starts Tuesday, Sept. 2.

On Friday, Aug. 22, there will be a curriculum workshop at 9 a.m. Following a lunch break from 12 to 1:30 p.m., the workshop will continue until 3:30.

Principals and secretaries will meet from 1:30 to 3:30 in the MCHS library with Jack Smouse, assistant superintendant of schools.

An organizational meeting of secretaries will be at 3:30 p.m.

An air tour for new teachers has been planned for Saturday, Aug. 23 at 10 a.m. The teachers will meet at that time at Witham Field, A-1-A, south of Stuart.

A countywide meeting of instructional and non-instructional personnel is set for Monday, Aug. 25, at MCHS gymnatorium at 9 a.m. The group will be welcomed by V. James Navitsky, superintendent of schools, during the program.

A break will be called from 10 to 10:30 a.m. after which Eugene Dubus, director of instruction will call the meeting to order. Navitsky will speak of instructional goals and objectives, and Max Kelley, assistant director of the teacher retirement system, will speak on teacher retirement.

The morning session will end at noon with Ernest Varvil, personnel director, making announcements of interest to the group.

The afternoon will be free for conferences with insurance, retirement and credit union representatives, or teachers may report to their schools.

On Tuesday, Aug. 26, all teachers will report to their respective schools from 9 a.m. to 3:30 p.m. All instructional personnel will meet with Dr. Thomas in the MCHS gym from 7:30 to 9:30 p.m.

From 9 to 12 on Wednesday, Aug. 27, all elementary instructional personnel will meet with Dr. Thomas at MCHS gym. All others will go to their respective schools.

A luncheon will be held from noon until 1:30 at Holiday Inn for principals, staff and Dr. Thomas, with civic groups. From 2 to 3:30 p.m. the morning schedule will be repeated.

All secondary instructional personnel will meet at MCHS gym with Dr. Thomas from 9 to noon Thursday, Aug. 28 and from 2 to 3:30 p.m., with a break for lunch from noon to 1:30. All other personnel will go to their respective schools.

Friday, Aug. 29, from 9 until noon, the superintendent and staff will meet in the superintendent's office with Dr. Thomas. All others will go to their respective schools. Following a noon to 1:30 p.m. lunch, administrative personnel will go to their respective schools; instructional personnel may go if they wish.

All this is in preparation of the start of school on Tuesday, Sept. 2. Hours for each school are as follows: Booker Park 8:15 a.m.; East Stuart Elementary 8:15 a.m.; Hobe Sound 8 a.m.; Jensen Beach 8 a.m.; Martin County High School 7:30 a.m.; Murray 9th 8:25 a.m.; Palm City 8:05 a.m.; J.D. Parker 8 a.m.; Port Salerno 8 a.m.; Pioneer Occupational Center 8 a.m.; Stuart Junior High School 8:15 a.m., and Warfield 8:15 a.m.

THE WINNERS- Proudly holding their trophies, members of the winning Melbourne TV team line up for The Mirror photographer. The players had just won the third annual Slow-Pitch Softball Tournament, sponsored by the Jensen Beach Fireworks Committee, at Langford Park. The tournament was sanctioned by the Florida State Softball Association and was played over a three-week period. Pictured above, not all in order, are, first row: Sam Pansuis, voted second most valuable player; Joe Upperman, Larry Pivac, manager Jim Klasman, Jim Platt, Bill Washington, and team bat boy; back row, Rick Shotwell, Steve Wakefield, Rich Rittenberry, Don Marsden and Bill Dawkins. Not present for picture were Leroy McDaniels and Harold Fish.)

Defeats Wonder Bar in finals

Melbourne TV takes softball championship

Melbourne TV, in a hard-fought battle, downed a determined Wonder Bar team in a close one Saturday night to win the third annual slow-pitch softball championship at Langford Park.

Score of the final game was 9-8.

Melbourne TV, the only undefeated team in the contest, which ran for three weekends, met Wonder Bar for a 7:30 game. The West Palm Beach team, on Friday night, had eliminated Gene Sykes and Grumman from the competition, downing Sykes 8-3 and Grumman 11-6. Wonder Bar had previously lost a game to Radiation, Inc., 10-6.

The tournament would have ended with the first game, if Melbourne had continued its winning ways. However, Wonder Bar, with Most Valuable Player Stu Weinstein on the mound, turned in 13 runs on 14 hits, calling for a playoff.

In the second game, with Weinstein again pitching for the Bar, Melbourne took over with 9 runs on 12 hits for the victory and championship.

The tournament, sponsored by Jensen Beach Fireworks Committee, was sanctioned by the Florida State Softball Association. Games were played on the two lighted fields, each with bleachers, at Langford Park. Volunteers manned the concession booths.

Twenty-six teams competed, according to Frank Wachs and Vince Boeching, co-chairmen.

Results of last week's games were:

Friday, Grumman 6 runs, 10 hits, 2 doubles; Marvin Hill, winning pitcher. Radiation 4 runs, 11 hits, two doubles, John Gohagan, p.

Wonder Bar 8 runs, 12 hits, 1 double; Stu Weinstein, winning pitcher. Gene Sykes 3 runs, 7 hits, Harry Baker, p.

Wonder Bar 11 runs, 14 hits, 1 double, 4 triples, 1 homer by Carl Maury, Stu Weinstein, winning pitcher. Grumman 6 runs, 7 hits, 1 double, Marv Hill, p.

Wonder Bar, 13 runs, 14 hits, S. Weinstein, p.; Melbourne TV 8 runs, 9 hits, 2 doubles, 3 triples, Bill Washington, p.

Melbourne TV 9 runs, 12 hits, 4 doubles, homers by Bill Washington (pitcher) and Bill Dawkins. Wonder Bar 8 runs, 10 hits, 1 double, 1 triple, S. Weinstein, p.

Team and individual trophies were awarded first and second place winners and Most Valuable Player, S. Weinstein. All trophies were donated again this year by The Jensen Beach Mirror and Frances Langford's Outrigger Resort.

TOP TROPHY- Shiny and beautiful trophies are held by Jim Klasman, manager of the winning Melbourne TV team. Right, who accepts the top award from County Commissioner Frank Wachs, chairman of the third annual Slow-Pitch Softball Tournament. The outstanding trophies were donated again this year by The Jensen Beach Mirror and Frances Langford's Outrigger Resort. The double-elimination tournament was sponsored by the Jensen Beach Fireworks Committee and was played at Langford Park.

Rusty Spurs Rodeo will be this Sunday, August 24, at 4 p.m. at the Martin County Fairgrounds south of Stuart.

Lewises dine on astronaut quail

We have the Guy Lewis' to thank for this true, and coincidental story, which had its beginning back in the quail hunting season of 1966.

There are several large estates near Marysville, Kansas, and Marysville also happens to be the home town of the Lewis' daughter and son-in-law, JackOlyn & Chuck Kramer. The Kramers are friends of the folks who own these hunting reserves, and happened to be at one of them last season while the moon astronauts and some of their friends were there enjoying a successful quail hunt. During the evening, it was their pleasure to meet and talk with these men, and when the subject of quail came up, they were not long accepting their offer of some of the day's bag. JackOlyn knew that wild foul and game are her father's weakness, so she put a number of the quail in plastic containers, covered with water, and put them in the deep freeze.

In late December when JackOlyn and Chuck came to spend Christmas here, they brought a number of the frozen quail along. Now we come to the coincidence: Last Wednesday, August 13, when the astronauts were being royally banqueted in California, Grace and Guy Lewis sat down to their dinner of astronaut, or is it moon quail in their home on 5th Ave., in Ocean Breeze. Who says Ocean Breeze does not keep up with the times?

Harry and Carrie Wilkie left by car Thursday, Aug. 14 for Camden, N.J., to visit with Harry's three sisters and one brother. Later they will drive to Mass., to visit with Carrie's sister and friends, and expect to be away about three weeks, part of which time, they will spend in the mountains of New England.

****

Brammers travel

Mrs. L. Brammer, c/o Fred Greunhagen, Route 2, Birchwood, Wisc., 54817, Aug. 11th

Minnie Brammer, in a letter to Mary Adrean, enclosed an account of a recent trip they made especially for The Mirror. Thanks, Minnie, (T.C.).

"July 10, we started west to the Black Hills and Cody, Wyo., where the Rambler Trailer Jamboree was held. They had a good program and we spent a week there, but it was very hot, dry, and dusty, temp. 100 degrees.

"We went on to Yellowstone, but the traffic was so terrible, we couldn't find a spot for our trailer so we just drove on through Glacier Nat'l. Park. There we found a good trailer park to leave our trailer while we drove through the park with the car only. Very beautiful scenery but still very hot in the daytime, but cool at night.

"Tunnel Mountain Trailer Park at Banff was another good one and were we ever lucky. We got the last space and didn't have to wait at all. I guess it pays to get up early sometimes. We left our trailer there and took a twenty mile trip to Jasper and back. Most beautiful scenery all the way. Very beautiful mountains, lakes, glaciers, including the Columbia Ice Fields.

"On starting back east, we had very high winds in Montana and N. Dakota, evidently from the very destructive storm in Minnesota which took so many lives.

"While in Minnesota, we called on Hugh and Irene Burgess. They were very well and quite surprised to see us.

"Now we are back in Birchwood, Wisc., and we are going to try our luck at fishing and try to rest up a bit after that trip which had been so hot, dusty and dirty."

YOUNG FISHERMEN- Mr. & Mrs. Carl Carlson from Calif., spent several days with their travel trailer the last week while visiting their uncle, Claude Rakes. The three children had a great time fishing while there. The little girl, Carol, aged 6, is the one mentioned in the letter as having caught 18 bottom fish. In the picture she is showing the fish while her brother, Carl, Clearcille . . . her brother, Scott is looking on.

LABOR SAVING MACHINE--The use of the park Michigan saves many man hours of hard work by loading the dump trailer. The trimming of the hundreds of palm trees throughout the park resulted in tons of fronds which had to be taken to the dump.

We get letters . . .

A card from Mr. & Mrs. Tom Muldoon who were at Prince Rupert, British Columbia, Canada, Aug. 9th. They say they are enjoying a six-day cruise on the inside passage from Vancouver to Prince Rupert. The writer says, "Such wilderness and fantastic snow-capped mountains."

****

A letter from Mrs. Hazel Garrity, Box 88, S. Lancaster, Mass., 01561, Aug. 13th: "Jean Lange's daughter called on us from Warwick, R.I., to tell us her father died Tue. 26. Apparently he drove Sonia, stepped out from the car and dropped down and died almost immediately.

"Hazel and I are alone as are most of us this time. Eddie and Mary Holmes, we are having beautiful weather (only two weeks in all), but we're enjoying the fruits appreciating.

"We had a letter from our [illegible] Leadership Conference. They [illegible] Mrs. Ann [illegible] Mrs. Ann [illegible] Mrs. Ann

Padrick to be honored at testimonial dinner

Robert W. Padrick, chairman of the board of the Central and Southern Florida Flood Control District, will be honored at a testimonial dinner on Friday, August 29, at the St. Lucie Country Club.

"His friends are honoring him in appreciation of his four years of service, nearly full time without remuneration, on the Flood Control Board," said retired Supreme Court Justice Aldo Adams of Fort Pierce, chairman of the dinner.

Padrick was appointed to the FCD governing board in 1965 and was elected board chairman in July 1967, a position he has held since that date.

The dinner will be at 7 p.m. For tickets call Judge Adams 464-6500. The public is invited.

SURPRISE- Lou Ann Dalley, shows startled surprise and pleasure in accepting a trophy from Guy Grose, president of the Martin County Girls' Softball League. Lou Ann is captain of the Jensen Girls Softball team which had a record of 8 and 2 this season.

CHAMPS- Winning eight of their ten games put the Jensen Girls Softball team in first place for the season. Proudly holding their trophies above are, front row, left to right, Mrs. Pat Barker, manager; Debbie Barker, Frances Harmon, Kathy Pitchford, Ann Thomas, Lou Ann Dalley, captain; Amy Yates, Peggy Williams, and behind the crossed bats is bat boy Nick Barker. Standing, left to right, coach Carl Barker, Patty Barker, Patti Johnson, Charlene Bright, Juanita Banks, Kim Osler, Rita Banks, Vicki Addy and Nancy Pauly. Not present for picture was co-coach Dr. Richard Panick. The Jensen Girls bowed to the All-Stars 11-7 recently. Winning pitcher was Debbie DeStefano, relieved by Dodie Douglas and Debbie Mispell. Losing pitcher was Peggy Williams, relieved by Charlene Bright and Nancy Pauly.

Witham gets inquiry from Fiji Islands

The name and reputation of Ross Witham, Jensen Beach, project leader of the spiny lobster program for the Florida Board of Conservation, is going all around the world.

His most recent inquiry, he told The Jensen Beach Mirror on Tuesday, came from H. H. Hendom, managing director of Fisherman's Lodge, Suva, Fiji Islands.

Hendom said he had obtained Witham's name from the U.S. Consulate in Sydney Austr.-lia, and he asked for information about raising turtles in captivity. He said the government wished to encourage the natives in turtle farming but they did not know how to go about it.

"We wish to establish the first commercial turtle farm and need help with our problem," Hendom said. He enclosed two pages of questions, which, of course, Witham will answer.

Jensenites meet in Arizona

Yes, of course it's a small world. We all have had occasion to say that at one time or another and the Elmer DeWitts of Rio, Jensen Beach, agree.

The DeWitts, traveling in California, passed a car in Arizona with a "42-Florida" tag. The two couples got together, exchanged notes and learned that the Lawrence Macks were also from Jensen Beach, living on Myrtle Ave. They were on their way to California to visit relatives in the same area as the DeWitts.

DeWitt told The Jensen Beach Mirror, he and his wife visited his sister, three nieces, a nephew and cousin in Redlands, a suburb of Los Angeles. They were gone three weeks.

Mr. & Mrs. Stanley Gardner, formerly of Hamilton, Ohio, are now residing at 37 Coconut Road, Jensen Beach.

Mr. Gardner is a nephew of the famous mystery writer, Earle Stanley Gardner.

THOMAS R. GARTLAND, General Manager and part owner of Grove Associates, Hobe Sound, Florida, irrigates 4,000 acre citrus grove with electric pumps for "it will water-ing pitcher, he reports. We have forty 10 hp electric pumps for irrigation and are well pleased with the push button operation. Electric motors for grove irrigation have proved very dependable and efficient at low cost both in operation and maintenance, as compared with any other fuel."

Electric push-button pumping: "efficient at low cost."

It's happening in up-to-date groves throughout Florida. Knowledgeable operators banish drought worries with electric pump irrigation, and assure high-level, high-quality yields. You can water specific areas as needed . . . even set timers to turn pumps on and off automatically. Modern electrical equipment serves reliably year after year, helps make every acre flourish with profit. Ask your equipment dealer.

More students needed for adult education classes

One more opportunity will be granted residents of Port St. Lucie to express their desire's for classes to be offered at the Marina by the Continuing Education Department of Indian River Jr. College.

The results of the first request were tabulated by Dave Gessner, Recreation Director, and Frank O'Brien, Director of the Continuing Education Department at the college. The results were found to be only fair, and not as yet sufficient to warrant the organization of any particular course.

Both men find this evident lack of interest almost unbelievable, feeling that far more people should be interested in continuing this program, especially since it is offered free of charge and that people should take more interest in what's going on around them. Since the choice of courses was left wide open according to the individual's desiras, it is also felt that greater response should be forthcoming.

Dave Gessner said he is very surprised that so little response was received for another course in oil painting, which has been so popular for the last several years.

Gessner said that the future of these courses now rests in the hands of the residents of the community. If is is their desire that we continue, all that we ask you to do is call the Marina 464-3191 and express your desire.

If sufficient interest is not indicated, we will drop the idea and utilize the time at the Marina for other purposes, Gessner said.

REVIEW- Dave Gessner and Frank O'Brien review survey which is presently being taken in the community to determine the degree of interest in Adult Education courses.

VICTORY BANQUET--The Port St. Lucie Jets, who won the St. Lucie County Little League tournament, held their victory banquet last Friday night at St. Lucie Country Club. Pictured above are H. C. Dixon, manager of the Jets, and State Representative Chuck Nergard with the trophy awarded to the Jet team.

Flotilla 55 has outing at Anchorage

U.S. Coast Guard Auxiliary Flotilla 55 had a rendezvous on Sunday, August 10, at the Anchorage Yacht Club in Rio. They were guests of Fred E. Smith, Commander of the Flotilla, and Ward White who are both members of the Anchorage.

A small boatacade left Port St. Lucie Marina at 11 a.m., consisting of three boats owned by Ward White, Grattage. Guest included, in the Grattage boat: their two granddaughters and in the White's boat were Mr. & Mrs. Harold Coder and Mr. & Mrs. Aubrey Russell. The Helmer's and the

moving here from Braintree, Mass. They have one married daughter living in Holbrook, Mass. Mr. Thain is retired from the General Electric Company in Everett, Mass.

****

Also happy to be settled into their new home is Mr. & Mrs. Frank Acquaro of 226 Camino Street and their three children, Julie, Frank and Anthony. They arrived here from Newburgh, N.Y. Mr. Acquaro is employed with the Thurow Electronic's in Fort Pierce.

****

Fifteen guests, all children and grandchildren of Floyd Lamont of 415 Poplar Avenue have been visiting in his home for the past week. They include the Baker family and the Lamont-Bailey family. Members of the Baker family are Leatrice and Merle Baker and their five children, Nancy, Barb, Tom, Ellen, Chris and their puppy Sammy, also Grandma Baker, all from Elmhurst, Illinois.

Members of the Bailey-Lamont family are Helen and Greer and their five children, David, Nancy, Bobby, Colleen and Carol from Jeannette, Pa.

Mate's went by car.

An enjoyable time was had by all, after lunch, some went in the pool while others playe. shuffleboard. The weather held out well, until mid-afternoon when storms threatened and those in boats left for home.

The flotilla meeting for August will be Thursday, the 24th at 7:30 p.m., at the Marina. Visitors are welcome.

The weekly tournament of the Port St. Lucie Men's Association was held on Saturday, August 18.

Play consisted of an individual effort with full handicap system down into two flights. Results were:

Class A: Mel Seeley, 1st, with a net 68; Al Van Hostrand, 2nd, '73; Arch Gates, Walt Wilmas, and Frank Holden tied for 3rd, with a 75.

Class B: Dan Westfall, 1st, Phil Ansel, 2nd; Julian Hood Art Sprague, tied for 3rd; and J. Fraad, Jr., Jim Wilson, Charlie Helmer, Harry Lohman, tied for 4th.

Personals

****

We extend a special welcome to the following newcomers to Port St. Lucie:

Mr. & Mrs. Harold Roberts of 419 Coconut Avenue. They moved here from Clinton Corners, N.Y. They have one married daughter living in New York and a total of three grandchildren. Mr. Roberts was formerly with the Chase Manhattan Bank.

****

Mr. & Mrs. Henry Dana who recently moved in at 161 Princess Drive from Staten Island, N.Y. The Dana's have two boys, Andrew age 6 and Kevin age one. Mr. Dana is employed with the Aamco Transmission Company in Ft. Pierce.

****

Mr. & Mrs. Wilbur Dabney of 102 N.E. Tunison Street, moving here from Alexandria, Va. Mr. Dabney is a Union Iron Worker with the West Palm Beach Local 402 and is working in Boca Raton.

****

After renting for seven months, Mr. & Mrs Royston Warren are happy to move into their new home at 158 Jardain Avenue. They moved here from Sayville, N.Y. They have two children, Gary 6 and Roy 4. Mr. Warren is employed at Grumman.

****

Moving here from Cahokia, Illinois is Mr. & Mrs. Malcolm Dees, now residing at 160 Bonita Ct. The Dee's have one married daughter living in Williamsburg, Va., also two grandchildren. Mr. Dees is retired from the Army, however, is presently working as a civilian in Army employ at Grumman.

****

Mr. & Mrs. Warren Thain of 108 W. Prima Vista Blvd.,

Mirror retains first place

A look at the Softball picture in Port St. Lucie as of this writing show the Jensen Beach Mirror on top of the League still undefeated. They are followed by Register, Economy Chemical Co. and Ft. Pierce Automotive.

The schedule for tonight and next week is as follows: Thursday, Register vs. Economy Chemical; Monday Ft. Pierce Automotive vs. Economy Chemical; Tuesday, Jensen Mirror vs. Register; Wednesday, Economy Chemical vs. Jensen Mirror; Thursday, Register vs. Ft. Pierce Automotive.

John Wood commissioned

John Wood, son of Mr. & Mrs. Allan Pitchford of Jensen Beach and a graduate of Florida State, received his commission as a 2nd Lieutenant at Fort Bragg, N.C., July 31st, after attending the summer ROTC encampment there.

In the absence of his family, the honor of pinning on the new Lieutenant's bars and giving him the first salute went to Sgt. John (Marty) Rehnberg, serving with the Security Police of the 4th Tactical Fighter Wing at Seymour Johnson AFB, N. C. Marty is the son of Mr. & Mrs. Thomas Rehnberg of Palm City.

ATTEST:
Margaret Booser, Secretary
PUBLISH: August 14, 21, 1969

John and Marty are longtime friends, having known each other since the sixth grade through graduation from MCHS in 1965, where both were outstanding in high school football.

Lieutenant Wood will go on active duty in September and will attend Armor School for officers at Fort Knox, Kentucky.

****

Mr. & Mrs. John L. Williams of 9 3rd Ave., and the John R. Williams of Hibiscus Drive had as their guests for the past two weeks, John L. Williams' brother and family, Mr. & Mrs. Fred Williams of Springfield, Ill., and their daughter and son-in-law, Mr. & Mrs. James Manslip and daughter Kim of St. Charles, Missouri. While here they enjoyed the beach, and fishing, took a tour of the Queen Elizabeth, and visited Cape Kennedy.

****

Winners

In a photo finish, Bob and Alice Hurley nosed out Mr. and Mrs. T.D. Kelly 110 to 109-1/2 at the Wednesday night duplicate bridge game at the Stuart Youth Center. Nine tables were in play.

Third were Betty Mans and Harold Willard, 106-1/2 points; fourth, Lou Collins and June Bowling, 94-1/2.

East-West, first, Frank and Irene Carpenter, 101; second, Jim Clark and Jay Mans, 100; third, Joe and Stella McCoy, 93-1/2, and fourth, Isabelle Taylor and Isabel McPherson, 90.

Game time on Wednesdays is 7:45 p.m. You are assured a partner if you come alone.

Bill Nordheim of South St., Jensen Beach, has been discharged from the Veterans' Hospital at Coral Gables and is now home.

IRJC orientation

August 20

Dean Charles W. Sample at Indian River Junior College has announced that new student orientation will be held in the gym beginning at 10:30 on Wednesday, August 20. All new students are required to attend this orientation.

At 12:00 noon on this day, new students will be the guests of the college for a pool-hamburger party. The pool party will end at 4:00 p.m.

JBWA has card party

Another in a series of summer card parties was held on Monday, August 18 at the Jensen Beach Woman's Association clubhouse.

Mrs. Ivy Wahl won the special prize, and the winner of the door prize was Mrs. Zillah Rhoads.

Hostesses for the card party were: Mrs. Marion Hill, Mrs. Geneva Seabright, Mrs. Hazel Houghton, Mrs. Olive Donaldson, and Mrs. Agnes Bond.

The next meeting of the club will be Tuesday, Sept. 2nd. There are card parties scheduled for the 15th and 29th of September.

Mirror survey in this issue

The 1969-70 Jensen Beach Mirror household questionnaire is included in this issue of The Mirror. The survey is conducted to provide information on the buying habits and desires of the residents of the communities served by The Mirror.

The last Mirror survey, in 1967, provided data that helped local merchants provide more and better services to the public, gave indications of the buying power of Mirror readers, and encouraged new businesses to open in the area.

Local residents will have an opportunity to win $200 in prizes by filling out the questionnaire. Names will be drawn to decide the winning entries, with the selection giving prizes of $50, $25, $15 and $10 individual prizes and twenty $5 prizes awarded.

All household questionnaires returned in the special, fold-up mailing piece will be eligible to win. All entries in the survey will be kept confidential, and the information in them will not be seen by anyone in The Jensen Beach Mirror office, according to Richard E. Campbell, publisher.

"We will receive the questionnaires from the post office, pick the winners, and ship the questionnaires, unopened, to the Institute of Modern Marketing in Boynton Beach. The institute will not accept opened questionnaires. Then the institute will compile the hundreds of thousands of statistics required by the survey, and then destroy the individual questionnaires. We will see only the results," Campbell said.

Races begin at 2 p.m.

Causeway is scene of Labor Day activities

A full day of family activities is planned for residents and visitors alike at Jensen Beach Causeway on Labor Day, according to Dean Tooker, president of the Jensen Beach Chamber of Commerce. Boat races, games and refreshments will provide the area's families with something to do on Monday.

Committees were recently appointed by Tooker to provide organized sports activities for the day. A highlight will be family boat races, starting at 2 p.m., with trophies provided for the racers in the various boat and horsepower classes. Heading the committee on boat racing will be Dick Campbell. Herman Reitz and Gene Pollard. Phil Baker and Pollard are in charge of registration of boats on the causeway, and Reitz and Leonard Smith are in charge of judging the races.

Don Wilkie, who was chief of the 1968 Labor Day activities on the causeway, will start serving hamburgers and hot dogs in the main cooking area around noon. Wilkie will be assisted by Gene Pfleger.

Games for the ten picnic pavilions along the causeway are being handled by June Rice, Betty Bruce and Betty Lewis.

The Jensen Beach Lions Club will sponsor races for boys and girls under 15 years of age, starting at 11 a.m.

The races will consist of 50-yard dash, potato race, sack race and wheelbarrow race. Boys and girls will be divided into two age groups, up to 11, and 12 to 15. Cash prizes will be given.

Lions committee members in charge of the races are Walter Redit, Jimmy Dean and Nick Pollard.

Other activities are planned, according to Tooker, who is overall chairman of the day.

The rules for the 1969 Labor Day family boat races will be the same as on July 4, according to co-chairman Reitz. The new format of the race will feature five different sprints, rather than the one-hour marathon.

The races will get under way at 2 p.m., with a boat captain's meeting set for 1:30 p.m.

Each race will be from five to ten laps on a course that will be about four miles long. The course will not be marked off until the day of the race due to the need to know the wind and weather conditions before committing the race.

Class 1 will be the first race. Boats must be at least 12 feet long, with 10 to 25 hp outboard motors. This race will be five laps around the course.

Class 2 will be eight laps around the course. It will include boats at least 14 feet long with 26 to 59 hp outboard motors.

Class 3 will be for boats 16 feet or longer, and outboard motors of 60 to 85 hp, running ten laps.

Class 4 will feature the largest boats in the family class, at least 18 feet long and with outboard motors of 90 to 125 hp.

Any boat may step up and run in a higher class after completing the class of the boat. This is up to the discretion of the driver.

All boats must be in the standard class, according to Campbell. The boats cannot have anything removed from their regular makeup and construction, such as seats, windshields, etc. Coast Guard safety equipment must be on board each boat.

Outboard motors must be stock, with the only leeway in the type of propeller used. Any propeller can be used on the boats.

Class 5 will be a sport boat class race for ten laps. The race has been set up to allow local family sport boats to compete, including ski boats. All must be single hull runabout style. No hydros will be allowed to compete in the race.

"There are plenty of races for the racing nuts in Florida. We must emphasize that this race is for the family boaters, the fisherman who like to compete, and there is no room for the professional hot-rodders in the race," Reitz said.

There will be length minimum on the boats in Class 5, and engines can be up to 125 hp, and must be stock fishing motors. No racing equipment will be allowed in this class with the exception of propellers.

Reitz and Campbell emphasized that the races are invitational, and the race committee would be the sole judge of the requirements of boats entered. "All boats and motors must meet the requirements of the race, or they will not be allowed to enter or participate," Campbell said.

County action

The county talked with members of the Seaboard Coast Line Railroad about crossings, and intimated bad faith in negotiations for crossings as the commissioners Tuesday faced an assistant district supervisor and SCRR attorney Evans Crary, Jr.

At issue was a crossing agreement made in 1946 which according to County Attorney Dean Tooker, allows the county to just "breath air". Tooker suggested that the agreements be revised due to their one-sidedness. Crary said that a contract was a contract, and it should be honored.

Crary agreed to talk to SCRR officials to determine a course of action agreeable to both parties on cost of signalization of crossings.

In other business, the county refunded a $340 bid bond to Dickerson, Inc., for completion of work in Jensen Beach or roads.

AGREED Commissioner Owens to take responsibility for disposal of the wood buildings on the back lot of the county courthouse. Owens suggested that the fire companies have fire drills with the buildings.

HEARD Tooker report that the site of the county jail could not be removed from the city limits of Stuart.

AGREED that riders be placed on five county insurance policies to keep them effective until next April when an annual date of county insurance policies will be established.

TABLED applications for utility licenses until the state notifies the county if a charge should be made for the leasing.

PASSED a "no objection" resolution to dredging of the St. Lucie River for construction of the Palm City Bridge for the Internal Improvement Fund Trustees.

HONORED Bob Padrick, retiring chairman of the Central and South Florida Flood Control District for his years of service on the board. Padrick will be saluted on Friday at a testimonial dinner at St. Lucie Country Club.

"THE GREAT ONE"--Jackie Gleason, famed television personality, right, was a Tuesday luncheon visitor of the Ralph Evinrude's at Frances Langford's Outrigger Restaurant this week. Pictured left to right are Ralph Evinrude and his wife, Frances Langford, guitarist Tony Romano, and Gleason's guest Miss Beverly McKittrick.

Will be changed

Tentative budget is up 1.310 mills over 1968

Martin County Commissioners wrestled with their consciences and the rising cost of the facts of life on Tuesday and passed a "tentative" budget for public hearing that increased the taxes 1.310 mills, from 6.945 mills to 8.255 mills.

Commissioners debated the increased sheriff's budget, a part of the fine and forfeiture fund, and were advised by the county attorney that they could not cut the budget due to their late action. Any revision of the budget would have had to have been made by August 1, and made by the item. Attorney Dean Tooker said that an appeals court in Tallahassee would grant the sheriff's request "without hearings".

A change is planned for the Civil Defense budget, according to reactions by Commissioners Owens and Myers, who will discuss their ideas at the public hearing on Sept. 5.

Commissioner Frank Wachs, finance officer of the group, made a presentation in which he said the natural growth of the county would have offset the increased cost in government except that the 1969 legislature passed on many expenses to the county that have never been there before. This included Medicaid. Increased costs of insurance through loss of sovereign immunity, loss of gasoline tax revenues, and required purchase of more voting machines.

Sitting through the session was Senator Beth Johnson, who represents the district of which Martin County is a member.

In the sheriff's budget, commission chairman Bill Hussey reported that the sheriff was "very cooperative" about making some economies in the operation of his department to bring the cost down. Hussey said the "economies" included the central purchase of automobiles, and agreed that the budget of the sheriff could not be changed at this late date.

STATE DEMOLAY CHAMPS--Winners of the State Softball Dekinsky Championship are pictured above. They are members of the Acacia Chapter, of Stuart and Jensen Beach, who reached the finals in Hollywood, Fla., August 10-14 in the elimination contest which has been continuing during the past year. Left to right, first row, are, Butch Snyder, Randy Luce, Mel Walker, Don Shoorna and Whitney Lavens. Back row, Chapter Dad Chris Kalb, coach; Ken Walker, Curtis Sprague, Jimmy Chason, Ralph Comstock and Kraig Johnson. Not present for picture are team members David Pilley, Wally Bostetter and Lee Harris.

Court of honor

There will be a court of honor to recognize 25 advancing boy scouts of Troop 801 this Thursday night at the Community Church in Jensen Beach. The presentation, to which all friends and parents are invited, according to George Marcus, scoutmaster, will start at 7:30 p.m.

The awards, merit badges and various rank badges will be presented by Richard E. Campbell, local neighborhood commissioner. Twenty-five boys will receive 78 awards.

Jackie Gleason visits in Jensen

Jackie Gleason, "The Great One" visited the Ralph Evinrudes and friends in Jensen Beach Tuesday. The noted television personality, known as Florida's "most celebrated son" stopped by to visit with singing star Frances Langford and guitarist Tony Romano. Gleason, arriving in his specially built Lincoln Continental, was accompanied by Miss Beverly McKittrick.

Lunching at Frances Langford's Outrigger Restaurant, Gleason sat in the honor seat at the round table. Looking thin and tanned, the television star reminisced with Miss Langford and Romano about past show business experiences.

"Now that I know you all are here in this beautiful area I'll be up to visit more often," Gleason said.

Outside the restaurant, tourists looked at the chauffeur-driven Continental. Built by the Ford Motor Company to Gleason's specifications, the car was the center of attraction, from the monogrammed initials on the side, to the battery-operated television set, stereo tape deck, radio on a console that, with the press of a button, moved forward to the plush seat, revealing a complete bar and refrigerator.

Ralph Evinrude, Outboard Marine Corporation executive, said it was the first time he had met Gleason.

"He is a fine human being with a big heart. He wanted to see Mama Langford to wish her health and happiness," Evinrude said.

Gleason and Miss McKittrick were traveling in Ocala when they decided to drop into Jensen Beach to visit. They left Tuesday afternoon at about 4 p.m.

SENATOR IN TOWN- Senator Beth Johnson visited the Martin County Commission meeting Tuesday and upon arrival was welcomed by County Commission Chairman Bill Hussey and Commissioner Bill Myers. Senator Johnson asked for the help of the commission in properly representing a small county's interests in the Florida legislature. The Senator was questioned by county commissioners who desired information on bills passed in the last legislature affecting the small counties. She answered some of the questions and promised more information to be sent to the commissioners on those she was unable to answer. Following the meeting, the Senator was entertained at a luncheon by local Republicans.

Kirk to speak Friday

Governor Claude R. Kirk, Jr., will arrive at Witham Field, Stuart, at 10:15 a.m. on Friday, Aug. 29, to take part in the day's activities in Indiantown.

Gov. Kirk will be on hand to speak at the groundbreaking ceremonies of the new $2 million Florida Steel Plant at 11 a.m.

Following a tour of Indiantown, Gov. Kirk will be the main speaker at installation ceremonies for new officers of the Indiantown Chamber of Commerce at Seminole Inn at 12:15 p.m. County Commissioner Elmer Powers will be master of ceremonies.

The governor will return to Stuart City Hall at 2:15, tour Grumman facilities at 2:30 p.m., and attend a reception at 3:15 p.m. at Holiday Inn, Stuart.

He will depart Stuart at about 5:00 p.m. from Witham Field.

Causeway bulkhead will extend

The bulkhead on the south side of Jensen Beach Causeway will be extended soon, according to action taken by the county commission Tuesday. Commissioners agreed to advertise for bids to build a bulkhead or retaining wall to the east of the present wall.

Commissioner Frank Wachs asked for the bid, saying that the causeway was being eroded to the south. Though the county has rights-of-way that extend 200 feet into the Indian River, the wall, if it follows the line of the present wall, will be only about 150 feet from the centerline of the road on the causeway.

Fund sent to Camille victims

When "Pompano Chief" (The Dog Man) Sollmer died several years ago in his small dwelling on Hutchinson Island, a memorial fund of $68 was collected. Of this, $50 was spent for a marker for his grave.

The balance of $18, which has been in bank during this time, has been sent to the Salvation Army to assist the victims of Hurricane Camille, according to Hal Lorenz, acting Jensen Beach Postmaster.

Adult courses registration set

Sept. 8, 9 and 10 have been designated for registration dates for the Martin County Adult Education courses for all adults who are not credit students.

Registrations at the Adult Education office at 2400 S.E. Ocean Blvd., Stuart, will be from 7 to 9 p.m. Classes will begin the week of Sept. 15.

About 30 courses are offered including General Education Development for persons over 20 years of age who wish to secure high school diplomas.

***

The Martinette Bowling League will hold its organizational meeting at the Jensen Lanes Tuesday, Sept. 2 at 7:30 p.m. All members are urged to attend as rules and regulations will be voted on. Bowling will start Sept. 9 at 7:00.

IRJC adult education registration

Registration at Indian River Junior College for continuing and adult education will take place Tuesday through Friday, Sept. 2, 3, 4, and 5 from 9 a.m. to 5 p.m.

A schedule of courses is available at the college.

Continuing education programs include the State High School Equivalency Diploma, (G.E.D. Test); Adult high school; Adult non-credit courses and regular college (audit) courses.

Continuing education opportunities are available on-campus as well as off-campus. Off-campus courses are to be held at appropriate community locations throughout the four-county area. Registration for off-campus courses are held at respective off-campus locations immediately preceding each class period on a continuing basis.

Community services seminars are offered throgt the year as a public service both on and off campus. Arrangements may be made for these workshops by special promotional groups, industrial groups, or community groups.

***

Gov. Claude Kirk will be in Martin County on Friday, Aug. 29 to take part in the groundbreaking ceremonies for the new Florida Steel plant in Indiantown. He will also be guest speaker at the installation luncheon for the Indiantown Chamber of Commerce.

Jensen Lions present 'Winter Haven Story'

The Jensen Beach Lions Club will present "The Winter Haven Story" on Tuesday night, Sept. 2, at The Anchorage.

The presentation is a perceptual testing and training program developed by the Winter Haven Lions Research Foundation and is now being used in over 4,000 schools. It is for the training of early childhood learning.

The local Lions Club has approved payment for materials needed to provide the program at Jensen Beach Elementary School, subject to the approval of principal Dale Clark, who will attend the meeting. H. H. Philbrick, president of the Stuart Lions Club, will also attend.

Lion Nick Dellard, chairman of the Civic Improvement committee, will present the program.

President Pat Ward will preside over this first meeting of the season which will get under way at 7 p.m.

Center of Attention on the Bank Card Scene

Bank credit cards are in the midst of an era of unprecedented growth. Never before have as many banks been as active in the field as there are now. News is constantly breaking about the credit card plans of another bank or group of banks. In this swirl of activity, no one card has received more attention than Master Charge, and most, if not all, of the newest bank card associations have adopted it or announced intentions to adopt it.

National attention was first focused on Master Charge when it was announced as a creation of the California Bankcard Association in July, 1967. The association, which later became Western States Bankcard Association, was founded in 1966 by four San Francisco-based banks to compete with Bank of America's BankAmericard. The four banks were Bank of California, Crocker-Citizens National, United California Bank and Wells Fargo Bank, and by the time they announced Master Charge there were 73 California banks sponsoring the card.

But halfway across the country in Louisville, Ky., another card with Master Charge name was already in operation. Founded in December, 1964, the Louisville Master Charge was a locally owned retail card. In May, 1967, First National of Louisville purchased the system and set about to streamline it and automate it. First National wanted to develop its Master Charge as a regional retail card and perhaps franchise it to some of its correspondents. It did this, expanding the card in Kentucky and Indiana.

The California and Louisville Master Charge groups became aware of each other's existence (and mutual interest in the Master Charge service mark) in the spring of 1967. But each was too deeply immersed in plans to promote their respective card systems to think seriously about resolving the matter. In California, the red-and-gold Master Charge card made a booming impact on the bank card scene, rolling up successes beyond predictions in every area—merchants, cardholders and sales. In Louisville, First National shined up its Master Charge acquisition, gave it a new fine-and-white card format, and likewise met with success at every hand.

The California Master Charge expanded into neighboring states and its parent organization soon was renamed Western States Bankcard Association. First National of Louisville began signing up banks in Kentucky and Indiana. But both realized that until the duality of cards was settled, the real growth potential of Master Charge might be hampered. Thus, in June, 1968, an agreement was reached between First National of Louisville and Western States Bankcard Association.

Exact terms of the agreement were not disclosed, but subsequent developments have clarified the situation. First National has adopted the red-and-gold format of the Master Charge card is still granted to any bank that requests it and the ranks are swelling daily.

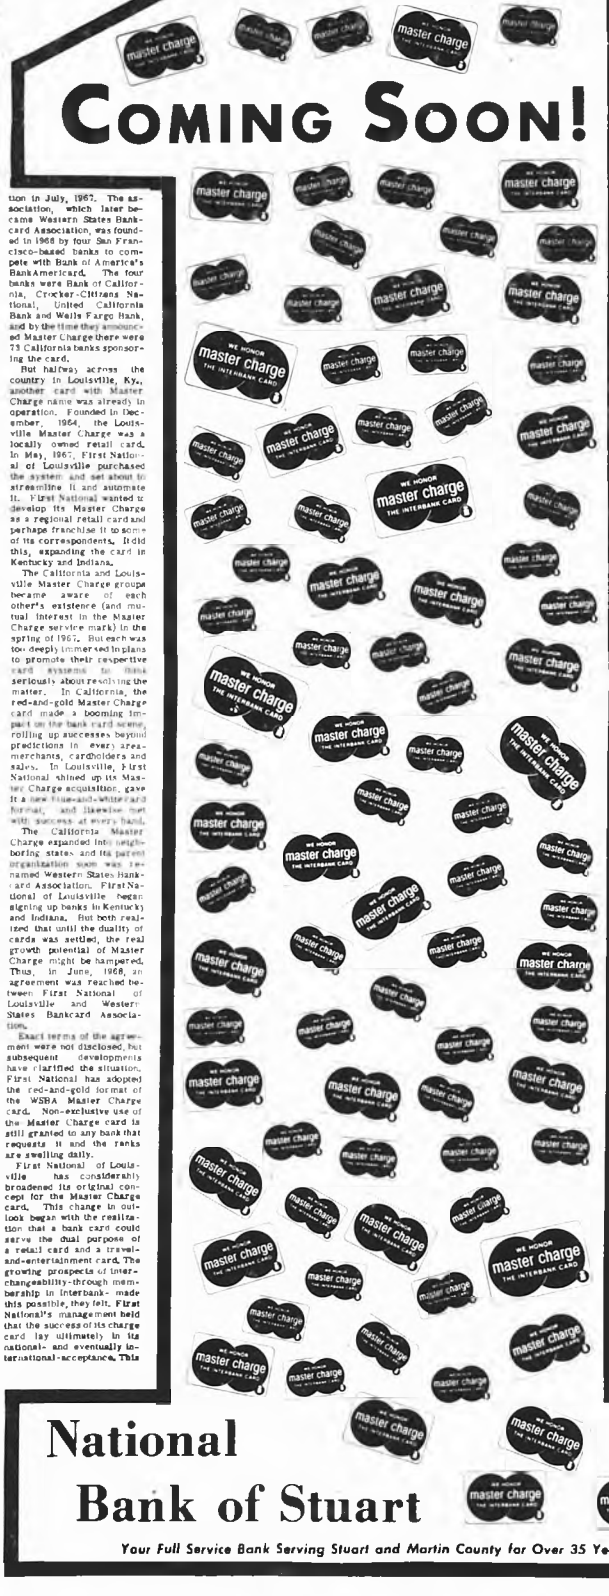
First National of Louisville has considerably broadened its original concept for the Master Charge card. This change in outlook began with the realization that a bank card could serve the dual purpose of a retail card and a travel-and-entertainment card. The growing prospects of interchangeability through membership in Interbank made this possible, they felt. First National's management held that the success of its charge card lay ultimately in its national- and eventually international-acceptance. This is what the consumer wants, they said.

It was on this basis that First National began to encourage the spread of Master Charge in the south and midsouth. It spearheaded the formation of the Southern Bank Card Association, now active in Kentucky, Tennessee and Mississippi. Chairman of the group is T. Scott Fillebrown, executive vice president of First American National Bank, Nashville.

Master Charge is attractive for several reasons, says Fillebrown. Local identification and flexibility are important considerations, he notes, and the card's performance against competition and public acceptance are particularly impressive to association members. Fillebrown points to the interchangability feature of Master Charge with Interbank membership as a necessity and adds, "The trend was apparent (to the Southern card group) that Master Charge would rapidly become the dominant Interbank card."

Southern Bank Card Association is grouped together to share in the production of basic advertising with the hope of standardizing the marketing impact of Master

COMING SOON!



ST

Charge in the south and southeast, according to Fillebrown. The association is not presently considering a joint authorization and computer center. Response to a fall promotion was tremendous, Fillebrown reports, and all member banks have experienced outstanding reception by cardholders—still exceeding original expectations.

Meanwhile, in the West Coast, WSBA membership has increased to 145 banks in all states (California, Nevada, Utah, Washington, Oregon and Wyoming). According to WSBA figures, Master Charge banks have turned over [illegible] to 37 slams at the end of November, 1968. That figure is probably outdated already. Representatives of the 50 states participated in the middle of the year.

One of the initial breakthroughs for Master Charge on the east coast came with the association's move in June, 1968, that Valley National of Arizona and signed the card. This was followed shortly by the formation of the Eastern States Bankcard Association, a creation of some New York banks, including Chase Manhattan, Manufacturers Hanover Trust and Marine Midland. Groups in Texas, which will issue Master Charge cards in all states, and expects to be operational in the spring. Edward H. Bonekemper, executive vice president of Interbank, heads the association, which has already signed up many banks in New Jersey and New York state. One of the most significant alliances for Eastern Master Charge came last year when Marine Midland Banks, Inc., of Buffalo announced plans to convert its Midland Charge Plan to Master Charge and join ESBA. The move brought more than [illegible] cardholders into the association. Midland's card had been in operation since 1953.

Just before the Midland announcement, the banking world heard more exciting news that First National City Bank, New York, third largest bank in the country, would convert its 4-million card to Master Charge. Citibank officials pointed to the advantages of national and international interchange in announcing its switch to Master Charge and joining of Interbank. The ranks of Master Charge cardholders will swell to 15 million with the addition of Citibank.

In September of 1968, another section of the country was covered by Master Charge when the formation of the Southeast Bankcard Association was announced. Four charter banks originated the association—Bibb National of Atlanta, First National of Columbus, Georgia Bank of Macon and Savannah Bank. Southeastern chairman is Malcolm Bell, Jr., president of Savannah Bank.

Mrs. Emily Ewing, (Aunt Em) was guest of honor at a surprise birthday party at the home of her daughter and son-in-law, Mr. & Mrs. Thomas Woods, Sat., evening Aug. 23. Aunt Em, whose birthday was really Aug. 22, was taken completely by surprise when friends and neighbors arrived to congratulate her on the occasion of her 84th birthday. Besides the large number of beautiful cards, Aunt Em also received many lovely gifts, checks, and cash. A very enjoyable evening was spent at cards, after which cake and ice cream were served. Present for the evening were Mr. & Mrs. Dick Taylor, Mr. & Mrs. Otto Chihasz, Mrs. Helen Richards, and Mr. & Mrs. Tom Cook.

••••

Mr. & Mrs. Tyree had a party of six in their boat recently and had quite a successful day, having come home with 65 sheepshead, which weighed a total of 65 pounds, Mrs. Tyree said they really had fun for about two hours.

By the way, the Tyrees had a wedding anniversary last week so they splurged and bought themselves a new Plymouth 'Fury.' Mrs. Tyree says the new car is not for fishing.

••••

Alma Ralsch returned to her home on Arborvitae Aug. 16. Mr. & Mrs. Al Knudsen live near her at Ravenna, Ohio, so the Knudsens travel with Alma. Alma has a mobile home in a nice trailer park at Ravenna which she shares with her sister when she is there.

••••

Mr. & Mrs. Al Knudsen have been busy cleaning up their trailer and the yard since their return, and they are doing a good job. The Knudsens visited friends and relatives during the two months they were away. Ravenna is south of Akron so escaped the worst of the July 4th storm, however, Mrs. Knudsen says her brother-in-law's wheat and oat crops were more or less flattened, but they recovered somewhat so that he was able to combine all the wheat and oats before the rains started again.

Fitzgeralds visit Artic explorer

Airline Mobile HomePark, South Dennis, Mass., 02660, Aug. 12:

"I promised to write to you during the summer but the days, regretfully, are passing all too quickly.

"Yesterday we paid our annual visit to Provincetown (on the tip end of the Cape) and spent the afternoon with our old friends, Admiral Donald B. MacMillan and his charming wife, Miriam. Admiral MacMillan, as you know, is a well known Arctic explorer, a lecturer and an author of note. Almost 95 years of age (he will be on November 10th) he is in surprisingly fine health and it was a pleasure to see and talk with him again in his lovely home on the water's edge, surrounded by so many momentoes of his numerous trips to the frozen north. He was a member of the exploration party many years ago when Admiral Peary 'discovered' the North Pole, and has led many scientific trips since, at one time spending three years in Etah, within forty miles of the topmost corner of the world.

"Recently Mac was invited by Walter Cronkite to visit Cape Kennedy and bid good luck to the astronauts before their take-off to the moon, but Miriam considered the trip too ardous, however, the three astronauts (as fellow explorers) sent him a telegram of greeting which was shown to us.

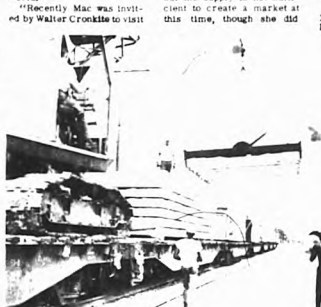
"After his marriage, Miriam accompanied him on several expeditions and between them they sponsored a Mission school for Eskimo children in Nain, Laborador, which is the pride and delight of Miriam's heart.

"We were fortunate to greet Katie Hettish, a teacher in the Eskimo school. She had brought with her many pictures painted by the Eskimo children which are now on display at the Boston Museum of Fine Arts. Katie told us these children are extremely gifted in art work and need but little guidance. They seem to capture the true spirit of the north country and always get much 'action' in their work, which is something difficult to accomplish, as any artist can testify. She said the demand to buy the material is great; but the supply is not sufficient to create a market at this time, though she did promise to bring me a sample gift next summer and this will certainly grace the walls of our trailer at Ocean Breeze.

"Katie said the Canadian government since 1957 has ruled the Eskimo children be taught English, a language they pick up very easily. Katie explained that they can pronounce and read English almost perfectly, but it takes time and patience for them to assimilate the actual meaning of the words. The children live at the Mission during the long cold winters, but depart for their homes during July and August, and it is then Katie takes her well-deserved vacation. In Provincetown, something she regards as a bonus for her hard work as a teacher and headmistress of the school. She told us, laughingly, that the teen-age Eskimo girls are quite modern and are devotees of the mini skirt. She said it is quite amusing to see them with their feet encased in heavy snow boots, yet wearing a mini skirt that is inches above their knees.

"We spent a delightful afternoon with our old friends, who deserve so much for their devotion to the Eskimos and their valued contributions to the history of the Northland. It has been a rugged life for the Admiral, but his wealth of experience provide many happy hours in retrospect.

"With all good wishes for your summer, Sincerely, Mary Jo Fitzgerald."



SLOWLY NOW- We caught the crew at work laying ties for the new tracks on the western border of Ocean Breeze Park. These reinforced concrete ties look as if they must weigh half a ton each. The crane unloads eight of these at a time and spaces them at the correct distance apart.

93 YEARS YOUNG—Sarah Miller, sister of Mrs. Harry Hoke, celebrated her 93rd birthday on August 29. In the picture she is looking at one of the birthday greeting cards she has just received.

Personals

Mrs. Ruth Griffith, who spends her summers in Dunedin, Fla., drove over Monday, Aug. 11, to spend the day with her sister friend and neighbor, Mrs. Gladys Stevens of S.E. Second Ave.

••••

Jimmie and Maureen MacFarlane of Willistone Park, N.Y. are visiting with Jimmie's grandparents, Mr. & Mrs. Bob MacFarlane of Skyline Drive and his maternal grandmother, Mrs. Helen Schneider of Almond St., O.B. The young couple who are on a two-week vacation hoped to go to Nassau if Debby did not interfere with their plans.

••••

Tommie and Everett Garrett have moved to their new home at 213 Sunview, Jensen Beach. Their many friends will miss them, but wish to convey best wishes and happiness in their new home.

••••

Raymond Adrean of Lubback, Texas arrived by plane Friday, Aug. 15th to visit with his parents, Mr. & Mrs. Walter Adrean of Skipper. Raymond is a claims manager for an insurance company. He says he always enjoys the beach and fishing in this area. He left for home Aug. 25.

••••

Gladys Marie Shaw of N. Miami Beach, spent last weekend with her aunt and uncle, Mr. & Mrs. Dave Donaldson of 7th Ave.

••••

Fred and Bernice Malsh returned Wed., Aug. 20 from a five week visit to their many relatives and friends in Michi., Wisc., and Va. The Malsh's left here early the morning of the Apollo II launching, and drove to Titusville, where they managed to get excellent parking facilities to get a good view of the take off. Stopping in Battle Creek, Mich., they stayed with Bernice's sister and brother-in-law, and while there they attended a family reunion of the Gorins family, where about thirty were present. They attended another reunion for her sister's family with 16 present at the dinner.

After that they visited Mildred and Ann Berwick who spent their winters here, as well as the Bowels (Ralph and Ruth) who spent last winter on 7th Ave.

Leaving the Battle Creek area, Malshs spent some time in Grand Rapids, renewing friends and acquaintances. Then on to Milwaukee, Wisc., to visit their daughter and son-in-law for ten days. They visited with the Warnes, Lester and Minnie, also of Ocean Breeze; and the Gordons of Indian River Drive.

Finally leaving Wisc., they came on to Crewe, Va., and stayed with Mary and Luther Weeks, taking side trips to see Ann and Slim Saunders and the Schaubachs, all of whom spend their winters in Ocean Breeze.

They report a very pleasant trip, and are now busy getting settled in their home on 8th Ave., again.

••••

Due to ill health, Irene and Hardy Williams had to return home to Ocean Breeze Aug. 18, with their proposed trip incomplete. Sorry it turned out that way. Hope they make another time.

Ocean Breeze News

by Nellie and Tom Cook

Phone 287-5312

Tawas, Mich. During the two months the LaDues were away they sold their home and from Sweetcorn Ocean Breeze will be their permanent home.

****

Early Monday morning, Aug. 25, Lora Keith fell and presumably broke her ankle. She was taken to Martin Memorial Hospital by the Park ambulance.

****

On her return from Cleveland, Ohio, where she had driven alone by car, Laura Wright stopped over to visit her friends in O.B. Tuesday, August 19. Geneva Deitz accompanied Laura to Miami, where they visited friends, and returned here Aug. 21. Laura left again the same day for her home in Seminole, Fla. Laura said the traffic was terrific this year as she journeyed north, and there were times when the cars travelled bumper to bumper.

****

Mrs. Beatrice Barritt accompanied by her friends, Agnese Corliss and Marie Tweed drove to West Palm Aug. 24. After doing some shopping the ladies drove to the home of Kirk and Lilla Stimpson of Cresthaven Villas, and found both Kirk and Lilla in good health and enjoying the swimming pool very much these hot days.

****

The sympathy of the people of Ocean Breeze is extended to the survivors of Bill Salger, a former resident of the Park for a number of years. Bill passed away in Martin Memorial Hospital Tuesday, Aug. 19, at the age of 76 years. Bill, whose home state was New York, lived with his wife, Hazel on 5th Ave., S.E., for a time, then bought a home near Stuart only to return to O.B. with a larger trailer and live on Indian River Drive. Again they moved, buying a home in south Jensen. Hazel preceded him two years ago. Bill was an ardent photographer, and fisherman, and made many friends from his desire to meet the needs of others. He was buried Aug. 22, from the Lehi Church, of which he was a member.

****

Mrs. Helen Richards enjoyed a visit from her daughter and son-in-law, Mr. & Mrs. K.L. Lachner, of Jacksonville this past week.

Lachner is retired from the Navy, and is now employed as Airplane Parts Manager at Cecil Field.

****

Ocean Breeze Ambulance, Inc., wishes to thank Cliff's Standard Service, for a gratitious complete service job on their ambulance.

****

Mr. & Mrs. Dan Jarvis and their son Jerry Mather returned to their home on Metaleta Dr., Aug. 6. Dan drives the bus for St. Joseph's College and Martin County. Jerry attends high school. The Jarvis have spent the summer visiting friends and relatives in Ohio Indiana, and Michigan.

****

We get letters . . .

From Mr. & Mrs. Henry Dorring, who are presently at Huntington Beach, Calif., Aug. 16:

"We much enjoyed the visit of John and Helen Harlacg and Betty MacNab last week. They join us in greetings to O.B. friends. Next week our niece will take us to see John and Gladys Gilbert. Later we will visit Henry's brother Paul. We are enjoying perfect weather but we still think flying is for the birds."

****

From Mrs. Ada Germann who recently took a European tour. She expects to be back to O.B. towards the end of Sept., she writes in a letter to her one-time neighbors, Irvin and Leta Keith.

****

From Mrs. Lila Ehrmann, 807 Hazelton, Flint, Mich., 48503, Aug. 17th

"You'll be interested to know Read Olsen had surgery July 28. She is recuperating at home--303 Connecticut Dr., Erie Pa., 16505. They get The Mirror.

"I was hospitalized May1, for two weeks and in intensive care for four days. I am feeling better now, Earl's sister, Pearl Harrison, fell and broke her hip July 14, she had a new ball and socket inserted. She's still in the hospital at Terra Haute, Ind.

"On our way to Frankfurt, Mich., for our family reunion, we called on the Reeses. They were both fine and going to square dances, Jack Kinker is well, too."

****

A few lines from Stella Ollinger, Sutton, Neb., 68979, August 19:

"We enjoyed your account of your cement bath, Tom. "Roy is getting along fine and has gained strength every day. He goes to his doctor for the final check Aug. 22. He does feel back to normal and has mowed the yard once.

"Early in Sept., we go to Rochester, Minn., to see Roy's sister and her husband, Dr. Figi, and it won't be long before it is time to go south again."

****

A card from Frank and Sally Van Halle from Mass., Aug. 19 to say they are having nice weather and they enjoy having their travel trailer with them. It solves many problems.

****

Mrs. Minnie Schaefer received a letter from Sylvia Sarberry saying that Bill Dunbar of Pepper St., is a patient in a hospital in Cleveland, Ohio. Best wishes for a speedy recovery, Bill.

****

Mrs. (Ruth) Geeter received word from Mattie Parker-son that she is feeling much better now and just starting time till they can get back to O.B. Mattie also said that Vivian Hill had to return to the hospital Aug. 13, for more heart checks. Vivian, too, is anxious to get back to her Florida home. Mattie concluded by saying that Charlie is busy with his lovely garden.

****

From Rose Tremary to Freda Peterkin,

"I am so glad you missed the hurricane. I read in The Mirror about your lovely new trailer. Wow!

"I am really very fortunate. I can take walks, go up and down stairs, with very little difficulty, and can do everything but work, and I guess that's just laziness. We both read The Mirror as soon as it arrives and got a good laugh at Tom Cook's escapade in the cement--you should have turned the hose on him! I think of you all at O.B. with much affection."

****

From Eunice King to the Cooks:

"No hurricanes up here. It is nice and cool. Would like to stay until Oct., but want to get my business going by that time. Hope you are all well."

****

From Mr. & Mrs. John Baker, RD 2, Mifflintown, Pa., 17059, Aug. 15, to the Tyrees. Mr. & Mrs. Baker are at Mifflintown again this summer and John is enjoying himself helping with the fruit harvest. He writes:

"We are staying in Mr. Ebright's Holiday Rambler and it is very nice. We are enjoying warm days and cool nights, and have used a blanket every night.

"This is a large fruit farm- peaches, plums, apples, pears, also sweet corn. We have been eating corn about every day so we will be well cornfed.

"Mr. Ebright has a large storage plant and has about a thousand baskets of peaches and plums stored. They only stay in the cooler two or three days as they sell between two and three hundred baskets a day. I have been helping at the fruit barn and sure have been eating peaches.

"We expect to return to O.B. late in Sept., if we are able to get there. Mae has canned peaches, cherries and made cherry hash and raspberry jelly so we will be loaded. We are both well and having a nice time."

****

From Ursula and John Tognerl, Aug. 18th:

"We attended our granddaughter's shower. She is getting married Aug. 30, I am to make her a lace dress for the wedding. Temperature is in the upper 80's but is a relief to us. We are enjoying the fresh vegetables and we are both feeling well. John is doing a bit of painting for Peg and his brother."

Deaf swimmers win medals

In the August 14th issue of The Mirror, we told of Mrs. Cecile Harlow's daughter, Barbara Flower, taking a contingent of U.S. deaf swimmers to the International Deaf Olympics at Belgrade, Yugoslavia.

Mrs. Harlow, today, received a card from her daughter with the exciting news that her group had been very successful and had brought home 11 gold medals, six silver medlas and seven bronze medals. In addition to this outstanding achievement they broke ten world records for deaf swimmers.

A total of 187 deaf athletes from the United States participated and at the close of the Olympics, two thousand sat down to the farewell dinner. Barbara was co-coach and co-chairman to her group of six girls and nine boys.

It is only natural that Cecile Harlow should be very proud of this achievement for she and her husband, Bill, now deceased, had each devoted 35 years of their lives to teaching the deaf at the Kendall School for the Deaf at Washington, D.C.; the Pennsylvania School for the Deaf at Philadelphia; and the New Jersey School for the Deaf at Trenton.

Mrs. Harlow further explained that many people are inclined to think deaf people are lacking in intelligence. She says this certainly is not so, for she and Bill found them superior to the average. On account of their handicap, they sometimes may not understand what is required of them and their momentary confusion is misconstrued. Furthermore she said, some employers prefer a deaf person as they are not distracted by noises and so are more diligent workers.

Art Baynes' attend Michigan-Florida picnic

From Art & Elsie Baynes 1538 Henrietta, Birmingham, Mich., 48009

"We are so happy Camille did not pay you a visit on her way north.

"We have just returned from our Michigan-Florida picnic, where some forty friends gathered at Stony Lake Park, just outside of Oxford, Mich. Each arrived with a well-filled basket. We have had such a wonderful day we thought we would like to share our joy with our good friends in the park.

"Our homes are scattered throughout southern Mich., and on the 2nd Sunday in August we gather to eat, visit, and talk over the summer happenings. Inevitably, the question arises as to when we are heading back south. The consensus of opinion seems to be there will be a mass migration from Mich., to Ocean Breeze about Nov. 1.

"The Amburns, Shotwells, Geberts, Ramseys, Sanders, Grays, Farriers, Baynes, the Carl and Leonard Carlsons and Mrs. Harry Miller, plus children, grandchildren, and great grandchildren were present.

"It was a perfect day, and as the sun began sinking in the West we bid all goodbye, saying, "See you in Ocean Breeze."

GROWING UP—This happy family of Mallard ducks was acquired by Gene Hoke when they were seven weeks old. When the picture was taken they were happily quacking and swimming in their own private pool. The fence is now removed and the duck family are quite content to stick around the place where they have every convience a duck can desire. Gene and Ruth hope this people in the park will not encourage them to cross the road by putting out feed for them. The females of the previous flock were killed by crossing the street.

Mrs. Emily Ewing, (Aunt Em) was guest of honor at a surprise birthday party at the home of her daughter and son-in-law, Mr. & Mrs. Thomas Woods, Sat., evening Aug. 23. Aunt Em, whose birthday was really Aug. 22, was taken completely by surprise when friends and neighbors arrived to congratulate her on the occasion of her 84th birthda.. Besides the large number of beautiful cards, Aunt Em also received many lovely gifts, checks, and cash. A very enjoyable evening was spent at cards, after which cake and ice cream were served. Present for the evening were Mr. & Mrs. Otis Taylor, Mr. & Mrs. Otto Chihasz, Mrs. Helen Richards, and Mr. & Mrs. Tom Cook.

****

Mr. & Mrs. Tyree had a party of six in their boat recently and had quite a successful day, having come home with 65 sheepshead, which weighed a total of 65 pounds. Mrs. Tyree said they really had fun for about two hours.

By the way, the Tyrees had a wedding anniversary last week so they splurged and bought themselves a new Plymouth 'Fury.' Mrs. Tyree says the new car is not for fishing.

****

Alma Kalsch returned to her home on Arbor vitae Aug. 26. Mr. & Mrs. Al Knudsen live near her at Ravenna. Otto, so the Knudsens travel with Alma. Alma has a mobile home in a nice trailer park at Ravenna, which she shares with her sister when she is there.

****

Mr. & Mrs. Al Knudsen have been busy cleaning up their trailer and the yard since their return, and they are doing a good job. The Knudsens visited friends and relatives during the two months they were away. Ravenna is south of Akron so escaped the mire of the July 4th storm, however, Mrs. Knudsen says her brother-in-law's wheat and oat crops were more or less flattened, but they recovered somewhat so that he was able to combine all the wheat and oats before the rains started again.

Fitzgeralds visit Artic explorer

Airline Mobile HomePark, South Dennis, Mass., 02660, Aug. 12:

"I promised to write to you during the summer but the days, regretfully, are passing all too quickly.

"Yesterday we paid our annual visit to Provincetown (on the tip end of the Cape) and spent the afternoon with our old friends, Admiral Donald B. MacMillan and his charming wife, Miriam. Admiral MacMillan, as you know, is a well known Arctic explorer, a lecturer and an author of note. Almost 95 years of age (he will be on November 10th) he is in surprisingly fine health and it was a pleasure to see and talk with him again in his lovely home on the water's edge, surrounded by so many mementoes of his numerous trips to the frozen north. He was a member of the exploration party many years ago when Admiral Peary 'discovered' the North Pole, and has led many scientific trips since, at one time spending three years in Utah, within forty miles of the top-most corner of the world.

"Recently Mac was invited by Walter Cronkite to visit Cape Kennedy and bid good luck to the astronauts before their take-off to the moon, but Miriam considered the trip too arduous, however, the three astronauts (as fellow explorers) sent him a telegram of greeting which was shown to us.

"After his marriage, Miriam accompanied him on several expeditions and between them they sponsored a Mission school for Eskimo children in Nain, Laborador, which is the pride and delight of Miriam's heart.

"We were fortunate to greet Katie Hettiah, a teacher in the Eskimo school. She had brought with her many pictures painted by the Eskimo children which are now on display at the Boston Museum of Fine Arts. Katie told us these children are extremely gifted in art work and need but little guidance. They seem to capture the true spirit of the north country and always get much 'action' in their work, which is something difficult to accomplish, as any artist can testify. She said the demand to buy the material is great, but the supply is not sufficient to create a market at this time, though she did promise to bring me a sample gift next summer and this will certainly grace the walls of our trailer at Ocean Breeze.

"Katie said the Canadian government since 1967 has ruled the Eskimo children be taught English, a language they pick up very easily. Katie explained that they can pronounce and read English almost perfectly, but it takes time and patience for them to assimilate the actual meaning of the words. The children live at the Mission during the long cold winters, but depart for their homes during July and August, and it is then Katie takes her well-deserved vacation to Provincetown, something she regards as a bonus for her hard work as a teacher and headmistress of the school. She told us, laughingly, that the teen-age Eskimo girls are quite modern and are devotees of the mini skirt. She said it is quite amusing to see them with their feet encased in heavy snow boots, yet wearing a mini skirt that is inches above their knees.

"We spent a delightful afternoon with our old friends, who deserve so much for their devotion to the Eskimos and their valued contributions to the history of the Northland. It has been a rugged life for the Admiral, but his wealth of experience provide many happy hours in retrospect.

"With all good wishes for your summer, Sincerely, Mary Jo Fitzgerald."

SLOWLY NOW- We caught the crew at work laying ties for the new tracks on the western corner of Indian Lake Park. These reinforced concrete ties look as if they must weigh half a ton each. The crew spends eight of these at a time and spaces them at the correct distance apart.

93 YEARS YOUNG—Sarah Miller, sister of Mrs. Harry Hoke, celebrated her 93rd birthday on August 23. In the picture she is pictured at one of the birthday group cakes she has seen in her time.

THE STAFF -- The staff at White City School is pictured above. Left to right, seated, are Mrs. Sarah Sarabdale, Mrs. Willester Moore, Mrs. Lillian Baird, Mrs. Ineta Wimer, Mrs. Hautie Sheffield, Mrs. Ruby Smith, Mrs. Karin Dykes, Mrs. Carole Ratliff and Mrs. Betty Owens. Second row, Mrs. Jane Rohan, Mrs. Eleanor Washburn, Mrs. Dorothy Price, Mrs. Dorothy Jones, Mrs. Mary Meyer, Mrs. Pat Gillen, Mrs. Mona Parrish, Mrs. Esther Lasher, Mrs. Marilyn Brennan. Back row, Mrs. Beth Gessner, Mrs. Eloise Crawford, Mrs. Evalin Loughlin, Mrs. Virginia Skinner, Mrs. Hollis Hellier, Mrs. Paroleo Ellington, Mrs. Louise Deal, Mrs. Betty Baird, Miss Nancy Griebling and Victor Blackmer. Not present for picture is Mrs. Rosemary Hill.

White City School prepares for opening

Well, it's that time of year again. Teachers and staff at White City School reported for work last Wednesday, and have since been utilizing the time in preparation for the big day, next Tuesday, when youngsters, like the swallows to Capistrono in their annual migration to the classrooms, will begin another year.

Victor Blackmer, principal of the school, says that the expected enrollment this year will be around 630, reaching a peak of possibly 650 during the year. With this increase in attendance and still no physical additions made to the school, 2 sixth-grade classes will be sent to town in order to make room for the younger ages.

In addition to the regular classroom staff, there will also be specialists in the areas of Reading, speech, Physical Education, and Music. The new position have been created this year, in P. Music and the other in Physical Education, thus making these available to all grade levels.

New playground equipment, called a challenge course, has been added. This is effect is an obstacle course designed to improve physical fitness. The equipment will be used by all grades according to a prescribed training program, Blackmer said that school is the church will be concentrating on curriculum improvement during the course of the year.

He also mentioned that all persons who have not yet registered their children in school should do so immediately by contacting the school office anytime Monday through Friday from 8 a.m., to 3 p.m. This is important so that youngsters can receive their class assignments.

New teachers this year are: Mrs. Karin Dykes, Mrs. Jane Rhoad, Mrs. Ineta Wimer and Mrs. Betty Owens.

The entire faculty and staff is as follows: First grade, Mrs. Lavell Ankton, Mrs. Betty Baird, Mrs. Marils Brennan, and Mrs. Virginia Skinner; second grade, Mrs. Evalin Loughlin, Mrs. Mary Meyer, Mrs. Mona Parrish, Mrs. Eloise Crawford and Mrs. Ineta Wimer; Third grade, Mrs. Karin Dykes, Mrs. Beth Gessner, Mrs. Hollis Hellier and Mrs. Jane Rohan; Fourth grade, Mrs. Elinor Baird, Mrs. Elaine Crawford, Mrs. Esther Lasher, Mrs. Dorothy Price; Fifth Grade, Mrs. Paroleo Ellington, Mrs. Willester Moore, Mrs. Sarah Sarabdale, Mrs. Mrs. Eleanor Washburn, Mrs. Beatrice Mrs. Louise Deal; Librarian, Mrs. Betty Owens; Special Education, Miss Nancy Griebling; Teacher aides, Mrs. Ruby Smith, Mrs. Hautie Sheffield, and Mrs. Dorothy Jones; Clerk, Mrs. Pat Gillen; Secretary, Mrs. Rosemary Hill; and Principal, Victor Blackmer.

Little League has party

The annual Port St. Lucie Little League party was held Saturday at the Marina for all players who took part in this year's Little League program.

A total of 45 boys took advantage of the swimming pool from 5 to 6:30 p.m., during which time the coaches, managers, and the Ladies Auxiliary were busy preparing the food which the boys dug into immediately following their swimming time. A games time followed the dinner, which ended the evening.

In charge of the party this year were Mrs. Wayne Register and Mrs. H.C. Dixon.

Marina to be air conditioned

At the monthly meeting of the Property Owners held at the Marina on Thursday, Aug. 29, Jack Sheridan, general sales manager, announced that the air conditioning of the Marina should be started in the middle of next month. Sheridan also stated that a rumor had been started to the effect that the Marina site was going to be moved from its present location to another area, and that the Marina Island was to be divided into lots for home sales. He emphasized that there was no truth whatsoever to this rumor and that the island would always remain as a recreation area.

Officials of the Homeowners Association discussed the street lighting situation which is now approximately one-third completed. President Joe Keating stated that the job should be completed throughout the entire area by Sept. 15.

Cedric Berg, finance chairman for the Shuffleboard Club announced the progress that has been made thus far by the club toward the raising of its share in the building of six new shuffleboard courts. He also outlined the additional activities that the club has planned toward the fulfillment of their goal.

Other matters of interest were discussed regarding future plans, which was followed by a question and answer time, after which the meeting was adjourned.

Timber Twisters

The organizational meeting of the "Timber Twisters" Bowling League was held at the Marina last week for organization of the coming season.

The league voted to begin their season on the first Thursday night of September, starting at 7 p.m. There will be a total of 12 teams, each consisting of 2 men and 2 women.

Officers for the coming year are; Larry Hett, president, Val Hetu, vice-president; Joe Haines, secretary; and Milly Carmack treasurer.

Mirror loses first

A look at the Port St. Lucie softball picture over the last week shows previously undefeated The Jensen Beach Mirror team losing their first game on Monday night to the tough Register team. Tuesday, Economy Chemical defeated Ft. Pierce Automotive; Wednesday The Jensen Beach Mirror defeated Ft. Pierce Automotive; and Thursday, Economy Chemical lost to Register.

Standings as of this writing show The Jensen Beach Mirror out in front by percentage points with a 5-1 record; followed by Register, 3-1; Economy Chemical, 2-4; and Ft. Pierce Automotive, 0-4.

The schedule for Thursday night and next week is; Thursday, Register vs. Ft. Pierce Automotive; Tuesday, Jensen Beach Mirror vs. Economical Chemical; Wednesday, Ft. Pierce Automotive vs. Register; Thursday, The Jensen Beach Mirror vs. Ft. Pierce Automotive; and Friday, Economy Chemical vs. Register.

As one of our more valued readers' households - you are asked to join in this interesting and valuable local survey. Thus you - and only other regular readers of the Jensen Beach MIRROR are included in this survey. Thus you - and only other regular readers of the Jensen Beach MIRROR can win any of the above listed 24 prizes. Every household has the same opportunity. Why not your household? ??

NOTHING TO BUY! NOTHING TO SELL!

On the following pages is your "Household Questionnaire". PLEASE answer those questions that apply to your household. Then - sign your name and address - fold this 4 page form as indicated on the last page - close with a staple or scotch tape - and then drop in mail box. Doing the preceding will make this form a self-addressed, postage paid form. Remember, there is nothing to buy - and nothing to sell. Just fill in the replies to the questions in the quiet of your own home.

It's FUN — it's EASY — it's PROFITABLE!!

Your "Household Questionnaire" is most important. With it this survey will be truly representative. Your completed "Household Questionnaire" is therefore much needed. So PLEASE complete it as soon as possible. THANKS also for being so very helpful. By doing so - your household will be helping us publish an even more interesting and valuable newspaper for you and your household.

ALL INFORMATION WILL BE KEPT 100% CONFIDENTIAL

INDIVIDUAL "HOUSEHOLD QUESTIONNAIRES" WILL BE DESTROYED

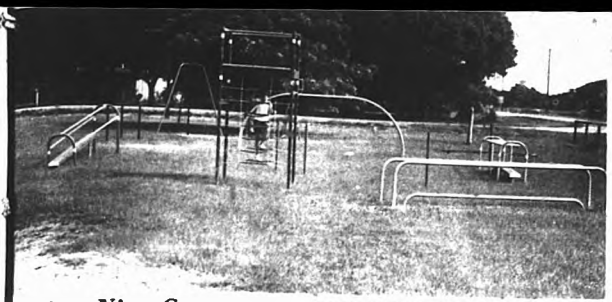
Only an out-of-town impartial research organization will ever see the replies. After which this same out-of-town impartial research organization has instructions from the publisher to DESTROY all of the returned "Household Questionnaires". On this you have the solemn promise of your trusted friend -

The Jensen Beach Mirror

SURVEY SUGGESTIONS

1 - PLEASE answer all questions that apply to your household.
2 - PLEASE answer with a "yes" or "no" or "X" mark. Where proper name or brand name is requested, please insert correct name.
3 - PLEASE be sure to sign your name and address before mailing.
4 - PLEASE mail before September 15, 1969.
5 - PLEASE fold this 4 page form as indicated on the last page. When properly folded, sealed with a staple or scotch tape, it will make a self addressed, postage paid form ready for mailing.
6 - All returned "Household Questionaires" are the sole property of the Mirror.
7 - NO EMPLOYEE, or their immediate household members of the MIRROR are eligible to win any of the prizes.
8 - An impartial drawing will be held of all returned "Household Questionaires" to determine the prize winners. Everyone is welcome to be present. Prize winners' names will be published in the Mirror.

THIS MONTH



THE CHALLENGE- The new playground equipment at White City School is pictured above. Trying out on the "Challenge Course" is Mark McEvley of Oleander Avenue. Soon the equipment will be used by school children returning to classes.

Friday Nite Gang has good attendance

Due to the fact that this event was out of town last week, we have some catching up to do in regard to the Friday Nite Gang. The following is a report on their get-together on August 16:

Quite a few visitors and new residents were present. Marie Stedler, a newcomer residing on Tranquila Ave.; Mrs. D. Hanssen of Long Island and her daughters, Cathy and Patty; were among some of the visitors there. Mrs. Hanssen is the daughter of Mr. & Mrs. Fred Wood of Celestia Court. Also visiting were Gene C. Parrucci from Morristown, N.J.; and Mrs. Alfred Buck of Indianapolis, Ind., the sister of Marrella Jacobson, Mr. & Mrs. George Rerkovic, of Chicago, new residents on Tranquila.

A crack group of seven women sang the anniversary song to John and Ada Tuck, celebrating their 52nd wedding anniversary. The main prize of 2 large steaks ended in a tie between Ray Swart and Floyd Lamond and on the draw, Swart had the choice of steaks.

Last Friday night was Mardi Gras night with 75 in attendance. The highlight of the evening was the singing of the group of 14 strong singing the Happy Birthday song to its hostess Marie Benz and to Betty Davis. Birthday cakes, expressing "Happy Birthday Marie & Betty" baked by Ethel & Joe Krall was served during the intermission and the entire gang was in a happy mood.

Thirty-four special prizes were given away after the Jackpot game. The main prize of a corn beef and cabbage dinner was won by Marie Helmet. The group welcomed back on her annual visit, Mrs. Elizabeth Elsner of 240 Celestia Court.

Karle Vivian, president of the men's "get together" league announces that there will be a meeting at the Marina on Monday, Sept. 29 at 9:30 a.m. to prepare for this year's league action.

The first league game will be the following Monday at 9:30 a.m. at the Ft. Pierce Lanes.

Bingo Fiesta set for Labor Day

Monday evening, September 1, Labor Day, will be a lucky day for some resident of our community. This is the time for the Fiesta or Bingo Party given by the Shuffleboard Club. The party will get under way at 7:30 p.m., finishing with the giving away of a color T.V. set.

During the course of the Fiesta, a white elephant sale will be conducted, starting at 6 p.m. Many good buys at reasonable prices may be had. This sale is in charge of a special committee consisting of Marie Benz and Terry Linden.

Also during the course of the Fiesta or Bingo Party, some 15 or 20 special prizes will be given away by drawing from the barrel of T.V. stubs sold during the past two months. The moneys from this party will go to the fund being raised to acquire six new shuffleboard courts.

The holders of the ticket stubs are requested to make the time of the card party being held on Thursday, the 28th.

FORT PIERCE

PRE-SCHOOL CONFERENCE—A pre-school conference was held for new teachers of Martin County last Wednesday. Following a meeting at the high school, the teachers were taken on a bus tour of the Chamber of Commerce, parks, beaches and museums. The bus tour ended with a luncheon at Holiday Inn.

Teachers prepare for school opening

New Martin County teachers reported for a pre-school conference last Wednesday, and meetings have been held during the week for new and returning teachers.

New teachers were treated to a tour of the area and were given the opportunity of viewing Martin County from the air.

A countywide meeting of instructional and non-instructional personnel was held at the high school gymnatorium where V. James Navitsky, superintendent of schools, welcomed the group.

Today, Wednesday, all elementary instructional personnel met with Dr. Thomas at MCHS. All others went to their respective schools. A luncheon at Holiday Inn was held for principals, staff and Dr. Thomas, with civic groups.

All secondary instructional personnel will meet at MCHS gym with Dr. Thomas from 9 until noon Thursday, Aug. 28, and from 2 to 3:30 p.m., with a break for lunch from noon to 1:30 p.m. All other personnel will go to their respective schools.

Friday, Aug. 29, from 9 a.m. until noon, Navitsky and staff will meet in the superintendent's office with Dr. Thomas. All others will go to their respective schools; instructional personnel may go if they wish, or have a free afternoon.

All this is in preparation for the start of school on Tuesday, Sept. 2.

Hours for the start of school are as follows: Jensen Beach, 8 a.m.; Martin County High School, 7:30 a.m.; Stuart 7th & 8th, 8:15 a.m., Martin County High School, 7:30 a.m.; Murray 9th, 8:25 a.m.; Palm City, 8:05 a.m., East Stuart Elementary, 8:15 p.m., Hobe Sound 8 a.m.; Pioneer Occupational Center, 8 a.m.

Real estate course offered

A new course in real estate license law will begin at Martin County High School Tuesday, Sept. 2, at 7 p.m.

The course will continue for seven weeks or more. For further information call the Adult Education Office, 287-6400.

VFW Auxiliary plans bake sale

The Auxiliary of VFW Post 10066, Jensen Beach, will have a bake sale Saturday, Sept. 6. The sale will be at the Jensen Beach Bank from 9 until 12 noon.

Mrs. Flo Banig, chairman, will be assisted by Betty Fulford, Opal Kelly, Kate Korpi and Maggie Bishop. Donations are requested and will be picked up by calling 287-6015.

Duplicate bridge scores

Mr. and Mrs. T. D. Kelly outscored Mary and Gerry Boyd 101 to 98-1/2 in the North-South division at the Wednesday night session of the Stuart Duplicate Bridge group. Third were Rhonny Weaver and Phil Sammons with 88 points.

First in the East-West division were Mr. and Mrs. S. W. Snelling, 99 points; second, Joseph and Stella McCoy, 98; third, Mr. and Mrs. Leo V. Pelot, 84.

Game time is 7:45 p.m. each Wednesday night. You are assured a partner if you come alone.

Mermaids to organize

The Mermaid Bowling League will conduct its organizational meeting at Jensen Lanes on Thursday, Aug. 28, at 7:30 p.m.

Rules and regulations of the league will be voted upon and all members are asked to attend. There are several openings for new bowlers.

Regular league bowling will start Thursday, Sept. 4, at 7 p.m., according to Doris Rehnberg, secretary of the league.

Reading, math get emphasis

'Back-to-school' Tuesday in Jensen

"Emphasis will be placed on reading and mathematics this year," Dale Clark told The Jensen Beach Mirror on Monday. Clark, principal of Jensen Beach Elementary School, is already on duty.

School will get under way at 8 a.m. Tuesday, Sept. 2. About 280 children are expected to fill the school to capacity, he said. "We are very short on first grade registrations, however. I'd appreciate it if you would ask the parents to register first grade pupils this week," he said.

The bus schedule has been set, but may vary a bit during the first week. The bus driven by Mrs. M. Corley, will be #49. It will pick up at 7:15 a.m. in Legion Heights, south of the Cutoff Road, and bring the children to the Jensen Beach School. A second trip will be made covering north Indian River Drive, county line, Mars Hill, Savanna Road and Skyline Drive, to Jensen Beach School. A third trip, leaving the school about 7:40 a.m. will cover the bowling alley area, then back to the school.

"In the afternoons we will reverse the pickup schedule and those who came early will be the first to go home," Clark said.

The faculty for the six-grades school includes the following: first grade, Mrs. Blanche Buchanan and Mrs. Mildred Gipson; second, Mrs. Billy Cruse and Mrs. Lurlene Richardson; third, Mrs. Betty Thomas; fourth, Mrs. Marion Butterfield; a combined fourth and fifth grade, Marco Perez; fifth, Mrs. Lucille Chick), and sixth, Mrs. Lynne Gladwyn.

Mrs. Carol Krall is the librarian for the 2600 book library and is also a part-time reading teacher.

County-wide teachers who visit Jensen Beach School on a regular schedule are: Mrs. Susan Strange, art, Tuesdays and Thursdays; music, Mrs. Rebecca Keller, Tuesdays and Thursdays; instrumental music, James Robinson, Mondays, Wednesdays and Fridays, 1 to 3:30 p.m.; Spanish, Dalia Riviero, five days a week, grades three through six; physical education, Grace Richards, Mondays and Wednesdays.

Miss Dickey, speech therapist, will visit every Wednesday.

Mrs. Sheila Lewis is secretary to Clark, and Rod Lewis is custodian.

Lunches are served during three lunch periods in the cafeteria and are 35 cents. Manager Mrs. Joy Lowe is assisted by Mrs. Betty Still and Mrs. Connie Brurdoski.

Lunches should be paid for to the homeroom teachers by the week, Clark said. "We prefer payment by check rather than cash, if possible," he told The Mirror. The 30 minute minimum lunch periods are supervised by teachers.

School bus routes listed for county

The following are Martin County schools bus routes for the coming school year:

Route 1, grades 1-6, bus #49, M. Corley, driver; Legion Heights, south of Cutoff Road, Jensen Beach School, North Indian River Drive, County Line, Mars Hill, S. Sapanna, Skyline Drive, Jensen Beach School, Bowling Alley, J. H. School; two pickups 7:15 and 7:40 a.m.

Route 2, bus #47, R. Kling, grades 7-12, 7:15 a.m., Skyline Dr., Legion Heights, to Stuart 7th and 8th, 10-11-12 reload to MCHS, Load Murray 9th, Pioneer & Murray.

Rt. 3, bus #38, C. Brooks, 7-12, 7:15 a.m., bowling alley, Cross roads Hill, County Line, Sewall's Point Rd. to Ocean Blvd., Stuart 7th and 8th and MCHS.

Judith Lisle gets BA degree

Judith A. Lisle, daughter of Mr. and Mrs. X. G. Lisle of Sewall's Point Road, Jensen Beach, received her B.A. from the College of Social Science, Florida Atlantic University in Boca Raton.

She was one of 487 candidates for graduation at the end of the summer session, August 21.

Mr. & Mrs. Radford Teets of 233 N.W. Skyline Drive, Jensen Beach, are quietly and happily celebrating their 50th wedding anniversary Aug. 29th.

EROSION BEGINS- This July 29 photograph shows the beginning of erosion through the sucking action of the inlet, which washed the sand through the gaping holes in the jetty west of the sand bank that had built up where the jetty had been plugged by slabs of concrete.

AND IT CONTINUES- Erosion dragged more sand through the jetty holes in the jetty three weeks later, when this photo was taken. Martin County Commissioner Leonard Smith, heading a move to plug the entire jetty, warned that a storm might take all the sand through the open parts of the jetty, shoaling the inlet and undoing all that had been done to stop the sand from going into the inlet.

SAND BUILDS- Drifting sand, that would have gone into the St. Lucie Inlet, builds along the jetty area that has been plugged by Martin County. The sand has built higher with each tidal flow. The slabs of concrete, taken from the old Jensen Beach Bridge, cover gaping holes in the jetty and have been an effective means of stopping sand from drifting into the inlet. Jetty plug supporters have urged that the entire jetty be sand-bagged until a permanent solution to the inlet shoaling is arranged.

RPC knows how, but has no power

City Attorney Rupert J. Smith announced Tuesday at the City of Port St. Lucie Council meeting that, "The Regional Planning Board should be utilized just as a planning board and should not have any authority." "But, as it turns out," he added, "the people with authority are fighting with the people with no authority but know-how."

Councilman Julian P. Flood, a member of the RPC, said, "There has been a lack of communication here between the planning board and the county commission. An example of this was when the State Road Department went to the planning board and bypassed the county commission."

Flood added, "If the county commission's representative had reported back to the commission what was going on there wouldn't be any of this kindergarten politics going on."

The City Council received a letter inviting its members to the county commission meeting on Sept. 3 to discuss the future of the Regional Planning Board. It was reported that many letters have been received stating that they want the planning board to remain and only one has been received against it.

Flood said, "I'd like the planning board to remain, but it shouldn't be given any power." He added, "The members aren't elected by the people, but by the county commission."

***

A hurricane emergency information list is available to the public at the office of The Jensen Beach Mirror.

***

Martin County Commission will advertise for bids for bulkheading the south side of the Jensen Beach Causeway.

Recently hundreds of cubic yards of sand were taken to the causeway from Langford Park, where work is being done on a planned football field.

***

The St. Lucie Locks are open again. This time the Corps of Engineers spokesman said it was because of threatened hurricanes Camille and Debby. Lake Okeechobee was 21 feet above sale level, he said.

***

Stuart Jaycees will not hold their annual Labor Day Miss Martin County Beauty Pageant this year.

Rio Civic Club plans parties

Bingo parties are held every Monday night at 8 p.m. at the Rio Civic Club.

Special parties are planned for Sept. 2, 16 and 30, at 8 p.m.

A business meeting is scheduled for Thursday, Sept. 11, at 8 p.m.

Blackwood Brothers to appear

The Blackwood Brothers Quartet will appear in concert August 29, 8:00 p.m., at the Jensen Beach Elementary School, Jensen Beach, Florida.

Tickets may be purchased at the door the night of the concert or obtained in advance from Mrs. Ellen Cunningham, Box 1, Jensen Beach, Florida.

Seamanship course offered

A course in [illegible] will be offered by the Coast Guard Auxiliary, Port St. Lucie Flotilla 14-5, beginning [illegible] at the Port St. Lucie Civic Center.

The course will be held in the evening at each session, and will be conducted under the Coast Guard Auxiliary Training Program.

[illegible] Auxiliary, Flotilla 14-5, Port St. Lucie, will meet at 8 p.m. [illegible] at the Port St. Lucie Civic Center.

Building permits are hiked

The City Council of Port St. Lucie unanimously [illegible] to hike the building permit fees. The change in the building permit fee schedule would increase the cost of a permit by approximately 50 per cent.

Mayor Darrell E. Kahrs said he insisted that these regulations are part of the minimum standard building code and they were doing just what other cities and counties were doing.

The fee is based on the square footage of the building for a planning and zoning permit. The new rate is $30 for a planning permit which includes six buildings with up to three bathrooms. There will be a $2 charge for each additional bathroom.

The electrical permit will be $10 but all residences and buildings up to 4,000 square feet based on square footage under roof. Anything over 4,000 square feet will be charged $2 for each additional 200 square feet.

VFW met Aug. 20

The V.F.W. Auxiliary, Post 10066, Jensen Beach, held an informative meeting the August 20 at the community Center, Jensen Beach.

President Odiette Bradford presided and welcomed their visiting members. Nellie Lawson, 4th Dept. President, Beatrice Butler, president, Port Pierce Veterans Post, Jean Morgan, president of V.F.W. Auxiliary, Post #4194 and Captain, Jeannie Smith, both from Stuart.

The Auxiliary initiated a new member at the meeting, one was Dahl. The auxiliary extends [illegible] that are ill to [illegible] that they are recovering.

[illegible] at the meeting. [illegible] of the members of the Auxiliary attended the dedication of the Port St. Lucie [illegible] Sunday, August 17. They assisted in serving refreshments.

A luncheon is planned for Sept. [illegible] at the Jensen Beach [illegible] Community offices, Jensen Beach.

Mr. and Mrs. Floyd Jones arrived in Jensen Beach last Friday as permanent residents. They are staying at 577 Skyline Drive while having a home built on Lorraine Circle, Indian River Gardens, by Frank Forsberg.

Mr. and Mrs. Jones were former neighbors of the Will Bowmans in Drexel Hill, Pa. for about 18 years.

'All I want for Christmas...'

Somebody in Jensen Beach is probably singing the well-known song, "All I Want For Christmas Is My Two Front Teeth", with variations.

A set of dentures was found on the bench in front of the Jensen Beach Chamber of Commerce Tuesday morning by Mrs. Hazel Forsberg, acting manager.

She reported the grim (grin?) find to The Jensen Beach Mirror and said the teeth will be returned to their owner upon request.

John Power, executive secretary-manager, is on vacation.

***

Ross Philbrick, chairman of the Martin County Republican Executive Committee, attended a meeting in Orlando on Sunday, Aug. 24. The meeting for Republican county chairmen was called to discuss goals and county organization for 1970.

***

Sue Dahl was initiated as a new member of the VFW Auxiliary, Post 10066, Jensen Beach, at its last meeting. The group will meet at the Jensen Beach Community Center on Wednesday, Sept. 3.

***

Mr. and Mrs. Paul Ness, owners of Bridge-View Apt. Motel, Jensen Beach, have returned from vacation at Long Lake, Ness on the west coast. This is their second vacation there during the past month.

***

THANK YOU

We wish to express our sincere gratitude to the many friends who have shown concern and thoughtfulness to us.

WELCOME - Elizabeth Bonvino was welcomed upon her arrival to St. Joseph College, Jensen Beach, on Sunday by Robert Maher, registrar of the college. She is the daughter of Mr. and Mrs. Thomas Bonvino of Middletown, Conn., and is one of 200 incoming freshmen arriving on campus Aug. 31 to begin a two-week pre-college orientation program. In the background is Michelle Vulpis, a returning sophomore.

St. Joseph College Students Return

Sister Mary Martha, R.S.J., President of St. Joseph College, Jensen Beach, welcomed 200 freshmen who arrived on campus last Sunday for a two week pre-college orientation program which will consist of discussions on the effective student, campus values and workshops.

Freshmen will also have testing and individual counseling which will prepare them for their first semester of college work. This introduction to higher education reflects the philosophy of the college's person-to-person communication.

Eighty returning sophomores have boosted the total number of students to 300 at the two-year college.

The women's dormitory, which is now called Rooney Hall, is under the supervision of Henena Pelzer, Vetot Hall is the name of the freshmen men's dorm. Mrs. W.W. Decker and Mrs. Russell are resident directors.

The sophomore men will live in Cauvin Hall, the former Student Union Building, under the direction of Marie Ford as resident director.

Classes at St. Joseph begin Monday, Sept. 1, at 8 a.m. Registration will be August 29 and 30.

ROOM ADVISORS- The new R.A. for 1969-70 returned last week to assist the incoming freshmen in their two week orientation program at St. Joseph College. Shown above are Jeff Gallop, Ernie Bjorkman, Mrs. W. W. Decker, resident director; Bob Lawlor, John Greek, Kevin Jones and Brian Okhio.

BIRTHDAY PARTY- A birthday party was held for Edward DeNeufville on his eighth birthday on Tuesday. Friends pictured from left to right are; Jon Chicky, Jack St.Clair, host Edward, Tom Driscoll, George Tooker and Jimmy Wyatt.

Labor Day fun

Decker-Fogt win races

Craig Decker and Mike Fogt took top honors in a two-class marathon boat race on Labor Day at the Jensen Beach Causeway as from 1,000 to 3,000 persons took part in the picnic activities.

Decker outdistanced the field in his highly powered craft, and was half a lap ahead of second place John Wright, and a full lap ahead of Gene Pollard, who came in third, followed by Carl Healey and Herman Reitz, two boaters who joined the race at the last minute "for the fun of it".

In the lighter class, Mike Fogt barely beat Ken Walker and Ray Sarzain to the wire to win the half hour marathon.

Race chairmen Gene Pollard, Dick Campbell and Reitz found only eight boats to enter the marathon, planned in five sets of heats, but changed, at the last moment, to a marathon due to the lack of boats. Campbell said that the "lack of interest in the races will force the Jensen Beach Chamber of Commerce to reevaluate the program". Initially planned so that local boaters could enter family boats in the race, the chamber members have found declining interest in the event.

Beach protection declines

LOOK OUT!--A surfer riding the wave narrowly missed two bathers in this one of many near accidents at Jensen Beach last Sunday. Lack of county operation of the beach, and proper identification of swimming and surfing areas were indicated in the dangerous day of swimmers and surfers.

By DICK CAMPBELL

There was a young guard on duty at noon on Sunday, and as the beach at Jensen Beach filled with sunbathers and swimmers, the danger of a collision increased.

Surfers rode boards around and into the swimmers. One small boy was hit by a board as the surfer "wiped-out" in a breaker. The guard looked out. He seemed unconcerned.

The surf was up, and the seas crashed into the beach with a rolling, boiling regularity. From the south end of the county owned property to the north line at Jensen Beach the tips of surfboards pointed up, like a line of infantry getting ready to charge.

No signs directing the surfers, or the swimmers, to their proper safe areas were evident.

Bathers and sun worshippers placed their towels, beach chairs and umbrellas all along the county owned frontage, and the surfers had no set area in which to ride the dangerous boards.

The beach was a bedlam on Sunday. County promises of signs of bathing and surfing areas were not fulfilled on the heavily populated beach of sun seekers enjoying a Labor Day weekend. The parking lot was filled with cars.

The hoped-for unloading area for residents, at the north beach pavilion, was a clutter of parked cars, with promised "no parking" signs non-existant.

Lions had races, kids had a ball

The Jensen Beach Lions met on their gold and blue jackets and vests and came out to the Jensen Causeway laden with racing ideas and half dollars. The result proved bonanza and a ball for the younger scavenging on the causeway for Labor Day fun.

Assisted by Leo Club members the Lions held races for several hours on the soft grass in front of the concession pavilions. In charge of the races were Bill Miller and Walter Redit. Leo Club president Whitey Lavene, vice president Lee Harris and secretary Carl Brandt were starters for the races.

Highlight of the races was the climax, when the mothers of the youngsters held a race, Mrs. Mary Jane Bright huffed and puffed to a close win over Mrs. Kay Osler. Results of the kids races was as follows:

Yd Dash
Girls 2 and under
1st place, Susan Ogler; 2nd Joyce Rathgeber.
Girls 3 and under- 1st place, Scott Smith; 2nd, George Merkle.
Girls - 8 to 12 1st place, Osler, 2nd, Brenda Blackwood.
Boys 8 to 12 1st place, Thomas Silas, 2nd Bruce Jackson.
Boys 13 to 15- 1st place, Walter Shaughnessy ; 2nd

Bowlers will meet Sunday

The Martin County Bowling Association and Jensen Beach will be co-hosts on Sunday, Sept. 7, for the regular monthly meeting of the board of directors of the Conference East Zone Bowling Association. The group will meet at 1 p.m.

About 60 couples are expected to attend. They will represent associations from Martin County, Fort Pierce, Indian River, Brevard, Daytona Beach, Deland, Eustis, Leesburg, Ocala, Orlando, Sanford and New Smyrna Beach.

While the men meet on bowling business, the women will have lunch at Manatee Club Restaurant.

place Neal Lambie.
Boys Sack Race - 13 to 15 1st place, Neal Lambie; 2nd place Jamie Walker.
Potato Race - Girls up to 7 1st Place, Joyce Rathgeber, 2nd, Karolee Cleveland.
Boys up to 7- 1st place, Jess Smith, 2nd Billy Milner.
Sack Race- Girls up to 12 1st place Linda Redit and Debra Murphy tied.
Boys up to 12 - 1st place Bruce Jackson and Jeff Lambie tied; Mike Hancock and Robert Waterbury tied for 2nd place.
Potato Race - Girls 8 - 12 1st place Brenda Jackson; 2nd. Susan Rathgeber.
Boys - 8 to 12, 1st place, Bruce Jackson ; 2nd . Jeff Lambie.

American Legion instalation on Monday

Installation of officers of the American Legion Post 126 and Auxiliary will be held Monday, Sept. 8, at 8 p.m. at the post home.

Julius Newman will be installed as commander; first vice-commander will be Thomas Wyatt; second vice, Ed Mitchell; finance officer, Virgil Richards; assistant, Harold Butterfield; chaplain, Stanley Swartz; historian, Anthony Foley; sgt.-at-arms, Wm. St. Clair, and service officer, Harvey Hiltz.

First District Commander Walter Richards and staff will be installing officers for the Post.

Mrs. Margaret Morgan will be the new president. Other officers to be installed include: Mrs. Florence Newman, first vice-president; Mrs. Louise Rauwald, second vice; Mrs. Dorothy Grimm, secretary; Mrs. Lorraine Middleton, treasurer.

The executive committee will be made up of Mrs. Jane Livermore, Mrs. Eleanor Diffendal and Mrs. Amalia Miller.

The Auxiliary will serve refreshments after the ceremonies. All members are invited to attend.

US Pro-Am is set here

The 10th Annual U.S. Invitational Pro-Am Golf Championship Tournament will be played at St. Lucie Country Club December 12, 13 and 14, a slight but important shift in days from last year's play. The closing date this year is a Sunday; last year it was Saturday.

Morton W. Olman, co-chairman of the committee, from Cincinnati this week, told Chuck Ankrom, director of golf for General Development Corporation, he believed the shift would result in far greater attendance at the $50,000 event, which has become the nation's top pro-am to a relatively short span of years.

Olman said invitations have been sent and early indications, based on them and visits by Pro-Am committeeman at the PGA in Dayton and the Atlanta Classic are for an even greater pro field than last year.

An added attraction for pro golfers this year in Florida is the D

An added attraction for pro golfers this year in Florida is the Danny Thomas $120,000 tournament at the Diplomat in Hollywood the week before the Pro-Am here, as well as the annual Bob Toski-media get at Ocean Reef the Tuesday preceding the pro-am.

"All the pros will be in Florida for the Danny Thomas; we'll put the finishing touch on the tour here at St. Lucie," Ankrom noted.

"Last year's amateur list will be hard to top, but we have some surprises," said Olman.

Some things will be the same as last year.

As pro Julius Boros predicted: "This is the beginning of similar arrangements in all tournaments, some far, we'll all be using golf carts with local drivers." The same arrangements will hold this year.

Johnny Fisher, 1968 Amateur champion, who set pins for last year's tournament said for the Masters as well as other top tournaments will do it again here at St. Lucie this year.

There will be local chairmen and co-chairmen in Martin, St. Lucie and Indian River counties; there will be Gold and Silver sponsorships and Frank Ankrom is hoping for these people now. Volunteers may call him at 287-4400 or 461-6064.

Hank W. Hawe, general manager of St. Lucie country club, will be on hand again. "I am looking forward to the tournament; we'll make all possible arrangements to assure the success this type of tournament so richly deserves," he said.

***

There will be a meeting of the Bahama bowling League on Sunday, Sept. 7, at 7 p.m. at Jensen Lanes.

Anyone interested in bowling is invited to attend.

He came, and saw....

Governor Kirk had an active day here

Governor Claude Kirk came to Martin County last week to dedicate a steel mill and dropped a hint that he might retire on Martin County's fabulous waterfront. He didn't mention when, however.

The governor all but announced that he was running for reelection, at an Indiantown luncheon installing the new officers of the chamber of commerce there, and he praised the Republicans and attacked the Democrats in a speech that introduced the "New Federalism" of President Nixon to the people of this county.

IMPISH GOVERNOR- It was an impish Claude Kirk who spoke to the full house Chamber of Commerce installation banquet at the Seminole Inn in Indiantown. Kirk lambasted the Democrats, Florida Legislature and opponents in his best form, using a speech he had written himself. ("...because the legislature didn't like my speechwriter and demoted him to work for President Nixon...")

Kirk patted little children on the head, wiped their faces, took off his coat in a shirtsleeves groundbreaking of Florida Steel's new plant, flew to Stuart in a lightplane for a fundraising session at city hall, a tour of Grumman's Mohawk plant and a reception.

It was on that tour that Kirk told county commission chairman Bill Hussey that he and his family would like to move to Martin County to live in the beautiful waterfront of the "land of rivers."

Local Republicans came out in force and couldn't help being swept up in the enthusiasm of the Kirk visit. The flamboyant governor had a smile and a quip for everyone, his style and manner charming all in sight.

The groundwork for the new election laid in every sentence Kirk's voice rippled from all corners of the county, asking for appreciation of the programs of Nixon, deprecating the of Nixon, deprecation of the Florida Legislature, love for himself and protection for the future of his daughter, Claudia. It was Kirk's day, and he enjoyed it.

So did the county's politicians, and the voters.

When the governor left Martin County on its light plane Friday at noon it took quite a while for everyone to come back down to earth.

In the meantime, Florida Steel's $7 million plant had been officially started, Mrs. Laverne Holbrook was installed as Indiantown Chamber of Commerce first woman president, one of Carl Puppenhagen's sky-divers landed on top of the governor, almost, and just about every public official had his picture taken with the governor.

THE WINNERS--Trophies, donated by sponsoring Jensen Beach Chamber of Commerce, are held by winners of the Labor Day boat races held on Jensen Beach Causeway. Winners of the two-class marathon boat races were Craig Decker and Mike Fogt, followed by John Wright, Gene Pollard, Ken Walker, Ray Sarzain, Carl Healey and Herman Reitz. Race chairmen were Pollard, Raitz and Dick Campbell.

Schools enroll 5,275

Total enrollment for Martin County public schools was 5,275 this week, as schools opened Tuesday for the 1969-70 year.

Jensen Beach Elementary School reached a capacity of 246 students, according to the Department of Public Instruction.

Other schools, and their enrollments, were: Martin County High School, 392 (10th graders on Tuesday, plus about 614 eleventh and twelfth graders later in the week, for a total of 1006; Stuart 7th & 8th, 760; Murray, 405; Port Salerno, 491; Palm City, 311; J. D. Parker, 635; Hobe Sound, 318; East Stuart, 294; Warfield, 636; Pioneer Occupational, 50 kindergarten, 10 exceptional children; Booker Park 115.

Kiwanis started

The Jensen Beach Kiwanis Club tried its fledgling wings this week and held a petition meeting at which twelve meeting at which twelve members of the new service club signed the original document asking for the right to organize a club here.

Meeting at Frances Langford's Outrigger Restaurant, the Kiwanis Club set a Monday noon meeting, an initiation fee of $10 and annual dues of $30 as its first official actions.

Buck Mauldin, Jensen Beach office manager of First Federal Savings and Loan Association, was elected temporary secretary-treasurer of the club, and Bob Smith, vice-president and cashier of Jensen Beach Bank, was elected temporary chairman of the group.

The next meeting of the new civic club will be Monday, at which a goal of 25 charter members is hoped to be realized.

Padrick honored

PADRICK HONORED--Receiving the congratulations of friends at his testimonial dinner last week at St. Lucie Country Club was Bob Padrick, retiring chairman of the Central and South Florida Flood Control District. Left to right, above, are Fred Ball, vice president of Palm Beach Investment Properties; Padrick, Willie McCain, St. Lucie County commissioner; Bill Hussey, chairman, Martin County Commission, and Mrs. McCain.

Robert W. Padrick, retiring chairman of the Central and Southern Florida Flood Control District, was feted by more than 200 friends and civic leaders a testimonial dinner at St. Lucie Country Club last Friday night.

Padrick, who was chairman of the board for two years, was lauded by many of the civic leaders including G. E. (Ed Dail, Jr., executive director; Bill Lunz of Jupiter, nationall known conservationist and president of the Isaac Walton League, and Col. John H. McElhenny, chief of the U.S. Army Corps of Engineers, Jacksonville.

Dail commended Padrick as the hardest working chairman in the history of the district. Lund called Padrick the greatest chairman in the district's history and commended him and other board members for the present water management concepts. McElhenny said Padrick had set up an important dialogue among the National Park Service, the Everglades Park, the Army Engineers and the Flood Control District.

Padrick received several gifts including a desk clock and pen set, also congratulatory telegrams from Gov. Claude Kirk, Sen. Beth Johnson, Secretary of State Tom Adams, and Nathaniel Reed, the governor's aide for conservation.

Padrick is being succeeded as chairman by Robert Blakely of Plantation, but will continue for two years as a board member.

Chairman of the testimonial dinner was retired Supreme Court Justice Also Adams.

Evinrudes give $1000 for Camille

A donation of $1,000 was made recently by Ralph Evinrude and Frances Langford, of Jensen Beach, to the Martin County Chapter of American Red Cross. The donation brought to $1,405 contributions to be sent to victims of Hurricane Camille.

The local chapter had been asked to send $1,347 as its share of $15,000 to be sent to the disaster area.

Rev. Neil M. Gunsalus and family, of Trinity United Methodist Church of Jensen Beach, have returned from a month's vacation in the mountains of North Carolina. While there, they visited with his parents and enjoyed a side trip to Williamsburg.

LUNCH TIME--Members of the Jensen Beach Chamber of Commerce, sponsors of activities on Labor Day, were ably assisted by members of the Jensen Beach Women's Association in the preparation and serving of food. Left to right, above, Mrs. Jean Pendleton, president of the JBWA, helps Don Wilkie, Chamber director, who cooked the hamburgers and hot dogs. At right is Mrs. Pearl Gay, all set to enjoy lunch.

Schaefer glad to be home

Mr. and Mrs. Alan Schaefer of Linda Drive, Jensen Beach, have returned from spending a year in Lansdowne, Pa. They are staying with his parents.

Alan had previously been with the Air Force, stationed in the Philippines, Okinawa and Dover A.F.B., Del.

Alan told The Mirror he was glad to be back home.

Rainbow group plans auction

The Rainbow group of the Welcome Wagon Club of Martin and St. Lucie Counties will have an auction at the next meeting to be held Sept. 23 at St. Lucie Country Club. The meeting is set for 11:30 a.m.

All members are asked to bring a gift or gifts for the auction. Members and guests are invited to attend.

A splash party and luncheon was held at SLCC recently. The group was entertained by Miss Susan Nardi, daughter of Mr. and Mrs. Vincent Nardi, Melba Dr., Jensen Beach, who sang and played the guitar.

A bake sale will be held this Saturday, Sept. 6, by members of the VFW Post 10066 Auxiliary.

The sale will be at Jensen Beach Bank, starting at 9 a.m., with Mrs. Margaret Bishop as chairman.

Stuart duplicate bridge club

Henry Snyder and Jack Alger topped the North-South field with 63 points at last Wednesday night's session of the Stuart Duplicate Bridge Club.

Second were Batty Mans and Harold Willard, 54; third, Mr. and Mrs. Merrill Haskell, 53-1/2 points.

East-West, first, John and Vergie Watson, 55 points; second, Robert Hurley and George Knoll, 52-1/2; third, Mr. and Mrs. J. N. Welsh, 46-1/2 points.

Game time is 7:45 p.m. at Stuart Youth Center. You are assured a partner if you come alone.

Cultural series set at St. Joseph

The first in a series of ten cultural events at St. Joseph College, Jensen Beach, will be held Tuesday, Sept. 9, at 8 p.m. in the college auditorium.

Florrie Fisher, a drug addict for 23 years, will tell of her personal experiences with drugs in "The Trip Back."

Tickets for the entire series are $10 and may be purchased in the college administration building and the office of The Jensen Beach Mirror. Admission at the door is $1.00. The series will consist of various concerts and lectures.

Rev. Johnson returns

Rev. Donald Johnson and family will be back for the September 7 Communion Sunday at Jensen Beach Community Church. The Johnsons have been on vacation for a month.

Workshops for the annual fair are under way, with Jane Stephen as chairman. The first was held Sept. 2.

The Deacons Committee will meet Tuesday, Sept. 9.

The Thrift Shop will open soon, according to Mrs. Rosamond Chambers. She asks that donations be saved for the shop.

Two Sunday Services will be resumed on Sunday, Sept. 14, one at 9 a.m., Church School for nursery through sixth grade; 10 a.m. Church School for junior and senior high

future. Two eagle, one life and one star boards were held, with all youths passing. Neal Littman passed his board in eagle, his brother, Curtis, also passed his board on eagle, but has a three month time period before being qualified; Wayne Sprague passed his life board, and Rick Campbell passed his star badge board.

Sailfish District president Jack Williams came out of the district board of review to praise the troop and the boys who had passed their boards with "flying colors". Williams said that the troop was the best in the district and urged that the leaders continue their efforts to keep scouting a major part of the community program.

Scouts earning First Class, Star and Life Badges at Court of Honor

These scouts won their Tenderfoot and Second Class Badges

FFICIALS--Jensen Beach Boy Scout Troop 801 held a court of honor last week e-civing 76 awards. Taking part in the ceremonies were Frank Holt, president Council; George Marcus, scoutmaster; Harold Butterfield, chairman of the s Littman, member of the board.

en answer call; explicit directions

rom Jensen Fire Department the siren sounded at 5:45 p.m. elements of the fire were under control, according to Chief Randolph Spinney. The fire occurred in the home of Mrs. Bill Johnson, 913 Elizabeth Ave., Jensen Beach. A new stove and rewiring will be required, he said.

"When you call in a fire," Spinney said, "please have someone stand outside the house to direct the firemen." In this instance "Elizabeth Ave. off Palmer Rd." was given as the address. No street address was given, and the firemen did not see smoke when they drove up the street. Time can be saved and damage lessened if more explicit directions are given or if someone could be outside to direct the volunteers.

Newsmen petition

The Martin County Courthouse press corps petitioned for warmer air, or at least, less air conditioning at Tuesday's meeting. All the members of the press, sitting at the press table, signed a petition asking Commissioner Bill Owens, in charge of the courthouse,

"It's cold enough to hang meat in here," the petition read. Owens passed the petition down to other commissioners. One asked Senator Beth Johnson, seated next to the press table, if

"I-I-d-d-doesn't b-b-other m-m-me a b-b-bit," the senator said as she playfully shivered.

County administrator Tom Slider turned down the air conditioning.

Service Is Our Most Important Product

MOTHERS RACE- Even the mothers got into the act during the Labor Day festivities on the Jensen Beach Causeway. The winner, center above in the light blouse, is Mrs. Mary Jane Bright, who just edged out Mrs. Kay Osler, dark blouse.

Rev. Bost is visiting here

Rev. Warren L. Bost, son of Dr. and Mrs. George Bost of Palm City, and his wife, Sally, are guests of his parents for two weeks. Chaplain Bost is director of the Ishikawa Servicemen's Center in Okinawa.

Rev. Bost will be guest preacher Sunday, Sept. 7 at the 11 a.m. service at United Church of Christ (Congregational) at Palm City. A covered dish dinner will follow the service.

LUNCH TIME--Members of the Jensen Beach Chamber of Commerce, sponsors of activities on Labor Day, were ably assisted by members of the Jensen Beach Women's Association in the preparation and serving of food. Left to right, above, Mrs. Jean Pendleton, president of the JBWA, helps Don Wilkie, Chamber director, who cooked the hamburgers and hot dogs. At right is Mrs. Pearl Gay, all set to enjoy lunch.

Schaefer glad to be home

Mr. and Mrs. Alan Schaefer of Linda Drive, Jensen Beach, have returned from spending a year in Lansdowne, Pa. They are staying with his parents.

Alan had previously been with the Air Force, stationed in the Philippines, Okinawa and Dover AFB, Del.

Alan told The Mirror he was glad to be back home.

Rainbow group plans auction

The Rainbow group of the Welcome Wagon Club of Martin and St. Lucie Counties will have an auction at the next meeting to be held Sept. 23 at St. Lucie Country Club. The meeting is set for 11:30 a.m.

All members are asked to bring a gift or gifts for the auction. Members and guests are invited to attend.

A splash party and luncheon was held at SLCC recently. The group was entertained by Miss Susan Nardi, daughter of Mr. and Mrs. Vincent Nardi, Melba Dr., Jensen Beach, who sang and played the guitar.

A bake sale will be held this Saturday, Sept. 6, by members of the VFW Post 10066 Auxiliary.

The sale will be at Jensen Beach Bank, starting at 9 a.m., with Mrs. Margaret Bishop as chairman.

Stuart duplicate bridge club

Henry Snyder and Jack Alger topped the North-South field with 63 points at last Wednesday night's session of the Stuart Duplicate Bridge Club.

Second were Betty Mans and Harold Willard, 54; third, Mr. and Mrs. Merrill Haskell, 53-1/2 points.

East-West, first, John and Vergie Watson, 55 points, second, Robert Hurley and George Knoll, 52-1/2; third, Mr. and Mrs. J. N. Walsh, 46-1/2 points.

Game time is 7:45 p.m. at Stuart Youth Center. You are assured a partner if you come alone.

Cultural series set at St. Joseph

The first in a series of ten cultural events at St. Joseph College, Jensen Beach, will be held Tuesday, Sept. 9, at 8 p.m. in the college auditorium.

Florrie Fisher, a drug addict for 23 years, will tell of her personal experiences with drugs in "The Trip Back."

Tickets for the entire series are $10 and may be purchased at the college administration building and the office of The Jensen Beach Mirror. Admission at the door is $1.00. The series will consist of various concerts and lectures.

Punt, Pass & Kick registration opens

Tuesday, Sept. 2 was a big day for Martin County boys age eight through 13. The boys started registering for the ninth annual Punt, Pass & Kick competition in which they will show their football skills in punting, passing and kicking and compete for trophies. Winners will represent Martin County in future competitions.

Registration and entries will be accepted through October 10 at Bill Redditt Ford, Inc., 1150 S. Federal Hwy., Stuart. A parent or guardian must accompany the boys to register. The entire competition is free. There is no body contact in PP&K competition, and all equipment such as footballs and kicking tees is provided.

Every boy who registers will receive a free Punt, Pass & Kick Tips booklet which features stories and competition tips from NFL stars Don Meredith and Mike Clark of the Dallas Cowboys and Billy Ledbridge of the Atlanta Falcons. The booklet also features Don Shula, coach of the Baltimore Colts, and includes physical fitness exercises for boys in the PP&K Competition age group.

Every boy who participates in PP&K has an equal chance to win, for he competes only against boys in his own age group. Points are awarded for each foot of distance the ball travels in the fly, with points subtracted for each foot the ball lands to the right or left of a center line.

The first level, the local competition, features 18 trophies which will be awarded locally by Bill Redditt Ford. Gold trophies go to the first place finishers, silver to second, and bronze to third. The first place winners then move up to zone competition.

Winners of zone competitions will receive trophies and runners-up are awarded certificates. Zone winners move to district competitions where 216 district champions will be awarded trophies and go on to compete for area championships at NFL stadiums. Area champs travel to divisional competitions in NFL stadiums in Dallas or Detroit where 12 finalists are chosen—six from the NFL eastern division and six from the NFL western division. Winners are accompanied by both parents to all area competitions.

The 12 division winners go, with their parents, to the Orange Bowl in Miami, for the national finals during the annual NFL play-off game. All 12 national finalists and their parents will then tour Cape Kennedy, the site of the historic Apollo moon shots, and the Air Space Museum.

Ford Dealers of America and the National Football League sponsor the Punt, Pass and Kick competition nationally. Sponsors in Stuart are Bill Redditt Ford, Inc.

Rotonda

re the assets of the sales organization
selling land by metes and bounds, and are
ey represented by more than the sales
gures of the sales group?

The county commission, the public and the
customers of Palm Beach Investment Pro-
erties need to know these answers. The
and sales firm has been silent too long on
is matter. Criticism was rampant and un-
arranted has resulted from the lack of an
swer and the continually shifting policy
development of Rotonda.

We praised the original concept of Ro-
onda. We opposed the sales of that area
metes and bounds, though we realize
at such sales are legal. The Palm Beach
Heights sales scheme smacks of the boom
f the 1920's, when swampland was sold
nd Florida's reputation suffered from the
cheaters.

The fact that Palm Beach Heights sales
ill the public that lies are buying swamp-
nd doesn't make the sales scheme any
etter.

The name and reputation of Charles Martyn,
esting on the utterly beautiful plan of Ro-
onda, the idea of a city in the round, with
l services and roads making a Utopia
om a swamp, and the industrial develop-
ent of the community to serve the new
esidents to Florida, pales under the dark-
ess of unanswered questions.

It is up to Rotonda now. The record must
e set straight. Questions must be answered.
nswer piecemeal as they may sound. The
eople want to know the answers.

Padrick gets his due

When the people of this area gathered
ogether last week to honor Bob Padrick,
hairman of the Central and South Florida
ood Control District, they honored a true
riend of the people.

Padrick has served his constituents well,
nd deserves every bit of praise that can be
ustered upon him. He has been dedicated, a
ard worker, a planner, a sympathetic public
fficial and has a record of achievement in
oth offices.

Martin and St. Lucie Counties have found
at the service of Padrick on the board
f the FCD has meant that the problems of
hese two counties, so many of them, have
een heard, and those that could be solved
ave been.

Under Padrick's leadership, the FCD has
rown from a little known governmental
ody to a well publicized one. The services
f the FCD have become common knowledge
o the public and that is good. The public
ill support that which it understands and
hile the project accomplishments of Padrick have been many, the public information
rogram on the value and the deeds of the
CD will be known as his greatest achieve-
ment.

It is good to recognize service, and Padrick has earned his hour in the spotlight.
he Jensen Beach Mirror joins in praise to

Governor

ers who wrote and printed our new con-
titution. Kirk's political advisors, at the
ast minute, decided that the issue would be
he one thing that could get Kirk reelected,
nd so the governor double-crossed the
egislature. He vetoed the pay raise.

When the legislature overrode the veto
t was clear that the public would reject and
knew that Kirk had his issue for 1970.

Now the governor must carry the ball,
keeping the issue alive. He should do it out
of his campaign treasury, not with free ad-
vertising space in Florida newspapers.

We appreciate the offer, Governor, asking
us to join in your campaign, but, no thanks.

hine

usiness the business of the public, and for
aking a giant step toward renewing the faith
f the people in their courts, and in the offi-
ers of elected officials."

It has been reported that an Orange County
ommissioner has referred to the clarifica-
ion of this law as "that idiot decision."

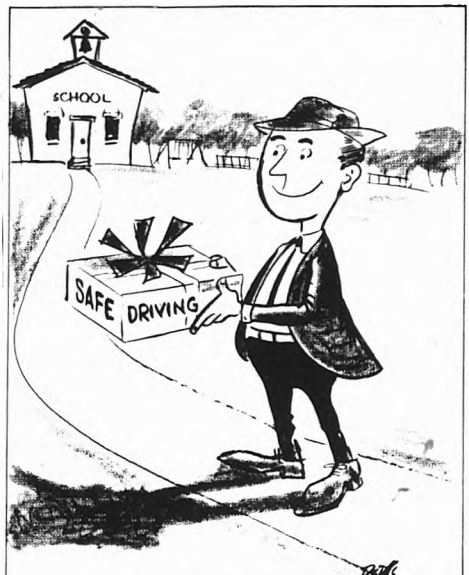
We do not agree. We think the people of
his country, county and this city have a
right to know" what their elected officials
re doing.

--- From the High Springs Herald

****

"Take it from a veteran reporter who believes a long hard struggle is ahead in the student revolt. He contends the two sides have not listened to each other, the two sides being the students and the American public. If they have learned nothing and settled nothing, there is not much chance of an immediate realistic understanding. That, indeed, is a pessimistic outlook on a social revolution that is not apt to fade quietly away."

-LaPorte, Ind., Herald-Argus



Newspapering is better than working - maybe

by Joan Buchs Hansen of the North Dade Journal

Somebody asked Mark Twain one time why he liked being a newspaper reporter. He allowed that it was better than working.

The line has become such an old cliche in the newspaper business that its origin is seldom recalled. Of course, Mark Twain was right about it being better than working.

But when there's a hurricane, or the lights go out, or disaster strikes, that's something else again.

Journal reporters Sandy Shirtzer and Jeff Miller faced a deadline last Tuesday night in the midst of the blackout, and I spent a spooky hour in the Journal office alone without lights while thunder and lightning crashed all around.

I realized at 6 p.m., that I was without a key to lock the office, and settled down for an hour's wait for Miller to arrive enroute to Biscayne Park. He would have a key.

Ten minutes later the lights went out. Modern offices are not designed to function without electricity. The windows provide little light, and open doors let the rain in, I sat in the dark and waited. Lightning struck somewhere nearby. An office is a very spooky place when the electricity is off and there is no one about.

"I know! I'll call someone up," I said to myself. I dialed the phone and as I was dialing it went dead. A moment of panic. Then I pushed another button and heard a friendly buzz. I dialed, the phone rang. But there was no answer.

I forgot that the electric clock had stopped. I wasn't wearing a watch. So for 10 minutes I thought it was 6:10 p.m. At 6:45 I decided to go stand outside the front door and look at the stars. Just as I reached for the door I saw a shadow outside. Someone was pushing on the door.

"Aggghhh," I said.

Then Miller's face appeared outside the glass. "What's the matter?" he exclaimed.

"Oh, nothing," I said, "I just....nothing at all."

I went home then, but let Miller and Sandy Shirtzer, the evening was just beginning.

About 8:30 p.m., my phone rang in the darkness.

"I'm at the office," said Sandy, "and it's dark, and I'm all alone and there are some candles here but no matches and I have the Nor'th Miami Budget to read. What do I do now?"

"We have matches here," I said. "Come on up."

I moved 2 big candelabra next to the typewriter in my living room. Sandy brought along some candles to help fill it. I stepped up every other candle in the house and surrounded Sandy with them. We ran out of candle holders, so additional were called into service to hold down the fort.

Sandy sat down amid the candles and went to work. It was hot in her corner. (Not many candles throw off much heat. An hour and a half later, the candles were starting to drop in a rush, and Sandy wasn't finished writing her story.

I got in my car and went to find some more candles. Two blocks from the house I noticed that the Publix was sitting in empty and the headlights was burned out. It was pitch black and the first two stores I passed were locked up. I turned back.

Just as the first of the candles faded and went out with a hiss, Sandy finished the story.

She drove back through the dark streets and into the office to find me at the Christmas tree---almost. Miller was at his desk with half a dozen candles perched atop his telephone book, typing a story about Biscayne Park where the City Commission had just finished conducting village business by candlelight.

Miller had a candle burning on every desk.

"I took some pictures of the candlelight meeting," Miller announced. "I hope they aren't grim. There's no electricity."

Then Sandy went home and Miller stayed to finish up his page, writing by candlelight.

It's great being a reporter and not having to work, I reported from a newspaper meet deadlines by candlelight, too, we'd probably go shopping for new clothes.

****

Ralph A. Beck says: "The best cure for insomnia is a good night's sleep."

****

"President Nixon certainly knew he was embarking on a long and potentially brutal legislative struggle in asking Congress to legislation converting the postal service from a politics-ridden cabinet department to a semiautonomous government corporation. The immediate reaction, as expected, was cool in the power centers on Capitol Hill. Congress has a very keen and political vested interest in the Post Office as is, perhaps the fastest and most politically productive reservoir of patronage in the government. But the least we have a right to expect from our stamp and subsidy dollars is efficient, dependable service, and that is the promise reorganization holds out."

- Dickinson, N.D. Press

****

"Keep America Beautiful, Inc., has joined the exercise advocates. The national anti-litter organization says it knows how to help people keeping in trim and eliminating the unsightly clutter Americans deposit along their highways and in the woods. "Litter walking," it calls the plan, which is nothing more than taking a good long walk and bending down to pick up every piece of litter encountered. Aching muscles will testify to the exercise part of it, and a small stretch of clean countryside will make the body feel better too."

- Towanda, Pa., Review

****

"Usually the things which are always with us we take for granted and fail to appreciate until we lose them. Good health and good government are prime examples."

-Council Bluffs, Iowa, Press

LIVE....and love it by Dick Campbell

Hertz...Try Harder

I walked into the Hertz office in New York City to rent a car. Two young girls were talking at the counter. They were the uniforms of Hertz-girls.

One said, "Why don't we go get a pizza?" The other said, "I would like lasagna, or Chinese food. That would be great."

"Er...pardon me, ma'am," I said. They ignored me.

"Let's get a pizza. Then we'll have Chinese food at lunch. We'll eat it back in the garage." the first girl said.

"I'm not going until I get my check cashed," said the other, and, turning to a man further down the office, she said, "Can I borrow a dollar from the petty cash until I get my check cashed?" The man shrugged his shoulders, turning away. I began to get back off that desk, and the other turned to me, "Now, how about you?" she asked.

"Sir, actually I don't eat pizza at ten in the morning, however, I would like a car," I said.

It took a while to get the car. They had to pass it up and vacuum it. Finally I was on my way. I thought it funny that besides "How about you," the girl had said just the word "here" when she handed me the keys to the car.

Once in Atlantic City, I turned in the car. The man at the Hertz place there was gruff and tired. He begrudgingly made a reservation for me on the following Sunday.

I went over on Sunday to pick up a car to drive to Washington, D.C. to catch my plane back home from the National Newspaper Association Convention. They had no air-conditioned cars, though I had a reservation. It was a hot, dusty trip in the car that they had for me.

All through this, I kept thinking about the man flying through the air, landing, kerplop, in the driver's seat of a Hertz car. I thought to myself, "That man is just flung into the car."

Next time I'm going to take the advice of Stanley Smith, and try harder.... wish Avis.

I get heartburn from pizza mixed with Chinese food.

Notes and Comments by Bill Britton

The happy times

Isn't it great what people can do when they all work and pull together?

Like the Labor Day family activities on the Jensen Beach Causeway every year.

I remember the first time I went out to the Jensen Causeway on Labor Day some time ago. Familiar faces were all there with their sleeves rolled up, to help make the day a success for their neighbors. No one was getting paid,... they were all volunteers... all pitching in to do whatever they could do to make the last holiday of the summer one to remember.

I marveled at it all, and remembered other Labor Day outings in other times and in other places.

Sometimes, when I was a kid, we would go to the beach, Compo Beach in Westport, Conn. A mile of sunburned bodies covering the sand, without a familiar face or friendly greeting in sight.

(On the Jensen Causeway ...people strolling up and down past the booths and pavilions...friendly greetings filling the air..."Hi, Don, see you've got the cooking detail again this year?""Yeah, and I've got to run back to the house to get something. Can you watch these things for a few minutes?""Sure, take your time...")

Compo Beach was always crowded and hot. During the afternoon, I would be given fifty cents and told to get four ice cream cones. I would grab the coin and run down the beach to the refreshment stand. Reaching up, I would put my money on the counter and wait. Others, older and bigger than I would jostle me out of the way, and take my turn.

Finally, "Whaddaya want, kid?" The man's voice was gruff, unfriendly.

I told him. He shoved four cones at me, scooped up the fifty cent piece, and turned to someone else.

"Mister,..." The ice cream cones were melting. "Whaddaya want now?"

"You forgot my change"

He growled something unrepeatable, scooped a dime out of the drawer and threw it at my feet. I picked it up and ran down the beach. By the time I got back to where our family was, the ice cream was almost gone...

(On the Jensen Causeway...I watched while a little girl bought a soda. She picked it up and turned to go. "Don't forget your change." The girl turned, picked up the coins, walked away, and stumbled. The bottle of soda fell to the ground. The woman picked up another bottle, walked up to the girl, and handed it to her. The little girl smiles her thanks, as the woman picked up the spilled bottle and walked back to her stand. "Who was she?" I asked the woman. "I don't know, but we can't have any unhappy little customers, can we?" I reached into my pocket, and took out a coin. "This is for the second soda you gave her," I said. The woman held up her hand. "That's not necessary," she started. "I know," I said. I smiled at her and walked down the causeway...)

I finished what was left of the ice cream cone, and sat, dejectedly, on the hot sand. "There's nothing to do here!" The eternal cry of youth. My aunt piped up, "Why don't you go for another swim?" I eyed the crowded water, and shook my head. "Already been swimming." I mumbled. "Nothing else to do around here,..."

(On the causeway...Frank picked up the PA mike, and cleared his throat. "OK, everyone, time for the sack races." Across the causeway street there was a yell from one of the Lions. "Hold it...we're not ready yet. We can't find the potato sacks..." Someone else shouted, "They're in the back of Nick's car." The crowd laughed. Moments later someone announced, "OK, kids, gather 'round and let's see who will be the big winner!" The kids jumped up and down in their excitement, while their parents gathered 'round to watch.....)

"Well, shall we go?" I picked up the beach blanket, and dragging it behind me, followed the family toward our car. Stepping over the maze of bodies covering the beach.

"Watch where you're going, kid."

"Sorry," I said, and pulled the blanket around me.

"Did you have a nice time, dear?"

"Yes," I muttered, and crawled into the back seat of the car for the long, hot ride home.

(On the Jensen Causeway, a gentle, cooling breeze was coming down the Indian River. The games booths were busy. A little boy tossed a coin and just missed the mark. He looked disappointed, Jane leaned over the counter. "Are you going to try again, son?" The boy peered up at her. "No," he said and left. "That was my last penny..." She turned, picked up a little whistle, and handed it to him. "Well, this is for trying," she said. The boy looked at it in wonder, blurted his thanks, and ran down the causeway. "Hey, mom, look what I won...")

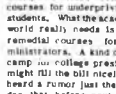
At the next booth, Betty was out of customers at the moment. I walked up, and she smiles and said, "Isn't this a beautiful day?" I nodded. "It certainly is," I said. "For everybody,...")

Every year a full day of family activities is planned for residents and visitors alike on the Jensen Causeway on Labor Day. Every year friends and neighbors all pitch in to make the day enjoyable for everyone.

They are all to be congratulated for doing what they do each year, and doing it so well.

Many years from now, when the children of today are grown and married and with children of their own, they will think back and remember the fun they had as kids on the Jensen Causeway on Labor Day.

Isn't it wonderful that we can give them that memory?



"Amid all the noise made on college campuses these days there is an awful lot of shouting about the necessity of more remedial courses for underprivileged students. What the academic world really needs is more remedial courses for administrators. A kind of boot camp for college presidents might fill the bill nicely. We heard a rumor just the other day that before next fall... college presidents will go on strike---for combat pay... Campuses today need a new breed of man. The experts claim he must be a man who can plumb the depths of human relations, withstand the stress of mass confusion and manage the pressures of group confrontation without the loss of academic serenity. What they mean is that he should have a soft heart, a tough hide and know how to run a fort."

-Williamsburg, Va., Gazette

****

"At last the American office is getting a new look. It was long in coming and it is welcome. Why this revolutionary new concept called the 'action office?' Because it dawned on someone that around 36 million Americans spend one-third of their lives in the office. Business executives and designers have concluded that the turmoil, the drabness, the monotony of the modern office inhibit creativity and ingenuity. It sounds reasonable..."

--Turlock, Calif., Journal

Punt, Pass & Kick registration opens

Tuesday, Sept. 2 was a big day for Martin County boys age eight through 13. The boys started registering for the ninth annual Punt, Pass & Kick competition in which they will show their football skills in punting, passing and kicking and compete for trophies. Winners will represent Martin County in future competitions.

Registration and entries will be accepted through October 10 at Bill Redditt Ford, Inc., 1150 S. Federal Hwy., Stuart. A parent or guardian must accompany the boys to register. The entire competition is free. There is no body contact in PP&K competition, and all equipment such as footballs and kicking tees is provided.

Every boy who registers will receive a free Punt, Pass & Kick Tips booklet which features stories and competition tips from NFL stars Don Meredith and Mike Clark of the Dallas Cowboys and Billy Lothridge of the Atlanta Falcons. The booklet also features Don Shula, coach of the Baltimore Colts, and includes physical fitness exercises for boys in the PP&K Competition age group.

Every boy who participates in PP&K has an equal chance to win, for he competes only against boys in his own age group. Points are awarded for each foot of distance the ball travels on the fly, with points subtracted for each foot the ball lands to the right or left of a center line.

The first level, the local competition, features 18 trophies which will be awarded locally by Bill Redditt Ford. Gold trophies go to the first place finishers, silver to second, and bronze to third. The first place winners then move up to zone competition.

Winners of zone competitions will receive trophies and runners-up are awarded certificates. Zone winners move to district competitions where 216 district champions will be awarded trophies and go on to compete for area championships at NFL stadiums. Area champs travel to divisional competitions in NFL stadiums in Dallas or Detroit where 12 finalists are chosen--six from the NFL eastern division and six from the NFL western division. Winners are accompanied by both parents to all area competitions.

The 12 division winners eg, with their parents, to the Orange Bowl in Miami, for the national finals during the annual NFL play-off game. All 12 national finalists and their parents will then tour Cape Kennedy, the site of the historic Apollo moon shots, and the Air Space Museum.

Ford Dealers of America and the National Football League sponsor the Punt, Pass and Kick competition nationally. Sponsors in Stuart are Bill Redditt Ford, Inc.

Youngster of 99 has active social life

Mrs. Alberta Hawkins, who lives at Alberta Center, a small place not too far from Battle Creek, Mich., had an active social life last week. She was 99 years old Sept. 3rd. She is very active with a trouble in her eyes, but attributes his long life to the fact that he never used tobacco or chared wild women—and until I was 14."

Also Chittenango's daughter, Lucille, who has been staying with her mother on Jensen Beach Dr., for the past two weeks, left for her home at Norridge, a suburb of Chicago. She toted her mother's cocker spaniel back to Illinois with her.

Rosy Enfield is found a lady in Richmond, Va., saw the Aug. 21st edition of The Mirror, and happening to know she was at a hotel in Richmond, she contacted the management and found she was available softball game, you can bet your'll find Grandpa

HOUSEHOLD QUESTIONNAIRE

For an up to date survey of the buying habits and needs of local households for

The Jensen Beach Mirror

$200.00 IN CASH PRIZES!!!

FIRST PRIZE $50.00

SECOND PRIZE $25.00

THIRD PRIZE $15.00

FOURTH PRIZE $10.00

PLUS 20 additional prizes of $5.00 EACH

As one of our more valued readers' households - you are asked to join in this interesting and valuable local survey. Thus you - and only other regular readers of the Jensen Beach MIRROR are included in this survey. Thus you - and only other regular readers of the Jensen Beach MIRROR can win any of the above listed 24 prizes. Every household has the same opportunity. Why not your household? ?

NOTHING TO BUY! NOTHING TO SELL!

On the following pages is your "Household Questionnaire". PLEASE answer those questions that apply to your household. Then - sign your name and address - fold this 4 page form as indicated on the last page - close with a staple or scotch tape - and then drop in mail box. Doing the preceding will make this form a self-addressed, postage paid form. Remember, there is nothing to buy - and nothing to sell. Just fill in the replies to the questions in the quiet of your own home.

It's FUN — it's EASY — it's PROFITABLE!!

Your "Household Questionnaire" is most important. With it this survey will be truly representative. Your completed "Household Questionnaire" is therefore much needed. So PLEASE complete it as soon as possible. THANKS also for being so very helpful. By doing so - your household will be helping us publish an even more interesting and valuable newspaper for you and your household.

ALL INFORMATION WILL BE KEPT 100% CONFIDENTIAL

INDIVIDUAL "HOUSEHOLD QUESTIONNAIRES" WILL BE DESTROYED

Only an out-of-town impartial research organization will ever see the replies. After which this same out-of-town impartial research organization has instructions from the publisher to DESTROY all of the returned "Household Questionnaires". On this you have the solemn promise of your trusted friend -

The Jensen Beach Mirror

SURVEY SUGGESTIONS

1. PLEASE answer all questions that apply to your household.
2. PLEASE answer with a "yes" or "no" or "X" mark. Where proper name or brand name is requested, please insert correct name.
3. PLEASE be sure to sign your name and address before mailing.
4. PLEASE mail before September 15, 1969
5. PLEASE fold this 4 page form as indicated on the last page. When properly folded, sealed with a staple or scotch tape, it will make a self addressed, postage paid form ready for mailing.
6. All returned "Household Questionaires" are the sole property of the Mirror
7. NO EMPLOYEE, or their immediate household members of the MIRROR are eligible to win any of the prizes.
8. An impartial drawing will be held of all returned "Household Questionaires" to determine the prize winners. Everyone is welcome to be present. Prize winners' names will be published in the Mirror.

McLartys visit in Carolina, Virginia

The McLartys (Mac and Gladys) returned home Aug. 24 after spending several weeks visiting in S.C., and Va. The first week was spent visiting Marion, S.C. at the home of Marg and Dave Sloan and their children. They did many interesting things while there, but the most interesting and unusual was a visit to the Mullins Tobacco Market.

There Gladys had the pleasure of meeting the auctioneer, and he in turn, introduced her to a number of the forty foreign tobacco buyers. Gladys especially mentioned three of these gentlemen, one from Africa; one from Mozambique; and the third, but to her the most interesting, from England. He was, she said, so charming. The auctioneer did a little of his singing just for Gladys, and she certainly got the hang of how it is done. She demonstrated it for me.

Leaving Marion, the McLartys visited Gladys's brother and sister-in-law, Mr. & Mrs. Sam Forsyth, and Gladys' neice from Staunton, Va., came to visit them while they were there. Their next stop was with the Dwight Odums and Ellis Forworth in Norfolk, Va., and it was their pleasure while there to be entertained by Analis Owensby at dinner in Norfolk, they also visited and had dinner at the Cavalier Playhouse, and went to see the Brunton Parish Episcopal Church which dates back to the 1700's. The cemetery surrounds the Church and the graves are laid partially above the ground, a custom of those times. Last, but not least was a visit to Williamsburg Theater, and surrounding country.

Elois Hoyt writes to Freda Peterkin: "I am at my sister's in Detroit for a week, expect to return to Lansing on the weekend. I am enjoying my visit with all the folks. The weather has been real nice. Hope to see all you nice people around Oct. 1st."

SUGAR CANE- Last spring, when the Clewiston sugar factory was about to close for the season, the Cumpatys spent part of a day in the sugar cane country south of Lake Okeechobee. While there, Rhonda picked up a piece of sugar cane stalk and when they returned home she planted it beside the Cumpaty trailer. When they returned from a two or three month stay in the north, Rhonda's cane had grown till it was nearly eight feet tall.

Roy and Josie Daley were seated watching television the night of Sunday, Aug. 31, when about 9 p.m. there was a loud thud as something heavy hit their trailer. The shock shook the trailer and sent the bed skidding across the room.

Roy ran outside and saw a Volkswagen against his trailer and heading out into the street. The deputy sheriff was called and was on the scene in just a few minutes.

Apparently a Volkswagen with some young people in it was traveling at a high rate of speed and went out of control and left the road. It hit the Daley trailer on the north side and glanced off toward the road, breaking a stout anchor cable, a four-inch post and a meter box, and denting the trailer.

Damages were estimated at $800 for the trailer, and $1400 for the car.

Flora L. Banig

Pioneer resident dies after prolonged illness

Walter Banig passed away last Monday night at the age of 83, Aug. 25, after a very prolonged illness. His wife, Flora, is his only relative. Mr. & Mrs. Banig came from Ashtabula, Ohio, where they still have a home. They first visited Ocean Breeze in 1928, the first year of its existance. Their original trailer is still here and now owned by Zylpha Sanders.

During the war years, Walt was away in the service. After the war, his doctor advised him to go West for his health so the Banigs spent three years at Las Vegas before returning to their home at Ashtabula. After 1955 they decided to return to Ocean Breeze for the winter, which they continued to do until his ill health made the trip north impractical. When they were in Ohio, Walt belonged to many charitable organizations. These he dropped after coming to Florida and joined the Veterans of Foreign Wars organization only.

The funeral was held at Yates Funeral Home at Jensen Beach, where an overflow crowd attended to pay their last respects. Rev. Gonsalus from the Trinity United Methodist Church conducts of the service and the V.F.W. Chaplain, Fred Kelly, offered the V.F.W. ritual. Cecil Brantley, the past Post Commander and a friend of over 40 years, took charge of all arrangements.

Flore's sister, Frances Force, from Ashtabula, will stay with her till everything is settled.

Thank you

I wish to thank my many friends in the park, Jensen Beach, and others for their kindly acts toward me since the decease of my husband, Walter.

I especially wish to thank Cecil Bradford for his untiring efforts in taking charge of all arrangements. The presence of the Woman's Auxiliary and the male members of the V.F.W. Post 10066 also was much appreciated, as were the flowers and donation to the Cancer Fund.

I will never forget the many friends who sent me letters and cards of sympathy. It is impossible to thank each and every one of you personally, so I take this opportunity to thank you all from the bottom of my heart.

Flora L. Banig

Personals

Mr. & Mrs. Al Placki returned home Aug. 31, from a visit with Ann's youngest sister and her husband, Mr. & Mrs. Wm. Stonesypher on their farm at Cleveland, Ga.

Bill, her brother-in-law, just retired in April, so although they had owned the farm for some time, they had not lived there till now.

The old farm home needed renovating, so Al helped with the installation of new windows, etc. Ann says it is beautiful country around Cleveland, and they enjoyed the change very much. While up there, the Plackis attended the Helen's County Fair, where Al was greatly interested in the ceramics and pottery, since they are his hobby here at home.

••••

Mrs. Catherine Cumpaty and her daughter, Rhonda returned from their summer home in Newfane, N.Y. last week. The Jerry Beagles were on hand to meet the plane when it landed in W. Palm. The trip took just five hours from Buffalo, N.Y., where they boarded. Ronald will join his family about Oct. 1. He stayed in Newfane to finish some painting work, and will drive back with the car.

Catherine says her mother-in-law, Mrs. Mary Cumpaty, is in excellent health and enjoying herself in her 86th year.

••••

Mabel Mast has had a few bad days with her right knee. She got up one night with a swollen, painful knee, and was not able to make it back to bed, so lay on the floor for quite a few hours till her sister-in-law found her and got help to lift her back to bed. The swelling has subsided now, and Mabel is getting around again. This is the second time Mabel has been ill lately, and since she was the only one on her street for a few weeks, it more serious now, however, Mabel says it was like Heaven to see the Weeks return, and knew others will be back soon.

Mabel read us a letter from Georgiana Reed, written from their home near Walton, N.Y. Luther has not been too well this summer, but has been cheered up with visits from his family.

Georgiana, our hobby gal, was successful in winning eight blue ribbons and five red ribbons at the Walton Fair, with her handcraft. Congratulations, Georgiana, and our best to Luther, who we hope is much better by now.

••••

Mr. & Mrs. Luther Weeks returned home Aug. 26, after spending a few weeks in and around Crewe, Va. While up there, they sold their home, but will still visit Crewe each summer and see their families.

During the hurricane Camille, Weeks daughter-in-laws family had tragedy strike them when flood waters leveled the village of Massie's Mills, Va. Taking the home of one sister and her husband, and the lives of two of their children, a girl, aged 18 years; and a boy, aged 14. In this small village, there had not been a flood in one hundred years, and now the entire place with the exception of one house is totally demolished.

The sympathy of all of us goes out to this bereaved family.

Rev. Anderman returns

Rev. Anderman, accompanied by Mr. & Mrs. Clinton King, arrived back to his home on Sixth Ave., Aug. 29, after a month spent visiting relatives.

The first place the trio visited was the home of Rev. Anderman's son, Wm. Jr., in Maryland, after a two-day visit there, Mrs. King left by train to visit with her mother, sisters and their families in Canton, Ohio. The two men stayed on to finish their visit.

On her return, Mrs. King accompanied her husband and Rev. Anderman to see the latter's daughter, Thelma Marusco, and her new baby girl, the Reverend's 14th grandchild. The Marusco's live in Chester, Woodlyn, Pa. The visitors next stop was in Phila., where they all had friends to see, and after a stop there, they drove on to North Wales to visit the Rev.'s brother, who is in ill health.

Rev. Anderman still has a home in the Poconos, at Pocanos Falls, Pa., where his son, Thomas also maintains a summer home, so father and son had a good chance to see each other for the week they stayed there.

By this time, the urge to head south again was strong, so they pointed the nose of the car south, and traveled 1065 miles in the last day and a half. Incidentally, Mrs. King (Eunice) did all the driving.

Rainfall

During the past month the usual August heat has been tempered by frequent showers. These ranged from just a trace to a real downpour of over five inches on Aug. 13, which the ground absorbed very well.

The ocean was not the tranquil body of water that we became accustomed to in July, so beach bathing fell off somewhat. On the whole, weather wise and bugwise, we had a good month.

Rainfall was as follows, in inches: Aug. 1, .19; Aug. 4, .26; Aug. 6, .09; Aug. 8, .08; Aug. 13, 5.28; Aug. 15, .10; Aug. 18, .13; Aug. 22, .68; Aug. 25, .74; Aug. 28, .42; Aug. 31, 2.83; making a total of 10.80. This is compared with a total of four inches for last month and the average August rainfall for the past three years of 7.88 inches.

BICYCLE RIDING- Bicycle riding, especially on three-wheelers (tricycles) is becoming more popular every day. Shown in this picture, not in order, are: Mrs. Grace Reed, Mrs. Rae Meisy, Mrs. Marjorie Docker, Mrs. Clara Clobus, Mrs. Marie Holmer, Mrs. Sue Miller, Mrs. Mary VanMeter, Mrs. Alice Suppiger, Mrs. Eleanor Goring and Mrs. Grace Hayes.

Louise Koegel wed Richard Franklin

Louise Ann Koegel, daughter of Herbert and Nancy Koegel, 7350 Serenata Ct., Port St. Lucie, and Richard Lee Franklin , son of Paul Franklin, 41 Duncan Blvd., Stone Mound, were united in marriage Saturday, August 30 at 7 p.m. The wedding ceremony was performed by Rev. Brown at St. Andrews Lutheran Church in Port St. Lucie. Reception followed in Parish Hall.

The groom was born in Ohio, a graduate of Canton, High School, Canton, Ohio. He is now in the U.S. Air Force.

The bride was born in New Jersey, is a graduate of Dan McCarty High School. She also attended Indian River Junior College where she was a member of the Chi Alpha Sorority.

Attending the bride were Paula Pipes as maid of honor. Julie Harris, Donna Shoemaker, and Barbara Frenchman, sister of the bride, as bridesmaids. Their dresses were yellow floor-length, Top and sleeves were of lace and they carried yellow cascades.

John Koegel, brother of the bride, was best man. Ushers were Larry Franklin, James Franklin, and Bob Ewan.

For her wedding, the bride chose a long, white lace gown with empire bodice and train from shoulders to floor with double crown headpiece.

Organist was Kerry Hart; soloist was Margarita Castellon. Hostesses were Margie Rinaldi and Andrea Koegel. Other women of the church also helped.

The new Mr. & Mrs. Franklin will reside in Valdosta, Ga., where the groom is presently stationed.

NEW LIFEGUARD-- The new lifeguard at North Port St. Lucie pool is Jon Faulkner, who is beginning his sophomore year at IRJC. He has had two years experience guarding at the college pool and at North Beach. Jon is a resident of Ft. Pierce and lives with his parents on South Indian River Drive.

Personals

Mr. & Mrs. Frank Rogus & sons enjoyed a plane trip to Indiana visiting their daughter & son-in-law, and celebrated their grandson's first birthday. When they returned to Florida, they were greeted by Mr. & Mrs. John Kraph (brother of Mrs. Rogus) & son from Dyer, Ind. Also they had some surprise visitors, Mr. and Mrs. Alfred Marley & son, and Mr. & Mrs. Victor Dvkiel & sons from East Chicago, Ind. They all enjoyed Port St. Lucie.

••••

Bill Jacobson reminds all those interested in bowling in the Wednesday morning league of the organizational meeting this Friday at the Marina, starting at 10 a.m. He also asks that the league officers meet with him thirty minutes prior to the meeting at 9:30 a.m.

Everyone that signed up for the league should be present and others that are interested in joining are invited to attend.

••••

The A.L.C. Women of St. Andrews Lutheran Church will hold their monthly meeting Tuesday, Sept. 9 at the church. Dessert luncheon will start at 1:15 p.m.

The Bible Study will be given by Mildred Aderholdt. Hostesses will be Miss Julia Holton and Mrs. Mary Shewalter.

Remember that a work-

Adult Education survey completed

Over the past several weeks, a survey has been taken regarding the interest of residents in the community in courses to be offered by the Adult Education Division of Indian River Jr. College.

Only one course received a sufficient number of requests to meet the minimum required to start; that being oil painting. Several other to receive a number of requests, however, not a sufficient amount were: History, Spanish & Typing. Still others, however, with only one or two expressing interest were: Public Speaking, New Math, Florida Law, Real Estate, Musical Instruments, and Speedwriting.

As a result of the above, plans are already in the making to secure an oil painting teacher, with the class probably getting under way during the latter part of September. However, a definite announcement will be made at a later date.

So far as the remainder of the classes go, we still need more people to express an interest in any of the above mentioned classes before we can start. A minimum of 15 is required to start a class. If you are interested, please call Dave Gessner at the Marina, 464-3191.

Jensen Mirror retains softball lead

A look at last week's softball results in the Port St. Lucie League continue to reveal a close race for first place between The Jensen Beach Mirror team and the Florida Contractors Supply team.

Last week both teams won one and lost one, leaving The Jensen Beach Mirror still out in front only by percentage points. Monday night's game was rained out. Tuesday night, The Mirror defeated the Florida Contractors by one run, only to turn around and lose by one run on Wednesday night to Economy Chemical. On Thursday night, the Florida Contractors defeated Ft. Pierce Automotive.

••••

shop is held every Tuesday 9:30 a.m. to 2 p.m. Bring a sandwich, coffee will be served. All ladies & visitors welcome.

••••

The first meet of the Shuffleboard Club for the fall and winter season will be held at the Marina Tuesday, Sept. 9 at 1:30 p.m. All members are urged to be present as there are many business matters to be brought up. This is the beginning of a new season and President Ed Chapman hopes everyone will come out and work together for a successful year.

The schedule for the remainder of this week and next week is: Thursday; The Mirror vs. Ft. Pierce Automotive; Friday, Economy Chemical vs. Fla. Contractors; Monday, Ft. Pierce Automotive vs. The Mirror; Tuesday, Fla. Contractors vs. Economy Chemical; Wednesday, Economy Chemical vs. Ft. Pierce Automotive; Thursday, Fla. Contractors vs. The Mirror.

Winners

The weekly tournament of the Port St. Lucie Country Club Men's Association was an individual event. Each contestant was permitted to throw out his four worst holes and then deduct 3/4 of his handicap.

Winners were, in Class A, Clyde McFarland with a net 50; tied for second were Norris Natchez, Arch Gates and Al Van Nostrand, net 51. Ted Stillwell was next with a net 52.

In Class B, Bob Bowring was first with a net 50; Ed Mullard, second, 53, and tied for third with net 54's were Jack Welsh, Phil Abel and Harry Lehman.

MAINE LOBSTER POT-

Olive Ashby enjoys trip to northeast

For eight weeks, a leisurely trip was made through the Eastern U.S.A. by Miss Olive Ashby, daughter of Mr. & Mrs. Frank Ashy of 300 Sandia Drive. Miss Ashby said the trip began and ended in Gainesville, Fla., but included brief visits with old friends and relatives in North Carolina, New Jersey, Vermont, Conn., Rhode Island, and Georgia. Longer visits were made to New York City, Mass., & Maine.

In New York City, Miss Ashby attended as many plays and concerts as possible and visited exhibits, especially the Natural History Museum and Haden Planatarium. She adds, that, of course, a wide range of yummy restuarants increased the total poundage as well. While in Mass., she was an attendant in a wedding, and managed an entire wet week on Cape Cod.

Maine was a treat, said Miss Ashby. "I spent a very enriching two weeks at the Audubon Camp in Maine which was sponsored for me by the Jupiter Garden Club. So delightful was this venture that it was necessary to bring something back that would be just a little Maine. So I crammed a genuine handmade round-face Maine lobster pot into my already crammed V.W. bug and headed south."

Miss Ashby, a teacher of the seventh grade, says that her intention is to bring the lobster pot to school for student interest in that the lobsters caught in this pot and the pot itself are different from those of the Florida area.

Homemakers to hear Mrs. Brock

A highly informative and interesting meeting is scheduled for the Beautiful Waters Homemakers Club in their first meeting of the 1969-70 season. The meeting will be held at the Marina on Thursday, Sept. 11, starting at 1 p.m.

Mrs. Ethel Krall, club president, said that the guest speaker for this meeting will be Mrs. Marjorie Brock, Extension Home Economics Agent for St. Lucie County. Her subject will center around Consumer's Education in kitchen appliances, titled, "Kitchen Secretants."

Refreshments will be served following the meeting.

••••

We welcome this week Mr. & Mrs. Robert Knight of 562 Lomax Street, coming here from New Philadelphia, Ohio. They have one daughter, Roberta Jane.

The Port St. Lucie Shuffle board League came to a close last Tuesday evening, with the Saints winning out with an overall score of 34 wins against the Sinner's 27 wins.

This means that the losing Sinners will have to provide a dinner for their victorious Saints at a time and place yet to be named.

Play will continue each Tuesday night on an informal basis. Any and all shuffleers are invited. Starting time will be 6:30 p.m.

YACHT AND COUNTRY CLUB
GOLFERS, YACHTSMEN, FISHERMEN
A UNIQUE OPPORTUNITY — and perhaps your last chance to live in a secluded country club community on the Gold Coast near the ocean.
The developer of Tequesta and the Jupiter Island Beach Colony — after nearly two years of planning — proudly presents a masterpiece in residential living — The Yacht and Country Club of Stuart.
Construction is nearing completion — come see the excitement

Homes on "Crooked Creek" waterway or fairway will be in the $35,000 to $45,000 price range. Community lawn maintenance plan.

You'll fall in love with the quiet dignity of Stuart with its miles of uncluttered rivers, bays and estuaries, located between Vero and Palm Beach. Our welcome mat is out!

nior Women plan first fall meeting

The Port St. Lucie Junior Woman's Club held a "new member's dinner" on Wednesday, Aug. 13 at the home of Mrs. Chuck Johnson. Prospective members attending the buffet were Donna Black, Debbie Burford, Pat Henderson, Susan Knight, and Michelle Sanders. Also attending were the regular members. Everyone seemed to have a marvelous time.

President Kay Schaefer said that the regular meeting of the club will be held at the home of Mrs. Annette Schmidt on Monday, Sept. 8.

After a recess during the summer months, this first fall meeting will feature Mrs. Lois Schroeder of the Ebb Tide Shop. Mrs. Schroeder will give an informal home life talk on the age old, but recently revived art of Decoupage. This first meeting certainly promises to be an enjoyable and informative one.

Those women in the Port St. Lucie area, up to the age of 35, are urged to think about this meeting and attend it, with perhaps the intention of joining now or at some future date, if interested, contact, Mrs. Annette Schmidt at 464-4946.

There will be refreshments for everyone attending the meeting. All subsequent meetings will be held as usual at the P.S.L. Marina on the second Wednesday of each month.

Basic Seamanship course begins Sept. 10

Flotilla 55, U.S. Coast Guard Auxiliary, Port St. Lucie, will offer a ten-lesson course in small boat handling in the following subjects: choosing the right boat and motor for your needs; trailer selection for your boat; correct nautical terminology; proper docking and maneuvering of your boat; choosing and using an anchor and anchor line; tying a bowline; half-hitches and belaying a line around a cleat; knowing all the different types of buoys; learning to read your chart and using your compass; knowing the rules of the "road"; your legal responsibilities and how the law protects you; maintaining your outboard motor; and the safe handling of gasoline.

All persons taking this course with a passing grade will be awarded a Seventh Coast Guard District "Basic Seamanship" Certificate of the U.S. Coast Guard Auxiliary.

Classes will meet in Port St. Lucie's Lutheran Church of St. Andrew on W. Prima Vista Blvd., at 7:30 p.m. on Wednesdays and Fridays starting Sept. 10.

The Friday Nite Gang held its regular session last Friday night. Two pedestal fans stirred up the breezes so that everybody was comfortable and happy.

The gang welcomed the Closbys' back from a summer's vacation. There were only two visitors, Ann Kumas and son Jimmy of W. Palm Beach.

A select "quartette" of 11 persons sang the birthday song to John Tuck, celebrating his 39th birthday. The host, Cedric Best, announced that the gang will stage a card party on Thursday, Sept. 18 at 1:30 p.m. The money obtained from this party and another in October will go into a fund for the annual New Year's Eve party.

The regular monthly meeting of the Republican Club will be held Thursday at the Marina. Refreshments will be served at 1 p.m., followed by a short business meeting, after which guest speaker for the day will be St. Lucie County Tax Assessor, Jim Bass.

ENGAGED- Mr. and Mrs. John W. Johnson, Sharp Road, Jensen Beach, announce the engagement of their daughter, Marijane, to George Thompson of Stuart. He is the son of Mr. and Mrs. William L. Thompson. Thompson is employed at Stuart Paint and Supply Co. He and Miss Johnson attended Martin County High School. No date has been set for the wedding.

Two dessert card parties are being planned by members of the Jensen Beach Women's Association. One will be Sept. 15 and one on the 29th, at the new clubhouse.

For reservations call Mrs. Jean Pendleton, 287-6372, or Mrs. Eva Beggs, 287-5955.

The regular monthly business meeting was held Tuesday, Sept. 3.

NOTICE OF PUBLIC HEARING
TO WHOM IT MAY CONCERN:
Notice is hereby given that the Planning and Zoning Board of Martin County, Florida, will conduct public hearing at the hour of 7:30 P.M., or as soon thereafter as the matter may be heard, on December 13, 1969, at the Martin County Courthouse in Stuart, Florida, to consider the matter of a revision of "R-2P" Multiple Family Residential District, "R-3A" Multiple Family District, Amendment to General Provisions, "P" Public Servicing District, and "R-3P" Multiple Family Residential District.

ARTICLE XV
"R-3P" MULTIPLE FAMILY RESIDENTIAL DISTRICT
SECTION 15
USES PERMITTED:
In this District a building, structure or land shall be used for only the following purposes:
(a) Any use permitted in the RS-1, R-1, R-1A, R-1B, R-2, R-2B, and R-3A Districts.
(b) Multiple family dwellings.
(c) Detached single family residences, multiple dwellings, apartments, motels, hotels, and garage apartments shall be permitted in this section provided that principal detached single family residence, multiple dwellings, apartment buildings, motels, hotels must be completed before permit for garage apartment will be issued, multiple dwellings, apartment buildings and garage apartments shall contain not less than 600 square feet of living area per family exclusive of porches, carports, garages, etc.
(d) Buildings shall be used for residential purposes only.
(e) Signs appertaining to the above uses.
(f) Limited Marinas - boat docks and service facilities generally used in connection with sport fishing, such as marinas offering the sale of gasoline, bait or minor repairs. Excluding all types of storage of boats under cover, wet or dry, also excluding any major overhaul or repairs of boats or yachts.
(g) Funeral homes, mortuaries and mausoleums.

15.1 REQUIRED LOT AREA, WIDTH, FRONT, SIDE AND REAR YARDS
Lots or building sites in Multiple Family Residential District (R-3P) shall be not less than one acre of not less than 7,500 square feet, with a minimum width of 60 feet measured along the front property line. Not more than 40% of the lot area or building site shall be occupied by structures, or buildings.

15.2 MINIMUM YARDS REQUIRED
(a) Front: 50 feet
(b) Rear and Side: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 40 feet of the centerline of a designated through-traffic highway.
(e) A minimum setback or yard of 50 feet shall be required adjacent to water frontage.
(f) Off Street Parking Regulations: See Section 4, Paragraph 4.6.

15.3 MINIMUM YARDS REQUIRED
(a) Front: 50 feet
(b) Rear and Side: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 40 feet of the centerline of a designated through-traffic highway.
(e) A minimum setback or yard of 50 feet shall be required adjacent to water frontage.
(f) Off Street Parking Regulations: See Section 4, Paragraph 4.6.

15.4 HEIGHT LIMITATION:
(a) No building shall exceed thirty-five (35) feet in height, except as hereafter provided.
(b) For buildings in excess of thirty-five (35) feet, fire alls and structural plans shall be submitted and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.

15.5 REQUIRED LOT AREA AND WIDTH
Lots or building sites in this district shall have an area of not less than 7,500 square feet and with a minimum of 60 feet measured along the front property line. Not more than 40% of the lot area or building site shall be occupied by structures, or buildings.

15.6 MINIMUM YARDS REQUIRED
(a) Front: 50 feet
(b) Rear and Side: 1 story - six feet; 3 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 40 feet of the centerline of a designated through-traffic highway.
(e) A minimum setback or yard of 50 feet shall be required adjacent to water frontage.
(f) Off Street Parking Regulations: See Section 4, Paragraph 4.6.

15.7 REQUIRED SQUARE FEET OF LIVING AREA
(a) For single family dwellings there shall be a minimum of 600 square feet of living area exclusive of carports, breezeways and utility rooms.

15.8 HEIGHT LIMITATION
(a) No building shall exceed thirty-five (35) feet in height, except as hereafter provided.
(b) For buildings in excess of thirty-five (35) feet, fire alls and structural plans shall be submitted and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.

AMENDMENT TO THE GENERAL PROVISIONS
ARTICLE IV
GENERAL PROVISIONS
SECTION 4
4.1 UNPLATTED PROPERTY:
Property which is to be subdivided by metes and bounds descriptions and will not meet the Martin County Subdivision Regulations, and is one acre or larger in total area must meet the following requirements prior to the issuance of a building permit.
(a) A drainage plan with calculations, profiles, and cross-sections prepared by a registered engineer must be submitted to and approved by the County Engineer.
(b) Street layout showing intersections of County or State owned roads with the private roads anticipated, must also be submitted to and approved by the County Engineer.

AMENDMENT TO GENERAL PROVISIONS
4.9 OFF-STREET PARKING:
All uses shall provide space for the parking of motor vehicles within their respective building lines. This area shall not be encroached upon, enlargements or additions which may require additional parking space, as indicated below:
(a) Off-Street Parking space shall be provided on the following basis:
DWELLINGS: At least one parking space for each single family dwelling and at least two for each two family dwelling, or one for each apartment.
(b) Dwelling and guest houses.
APARTMENT BUILDING, COURTS, MINIMUMS: At least two parking spaces for every family unit.
MOTOR COURTS, HOTELS, MOTELS: At least one parking space for every two sleeping rooms, but in no case shall the building less than one parking space for every rental unit.
4.10a Health Department permit must be obtained for all utilities whether individual or central system. The minimum lot sizes may be used as a guide.
(a) 7,500 square feet minimum size lot for individual well and septic tank.
(b) 5,000 square feet to 7,500 square feet either central water system or central sewage system or central sewage system required.
(c) Lots less than 5,000 square feet must be serviced with both central water and sewage systems.

AMENDMENT TO THE "PS" PUBLIC SERVICE DISTRICT
ARTICLE XXXII
"PS" PUBLIC SERVICING DISTRICT
SECTION 32
USES PERMITTED:
In this District a building or structure or land shall be used for only the following purposes:
(a) The "PS" Public Servicing District shall embrace those essential services of the County, Board of Public Instruction, Sanitary District and/or of the residents of Martin County.
(b) Airport.
All uses normal to airport operations and such other uses as may be deemed proper by the Martin County Board of Commissioners.
(c) Cemeteries, Mausoleums, Crematories.
1. No premises shall be used or occupied for the purpose of a cemetery in any zone unless approved after a public hearing by the Board of County Commissioners.
2. No land on which a plat has not been recorded shall be used for any burials.
3. No land on which a plat has been recorded shall be used for any burials.
(d) Caretaker and/or monuments shall be no closer than 25 feet to the nearest property line.
(e) Parks, Public Recreation Buildings, Playgrounds and other uses as may be deemed proper by the Martin County Board of County Commissioners.

ARTICLE XII
"R-3" MULTIPLE FAMILY RESIDENTIAL DISTRICT
SECTION 13
USES PERMITTED:
In this District a building, structure or land shall be used for only the following purposes:
(a) Any use permitted in the R-1, R-1A, R-1B, R-2, R-2B, R-3A, and R-3 Districts.
(b) Multiple Family Dwelling.
(c) Apartments, hotels, motels, cottage courts, condominiums.
(d) Rooming houses and boarding houses.
(e) Clinics, except animal hospitals.
(f) Hospitals and sanitariums, except mental hospitals.
(g) Tourist homes.
(h) Colleges, clubs, lodges, social and community center buildings and/or structures.
(i) Restaurant, not the drive-in type, with an enclosed seating capacity of 40 persons or more.
(j) Commercial radio and/or television transmitting station towers, poles, masts, antenna, power plants and other incidental and usual structures pertaining to such stations. All structures and attachments thereto and appurtenances thereof must comply with all applicable requirements of the Federal Communications Commission and the Civil Aeronautics Board and/or authority. Towers, poles, masts and antenna must be designed and stamped by a Registered Engineer or Architect to assure the structure, mast, etc., will withstand hurricane force winds.
(k) Signs appertaining to the above uses.
(l) Limited Marinas:
Boat docks and service facilities generally used in connection with sports fishing, such as marinas offering the sale of gasoline, bait or minor repairs. Excluding all types of storage of boats under cover, wet or dry, also excluding any major overhaul or repairs of boats or yachts.
(m) Funeral homes, mortuaries, and mausoleums.

13.1 REQUIRED LOT AREA AND WIDTH
Lots or building sites in this district shall have an area of not less than 9,000 square feet and with a minimum of 60 feet measured along the front property line. Not more than 40% of the lot or building site shall be occupied by structures or buildings.

13.2 HEIGHT LIMITATION:
(a) No building shall exceed thirty-five (35) feet in height, except as hereafter provided.
(b) For buildings in excess of thirty-five (35) feet, fire alls and structural plans shall be submitted and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.

13.3 LIVING AREA:
(a) For single family residences, structures there shall be a minimum of 600 square feet of living area, exclusive of breezeways, carports, patios or terraces.
(b) For multiple family structures there shall be a minimum of 225 square feet of living area per unit, exclusive of breezeways, carports, patios or terraces.

13.4 MINIMUM YARDS REQUIRED:
(a) Fronts 50 feet.
(b) Rear and Sides: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 40 feet of the centerline of a designated through-traffic highway.
(e) A minimum setback or yard of 50 feet shall be required adjacent to water frontage.
(f) Off Street Parking Regulations: See Section 4, Paragraph 4.6.

All interested parties are invited to attend and be heard.
DATED this 29th day of August, 1969.

"Fishing was fun" on Labor Day, according to the Ed Curtisses and Stirling Chambers'.
The two couples took a picnic lunch over to the beach and had a fine time surf-fishing, they told The Mirror. The foursome caught 12 whiting, two drum, and two pompano, one weighing 2-1/2 pounds.

WSCS Meets on causeway

The Woman's Society of Christian Service will meet at 11 a.m. on Jensen Causeway Tuesday, Sept. 9 for a picnic lunch. The group is associated with Trinity United Methodist Church.
The program, "Show Me Your Women, World!", will be presented by Mrs. Ted Tomastik. She and Mrs. J. M. Pate, hostesses, will provide dessert and beverage.
In case of inclement weather, the meeting will be held in Fellowship Hall. All are invited to bring a guest.

Gene Pfleger is Engaged

Bonnie Harriger of Cleveland, Ohio, and Gene Pfleger of Jensen Beach will be married in Cleveland Saturday, Sept. 27.
For the time being, they will make their home in Cleveland.
Pfleger was manager of the 7-11 store in Jensen Beach, and has recently been associated with The Jensen Beach Mirror as advertising salesman.

Minister attends conference

Rev. Neil M. Gunsalus of Trinity United Methodist Church of Jensen Beach attended a conference on evangelism in Leland on Aug. 2 and 3. Those attending are selected by special invitation of Bishop James Henley, bishop of the Florida Conference of Florida Methodism.

NEW PROGRAM- A new perceptual testing and training program, known as "The Winter Haven Story®", has been approved for Jensen Beach Elementary School. Payment for the materials needed to provide the program for training of early childhood learning will be made by the Jensen Beach Lions Club. The program was presented at last week's Lions Club meeting at The Anchorage. Left to right, above, seated, are Dale Clark, principal of Jensen Beach Elementary School; Mrs. Blanche Buchanan, first grade teacher at Jensen Beach; John Carson, principal of Port Salerno Elementary School; standing, Ross Philbrick, president of Stuart Lions Club; Pat Ward, president of Jensen Beach Lions Club, and Nick Dollard, chairman of the education committee, local Lions Club. The training program was developed by the Winter Haven Lions Research Foundation.

Hooray and boo...

Rotonda goes to RDB for questions-answers

By DICK CAMPBELL

The hot potato of Rotonda, the proposed 50,000 population city in the round in southwestern Martin County, was tossed to the Martin County Resources Development Board Tuesday in an emotion charged county commission meeting on the subject shouted back and and forth across the commission meeting room.

The final action was taken as the commission chairman's wife asked all who were not residents or property owners of Martin County to stand, and asked identified woman shouted that she was a land owner in Palm Beach Heights.

It was Commissioner Bill Boyd Owens who asked that the subject of Rotonda be moved to the Resources Board, citing the many "outstanding features" of the project, and specifically naming Bill Barson, Ernest Lyons, Hap Pocadin, Ken Ferguson, Art Marcus, Walter Crowell, Ross Philbrick and E. C. Warheim. Owens is the commission representative on the board.

Adding that all questions about Rotonda be referred to the resources board, Owens also moved that the board bring a recommendation to the county commission at the next meeting, Sept. 23. Rotonda will be the first item on the agenda at that meeting.

Owens' move followed a marathon of presentations by Joe Klein, president of Palm Beach Investment Properties, sales agent for Rotonda and Palm Beach Heights; conservationist leader Georgs Ewing, Martin Huevelman, Bob McRoberts, Bill Minors, Robert Grasser and Louis Bergen.

Billed as a question and answer session, the meeting got under way at about 3:30 p.m., following a long county commission meeting. Only a few questions were asked, however, as Klein responded to some of the questions asked by the resources board the previous day.

Under questioning by the county commission, Klein:

SAID his company had not had discussions on zoning or drainage with Palm Beach Gardens, "but we will,"

Jewish High Holy Days to begin September 12

The Jewish High Holy Days will begin this year at sunset, Friday, September 12.

Inaugurating the spiritual New Year, the High Holy Days are a 10-day span given over to a review of the ethical level of one's conduct and worship exercises to stimulate nobler living.

New Year services at Temple Beth El in Fort Pierce will begin Friday, Sept. 12 at 8 p.m., and will be continued Saturday, Sept. 13th beginning at 10 a.m. Services will be conducted by Rabbi Brichto, Professor of Bible History, Hebrew Union College, Cincinnati, Ohio. During the Friday evening service, Mrs. Bernard Selkie, President of Sisterhood, will bless the festival candles and Joseph Weber will chant the traditional Kiddush. Other participants will be David Cohen and Ralph Rubin.

At the morning service on Saturday, Rabbi Brichto will be assisted by L.D. Fleischman, Sam Karlin, Henry Block, Sam Block, Jeffrey Rubin, Morris Moss, Charles Block, Arthur Rubin, Leonard Appel and Joseph Cohen. The shofar will be sounded by Harold Holtzberg.

The musical program for the two services will be presented by the volunteer Temple choir under the direction of Miss Carol Hald, organist.

PASTOR RESIGNS -- Rev. Jack Fernandes, pastor of the First Baptist Church in Jensen Beach, has resigned as of Sept. 19. During the eight years he served as pastor, the church has built a new pastorium, purchased five acres of land and relocated from Rio to Jensen Beach. The Fernandes are moving to Mount Vernon, Ga., where he will serve as pastor of the First Baptist Church and work on the faculty of Brewton-Parker Junior College on a part-time basis. He will preach at both services Sunday, 11 a.m. and 7:30 p.m. A reception will be held Sunday following the 7:30 service. The public is invited.

Stuart CAP resumes weekly meetings

Capt. Robert M. Kuhn was appointed Commander of the Stuart Composite Squadron of the Civil Air Patrol at Tuesday's meeting.

First Lt. Ralph Randall was named Commander of the Stuart Senior Squadron. The announcement was made by Capt. Loretta Hagerty, Commander of Group 15, C.A.P.

Capt. Kuhn replaces Maj. Evans Crary, Jr., who will remain in a staff advisory capacity. Lt. Randall, former executive officer of the Squadron, replaces Kuhn.

First Lt. Russell Cooper remains as Commander of the Stuart Cadet Squadron in its continuing Aerospace and Education Program.

Brotherhood to meet Sept. 19th

The Men's Brotherhood of Jensen Beach Community Church will hold its first dinner meeting of the season on Friday, Sept. 19 at 6 p.m.

The dinner meeting will be held at the church on Skyline Drive.

St. Joseph College presents culture series

A series of ten culture presentations has started at St. Joseph College, Jensen Beach. September's offering was "The Trip Back", a drug program, by Florris Fisher.

"Personal Values in Mass Media" will be presented by M. Frances Garvey, Livingston Institute for Research, New York, Oct. 16.

Other programs will be a Round Table "Focus on the Campus, November; Concert by Frederick Rand, classical guitarist, Dec. 11; "Search for Identity", Jan. 18, Dr. John Quinlan; "Vital Issues in Communication", Jan. 30.

In February "The Orient in Perspective" will be offered as a date to be announced, and on Feb. 25, a concert by Mogarteum Quintet of Argentina will be presented. A concert by Daniel Kraus, German pianist, is scheduled for April 12, and on the 25th, Diana Kan, a Chinese lecturer and artist will appear. May's offering on the 12th is "Jewish Practices and Beliefs."

Tickets are on sale at the office of The Jensen Beach Mirror, $10 for the series. Individual tickets may be purchased at the door. All programs are scheduled for the college auditorium.

1st Presbyterian lists activities

On Wednesday, Sept. 10, the Men's Bowling League will meet at 9 p.m., at the Jensen Beach Lanes.

Thursday, Sept. 11: Junior Choir Rehearsal, 4 p.m.

Junior High program for grades 7 & 8 at 4:45 p.m.

Property Committee Meeting at 7:30 p.m.

Sunday, Sept. 14: Senior High program for grades 9 through 12, 7:00 p.m.

Monday, Sept. 15: Session meeting at 7:30 p.m.

Tuesday, Sept. 16: Missions Committee Meeting, 7:30 p.m.

On Sunday, Sept. 12, the church will return to two services at 9 a.m., and 11 a.m., Sunday Church School, at 10 a.m.

Drama class try-outs Monday

Martin County's Adult Education drama class will hold try-outs and registration for the comedy, "Invitation to a March" on Monday, Sept. 15 at 7:30 p.m., Martin County Instructional Center auditorium, 500 E. Ocean Blvd., Stuart. The drama group will present three full productions this year, including a musical.

Classes will meet Monday evenings at the Instructional Center auditorium.

Stanley Smiths take world tour

Mr. and Mrs. Stanley Smith, owners of Jensen Beach Travel Service, will be leaving this week on a 'round the world trip.

Enroute they will attend American Society of Travel Agents Convention in Tokyo. Their continuing travels will take them to Vietnam, Bankok, Copenhagen, London then home to Miami.

The Smiths consider the highlight of their trip the opportunity they will have to visit their son, Paul "Skipper" Smith, who is presently stationed with the Army in Vietnam.

State parks brochure available for campers

A complete guide to Florida's 31 state park campgrounds is available, State Parks Director Bill Miller announced last week.

The brochure, "Florida State Parks Camping", was designed to help campers to know in advance what to expect, Miller said.

The facilities and regulations of the campgrounds are spelled out in detail in the brochure, which includes a large map to aid campers in locating the park of their choice.

Included is such information as opening and closing hours, attended facilities, who can use family camping areas, youth camping, length of stay, checkout time, types of camping rigs allowed, boat camping procedures, fees, how to make advance reservations and how to purchase an annual camping pass.

A color chart aids campers in locating parks suited to their particular needs, listing swimming facilities, boating, tours, camper supplies, etc.

To receive a free brochure, write Director Bill Miller, Fla. Division of Recreation and Parks, Larson Bldg., Tallahassee, Fla. 32304.

Sunday is Rally Day

Sunday, Sept. 14 is promotion and rally day at Jensen Beach Community Church School. Youngsters are reminded to attend at 9 a.m. in the Sanctuary and sit with their class and last year's teacher. After the service, classes through and including high school will meet briefly in their new rooms with this year's teacher.

Starting Sunday, Sept. 21, there will be two worship services on Sunday, one at 9 and one at 11 a.m. Church School for all ages will be at 10 a.m., including parent's class, discussion group and Bible Class. Choir practice for church and junior choir will also be at 10 a.m.

...

Thousands of Florida bowhunters will be afield one-half hour before sunrise on Sept. 13 to participate in the opening of the 1969-70 archery hunting season, according to the Game and Fresh Water Fish Commission. Bow hunting will continue through Oct. 3.

Winners

Jack Alger and Henry Snyder nosed out Mary and Gerry Boyd for first place in the North-South division 78 to 77 at the Wednesday night session of the Stuart Duplicate Bridge Club.

Merrill and Florence Haskell were third with 73.

East-West, first, Mr. and Mrs. Ammon, 74; John and Vergie Watson, 69, second; third, Mr. and Mrs. S. W. Snelling, 67-1/2.

Game time at Stuart Youth Center is 7:45 p.m. You are assured a partner if you come alone.

Steer This Way

By

BILL STUDER

AND

JIM HENDRAPATH

The first electric auto was built in 1891 and was powered by twenty-four storage batteries! Who purchased it? J. B. McDonald, president of the American Battery Company.

***

If you have an air-conditioner in your car, you'll probably use about $20 worth of extra gas a year....

***

The longest car ever made - 22 feet from bumper to bumper -- was the 1927 Bugatti Royale. Today, it wouldn't be practical. It's tough enough to find ONE parking space, let alone three!

***

The U.S. comprises only 6% of the world's land area. But more than half of the 140 million cars in use through the world are found on America's roads.

***

The manufacturer of an "all-terrain" car that can move over hills, fields, and even water, hopes to sell 250,000 units a year....

***

Getting back to earth, if you want your car serviced by a good, careful mechanic, drive over to Merkle Motors of Stuart, 806 South Federal. Just phone 287-8080 for an appointment.

MR. AND MRS. CARABALLO

Caraballo-Maldonado wedding held Aug. 30

The wedding of Miss Eheyda Maldonado of Palm City and Irving Caraballo, Stuart, was held Saturday, August 30 at 2 p.m. at St. Joseph Catholic Church.

The bride is the daughter of Mr. and Mrs. Francisco Maldonado of Arecibo, Puerto Rico. Mr. and Mrs. Candelario Caraballo of Yauco, Puerto Rico are parents of the groom.

Given in marriage by her uncle, Jose Manuel Hernandez, the bride wore a white Chantilly lace floor-length with rainbow sequins. Her bouquet was of white roses.

She was attended by Mrs. Benedicto Maldonado as matron of honor, who wore a turquoise empire styled gown. Bridesmaids were attired in the same style gowns. Miss Gloria Camarillo and Miss Milagro Concepcion in yellow; Miss Melba Caraballo and Miss Erminda Cabrera in pink. Flower girl Rosa Mary Maldonado wore pink and white.

The bride's mother wore a light gold dress, with a corsage of white orchids.

Best man was Benedicto Maldonado, Sr. Serving as ushers were Damian Torres, Nataniel Torres, Wilfredo Concepcion and Oscar Miranda. Benedicto Maldonado, Jr. was ring-bearer.

Serving at the reception, held at Stuart Woman's Club, were Mrs. Antonia Caraballo, Mrs. Alda Morales and Mrs. Marina Lira. The club house and church were decorated with corn posies and gladiola.

For the wedding trip to Miami, the bride wore yellow. Upon their return, the newlyweds will reside in Stuart.

Two join JBWA

Two dessert card parties are scheduled by the Jensen Beach Woman's Association. One will be on Monday, Sept. 15, another on the 29th. For reservations call 287-6372 or 287-5955.

Hostesses will be Mrs. Mary Villane, Mrs. Johanna Bruning, Mrs. Theresa Whittenberg and Mrs. Crystal Drummond.

Mrs. Ivy Wahl was named chairman of the sunshine committee, and Mrs. Amelia Miller chairman of the Christmas gift table, starting at the Oct. 20 meeting.

In keeping with club policy of cooperating in civic affairs, a number of members assisted in the Labor Day festivities on Jensen Beach Causeway, sponsored by the Chamber of Commerce.

Two new members were welcomed at the Sept. 2 meeting, Mrs. Grace Brew and Mrs. Jean Hodgkins.

***

Mrs. Howard West, president of the Woman's Club of Stuart, will attend a meeting of the board of directors of the Florida Federation of Woman's Clubs in Naples Sept. 15-17.

***

Sept. 13 through Oct. 3 is archery season. All resident game birds and animals, gallinule and marsh hen, deer, turkey, wild hogs and bear are legal.

An archery permit and regular hunting license are required.

***

Capt. and Mrs. F. A. Dobson returned to Jensen Beach recently after a six-week trip to Florence, Wis.

They visited Mr. and Mrs. J. J. Kell, formerly of Jensen Beach, in Elizabethville, Penna., on their trip.

up, all the conservation groups in the county, so interested in the preservation of our natural resources and our inlet, took a "hands off" attitude toward the plan, because it "might hinder the dredging of the inlet." The fact that the plan was designed to offset the dredging of the inlet meant nothing.

We at The Mirror are tired of the mouthings of the so-called conservationists, who cannot recognize a good idea when it is actually proven to them. We are tired of the people who praise conservation and ask the government for "just one more dredging" at a cost of tens of thousands of dollars, when the immediate solution appears to be the plugging of the jetty, at a cost of less than ten thousand dollars.

At a meeting of the Martin County Audubon Society, Nathaniel Reed, conservation advisor to Governor Kirk, said, "We are not blind to progress, but we are opposed to blind progress."

Conservationists had better learn to recognize progress and to praise actions of public and private bodies in the interests of the conservation of our natural resources, or they will continue to be the "agitators", a fate not one such organization deserves.

The Jensen Beach Mirror last year was honored by the Florida Press Association with first place awards for "Best Conservation Writing" and the coveted first place award in "Community Service" for our efforts on behalf of the St. Lucie Inlet. We do not accept a second place seat to anyone in the promotion of the interests of conservation. It is for these reasons we become upset with conservation organizations that do not recognize and praise good projects.

We believe that there is an important lesson in the temporary solution to the shoaling of the St. Lucie Inlet, the plugging of the inlet jetty, and we will continue to promote such a position.

Sauce for the goose

Someone has said that what this country needs is a man who can be right and be President at the same time. I'll go a step farther. What this country needs is a Supreme Court which can be right and be Supreme at the same time.

Let's take price-fixing for instance. Why is it RIGHT for employees to collude and fix labor prices when employers are denied that right? Why is it wrong for industry and trade to do that very same thing? What's all this about "sauce for the goose is sauce for the gander?"

Why is price collusion wrong for the steel manufacturers - but right for hospitals, doctors, lawyers, engineering firms and the candlestick maker?

It's confusing- like the young man who called on Mabel one night, and was hardly inside the door before her mother asked him about his intentions. The worst of it was that Mabel called from the kitchen: "That isn't the right one, mother!"

From the St. Cloud News

I dreamed I went.....

By MARY PECKHAM
Almanac
E. Grand Rapids (Mich.)

Last week when my husband arrived home from work, our youngest daughter rushed up to him shouting, "I got one! Look!" She proudly displayed a floppy piece of fabric.

"What is it?" he inquired.

"A training bra. Isn't it wonderful?"

"What did she say that was?" Bob asked when he came in the kitchen.

"It's a training bra," I explained. "She's been hounding me for months. She doesn't want to go back to school and have the girls find out she still wears undershirts."

"You mean a brassiere?" He exploded. "Oh her? Why Twiggy has more..."

"Let's not be offensive," I interrupted.

"Offensive! I go to work in the morning and our little girl is jumping rope in front of the house and I come home the same evening and she's pushing her palms together and squeezing rubber balls! How do you go in training for the simple act of growing into womanhood? I don't understand it!" (He was waving his arms around in the air the way he does when he gets excited.)

"If that's all you don't understand about the younger generation consider yourself lucky," I declared. "I can't understand dark glasses at night, the rock scene, campus riots, sideburns and pearl rings. A training bra is just a little bandeau of knit cotton with adjustable straps, that's all. Now let's not talk about it any more.

Don't give it another thought."

My admonition fell on deaf ears. Bob began to worry. I watched him sitting in the den after dinner staring at the floor, his brow wrinkled in consternation.

Last night he bounced into the house smiling broadly. "I've got it all figured out," he said. "I stopped at the bank today and in spite of the tight money situation, I can float a loan for $2,000. I figure about $400 for a round trip ticket to Reno and the rest should get her through a year including room and board in a nice, clean, small hotel. I'm sure Mr. and Mrs. Poett would stand her to a couple of semis if she runs short of cash."

"What on earth are you talking about?" I inquired. "I don't know a Mr. and Mrs. Poett--certainly not in they live in Reno."

"For your information," Bob answered, "I'm talking about Midge. Mrs. Poett happens to be Sophia Loren and if our youngest daughter is determined to go into training, I think it should be with one of the top professionals in the field, so to speak. You can't deny that Sophia Loren..."

GRASSROOTS OPINION

"Those who find money harder to borrow and more as represented by interest rates, etc., even higher, have nothing to blame but the prime rate. When the prime rate goes up, other rates usually follow. The prime rate is what big banks charge their most solid customers, generally large corporations. It has just gone up 8.5 per cent, highest figure on record. A smaller rise has been widely predicted. ... Many a borrower must wish, as he looks at current interest figures, that he had been cast in the role of a lender instead."

- News-Record
Harrisonburg, Va.

"Probably no one else in the world gets as much free advice as the President of the United States. And the more complex a problem is, the more free advice the President gets on how to solve it.... There is one unanimous item on the agenda of the advice-givers and the President: They have no responsibility and can speak freely; the President has responsibility and must himself move and speak with caution."

- Barlow (Fla.) Daily

"Considerable change may be brought about by the current trend toward business lunches. Not even the hardiest noon-hour dinner is likely to call for a shot of whiskey first thing in the morning.... It looks as if future business mergers will as likely as not be consummated over a merger of hash and eggs."

—Tribune
Terre Haute, Ind.

"Representative R. Gross of Iowa, who is watching of the House, reports that 12 enterprising young persons in Montgomery County, Md., have figured out a way to beat the system. Each of the dozen six male and six female draws $55 a week in unemployment compensation, which they pool in a common fund. In a four-week month, their take is a cool $2,600. They rent a big bedroom house complete with swimming pool and sauna, buy their food and have enough left for odds and ends and incidentals. They do not draw on their benefits and do not individual basis, each probably qualifies for food stamps and medicaid benefits as well. Whatever else may be said (is) criticism of young people these days, no one can accuse them of being effete."

—Mora (Minn.) Times

LIVE....and love it by Dick Campbell

Oh, the pain

When I made the play, I thought I was great. The shortstop threw the ball a little high and to my left. I stretched, the play was close, the glove snapped back as the ball buried itself into the depths of the leather. The umpire thumbed the runner out.

The runner ran into me. "Oooofff..." I said, exhaling quickly.

"Sorry," the runner said, heading back to his dugout.

It was on third--and I headed in, forgetting the collision. It was the faculty-student slow-pitch softball game, and the St. Joseph College faculty was doing a good job of winning.

The next inning I hit a triple. Five years ago it would have been a home run, but I used to that ...we are all a little slower as we grow older. We finally won the game, 22 to 8.

On Wednesday, the following day, I felt a twinge of pain in my side. It didn't bother me, though. I went on with the day's chores. I played golf on Thursday, and in the latter part of the day felt a little tender in my side. I didn't worry about it, though.

By Friday, I started feeling very sore. I guess it takes that long to feel sore. Nowadays, when I play that game of ball I feel sore for several days. I'm not quite as much in shape as I was a few years back.

Saturday morning I couldn't move my shoulder without having a sharp pain shoot up my side. The night before I had to sleep on my back. It hurt to roll over.

On Sunday it was suggested that I call the doctor. Not me. A sore muscle would work its way out in no time at all, I thought.

On Monday the pain was about the same. I knew I had pulled a few muscles in my ribs by then. Time and Benguay would take care of it, I thought. But I did make up my mind to have a checkup on Tuesday when the doctor was in.

Tuesday afternoon I went over to see Dr. Penick. He had been pitching in that game.

"Take off your shirt," Penick said. Then he put that cold, cold stethoscope on my rib cage and began a systematic probing in and around.

"Oooooff..." I said, drawing back as he pushed in on a rib.

"You didn't pull a muscle, dummy," Penick said, "you broke a rib."

"How could I break a rib?" I asked. Then the good doctor told me he remembered when the man ran into me in the game.

"What do I do?" I asked.

"Well, if you had come in and we found it a few days ago I would have put a band around your chest and given you pain pills. The worst is over, now. You are healing."

"So, it can't do anything but hurt, right?" I asked.

"Well," Penick said slyly, "I can still give you a band around your chest and some pain pills..."

"But they won't do any good," I said.

"Yep," he agreed, "for three more weeks."

Me, a broken rib. It was my first. I felt like a hero as I injured the game, playing my all, and all that jazz. But who could I tell? The game was a whole week ago.

I asked the good doctor if I could play golf.

"You can do anything you want to," Penick said, smiling. I noted the smile.

"In other words..." I began...

"Yes, I don't think you'll want to play golf."

I left Penick's office downcast. I couldn't tell anyone about my broken rib and what a hero I was, because the game was over a week ago. I couldn't play golf and get extra strokes due to my great injury, because of the potential great pain.

A worthless broken rib. How about that. Oh, the pain.

Notes and Comments by Bill Britton

The fish that walks

I've never seen one, but there are those who have, and they say it's true.

There is a fish that walks. On land.

Really. It's been called a "Walking Catfish", an "Asian Walking Catfish", a "Hopping Catfish", "Creeping Catfish"....and a few other names, none of which I can repeat here.

Now before you get the idea that I've had too much Kickapoo Joy Juice, let me repeat that I, personally, have never seen one....but quite a few very knowledgeable people have.

According to a report in Florida Wildlife magazine, put out by the folks at the Game and Fresh Water Commission in Tallahassee, this critter was first spotted in Palm Beach County in March of 1967. (By a man who is probably still running!) After the first sighting, national press and television publicity has resulted in an avalanche of mail from all over the country. Many of the letters simply wanted more information on this "thing", but many contained suggestions on how to rid the world of this creature which can actually leave one body of water and "walk" on land to another.

Vernon Ogilvie is a Fishery Biologis who lives in West Palm Beach and heads up the Gam: and Fresh Water Commission's "Non-Native Fish Research Project". It's his job to investigate whenever someone finds and reports something out of the ordinary.

A lot of the letters Ogilvie received were something else. He grinned when he said, with tongue in cheek, "Since the walking catfish is still spreading in South Florida, it behooves us to pass on some of these timely suggestions..."

Here are a few of them:

"Poison the water and have people stand around with a steel spike like club and when it comes out hit it a good one."

"Have a marksman stand around at night and shoot them when they jump into the air."

"Put land mines on the bank or catch them and send them all back to Africa."

This one's a beauty!

"Have divers go in the lake and spear them. Throw them out on the bank and have people with knives and hatchets cut them up. Have other people shoot them with shotguns."

(If that doesn't kill them, it should at least slow them down...)

Some letter writers were on a poison kick:

"Put fences around the ponds or lakes five or ten feet from the water, Poison the water, then the fish will come out and dry up and die, or go back into the poisoned water and die."

Good Grief! Here's another:

"Put nets around the pond, then put poison in the pond. When he jumps out, catch him and force more poison down his throat. Then he may die."

(At least he wouldn't have much appetite left...)

Here's one with a little imagination:

"You might also import the "Fishing Cat of India" (the what?) which thrives on fish two to three feet long. The cat jumps on the fish in the water and drags them out on the land, and eats them."

(I thought I had a wild imagination...)

Then there were these:

"Spread oil on the place and set it on fire."

(A million acres?)

Then there was this one:

"Dear Dr. Ogilvie: I am a Ph.D, canadain..."

(Canadain? We've got some of those round Martin County, too.)

And then there was one bright youngster whose suggestion had an unusually familiar ring:

"Feed it a chemical that stops it from laying eggs.."

Like I said, I've never seen one of these things myself. But you may have, or perhaps you will sometime. How you do, though, don't call me.

I'll be out in my boat looking for "canadains."

I hear we've got some of them around here that are able to walk on the land as well as on the water.....

"The average person forms an opinion by adding to a small measure of information a dash of imagination and a large quantity of prejudice, shaking well with emotion."

—Belton (Tex.) Journal

Letters to the editor

The Jensen Beach Mirror welcomes letters to the editor. They are subject to editing and condensation to meet our space and style requirements, and each must bear the writer's signature and address. Names may be withheld from publication at the writer's request, but signed letters will take precedence.

To the Editor:

On the occasion of his visit to Indiantown Friday, for the purpose of breaking ground for erection of a steel mill, Governor Claude Kirk took advantage of the opportunity, with poor grace, to turn the occasion into a partisan political rally.

He asserted that national Democratic administrations did little or nothing to advance the interests of Indiantown and Martin County, forgetting to add that, in the Eisenhower administration there had been no nationally-directed effort for Martin County or Indiantown.

Governor Kirk also failed to give credit to the local county government, which, over the years has encouraged the growth of this county, industrially and in the field of agriculture, while maintaining a highly favorable tax level.

Indiantown and Martin County, under Democratic officials, have experienced increases in population, in land values, in tourism. The governor should have withheld political considerations on this happy occasion. The steel mill is coming to Indiantown because of its favorable industrial climate generated by Democratic administrations.

John J. Marr, Chairman
Dem. County Comm.

To the Editor:

A sincere thank you to all organizations and individuals that assisted in the Labor Day activities on the Causeway. It was a fine success and we are indeed grateful.

Dana Tooker, President
Jensen Beach Chamber of Commerce

Filling in

Weeks return from Europe

Evidently Wilder Weeks' last letter went astray, for we had not heard a thing about them till they drove into the park at 4 p.m., Sept. 2. Many people have enjoyed following them in their travels week after week, and we have had inquiries as to what happened to them after leaving Rome. I asked Margaret Weeks to fill in these details, which she obligingly did.

"While in Italy, we had planned to go as far south as Naples, but we were afraid time would not permit, as the grandchildren had to get back in time for school. By the way, you asked about the grandchildren. Ann was 17, Leonard, 16, and Charlotte, 13. Len told us he had his driving permit and would drive for us. Wilder was a bit skeptical of his driving ability but let him try his skill and he proved to be such a good driver, we let him drive most of the time. This arrangement suited Wilder as he could concentrate on taking in the scenery much better while traveling, for in many instances, there was no place to pull off when the scenery is most spectacular.

"You asked about camp sites. Our route was well supplied with campsites. The common charge per night was 50¢ for the car and 50¢ per person, and if you pitch a tent, that is 50¢ extra. The municipal parks, when you can find one, are the best and generally cost a little less money. Campsites are of a generous size and have good rest room facilities as a rule. One night we pulled into a camp and found we were the only ones there. In the morning we awoke to find 20 others had arrived through the night. There are practically no mobile homes in Europe and the travel trailers are very small, about 6 or 7 feet wide by 12 feet long being the limit due to the many narrow streets, sharp turns and steep mountain roads.

"While in Rome we camped for two nights on St. Peter's Square as the trailer camp was some 25 miles outside of town. A police officer asked if we were staying there over night. We said we were and he smiled and said, "Have a good time." In the morning we noticed several other campers and trailers had arrived.

"One evening we attended a play at some old Roman ruins several miles outside of Rome. It was the opera, "Tosca," with a cast of 150 to 200, with a 100-piece orchestra. The huge open stage was framed by the pillars of these old ruins. A grandstand had been erected for the audience but no roof. The ruins were very extensive, including baths, which it was claimed would accomodate six thousand people.

"On leaving Rome, we traveled north to Milan and Lake Como and followed the less-traveled roads. Lake Como is a beautiful lake completely surrounded by mountains. Then we traveled over several passes to Luzern in Switzerland, and on to Interlachen. We thought the Alps were so much more scenic and interesting than our Rocky Mountains. The slopes of the Alps are mostly grass covered and little farmsteads are to be seen here and there on the mountain slopes with their orchards and cattle. The Alpine meadows are sometimes swampy but abound with many kinds of wild flowers. Of course, the big snow-capped mountains tower far above the grassy slopes in their rocky grandeur.

"We made a side-trip to Grueswald, a small town way up in the mountains. Right across the valley is the Eiger Mountain. One of the most difficult of the Alps to climb. Many lives have been lost in attempting to climb this mountain. Some five years ago, we were told, a mountain climber fell, and his body remained suspended in the air on his rope for two years before his body could be recovered. In this area there are many glaciers and ice fields. Thousands of tourists patronize the many ski lifts. Surprisingly, although it was early August, the days were quite hot, and our sweaters were just an added burden to carry.

"Interlochen is also a town completely surrounded by mountains. It has a real Old World atmosphere. The houses with the exposed timbers, the steep, slated roofs and the window boxes full of flowers. The Swiss people love flowers and every house has its flower garden. In the center of the town is a field entirely free of trees or any other obstruction so the people can get a clear view of the Jung Frau. This magnificent mountain of which the townspeople are so proud, looks to be about ten miles away. It is completely snow-covered.

"The Swiss people have full advantage of their tourist trade. Roads are kept in good repair, ski lifts are available almost everywhere for sightseeing as well as skiing, there are miles of hiking trails, and the many miles of tunnels are all well lighted."

More next week. (T.C.)

NICE VIEW—This is a favorite resting and relaxing place for the Tylers and their guests. From their porch, they have an unobstructed view of the Indian River and the river traffic.

Personals

Irvin and Lena Keith celebrated their 40th wedding anniversary Aug. 31. Their friends, the Bradleys, from Cocoa Beach spent the day with them.

****

Mr. & Mrs. Edmond Matton from Fort Devens, Mass., have taken up residence on West End Blvd. Matton has served for 25 years in the Army and retired as a Master Sergeant last July. They have two daughters who are attending Martin Co. High School.

****

Mr. & Mrs. Hack Seago's new mobile home arrived Ias. Tuesday, Aug. 26. The trailer is 12 x 52 with a floor level, 10 x 25 cabana. The whole space is centrally air conditioned and heated, and when finished, it promises to make an attractive and comfortable home.

****

Mr. & Mrs. J.M. Bolton, who live on 3rd St., during the winter, say that the recent flood affected Richmood, Va. The James River overflowed its banks and did a lot of damage. At least 20 persons lost their lives. The Potomac River was not affected.

****

We hear that Chas. and Margaret Hall are spending the summer at Honas Path, S.C. They claim it has been very hot, the temperature reaching 98 one day on their patio. They hope to return to O.B. about the end of October.

****

Mrs. Warren Strayer of Melaleuca Drive is expecting her sister, Paulita Kasperek from Merritt Island shortly to come and stay with them for a couple of weeks.

****

Charlie Morgan's mobile home is on Vista Drive right next to the river. About noon Aug. 29 he noticed the water near his trailer was being churned up by a school of mullet. Presuming a large fish was after them, Charlie grabbed a rod and cast out to where the commotion was, and almost right away had a strike. He had on net hook, but he finally landed a 7 and 1/2 lb. river trout.

****

Mrs. Henry Eckstrom of Vista Dr., left Sept. 4, for a vacation in Canada where she will be visiting relatives.

****

Mr. & Mrs. Archie Wilcox (Pa & Ma) were guests of their daughter, Mrs. Alice Wenink, at the Old Colony Restaurant, Aug. 31, the occasion being the 54th anniversary of her parents. Pa and Ma, who first came to Ocean Breeze twenty-one years ago, were married in Cleveland, Ohio, Aug. 31, 1905, and spent most of their married lives in that city before their retirement to Florida. Pa and Ma are 91 and 86 years old respectively, and have two daughters, Alice, who lives in Ocean Breeze also, and Jeanette Herbst of Cleveland, four grandchildren, and eight great-grandchildren. From all Ocean Breeze residents, we would like to say congratulations, and we hope you have many more happy years together.

August Ambulance Runs

Aug. 10, Mrs. Queena Hoke, drivers, Dick Hoke and Wally Betham; Aug. 25, Leta Keith, drivers, Dick Hoke and Wally Betham; Aug. 25, Walt Bang, driver, W. Betham; Aug. 28, Leta Keith, drivers, W. Betham & D. Hoke.

****

A number of ladies are making quilts for the migrant workers children, and are in need of old nylons to use as filling. Please leave them with Belle Dustin on Oak Drive, or Eunice King on S. 6th Ave.

****

Pinochle Scores

Clay Mitchell, 758; John Sorensen, 730; Ann Christensen, 712; and Scott Miles, 700.

Chris and Betty Petersen of Vista Drive were called home due to the death of Betty's mother, Aug. 31. Her sister and brother-in-law, Mr. & Mrs. Neal Van Der Mark, had arrived for a visit the previous Thursday, so the two ladies boarded the plane and the men stayed home.

****

Mrs. Gertrude Martin is back after four months spent in N.Y. state. Most of Gertrude's summer was spent with her sister in Troy. However, she did have two lovely weeks with Thelma and Ed Rose in their beautiful summer home at Brant Lake, N.Y. Returning from N.Y., Gertrude flew to Tampa, where her son, Kenneth met her, and drove her back to O.B. Aug. 30. Kenneth stayed just long enough to make sure everything was O.K., and that his mother was settled in comfortably. Remarking about the weather in the Troy area, Gertrude said it was a cool, wet summer, and that she is happy to be home again.

****

Mr. & Mrs. Walter Vollmer of Riviera Beach, Fla., were guests of Otto and Trudy Chihasz Wed., Sept. 3.

****

Visiting at the home of Otto and Trudy Chihasz for five days, and returning to his home in Oak Ridge, Tenn., Sept. 4, was their grandson, Nathan Helms, a student from the University of Tenn. Nathan said he enjoyed his first flight down his visit to Jensen, and seeing his grandparents; and hopes after two more years, he will be able to come to the Florida east coast to a university to finish his study of marine life.

****

Friends of Mrs. Adaline Rowe, mother of Edward Rowe of Key Lime will be sorry to hear that Adaline has had two heart attacks as her home in Brant Lake, N.Y. We hope to have good news about her condition soon.

****

After spending a few days at her home here, Mrs. Leta Keith returned to Martin Memorial Hospital Sept. 2. The following day surgery was performed on her broken leg, and the break was pinned. Although suffering a great deal of discomfort, Leta is receiving walking therapy at the hospital, and will be released soon with a walking cast, she hopes.

****

Richard Innis, ranger of the Pahokee State Park, and his wife, Brigett, visited with Richard's parents, Mr. & Mrs. Al Innis, Aug. 3.

****

Mr. & Mrs. Lee Hoffman of Charlestown, S.C., spent their weekend at their trailer on Broad and Tenth. They drove most of the way in pouring rain, Bonnie said. Lee returned to his teaching position in Charlestown by bus Monday, and Bonnie is staying on for a time to house clean the trailer, and attend to some other business.

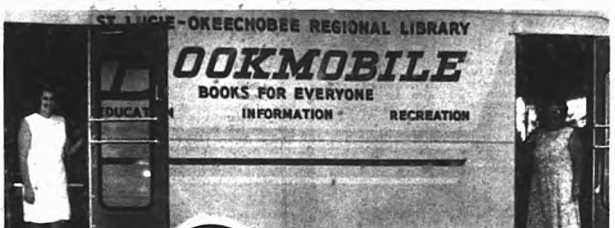
Mirror still top team

The race for first place in the Port St. Lucie Softball League continues close. The league Beach Mirror team and the Florida Contractors each won both their games last week, which means that The Mirror is still out in front only by percentage points.

At this point in the schedule with next week being the last week of scheduled games, it appears that the winning team could be determined on the very last night, which would be Thursday, September 11, when Florida Contractors are scheduled to play The Mirror.

Of course, there have been rained-out games throughout the season which will have to be made up and that schedule appears as follows at the present time: Tuesday, Sept. 10: Florida Contractors against Ft. Pierce Automotive; Thursday, Sept. 12, Ft. Pierce Automotive vs. Economy Chemical.

The league standings as of this writing are: The Jensen Beach Mirror, 8 wins, 2 losses; Fla. Contractors Supply, 6 wins, 3 losses; Economy Chemical, 3 wins, 6 losses; Ft. Pierce Automotive, 0 wins, 7 losses.



BOOKMOBILE- Sponsored by the Regional Library, this St. Lucie-Okeechobee bookmobile provides good reading material to remote areas of both counties. In the picture are, left, assistant librarian Miss Mayme Duvall, and right, librarian Mrs. Oscar Main.

Bookmobile

The St. Lucie-Okeechobee Regional Library Bookmobile is something that everyone in Port St. Lucie should be taking advantage of. The Bookmobile brings good reading practically to your doorstep, making five stops in the area every Wednesday.

Books can be checked out according to the following schedule: Port St. Lucie Country Club Shopping Center from 10 to 10:15; North Port St. Lucie Shopping Center from 1 to 2:35 p.m.; at the corner of Bonita and Solar from 2:35 to 3:05; at the corner of Castana and Sandia from 3:10 to 3:40; Floresta and Celesta from 3:45 to 4:15; and at Poplar Ave., from 4:20; to 4:50 p.m.

This Bookmobile service is free to all residents of either St. Lucie or Okeechobee County. It carries a good selection of late fiction and non-fiction for both adults and children. If the Bookmobile does not have the selection of your choice, requests can be filled when possible. Library cards can be secured at any of three locations; the main library in Ft. Pierce, in Okeechobee, or at the Bookmobile. There are also book drops at the door of the Ft. Pierce Library and one in front of the Okeechobee branch.

Winners listed at Labor Day Fiesta

Don Mellis of W. Alden Street was the lucky shuffler to take home the R.C.A. Color T.V., given away at the Labor Day Fiesta held by the Port St. Lucie Shuffleboard Club.

An overflow crowd exceeding 200 was in attendance and enjoyed a pleasant evening of Bingo. During the play, coffee and cake was available, and the White Elephant Tables were doing a good business.

The following were winners of the special prizes: Alice Holten, a cake from Mary Ann's Bakery; Mae Kirby, hair spray from Magic Mirror; Lena Hunt, 2 lunches at P.S.L. Country Club; a man's prize from Rubins, by Marie Benz; 2 dinners at Tropical Acres by C.H. Gilbert; a cake and setter set from Badcock Furniture by Carl Viar; a bridge set of 4 glasses and 2 decks of cards from Horton's by C.C. Benz; an artificial flower prize from Grant's Furniture by Brownie Foster; a scatter rug from Carol Interiors by Mildred Engleman; 2 pens from Halsey & Griffith by Fay Paul; a bath set from Hughes Floor Covering by Ada Tuck; a plastic service set from Mathes Furniture by Fran Lee; a gallon of interior paint from Rice's Home & Garden Supply by Marion Smith; 2 dinners at Simonsens by A.E. McDonnell; a sprinkler regulator from Harry's Hardware by Helen Heine; a dip & serve set from Newett Homemakers by C.C. Benz; from the F.S.L. Atlantic Service Station, a lube job, change of oil, and a tank of gas by Floyd Smith; a lamp from Pitts Furniture Co., by Bessie Bellendorf; a wood finished ice bucket from Tom's Furniture Co., by Ruth Borsoi; 2 dinners at Dorot Restaurant by Thomas Wolzel and a coffee percolator from Alice Thomas by Fred Hildebrand.

All the prizes donated from the activities of the shuffleboard club since the July 4th celebration are the put into a special fund to construct six new shuffleboard courts, now on order and expected to be finished in October.

To sponsor Jets

Mrs. Lee has recently accepted the position of secretary to State Representative Charles Nergard in his office on Atlantic Avenue and will devote full time to this work. Pres. Keating stated that the Association, although losing an excellent secretary, was fortunate in obtaining a replacement as personable and as competent as Mrs. Bickford.

Mrs. Jean Petrone, representing the Port St. Lucie Little League, presented a request that the Homeowners Association sponsor the Jets team during the coming baseball season. She noted the team was without a sponsor during the year just completed during which they won the St. Lucie County Championship and that they were very anxious to obtain local sponsorship. After a short discussion which revealed no dissenting opinion, and which brought forth several expressions that to sponsor the "Jets" was truly a community function, the board voted unanimously to do so and approved an appropriation of $350 to effectuate it.

Chairman Al McDonnell of the Street Lighting Committee reported he had been advised that the installation of the lights would be completed this month. Director Don White added that a detailed report and analysis of the cost of operation would be made at the general meeting, which will be held at the Marina, October 13. He expressed satisfaction that the first year's cost has been held to a millage of .670, only .22 mills more than the estimate made last year which was based on incomplete data.

Director Joseph Krall was appointed chairman of a committee to make arrangements for a picnic for the officers, directors, and their wives to be held the latter part of this month at Vero Beach.

Attention was directed to several unkept lots which are becoming an eyesore and action authorized to obtain correction of this condition.

Pres. Keating urged that all members of the Association attend the general meeting October 13, at which time a final report on the street lights will be made. Following this, the meeting was adjourned.

***

We welcome Louis Perez of 155 S. Naranja Ave., and Donald Angelin of 181 Serenata Ct., both of whom we were unable to contact.

GRAND PRIZE WINNER—Cedric Benz, right, presents grand prize winner Don Mellis, left, with a color television set. Mellis received his prize at the Labor Day Fiesta sponsored by the Port St. Lucie Shuffleboard Club.

All-States Club plans season's first cook-out

The beginning of a new season is upon us and the All-States Club will hold their first cook-out of the year this evening, September 11 at the Marina starting at 6 p.m.

All residents of Royal Park and Port St. Lucie are invited to attend. All that is required is that you bring your own meat to cook and your own refreshments by purchasing them from the Marina before 5 p.m. on the day before Monday preceding the cookout.

The cook-out chairman is Ray Barlow, 464-6865; Mary Marsh, 461-7294; Tom Malone, 464-4268; Jan Peril, 464-2822; and Irene Gessner, 464-3191 at the Marina.

All new residents are cordially invited to attend. All that is required is that you bring your own meat to cook and your own refreshments by purchasing them from the Marina before 5 p.m. on the day before Monday preceding the cookout.

The cook-out chairman is Ray Barlow, 464-6865; Mary Marsh, 461-7294; Tom Malone, 464-4268; Jan Peril, 464-2822; and Irene Gessner, 464-3191 at the Marina.

Committee named to plan card parties

The Friday Nite Gang was in regular session last Friday night with about 75 in attendance.

The gang welcomed back Mrs. Agnes Kramer, who has been absent because of illness for the past few months.

Only two visitors were in attendance, but they were from the distant land of England. They were Mrs. Ellen Lowe and Pamela Wagner from Liverpool, England, who are the guests of Harry & Terry Lundeen.

A special "quartette" sang the birthday song to Brownie Foster, George Derkovic, Harry Grove and Al Weigel, all 39 years old this week.

The big winner of the evening was "Charlie" Derkovic, who took home three nice T-bone steaks.

The host of the Friday Nite Gang announced the following members of the Card Party Committee: Marie Benz & Ethel Krall, co-chairman; Terry Lundeen; Mary Marsh; and Ann Boman. The money obtained from these card parties goes into a special fund to cover any deficit between the price of tickets and the actual cost for putting on the New Year's Eve party annually at the Marina.

***

The monthly meeting of the President's Council will be held next Thursday, 7 p.m., at the Marina. It is important that all clubs make an attempt to be represented at this meeting since plans for the fall & winter season will be discussed.

***

Back for a brief visit to the community were Mr. & Mrs. John Cox, who were house guests of Mr. & Mrs. Wayne Register. On Monday morning they were joined by Mr. & Mrs. Jack Rhoades originally of this community but now living in Melbourne. They all enjoyed a cook-out at the home of Mr. & Mrs. Richard Denmark.

Homeowners meet; Bickford replaces Lee

At the September meeting of the Board of Directors of the Port St. Lucie-River Park Homeowners Association, President Joe Keating announced the resignation of Mrs. Frances Lee as secretary and the appointment of Mrs. Theo Bickford to serve out her unexpired term.

Golf

The weekly tournament of the Men's Association of the St. Lucie Country Club was played on Saturday through and around the rain.

Norm Nardone was the winner of the individual event with a net of 68. Ted Brillwell had a 70 for second place, and third place resulted in a four-way tie at 72 among Al Van Nostrand, Howard Bickford, Coley Cole, and Arch Gates.

PRO-AM COMMITTEE- The U.S. Pro-Amateur Golf Committee met in Cincinnati to finalize plans for the 16th annual invitational pro-am at St. Lucie Country Club, is shown here from left to right: Morton W. Olman, co-chairman; William Rhodenbaugh, director; John W. Fischer, co-chairman; Forrest Hayes, treasurer; Dale Evans, tournament secretary; George R. Smith, tournament director; Dr. Harry Ducelli, director, and Jim Flick, tournament director. Plans for this year's tournament December 12, 13 and 14, were announced.

League is Bahama bound

The Sunday Night Mixed Couples League at Jensen Beach Lanes is headed for Nassau this year, according to action taken Sunday night at an organizational meeting of the league.

Members voted for a trip to the Bahamian capital city over a suggested trip to Jamaica. Regular bowling will begin next Sunday in a 36-week league schedule.

Punt, Pass & Kick competition

Registration and entries for the ninth annual Punt, Pass & Kick competition are being accepted through Oct. 10 at Bill Redditt Ford, Inc., 1150 S. Federal Hwy., Stuart. A parent or guardian must accompany the boys.

Martin County boys ages eight through 13 have been registering since the first of the month. The entire competition is free, according to Bill Redditt, Stuart sponsor.

There is no body contact in PP&K competition, and all equipment is provided. The boys will show their football skills in punting, passing and kicking and will compete for trophies. Winners will represent Martin County in future competitions, local, zone, district, area, divisional, and national. All 12 national finalists and their parents will tour Cape Kennedy, and the Air Space Museum.

Ford Dealers of America and the National Football League are sponsors of the competition.

Pigeons raced

Indian River Racing Pigeon Club held its first race of the season Sunday, Sept. 7 with the entry of 6, liberated at their place.

Second and third places were won by entries of J. Keller and F. Jacobs.

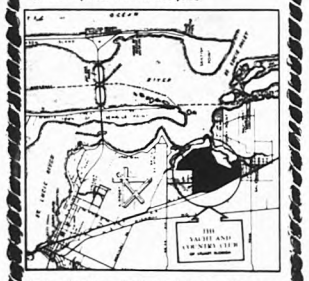
GOLFERS, YACHTSMEN, FISHERMEN

A UNIQUE OPPORTUNITY — and perhaps your last chance to live in a secluded country club community on the Gold Coast near the ocean.

The developer of Tequesta and the Jupiter Island Beach Colony — after nearly two years of planning — proudly presents a masterpiece in residential living — The Yacht and Country Club of Stuart.

Construction is nearing completion — come see the excitement.

Homes on "Crooked Creek" waterway or fairway will be in the $35,000 to $45,000 price range. Community lawn maintenance plan.



You'll fall in love with the quiet dignity of Stuart with its miles of uncluttered rivers, bays and estuaries, located between Vero and Palm Beach. Our welcome mat is out!

LEGAL

NOTICE OF PUBLIC HEARING
TO WHOM IT MAY CONCERN:
Notice is hereby given that the Planning and Zoning Board of Martin County, Florida, will conduct a public hearing at the hour of 7:30 P.M., or as soon thereafter as the matter may be heard, on September 18, 1969, at the Martin County Courthouse in Stuart, Florida, to consider the matter of a revision of, "R-IPS" Multiple Family Residential District, 1961, "R-1A" Liberal Multiple Family District, Amendment to General Provisions, "PSF" Public Serving District, and "R-3" Multiple Family Residential District.

ARTICLE XV
"R-IPS" MULTIPLE FAMILY RESIDENTIAL DISTRICT
SECTION 15
USES PERMITTED:
In this District a building, structure or land shall be used for only the following purposes:
(a) Any use permitted in the HR-1, R-1, R-1A, R-1B, R-2, R-2B, and R-3A Districts.
(b) Multiple family dwellings.
(c) Detached single family residences, multiple dwellings, apartments, motels, hotels, and garage apartments shall be permitted in this section provided that principal detached single family residence, multiple dwellings, apartment buildings, motels, hotels must be completed before permit for garage apartment will be issued. Multiple dwellings, apartment buildings and garage apartments shall contain not less than 480 square feet of living area per family exclusive of porches, carports, garages, etc.
(d) Buildings shall be used for residential purposes only.
(e) Signs appertaining to the above uses.
(f) Limited Marinas - boat docks and service facilities generally used in connection with sport fishing, such as marinas offering the sale of gasoline, bait or minor repairs. Excluding all types of storage of boats under cover, wet or dry, also excluding any major overhaul or repairs of boats or yachts.
(g) Funeral homes, mortuarys and morgues.
15.1 REQUIRED LOT AREA, WIDTH, FRONT, SIDE AND REAR YARDS
Lots or building sites in Multiple Family Residential District (R-3B) shall have an area of not less than 7,500 square feet, with a minimum width of 50 feet measured along the front property line. Not more than 40% of the lot area shall be occupied by structures or buildings. Each unit dwelling shall have a minimum of 325 square feet of floor area exclusive of carports, breezeways and utility rooms.
15.2 MINIMUM YARDS REQUIRED
(a) Front: 20 feet.
(b) Rear and Side: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 65 feet of the centerline of a designated through-traffic highway.
(e) No setback, or part, shall be required adjacent to water frontage.
(f) Off Street Parking Regulations: See Section 4, Paragraph 4A.
15.3 HEIGHT LIMITATION:
(a) No building shall exceed thirty-five (35) feet in height, except as hereinafter provided.
(b) For buildings in excess of thirty-five (35) feet, the site and structure plans shall be examined and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.
AMENDMENT TO THE GENERAL PROVISIONS
ARTICLE IV
GENERAL PROVISIONS
SECTION 4
4.1 UNPLATTED PROPERTY:
Property which is to be subdivided or metes and bounds descriptions and will not meet the Martin County Subdivision Regulations, and is one acre or larger in total area must meet the following requirements prior to the issuance of a building permit.
(a) A drainage plan with calculations, profiles, and cross-sections prepared by a registered engineer must be submitted to and approved by the County Engineer.
(b) Street layout showing intersections of County or State owned roads with the private roads until platted, must also be submitted to and approved by the County Engineer.
AMENDMENT TO GENERAL PROVISIONS
4.8 OFF-STREET PARKING:
All uses shall provide space for the parking of motor vehicles within their respective building lines. This area shall not be encroached upon, enlargements or additions which may require additional parking space, as indicated below:
(a) Off-Street Parking space shall be provided in the following basis: DWELLINGS: At least one parking space for each single family dwelling and at least two for each two family dwelling, or one family dwelling and guest house.
APARTMENT BUILDING, CONDOMINIUMS: At least two parking spaces for every family unit.
MOTOR COURTS, HOTELS, MOTELS: At least one parking space for every two sleeping rooms, but in no case shall the total be less than one parking space for every rental unit.
4.14 Health Department permit must be obtained for all utilities whether individual or central system. The minimum lot size may be used as a guide.
(a) 7,500 square feet minimum size lot for individual well and septic tank.
(b) 5,000 square feet to 7,500 square feet either central water system or central sewage system required.
(c) Lots less than 5,000 square feet must be serviced with both central water and sewage systems.
AMENDMENT TO THE "PSF" PUBLIC SERVICE DISTRICT
ARTICLE XIII
"PSF" PUBLIC SERVICING DISTRICT
SECTION 32
USES PERMITTED:
In this District a building or structure or land shall be used for only the following purposes:
(a) The "PSF" Public Servicing District shall embrace those essential services of the County, Dept. of Public Instruction, Sanitary District for the servicing and general welfare of the residents of Martin County.
(b) Airport.
All uses normal to airport operations and such other uses as may be deemed proper by the Martin County Board of Commissioners.
(c) Cemeteries, Mausoleums, Crematories.
1. No premises shall be used or occupied for the purpose of a cemetery in any zone unless approved after a public hearing by the Board of County Commissioners.
2. No land for which a plat has not been recorded shall be used for burials.
3. Graves and/or monuments shall be no closer than 25 feet to the nearest property line.
(d) Parks, Public Recreation Buildings, Playgrounds and such other uses as may be deemed proper by the Martin County Board of County Commissioners.

ARTICLE XII
"R-3" MULTIPLE FAMILY RESIDENTIAL DISTRICT
SECTION 13
USES PERMITTED:
In this District a building, structure or land shall be used for only the following purposes:
(a) Any use permitted in the HR-1, R-1, R-1A, R-1B, R-2, R-2B, R-3A, and HR-2 Districts.
(b) Multiple Family Dwelling.
(c) Apartments, hotels, motels, cottage courts, condominiums.
(d) Rooming houses and boarding houses.
(e) Clinics, except animal hospitals.
(f) Hospitals and sanitariums, except mental hospitals.
(g) Tourist homes.
(h) Colleges, clubs, lodges, social and community center buildings and/or structures.
(i) Restaurants, not the drive-in type, with an enclosed seating capacity of 40 persons or more.
(j) Commercial radio and/or television transmitting station towers, poles, masts, antenna, power plant and other incidental and usual structures pertaining to such stations. All structures and attachments thereto and appurtenances thereof must comply with all applicable requirements of the Federal Communications Commission and the Civil Aeronautics Board and/or Authority. Towers, poles, masts and antenna must be designed and stamped by a Registered Engineer or Architect to assure the structure, mast, etc., will withstand hurricane force winds.
(k) Signs appertaining to the above uses.
(l) Limited Marinas:
Boat docks and service facilities generally used in connection with sports fishing, such as marinas offering the sale of gasoline, bait or minor repairs. Excluding all types of storage of boats under cover, wet or dry, also excluding any major overhaul or repairs of boats or yachts.
(m) Funeral homes, mortuaries, and morgues.
13.1 REQUIRED LOT AREA AND WIDTH
Lots or building sites in this district shall have an area of not less than 10,000 square feet with a minimum of 80 feet measured along the front property line. Not more than 40% of the lot or building site shall be occupied by structures or buildings.
13.2 HEIGHT LIMITATION:
(a) No building shall exceed thirty-five (35) feet in height, except as hereinafter provided.
(b) For buildings in excess of thirty-five (35) feet, the site and structure plans shall be examined and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.
13.3 LIVING AREA:
(a) For single family residence, structures there shall be a minimum of 800 square feet of living area, exclusive of breezeways, carports, patios or terraces.
(b) For multiple family structures there shall be a minimum of 325 square feet of living area per unit, exclusive of breezeways, carports, patios or terraces.
13.4 MINIMUM YARDS REQUIRED:
(a) Front: 20 feet.
(b) Rear and Sides: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 65 feet of the centerline of a designated through-traffic highway.
(e) No setback or part shall be required adjacent to water frontage.
13.5 MAXIMUM LOT COVERAGE:
Not more than 40% of the lot or building site shall be occupied by structures or buildings.
13.6 HEIGHT LIMITATION:
(a) No building shall exceed thirty-five (35) feet in height, except as hereinafter provided.
(b) For buildings in excess of thirty-five (35) feet, the site and structure plans shall be examined and approved by the Planning and Zoning Board especially as they relate to site, area, open yard space, off street parking and methods of ingress and egress.
13.7 LIVING AREA:
(a) For single family residence, structures there shall be a minimum of 800 square feet of living area, exclusive of breezeways, carports, patios or terraces.
(b) For multiple family structures there shall be a minimum of 325 square feet of living area per unit, exclusive of breezeways, carports, patios or terraces.
13.8 MINIMUM YARDS REQUIRED:
(a) Front: 20 feet.
(b) Rear and Sides: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.
(d) No structure shall be built within 65 feet of the centerline of a designated through-traffic highway.
(e) No setback or part shall be required adjacent to water frontage.
ARTICLE XIV
"R-3A" LIBERAL MULTIPLE FAMILY DISTRICT
SECTION 14
USES PERMITTED:
In this District a building or structure or land shall be used for only the following purposes:
(a) Any use permitted in the R-3 District.
(b) Restaurants and/or lunch rooms, not the drive-in type, with an enclosed seating capacity of 10 persons or more.
(c) Beauty parlors and barber shops.
(d) Dry Cleaning and laundry pick-up station.
(e) Fire Stations.
(f) Marinas, boat docks and dry and wet storages facilities under cover and facilities for maintenance and repairs of boats or parts upon submission of plans for review and approval of the Planning and Zoning Board.
(g) Mobile home and travel trailer sales.
(h) Gasoline or other motor fuel stations, provided that all structures and buildings, except principal gas signs, and the fuelling storage tanks shall be placed less than twenty-five (25) feet from any side or rear property lines except where such side or rear property lines abut a street, in which case the setback shall be that required for such streets as indicated in following MINIMUM YARDS REQUIRED.
(i) Professional and business offices.
(j) Retail stores.
14.1 REQUIRED LOT AREA AND WIDTH
Lots or building sites in this district shall have an area of not less than 7,500 square feet with a minimum of 80 feet measured along the front property line. Not more than 40% of the lot area or building site shall be occupied by structures, or buildings.
14.2 REQUIRED SQUARE FEET OF LIVING AREA
(a) For single family dwellings there shall be a minimum of 800 square feet of living area exclusive of carports, breezeways and utility rooms.
(b) Each dwelling unit in a multiple family dwelling shall have a minimum of 325 square feet of living area exclusive of carports, breezeways and utility rooms.
14.3 MINIMUM YARDS REQUIRED:
(a) Front: 20 feet.
(b) Rear and Side: 1 story - six feet; 2 story - eight feet; 3 story and over - 10 feet.
(c) No structure shall be built within 50 feet of the centerline of any public platted right-of-way not a designated through-traffic highway.

Rogers offers help

Corps asked to join in inlet jetty plug

The possibility of U.S. Corps of Engineers participation in the plugging of the St. Lucie Inlet jetty was revealed this week when an appeal was made to the corps by the editor of The Jensen Beach Mirror. Also, the support of Congressman Paul Rogers was offered in the project.

The appeal was made on September 8 in a letter to Col. John McElhenny, district engineer, by Mirror editor Dick Campbell, following a meeting of the county commission in which it was indicated that funds could not be provided for a jetty plugging project in the 1970 budget. "Unless it was through over collections of funds not now budgeted," in the letter to Mr. Elhenny, Campbell pointed out that the sand building around the jetty was in danger of being washed through the unprotected parts of the jetty and into the inlet during the fall storm period. He asked that the Corps halt the county plug the jetty, since "It would also save you the necessary emergency dredging that is so expensive and time-consuming in your very heavy schedule with the inlets in your district."

Congressman Paul Rogers, contacted in Washington, said, "I plan to pursue this matter, have urged that the district engineer study the situation and let me know what could be done." Rogers' support in the past has aided in getting the inlet, plagued by drifting sand bars, open for winter fishing.

Until the small portion of the jetty was plugged by concrete and steel slabs from the old Jensen Beach bridge, the dredging of the inlet lasted only a few months before filling again with sand.

Capt. Pete Robertson, skipper of the Fran L, reported that the inlet has been open all summer long, with nine feet of water in the inlet channel.

Campbell's letter to McElhenny pointed out that it would take at least two years for a permanent inlet solution to be worked out between the Corps and the county, and urged that the jetty be plugged so that the inlet would remain open until the permanent plan was achieved.

***

Several pre-bids were accepted by the Martin County School Board last week, covering items to be used in the planned Jensen Beach Elementary School.

Items to be used in connection with the new school can be pre-bid prior to the letting of the final contract, according to Mrs. Barbara Britton, school board member. The contractor is then able to purchase the items at the bid price.

NEW JENSEN GUIDES--The 1970 Resort and Fishing Guides have arrived at the Jensen Beach Chamber of Commerce office and are available to the public. The shipment of 25,000 of the colorful brochures was delivered last week when Mrs. Hazel Forsberg, above, was on duty temporarily while John Power, executive secretary, enjoyed a vacation. Last year the Chamber distributed 25,000 copies of the guide, mailing them to every state in the nation.

Preposterous--Wacha

St. Lucie to merge with Martin County

The pre-filed bill that would merge St. Lucie and Martin Counties was called "preposterous" by County Commissioner Frank Wacha Tuesday. Wacha's voice joined with those of other elected officials in both counties when informed of the bill.

Most indicated that they had first heard of the plan Monday. The bill, which would take Florida's 67 counties and reduce the number to 39, was pre-filed for the 1970 legislature by Rep. John Crider, Jacksonville.

"This is obviously an attempt to fatten the distribution of race track funds to the larger counties," Wacha said. At present, under an agreement between Florida counties at the time racing was instituted in Florida, each county gets an equal share of the race track revenues.

Wacha pointed out also, "If the record is checked, the larger counties would be found not assessing or taxing to the maximum of their abilities. These are the same counties that would profit from the proposed redistribution of school funds."

Wacha said he had read of the proposed merger in the newspaper. He said that the issue was opposed by the state association of county commissioners in the last legislature, and "probably will be opposed again." He pointed to the differences in the economics, economic views and backgrounds of the two counties as making the merger incompatible to the citizens of the two areas.

"The bigger the government, the further away from the people it is, and the people's wishes are not known. Now there are five individuals representing the people's wishes in Martin County. That plan would cut the number to two," Wacha said.

PO announces change in service

A change in the mail service at Jensen Beach Post Office has been announced to The Jensen Beach Mirror by Harold C. Salzler, officer-in-charge.

Mail will be arriving in Jensen Beach at 7:30 a.m. Monday through Saturday from West Palm Beach, all areas of Florida and the entire United States, and will be arriving at 12:30 p.m. from Fort Pierce, Salzler said.

At 5 p.m. Monday through Saturday mail will be arriving from West Palm Beach, West Palm Beach area, Miami and the entire United States.

Closing time for outgoing mail from Jensen Beach will be at 12 noon for all points; 4:30 p.m. for Fort Pierce and Jacksonville, and 5 p.m. for all points, he said.

"Eventually we will change the pickup time at the dropboxes around town," Salzler said.

BUILDING SITE- The land to the rear of the fence in the background of this photograph was recently purchased by First Federal Savings and Loan Association of Martin County to complete the parcel that will make up the future building site of First Federal on the corner of Commercial Street and SR 707. Plans for a modern office building to house the Jensen Beach office of First Federal were not announced. First Federal now owns all the property from Commercial Street to the Town of Ocean Breeze Park along SR 707, and to the west end of the Fredricksen Building.

Editorial

The Mirror is nine years old

"It is a beginning, and with this we hope to reflect the life of Jensen Beach in news and pictures for years to come. The Mirror will be the newspaper that our residents can call 'our paper'."

This was the promise of The Jensen Beach Mirror to be people of this area in Volume 1, Number 1, the first edition of The Mirror, on September 14, 1961, nine years ago.

The years have come and gone, and the history of the growth of Jensen Beach is reflected in the many volumes of The Mirror over the years. From the 500 circulation at the beginning, The Mirror has grown to 4,500 paid subscribers.

From a small, tabloid newspaper, with type set by an Olympia portable typewriter, and hand set photographic type, The Mirror has grown to a full size newspaper, with computerized typesetting and photo-offset typesetting machinery.

Begun in the shed portion of a garage, the Mirror offices have expanded into the modern offices of a newspaper in downtown Jensen Beach.

From an ignoble beginning, when Florida's newspaper publishers honored The Mirror in 1962 with two honorable mention certificates in the annual Florida Press Association contest, The Mirror grew to win top honors in journalistic excellence, the treasured "Best Florida Weekly Newspaper" award in 1968 and 13 state awards in 1969.

From an unknown weekly newspaper editor, about whom a competitor said in September, 1961, "He'll last just four weeks...", the newspaper and editor grew in stature to the point that that editor of The Mirror is now president of the Florida Press Association, representing all weekly and daily newspapers in Florida, and one of ten national directors of the National Newspaper Association.

From a man and wife operation of producing a little tabloid newspaper, The Mirror has grown to become one of the largest businesses in Jensen Beach, with a major payroll for this area, employing twelve full and part time people to produce one of Florida's best weekly newspapers.

We remember the comments from our first edition. We have them and treasure them. We especially remember those "We love it...", and "Do you expect me to pay a price for that?"

We feel proud and honored that Jensen Beach and Port St. Lucie have taken us to heart, and supported our newspaper by buying it and shopping from its pages. We are pleased that the merchants of this area find a market in this newspaper they can find nowhere else, and see the results of their advertising in their cash registers.

We will continue to produce as fine a newspaper as we can, within our financial limitations, always offering a little bit more than we can afford to be certain that our readers get value received for their subscriptions.

political issue

Death of planning council scored by Kavanaugh

by DICK CAMPBELL

A political issue in the county commission election was born last Monday afternoon as the St. Lucie County Commission voted to kill funding of the county-wide Regional Planning Council. The county's share of the RPC fund was $17,500, almost already approved and budgeted by the City of Fort Pierce.

Thus far as our district is concerned, we have heard considerable comment on it, and it will be a political issue in the next election," commented Port St. Lucie Mayor Eugene Kavanaugh, referring to that the funding of the RPC were Commissioner Chairman John B. Park, Commissioners Mayor-elect Bill and George Price, who voted in favor of the funding with Commissioners W. R. Smith and Everett Gruver. Kavanaugh pointed to the possible action of the City of Fort Pierce and the voting power of Port St. Lucie as the unincorporated areas, and a group of citizens urging the RPC.

"If Port St. Lucie's mayor is included in a breakdown of communications on planning between the county and cities as a result of the death of the RPC, and said the RPC has been the county was a step backwards to old, outdated political methods."

Kavanaugh said that the RPC was the vehicle by which the city was able to keep the county informed on its progress in regional planning through the representative of the city and the same on the county's part. "That door is closed now," he said.

Acting as the representatives of the City of Port St. Lucie, with PSL-RPC member Julian Flood, Kavanaugh tried to get the county to commit itself in some form of a changed format of the RPC, but the county officials refused. Rewriting the bylaws of the council failed to gain support, according to Kavanaugh.

"No matter what was offered, the county commission did not want the RPC to continue," he added.

Reason behind the death of the RPC, according to Kavanaugh, was a clash between RPC director Leo LaForge and several county commissioners. Kavanaugh pointed to a "lack of communication" between the RPC and the county, and said it was due to the fact that the county representative of the city and the same on the county's part. "That door is closed now," he said.

Acting as the representatives of the City of Port St. Lucie, with PSL-RPC member Julian Flood, Kavanaugh tried to get the county to commit itself in some form of a changed format of the RPC, but the county officials refused. Rewriting the bylaws of the council failed to gain support, according to Kavanaugh.

"No matter what was offered, the county commission did not want the RPC to continue," he added.

Reason behind the death of the RPC, according to Kavanaugh, was a clash between RPC director Leo LaForge and several county commissioners. Kavanaugh pointed to the postponement of the consideration of the county master plan recently completed by the RPC, saying that the plan would probably "be shelved, and all the money that went into preparing it would be wasted."

Kavanaugh said that the step backward of St. Lucie County was taken at a time when the Martin County Commission was taking a step forward with the hiring of a group of specialists to begin the county master planning. "Every forward thinking community area is establishing a master plan for present and future development," Kavanaugh said.

"I feel that we have lost a very important organization which was operating at a low cost, and it will take a long time to pick up where the RPC left off. It is a loss to our cities and our county," he concluded.

Julian Flood, RPC member from Port St. Lucie, said that the death of the RPC came from the fact that smaller communities received a vote. "Things changed early this year when we were given the vote, and the council was no longer a rubber stamp for the county. This is strictly political," Flood said, adding that the county "switched overnight" after asking that the bylaws of the council be rewritten.

'No matter what was offered, the county did not want the RPC to continue...'

Mayor Eugene Kavanaugh

TOP AWARDS- Highest honors in state and national competition were won in recent weeks by Rick Carroll, local insurance agent. Carroll holds two of some of his recent awards, a second place national award obtained at an antique car show in Louisville, Ky., and, at right, the "best of show" award for the third annual Old Ford Club of Miami antique auto show held over Labor Day in Miami. In the Miami show, Carroll won best of show, best Ford in show (from 1908 to 1948), and best soft top Model A awards. Carroll showed his 1930 Model A Ford Cabriolet.

First Federal extends Jensen building site

The purchase of land owned by Mr. & Mrs. Jim Friend and Ray S. Robertson, just south of Commercial Street on Indian River Drive, expanded the holdings of First Federal Savings and Loan Association of Martin County in Jensen Beach, and brought the building of a permanent Jensen Beach office building closer to reality for the savings and loan association.

The 125' frontage on Indian River Drive rounds out the First Federal land area in the Town of Ocean Breeze Park city limits. The property is 140' deep from the road to the west, and is about 150' deep to the river, with 400' of the property in riparian right.

Two homes of the Friends and the Robertsons are on the land.

Plans for a new First Federal Building on the site were indicated by a sign in the First Federal "parcel" on the corner of Commercial Street and Indian River Drive.

James A. Garvey, president of First Federal of Martin County, said the firm has future plans for use of the site for "a beautiful office building", but could not estimate when the building would be built. "It depends upon our growth," Garvey said.

First Federal's property now extends along Commercial Street from the west end of the Fredrickson Building to SR 707, and west to the Town of Ocean Breeze Park.

Ambulance need cited

Jensen Beach may be in danger of losing the Jensen Beach-Rio Samaritan Ambulance service, according to a press release mailed to The Jensen Beach Mirror by A. W. Keeton, Martin County Civil Defense director.

The notice pointed out that the free ambulance service is maintained by volunteers and donations.

A meeting to discuss the problem will be held Monday, Sept. 22, at 7:30 p.m. at Civil Defense headquarters, 448 S. Flagler, Stuart. The public is invited.

At present the ambulance is manned by three persons, according to Lou Warwick, president of the Samaritans. Warwick, Francis and Al Organ are the drivers. "We need at least three more," Warwick told The Jensen Beach Mirror Tuesday evening. "We also need a secretary and treasurer. Mrs. Ed Olney is now serving as secretary-treasurer but is looking for a replacement as she will be busy during the season," he said.

XILIARY INSTALLATION- Installation ceremonies for new officers of e Jensen Beach American Legion Post #126 Auxiliary was held Monday ght at Legion Hall. Left to right above are Mrs. Beatrice Poux, corresnding secretary; Mrs. Louise Rauwald, second vice-president; Mrs. orence Newman, first vice-president; installing officer [illegible]; President Jane McNamara, nee Gallie Unit #163; Mrs. Margaret Morgan, president of the local auxiliary; Mrs. Dorothy Grimm, secretary; Mrs. Helen White, historian; Mrs. Lorraine Middleton, treasurer; Mrs. Emma Snyder, chaplain; Mrs. Helga Spata, sgt. at arms; and Mrs. Ethel Koman, color guard.

EGION INSTALLATION- New officers of Jensen Beach American Legion ost #126 were installed Monday night at the Legion Home. Pictured above, ft to right, are: Ed Snyder, outgoing Commander; Louis P. Villano; new ommander Julius Newman; Harold Butterfield, adjutant; Virgil Rathbone, nance officer; Harvey Kilts, service officer; Tom Wyatt, first vice-commander; Anton Foley, historian; and Bill St. Clair, sgt. at arms. Not present for picture was Stanley Swartz, chaplain, and Ed Mitchell, second vice-commander. Installing officer was Walter Richards, 12th District Commander, Eau Gallie Post 163. Twenty-five persons from Eau Gallie attended the meeting.

Ruby Bryant, member of he Martin County Ladies olf Association, had a dulty" of a birdie chip in the 18th hole on her hird shot Tuesday, accordg to Eve Wilchester.

In Class A, Etta DeStarc had a 46, Connie Gladon, 50; Class B, Helen Reed, Helen Pauly, 52; Class Carol Vohden, 58, Eve ilchester, 58.

JUNGLE SCENE--No, he's not real. This is a lifesize mechanical tiger, one of 50 animals in the circus on display at Publix Supermarket in Stuart until Sept. 20. Imported from West Germany, the circus is sponsored by Armour & Co. Total value of the 50 pieces is about $25,000, according to Turner Booth, manager of Publix, who invites school groups, kindergarten classes and the public to the circus.

PSL to fight I-95 location

Plans for the battle are being laid, but the battleground is not known. The general is Col. Eugene Kavanaugh, mayor of the City of Port St. Lucie. His soldiers are the city council.

The enemy, is the location of Interstate 95, and any location that will interfere with the development of the city.

"I don't think it will be any problem, but we will prevent the location of I-95 that would interfere with our land development," Kavanaugh said at a meeting Tuesday. The mayor pointed to many plans for the route of the highway through southern St. Lucie County.

"We want to be prepared for anything that is done, any plan that is taken, so that we do not get caught in a blind alley," he said.

One of the many plans locates the highway either east or west of the Florida Power and Light Company rights-of-way. One of the areas is through land that has already been sold and deeded by General Development Corporation. The county approved the deed restrictions of Sections 34 and 36, which have been sold, but gave approval on Section 35 only with the proviso that the sale of the land be held back in case the route goes through that area.

In other actions, the council:

HEARD Kavanaugh report that he was awaiting a starting date for drainage repair and resurfacing of present streets in the city. He reported that $19,000 set aside for the program could be earning money invested, rather than waiting in a non-earning account in the bank.

DISCUSSED a survey at a cost of $1,500 to gain information on a local police force. Kavanaugh reported that a firm would make the survey so that the city would have needed information "when the time comes that we will need our own force."

The council plans to take action on the survey at the next council meeting.

OBITUARIES

C. S. Fredricksen

Cheney Samuel Fredricksen, 69, of Sunview Road, Jensen Beach, died Wednesday, Sept. 3, at his home.

A lifetime resident of Jensen Beach, he owned and operated Jensen Hardware Company for over 30 years, succeeding his father, W. L. Fredricksen, who founded the business in 1908.

He was a veteran of WWII, having served in the U.S. Army Air Force.

He is survived by a brother, Sophis Fredricksen, of Jensen Beach, and several nieces and nephews.

Grace Frazier

Grace T. Frazier, 82, died Sept. 8, 1969, at her home, 48 Midvale Lane, Willingboro, N.J.

She is survived by her husband, Harry T., who resided for the past 12 winter seasons at Ocean Breeze.

She is also survived by 3 daughters, 4 sons, 2 sisters, 16 grandchildren, and 1 great-grandchild.

Funeral services and burial took place in New Jersey.

LEGAL

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1969

NOTICE OF SPECIAL ELECTION

WHEREAS, The Legislature of 1969, under the Constitution of 1885, as amended, of the State of Florida did pass a Joint Resolution proposing an amendment to the Constitution of the State of Florida, and it was agreed to by a vote of three fifths of all the members elected to each house of the Legislature. The votes of said Joint Resolution was entered upon their respective Journals, with the yeas and nays thereon, and they did determine and direct that the said Joint Resolution be submitted to the electors of the State of Florida at a special election on November 4, 1969;

NOW, THEREFORE, I, TOM ADAMS, Secretary of State of the State of Florida, do hereby give notice that a SPECIAL ELECTION will be held in each County in Florida on the first Tuesday after the first Monday in November, 1969, which date is November 4, 1969, for the ratification or rejection of the said Joint Resolution proposing an amendment to the Constitution of the State of Florida, viz:

NO. 1

HOUSE JOINT RESOLUTION NO. 1380

A JOINT RESOLUTION proposing an amendment to Section 32 of Article XII of the State Constitution to validate the proceedings against the property of persons who have purchased the anticipation certificates under the authority of Section 32 of Article XII of the Constitution of 1885, as amended.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 9 of Article XII is agreed to and shall be submitted to the electors of the state for ratification or rejection at a special election to be held in November, 1969.

SECTION 9. Bonds.-

(a) ADDITIONAL SECURITIES. No additional securities bonds shall be issued pursuant to Article IX Section 11, of the Constitution of 1885, as amended, Article XII Section 16, of the Constitution of 1885, as amended, or Section 11 of this Article except those certain bonds or anticipation certificates hereafter issued thereunder may bear interest at a rate not exceeding seven (7%) per centum or such higher interest rate as may be authorized by resolution adopted by a three-fifths (3/5) vote of each house of the Legislature. No renewal bonds or the anticipation certificates shall be issued pursuant thereto after June 30, 1975.

(b) REFUNDING BONDS. Revenue bonds to finance the cost of any capital projects issued prior to the effective date of this section and the first succeeding projects of the Florida state turnpike authority or the state road department, including all portions of the state highway system, may be refunded as provided by law without vote of the electors or a lower net average interest cost rate to the issuance of refunding bonds maturing not later than the obligations to be refunded by the issues refunded only.

(c) MOTOR VEHICLE FUEL TAXES.

(1) A state tax, designated "one cent per gal. tax," or two cents (2¢) per gal. tax," or three cents (3¢) per gal. tax," or four cents (4¢) per gal. tax," or five cents (5¢) per gal. tax," or six cents (6¢) per gal. tax," or seven cents (7¢) per gal. tax," or eight cents (8¢) per gal. tax," or nine cents (9¢) per gal. tax," or ten cents (10¢) per gal. tax," or eleven cents (11¢) per gal. tax," or twelve cents (12¢) per gal. tax," or thirteen cents (13¢) per gal. tax," or fourteen cents (14¢) per gal. tax," or fifteen cents (15¢) per gal. tax," or sixteen cents (16¢) per gal. tax," or seventeen cents (17¢) per gal. tax," or eighteen cents (18¢) per gal. tax," or nineteen cents (19¢) per gal. tax," or twenty cents (20¢) per gal. tax," or twenty-one cents (21¢) per gal. tax," or twenty-two cents (22¢) per gal. tax," or twenty-three cents (23¢) per gal. tax," or twenty-four cents (24¢) per gal. tax," or twenty-five cents (25¢) per gal. tax," or twenty-six cents (26¢) per gal. tax," or twenty-seven cents (27¢) per gal. tax," or twenty-eight cents (28¢) per gal. tax," or twenty-nine cents (29¢) per gal. tax," or thirty cents (30¢) per gal. tax," or thirty-one cents (31¢) per gal. tax," or thirty-two cents (32¢) per gal. tax," or thirty-three cents (33¢) per gal. tax," or thirty-four cents (34¢) per gal. tax," or thirty-five cents (35¢) per gal. tax," or thirty-six cents (36¢) per gal. tax," or thirty-seven cents (37¢) per gal. tax," or thirty-eight cents (38¢) per gal. tax," or thirty-nine cents (39¢) per gal. tax," or forty cents (40¢) per gal. tax," or forty-one cents (41¢) per gal. tax," or forty-two cents (42¢) per gal. tax," or forty-three cents (43¢) per gal. tax," or forty-four cents (44¢) per gal. tax," or forty-five cents (45¢) per gal. tax," or forty-six cents (46¢) per gal. tax," or forty-seven cents (47¢) per gal. tax," or forty-eight cents (48¢) per gal. tax," or forty-nine cents (49¢) per gal. tax," or fifty cents (50¢) per gal. tax," or fifty-one cents (51¢) per gal. tax," or fifty-two cents (52¢) per gal. tax," or fifty-three cents (53¢) per gal. tax," or fifty-four cents (54¢) per gal. tax," or fifty-five cents (55¢) per gal. tax," or fifty-six cents (56¢) per gal. tax," or fifty-seven cents (57¢) per gal. tax," or fifty-eight cents (58¢) per gal. tax," or fifty-nine cents (59¢) per gal. tax," or sixty cents (60¢) per gal. tax," or sixty-one cents (61¢) per gal. tax," or sixty-two cents (62¢) per gal. tax," or sixty-three cents (63¢) per gal. tax," or sixty-four cents (64¢) per gal. tax," or sixty-five cents (65¢) per gal. tax," or sixty-six cents (66¢) per gal. tax," or sixty-seven cents (67¢) per gal. tax," or sixty-eight cents (68¢) per gal. tax," or sixty-nine cents (69¢) per gal. tax," or seventy cents (70¢) per gal. tax," or seventy-one cents (71¢) per gal. tax," or seventy-two cents (72¢) per gal. tax," or seventy-three cents (73¢) per gal. tax," or seventy-four cents (74¢) per gal. tax," or seventy-five cents (75¢) per gal. tax," or seventy-six cents (76¢) per gal. tax," or seventy-seven cents (77¢) per gal. tax," or seventy-eight cents (78¢) per gal. tax," or seventy-nine cents (79¢) per gal. tax," or eighty cents (80¢) per gal. tax," or eighty-one cents (81¢) per gal. tax," or eighty-two cents (82¢) per gal. tax," or eighty-three cents (83¢) per gal. tax," or eighty-four cents (84¢) per gal. tax," or eighty-five cents (85¢) per gal. tax," or eighty-six cents (86¢) per gal. tax," or eighty-seven cents (87¢) per gal. tax," or eighty-eight cents (88¢) per gal. tax," or eighty-nine cents (89¢) per gal. tax," or ninety cents (90¢) per gal. tax," or ninety-one cents (91¢) per gal. tax," or ninety-two cents (92¢) per gal. tax," or ninety-three cents (93¢) per gal. tax," or ninety-four cents (94¢) per gal. tax," or ninety-five cents (95¢) per gal. tax," or ninety-six cents (96¢) per gal. tax," or ninety-seven cents (97¢) per gal. tax," or ninety-eight cents (98¢) per gal. tax," or ninety-nine cents (99¢) per gal. tax," or one dollar ($1.00) per gal. tax," or one dollar and one cent ($1.01) per gal. tax," or one dollar and two cents ($1.02) per gal. tax," or one dollar and three cents ($1.03) per gal. tax," or one dollar and four cents ($1.04) per gal. tax," or one dollar and five cents ($1.05) per gal. tax," or one dollar and six cents ($1.06) per gal. tax," or one dollar and seven cents ($1.07) per gal. tax," or one dollar and eight cents ($1.08) per gal. tax," or one dollar and nine cents ($1.09) per gal. tax," or one dollar and ten cents ($1.10) per gal. tax," or one dollar and eleven cents ($1.11) per gal. tax," or one dollar and twelve cents ($1.12) per gal. tax," or one dollar and thirteen cents ($1.13) per gal. tax," or one dollar and fourteen cents ($1.14) per gal. tax," or one dollar and fifteen cents ($1.15) per gal. tax," or one dollar and sixteen cents ($1.16) per gal. tax," or one dollar and seventeen cents ($1.17) per gal. tax," or one dollar and eighteen cents ($1.18) per gal. tax," or one dollar and nineteen cents ($1.19) per gal. tax," or one dollar and twenty cents ($1.20) per gal. tax," or one dollar and twenty-one cents ($1.21) per gal. tax," or one dollar and twenty-two cents ($1.22) per gal. tax," or one dollar and twenty-three cents ($1.23) per gal. tax," or one dollar and twenty-four cents ($1.24) per gal. tax," Pigeon Club has two races

Over the past week the Indian River Racing Pigeon Club has held two races. The first one was to Sanford, Fla., which is 100 miles from Jensen Beach. Winners of that race were; J. Broadhead, 1st; J. Keller, 2nd; T. Rehelser, 3rd; and G. Rehelser 4th.

The second race was to Bennell, Fla., a distance of 150 miles. Winners of that race were: T. Rehelser, 1st; S. Rehelser, 2nd; Bill Kenney, 3rd; and J. Broadhead, 4th.

TIGER VARSITY TEAM--Martin County High School's varsity Tigers are pictured above. Team members are; 14 James Thomas, 15 H. L. Howlin, 16 Philip Harvey, 20 Robert Thomas, 23 Dan Rich, 24 Roe Davis, 30 Sheldon Merritt, 33 Joe Salamone, 40 George Dodson, 42 Kevin Thompson, 50 Don Theobald, 55 Kim Wojciezak, 63 Willie Burks, 63 Mark Smith, 66 Freddy Gary, 66 Carl Williams, 67 Eugene Hickson, 70 Tim Thompson, 72 Gerald Stone, 75 Roger Wilson, 85 Albert Love, 87 James Dodson, 88 Elmer Mercer, 89 Daniel Garrison. Coaches include Don Knott, head coach; Jim Ross, Russ Destito, Lewis Rice and Alvin Chavis. The Tiger season will get under way Thursday night, Sep. 18, against Palm Beach Gardens at Riviera Beach field. The first home game will be Sept. 26 against Pahokee. This years cheerleaders include Jacque Perick, Pam Reiner, Debbie Harper, Marcie Brines, Lou Ann Dailey, Miriam Varsil, Shirley Preston and Angie Cunningham.

Investment seminar to be held Sept. 18

An educational seminar of Francis I. duPont & Co., members of the New York Stock Exchange, will be presented at St. Lucie County Club at 7:30 p.m., Thursday Sept. 18.

The seminar, first in a planned series, is sponsored by St. Lucie Country Club, The Jensen Beach Mirror and duPont.

The program will include an explanation of the various types of investments available, and will cover services provided by duPont and all its subsidiaries.

All interested persons are invited to attend the meeting.

Stuart Herald Merchants Association will hold its annual meeting and election of officers at the Stuart Yacht Club, Sept. 23, at 7:30 p.m.

Guest speaker will be Dr. Francis Gerety, president of Indian River Junior College.

Dr. Gerety will discuss the college's plans for the future and the role it will play in the community.

Reservations may be made by calling the Herald office, 287-1550.

Punt, pass, kick registrations

Registrations for the Punt, Pass and Kick competition will be held Saturday, Sept. 20, from 10 a.m. to 2 p.m. at the Jensen Beach Recreation Center.

Boys between the ages of 8 and 15 are eligible to enter the competition.

Registration fee is $1.00 per boy.

Competition will be held in three age groups, 8 and 9 year olds, 10 and 11 year olds, and 12 through 15 year olds.

Competition will be held on Sunday, Sept. 21, at 1 p.m. at the Jensen Beach Recreation Center.

Coaches include Don Knott, head coach; Jim Stone, Bruce Deville, Lewis Rice and Alvin Chavis. The Tiger season will get under way Thursday night, Sept. 18, against Palm Beach Gardens at Riviera Beach field. The first home game will be Sept. 26 against Pahokee. This year's cheerleaders include Jacque Ferris, Pam Bettner, Jackie Harper, Marde Bruns, Lou Ann Bailey, Miriam Varnell, Shirley Preston and Angie Cunningham.

Investment seminar to be held Sept. 18

An investment seminar in Franklin L. DuPont & Co., member of the New York Stock Exchange, will be presented at St. Lucie Country Club at 7:30 p.m. Thursday, Sept. 18.

The seminar, first of a planned series, is sponsored by St. Lucie Country Club. The Jensen Beach Methodist Men.

The program will include a discussion on the new Investment Tax Credit, by F. L. DuPont and will feature a question and answer session.

Account executives S.T. Bent and F. B. Jordan will conduct one-on-one interviewing the night talk to those persons who have prepared to consult personal investment questions.

The first open meeting of the Martin County Area Jaycee Junior Chamber will take place Sunday, Sept. 21, at Jensen Lanes.

All members are urged to attend the 2:00 p.m. meeting.

ash the entire

buildup of sand on the north side of the jetty through and into the inlet.

This is why the effort to plug the entire jetty, or as far out as it is possible to plug, on both sides of the present plug, is gaining momentum. It is an effort to save the good that has been done.

This week the U.S. Corps of Engineers has been asked to join in the effort to plug the jetty. Such a plugging could save the corps countless thousands of dollars in dredging the inlet, and the cost could be just a few thousand dollars.

We urge the Corps of Engineers to help Martin County plug the St. Lucie Inlet jetty. Such a program could keep the inlet open for the winter season, and until the future permanent inlet plan is completed.

a minority of economic crystal gazers who foresee an early return to an era of monetary stability and normal growth is that highly respected institution, The National Industrial Conference Board. Mr. Martin R. Gainsbrugh, senior vice president of the Board, recently addressed a meeting of the Edison Electric Institute on "What Is Ahead For The Economic Climate?" His remarks provide a brief but penetrating appraisal of the future that is both instructive and constructive.

Based upon National Industrial Conference Board studies, Mr. Gainsbrugh believes the 1970's will see a restructuring of the economy and a prolonged period of "disinflation." He gives five fundamental conclusions for this outlook, together with the assumptions underlying them.

First, there will be an improved output of marginal workers- assuming better and more widespread training of the hard-core; more effective meeting of structural lapse with job requirements; and development of national measures of job vacancies.

Second, there will be intensification of domestic and international competition. The conclusion is based more on fact than assumption. The United States is confronted with increasingly intensive competition from abroad. Witness the recent unfavorable trade balance, the overhang of idle capacity that intensifies domestic competition. Jointly, this will alter the ability to pass on wage increases readily, particularly in areas where such competition is currently "soft."

Third, there will be a redesign of welfare programs. Ever higher social costs have contributed greatly toward cost-push inflation. There is assumed on the basis of current studies that more effective welfare mechanisms will be developed, thus reducing the cost of relief.

Fourth, there will be greater resort to tax incentives. The present trend indicates that the "private sector"--business- will help to an increasing extent to resolve socio-economic problems such as better housing for low income groups, training the hard-core, etc., thus reducing the net cost to society. More widespread recognition of the warrant for sharing the costs involved through tax incentives should accompany this trend.

The fifth conclusion that leads Mr. Gainsbrugh to see an era of disinflation for the 1970's is the restoration of a fair balance in collective bargaining. He notes, "...should the wage-cost push remain unchecked, statutory action may well be forthcoming designed to restore a better balance." It was collective bargaining. The public in general grows steadily more conscious that wage increases entirely out of keeping with gains in national productivity are adverse to the national interest."

Finally, Mr. Gainsbrugh observes, with reference to Viet Nam: "With the war's end and the restructuring of the economy outlined above designed to heighten competitive market forces, the upward surge of prices should taper off as the Seventies mature. Disinflation rather than prestistent inflation or drastic deflation would thus appear to be the more likely price pattern of the Seventies." Mr. Gainsbrugh's down-to-earth appraisal of the future of necessity rests on one overall assumption- a continuity of common sense in the conduct of citizens and as businessmen and public officials.

Letters to the Editor

The Martin County Commissioners held a public hearing on Sept. 9, 1969 to consider, among other things, the abandonment of a plat of the Golf View Subdivision located on the west side of St. Lucie Blvd., just north of the Martin County Golf and Country Club. The meeting as conducted was a weird sort of thing and what must be considered as the worst travesty on justice in the history of Martin County. Everything happened during the meeting and if you were not there, you really missed something.

To begin with, the Chairman showed a distinct lack of respect for some property owners testifying for the opposition by reading or shuffling through the papers on his desk during their testimony or by being rude, abusive and inconsiderate to others on occasions without any real reason. other Commissioners on occasion were conversing with each other and not listening to the presentation of the witness; and in one instance a Commissioner called a map that had been given him for reference purposes halfway across the room over the heads of the members of the press. They appeared bored and uninterested in the testimony at times and one seemed to get the impression they had made their decision on the issue before the meeting began. There were some questions put to the attorney for the opposition after he had finished his opening statement but they sounded like questions being asked by the attorney for the other side because they were of a leading nature designed to require answers favorable to proponent.

The request for abandonment was filed by an attorney acting as trustee for the owner and the promoter who plans to develop and build the condominium complex. Only four other persons were there in support of the request, ie, the owner's attorney and the Real Estate broker involved in the sale. No other property owner or resident of the area adjacent to the property in question co-sponsored or appeared in support of the request.

The property owners were represented by an attorney and four (4) property owners, all of whom have a substantial investment in property immediately adjacent to the involved subdivision. These individuals represented about 200 property owners, 182 of whom have signed a petition urging the rezoning of all properties along St. Lucie Blvd. to multi-family, and at the same time voicing serious objection to the abandonment of the plat. Under ordinary circumstances, with such positive evidence as a ratio of 182 to 1 against the request for abandonment and where the majority rule concept is in effect the matter would have been decided in a matter of moments by a motion to deny the request for the lack of evidence showing it did the most good for a majority of people.

However, for some unknown reason, and not withstanding the evidence presented to them, the Commissioners decided to completely disregard the wishes of the majority of the area property owners and substitute their own judgment instead.

It would be most difficult to point to this decision as a good example of government by the people. On the contrary, it would seem to prove without doubt that these men can not be considered real representatives of the citizens of this county who elected them since in this instance they apparently had no intention of carrying out the wishes of the property owners.

This assumption is further emphasized by the fact that the resolution to abandon the plat, in essence is not justified because in reality it is in violation of existing law (192.28) which, as pertinent legislation to the county authority for vacating plats, the "reversion of property to acreage for the purpose of taxation." There is, at this time, no reason available to the commission to justify this action because the property is now and has been for many years classified as agricultural with resulting favorable tax rate to the owner.

In this case their decision to grant the request despite the opposition of 182 property owners results in a real bonanza for the owner and promoter and as yet unnoticed to the promoter in the form of 2 acres of county property with no strings attached and no apparent financial or other advantage to the County. These additional acres will permit the construction of the full 96 units included in the condominium complex and will result in a potential increase of 25% income in this area. This fact must be viewed with grave concern and alarm when consideration is given to the tremendous expansion that will be required in transportation and related services.

Since the 13 1/2 acres referred to above represents 30% of the entire tract it is significant to note that the denial of the request to vacate the plat as urged by the property owners of the area would have limited the condominium complex to about 432 units and a total increase of 825 persons as compared to the 650 units and about 1250 additional people now possible as a result of the abandonment of the plat.

Whether the decision of this issue is right or wrong will not be known for a long time but there is one thing we do know for certain, that is--if anybody suffers it will be the property owners living in St. Lucie Hills and the suffering will be the direct results of two decisions affecting Golf View Subdivision. The first is the rezoning of the plat herein discussed in 1962 and the second--abandonment of this plat, in both cases the decisions were made contrary to the taxpayers votes on the matters. The rezoning to R-3 did not actually receive approval by a vote being 3 for and 2 against. With respect to the abandonment since only one person favored it while 182 urged opposition. The fact that both actions had to do with the same property only partially explains why the wishes of the majority were completely ignored in each case. However, this is positive evidence that taxation without representation does exist in Martin County and we sincerely hope that the situation can be corrected at an early date.

It gets embarrassing

LIVE....and love it by Dick Campbell

The public hearing over Rotonda wasn't too much of that. It was a circus, and shouldn't happen again.

Perhaps that is why the U.S. Corps of Engineers require written communication of the desires and positions of people interested in various problems when they get down to the nitty gritty of a question. It takes the emotion out of the meeting.

The "happening" at the afternoon session of the county commission was billed as a question and answer period between the county and critics of Rotonda, and the officials of Rotonda. It was supposed to give the Rotonda people an opportunity to answer questions of the county and its people.

Joe Klein, president of Rotonda, brought his books, six lawyers and a big bunch of people to applaud, or go boo.

Conservation people brought a few speakers and a big bunch of people to say boo or applaud.

It was almost a circus.

Klein tried to answer some of the questions posed in a prepared answer sheet of Resources Board questions of the previous day. That took most of the meeting and the answers left too many questions still being asked about the subject matter. Klein made more of a sales pitch for Rotonda than a city-gritty answer to the many questions.

Conservationist George Ewing, representing many local clubs and the conservation alliance, didn't ask questions. He stated a position that everyone he represented was against Rotonda, no matter what answers were given.

Throughout the presentations by Ewing and Klein, people in the meeting room boo-ed both; applauded both; and, in general, were not the ladies and gentlemen that such meetings usually attract. Some shouted, catcalled, and badgered.

Rotonda officials, remembering the same treatment given them at a Corps of Engineers hearing here, must have decided to give it back.

The audience was about half for and half against Rotonda, so the applause on both sides was fairly equal, the booing the same.

It is refreshing that the Resources Board has taken the matter and will attempt to come up with a fact sheet. At least the emotionalism will be removed from outside influence. The RDR meetings should be interesting.

Whatever comes out of the information sessions of the Resources Board should put to rest some of the legal and technical questions of Rotonda. The emotional issues will continue to fester and small public opinion. A fact sheet on the issue would help, though.

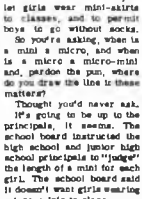
But the facts are up to Rotonda. They must provide the information needed. They must answer the questions.

There must be a reckoning of the material that has been misinterpreted, and there should be a valued job of research on the company so that the people have the complete story of this giant proposal that can so greatly affect the future of this county.

Notes and Comments by Bill Britton

Dirty feet and long legs

By JIM McCARTY



Seems that dirty feet and long legs are going to prevail, at least for the time being, in St. Lucie County.

The school board in our neighboring county to the north voted the other day to let girls wear mini-skirts to classes, and to permit boys to go without socks.

So you're asking, when is a mini a micro, and when is a micro a micro-mini and, pardon the pun, where do you draw the line in these matters?

Thought you'd never ask. It's going to be up to the principals, it seems. The school board instructed the high school and junior high school principals to "judge" the length of a mini for each girl. The school board said it doesn't want girls wearing micro-minis to class...

So...the principals are to go around every day eyeing the students' attire, and seeing if everything's "proper"...as if they don't have enough to do.

In Martin County, the ruling is even more vague, if that's possible. Here the board merely states that a student may not wear any dress or attire which will cause "undue attention to be drawn to themselves."

You can read all kinds of meanings into that one, "Undue attention" from whom? The students whose mode of dress is quite different from their elders, but acceptable to themselves, or the teachers, most of whom belong to that "over the hill" category known as "over thirty", and have enough difficulty digging the "now" scene, much less understanding it...

"Who has the final say on dress?" I asked a school board member.

"The principal, usually," I was told. "If the principal feels that the student's dress is out of the ordinary..."

"You mean causing undue attention to themselves?" I interrupted.

"Yes. Then the principal has the right to order the student to conform."

That seemed a little loose to me, so I asked if the student had any other recourse besides the ruling of the principal, and was told that the student with his or her parents could always appeal to the school board if they thought that the principal was being unfair or unreasonable. The school board would have the final say.

It still seems pretty vague, and I think that there may be some "tests" of this ruling during the course of school this year.

Last year, students at Stuart Junior High threatened to "strike" unless dress restrictions were relaxed a bit.

I asked about the regulation covering the wearing of socks by the boys, and was told that it was up to the individual principal. Some would object and some wouldn't if a boy came to class without them.

That's a heck of a note.

If you're going to have a regulation covering students' dress in the schools of Martin County, at least let it be the same in every school in the county.

Otherwise the number of dirty feet and long legs you see will depend upon where you live.

Your Social Security

By JIM McCARTY

Q. We are going to have to put our mother into a nursing home due to her forgetfulness and the need for nursing care for her. Will Medicare help to pay the nursing home charges?

A. No. Medicare helps to pay for skilled nursing care only when the patient enters the nursing home from a hospital or shortly after the patient's discharge from a hospital, and the services provided in the nursing home are an extension of those provided previously by the hospital. The care needed by your mother is custodial care and is not covered by Medicare.

Q. I'll be age 65 in three months and I plan to retire. How soon should I apply for social security and what should I bring with me?

A. Bring your social security number, some proof of your age and proof of last year's earnings such as your Form W-2 or your Federal income tax return if you are self-employed.

Q. I am age 68 and entitled to Medicare. What will Medicare pay for if I have to go to a hospital?

A. Medicare would pay for a semi-private room in a hospital and other services normally provided by a hospital for up to 60 days, except for $44.00 which the patient would pay. For the 61st through the 90th day hospital insurance would pay for all covered services except $11.00 a day.

Q. If I am a patient in a hospital for 90 consecutive days would Medicare pay anything after the 90th day?

A. Yes. Each person entitled to hospital insurance has a lifetime reserve of 60 additional hospital days. You can use these days if you ever need more than 90 days of hospital care in the same benefit period. For each lifetime reserve day used, Medicare pays for all covered services except $22.00 a day.

GRASSROOTS OPINION

It was noted in a publication of the Standard Oil Company (Ohio) that it was just 50 years ago this year that the nation's first gasoline tax was imposed in the state of Oregon. In the half century since, a total of $120 billion has been collected in federal and state gasoline taxes. The taxes will yield about $9 billion this year.

****

The results of a study made by the Cooperative Extension Service at Purdue University released in Michigan Food News revealed that about 77 cents of the typical shopper's "food store dollar," money spent for food stores, goes for food, the rest for nonfoods. Of the food money spent, 23.5 cents goes for meat, 9 cents for produce, ten cents for dairy products , four cents for frozen foods and 30.5 cents for groceries.

****

The Soviet Union has designed a small atomic plant to provide heat and power for remote settlements in the frozen arctic regions of the country, reports Tass, the official Soviet news agency. Soviet architects foresee future arctic settlements as "indoor garden cities" where people will live normally through the harsh polar winter. Tass claims the atomic units, designed to operate a 1,500 kilowatt turbine, would provide power for 60 to 90 per cent more cheaply than standard fuels.

ends to rest up away from the smog. Quite a hazardous drive on the rim of the mountain.

"After good byes to all the family we started on our homeward flight, Sept 6. We passed over the Johnson Ranch in Texas. By the time we reached Florida, it was night time and we enjoyed the sight of the lighted cities down below. By this time we had decided we enjoyed flying and flying was not 'just for the birds.' We had a wonderful vacation, but we are pleased to be home again."

W.S.C.S. meet held

On our way to the beach Sept. 10, we noticed a group of ladies assembled in the main shelter on the causeway. Being nosey, I asked what it was all about. Mrs. Eunice King, one of the Ocean Breeze members, volunteered this information.

The W.S.C.S., or Women's Society for Christian Service, usually hold their monthly meeting in the Jensen Beach Methodist Church. Someone suggested the causeway would be a better place to hold their meetings during the hot weather.

The ladies had just finished the light lunch, which was served by the hostess, Mrs. Pete, and the co-hostess, Mrs. Comisick.

Mrs. Comisick. The ladies certainly made a wise move for everybody looked very comfortable with nature's ocean breezes cooling them off.

I noticed a few Ocean Breeze faces in the group such as Bea Barritt, Belle Dustin, Gertrude Myers, and Eunice King, who told us that one of the club's projects is sewing for migrant workers.

Downeys take tour of west by rail

Yes, the Downeys are back on Broad and have an interesting story to tell about their summer travels. Rose and Bill, with their son-in-law and daughter, Dorothy and Louis Wheeling, wanted to tour the western United States, but wanted to do it with the least exertion possible, but still see all the interesting and exciting places they had heard and read about; so they investigated the means of travel; what each had to offer and finally decided on a trip by train. The train in many cases acted as their hotel, but when they did stay in hotels in the cities they visited, they were of the highest quality. However to make the best of their time, many nights were spent between places of interest.

Welcome back to Mrs. Betty Bowen, who spent the summer in Mich. and Ind. Mrs. Doreen Peet is also back from Mich., and is again employed at Helen's on Commercial St., in Jensen. The Harry Wilkies are back from a visit with relatives and friends in the New England states. Mr. & Mrs. Kaja are living on Bermuda at present, in the Knox trailer, they were accompanied back by their daughter and son-in-law who we hear intend to settle in this area.

****

and they slept and ate right on the train.

The beginning of the trip was New York City, where they were joined by quite a crowd of other travelers. The first city they visited was Denver, Colo. A tour of the city had been arranged for them, also a side trip to Colorado Springs, and to the top of Pikes Peak. Leaving Denver, they traveled by night, and upon reaching Salt Lake City, Utah, they were taken by bus to all the interesting spots in the city, and then bussed to the salt and copper mines, which are so well-known.

Arriving in San Francisco, Calif., they had three days with the best in hotel accomodations, and sight seeing trips that the city had to offer, taking them to such places as Chinatown, Nobb Hill, a ride on the cable car, to Fisherman's Wharf, and Muir Woods, where they viewed the beautiful Redwoods.

From San Francisco they went to Los Angeles, where they visited the Brown Derby, Disneyland, the homes of the stars, etc. The singer folks spent an evening at Coconut Grove where they were entertained by such interesting folks as Tony Bennett, and Dean Martin's son.

After four days in L.A., they again boarded the train and went to San Diego, Calif., for a day. They could have gone into Tijuana, Mexico, but were advised against it.

On to Flagstaff, Ariz., for a night stop, then they boarded a high elevation train, so they were better able to see the surrounding country. They even had a registered nurse in attendance, should she be needed.

Traveling through New Mexico, the train even stopped at an Indian village so the tourists could look around and do some shopping; then on through the state of Kansas, to Chicago, and finally back to New York City where they boarded a bus for their homes in Barryville, N.Y.

Rose described the whole trip as being well arranged, very relaxing to the travelers, and just the best she had ever taken.

After some time spent at home they decided to sell their house. After a visit by car to see their two daughters in Wakefield, Mass., and their two little great grand daughters, they returned to Barryville, and taking a few things from their former home, they started back, and arrived in Ocean Breeze, Sept. 12.

Personals

A letter from Connie Hileman to Nellie Cook reads as follows:

Dear Nellie: Thank you so much for your kind letter. I didn't know we had so many friends until all those cards and letters came, and believe me, they have been a comfort.

I have just to Denver, having spent a month with our son ---am with our daughter and expect to return to O.B. the latter part of October.**

Thank You

I wish to convey my sincerest thanks to all my friends of Green Breeze for their letters and cards, received following Dave's death. They were a great source of comfort to me at a time when their expression of friendship meant so much.

Connie Hileman

The Ed Duguays arrived back Sept. 6 after an enjoyable six weeks spent traveling and visiting relatives. This is Mrs. Duguay's account of the trips:

Louis and Bea Trancowski drove them to get the plane in Miami from where they flew in San Antonio, Texas, to visit her son and daughter-in-law and family. Next they flew on to Casa Grande, Ariz., to visit with her brother, his wife, and family, the Harold Bakers, and from there we saw the James Bakers family in Phoenix, Ariz., and while with her brother, James, they all went to his cabin in Durango, Colo.

Their next stop was with their daughter and family, the Gormons in Long Beach, Calif., where, after a nice visit, they spent some time with Mrs. Duguay's sister, Mrs. Beryle Ashcraft, who lives in a Gold Star Mother's Home. Completing their visiting they flew to Chula Vista, Calif., where a daughter met them and took them to their plane in San Deigo. Landing at Melbourne, their son-in-law, Louis Trancowski and daughter, Bea, were there to meet them.

Maurice and Flora Reverdy are back from their car trip to N.J., and L.I. First they visited their daughter, son-in-law, and family, the Eigenrauchs in Rivers Edge, N.J. From there they moved on to visit another daughter, her husband, and family, the K. Sheens in South Hampton, L.I., and while at their home their grand daughter arrived from Macon, Ga., and stayed long enough to help celebrate Flora's birthday on Aug. 12. When asked about the weather, they said it was a beautiful summer up there, but they did not follow their usual routine of visiting, but spent long hours at the ocean, and visited and enjoyed the family. They also commented on the great increase of traffic on the highways in that area.

Monroe Barlow left Sept. 7 to visit friends and relatives in Texas and Calif.

Dave Donaldson's neice, Florence Gaines and her husband, Carlton, of Lakeland, visited with Dave and Eva on Sept. 7.

Mae Smith of 3rd Ave., is vacationing with her daughter and son-in-law, the Formans. Mae's sister, Violet Wing heard from Mae recently. She said they were having a wonderful time, and at the time she wrote, they were in Wyo., and planned to tour other northern and western states.

Ed Duguay is busy doing some carpenter work on Mathy's trailer on the corner of 3rd and Palm Road. It did not take Ed long to get on a hammer handle after returning from his western vacation.

Marie and Phil Dionne arrived Sept. 6, after spending two months with their son and his family in West Hempstead, L.I. The Dionnes had the pleasure of seeing their three great grandchildren, and report a wonderful time in general. Their friend Joe Langi of Fort Pierce met their plane in West Palm. Marie told us that when they were leaving their son's home, he jokingly said "You may end up in Cuba." She said his words almost came true for the following day the flight on Eastern was hijacked.

Frank Prosseus is home again on S. 7th after being away since Mid-May. Frank traveled by car and first visited with his son, Laurence in Williamston, N.C., on his way north.

Arriving in Lyons, N.Y., where he once maintained a home, Frank visited another son, Maynard, later he went to Utica, N.Y., to visit the third son, Ansom, and then decided to stay put for a time, so rented a cottage at Sodus Bay, N.Y., and while there his grandson from Jensen Beach, Byran Wacha visited him for a month.

Speaking of the weather, Frank said they had a hot summer in that part of N.Y., 90 or better in the day time, but the nights were also pretty hot when Frank left to return here. He arrived back Sept. 10, with his visiting all done, except seeing Byran, the fourth son who now resides in Buenos Vista, Colo.

Two shuffle sticks were leaned against his wall, so you shufflers look out, Frank means business.

Mr. & Mrs. Clarence Rhoades are home again on North 8th after a summer spent in Glen Spey, N.Y., where they have a home and where three of Clarence's sisters reside. Bill Downey helped his sister with the driving on the way down. They arrived Sept. 12, well but tired.

Dr. and Mrs. Alexander write from Burnham, Fla., to say they are having hot weather, but are getting plents of rain, so everything looks nice and green. The Alexanders expect to leave Burnham about Oct. 1.

Recently Geet-en spent Tuesday through Thursday in Venice, Fla., where she was the guest of her sister-in-law and brother-in-law, Mr. & Mrs. Ben Moats. While there the Moats celebrated their golden wedding anniversary, and entertained 22 guests at the Holiday Inn. Among the guests were the Moats' daughter and her husband, Mr. & Mrs. Don Smith of Sioux City, Iowa. Mrs. Smith is Dorothy's neice and it was so nice they could meet and visit together again for the first time in 11 years.

Mary Richardson is home once again after visiting with her family in Fayetteville, Ind. Mary said she enjoyed her vacation, but was glad to be home again. Mary accompanied Betty Bowen, who arrived back Sept 12.

Cliff and Gladys Ogle returned Sept. 7. Cliff said the weather was warmer than usual this summer in Indianapolis, but there were no sweltering spells. The corn crop in that part of Ind., is very good. An expected average yield for the whole area is 96 bushels per acre.

Sunday, Sept. 7, Max Smith was cleaning up the patio when he suffered a slight stroke. With his wife's assistance, he made it to the car and he was taken to the doctor's office. Medicine was prescribed and he was taken home, where he is now resting. As of Sept. 9, there appeared to be no paralysis so friends are hoping he will soon be around again.

Evelyn Geet-en spent Sunday, Sept. 7, Max Smith was cleaning up the patio when he suffered a slight stroke. With his wife's assistance, he made it to the car and he was taken to the doctor's office. Medicine was prescribed and he was taken home, where he is now resting. As of Sept. 9, there appeared to be no paralysis so friends are hoping he will soon be around again.

VISTA DR. FILLS UP—Ocean Breeze's new river addition, Vista Drive, now has only two lots unoccupied, residents have enjoyed the cool breeze from the river all summer as well as the interesting river traffic.

Weeks return from Europe

"Well, here we are back in Yvonne's apartment in Paris. Our good hostess is in the U.S., so we have the apartment to ourselves. On certain days of the week the city floodlights the famous buildings and monuments, so one night we took the trip of the city. The fountains near the Eifel Tower were really wonderful to see. The chiluren got a thrill when we took them to the opera, "The Barber of Seville." Our 16-year-old grandson bounced up and down and said that the music and acting was the only thing he had ever listened to and seen that could compare to the beatles. The grandchildren also got a kick out of being able to find their way around Paris on the "Metro," (the underground railway).

"Soon after leaving Paris, we had our first misfortune when the Volkswagen clutch burnt out. It was quite embarrassing to have to unload all our camping equipment and personal belongings and spend the day in a pasture waiting for help car. They did, however, get it fixed and we were able to sleep in it that night. However, the days' delay made the chances of crossing to England necessary on a Saturday, the busy day, and we had to wait our turn for five days and then when we landed in Dover, it was dark and we missed seeing the White Cliffs of Dover.

"We were tired so we just pulled into the first open spot and went to sleep. Next morning we woke to find we were on a nice beach near some high rise apartments. We had breakfast and started along the beach road to Brighton and found a nudist beach called Kinber Sands so we decided to stay on the sand next to it. However, before long, it seemed like the whole of Britain was there as thousands of people lined the beach.

"The high point of our coastal trip was the day spent at Lady's Cove, a beautiful cove, full of caves, and surrounded by high cliffs. A little village, and it looked to us to be a delightful place to spend a quiet day, but before the morning had ended it was filled by thousands of picnickers, who had come for the day.

"We left the coast and journeyed through the English countryside. We were thrilled with the small cottages with their small front yards just filled with flowers, and the rows of houses with their distinctive roofs with the many chimney pots on the top of each house's chimney.

"We camped in a trailer park about ten miles from the city and took a bus to see the many historical London buildings, each day. There was so much to see in the Tower of London that we spent a whole afternoon there. We were similarly thrilled with Madame Tussaud's Wax Museum. We spent one day in Windsor Castle and another at Cowes entry. This town was completely leveled by bombs in the early part of the last war. The Cathedral has been rebuilt on the ruins of the old one, but none of the old ideas were incorporated in the new building. It is completely modern and should be included as one of the "must" sights to take in when one is in England. The famous Warwick Castle was also visited.

"Well, it was getting late in August, and the weather turned cool and wet and we began to feel that we had had all the travelling we cared to take. Anyway, it was time for the children to take their place back to the States and school. It began to look as if Margaret and I were to be stationed in Europe but Jack was with us. This is a revelation as were also we got on the same plane with the children.

"We were on one of the Icelandic Air line planes and we thoroughly enjoyed coming down from Ireland, seeing the icebergs, rivers, and land that we enjoyed seeing the Statue of Liberty even more and best of all, was the Town of Cedar Breezer. It sure looks good to us, and the same kind of people still live here, willing to help everybody to ride up from the airport at M.F.B., and to see that we were fed when we got here. So here we are at Jacksonville, and our manager is getting with us on routine priorities that we can use it to throw us out weeks."

****

The Academy of Science, the Steinhart Aquarium and the Morrison Planetarium, over a million persons visit the Academy of Science annually.

We had a nice fun ride to the Muir Woods National Monument. A group of migrant Methodist ministers at the Grace Naturalist, John Muir of Muir Valley, Calif. We visited the tall giant redwood T.V. entertainers, Spanish dancers, etc., in the evening.

Sunday, Sept. 6th was more of time. We visited Fisherman's Wharf. We had made an old boat and toasted up after our communion by the bishop. We left Oakland at 8:30 a.m. and arrived in Detroit at 5 a.m. We had just 2 minutes to catch the next flight to Miami, where we arrived at noon, and home by 3 p.m. We had a wonderful trip and there were two more tired gals."

****

Mr. and Mrs. Emerson Sackett are spending the summer in Winds Hill, S.C. On July 18 they flew to Cleveland to visit their son and family in Rocky River, Ohio, for three weeks.

Hawaiian trip 'just wonderful'

Aboard Qantas Jet Flight 741 Sat. Aug. 23, 1969

Aug. 24, for Miami, and from the next plane for Detroit to join the tour party. Our chartered plane had a space of 247 seats, but only 247 of our tour including two from Florida, Zylphia and Ida, our plane had to wait an hour before it could take off and land. We finally got away and landed at Los Angeles at 8:30 p.m., Mountain Time. The temperature was 100 degrees. Our 10 hours' wait us to the New International Hotel, which just opened on July 3rd.

"The next day Monday, we took a sightseeing tour of Hollywood Bowl and had dinner in the evening at the hotel and enjoyed the entertainment of Lola Fessler, Sammy Shore, and other entertainers. 2400 persons were served at $5.00 per plate but, of course, all our meals were included in our tour.

"Tuesday, Aug. 26, we strolled around, taking in the shops, and then to the Islander for a view of the city. In the evening we had a tour of the Lighted Strip, which is very special. Then to a few night clubs. Julie London entertained in one and the other had a cast of 48 representing the 1920's up to the present day.

"Wednesday, we were up at 5:30. We had a Continental Breakfast in the hotel, and riding on the Islander and five city buses took us to the plane for Honolulu which took off at 8:30. During the breakfast on the plane at 33,000 feet elevation, we had a magnificent view of the mountains and clouds. Five hours later we landed at Honolulu on the island of Oahu. We had lost two hours due to the changes in time so it was only 11:30 when we left the plane.

"As each person stepped on Hawaiian soil they were greeted with a kiss and a lei from a member of the opposite sex. A delightful custom which made us feel we were truly welcome and appreciated.

"The buses were waiting and we were taken to the Ilikina Hotel on the Waikiki Beach. In the afternoon we visited the International Market, which has over 50 shops, restaurants and night clubs, in the heart of Waikiki Beach.

"Don Ho, the T.V. entertainer, was playing seven nights a week at the Duke Kahanamoku's. We were told he has a guaranteed salary of $170,000 a year.

"Thursday, we signed up for our tours. In the evening we had the Polynesian dinner served buffet style followed by Hawaiian dancers and entertainers.

"Friday we boarded the new 180 foot Hawaii 5 which went out on a three hour cruise of Pearl Harbor, Honolulu Harbor and the Waikiki shore line. In Pearl Harbor, we visited "Battleship Row" the Arizona memorial, and Ford Island. We were given a complete naval history of the two world wars.

"Saturday, Aug. 30, we finally made it to the beach where we spent an enjoyable 2 and 1/2 hours. In the evening we went to the Jack Pearey show presented in the Queen's Surf Beach Park. Here we were seated in our buses, on the 240 floor.

"Sunday, Aug. 31, we were given a free hour to see Life and the Island Whale Show, and the porpoise show. At 5:30 we left for the Hukulau at the Hilton Hotel. During our wait we sat on the beach in wooden fishes, all Polynesian foods. This evening one helped pull in the nets that were thrown out earlier in the day. Following this a hot fudge performance, and started to throwing on coconuts. We enjoyed the dancing and floor entertainment that followed.

"Monday, Sept. 1, we had a tour through Polynesian villages, represented by the Hawaiian, Tahitian, Maori, Tongan, Fijian and Samoan, all authentic reproductions. We had a choice of Polynesian buffet or American style dinner. We chose the American dinner. Then we had a two hour show in the outdoor amphitheatre.

"Tuesday, we spent the day touring the Dole pineapple plantation and factory.

"Wednesday, Sept. 3, we said good bye to Hawaii and our plane landed in Oakland, Calif., at 11:52 p.m. We arrived at our hotel at 1 a.m., and we hit our beds just as we were. Our baggage arrived in the hours later.

"Thursday, we had a free day to do just as we liked. We were briefed on what to do. In the evening we had a night-out tour of the city.

"Friday, we were taken on a complete tour of San Francisco. All the famous sights were shown to us and much enjoyed. We were much impressed with the Golden Gate Park. The conservatory is a huge, all-glass building 250 feet long and 75 feet wide and contains outstanding collections of tropical plants, ferns, orchids and begonias. We also enjoyed seeing the Japanese Tea Gardens in this famous park. This duplication of an actual Oriental garden, with its granite shrines and arched bridge is truly an emitting part of San Francisco. Also located there is the Californ-

GROUND BREAKING- Ground breaking for six new shuffleboard courts to be built at the North Port St. Lucie Marina took place recently. Pictured above, left to right, are Cedric Benz, chairman of fund raising committee; Ed Chapman, club president; John Sheridan, general manager of Port St. Lucie; Ethel Krall, club secretary, and Fay Paul, member of the board of directors.

Ground broken for shuffleboard courts

Ground breaking for the new shuffleboard courts at the Marina took place last Thursday morning. These six new courts will be located just west of the now-existing four courts, which will then give us a total of 10 courts.

General Development Corp., moved in their heavy equipment and it wasn't a matter of a few hours before the ground was scraped, muck of dirt moved in, watered and rolled, and was made ready for the actual placing of the courts.

Plans now call for the Robert Nidy Construction Co., to start pouring the foundation sometime during the latter part of the week. It will then take a matter of several days before this work can be completed.

After the courts are completely constructed, they must then cure for a period of thirty days, which means that if everything goes according to plan, the courts will be ready for use sometime during the latter part of October.

All of this is certainly a pleasant sight to those who have spent hours and hours of work in raising money to get this work done. The total cost of the courts will be $4,200, of which the Shuffleboard Club has raised $1,500 through card parties and various other fund-raising projects. The remainder of the cost will be paid by General Development Corp.

HOMEMAKERS CLUB- The first meeting of the Homemakers Club for the fall and winter season was held recently. Mrs. Marguerite Brock, standing at right, Extension Home Economics agent, was guest speaker.

Clean-Up Day set for marina

Every year along about this time, we have what we call a "Clean-up Day" at the North Port St. Lucie Marina. This is done so that the building will look nice and presentable during the fall and winter season, and, as is always the case, it is handy in need of a good housecleaning after a long summer of hard usage.

On this day we do everything from cleaning out cabinets, washing windows, painting whatever is necessary and many other odds and ends.

This year, "Clean-up Day" will be worked on a different basis than in the past. Each club that uses the Marina will be asked to send as many representatives as possible. Each person will be checked in and their work hours will be logged and credited to the club they represent. At the end of the day, a vote will be taken and the club putting in the most man-hours will receive a cash award.

Dave Gessner, Recreation Director, says that he will supply all necessary cleaning and painting supplies, however, he asks that as many as possible bring with them a bucket and some rags. Gessner said he will also need two or three extension towers to bring tall ladders.

The day selected as "Clean-up Day" is Tuesday, Sept. 30. Work will start at 9 a.m., and continue until 5 p.m. Of course it is not necessary that each person be there the entire time, however, even if one can only work for an hour or two, every little bit helps.

Gessner says that if enough people show up on this one day, all work can be completed and another work day will not be necessary.

Please set this for aside, come and help clean up your community and your Marina.

BABY SHOWER—A baby shower was given recently for Mrs. Richard Schaefer, center above, president of Port St. Lucie Junior Woman's club. At left is Mrs. Albert Scoggins, at right Mrs. Robert Nidey.

Baby shower for Mrs. Schaefer

Baby showers are such fun, but this one given for Mrs. Ray Schaefer at her home on 101 Caprona Ave., by Mrs. Marge Scoggins was certainly one of the nicest. There was the expectant mother looking rather large, but unusually radiant and beautiful. Packages surrounded her, all gaily wrapped in the prettiest of baby colors. And then the moment all guests present had awaited for, came. She began opening each carefully wrapped present, and each time her eyes brightened a little more. Several oohs and aahs were unmistakably heard from those surrounding her, and one knew what they were envisioning as the expectant mother held each opened gift for everyone to admire.

The guest list included; Mrs. Hector Aguiar, Mrs. John Brewster, Mrs. Virgil Clerico, Mrs. James Hill, Bobbie, Mrs. James Houlik, Mrs. William Mang, Mrs. Paul Teal, Mrs. Karl Teal, Mrs. Richard Schmidt, Mrs. Clarence Rydell, Mrs. Wayne Register, Mrs. James Morgan, Mrs. Joseph Davell, Mrs. Robert Gillen, and Mrs. David Grotefend.

Unable to attend, but sending gifts were, Mrs. Fred Peluso, Mrs. Chuck Johnson, and Mrs. William Cooper.

Friday Night Gang attendance increasing

The Friday Nite Gang assembled about 85 strong for a session of Bingo on Friday night.

Among the visitors and newcomers were Mr. & Mrs. H. Martus, formerly of Freeport, L.I., and now residing on Tranquilla Ave., Mrs. Tennessee Shipman of S. Carolina; Mrs. Marie Micheljohn of Philadelphia; sister of Betty Schwanbeck; and Mrs. John Hoffman of Baltimore, Md., sister of Marie Heinert.

An international "quartette," consisting of Mrs. Ellen Lowe, of England; John Tuck, also from England; M. Mareedy and Al Weigel, Germany; Charles Durkovic, Czech; Joseph Krall, unknown; Herb Marsh, Welsh; and a couple of native born, sang the birthday song to Terry Lunder, English born on her 39th birthday. Also the group sang the anniversary song to Brownie Foster, celebrating her 66th wedding anniversary this week.

The host, Cedric Benz, urged attendance at the card party on Thursday the 18th. He also said arrangements are being made to hold a Halloween Dance at the Marina on Halloween.

The main prize of four steaks was won by Herb Marsh.

Mrs. Brock speaks at Homemakers club

The Beautiful Waters Homemakers Club had their first fall meeting at the Marina Thursday, Sept. 11.

In spite of the heat, 26 members and 10 guests attended. Eight of these guests joined the club.

A brief business meeting was conducted by Mrs. Ethel Krall, president. At its conclusion, she introduced Mrs. Marguerite Brock, who spoke on the subject of electrical appliances, titled Your Kitchen Servants. She showed several small appliances and discussed many of the unusual uses for each. Informative booklets were distributed to each member, courtesy of the Fla. Agricultural Extension Service.

Mrs. Brock also brought to the members' attention a money-saving bonus of making your own lingerie. She quoted prices of material and showed several items that she had made, and emphasized the ease and economy of completing each.

Hostesses for the afternoon were Mrs. Ethel Krall, Mae Cassone, and Johanna Hessling.

****

Mr. & Mrs. Myron Marein of 400 Alrose Blvd., have been enjoying a visit from their grandson, Eric Marein of Los Angeles, Calif., Age 7, came alone by plane from L.A., and was greeted by his grandparents at the Melbourne airport.

Eric is attending White City School and likes it very much.

FAMILY REUNION--The William Browns of 141 Celestia Court enjoyed a brief time together when both of their servicemen sons were able to be home at the same time. Missing from the above picture is another son, Robert, a senior at Dan McCarty High School. Left to right are Mrs. Brown, Charles, George and Mr. Brown.

Family reunion held

The William Brown family of 141 Celestia Court had an enjoyable family reunion when both of their service sons were able to be home together for the first time in quite a while.

Charles, who is in the U.S. Army, is just out of basic training at Fort Polk, La., where he spent nine weeks. He will be home for 12 days, after which he reports to Fort Wolters, Tex., for Warrant Officer Flight Training for a period of 21 weeks and then on to 16 weeks at Fort Rucker, Ala., for advanced flight training where he will graduate and receive his wings.

George, who is in the U.S. Navy, will be home just for the weekend. He is just back from a Mediterranean cruise aboard the C.B.S. Shangrila. He visited France, Spain, Italy, Greece, Malta, Sicily, Toronto, and the Canary Islands. George is due to report back to the same ship where it is now in for yard work. From there they will leave for Vietnam.

The Browns have one other son, Robert, who is a senior at Dan McCarty High School.

Mrs. John L. Hoffman of Baltimore is visiting her sister, Mrs. Fred R. Lorie, alternating between the two with Mr. & Mrs. Charles Kaufman and Mr. & Mrs. Fred Heinert. Mrs. Hoffman drove down with friends, Mr. & Mrs. Lawrence O'Connell as far as Ormond Beach, after her friends are visiting their daughter and her husband.

The Young Adult cook out will be resumed again this month and will be held at the Marina on Wednesday, Sept. 24. Those planning to attend should call the Marina for reservations by Monday, Sept. 22. These monthly cook outs are open to all young adults in the community and all that's necessary to attend is to call the Marina for reservations. If you've never attended before, I'm sure you'll find that we have a good group of young adults in the community and that you'll enjoy meeting them. A small charge is made to defray expenses.

HOMEMAKERS CLUB- The first meeting of the Homemakers Club for the fall and winter season was held recently. Mrs. Marguerite Brock, standing at right, extreme right, is the club's guest, and guest speaker.

Clean-Up Day set for marina

Every year along about this time, we have what we call a "Clean-up Day" at the North Port St. Lucie Marina. This is done so that the building will look nice and presentable during the fall and winter season, and as it always the case, it is badly in need of a good housecleaning after a long summer of hard usage.

On this day we do everything from cleaning out rain gutters, washing windows, painting whatever is necessary and many other odds and ends.

This year, "Clean-up Day" will be worked on a different basis than in the past. Each club that uses the Marina will be asked to send as many representatives as possible. Each person will be checked in and their work hours will be logged and credited to the club they represent. At the end of the day, a total will be taken and the club putting in the most man-hours will receive a cash award.

Dave Gessner, Recreation Director, says that he will supply all necessary cleaning and painting supplies, however, he asks that as many as possible bring with them a bucket and some rags. Gessner said he will also need two or three volunteers to spray step ladders.

The day selected as "Clean-up Day" is Tuesday, Sept. 30. Work will start at 9 a.m., and continue until 5 p.m. Of course it is not necessary that each person be there the entire time, however, even if one can only work for an hour or two, every little bit helps.

Gessner says that if enough people show up on this one day, all work can be completed and another work day will not be necessary.

Please set this day aside, come out and help your club, your community and your Marina.

Jean Shepard concert

Country music fans who know the records, "Dear John Letter," and "Crying Steel Guitar Waltz," also know Miss Jean Shepard, made famous by the "Dear John" one, which she cut with Ferlin Husky and which sold a million records.

The tiny blonde singer, has one of the biggest voices in the Grand Ole Opry, and she'll be using it to entertain you in two two-hour sessions on Friday, Sept. 26 at the Delaware School auditorium.

Miss Shepard, her band, "The Second Fiddles," and Don Murphy, well-known local country music artist, will all appear at a charity benefit sponsored by the local members of the Loyal Order of the Moose, and the Moose will use the funds for their charitable projects.

Tickets may be obtained at the Milo Restaurant, Lum's Restaurant, or Frankie and Johnnies, or at the door.

****

Port St. Lucie-River Park Republican Club is holding a card party and drawing on Wednesday, Oct. 1 at the Marina at 1 p.m. There will be plenty of door and table prizes. Refreshments will be served. A drawing will be held for three grocery gift certificates in the amounts of $25, $15, and $10. For tickets, contact Grace Follmer at 461-4696.

1970 MONTE CARLO

From any angle the all-new Monte Carlo by Chevrolet reflects elegance and beauty. Among its features is the longest hood ever produced by Chevrolet plus dramatically sculptured body lines that flow smoothly through the length of the car. In keeping with the smart new exterior are many rich interior appointments and an optional automatic seat back latch which unlocks folding seat backs whenever the door is opened.

SELF-TAUGHT ARTIST--Pondering over her portrait of the late President John Kennedy is Nataly Nijinsky of 1611 Tarpon Ave., Fort Pierce. Miss Nijinsky has a busy schedule as a fifth grade teacher in St. Lucie County public schools system and a teacher of ballet at the Indian River YMCA in Vero Beach. Born in 1929 in Manchuria, China, of Russian parents, she was educated in China in a European manner where she learned Swedish and French. Miss Nijinsky, a self-taught artist, came to the United States three years after she was 18. She is a graduate of Indian River Junior College and Florida Atlantic University.

THE NORTH POLE--In the frozen food department at Publix Supermarket in Stuart is the above scene, a skiing snowman and his penguin friends. This is just one of the displays in the circus which will continue until Sept. 20. Out of 53 Publix Supermarkets on the southeast coast, the local store was chosen for this display.

Yom Kippur to be celebrated Sunday

Yom Kippur, the holiest day of the Jewish calendar, will be observed in homes and synagogues throughout the world beginning at Sunset Sunday, Sept. 21 and continuing through Monday evening, Sept. 22.

Yom Kippur marks the conclusion of the ten-day period of repentance which begins with Rosh Hashana, the Jewish New Year.

Services will be held in Temple Beth El, Ft. Pierce, Sun., Sept. 21 beginning at 8 p.m. Bernard Selkin will chant the Kol Nidre accompanied by the volunteer Temple Choir under the direction of Miss Carol Haid, organist. The choir is composed of Mrs. Leonard Appel, Mrs. Bertha Kallet, Mr. and Mrs. George Mathis, Mr. and Mrs. Hubert Paden, Mrs. Frances Singer and Mrs. Joseph Weber.

Also participating in the evening service will be Irving Kanarek, Max Auerbach, Clyde Huber, Elliott Berg and Dr. Mortimer Cohen.

Taking part in Monday's service, beginning at 10 a.m. are Edward Peckelis, Seymour Bloom, Emanuel Block, A. I. Davidson, David Granas, Martin Steel and Leo Rosenberg.

Taking part in the Yom Kippur afternoon and concluding service, beginning at 3 p.m. will be Emanuel VanDerhoof, Sam Block, Joseph Weber, Seymour Shapiro, Ben Hill, Barnett Ehrlenbach, Art Hill, Max Block, Carl Becker, William Jacobson, Dr. Leonard Berg, Herbert Silverstein, David Simowitz, Sol Silbiger, Dr. David Rows, Sol Wise, Bernard Selkin, Charles Swerling, William Carlton and Marty Selkin.

Harold Holtzberg will sound the shofar, or ram's horn, at the conclusion of the service.

Jack Segal is chairman of the pulpit committee. Services will be conducted by Rabbi Herbert C. Brichto, professor of Bible History at Hebrew Union College, Cincinnati, Ohio.

Cigarette tax paid to counties

Net cigarette tax collections for the month of July amounted to $6,584,847.06 in Florida. Of this amount, $768,893.12 will go to the general revenue fund and $340,870.24 will be distributed to counties. Cities will receive $5,475,151.70.

Martin County's share is $2,876.71, for a total of $8,815.40 so far this year.

St. Lucie County received $7,988.24, totaling $4744.82 for the year.

Cigarette sales in Florida during the month of July reached 82,925,099 packs. This was an increase of 2,734,786 packs over July of 1968.

School menu

Thurs., Sept. 18, weiners & baked beans, spinach, pickled beets & onions, oatmeal muffins, brownies, milk.

Fri., Sept. 19, seaburgers on school-made buns, tomato & cucumber salad w/lettuce, pineapple tidbits, cookies, milk.

Mon., Sept. 22, Mexican hats, string beans, hot rolls & butter, whole banana and milk.

Tues., Sept. 23, chicken a la King, fluffy rice, green peas, carrot sticks, hot biscuits, orange sherbet, milk.

Wed., Sept. 24, beanie-weanies, cabbage salad w/Warfield dressing, cornbread, Jello w/fruit, milk.

Thurs., Sept. 25, hamburgers, spinach, buttered carrots, hot rolls, peaches & pineapple, milk.

Thank you

The VFW Auxiliary, Post #10066, Jensen Beach, thanks the Jensen Beach Bank for permitting them to have a bake sale on the premises recently. Thanks are also extended to all who contributed baked goods and bought the goodies.

Mrs. Margaret Bishop
Chairman

Mehling re-installed as IWL president

Bert Mehling will serve another term as president of the Izaak Walton League, Martin County Chapter.

Mehling will be installed at ceremonies Friday, Sept. 19 at 8 p.m. in the Community Room of First National Bank of Stuart.

Other officers to be installed by Bill Lund are: Floyd Dille, first vice-president; Don Deitz, second vice-president; Joseph Gabriel, secretary; Jack Kuhn, treasurer; and directors Mrs. J. W. Hussey, H. W. Newsome and Leonard Edwards.

Continuing directors are Mrs. Genevieve Trinter, Russell Suppiger and Werner Zugschwerdt.

A social hour with refreshments will follow the installation and meeting.

Beasley to address Demo Women's Club

Alton S. Beasley, 33 year old Stuart attorney and assistant Public Defender for Martin and Indian River counties will be the guest speaker at the first meeting of the fall season of the Democratic Women's Clubs of Martin County at the Community Room of the First National Bank on Monday, Sept. 22 at 7:30 p.m.

Beasley, who was appointed Assistant Public Defender on Jan. 1, 1969 by Public Defender Irving Frank of Fort Pierce, will speak on the subject of criminal law revolution from 1960 to 1968.

Beasley has served on the advisory committee of the Democratic Committee in Martin County, and is presently on the board of directors of the local Head Start program.

Club president Mrs. Ernest Higbee will preside at the meeting, and a social hour will follow.

Odd holes with one-half handicap was the play of the day Tuesday for the Martin County Women Golfers.

Connie Gladden led Class A with a 32; Ruby Bryant 36, Class B, tie at 39 between Maggie Zuhlman and Marion Kelleher, in Class C Helen Foster and Eve Wightester tied at 33.

Seven members of the Jensen Beach American Legion Post #126 Auxiliary attended the 12th District school of instructions last Sunday at the Fort Pierce Post #40 headquarters.

Those attending from here were Mrs. Margaret Morgan, Mrs. Florence Newman, Mrs. Lorraine Middleton, Mrs. Dorothy Grimm, Mrs. Helen Speitz, Mrs. Emma Snyder and Mrs. Eleanor Diffendal.

Mrs. Jane Richards, district president, conducted the meeting.

Four members of the Post also attended the school of instruction. They were Cdr. Julius Newman, Harold Butterfield, William Middleton and William St. Clair.

Mrs. Lena Faust of Bradenton drove to Jensen Beach to visit her daughter, Mrs. Faye Gay, recently. Mrs. Faust was here for two weeks, leaving Monday.

The two women visited Mrs. Gay's stepson, Charles D. Gay, in Satellite Beach.

***

The Rainbow group of the Welcome Wagon Club of Martin and St. Lucie Counties will have an acution at the next meeting to be held Sept. 23 at 11:30 a.m. at St. Lucie Country Club.

All members are asked to bring a gift or gifts for the auction. Members and guests are invited to attend.

***

Art shows at the Bank of Stuart are being held by Rita Martin this month and Lois Connolly in October. At Mayfair Theatre, Jean McClung is showing this month, and Reg Skallenger in October.

All are members of the Art Associates of Martin County.

***

Mr. and Mrs. Roland York have returned to their home in Burnsville, N.C., after a brief visit here. They have rented their Jensen Beach home.

York is the former owner of "Chief's" Standard Oil

STAR IN THE SKY- No need to go to the Moon for tranquility when such peace and beauty as this abound in the area. Palm trees reach toward the sky, almost sweeping the clouds with their graceful fronds. At the top of the palm tree on the left, the sun shines through like a star, bringing heavenly beauty to Earth.

Bowler of the Week competition underway

The third annual Jensen Beach Men's League Bowler of the Week competition in Martin County got under way this week.

The awards every week, [illegible] The Mirror and Jensen Bowling Lanes, honor one male and one female bowler each week.

Selection of the winners is made by representatives of Martin County Ads, and WIRC.

Candidates for the honors are selected each week by the league secretary of each of the men's and women's leagues. The honor is based upon improvement and outstanding performance of the [illegible] during bowling.

Weekly winners, once selected, cannot again be eligible for the award during the season. The weekly competition runs from Sunday thru [illegible] Friday each week.

The [illegible] Bowler of the Week will be published in The Jensen Beach Mirror weekly. A Mirror photographer will be on hand at Jensen Lanes on Tuesday to photograph the winners.

At the end of the bowling season, a Most Improved Bowler will be selected, and winners will compete for that award.

Weekly winners, once selected, cannot again be eligible for the award during the season. The weekly competition runs from Sunday thru [illegible] Friday each week.

The [illegible] Bowler of the Week will be published in The Jensen Beach Mirror weekly. A Mirror photographer will be on hand at Jensen Lanes on Tuesday to photograph the winners.

At the end of the bowling season, a Most Improved Bowler will be selected, and winners will compete for that award.

Sales taxes up 43%

Sales tax collections in Martin County during August amounted to $171,601.38, according to a report issued by State Comptroller Fred O. Dickinson, Jr.

The figure was a 43.85% increase over the same time last year.

St. Lucie County had a 43.78% increase, with collections in August, 1969, amounting to $294,096.82.

Collections of Florida's sales and use tax added $49.4 million to the state's general revenue fund in August, Dickinson reported.

Gasoline sold in Martin County last month amounted to 1,384,258. In the same period in St. Lucie County 2,695,476 gallons were sold.

Distribution of gasoline gallonage tax collected during August of 1969 in Martin County showed $47,038.42 returned (26); $3,593.56 to county board, and the road department, $14,374.23.

The same category in St. Lucie County amounted to $48,604.13, $5,352.09 and $21,408.34.

Special fuel tax, Martin County, above categories: $2,465.73, $189.00 and $756.02. St. Lucie County, $2,547.80, $281.49 and $1,125.98.

***

Radio station WSTU has been purchased from Blue Water Broadcasting Co. by WSTU, Inc. The purchase was approved by the Federal Communication Commission last week, according to Harvey L. Glascock, president of WSTU, Inc.

Fishing report

Surf fishermen lined the beaches of Hutchinson Island this week taking advantage of the run of blues and other fish in the surf.

Sponsors chairman named

Sponsorship chairmen for the 10th Annual U.S. Invitational Pro-Am Golf Championship were named by general chairman Chuck Ankrom, director of golf, General Development Corp., at the Lucie Country Club early this week.

Dean Tooker of Jensen Beach was named Martin County chairman; Bill Walsh of Fort Pierce was named St. Lucie County chairman.

Walsh, who heads Walsh Bonding Service, will be assisted by co-chairman Sam Kendrickson, manager of Sears Roebuck in Ft. Pierce, and Bill Tylander, Tylander Lumber, Ft. Pierce.

Tooker, an attorney and president of Jensen Beach Chamber of Commerce, will have as his co-chairman Jack Williams, president of the Bank of Stuart, and Roland Merrell, trust officer, First National Bank of Stuart.

"Sponsors are very important for a tournament such as the Pro-Am, so we are proud to have the leadership of these gentlemen," Ankrom said. He added that many leaders looked forward to many more sponsors this year than last, the first year the tournament was played here.

He explained that there are "Gold" sponsors, who receive for $200, 65 books of tournament tickets, tickets to the contestants and sponsors' cocktail party, special privileges at the tournament and gold plaque attention on the Sponsor Board at the clubhouses.

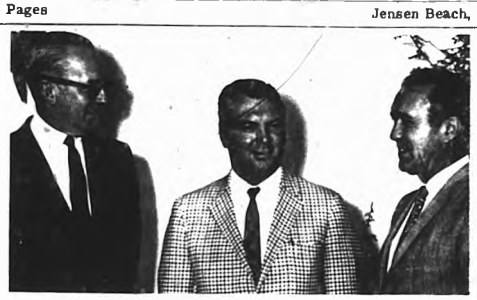
"Silver" Sponsors, for $100, receive 20 books of tournament tickets plus some privileges accorded Gold Sponsors.

Ankrom said the tournament, with all its economic as well as sports ramifications, had the full cooperation of the Chambers of Commerce in Jensen Beach, Stuart and Fort Pierce.

The 10th Annual will be played at St. Lucie Country Club Dec. 12, 13 and 14, a "long weekend" with Dec. 11 official practice round date.

Prize money is $35,000. The tournament is rated the nation's top pro-am event.

General manager at SLCC is Russ W. Rowe; golf pro at the club is Chuck Johnson, Jr.



SPONSORSHIP COMMITTEE- Dean Tooker, center, heads the Sponsorship Committee in Martin County for the 10th Annual Pro-Am Invitational Golf Championship to be played Dec. 12-14 at St. Lucie Country Club. Co-chairmen for Martin County are Roland Merrell, left, and Jack Williams, right.

Governor to attend

Kiwanis Club of Jensen organizes next Monday

The Kiwanis Club of Jensen Beach will be organized next Monday night, as twenty-five or more new Kiwanians are accepted into Kiwanis International, a service club, District of Florida Governor Bill Oughterson, of Stuart, will officiate at the organizational meeting. The district secretary, Hal B. Wainwright, of Orlando, will accept the new club.

The ceremonies will be held at Frances Langford's Outrigger Restaurant, beginning at 7 p.m.

The group has been meeting every Monday at noon at the Outrigger Restaurant, and had grown to 21 members at last Monday's meeting. At least twenty-five members were assured to press time, the minimum number needed to form a Kiwanis chapter.

The club is being formed as an extension program of the Stuart and Indiantown Kiwanis Clubs, Stuart Kiwanis is the sponsoring club and will have the responsibility to maintain close relations with the fledgling **Jensen Beach** club for a year.

There are three steps in the formation of a Kiwanis Club. The first is the signing of an application by ten men asking for recognition by Kiwanis. The second step is the organizational status, with twenty-five or more members. A final charter is received when thirty members are assured.

Tentative officers of the new club are Dean Tooker, president; Bob Smith, vice-president, and Buck Mauldin, secretary - treasurer. A nominating committee is working on a slate of seven directors, and is due to report at the Monday night meeting. The nominating committee is chairmanded by Bob Smith, assisted by Lewis and Smith and Mauldin.

Kiwanis is a service club with an accent upon youth projects in the community.

News notes

A 728-foot strip of ocean-front property on Hutchinson Island in St. Lucie County has been sold for $213,000 to Parry Boswell, Jr., of Stuart, by Stowe-Barber Co.

Boswell said he plans to subdivide the tract and sell lots for residential development.

***

Martin-St. Lucie drivers are reminded that motor vehicles with inspection stickers which expired in July are due for re-inspection by Sept. 30. Vehicles with stickers listing August expiration date will be reinspected in Oct. or Nov.

Jensen samaritans need more help

Only one man answered a hurriedly called meeting of the Jensen Beach-Rio Samaritan free ambulance squad at Stuart's civil defense center last Monday night, and he was over 65, according to Lewis Warrick, president of the volunteer group.

Warrick said he has called another meeting on Tuesday, Oct. 7, at 7:30 p.m. in the Jensen Beach Community Center on Commercial Street to seek help for the free ambulance service. Warrick said that the three men left on the Samaritan team of volunteer ambulance drivers and assistants were not enough to man the ambulance day and night, and there was a possibility that the ambulance service to Jensen Beach and Rio might be disbanded.

Warrick is the only qualified driver in the team of three, Francis Dean and Ben Sr. All do not have first aid cards and only one has the required health card to operate the ambulance, according to Warrick, who said, "Every time they ride in the ambulance as driver or assistant their face a possible fine for trying to help save a life. We need help, trained and qualified help."

Volunteers take a free Civil Defense course in first aid so be qualified to carry the necessary card. The course is sixteen hours, usually in two-hour segments. It is good for three years. The course can be set up for volunteers at any time there are enough to work with, Warrick said.

Rogers to cooperate

Corps will survey inlet to study jetty problem

by Dick Campbell

Local sportsmen and conservationists were jubilant this week as they learned that the U.S. Corps of Engineers has indicated interest in, and will study the effects of the plugging of the St. Lucie Inlet jetty, also, on the heels of an announcement of inlet survey, Congressman Paul Rogers was reported to have offered his assistance in working out a way to help the county plug the jetty to keep the inlet open until a permanent inlet plan is approved and financed.

In a letter received Friday, Col. John McElhenny, district engineer of the U.S. Corps of Engineers, indicated interest in the jetty project. The letter was sent to Mirror editor Dick Campbell, who had written Col. McElhenny asking for support of the temporary jetty plug to keep the inlet open.

McElhenny wrote, "Your letter of 6 September 1969 certainly raises many interesting points concerning the effect of our efforts to make the north jetty at St. Lucie Inlet stand tight.

"Although the existing Federal project for St. Lucie Inlet is quite limited in scope and does not include any work on the jetty, I have directed my staff to make a very careful analysis of all aspects of the problem in an effort to determine if a way can be found by which we could participate in, or assume the responsibility for, the work on the north jetty."

McElhenny wrote that as the first step in the study, "we are having another survey made of the entire inlet in order to demonstrate the beneficial effects that you have reported." The survey is slated to begin "in the next few weeks, probably early in October," Mr. Elhenny offered the results of that survey to the public complete with maps.

Congressman Paul Rogers was contacted on Tuesday by County Commissioner Frank Wachs. Wachs has spearheaded inlet improvement efforts for the past nine years.

The county doesn't have the funds for plugging the jetty and in the face of a tight budget could not provide funds in the coming year for jetty improvements.

Rogers offered his full cooperation in the plan to make emergency repairs to the jetty. "I don't know what we can do, but we will try to, if we what help we can in making funds available to stop the sand flow through the jetty into the inlet."

Wachs had suggested two alternatives. The first was to have the Federal government provide nylon bags to the county, with county crews filling the bags with sand and plugging the jetty with the sandbags. The other was to have the government furnish granite rocks from a stockpile in the north, with the county stacking them to plug the jetty.

Rogers presently is investigating what can be done to aid the county.

Leonard Smith, chairman of SLIP (St. Lucie Inlet Protestors'), a group of conservationists and sportsmen dedicated to plugging the jetty to keep the inlet clear of shifting sands that wash through the gaping openings in the jetty, said, "I'm delighted. I'm amazed. I didn't think that the Corps of Engineers would even recognize the letter. I have a lot of renewed respect for the Corps and for Rogers and am so happy that Frank (Wachs) has come to the front to make the plugging of the inlet jetty a possibility."

Smith has continually pointed to the almost half a million dollars in dredging the government has spent in the past three years as wasted as long as the jetty continues to be open, allowing sands to flow and fill in the inlet as soon as the dredging is completed. One such dredging, according to Smith, lasted only three weeks before the inlet was clogged with sand.

A yachtsman, owner of three boats, and local Jensen Beach businessman, Smith has led the battle of the inlet jetty as head of SLIP for the past year. County action plugging one small section of the jetty has resulted in a measurable clearing of the inlet, deepening of sand on the north side of the jetty.

Smith admits that the plugging of the jetty is only a temporary measure. "We must get the permanent inlet improvement under way. That sand must be transferred over to the south side of the inlet to continue its flow to the south. But right now we must keep the inlet open. It is our greatest asset, for both commercial and private yachtsmen and fishermen," Smith said.

Wachs expressed pleasure at the action of the Corps. "I believe that this is the first giant step we have seen in a long time. The photographic record of the jetty plug project provided by The Mirror to the Corps seems to be the evidence that we needed to turn the corner on this.

"While I am anxious to have the permanent inlet improvement, it's quite apparent that it is several years off, and should be obvious to all that some improvement to the north jetty is necessary if the inlet is to remain open and the temporary improvement to the jetty will last through the season.

"After receiving a copy of the letter to The Mirror from Col. McElhenny, I called Congressman Rogers and was assured of his support in the north jetty improvement," Wachs said.

"I'm glad that Paul Rogers has offered to help, and with team work like this we should be able to plug the jetty and get on to meaningful exploration into a permanent solution to inlet problems," he concluded.

BOWLERS OF THE WEEK--Winners of the Bowler of the Week contest, co-sponsored by The Jensen Beach Mirror and Jensen Lanes, are Zylpha Salyards and Ben Austy, above. Mrs. Salyards, bowling with the Orange Coffee League, had a 507 series, 41 pins over her average. Austy, member of the Nassau League, had a 564 series, 56 pins over his average. This is the third annual Mirror Bowler of the Week tournament in Martin county.

Tooker resigns job for Rotonda

County Attorney Dean Tooker withdrew Monday from a commitment to do legal work for the developers of Rotonda, citing criticism of his action as the reason.

"I don't want my position as county attorney, and as a lawyer representing a client to bring criticism to the county commission or the company, so I have written to Marshall Ames (Rotonda vice president) withdrawing from the commitment," Tooker said.

The Mirror learned of Tooker's relationship with Rotonda developers several weeks ago. In a call to Lowell Steve, head of the Florida Land Sales Board, Tooker's relationship with Rotonda was described by Steve as "The attorney who will draw up a utility to provide water and sewers for the developers."

Elect Mrs. Norton

Mrs. Martha Norton, M.C. Home Economics Agent, has been elected president of Alpha Delta Chapter of Epsilon Sigma Phi, National Extension honorary fraternity.

Klein will withdraw condominium

Rotonda, battered by critics, will revise ideas in county

The developers of Rotonda, she told, new city-in-the-[illegible], were hit with [illegible] opposition Tuesday. Joe [illegible], president of Palm Beach Investment Properties, developer of the idea for sales agent, agreed to [illegible] meetings with the county on Tuesday, Sept. 30, to revise the Rotonda condominium to meet county demands.

The aftermath of a two-session critical of Rotonda, Klein agreed to withdraw the condominium concept of Rotonda from consideration by the Florida Land Sales Board, and withdraw the application with the U.S. Corps of Engineers to link Rotonda and Palm Beach Heights into the St. Lucie Canal. He qualified it by stating that it would have to be with the permission of the land owners, Palm Beach Heights, and Arvida Corp. Royal American industries, and the drainage district directors.

The county commission agreed to let its letter of opposition to the condominium concept stand with the land sales board, append the opinion with a letter regarding the comments of Klein that he plans to do, and request that the land sales board place a moratorium on the sales of land by metes and bounds in Rotonda "until we reach a positive position on this."

The strongest position of the day was taken by the Martin County Resource Development Board, which, in a terse letter, asked that the county oppose the condominium concept of Rotonda because, "This concept appears to deprive the Martin County Commission of its regulatory powers." The board also recommended that Rotonda "use the present avenue of development available under the present plat laws of Martin County."

> "...a plan shallow in concept, a child's solution; it is sterile, contrived and unnatural."
>
> Architect Peter Jefferson on Rotonda development

George Ewing, representing the Martin County Conservation Alliance, reported on his group's investigation of the matter, stating that improvements such as roads, sewerage, golf courses and water are to be paid for by the unit purchaser, through assessments; that unit owners in the condominium would have no vote in the condominium until the developer had sold every unit, calling the developer "the Dictator" in that the developer could hold one parcel of land and maintain control; that the developer would have the right to terminate the condominium at any time until the last lot is sold; that no concrete proposal of development has been made as to what is being built and when.

Louis Bergen commented at length on the development and finance aspects of the Rotonda project, pointing up the various problems associated with the complex of corporations without recourse to each other and the lack of protection to the land buyer and the county.

John McQuigg, representing conservation interests, pointed to conservation support of High Point, Archipelago, Yacht and Country Club of Stuart and Dean Development as signs of conservationist interest in progress. He then opposed the Rotonda concept due to its plans to drain 25,000 acres into the St. Lucie Canal, pointing to "our already overburdened rivers and estuary." "Our rivers can't take it and live," McQuigg

(continued on page 16)

LEO CLUB--New officers for the Leo Club, sponsored by the Jensen Beach Lions Club, were installed recently. Left to right, above, are Clay Albertson, Ricky Freital, treasurer; Carl Brandi, secretary; Lee Harris, vice-president; Whitney Lavnee, president; Scott Neail, past-president; Albert Walker, installing officer, and Pat Ward, president of the local Lions Club.

Jensen PTA to meet Monday

The first meeting of the 1969-70 school year Jensen Beach P.T.A. will be held Monday, September 29 at 7:00 p.m. in the school cafeteria.

A child care service will be provided during the meeting.

Teachers will be introduced and S.R.A. material will be shown.

President of the P.T.A. is Mrs. Fred Chapman; vice president, Mrs. Jack Nunn; secretary, Mrs. Daniel Shaler; and treasurer, Mrs. Carl Barker.

All parents are urged to attend.

The 1970 Dodge

CORONET

"Out of sight"...Teenage slang. Sure, but to a man raising a family it also describes the cost of living. He needs a new car, but with everything increasing prices heading for the Moon, it seems impossible. Well, Dodge has the solution...CORONET. The family-size car made to fit the family and the budget with either a 6 or 8-cylinder engine, and it's at Ulmer Motors, your Dodge dealer. If you're a bargain hunter, Ulmer's is the bargain hunters' hangout; hunting ground. Make you hear Ulmer Motors low, low-down-to-earth prices, you'll say Dodge CORONET is "out-of-sight" but you won't be talking about price.

MEMORIAL GIFT--The flat bottom boat, above, was given to members of the Stuart Youth Conservation Club last week in memory of Frank E. Reynolds who was a director of the Izaac Walton League. When Reynolds died, the IWL collected $100 and bought the boat. Seventy dollars was also collected to send two boys to Corbett Area Conservation Camp and South Florida Youth Conservation Camp. Left to right, above, are David Bruen, Gari Garrett, Tommy Cobb, Jim Challancin, Bert Mehling, president of the Martin County Chapter of the IWL; Jim McMahon, advisor for the boys; Douglas Funk, advisor; John Challancin, Joseph Leach and Dalton Garrett.

Robert Padrick named top conservationist

Robert W. Padrick of Ft. Pierce has been named Florida's Outstanding Conservationist of the Year.

The annual award of the Florida Wildlife Federation was presented this year by Ray Osborne, Lt. Gov., on behalf of Gov. Claude Kirk.

Last year the award was presented to Nathaniel P. Reed, Hobe Sound, special assistant to the governor.

Making the 1969 presentation last Saturday night at Daytona Beach, Osborne said: "As Chairman of the Governing Board of the Central and Southern Florida Flood Control District, Mr. Padrick has been in the forefront of many battles to preserve the integrity of the Conservation Areas, and the quality of our water and natural resources. He has resisted efforts to despoil the Everglades.

"Mr. Padrick has gained the respect and praise of many conservation leaders in Florida and in the Nation," Osborne said.

Thank you

We wish to thank our many friends who were so very thoughtful to us and our son, Tom, for their prayers, gifts and cards, while he has been hospitalized.

Our thanks to the Stuart Police Department for their efficiency and kindness, the Martin Memorial Hospital, the third floor nurses and aides, X-ray technicians, the emergency room nurses and the doctors.

Our deepest appreciation to all. We will never forget.

Mr. and Mrs. Lee Hill
Thomas Hill
Jensen Beach.

Orchid Society resumes meetings

Meetings will be resumed for the season by the Martin County OrchidSociety Thursday, Sept. 25. The meeting will get under way at 7:30 p.m. at the Levi Johnson Agriculture Center.

The public is invited to bring blooming plants for the display table for judging.

Rusty Spurs starts season

The first show of the season for Rusty Spurs Riding Club will take place Sunday, Sept. 28 at 2:30 p.m. at the Martin County Fairgrounds.

Starting with this show, points will be kept for high point trophy of the year. Trophies and ribbons for each event will be awarded Sunday.

Bleachers are available for spectators. The public is invited and there is no charge.

A Unity Truth Study Group is being organized by Marguerite Duston, 141 Arch St., Jensen Beach.

The group will meet with Mrs. Duston and the Rev. Crystal Leonard, Ft. Pierce, on Tuesdays at 7:30 p.m.

Jensen Beach School Talk

By Cathi Brady
Susie Fulton
Kim White

The Jensen Beach School has many first and second graders. Recently, three sixth-graders interviewed some of these children.

Mrs. Buchanan's room was interviewed first. They were asked what their favorite subject was.

Beth Grossnickle, Dennis Moore and Debby Marshall liked reading. (Note: These children have not yet started reading.) Kathy Young, Dean Tucker and Carl Robinson preferred recess. Jimmy Banks, Jerry Oram and Steve Bellas liked looking at books. Willie Darryl Delancey and Steven Kraft also liked reading. Sherry Scott and Lisa Delligatti enjoyed books. Mark Desfonds and Frank Corley liked coloring best. Mark Thomas liked to cut, and Wes Long liked to watch the clock.

Mrs. Richardson's second grade was also interviewed. Ronnie Hulre, Colleen Driscoll, Vicky Halverson, David Poracki, Scott Smith and Frank Mackey enjoyed arithmetic best. Jack Aaron liked reading. Scott Shepherd, Mariann Finney, Angel Staley, Robin Dibble and Melinda Lawrence preferred writing. Wanda Bailey, Bobby Nunn and George Harrison enjoyed art. David Bocchino and Joe Roberts liked coloring best, and Curtis Wilson and John Harvey preferred recess. Andrea Harriel enjoyed music. Timmy Nunn liked homework. (Note: Second graders have very little homework.) Jackie Judy liked language.

The sixth grade is planning a play about Marco Polo. Most of the sixth grade will participate in the play.

Mrs. Chick's fifth grade is working on booklets about the Industrial Northeastern states. This project is a part of their Social Studies.

Mrs. Gipson's class went to Publix Market last Thursday to see the circus. Most of the children liked the monkeys playing the instruments. Some liked the lions and tigers, while some liked the rabbits riding in the car.

JBWA schedules card party

A dessert card party is scheduled by the Jensen Beach Women's Association for Monday, Sept. 29 at 12:30 p.m.

The event will be held at the new clubhouse.

Mrs. Jackie Stauffer and Mrs. Genevieve Siebert were prize-winners last week at the club's card party.

Jack Feig associated with Carroll Insurance

E. J. (Jack) Feig is now associated with Rick Carroll Insurance Agency as a consultant and in charge of disability and life insurance. Feig has been associated for 48 years with Prudential and Paul Revere Life Insurance companies and is still licensed with Paul Revere.

Mr. and Mrs. Feig have been residents of River Park, Port St. Lucie, for almost four years. They have four children, two are married, one teaches in Boynton Beach and one is in school in the north. The Feigs are from Missouri.

Three join VFW Auxiliary

Three new members were accepted as members of the VFW Maurice K. Langberg Post #10086, Jensen Beach, at the Sept. 17 meeting of the group. They are Bonnie L. Schrock, Ruth M. Kelly and Lucy Pitchford Gideon.

Mrs. Walter Banig presented the flag from her husband's funeral.

New members were honored Sunday night with a covered dish supper at the Community Center.

The auxiliary meets on the first and third Wednesdays of the month. Next meeting will be Oct. 1.

A rummage sale is scheduled for Nov. 29 at the Community Center. Contact any member to arrange for pick-up of rummage.

Chris Kalb, DeMolay supervisor, of Jensen Beach will attend the Fall conclave of Province 6, Order of DeMolay on Oct. 4 and 5. The conclave will take place at Sea Garden Hotel, Pompano Beach.

Province 6 includes the area from Fort Pierce to Dade County.

IRJC offers off-campus class

Off-campus Adult Continuing Education courses are being offered by the Indian River Junior College Community Services Program.

Madeline Reheiser is the instructor of the painting class which is held Mondays, 10 a.m. to 1 p.m. at Elliott Museum, Hutchinson Island. Registration is on a continuing basis. She will also begin a painting class at Port St. Lucie Marina on Thursday, Oct. 2, at 9 a.m.

No fee is charged for the Community Service Program activities.

John Wall wins many prizes at fair

A letter from John & Mary Wall, 107 Devendorf St., Elkhorn, Wisc., 53121:

"Summer is fading and fall is edging close. It was almost when we arrived May 1, and it remained that way with a few exceptions to July, along with several inches of rain that ruined some corn and prevented farmers from planting. Hardly any first crop of alfalfa was saved. It was burnt or chopped for fertilizer.

"August came in hot and dry and a good crop of grain was harvested, and a wonderful second crop of alfalfa hay but the intense heat did heavy damage to the soya bean crop and further damaged the corn.

"Our big fair is over and it was a big success. 110,000 people passed the gates. There were large entries in all departments so competition was keen. I ended up with 20 red ribbons and 9 blues. The Myron Shumans, Charles Pierces and the Herman Larsons came for a day and we all went to the fair together.

"Rains have come again and I am busy with my gardens. I have three lawns to look after. We are both well and busy. Mary, today, is at a luncheon card party- thirty-miles from here- that's her.

"We manage to keep in touch with our friends, above still in the park and those in their home states. We won't be down this winter so, Tom, be sure and get all the shuffleboard news in The Mirror. I guess I will miss the shuffleboard players more than they will miss me. We see in The Mirror where Ocean Breezers are starting to come back. so -- wish all of you are able to keep well and have the most enjoyable season ever."

****

Cecile Harlow went to see her doctor Sept. 19, and he ordered her to the hospital in Stuart, where she was taken by her friend Myrt Huntington. Cecile will be hospitalize. a few days.

ELEVENTH STREET -- Eleventh Street takes over where West End Blvd. leaves off when entering the park from Commercial Street. It is a short street in what we call the old part of Ocean Breeze, although by no means the oldest part. To the left is the park ambulance building. To the extreme right is the former Eastman residence now owned by Nina Wilson. The two low posts mark the entrance to Pat Kinsey's residence; then there is the Lyman Smith cottage, and in the distance, the Jaycox mobile home at the junction of West End Blvd. and Bay Drive.

OBITUARIES

CLARENCE C. RHOADES

Clarence Calvin Rhoades, 83, of 7 N.E. 8th Ave., Ocean Breeze Park, Jensen Beach, died Sept. 21 at Martin Memorial Hospital. He was a native of Port Jarvis, N.Y., had been a winter resident here for 20 years and a permanent resident for 13 years, coming from Glen Spey, N.Y.

He is survived by his wife, Marie B. Rhoades; three grandchildren, one brother, three sisters.

Funeral services were held Wednesday with the Rev. Will M. Gonsalus, pastor of Trinity United Methodist Church, officiating. Burial was at All Saints' Cemetery in Jensen Beach.

Personals

Harry Doring of Miracle Way suffered a painful accident Sept. 18, while cleaning his car port, he was standing on a small ladder which gave away throwing him in such a way he sprained his ankle and is not able to bear his weight on his foot.

****

Our first phone call Saturday morning was answered by my wife, Nellie. A female voice said, "Happy birthday, you little stinker." Of course no one but a very close friend would use that expression, and especially as Ocean Breezer. It was occasioned by the fact that the two had seen much of each other lately and Nellie had not given her a hint of the coming event. T.C.

****

Sorry we missed this item until now: The Osler girls, Donna and Kim, when they visited friends in Ocean City, N.J., last month, had a very enjoyable vacation. They did not enjoy the ocean bathing so much as it is so much colder than our own beach. They enjoyed the board walk, but the real thrill was the plane ride as it was their first.

****

We are told that Louis and Beth Karl are leaving for Europe to visit relatives. They expect to be back toward the end of October, when they will head for Ocean Breeze.

****

John and Mae Baker returned to the park last Tuesday, the evening of Sept. 16. John said they had a nice trip down with very little rain. One unusual thing happened while traveling through northern Florida; they ran into a cloud of bird emigration or love bugs as they are commonly called. They were so thick that the windshield was soon covered and they had to stop twice to have it washed off. The third time a shower of rain came to their aid. They traveled via highways 301, 95, and the Sunshine Parkway, and remarked that traffic was light.

****

Mr. & Mrs. Fred Schmidt tell us Mr. & Mrs. Chas. Sepples were in the park Sept. 10, and had dinner with them. Shuffle players will remember them as they used to spend a lot of time at the shuffle courts. They are now living in West Palm Beach.

****

Bingo fans will be elated to hear that their favorite game will be played in the clubhouse starting Sept. 29.

****

Visitors on Lake Sylvia this week-end: Mrs. Ethel Fisher, a new friend, Clif Osborne, on Park Pl., would very much like a fishing partner. His former fishing partners are all here yet and Cliff loves to fish.

****

Bob Smack, who has been a patient in the Martin Memorial Hospital in Stuart, since about the first of August, passed away Sept. 16 at the age of 78. The body was taken to Harper-Ardmore, N.Y., where burial will take place Sept. 19. Bob leaves a host of friends in the park to mourn his passing and we extend our sympathy to the surviving family.

****

Lowell and Mary Ann Bailey are spending the summer at Wolf Creek, Montana. Mr. Lowell is employed at the Wolf Creek Ranch and is also a guide. Lowell has been a guide for many years in the Rocky Mountains. He reports that he has had a very successful season.

****

We hear the Kronenwetters have sold their cottage at Highland Lake and are staying at Leesburg, N.J. They expect to be here about the 25th of this month.

****

Mr. & Mrs. Wilbur Smith had Mr. & Mrs. Robert Hair for visitors for four days last week. They were former farmer neighbors of the Smiths at Rome City, Ind. This being the Hairs first trip to Fla., the Smiths took them to see the sights of South Florida and to the beach one day where they succeeded in catching 10 blues and 8 whiting. They also went to Deerfield and Pompano beaches where the Smiths have a son and a daughter and their families.

****

Bill & Joyce Armour of Casper, Wyo., flew in Sept. 15, to be with Joyce's parents, Stella and Joe Sorrell while Stella underwent eye surgery in St. Mary's Hospital, W. Palm Beach. The surgery proved very successful, and Stella arrived home Sept. 20.

****

Mr. & Mrs. Douglas Sawyer of New York City visited with Doug's father, Ralph Sawyer of 5th Ave., over the weekend.

****

Mary Adrean informs us that the Jensen Beach Community Church Thrift Shop will open Oct. 2nd. It will be open for business three days a week, Thurs., Fri., and Sat., through October. From November onward it will be open six days a week. Mrs. Adrean says more articles are needed. Anyone in the park having furniture clothing or any article they wish to donate to the church, please contact either her or Freda Peterkin.

****

It is generally known that Mrs. Frank Beal has not been well for some time but the call of the south became so strong they decided they would start for Ocean Breeze Sept. 17. According to information received from a reliable source, the Beals had actually started when Mrs. Beal became worse, and Frank took her to the hospital. She is in the Lakeside Hospital at Laconia, New Hampshire.

****

George and Muriel Dell returned to their home on Bay Drive last Sunday, Sept. 14. They have spent the past four months at and around their home in Cincinnatee. Except for a journey to visit George's fishing partner at South Bend, Ind., they stayed pretty much at home. Was her visit but as in most places, but they enjoyed it.

****

Mrs. Pauline Hardgrove of Columbus, Ohio is spending her vacation with her friend, Mrs. Freda Peterkin on 16th Ave. She arrived Sept. 15.

Pauline lived in Ocean Breeze from 1948 till her mother's death in 1958. Her parents, Dr. and Mrs. Lee, owned the trailer-cabana now belonging to Vera and Bill Duchac on Pepper, and it was there that Pauline and her son Parker lived and "Parky" as we all called him, attended school.

In reply to our question about the park, Pauline said if she had been blindfolded and brought here, then had been able to look around, she would not have known the place compared to when she first knew it, and commented on the vision of Harry Hoke and his family, and their dream come true in a beautiful retirement town.

Pauline said Parky is out of the service now and living in Columbus, with his wife and two little sons.

****

Congratulations to Mrs. Belle Dustin, who celebrated her 79th birthday Sept. 14. The previous evening she was the guest of her son and daughter-in-law, Mr. & Mrs. Edgar Dustin of Arch Street, Jensen Beach.

Sept. 14, she was entertained at the home of Mr. & Mrs. Dameron of Legion Heights, and also present for the occasion was Mrs. Jennie Escott of Indian River Drive, who celebrated her 80th birthday the same day. To these two senior citizens we all add our wishes of many happy returns of the day.

****

Max Smith, who suffered a slight stroke some ten days ago, was taken to St. Mary's Hospital, W. Palm Beach, by Mr. & Mrs. Maurice Heerdt, Sept. 15. X-rays were taken and he was given a thorough examination by a brain specialist. After two or three days observation, the doctor reported his condition as satisfactory and released him with the understanding that he must have help to walk. Carl Haug brought him home.

Mrs. Smith says that except for a little stiffness in Max's left arm and left leg he is apparently very well. She is fortunate in getting the assistance of Garry Jarvis, who comes twice a day, assists Max with the little jobs Max would ordinarily have done himself.

****

Mr. & Mrs. Gene Hoke returned from their vacation Saturday, Sept. 20.

****

Mrs. Henry Doring tells us she has heard from her neighbors, Mr. & Mrs. Charles Patterson from Lapeer, Mich. They have had a frost and the weather is cold, so they will soon be heading south. They saw Mr. & Mrs. Arch Stevens recently and they are well.

****

Pinochle Winners

Scott Miles, 765; Bobbie Beasley, 733; Alice Williams, 698; and John Sorenson, 689.

****

Mr. & Mrs. Joe Kutil returned to their home on West End Blvd., Sept. 19.

****

We get letters....

Sally and Frank Von Hale write from New Stanton, Pa:

"We are spending the night here on our way to Ohio. All the hi-roads and low-roads seem to have been improved or changed since our last visit. We are thankful relatives aren't changeable. Our niece had an interesting trip to Idaho this summer and the highlight of her trip seemed to be ice skating in July."

****

Edith Freeman writes to Belle Dustin:

"We have been very busy at the store, and since he cannot get extra help, I've been working from 7 a.m., to 6 p.m. It makes a long day, but I don't mind it. I only have to go around the corner from the apartment. I don't have much time to shop or go visiting. I must go and see the Hughes some night. Are folks starting to come back to the Park?"

****

To Belle Dustin from the Hughes, Elsie and Horace:

"We had a nice week in Maine with Marsha Morash, we also made a trip to Nova Scotia and had a wonderful time. We will see some changes in our part of the park with the new trailers. Not sure when we will be back, but it will be early, I guess."

Veterans of World War I, Barracks 2936 will hold its regular monthly Bunko Party at the Marina starting at 8 p.m. September 25.

Bunko is played on the fourth Thursday. The game took a vacation during the excessive heat of July and August.

Six prizes in all are awarded and refreshments will be served.

****

The regular bowling season of the Wednesday morning River Park-Port St. Lucie Bowling League will start at the Ft. Pierce Lanes on Wednesday, October 1 at 9:15 a.m. Regular bowlers who signed up last spring have been placed on teams and must be present. A number of new rules were discussed at the organizational meeting last week and will be enforced.

****

The first meeting for the fall and winter season of the Port St. Lucie Masonic Club will be held at 8 p.m. on Wednesday, October 1, at the Marina. All members are requested to be present as the final plans for the annual Christmas party will be under consideration. All Masonic Brothers are invited to the meetings.

****

There will be an organizational meeting Monday morning September 29, at 9:30 a.m. at the Marina, for the Monday Morning Men's Bowling League. It is especially important that all who signed up for the league be present and all others who might be interested are invited to attend. The league will start bowling the first Monday in October.

****

The Shuffleboard Club of Port St. Lucie will hold its monthly card party at the Marina, on Sunday, September 28 at 7:30 p.m. Door prizes and special prizes will be awarded. Refreshments will be served.

All kinds of cards will be played. Make up your table of four or more and come. The committee in charge is Marie Benz and Peggy Paul, and co-chairmen, C.C. Benz.

Money obtained from these parties will go toward equipping the new shuffleboard courts now being built.

****

Contractors need one for championship

Florida Contractors, after winning both their games last week, have only one more game to go to capture the championship of the Port St. Lucie Softball League.

The results of last week's action, Tuesday night the Florida Contractors defeated Ft. Pierce Automotive; Wednesday, Fla. Contractors defeated Economy Chemical; and Thursday, Economy Chemical edged out Ft. Pierce Automotive.

The last two games of league action took place last week when Ft. Pierce Automotive met Fla. Contractors and Thursday night's game will see Economy Chemical and Ft. Pierce Automotive.

League standings as of this writing are: Florida Contractors, 9 wins, 2 losses; The Jensen Beach Motor, 7 wins, 3 losses; Economy Chemical, 4 wins, 7 losses; Ft. Pierce Automotive, 0 wins, 10 losses.

LITTLE LEAGUE OFFICERS- Newly elected officers for the coming Little League season are pictured above. Left to right they are Harold Jonas, treasurer; Clarence Rydell, president; Jean Patrone, secretary, and Darrell Bright, vice-president.

PSL SOFTBALL- The fourth team in the Port St. Lucie Softball League is the Economy Chemical Company. Front row, above, are Carl Cayson, Billy Hicks, Claud Herr and Ken Johnson; back row, John Weathers, Frank Morrison, Norman Bagwell, Melvin Dennison and Bill Crooks.

Homeowners disagree with County Commission

President Joe Keating and Director Don White of the Port St. Lucie-River Park Homeowners Association attended the meeting of the Board of County Commissioners in St. Lucie County which denied funding of the Regional Planning Council. After the meeting, both were present at the public hearing at this action which President Keating stated, "was an irreparable harm to our area and to the county at large."

He further stated that the Homeowners Assoc., advised from the beginning the maintenance of the RPC and fully supported the position and arguments advanced not only by the representatives of the City of Port St. Lucie, but of many others as well.

Oil painting classes open to everyone

The Oil Painting Instructions for this year will start Thursday, October 2 from 9 a.m. to 12 p.m. These classes will be sponsored by the Port St. Lucie Recreation Department and the Adult Education Division of Indian River Jr. College. There will be no advanced registration necessary, all those interested will register on October 2nd at the Port St. Lucie Marina. There will be no fee for the instruction.

Instructor for this year will be Mrs. Madeline Rehetaer, who is currently conducting classes at the Elliott Museum at Stuart Beach.

Mrs. Rehetaer came here from Deerpark, Long Island, where she studied under Frances Avery at Adelphi University in Garden City, Long Island. She has been painting for about 20 years, 10 of which professionally.

Mrs. Rehetaer has many ribbons and awards from shows she has participated in. She has taught several courses in the past, including private lessons.

She is presently a member of the Martin County Art Associates and also the Ft. Pierce Art Club.

DEMONSTRATION- There is a knack to folding cancer bandages and Mrs. Mann of the Fort Pierce Chapter of American Red Cross demonstrates the right way. Her audience was members of the Port St. Lucie Homemakers Club. Classes are held each Tuesday morning at the Marina.

Flotilla 55 has guests

U.S. Coast Guard Auxiliary Flotilla #55 met at the Marina Thursday, September 18 at 7:30 p.m.

There were three guests present: Officers of Flotilla 55, all of Riveria Beach; Ervin R. Snyder, Division Officer, C.M.E.; Mr. Dobbins, Past Commander 51; and Alex Oppegard, Staff Officer of 51.

Snyder spoke on various subjects of great interest; Dobbins and Oppegard also delivered messages.

After adjournment a movie was shown, titled, "New York." Refreshments were served.

The P.E. class, being presented by the Flotilla is coming along fine, finishing its second week on Friday evening, September 19. As of that time there were 18 listed to the group.

Remember, always leave a float plan with a friend or relative before you depart on a boating outing, which includes the following information: Where you intend to cruise; description of your boat; how much silage you have available; list of people accompanying you; estimated time of return; alternate plans in case of bad weather or an emergency.

Chicago visitors

The Friday Nite Gang, about 85 strong, had a most enjoyable evening of bingo on Friday night.

The visitors were all from Chicago, Ill. They were Ann Friedl and Mr. & Mrs. Earl Arendt, visiting the Joe Kralls. The gang welcomed back Mrs. Natalie Delble, back from a visit to South America, where her husband is now employed and also Mrs. Katherine Becker back from a visit to the north.

A special "Heavy Quartette" sang the birthday song to Mrs. Elizabeth Risner on her 79th birthday, and the anniversary song to Marie and Cedric Benz on their sixth wedding anniversary.

The main winner of a corn beef and cabbage dinner was Mrs. Helen Marius of Tranquille Ave.

The Friday Nite Gang held its first seasonal card party at the Marina on Thursday the 18th at 1:30 p.m. Ten tables of various card games enjoyed a very pleasant afternoon. Home-made cake with coffee was served prior to the start of the games.

Joe Haines won the first door prize and other winners in order were: Terry Lamden, Katherine Zeitler and Lillian Smith. Home-made cakes were won by Mary Durkovic, Marie Earnahaw, Elsie White, and Frances Kalbach.

Money derived from this and other parties staged by the Friday Nite Gang go into a fund to cover any deficit incurred at the New Year's Eve Party given by the club.

The Friday Nite Gang held its first seasonal card party at the Marina on Thursday the 18th at 1:30 p.m. Ten tables of various card games enjoyed a very pleasant afternoon. Home-made cake with coffee was served prior to the start of the games.

Joe Haines won the first door prize and other winners in order were: Terry Lunden, Katherine Zeidler and Lillian Smith. Home-made cakes were won by Mary Durkovic, Marie Earnshaw, Elsie White, and Frances Kalbach.

Money derived from this and other parties staged by the Friday Nite Gang go into a fund to cover any deficit incurred at the New Year's Eve Party given by the club.

****

DEMONSTRATION- There is a knack to folding cancer bandages and Mrs. Mann of the Fort Pierce Chapter of American Red Cross demonstrates the right way. Her audience was members of the Port St. Lucie Homemakers Club. Classes are held each Tuesday morning at the Marina.

Contractors need one for championship

Florida Contractors, after winning both their games last week, have only one more game to go to capture the championship of the Port St. Lucie Softball League.

The results of last week's action, Tuesday night the Florida Contractors defeated Ft. Pierce Automotive; Wednesday, Fla. Contractors defeated Economy Chemical; and Thursday, Economy Chemical edged out Ft. Pierce Automotive.

The last two games of league action took place last week when Ft. Pierce Automotive met Fla. Contractors and Thursday night's game will see Economy Chemical and Ft. Pierce Automotive.

League standings as of this writing are: Florida Contractors, 9 wins, 2 losses; The Jensen Beach Mirror, 9 wins, 3 losses; Economy Chemical, 4 wins, 7 losses; Ft. Pierce Automotive, 0 wins, 10 losses.

LITTLE LEAGUE OFFICERS- Newly elected officers for the coming Little League [illegible] are pictured above. Left to right they are Harold Jones, treasurer; Clarence Rydell, president; Jean Petrone, secretary, and Durrell Bright, vice-president.

PSL SOFTBALL- The fourth team in the Port St. Lucie Softball League is the Economy Chemical Company. Front row, above, are Carl Clayson, Billy Hicks, Claude Herz and Kee Johnson; back row, John Weathers, Frank Morrison, Norman Bagwell, Melvin Dameron and Bill Crooks.

Homeowners disagree with County Commission

President Joe Keating and Director Don White of the Port St. Lucie-River Park Homeowners Association attended the meeting of the Board of County Commissioners for St. Lucie County, which defined building of the Regional Planning Council. After the meeting, both expressed deep disappointment at this action which President Keating stated, "will do irreparable harm to our area and to the county at large."

He further noted that the Homeowners Assoc. abstained from the beginning the maintenance of the RPC and fully supported their position and arguments advanced, not only by the representation of the City of Port St. Lucie, but of many others as well.

Fishing report

Here are local catches for last week as reported by Johnny Crawford, of the Snook Nook, Jensen Beach:

Ed Wagner, 4 trout; Bill Boyce, 4 trout off the Jensen Bridge; Ron Elliott, 2 snook, 4 trout; Mrs. Last, 1 channel bass, 1 drum, 1 snapper, several bottom fish; Martha Moore and Dack White, 35 trout on bait shrimp; Mrs. Frank King, Bolton, 3 snook, 3 croakers, 3 snappers; Wilbur Smith, 10 blues, 8 whiting; Greg Lyates, 1 snook; Harry Wilson, 5 lb. pickerel in the swamps.

There are lots of bottom fish to be caught off the bridges; there is tarpon and snook in the surf, however the surf is very rough and dirty.

Also caught last week was: Evelyn Burnett, 3 trout; Joe Affleberg, 3 drum, 110 lbs.; Andy McGillicutty, 2 snook; Ed Wagner, 3 trout, wading; Narmie Test, 14 bottom fish; Willard Grubb, 1 trout; Kilmore Witkins, 26 blues; Willie Franklin, 18 blues in the surf; Ron Elliott, 1 snook, 1 trout; Dots Prantiss, 2 trout; Rupert Brown, 8 whiting, 2 trout; Dick White, 14 trout on live bait off the bait bridge in Jensen; Hi Evans, 3 pompano, 1 blue; Andy Pilgrim, 118 lb. snook plugging off the Jensen Bridge; Art Ryan, 6 blues; Russ Bolton, 7 snook, all released, 4 croakers, 1 tarpon, 2 lady fish; Howard Byers, 110 lb. triple-tail, 3 trout; Andy Demidovitch, 1 trout; Harrol Hecht, 22 blues; John Allen, 25 lb. drum, 7 sheepshead, in the St. Lucie; D. Gale 4 pompano; George Bonzone, 8 jack; Blaine Bonzone, 5 drum on live shrimp; Evelyn Hertzog, 3 blues; and Mr. & Mrs. Warren Kendall, 27 blues, 25 whiting, 1 pompano, 2 snapper.

***

***

Fort Pierce Power Squadron will meet for dinner at Holiday Inn, Stuart, Wednesday (today) at 6 p.m.

***

OBITUARIES

MARTIN VICTOR ZORKO

Martin Victor Zorko, 77, of 523 Seaview Ave., Jensen Beach, died in Martin Memorial Hospital Sunday, Sept. 21.

He is survived by three sisters, all of Ohio.

Zorko was born in Austria and came to the United States as a young man. Formerly of Cleveland, Ohio, he had lived here for many years.

He was a veteran of World War I, a member of Jensen Beach Post, American Legion, and a member of St. Joseph's Church of Stuart.

Requiem mass was said in St. Joseph's Church Tuesday at 9:30 a.m.

Burial was in Knollwood Memorial Mausoleum, Cleveland, Ohio.

FRANK W. KROUPA

Frank William Kroupa, 74, of Sandy Arre Ohio., Jensen Beach, died Sept. 12 at Martin Memorial Hospital. He was a native of New York, coming to Jensen Beach 26 years ago from Peekskill, N.Y. He was a veteran of WWI and a member of Jensen Beach American Legion Post #126.

He is survived by his wife, Rose Montgomery Kroupa.

Funeral services were at the graveside in All Saints' Cemetery on Thursday with the Rev. Willard Lynn officiating.

ROBERT F. SMACK

Robert Leland Smack, 73, S. Kanapaha Drive, Orchid Breeze Park, Jensen Beach, died Sept. 15 at Martin Memorial Hospital. He was a resident here for 18 months, coming from Bloomfield, N.J.

He was a veteran of WWII.

He is survived by his wife, Nellie, two daughters, two sisters and four grandchildren.

Funeral services and burial were in Arlington, N.J.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1969

NOTICE OF SPECIAL ELECTION

WHEREAS, The Legislature of 1969, under the Constitution of 1885, as amended, of the State of Florida did pass a Joint Resolution proposing an amendment to the Constitution of the State of Florida, and it was agreed to by a vote of three fourths vote of all the Members elected to each house of the Legislature, and votes of said Joint Resolution was entered upon their respective journals, with the yeas and nays taken, and the vote determine and direct that the said Joint Resolution proposing an amendment to the Constitution of the State of Florida, viz:

NO. 1

HOUSE JOINT RESOLUTION NO. 1881

A JOINT RESOLUTION proposing an amendment to Section 9 of Article XII of the State Constitution to delete the prohibition against the issuance of revenue bonds or tax anticipation certificates under the authority of Section 16(c) of Article XII of the Constitution of 1885, as amended.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 9 of Article XII is agreed to and shall be submitted to the electors of the state for ratification or rejection at a special election to be held in November, 1969.

SECTION 9. Bonds.-

(a) ADDITIONAL SECURITIES. No additional revenue bonds shall be issued pursuant to Article IX Section 17, of the Constitution of 1885, as amended. Article XII, Section 16 of the Constitution of 1885, as amended, as it existed immediately before this revision becomes effective, is adopted by this reference as a part of this revision and is hereby designated as incorporated herein verbatim, except bonds or tax anticipation certificates hereafter issued thereunder may bear interest not in excess of five per cent (5%) per annum or such higher interest rate as may be authorized by statute passed by a three-fifths (3/5) vote of each house of the legislature. No revenue bonds or tax anticipation certificates shall be issued pursuant thereto after June 30, 1975.

(b) REFUNDING BONDS. Revenue bonds to finance the cost of state capital projects issued pursuant to the date this revision becomes effective, including projects of the Florida state turnpike authority or its successor authority, but excluding all portions of the state highway system, may be refunded as provided by law without vote of the electors at a lower net average interest cost rate by the issuance of bonds maturing not later than the obligations refunded, secured by the same revenues only.

(c) MOTOR VEHICLE FUEL TAXES

(1) A state tax, designated "second gas tax," of two cents (2¢) per gallon is levied upon gasoline and other like products of petroleum and so equivalent tax upon other sources of motor energy used to propel motor vehicles as levied by Article IX, Section 16, of the Constitution of 1885, as amended, is hereby continued for a period of forty (40) consecutive years. The proceeds of said tax shall be placed monthly in the state trade distribution fund in the state treasury.

(2) Article IX Section 16, of the Constitution of 1885, as amended, is adopted by this reference as a part of this revision as completely as though incorporated herein verbatim for the purpose of providing that after the effective date of this revision the proceeds of the "second gas tax" as referred to therein shall be allocated among the several counties in accordance with the formula stated therein to the extent necessary to comply with all obligations to or for the benefit of holders of bonds, revenue certificates and tax anticipation certificates or any refundings thereof secured by any portion of the "second gas tax."

(3) No funds anticipated to be allocated under the formula stated in Article IX, Section 16, of the Constitution of 1885, as amended, shall be pledged as security for any obligation hereafter issued or entered into, except that any outstanding obligations previously issued pledging revenues allocated under said Article IX, Section 16, may be refunded at a lower net average interest cost rate by the issuance of refunding bonds, maturing not later than the obligations refunded, secured by the same revenues and any other security authorized in paragraph (b) of this subsection.

(4) Subject to the requirements of paragraph (3) of this subsection and after payment of administrative expenses, the "second gas tax" shall be allocated to the account of each of the several counties in amounts to be determined as follows: There shall be an initial allocation of one-fourth (1/4) to the ratio of county area to state area, one-fourth (1/4) to the ratio of the total county population to the total population of the state in accordance with the latest available official census, and one-half (1/2) is the ratio of the total "second gas tax" collected on retail sales or use in each county to the total collected in all counties of the state during the previous fiscal year. If the annual debt service requirements of any obligations issued for any county, including any deficiencies for prior years, secured under paragraph (3) of this subsection, exceeds the amount which would be allocated to that county under the basis set out in this paragraph, the amounts allocated to other counties shall be reduced proportionately.

(5) Funds allocated under paragraphs (2) and (4) of this subsection shall be administered by the state board of administration created by said Article IX, Section 16, of the Constitution of 1885, as amended, and which is continued as a body corporate for the life of this subsection 6(c). The board shall remit the proceeds of the "second gas tax" in such county amounts due to it under and as follows: eighty percent (80%) to the state agency supervising the state road system and supervising and regulating the governing body of the county. The percentage allocated to the county may be increased by general law. The proceeds of the "second gas tax" subject to allocation in the several counties under this paragraph (5) shall be used first, for the payment of all debt service pledging revenues allocated pursuant to Article IX, Section 16 of the Constitution of 1885, as amended, and any refundings thereof; second, for the payment of debt service on bonds issued as provided by this paragraph (3) to finance the construction, reconstruction or acquisition of roads as defined by law; and third, for the acquisition and construction of roads. When authorized by law, state bonds pledging the full faith and credit of the state may be issued to anticipate the funds to pay fiscal obligations secured by any portion of the "second gas tax" allocated to a county under Article IX, Section 16, of the Constitution of 1885, as amended; (ii) to finance the acquisition and construction of roads in a county when approved by the governing body of the county and the state agency supervising the state road system; and (iii) for the payment of debt service secured by any portion of the "second gas tax" allocation under paragraph 6(c)4(i). No such bonds shall be issued unless a state fiscal agency estimate shall have made a determination that in no state fiscal year will the debt service requirements of the bonds and all other bonds secured by the pledged portion of the "second gas tax" allocated to the county exceed seventy-five percent (75%) of the pledged portion of the "second gas tax" allocated to that county for the preceding state fiscal year, or the pledged net tolls from existing facilities collected in the preceding state fiscal year, and of the annual average net tolls anticipated during the first (5) years of operation of new projects, to be financed. Bonds issued pursuant to this subsection shall be payable primarily from the pledged tolls and portions of the "second gas tax" allocated to that county.

(d) SCHOOL BONDS. Article XII, Section 16, of the Constitution of 1885 as amended, as it existed immediately before this revision becomes effective is adopted by this reference as part of this revision as completely as though incorporated herein verbatim, except bonds or tax anticipation certificates hereafter issued thereunder may bear interest not in excess of five per cent (5%) per annum or such higher interest as may be authorized by statute passed by a three-fifths (3/5) vote of each house of the legislature. No revenue bonds or tax anticipation certificates shall be issued pursuant thereto after June 30, 1975.

(e) DEBT LIMITATION. Bonds issued pursuant to this Section 9 of Article XII which are payable primarily from revenues pledged pursuant to this section shall not be included in applying the limitation upon the amount of state bonds contained in Section 11, Article VII, of this revision.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Florida at Tallahassee, the Capital, this the 27 day of August, A.D., 1969.

Hospital Aux. to meet Mon.

The first meeting of the season for all members of Martin Memorial Hospital Auxiliary will be Monday, Oct. 6, at 1:30 p.m. The group will meet at First National Bank Building with president Mrs. Walter Bauman presiding.

Active members are asked to attend, and associate members are always welcome, Mrs. Bauman said.

The Thrift Shop, 510 Colorado Ave., Stuart, is open every day except Monday when the pricing committee is at work.

Hallenwagen introduces an old labor saving device.

VWW1 to hold first meeting Friday

The first meeting of the season of VWWI Martin County Barracks #654 and its Auxiliary will be Friday, Oct. 3, at 8 p.m. Starters will meet at Jensen Beach Community Church. Buddies at Jensen Beach Community Center. Members are reminded that dues are payable as of Oct. 1.

A rummage sale, sponsored by the Auxiliary, will be Monday, Oct. 6, starting at 9 a.m. at the Community Center. Donations of rummage may be made at Friday's meeting or call Laura Boyd, chairman, 287-0934 for pickup.

The Auxiliary has sent four large boxes to the 40 man Squadron in Vietnam adopted by the Auxiliary two years ago. Two of the boxes filled with homemade cookies, nuts, candies and other goodies, have been received. The Auxiliary has allotted $25 each month toward this project.

Local members attending the 2nd District meeting in West Palm Beach recently were Helen Ferguson, Exenor Diffendal, Julia Clark, all officers of the 2nd District, and members Mr. and Mrs. John Wendel, Al Ferguson, Henrietta Horton and Hazel Houghton.

Tigers tie Pahokee

Martin County's only score in Friday night's Pahokee game came when Don Theobold fell on a fumbled ball behind the goal line.

Matching the Tigers' six points was Leopold Sterling, halfback for the Blue Devils, who ran four yards for a touchdown in the third quarter.

Pahokee, defending champion of the Western Division of the Suncoast Conference, was favored to win the game, first of the season to be held on the home field.

The Tigers will face Cocoa Beach in an away game Friday, Oct. 3.

Thrift Shop opens Thursday

The Thrift Shop on Commercial St., Jensen Beach, will open for business on Thursday. The shop is sponsored by the Jensen Beach Community Church.

Hours are 9 a.m. to 4 p.m., according to Mrs. Stirling Chambers, chairman. During the month of October, the shop will be open Thursdays, Fridays and Saturdays. Donations are needed and will be picked up if information is left at the Thrift Shop.

Crawfords return from vacation

Mr. and Mrs. Johnny Crawford of the Shook Nook in Jensen Beach have returned from vacation. They spent three weeks visiting friends and relatives in New Jersey, Pennsylvania and New York.

Mrs. Crawford's parents, Mr. and Mrs. Benjamin McCabe, of Jensen Beach, returned with them.

Captain Harper back from Vietnam

Capt. Timothy Harper of Jensen Beach has returned from duty in Vietnam. He recently spent a 30-day leave here visiting family and friends.

Capt. Harper is now stationed in Texas. His address is: Co. A, 4th Bat., 46th Inf. Mech., Fort Hood, Texas.

HELEN'S
Tips for Men

You know, men, just because your wife likes to shop for fashions here at HELEN'S, there is no reason for you to feel left out!

We have lots of things for YOU to look at, too!

Such as a new shipment of men's SPORT SHIRTS and DRESS SHIRTS, and lots of men's SLACKS, HATS, BELTS, UNDERWEAR, T-SHIRTS, SWEATERS, and WALKING SHORTS.

So, men, the next time your wife says she's going shopping at HELEN'S don't just sit home and grumble. Come in with her, and do some shopping for yourself.

You may be missing something!!

Sewall's Point to Discuss budget

The budget for the Town of Sewall's Point is posted on the bulletin board in front of Town Hall, according to Mayor Bob Smith.

The budget will be discussed and accepted at the meeting to be held Oct. 8 at 4:30 p.m.

Legion bingo begins Thursday

The first Bingo game of the season, sponsored by the Jensen Beach American Legion Auxiliary #126, will get under way Thursday, Oct. 2, at 8 p.m.

Bingo will continue every Thursday night during the season at Legion headquarters, Savanna Rd., Jensen Beach. The public is invited.

Lions plan 15th anniversary

October 1 is the date set for the observance of the 15th anniversary of the Jensen Beach Lions Club.

A meeting will be held at 7:30 p.m. at the Jensen Beach Women's Association club house.

THANK YOU

On behalf of Jerry Rector we would like to thank each and every one of you for your prayers, cards, letters, phone calls and each act of kindness shown while Jerry was in Good Samaritan Hospital as a result of his recent automobile accident. May God bless each and every one of you.

Hokes vacation in New England

Ruth and Gene Hokes returned Sept. 20, from a three week vacation spent in the New England states. Leaving here Sept. 1, they spent the following Wednesday with Cathie and the twins, whom Gene says are doing fine. They arrived at the home of Ruth's brother and sister-in-law in Palmer, Mass., on Friday and stayed with them till Tuesday morning, when they went on to Booth Harbor, Maine, the most northerly point of the hurricane watch. It rained occasionally, Gene said, from early morning till 8 p.m.

In Camden, Maine, they boarded a lobster boat and saw how the traps were baited, and where they were set. They were surprised to learn that one pound per trap is considered an average catch.

From Camden they took a back road to Lincolnville, Maine, where they visited an antique shop. They were both impressed with the quantity and quality of the antiques and brought some home with them. The owner of the shop asked if they were interested in old homes, and when he found they were, he took them to see his, which was built in 1740, and contained beautiful antique furniture, glass and a collection of old clocks. All very interesting, as was the fact their host and guide was a Mr. Jensen.

They only traveled 68 miles that day. Getting accommodation for the night, they decided to go to the Lobster Pound for supper, when to their surprises they were greeted by Elaine and Ralph Snow, who inquired, "What are you doing here?" The Snows are former winter visitors of Melaleuca Drive.

Returning from Bar Harbour, Maine, to Palmer, Mass., they spent two days in the Cadillac Mountains, which Gene said was the most beautiful scenery he had ever seen.

They arrived back in Palmer again on a Friday and spent the week end with Ruth's brother and his wife.

They left the following Tuesday morning and drove as far north as Burlington, Vt., where they crossed Lake Champlain into New York State on the first leg of their trip home.

Gene described their vacation as the most interesting and relaxing he had ever experienced, he said it was so good to be able to take time to enjoy the things they found interesting.

Pauline Hardgrove left for her home in Columbus, Ohio on Friday after spending ten days with her friend, Freda Peterkin on S.W. 8th Ave.

LOVELY HOME--This attractive mobile home and cabana is home to Mrs. Alice Miller. The Bird of Paradise plant in the foreground was planted by Bob Nimer at least two years ago. At present it has 11 of its characteristic gold, red, and blue blossoms and several buds about to burst.

Personals

Mr. & Mrs. Ty Tyree had friends, Mr. & Mrs. Don Banks, spend two days and nights with them last week. While they were here Ty took Don fishing. They had fun but didn't disturb the fish too much.

****

Nellie Smack returned to her home on Kumquat Drive Sept. 24, from Arlington, N.J. Her neighbors, Fred and Ann Schmidt picked her up at the W.P.B. airport and brought her home.

****

Ronald Cumpsty arrived Tuesday, Sept. 23. His wife and daughter, Catherine and Rhonda, have been here some time, but Ronald stayed to finish up several painting jobs he had promised, and said has been working at the painting trade for 45 years and his summer address is still the same, Orchard St., Mawinana, N.Y. Ronald and Catherine have been married 23 years. His trip down was uneventful except he ran into very heavy rain at Titusville, which lasted until he reached Melbourne. The rain was so heavy at times the windshield wipers could not handle it.

****

Mr. & Mrs. Charles Temple of Hibiscus St., tell us they will be down by October 15. Their granddaughter is getting married in Miami October 25th and they will be attending the wedding.

****

Joe and Ruby Robinson are back home on Bay Drive after spending the summer at Indianapolis. They have been renting an apartment each year for the past four years, and this year, were fortunate in getting the same one they used last year.

Just as they were about to leave for Florida, they received word that Ruby's mother had passed away, so they made a slight detour of 1,500 miles in Oklahoma to attend the funeral. Her mother reached the ripe old age of 96 and had enjoyed good health until just recently.

****

A couple of relatives and friends of Mrs. Gertrude McKay surprised her on the occasion of her 90th birthday in Dorchester, Mass.

She is a sister to Bea Barrett and Mellie Butterfield. She received many cards from her friends in Ocean Breeze, and would like to thank them for their thoughtfulness. She was especially pleased when she received a long distance phone call from Rev. Neil Gustafson of Trinity United Methodist Church in Jessen to give her his congratulations. Gertrude and Mellie expect to be back in Ocean Breeze Oct. 6th.

****

Mrs. Nellie Smack accompanied by her sister, Violet Wing, arrived back in Ocean Breeze Sept. 24, following their flight from Arlington, N.J. While there they attended the funeral of Mrs. Smack's husband, Bob, late of Ocean Breeze Park.

****

Mr. & Mrs. Walter Rhoades returned to their home in Port Jervis, N.Y., on Sept. 26, after attending the funeral of Walter's brother, Clarence Rhoades, Sept. 24.

****

Pleased to say that our two ladies who have been confined to the Martin Memorial Hospital for a week, are both feeling much better. They are Dorcas Peet and Cecile Harlow. We hope to see you both home soon.

****

Ruth Wren, who always has a cute way of telling a story, gave this account of her trip to Michigan, and Ontario, Canada.

Ruby says "I think they were trying to tell me something while was away this summer. While traveling from Detroit to Muskegon by the plane, a lady went berserk, then upon my arrival, and while visiting a friend, the house next door caught on fire. I was just all pepped up to see the landing of the astronauts from Apollo 11, when the power went off, and the T.V. screen turned black.

"I thought perhaps when I left the Detroit area, things would be better, but when I moved on to Sparta, Mich., they had tornadoes there, so I gave up, and just enjoyed visiting my friends and family. I took one very interesting side trip, though, to the dry Niagra Falls, and must say it is more of an attraction dry then when it was in its natural state. There were such crowds of visitors, far more than usual."

****

It is good to see Nancy Roulier back in her home on 5th after her summer in the north. Nancy returned Sept. 25 and gives this account of her summer: "I spent most of my summer at the home of my daughter and son-in-law, and their three children, in Adrian, Mich. I spent two weeks in the hospital for eye surgery, which required me to take it easy for some time following the operation.

"I am very pleased with the success of the surgery on my eyes, and now since being fitted with glasses, I have better vision than at any time in my entire life. Everything looks so bright,

****

Accompanying Ed and Martha Sheehy back in Ocean Breeze Sept. 26 were two brothers of Ed's, Earl and Orvis Sheehy from Menasha, Wisc. Both men are recently retired, and came here to look around and buy a trailer. They preferred being in the same area as Ed, so imagine their delight to find the Rakes trailer on the corner of Oak and Sixth had been listed for sale that morning.

The Sheehy brothers arrived in O.B. at 1:30 p.m. and when we were down that way at 5:45 p.m., they were already settling in. Where else but in O.B. Park do things happen so quickly? I also heard that the lady square dancers already have plans for these new comers.

****

Art and Doris Lewis returned to their home on Arborvitae Sept. 27. They spent the summer months at Hendersonville, N.C., where they have a trailer not far from Larry and Jean Fisher. Art says he played quite a lot of shuffleboard and advanced the information that the city is putting in more courts to make a total of 27. Next summer the national shuffleboard meet will be there.

The Lewises drove up to Elmira, N.Y., for two weeks, and while there called on Ann Holmes. Art says the weather was getting quite cool before they left. The days were nice but the nights were quite cool. One night it reached a low of 40 degrees.

****

Adolph Numendahl, who left here by car last May, returned home Sept. 25. He reports having spent a summer visiting, first with his brother and sister in Calmar and Decorah, Iowa. He remarked on the excessive rainfall in that part of Iowa, and said the roads in Cedar Falls and Waterloo, Iowa, were flooded. Traveling to Detroit, Mich., Adolph visited with his son and family before returning here. He says he feels very well, but that it is nice to be back.

****

Dorothy and Bob Harrell arrived back Sept. 26. The Harretts had been away since last February when they left here to visit with friends in Arizona, and relatives in Los Angeles, and San Francisco, Calif., also in the states of Oregon, and Washington. Really returning to Wisconsin and their summer home at Webb Lake.

For a few years they have thought about selling out in Wisc., so when a buyer came this summer, they decided now was the time, and after the deal was completed they went to St. Paul, Minn., where they had lived and raised their family in years past, and rented an apartment there till it was time to return to O.B.

Enroute to Florida, they spent a week in Hendersonville, N.C., where they spent a lot of time looking around for a spot to locate in the summers, and finally decided on the Hendersonville Trailer Park, where their friends, Larry and Jean Fisher spend their summers, and have a lot reserved there for next season.

On the way south they stopped with Aaron and Cile Deal in S.C. The Deals have many friends in Ocean Breeze from the winters they spent here, and will be glad to know they are reasonably well, and that Aaron's sight is much improved since surgery. After so much traveling and work, Dorothy's comment was "I'm happy just to be back in my own bed."

****

In a card received by Mary Adrian from Erma Krueger, Erma asked that she say hello to all her friends. Erma's new address is, Room 385, 1644 West Glendale, Phoenix, Ariz., 85021.

****

Gertrude Martin had the misfortune to trip over a light cord on Tuesday, Sept. 23, fracturing an arm and causing a large swelling on her forehead. Her friend and neighbor, Avis Holcraft, drove her to Martin Memorial Hospital where she was admitted and after receiving treatment, was discharged on Sept. 27. At which time Avis drove in to bring her home.

****

Miss Holcraft and her sister Mrs. Haley had a surprise visit from their cousin and his wife, Mr. & Mrs. Conrad of Lafayette, Ind. The visitors stayed in a motel while here. They were on vacation and had toured the Ozarks, Smokies, been to the Cape, and Silver Springs before coming here, and were going to Lake Placid enroute to their home.

****

Mr. & Mrs. Kirk Stimson of Crestwaven Villas in West Palm visited a number of their old friends on Sept. 24. Both looked very well, and say they have enjoyed the summer.

****

Mrs. Carole Chapman received a letter from Mrs. Fred Baker, saying that Fred is ill and in the Sherman Hospital in Elgin, Ill., 60120, Room 281. Gladys hopes he will recover sufficiently to start for their home in Ocean Breeze in three weeks. Gladys is staying with Fred's son Jerry and his family while Fred is hospitalized. Your friends here wish you a speedy recovery, Fred.

****

Mr. & Mrs. Irvin Keith left Friday, Sept. 26, for Cocoa Beach, where they spent the week end with their friends, the Sheehys. Irvin said the invitation really tempted him when they said, no meals to make, no dishes to wash, and you can sit on our dock and make believe you're fishing. Although you may not get anything much, you can rest, and relax. Irvin, as their friends know, has had a busy time since Lois broke her leg some weeks ago. Lois is much better, and is getting around some now.

****

Mrs. Dorothy Priest and her daughter, Elizabeth, Mrs. Raymond Hiller, arrived here Sept. 22 from Jaffrey, N.H. Dorothy and her late husband owned a home, but since his passing last year, Dorothy felt she would like to make Ocean Breeze her permanent home. To help her mother with disposing of her property and household effects, Elizabeth traveled to Jaffrey from her home in Sacramento, Calif., and after the home was sold, Elizabeth drove down with her mother. The ladies were planning to fly from Miami on Sept. 29, for Sacramento, where Dorothy will visit with her daughter and son-in-law till after the Christmas holidays, then she will return here to her trailer. The ladies did not open the trailer up while here, but stayed in a motel.

****

Miss Smith is showing improvement since his hospitalization. He demonstrated he was able to walk a few steps unaided, but he admits his legs are a bit rubbery.

****

Mr. & Mrs. George Dell arrived Sept. 14. After a summer in Cincinatee, Mrs. Dell finds Florida pretty hot, and is counting the days till their air conditioner is installed. The Dells have sort of duplex home which they share with their friends, Mr. & Mrs. Bill Murray. George says they find it a very satisfactory arrangement. They have a lot of relatives around Cincinatee so they found the summer passed pleasantly and quickly. Due to a wet summer, the crops are very good.

****

Cliff and Gladys Ogle have for years this week arrept so was they are enjoying their new color television set.

****

Joe and Muriel Kritz are back after spending the summer at Brantford, N.H., where they have a summer home. Beside a lake with a mountain all around, it's pretty nice! Joe was already away playing golf when we called but we are glad to see him for he is one of our valuable ambulance drivers.

****

According to Marshall Neisen, the Tony Muldoons are doing a lot of traveling this summer. Their last letter was from Las Vegas in which Mrs. Muldoon mentions getting the very square dance dress she wanted in New Mexico.

****

Vinnie Scandurio returned Sept. 29 after spending a week in Greenfield, Mass. Her daughter and son-in-law, Jane and Micheal Alamoyura were having their 25th wedding anniversary celebration. Vinnie's arrival was a pleasant surprise to the 43 guests assembled. During her stay a corn roast was arranged and another good crowd of 61 attended that event. So all in all, Vinnie met a lot of people and had a very enjoyable week.

It was in celebration of their 42nd wedding anniversary that Mr. & Mrs. Barnett Engleman of 104 Naranja Ave., decided to take a cruise to the Bahamas. Word got around about their forthcoming trip, and they were joined by Mrs. Jeanne Carusi and Mr. Fred Hildebrand, who started out as a foursome. Mrs. Engleman says that they had a most wonderful trip, good weather, good food and enjoyed most visiting with the other 500 passengers, from all parts of the world. They visited Nassau, took a trip to Paradise Beach, did some shopping in the town of Nassau, and are now safely back in Port St. Lucie where they can now get some rest and relaxation.

****

Veterans of World War I staged their opening season's Bunko Party at the Marina on Thursday evening with eleven tables playing.

The door prize was won by Eleanor Burns. First place was won by Irene Malone with 16 games won out of 19 played. Second and third prizes were won by Heidi Specht and Ann Boman, each with 14 games and fourth place was won by Alice Shoppiger with 13 games won.

The booby prize with five wins was won by Louise Wagner.

During the rest of the fall, winter and spring months, Bunko will be played monthly on the fourth Tuesday. Everyone in the community is invited. Refreshments are served.

POST RENAMED- Port St. Lucie Post 10130 was renamed the "Andy Matton Post" at ceremonies held recently. Pictured above are members of Andy's immediate family: Michelle Mattor, Maxine Matton, Ellen Matton, Edmond Matton, Carol Letourneau, Mrs. Mary Matton and Phillip Matton.

PRESENTATION- Commander Russell Conser presents a citation to Phillip Matton. Left to right are: Conser, Edmond Matton, Maxine Matton, Mrs. Mary Matton and Phillip Matton.

VFW post name honors Andy Matton

The North Port St. Lucie Marina was the scene of the official renaming of Port St. Lucie Post 10130.

In special ceremonies, attended by over 50 officers, guests, friends, and immediate family, the post was officially named the "Andre J. 'Andy' Matton" Post 10130.

Commander Conser read the citation awarded this young hero, relating some of the circumstances of his heroic behavior, and earning the right to have a V.F.W. Post named after him.

Commander Conser said in his remarks that the Post feels indebted to the Matton family for allowing them the honor of naming the post in their son's honor. In his closing remarks, Conser chose to point out that Private Matton, "Andy" served, not only his family, his country and his God, but also unknown to him at the time, this Post.

This is a reminder to all men who have signed up to bowl in the Monday morning Men's Get-Together League that league bowling starts this coming Monday at the Ft. Pierce Lanes at 9:30.

****

The Friday Nite Gang held its regular weekly session last Friday with a full house.

One visitor was present, Leon Rochidea, a student at the Florida Air Academy, Melbourne, Fla.

First timers included: Barbara Clark of Reading, Mass., a new resident of P.S.L.; and Mr. & Mrs. Wade Sanders, formerly of West Haven, Conn., now residents living on Sandia Drive.

A female Quartette, bolstered by the voice of John Tuck, sang the Birthday Song to Gussie Huck, age 89 and Alma Hanley and Grace Hayes, each age 39.

The contest for the main prize, a 3 1/2 lb. beef roast, ended in a tie between Mary Duskovic and Al Bailey. On the draw, Mary won.

U BOUND--Mr. and Mrs. Barnett Engleman of 104 Naranja Avenue, Port St. Lucie, tured above with Jennie Cerussi and Fred Hilderbrand aboard the S.S. New Bahama ast prior to a Nassau cruise from Miami. They are shown outside the Star Lounge ing the ship's pool and sun deck.

Florida Contractors capture championship

Florida Contractors Supply captured the Port St. Lucie Softball League Championship Tuesday night by defeating Ft. Pierce Automotive. The Florida Contractors already ahead in the loss column, had merely to win their last day to take the championship, doing so by a score of 4 to 1.

This win put them one game ahead of The Jensen Beach Mirror team, which of course, was hoping for a loss, which would then have tied up the league.

Winding up in third place is the Economy Chemical Company team, with Ft. Pierce Automotive finishing fourth.

The sponsors of the first and second place teams will be presented with trophies at a later date.

Final league standings: Fla. Contractors, 10 wins, 2 losses; The Jensen Beach Mirror, 9 wins, 3 losses; Economy Chemical Coin., 5 wins, 7 losses; Ft. Pierce Automotive, 0 wins, 12 losses.

Saints lunch on Sinners

Monday noontime will be the scene of the losers feeding the winners.

At the early part of the summer, the shuffleboard league divided interested players into two teams, called the Saints and the Sinners. Games were played each Tuesday night during the summer months, with the understanding that the losing team would provide a feast for the winners.

After a whole summer of play, it turned out that the Sinners lost by a scant four points and will pay off as previously promised this Monday at lunchtime at the Marina.

Only those who took part in the summer program are eligible to attend the luncheon.

****

The Wimodausis Club of Port St. Lucie will hold a meeting on Wednesday, October 8 at 1 p.m., at the Marina. This meeting will be a dessert luncheon. All members are ugred to attend as a get-together acquaintad program is planned. The November meeting will be a covered dish luncheon.

****

Received a card this week from Mr. & Mrs. Leo Weber who said they are now aboard the "Esmeralda", which is a Chinese passenger liner, having both a Chinese crew and Chinese food. They are having a wonderful time and excellent weather. They have already toured South America and Africa. Going on to China and Japan. Back to San Francisco, through the Panama Canal, and expect to reach Miami approximately Nov. 15 on their around-the-world cruise.

****

Mr. & Mrs. Joe Kuby have returned from their vacation in Georgia. They visited Darien and Brunswick, toured the St. Simons, Jekyll and Sea Islands. Kuby noted that Brunswick is the shrimp capital of the world and crabs are also in abundance.

****

The Sunday School department of St. Andrews Lutheran Church will have Rally Day on Sunday, Oct. 5, at 9:15 a.m. An open invitation is extended to all children in the area who do not have a church home to come and worship with them.

City discusses mobile home zoning

Not trailer parks

The rezoning of a tract of land across the highway from North Port, to accommodate mobile homes, was discussed at last week's work session of the City of Port St. Lucie.

Mayor Eugene P. Kavanaugh, who conducted the work session, pointed out that the City of PSL was not personally concerned, as the request for change in zoning was made to the county.

"We must plan ahead," the Mayor said. "Whether we like them or not, mobile homes are going to be with us. We'll ask the county planning and zoning board to take a good look at it."

"In this case," he said, "we are not talking about trailer parks. This will be laid out in cul de sacs. I would suggest a buffer zone along the highway if necessary. The homes will be subject to ad valorem taxes."

Roger Hawkins, engineer from General Development Corporation's Miami office, who attended the session, spoke of GDC's new mobile home subdivision in Port Charlotte. He said sometime in the near future GDC will probably come to PSL with the same type of proposal. He said the roads are in, streets are private and maintained by an association within the subdivision. The area is patroled by private security guards carrying fire equipment, he said. All homes are on foundations, no wheels, and all utilities are underground. No TV antennaes are in sight, the area is served by TV cable hookup; outside maintenance is taken care of by a committee, he said. The lot, mobile home and services are purchased in a package deal Hawkins said.

"This sounds like the same plan as that suggested for the North Port area," Hawkins said.

"The answer to lower cost housing is pre-fab homes, modular homes and mobile homes," Mayor Kavanaugh said. "With inflation, the average man can't afford a regular CBS home in the $15,000 to $20,000 bracket."

Julian Flood, chairman of the city zoning commission, said the proposed mobile home location might provide working personnel to man the future businesses to be built on the industrial tracts.

Garden Club to host District 10 meeting

Members of the Rio Lindo Garden Club of Port St. Lucie will be hostesses to the annual meeting of District 10, Florida Federation of Garden Clubs on Tuesday, October 28 at the St. Lucie Country Club. Mrs. Clyde Edwards is general woman of the affair with Mrs. Charles Hamilton and Mrs. Joseph Petrone as co-chairwomen.

District 10, of which Mrs. Lloyd Hundley of Pahokee is director, encompasses seven counties with approximately 33 garden clubs and 35 circles. Some 200 women, including the state officers, district director and her assistant, various state chairwomen, delegates and non-delegates are expected to attend this meeting.

Coffee and sweet rolls will be served on the pool terrace from 8:30 a.m. Mrs. M.S. Dillingham of Santa Rosa Beach, State President, will call the meeting together in the Convention Hall at 9:30 a.m. Luncheon will be served about 12 noon, after which the meeting will re-convene for a short program.

Mrs. Edwards said "This is the Port St. Lucie Club's first attempt at such a large project and we are all working hard to make the occasion a memorable one."

All members of the Rio Lindo Garden Club may attend, but reservations must be made with Mrs. C. Edgar Adams (461-8422) by October 16 according to Mrs. Frank Smith, president of the local club.

GENERAL CHAIRMAN— Mrs. Clyde Edwards will serve as general chairman at the annual meeting of District 10 Florida Federation of Garden Clubs. Port St. Lucie will host this annual affair.

RELAXING--Housework all complete, Mrs. Robert Morace relaxes by the side of the pool.

International Affairs Junior Women's topic

The Port St. Lucie Junior Women's Club will hold its second regular meeting of the year on Wednesday, October 8 at the Marina. Their previous meeting was held at the home of the club's vice president, Mrs. Annette Schmidt.

This meeting will open with an International Affairs program headed by Mrs. Shirley Wright. It will be based on club member Mrs. Barbara Brewster's trip to Australia this summer. She brought back many fascinating slides which she will be showing, and will narrate on her interesting trip to that deep down under country--Australia. Following this, the regular business meeting will ensue.

Hostesses for the meeting will be Mrs. Loretta Teal and Mrs. Kookie Regular.

If any of the younger women in our community wish to attend this meeting, they may do so. It is a good opportunity to see what the Port St. Lucie Junior Women's Club is doing. And a reminder that the club is in need of new members. You need have no special qualifications, only the desire to help this growing community of ours. So if you would like to come to the October meeting, or some future meeting, you will always be welcome as a guest. Regular meeting nights are always the second Wednesday of each month at the Marina.

Physical fitness classes to be held

Recreation opportunities are being expanded in Port St. Lucie by the addition of children's physical fitness classes to be conducted at the South Port St. Lucie Marina.

These classes, which consist of ballet, acrobatics and exercises, will be conducted by Mrs. Joy Gould.

Mrs. Gould who has danced professionally in New York, Hollywood and Las Vegas, maintained her own dancing school in Sarasota, Fla., and taught at the Edna Alexander School of Ballet in Bradenton, Fla. Mrs. Gould, formerly Mrs. L.J. Durant, was well known in the Sarasota area as a newspaper photographer and dance director. She worked closely with the Miss Florida Pageant, and listed among her students there the former Miss Florida, Sherry Grimes.

The current classes are intended to build and maintain physical fitness as well as grace and poise. They are to be offered in six week courses, one class each week, at a reduced rate.

Classes will be held Saturday mornings, beginning October 11. The age groups which include first through fourth graders, will participate from 9 to 10 A.m., and the age group of fifth graders and over will participate from 10 to 11 a.m.

There will be a minimum enrollment of 10 students per group, and enrollment will be taken on a first come basis. Once the minimum enrollment will be reached, no more will be accepted. Registration can be made each day at the Marina Monday through Friday, from 9 to 12 and 1 to 5. The fee for the course must accompany registration.

This is a reminder to all ladies in the community to help out each Tuesday morning at the Marina working on ranger pads and bandages used in the Cancer Society. Ladies are urged to come regardless of whether they belong to the Homemakers Club. Other projects are being planned for the coming holiday season such as working on personalized gifts for patients, etc.

The hours are from 10 a.m. to 12 noon, and this gives the ladies in the area an excellent opportunity to make new acquaintances and socialize and thus pass some of their unused time away. Everyone is welcome.

Education courses planned

Indian River Junior College has announced registration for Continuing Education courses in Stuart. Registration will be from 7:30 to 8:30 p.m. Wednesday (today), Oct. 1, at the County Agricultural Agent's office, S. Dixie Highway.

Courses include management fundamentals, blueprint reading, and shop mathematics. The time and meeting place for each course will be arranged with the students and announced later.

Registration is open to Grumman Aerospace Corp. employees and the public.

First Baptist Church

A brief business meeting of First Baptist Church of Jensen Beach will take place Wednesday (tonight) at 7:30 p.m., followed by the Prayer Service. The choir will rehearse at 8:30 under the leadership of Mrs. Ruth Hall.

All ladies of the church are asked to be present at the church on Thursday at 10 a.m. for the Woman's Missionary Union.

Sunday's speaker will be Rev. C.G. Lanter of Avon Park.

APPRECIATION—Certificates of appreciation from the National Safe Boating Committee were presented to Richard E. Campbell, editor and publisher of The Jensen Beach Mirror, and Ernest F. Lyons, editor of The Stuart News, for their part in promoting National Safe Boating Week. Left to right above, are Cdr. Charles F. French, of the Fort Pierce Power Squadron; Campbell, Lyons, and Jack Godfrey, public relations officer for the Squadron. Guest speaker Holly Smith, District Eight Commander from Miami, seated, said there were 195,705 boats in Florida and boating education is imperative. A conference on education will be held in Fort Lauderdale Oct. 17, 18 and 19. About 80 members and guests attended the dinner meeting at Holiday Inn honoring the two newspapers for coverage during Safe Boating Week.

FP Radio Club activities

Anyone interested in amateur radio activities is invited to attend the meetings of the Fort Pierce Radio Club, according to Arthur H. Hecht, secretary. Meetings, recently resumed for the season, are held every Monday at the club rooms, 3704 Okeechobee Road, Ft. Pierce.

At 7 p.m. classes are held in code practice, novice and general; and at 8 p.m. a class in theory is held, novice and general.

The Martin County Ladies Golf Association group played point system with full handicap on Tuesday.

Winners in Class A were Marion Riola, 70, and Geri Krueger, 60. Jessie Higbee and Helen Pauly tied at 56 in Class B, and in Class C, Eve Wilchester was first with 60, Carol Vobden, 58.

Seven members played in the Upper East Coast League at Patrick AFB last Friday. Marion Riola had low putts in the third flight, 30, and Carol Vobden had low putts for the field, 28.

The Martin County Association has two representatives on the Upper East Coast Executive Board, Maggie Zihlman and Eve Wilchester.

24 volunteers join to help Samaritans

Jensen Beach- 24 volunteers met Tuesday night to revitalize the Jensen Beach Samaritans (free ambulance) service to the community.

The group discussed the plight of Jensen's volunteer ambulance corps, formed a committee to look into possible solutions, and agreed to meet next Tuesday night at the recreation building at Langford Park at 7:30 p.m. to continue efforts to get the Samaritans on their feet.

Samaritan Lewis Warrich, president, named Al Phinney, Merle Oliver, Dr. Richard Penick, Ransom Tilton, and Jean Tooker, president of the Jensen Beach Chamber of Commerce, to gather information to bring to the next meeting.

Jensen Beach Firemen are on the list to be contacted to see if the Samaritan ambulance can be operated under the protective wing of their service. If it is possible, the ambulance service, and the volunteers, can become a part of the volunteer firemen group.

Also full information will be sought from the county health department to determine the requirements for health cards and first aid cards.

The charter, minutes and officers and directors of the organization are being contacted by the president to be present at the meeting so that the group can reorganize on the principles of the original charter.

Meeting were those named above, plus Donald Nonberson, Pete Kargoll, Bill Sias, Jack Chamberlain, M. T. Murray George Conover, E. Lee Hill, Ferdinand Happfich, Leonard L. Smith, Greg Lysiak, Mary Warrich, R. C. Warnack, Sam E. Banks, Anne R. Hardern, M. Hardern, Willard Bowman and W. Francis Oram.

Opening the meeting, Warrich deferred to Dr. Penick, who gave a history of the Samaritan formation, its ideals, and its spirit. He said that the founders had chartered under the principle of "We Care", and that the organization had passed through the years and was now in need of getting back to those principles that were so important in the early days of ambulance service in 1956.

Penick said he resigned from the service when the first charges for ambulance were made.

"Charging for services in the Samaritans violated the spirit of the charter," Penick said, "We care" was gone, he added.

Willard Bowman reported that the fire department was going to begin building first aid classes, and invited the volunteers to take part on behalf of the department. The course would be eight weeks training, one night a week, for two hours.

Tooker suggested that the firemen be asked to take the Samaritan service into the organization of the department. Several persons at the meeting said that the fire departments in northeastern states endorsed ambulance service.

Warrich invited all interested citizens to attend the meeting next Tuesday night.

HOSE MAN- First grader Willie Kahl, son of Mr. and Mrs. Fred Kahl of Canal St., Jensen Beach, is the fire hose man of the minute. He is taking his turn handling the hose during the recent fire drill at Jensen Beach Elementary School. Fireman Doc Wilkie, left, instructs Willie during Monday morning's drill, other members of Jensen Beach Volunteer Fire Department taking part in the drill included Cecil Marrable, Gene Oliver and Chief Randolph Spinney.

Meeting Thursday

Little League football organization beginning

Jensen Beach- The dream of Little League football in Martin County got a boost last week as the first move to organize got under way at Langford Park. A meeting this Thursday night (October 9) will be held at 7:30 p.m. at Langford Park to set up districts for the coming season, according to Vince Decembis.

This fall, due to the lack of time and the amount of organization necessary to get properly equipped teams, the season will feature "flag" football. Flag football requires no special equipment, and is a type of "touch football" in which there is a minimum of body contact.

Teams expected to take part will be farfiled from Jensen Beach, Stuart, Palm City, Port Salerno, and possibly Indiantown and Hobe Sound.

Attending the meeting last week to begin the organization of the football league were County Commissioner Frank Wacha, Beechtree, Ski Hopkinzak, Roger Jackson and Al Jones. The latter three have had experience with junior league football, having served as managers or coaches of teams in other areas.

The 1969 football season will be expected to begin play on October 25, with all teams playing on one field each Saturday. A schedule of games will be set up to give the first indication of interest in the league. Regular flag football runs will begin in play.

Wacha said that all football enthusiasts interested in seeing young people in the 11-12-13 age group play football are invited to attend the meeting.

"We need a lot of help to get the program off the ground," Wacha said.

Bo Chino said that coaching clinics must be planned with local high school coaches helping volunteer coaches know more about the game and teaching practical basics of football. The organizers of the football league plan two meetings a month to keep the interest and training of the football league under way.

Tentative plans offer six hours of practice per week, one and one-half hours of practice a day, for the boys.

League organization includes a player representative from each team forming a board of directors under a strong league president. Teams will have one head coach and two assistants on the field, but can have any number of coaches for workouts.

This year the age limits of the boys will extend to boys born in the years 1956-57 and 1958, who are in grades 6, 7 or 8, and who weigh between 95 and 125 pounds. Each year the age and weight limits will be maintained to keep the league in a similar age and weight group.

Boys must maintain a "C" average in grades in school in the main subjects, and will not be allowed to play if they receive an "F" in any subject.

Next year they will begin practice six weeks before school starts, and will play the same schedule as the high school, under the same rules, and with full tackle equipment. The season will be ten games long.

Leonard Smith elected Chamber vice-president

Jensen Beach---Leonard Smith, owner of Hebert's Dress Shop was elected vice president of the Jensen Beach Chamber of Commerce at a Monday night to replace Gene Pfleger, who resigned to his new hospitalization and duties.

The election of the Chamber directors was unanimous. Smith became a director of the Chamber this year, and has served on the board of the new Jensen Beach as well as various and sundry various committee chairmanships.

In other business, Chamber directors set the fall general meeting for the Rambler Inn located Federal Highway 1 and Jensen Beach Causeway. Jean Tooker set up committees to invite all people interested in forming a Chamber of Commerce in Jensen Beach to the meeting.

Tooker asked that the display table seek out donations for the new Langford Park entrance and horse building.

Tooker said the old fire house at the corner of Indian River Drive (Seaside) and Jensen Beach Blvd. will be completed, if present volunteer materials are stored in the old fire building.

The fire units also sent a letter congratulating and dedicating support to the county fire department for the proposed water tanker unit.

Lions anniversary

Jensen Beach- The Jensen Beach Lions Club celebrated the fifteenth year of service to Jensen Beach with an anniversary party at the Jensen Beach Women's Association's clubhouse Tuesday night. Over 75 attended the dinner.

The deadline of The Jensen Beach Mirror, and the number of photographs and news of the event necessary to give proper coverage to the Lion birthday party, combined to force the delay of the full story on this event to next week.

McElhenny interested

Corps thinks 'sealed jetty' reduces shoaling in inlet

Jensen Beach- Col. John F. McElhenny thinks that a "sealed jetty tends to reduce shoaling in the channel and expensive maintenance at the expense of beach south of the jetty," according to a copy of a letter McElhenny sent to Congressman Paul Rogers recently. The thought fit in the with the thinking of Leonard Smith, head of SLIF, a group of conservationists trying to get the St. Lucie Inlet jetty sealed.

"We agree with the Colonel," Smith said Monday. "We know that the plugging of the jetty will stop sand from going into the inlet, and it will also stop the sand from going south. But this is a temporary measure to keep our inlet open. To reduce the expenditure of hundreds of thousands of taxpayers' dollars on dredging, and give us a safe inlet until a permanent solution to inlet problems can be passed by Congress."

The Corps district engineer agreed recently to survey the St. Lucie Inlet to see if a small plugging of the jetty by Martin County last January was feasible working to keep the inlet open. Photographs taken by The Jensen Beach Mirror showed a massive reduction in shoaling and sand drift into the inlet, and the reduction of sand bars built out into the inlet due to the jetty plug.

In the letter to Rogers, who has pressured the Corps to keep the inlet open and save every method to help Martin County solve the Inlet problem, McElhenny pointed out that the sealing of the jetty would cause sand to pile up against the jetty.

"Although the sealing of the jetty may partially reduce the shoaling and improve navigation, the channel would still be subjected to shoaling from littoral drift from the south tidal action, and shifting material from inside the side inlet. The beach immediately north of the sealed jetty would soon get filled with sand, and the sand would then drift around the jetty into deeper water where most of it would tend to settle," Mr. Elhenny wrote.

"This southerly drifting sand stopped by the sealed jetty and lost in the deeper water would tend to further starve the beaches south of the inlet," he added.

McElhenny called for "A plan of comprehensive stabilization of the inlet and measures of sand bypassing, finally needed. We hope the Corps will put a plan for impending study and, if economically feasible, recommend its authorization and implementation.

"An adequate system of jetties and sand transfer would solve the shoaling problem in the inlet and stabilize the adjacent downdrift shores," he wrote.

Smith called the letter to Rogers, "A significant step, for that the Corps of Engineers is showing a recognition of the problem. tied to the inlet jetty, and the resultant shoal taken great shoaling from a plugging of the inlet jetty, with the immediate need for planning of an overall inlet solution."

BY TURN--Youngsters line up and patiently wait their turn to handle the fire hose. Jensen Beach Volunteer Firemen, in observance of Fire Prevention Week, held a fire drill at Jensen Beach Elementary School Monday morning. At left is fireman Doc Wilkie, far right, Cecil Marrable.

Tigers doused by Cocoa 18-8

Stuart- Martin County's Tigers bogged down Friday night at Cocoa Beach, bowing to the Minutemen 18-8 in a rain-soaked four quarters.

The local team scored twice, racking up six points on a touchdown by Joe Salamone in the second half. Salamone took the ball on the Cocoa 44 and raced through the rain for a score. The conversion attempt by H. L. Bowling failed.

In the latter moments of the game, Stuart's Tom Alvarez recovered a slippery pigskin from a bevy of players scrambling for the ball, and registered a safety for the Tigers.

The Tigers are now 0-3-1. Its offensive unit has not yet scored this season.

Martin County will meet Lake Worth Friday night in an away game.

EYESORE- Complaints about the length of time it is taking to complete the paving of Jensen Beach Post Office parking lot, centered around the completion of this small island at the entrance to the post office, caused the Jensen Beach Chamber of Commerce directors to ask the post office committee to look into the matter. Committee chairman Edwin Miller said he hopes that the lot will be completed in the time he gets in reports next month, to the board of the Chamber. The project was started early this year.

Famed educator here

Catholic administrators' conference at St. Joseph

Jensen Beach- Dr. Marvin Heller, one of the founders of the "team teaching" concept of education, will be a featured speaker at the Catholic Schools Administrators' Conference this weekend, October 10 through 12, at St. Joseph College.

Almost 400 educators will assemble on campus to take part in the three day program.

One hundred seventy-five principals of six main Catholic schools in Florida, 125 educator - nuns, 40 priests and 40 lay teachers will take part in the statewide conference. All will be housed on campus in St. Joseph College dormitories.

Richard Corrado, superintendent of education of the Orlando Diocese, is in charge of the programming. St. Joseph College faculty will host the program. The four dioceses of Florida, Orlando, Miami, St. Augustine and St. Petersburg will take part.

The program will begin on Friday at 4 p.m. with registration, followed by a dinner at which the executive secretary of the superintendent's department of the National Catholic Education Association, Rev. John Meyers, will keynote the meeting.

Following a Saturday of meetings, a cookout on campus will be held, followed by evening sessions. Dr. Heller will speak at a secondary schools session Saturday night on "Is there a curriculum lag in the 20th century Catholic school?", and on Sunday he will speak to a combined group session on "Public relations and the Catholic school principal."

The sessions will close at noon on Sunday.

AED teaches ABC

Stuart--The Adult Education Division of the Board of Public Instruction has increased its commitment to eliminate illiteracy in Martin County through a program known as ABE, Adult Basic Education.

Under this program, reading, writing and arithmetic classes are provided for individuals 18 years of age or older with less than eighth grade education. There is no fee for registration.

Adults may register at 7 p.m. Monday through Thursday at Martin County High School or at the Adult Education Center, 500 E. Ocean Blvd., Stuart, 8 a.m. to 4 p.m. All materials are provided.

One out of every eight adults in Martin County cannot read or write, according to E. B. Horton, division director. More than 24 million adults in the United States cannot read or sign their names, he said.

Fishing report

Jensen Beach- Here is the fishing report for last week as reported by Johnny Crawford of the Snook Nook.

FIRE DAMAGE--Volunteer firemen intently examine the kitchen at the home of Keith Smith, 314 Melba Drive, Jensen Beach, where over $5,000 damage was done. The Smith's German shepherd dog was overcome by smoke. Nineteen firemen and four trucks answered the call at 11:17 p.m. to the Jensen Beach Volunteer Fire Department, and found three electric appliances plugged in, according to Fire Chief Randolph Spinney. Part of the ceiling was burned and firemen were forced to cut through to the attic to gain access. "The trusses were scorched, everything was hot to the touch, including the furniture," Spinney said. The owners were away when the fire was discovered. "Please warn the public not to leave any electric cooking appliances plugged into sockets when not in use," Spinney asked. The Mirror.

Halloween Fun Fair Saturday November 1st

Jensen Beach- Plans for the annual Halloween Fun Fair at Jensen Beach Elementary School are under way. The fair will take place Saturday, Nov. 1, from 12 noon until 6 p.m., with many new ideas for fun being developed.

A poster contest is in progress for any child in grade one through six. The posters will be displayed in local business windows and judged prior to the fair. Prizes will be awarded at the event. All entries must be turned in to the school on Monday, Oct. 13.

Two bicycles, one for a boy and one for a girl, have been purchased through local donations and will be given away at the Fun Fair according to the scavenging needed by Pat Barker. Tickets will be sold for the drawing. The bicycles are on display at The Jensen Beach Mirror office.

Proceeds from the fair will be spent by the PTA to purchase equipment, material and supplies for various programs recommended by the faculty. Parents are asked to cooperate with the committee.

Yager-Heaton wedding Saturday

Jensen Beach--The marriage of Margaret Anita Heaton to James Richard Yager took place at St. Joseph Catholic Church, Stuart on Saturday, Oct. 4. The Rev. Fr. [illegible] officiated.

The bride is the daughter of Mr. and Mrs. Jack Heaton, 11 Maple St., Jensen Beach. The groom is from Poughkeepsie, N.Y.

A reception followed the ceremony at the home of Mr. and Mrs. Ralph Hartman.

The newlyweds who are honeymooning in Jamaica, will reside in Poughkeepsie where Yager is employed in the Harmonton Security Division of Sea View Shops. The new Mrs. Yager will continue in her profession as nurse at the State hospital.

All four of the Heaton girls are now married, also two of the boys. Jon Dan is attending the Detroit Tractor High School, Lodi, Florida, and David is attending Indian River Junior College.

***

Copies of the new resort and fishing guide are available to the public at Jensen Beach Chamber of Commerce office.

***

Frances Langford's Outrigger Marina will be the stopover point on Oct. 17 when the Kissimmee Boat-A-Cade comes to town. Miss Langford (Mrs. Ralph Evinrude) will sing for the group, accompanied by guitarist Tony Romano.

New members join VFW

Jensen Beach--Two new members were obligated at the Oct. 3 meeting of VWW Auxiliary #854. Welcomed into the organization were Garnet Latto and Katherine Ellis.

The sewing group will meet on Thursday, Oct. 9, at 10 a.m. at the home of VFW chairman Julia Clark, 124 Myrtle Ave. Dirt Bags will be sewn for the 40 mm squadron in Vietnam adopted by the auxiliary. Workers are asked to bring a sandwich; beverage will be furnished. Volunteers are welcome.

The auxiliary will have a bake sale Saturday, Oct. 11, starting at 9 a.m. at Jensen Beach Bank. All members and friends are requested to have baked goods at the bank by that time. For arrangements, chairman Eleanor DiBenedi, 287-0480, or co-chairman Julia Clark, 287-7890.

Crooks joins Bank of Stuart

James H. Crooks, Jupiter, has joined the Bank of Stuart in the Installment Loan Department, according to Zack D. Adams, Jr., executive vice president.

Crooks is a graduate of Davis Business College and has been employed by Florida Power & Light Company in Jupiter for the past [illegible] years. He is married and has two children.

***

Registration for the ninth annual Port Pass & Kick competition will continue through Oct. 11 at Bill Hegdon Ford, Inc., Stuart.

***

The first cultural program at St. Joseph College, Jensen Beach, will be Thursday, Oct. 16, 8 p.m. Frances Carter, executive director of Living-ston Institute for Research, New York, N.Y., will discuss "Personal Values in Mass Media."

DITTY BAGS READY- Three-hundred Ditty Bags are on their way to Vietnam to be distributed by Red Cross personnel to servicemen at Christmas. All materials were purchased by Martin County Chapter, American Red Cross, from March campaign funds. The bags contain nuts, stationery, pen, nail clippers, cards, candy, gum, radio battery and other items. Helping with the project were Civinettes, girls service club, sponsored by the Civitan Club, pictured above with boxes packed with Ditty Bags. Left to right are: Alice Dragseth, Pam Waxler, Vicki Hopson, Lois Boyce, Miriam Varril, Jane Irons, Karen Bohner, Debbie Lisle, and in the background, Mr. and Mrs. Marquard, Red Cross volunteers.

College president is honored

Sister Mary Martha, SSJ, president of St. Joseph College, was honored Sept. 26 at a party at the Hutchinson Island home of Mrs. William Clark Shepard. Hostesses were Mrs. Shepard, member of the college advisory board, and Miss Marion Tschischeck, member of the college faculty.

After all guests arrived, Miss Tschischeck rang an old-fashioned school bell, and Mrs. Shepard made the following announcement:

"About 28 years ago, my husband and I were guests at a $100-a-plate dinner-dance in Cleveland, given for the benefit of Trinity College, well-known Catholic college for women, founded in Washington in 1897. A great number of Trinity alumnae lived in the Cleveland area, and the annual fund-raising party was always a highlight of the social season.

"On this occasion, a prize was offered for the best dancers, and after outlasting three other couples in the finals, Clark and I won. It was 2 a.m. by then, and my feet hurt. But we were both delighted to have won, especially as we were among the very few non-Catholic guests at the dinner.

"I have kept this prize through the years, always proud of it, but now I think it's time the Catholics got it back...so I am presenting it to Sister Mary Martha for St. Joseph College."

At this point Mrs. Shepard gave Sister Mary Martha a large, handsomely wrapped package, and it was only after opening half a dozen boxes, each individually wrapped and each a size smaller than the one it came out of, that the Trinity College cup was disclosed, about three inches in height, engraved "FIRST PRIZE -- WALTZ".

There was much amusement as the new recipient of the prize worked her way through the variety of paper and ribbon. Mrs. Shepard explained, "That's just what they did to Clark and me all those years ago...only there were several hundred people watching, and here there's just the St. Joseph family."

Guests, all members of the faculty or staff, with spouses of lay members, included: Sister M. Bertilla, SSJ; Sister Lorraine, Sister Florence, Sister Michelle, Mr. and Mrs. Leroy Church, Mr. and Mrs. William Culver, Michael Enright, Jon Hillen, Mr. and Mrs. C. R. Holly, William Kelley, Mr. and Mrs. Robert Maher, Dr. and Mrs. Bruce Miller, Mr. and Mrs. John O'Connor, Dr. and Mrs. J. Perez, the Rev. John Parr, Miss Helen Pelzer, Mr. and Mrs. Richard Wright, and Rev. John Wheeley, CSC.

Also Mesdames Marie Ford, Dorothy Russell and Louise Deckert, Mr. and Mrs. Charles Carr, Mr. and Mrs. Frank Cody, Mr. and Mrs. Jerry Bowers, Mr. and Mrs. Robert Kelly, the Misses Mary Logan and Ruth Davis, and Mr. and Mrs. Fred Dahlberg. Unable to attend were Sister Jane, Dr. Bernice Shor and Rev. Charles Williams.

Workshop set

Individual involvement through a Fine Arts Workshop is being offered by the Woman's Club of Stuart. The sessions will be held at the clubhouse 10 a.m. to 3 p.m. the first, third and fourth Mondays of the month beginning Oct. 6 through April 27.

The Fine Arts program is divided into three sections: arts and crafts, music, and literature. Mrs. Kenneth Mapp and Mrs. Grant Morse are in charge of arts and crafts; Mrs. H. W. Newsome, music, and Miss Jean Roos, literature.

VA consultant to visit area

Robert S. Huff, assistant state service officer, will be available October 15 at 2:30 p.m. for consultation by veterans, their survivors and dependents of Martin County.

Appointments may be made in advance through John W. Keller, Martin County service officer, at the courthouse in Stuart.

Members of Martin County Association for Mental Health will hold a business meeting at 12 noon Oct. 9 at Holiday Inn, Stuart.

Trinity holds vesper service

On Sunday evening Sept. 28, the members and friends of Trinity United Methodist Church held a vesper service under the large pavilion on the Jensen Beach Causeway. A covered dish supper preceeded the service. The vesper service consisted of hymn singing and an object lesson by Rev. Nell M. Gunsalus.

John Wood receives award

Mr. & Mrs. Allan Pitchford, Jensen Beach have been notified by the Department of the Army ROTC, 3rd Army Headquarters, Ft. McPherson, Ga., that their son John Pittman Wood, was awarded the title of Distinguished Military Student.

John, now Lt. Wood, is a graduate of Martin County High School, and is now stationed with the 3rd Army Armored Division in Ft. Knox, Ky., where he and his wife, Marilyn and their son, Patrick, reside.

FIRE DAMAGE--Volunteer firemen intently examine the kitchen at the home of Keith Smith, 314 Molba Drive, Jensen Beach, where over $5,000 damage was done. The Smith's German shepherd dog was overcome by smoke. Nineteen firemen and four trucks answered the call at 11:17 p.m. to the Jensen Beach Volunteer Fire Department, and found three electric appliances plugged in, according to Fire Chief Randolph Spinney. Part of the ceiling was burned and firemen were forced to cut through to the attic to gain access. "The trusses were scorched, everything was hot to the touch, including the furniture," Spinney said. The owners were away when the fire was discovered. "Please warn the public not to leave any electric cooking appliances plugged into sockets when not in use," Spinney asked. The Mirror.

Halloween Fun Fair Saturday November 1st

Jensen Beach's Plans for the annual Halloween Fun Fair at Jensen Beach Elementary School are under way. The fair will take place Saturday, Nov. 1, from 12 noon until 6 p.m., with many new ideas for fun being developed.

A poster contest is in progress for any child in grade one through six. The posters will be displayed in local business windows and judged prior to the fair. Prizes will be awarded at the event. All entries must be turned in to the school on Monday, Oct. 13.

Two bicycles, one for a boy and one for a girl, have been purchased through local donations and will be given away at the Fun Fair, according to the committee headed by Pat Barker. Tickets will be sold on the bicycles and at the Jensen Beach Mirror office.

Proceeds from the fair will be spent by the PTA to purchase equipment, material and supplies for various programs recommended by the faculty. Parents are asked to cooperate with the committee.

Yager-Heaton wedding Saturday

Jensen Beach--The marriage of Margaret Anita Heaton to James Richard Yager took place at St. Joseph Catholic Church, Stuart, on Saturday, Oct. 4. The Rev. Fr. Flynn officiated.

The bride is the daughter of Mr. and Mrs. Jack Heaton, 11 Maple St., Jensen Beach. The groom is from Poughkeepsie, N.Y.

A reception followed the ceremony at the home of Mr. and Mrs. Ralph Hartman. The newlyweds, who are honeymooning in Jamaica, will reside in Poughkeepsie where Yager is employed by the Narcotics Security Division of New York State. The new Mrs. Yager will continue in her profession as nurse at the State hospital.

All out of the theatre girls are now married, one of the twins has left to attend Duke University, Evelyn Pierce is at Florida State University and Sandy is a sophomore at Indian River Junior College.

Copies of the new resort and fishing guide are available to the public at Jensen Beach Chamber of Commerce offices.

New members join VWW1

Jensen Beach--The new members were obligated at the Oct. 3 meeting of VWW1 Auxiliary, #814. Welcomed into the organization were Carmel Lallo and Katherine Ellis.

The sewing group will meet on Thursday, Oct. 9, at 10 a.m. at the home of VAVS chairman, Julia Clark, 74 Myrtle Ave. Ditty Bags will be sewn for the 46 man squadron in Vietnam adopted by the auxiliary. Workers are asked to bring a sandwich; beverage will be furnished. Volunteers are welcome.

The auxiliary will have a rummage sale Saturday, Oct. 11, starting at 8 a.m. at Jensen Beach Bank. All members and friends are requested to save used goods at the bank by that time. For pick-up call chairman Eleanor Diffendal, 287-0486, or co-chairman Julia Clark, 287-5890.

Crooks joins Bank of Stuart

Tarlton H. Crooks, Jensen Beach, has joined the Bank of Stuart as assistant vice president in the loan department, according to Jack A. Allen, president.

Crooks is a graduate of Rollins College, Winter Park, and has been employed by the Florida National Bank of Jacksonville for the past 10 years.

He is a member of the Jensen Beach Rotary Club, Jensen Beach Chamber of Commerce, Jensen Beach Country Club and Jensen Beach Yacht Club.

Crooks is married to the former Sandra Lee Hall of Jacksonville. They have two children, Tarlton, Jr., 9, and Sandra, 7.

Registration for the sixth annual Pops, Pass & Kick competition will continue through Oct. 8 at Bill Beckham Ford, Inc., Stuart.

The communications program at St. Joseph College, Jensen Beach, will be the topic Thursday, Oct. 16, 8 p.m. Fran Rogers, executive director of Livelihood Institute for Research, New York, N.Y., will discuss "Personal Values in Mass Media."

Frances Langford's Outrigger Marina will be the stopover point on Oct. 17 when the Kissimmee Boat-A-Cade comes to town. Miss Langford (Mrs. Ralph Evinrude) will sing for the group, accompanied by guitarist Tony Romano.

LIVE....and love it by Dick Campbell

The rib end story

So many people have asked about the broken rib I suffered with such great dignity that I should bring my friends up to date on it. "How is your rib," one lady asked. "I would think that you would tell all your readers what happened as it healed."

I am happy to say that I endured with great strength. The rib is now well, and I am mended.

The most amazing part of it was my immediate dissipation, and the crumbling of my physique. I didn't know that one's body could go to pot so quickly, but it does.

Not being able to move at the waist, I eased my body around the house, around the blocks, and through business life without moving, except when absolutely necessary. I hurt getting into the car had to sleep on my back, and looked like a hippopotamus getting out of chairs and the bed. It was terrible.

After a week, I chanced to be in Publix Market shopping and stepped on the free scale they have there.

"Good grief," I shouted, "I weigh 200 pounds!"

A little lady who was walking by looked at me, startled, and said, "Well, you don't look too fat to me, young man."

I liked the "young man" but the "too fat" was too much.

I immediately went on a crash diet. No starches, no sweets, no nothing except meat and cottage cheese. I stuck to that diet, even on celebration days.

One week later I walked up to the same scale and dared it to be the same, I weighed 193 again.

"Whew," I sighed.

Six weeks have come and gone, I am my usual, slightly soggy 192 pounds. I am now able to do my leg lifts again and the muscles are starting to stiffen a little as they come back into shape.

I am doing a little breaking of the diet, but that makes me feel so much like a martyr that it is worth it. But, the belts fit, the pants are no longer stretched over in tight wrinkles, and I am back to my good old out-of-shape me.

Notes and Comments by Bill Britton

"Wakes and Snails"

Anyone who has ever owned a boat, or just been a passenger in one operated in our waters, knows the problem.

Some boaters just go too darn fast.

You've seen them. Take a pleasant afternoon boat ride up or down either of the forks of the St. Lucie. Suddenly the stream bends, and all of a sudden there's a boat coming at you full throttle. He slows quickly, while you get over toward the bank as much as possible to get out of his way. Everything's under control, right?

Wrong.

Even though he slowed when he saw you...or even stopped dead in the water, there is still a little problem over which neither of you has any control.

His wake.

His big wake, that will wave action caused by his speeding boat, that isn't about to stop until it hits the banks of the stream a couple of times, and finally dies out.

And what's in the way of that big wake now rushing toward the bank?

That's right, you are. Little innocent you, in your little innocent boat.

So you have several choices to make, and you'd better make them fast. Sit still and hope the wake doesn't swamp you. Move over toward shore a little more, and hope that it doesn't dash you into it. Or, move your boat slowly out into the stream, cutting across the wake, and at right angles to it.

Of the three, of course the latter is the correct thing to do, and would be the move taken by any but a complete novice boater. And anyone like that shouldn't be alone behind the wheel of a boat in the first place.

But, I digress.

So, your little boat bounces up and down as you fight to cross the wake left by this speeding idiot. Once safely across, you assume your position in the channel, then, finally, take a deep breath and look around to see where-in-the-world he is, and you shake your fist at him, or maybe yell something appropriate.

But, he's gone. A newly formed wake is crashing against the shore as his boat, back up to full speed, disappears up the river.

Now, don't get me wrong.

There are many times when you can run wide open in perfect safety, in the middle of a wide river, when there are no other boats around, or even up or down the narrower forks of the St. Lucie when you can see well ahead of you, and know that there are no boats in sight, either in the river or docked along the shore.

But, zooming around a narrow bend in the river, without knowing what's coming at you? That makes about as much sense as trying to find the top step on a steep staircase in the pitch dark. Oh, you'll find it, all right. And when you do, maybe you'll be able to stop yourself from falling, and maybe you won't.

Same thing--lift boating in unknown waters. And unless you can see well ahead of you, even the most familiar waterways may contain unknown dangers right around the next bend. Every boater knows, or should certainly know, that he is responsible for any damage caused by his wake.

But, there are two sides to every coin. And just as going too fast can be dangerous so, on the other hand, there is no sense in going too slow without any reason.

Which brings us to something else.

Speed zones and speed traps.

At a recent meeting of the Florida Inland Navigation District, the subject came up for discussion. A speed trap for boaters was discussed in the FIND board. It operates in a quarter mile stretch of the Intercoastal Waterway near the 17th Street Causeway in Fort Lauderdale. Five-mile an hour signs are posted along the wide open stretch in obscure places, and when a boater goes down the wide open Intercoastal and, perhaps, misses these signs, he is instantly nabbed by police-manned boats. Then they have the choice of paying a $16 fine on the spot, or fighting a losing battle in the Lauderdale municipal court. Most pay the fine, and go away mad.

But just as ridiculous as this speed trap in Fort Lauderdale are the signs boaters see everywhere from Jacksonville to Miami. Signs proclaiming 'no wake', 'no destructive wake', 'slow', or scores of different speed regulations are seen everywhere. And generally without reason, as many of these signs are put there at the whim of private individuals and there is no other reason at that point in the waterway for boats to slow to a snail's pace.

The FIND board agreed to ask the legislature at its next session to regulate boat speed and wake limits on the East Coast Intracoastal Waterway. The board was told that the U.S. Army Corp of Engineers and the Coast Guard would accept any regulation set by the legislature.

This is good. Unless there is a specific reason for boaters to slow down, they should be allowed to proceed at a safe speed set by law.

Waterways are, let's face it, like roads. (And getting almost as crowded!) So just as the law dictates a safe speed on a given stretch of roadway, so should there also be a law setting a safe, normal speed on our waterways. As the condition of a road, and the posted speed, tells us how we will handle our car, so should boaters operate their craft as conditions and laws dictate. For it is just as stupid to go full throttle down a narrow winding river without knowing what's coming at you, as it is to go at a snail's pace in the middle of a wide waterway with nothing in sight.

Common sense tells us this. And common sense should now dictate to those who make the laws that we live by that the time has come for legislation controlling our waterways.

Boating can, and should, be fun. It should also be safe. Let's keep it that way.

Slightly Hackneyed

by *Bill Hackney*

The Arcadia Arcadian

"Arcadia or Berkeley?"

First solid notice of the generation gap came to our house about two weeks ago when our oldest (age 19 plus a couple of months) began to show a noticeable darkness in the chin and upper lip region.

You treat these things lightly, according to the book.

"Ha, Ha," we bantered, "I guess the razor blew a fuse about halfway through."

Blank look in answer.

"Oh, that. No, Tom and I have a little bet up. He thought it might make me look distinguished...And I said, "Well, if you don't think I would, just put some money on the table" So he bet me I wouldn't."

You continue to keep it light, man-to-man, no ultimatums.

"Well, ha, ha, that's okay, I guess. How long does the bet last? About a week? You know, not many people in Arcadia wear beards. Ha, Ha," (getting weaker.)

"Huh? Oh, no, no special time. It's just something to do. You know,""

Then one of the women in the family joined in.

My thanks to all who muttered along with me, To John Law, who went without a golf partner on Thursday for six weeks, and who is probably more ahead because of it, and to Dean Tooker, who is money behind because of it, I say thanks for the kind words, such as "What a faker," and "You aren't getting any strokes on that rib."

The rib bit is over now. Back to normal we go. No more excuses. Now I have to, and can, carry my share of the load.

"It really doesn't look good on you, you know." In answer...The mind-your-own-business look.

End of opening round.

Still no panic. After all the older generation reasoned, a week...two weeks. How much of a beard can a 19-year-old grow in that time?

Why, I could well remember when as a 19-year-old second lieutenant in World War 2, I tried cultivating a mustache to look older.

I had worked on it for about 10 days when I went from Mountain Home, Idaho, to Boise for a weekend.

First thing I did was go into a barber shop for a haircut and a shave. In fact the worst in those days. $150 a month (plus $75 flight pay) wasn't bad, with no one to support but yourself.

"Yes sir, Lieutenant, sit right here," the barber said, and proceeded to give me his most lavish treatment.

Midway through, he peered closely at my upper lip. "Say Lieutenant, you've got a little bit of smut or something on your lip there, let me get that off."

I confess I never had the courage to say otherwise, and off it came.

It was not 'til five years later in High Point, N.C., that I ever tried to grow more face whiskers of any kind. That was the city's centennial celebration.

It was in summer.

Take my advice, never grow a beard in the summer time. The real fire and brimstone place could be no worse.

Maybe this representative of the newer generation will find that out. At any rate, his is growing at an alarming rate, much, much faster than the World War 2 mustache of mine.

Meanwhile, I haven't seen the other party to this little saga.

It could be two pair of the older generation may have the greater arrest on gambling charges to get the Arcadia check back again.

(Late Flash- The stickers did come off as the Arcadian went to press, but not without a threat that "next summer, we'll do it bigger and better."

Letters to the Editor

To the Editor:

I wish to express my sincere thanks, on behalf of the Florida District International Civitan, for the excellent publicity given the Youth Seminar, sponsored by the senior CivitanClubs throughout the state, held recently on the campus of St. Joseph College of Florida.

It is indeed very gratifying to know that, through your media, the public will always be aware of the constructive projects and activities that the majority of our young people are participating in.

We hear so much about all the unrest and disturbances caused by a minority- how about the good that the majority are doing"

Thank you once again for all your cooperation and kindness. May God bless and reward all of you.

Respectfully,

Mrs. D. J. McCandless

SLC GROUP--Bill Walsh, Fort Pierce, center, will head the St. Lucie County Sponsorship Committee for the 10th Annual Pro-Am Invitational Golf Championship. At left is General Chairman Chuck Askron of St. Lucie Country Club, and at right is Chuck Johnson, Jr., pro at the country club.

Pro-Am tourney entries

Tour Weekend, of Columbus, Ohio, who has won more than $[illegible] on the 1969 pro tour, and Fort Gibson, Fort Lauderdale, whose earnings on the local title seat top $[illegible], boasted a list of [illegible] pros in the Lucie County U.S. Invitational Pro-Am Golf Championship, set for Oct. 12, 13 and 14, at St. Lucie Country Club.

[illegible] Director of Golf for General Development Corp., said 38 pros had solidified their intention to play, and some amateur [illegible] have been named, [illegible] was runner up in the 1968 pro-am, playing with Bruce Fleisher, 1968 National Amateur champion.

He has not yet named his new amateur partner.

Welskopf will play with Fritz Schmidt of Delaware, Ohio.

M. R. (Chick) Harbert, of St. Lucie Country Club, a former PGA Champion, will team with Wobart Manley, Jr., this year; and Joe Campbell, Knoxville, Tenn., former Tucson Open, Baton Rouge Open and Beaumont Open Champ, will team with Dan Berrier of Knoxville.

Several local or area pros have entered, too. They include Toney Penna, Jupiter, teamed with Denis Iden of Miami Beach; Gil Cavanaugh, Stuart Sound, partner not named; Hil Kennedy, Port Malabar, with Jeff Heilman, also of Port Malabar; Keith Marks of Port Charlotte, no amateur named; Dick Bird of Vero Beach, no amateur; and Gordon Jones, Lantana, paired with Duane Haley.

Entered from a wide list of states are the following: Al Chandler, Columbia, Mo., with Scott Bess, also of Columbia; Jim Turnessa, Elmsford, N.Y., with Mal Gruber, Stamford, Conn.; Walter Burkeme, Detroit, Mich., with Glen Johnson, Detroit; Bill Collins, Purchase, N.Y., with Dick Siebert, Westport, Conn.

Paul Harkhouse, Lynn, Mass., with Ronald Quinn, Warwick, R.I.; Joseph Carr, Honolulu, with Jim Maroney of Beverly Hills, Cal.; Walker Inman, Columbus, O., with Bob Hoag, Columbus; Wally Ulrich, Akron, O., with Jim Ulrich, Akron; Frank Cardi, Cedarhurst, N.Y., with Gene Cardi, Columbus, O.; Don Easty, Ill, Indianapolis, no partner named; Larry Blanco, with Robert Bowen, Jr., both of Indianapolis.

Also, John W. Levinson, Kennebunk, Me., with John O. Levinson, Waukegan, Ill.; Ross Coon, Andover, Mass. with Norm Lutz, Pawtucket, R.I.; Richard Rhyan, with Gary Grube, both of Columbus, O.; Roland Stafford, of Pittsburgh, Pa., with John Birmingham, Oakmont, Pa.

Brien Charter with J. Lee Miller, both of Jackson, Mich.; Dick Hart, Hinsdale, Ill., with Dr. Harry Ducelli, Cincinnati, O.; Ed Rubis, Chicopee, Mass. with Dan DiRico, same city; Bob Gejda, Bloomfield Hills, Mich., with Harold Stewart, Miami.

And Joe Taggert, Charlotte, N.C., partner to be named; Dick Crawford of Bella Vista Village, Ark., with Pandel Savic; Buck Adams, Pinehurst, N.C., partner to be named; Larry Mowry, Las Vegas, Nev., with Larry Feldman, Philadelphia, Pa., Glenn Stuart, Battle Creek, Mich. with Roger McManus, Harrville, O.; Rex Baxter, Orange Village, O., with Ed Priester, Cleveland, O., Bill Sperra, Chevy Chase Md., with Ralph M. Bogart, same city, and Jay Dolan III, with Tom Sullivan, both of Leichester, Mass.

Dr. Williams heads crippled children

Dr. Ira Williams was elected president of the Martin County Society for Crippled Children and Adults at the Sept. 29 meeting held at Holidays Inn.

Other officers also elected include Mrs. Lawrence Timon, vice-president; Mrs. F. A. Stafford, secretary, and Mrs. Marie McCullough, treasurer.

Dr. Daniel E. Stalker and Robert McRoberts, Jr., are newly-elected board members.

Florida sportsmen will have additional doves added to their bag during the upcoming season. Daily limit for doves has been increased from 12 to 18 per day, according to the Game and Fresh Water Commission.

First phase of the dove season will be Oct. 4 through Nov. 2; second phase, Nov. 15 through Nov. 30, and third phase Dec. 13 through Jan. 6.

Hunting will be allowed from 12 noon until sunset of each open day.

Cancer Society has loan closet

The Martin County Unit of the American Cancer Society has available to patients a loan closet consisting of sick room supplies such as, hospital beds; bed pans; bedside tables; underpads; and dressings. The public is invited to take advantage of this service. To use the loan closet, contact Mrs. Helen Broberg at 287-5809, or call the Society at 287-7467.

Jensen Beach--A Day of Instruction for the Woman's Missionary Union will be held on Oct. 9 from 10:30 a.m. to 1:30 p.m. at Parkview Baptist Church, Fort Pierce, according to a release by First Baptist Church of Jensen Beach. All women are welcome and are asked to bring a sandwich.

On Monday, Oct. 13, the local church will be host to the Annual Association Meeting which begins at 7 p.m. The speaker is the Rev. Woodrow Fuller.

SLC GROUP--Bill Walsh, Fort Pierce center, will head the St. Lucie County Sponsorship Committee for the 10th Annual Pro-Am Invitational Golf Championship. At left is General Chairman Chuck Aakron of St. Lucie Country Club, and at right is Chuck Johnson, Jr., pro at the country club.

Pro-Am tourney entries

Tom Weiskopf, of Columbus, Ohio, who has won more than $100,000 in the 1969 pro tours, and Dave Greene, Fort Lauderdale, whose earnings have topped this year, top the list of entries in the 10th Annual U.S. Invitational Pro-Am golf championship Oct. 10, 11 and 12 at the St. Lucie Country Club.

Jim Kearney, director of golf for General Development Corp., said 38 pros had signified their intention to play, and some amateur partners have been named. Others are further up in the 100 pro-am, playing with Bruce Fleisher, 1968 National Amateur champion.

He has not yet named his new amateur partner.

Weiskopf will play with Fritz Schmidt of Delaware, Ohio.

M. H. (Chief) Harbert, of St. Lucie Country Club, a former PGA Champion, will team with Hobart Manley, Jr., this year; and Joe Campbell, Knoxville, Tenn., former Tucson Open, Baton Rouge Open and Beaumont Open Champ, will team with Dan Berrier of Knoxville.

Several local or area pros have entered, too. They include Toney Penna, Jupiter, teamed with Denis Iden of Miami Beach; Gil Cavanaugh, Hobe Sound, partner not named; Hill Kennecy, Port Malabar, with Jeff Heilman, also of Port Malabar; Keith Marks of Port Charlotte, no amateur named; Dick Bird of Vero Beach, no amateur; and Gordon Jones, Lantana, paired with Duane Haley.

Entered from a wide list of states are the following: Al Chandler, Columbia, Mo., with Scott Bess, also of Columbia; Jim Turnessa, Elmsford, N.Y., with Mal Galiher, Stamford, Conn.; Walter Burkeme, Detroit, Mich., with Glen Johnson, Detroit; Bill Collins, Purchase, N.Y., with Dick Sherouf, Westport, Conn.

Paul Barkhouse, Lynn, Mass., with Ronald Quinn, Warwick, R.I.; Joseph Carr, Honolulu, with Jim Mahoney of Beverly Hills, Cal.; Walker Inman, Columbus, O., with Bob Hose, Columbus; Wally Ulrich, Akron, O., with Jim Ulrich, Akron; Frank Cardi, Cedarhurst, N.Y., with Gene Cardi, Columbus, O.; Don Essig, III, Indianapolis, no partner named; Larry Hlavac, O., with Robert Bowen, Jr., both of Indianapolis.

Also, John A. Levinson, Kennebunk, Me., with John O. Levinson, Waukegan, Ill.; Russ Cochi, Andover, Mass., with Norm Lutz, Pawtucket, R.I.; Richard Rhyan, with Gary Grube, both of Columbus, O.; Roland Stafford, of Pittsburgh, Pa., with John Birmingham, Oakmont, Pa., Brien Charter with J. Lee Miller, both of Jackson, Mich.; Dick Hart, Hinsdale, Ill., with Dr. Harry Ducelli, Cincinnati, O.; Ed Rubis, Chicopee, Mass., with Dan DiRico, same city; Bob Galda, Bloomfield Hills, Mich., with Harold Stewart, Miami.

And Joe Taggart, Charlotte, N.C., partner to be named; Dick Crawford of Bella Vista Village, Ark., with Pandel Savic; Buck Adams, Pinehurst, N.C., partner to be named; Larry Mowry, Las Vegas, Nev., with Larry Feldman, Philadelphia, Pa., Glenn Stuart, Battle Creek, Mich. with Roger McManus, Hartville, O.; Alex Baster, Orange Village, O., with Ed Priestley, Cleveland, O., Bill Spotra, Chevy Chase, Md., with Ralph M. Rogers, same city, and Jay Dolan, III, with Tom Sullivan, both of Leichester, Mass.

Cancer Society has loan closet

The Martin County Unit of the American Cancer Society has available to patients a loan closet consisting of sick room supplies such as, hospital beds; bed pans; bedside tables; underpads; and dressings. The public is invited to take advantage of this service. To use the loan closet, contact Mrs. Helen Broberg at 287-0809, or call the Society at 287-7487.

Jensen Beach--A Day of Instruction for the Woman's Missionary Union will be held on Oct. 9 from 10:30 a.m. to 1:30 p.m. at Parkview Baptist Church, Fort Pierce, according to a release by First Baptist Church of Jensen Beach. All women are welcome and are asked to bring a sandwich.

On Monday, Oct. 13, the local church will be host to the Annual Association Meeting which begins at 7 p.m. The speaker is the Rev. Woodrow Fuller.

Dr. Williams heads crippled children

Dr. Ira Williams was elected president of the Martin County Society for Crippled Children and Adults at the Sept. 29 meeting held at Holiday Inn.

Other officers also elected include Mrs. Lawrence Timon, vice-president; Mrs. F. A. Stafford, secretary, and Mrs. Marie McCullough, treasurer.

Dr. Daniel E. Stalker and Robert McRoberts, Jr., are newly-elected board members.

Florida sportsmen will have additional doves added to their bag during the upcoming season. Daily limit for doves has been increased from 12 to 18 per day, according to the Game and Fresh Water Commission.

First phase of the dove season will be Oct. 4 through Nov. 2; second phase, Nov. 15 through Nov. 30, and third phase Dec. 13 through Jan. 6.

Hunting will be allowed from 12 noon until sunset of each open day.

PUBLIX MARKETS
Seventeen MAGAZINE SAYS...
For Instant Parties Publix is the TALK OF THE TEENS!
Seventeen says "a party-giver is a party-goer . . . if it's a success of course." And that's not hard, either. Maybe you've noticed that the fun parties are casual and often impromptu—or appear to be! Watch for the right moment to invite the crowd over for a sing-in or cook-out. Or to break in your badminton set. Or go on a treasure-hunt. The party must be where the action is! Then it's to Publix for the goodies—nothing puts a girl-shy boy at ease faster than good eating. And Publix is with it for ready to go and quick and easy foods. Why not start the party-ball rolling in your crowd?
Publix is cooperating with Seventeen Magazine and Home Economics teachers in a program of retail shopping education.

SIDEWALKS FOR SAFETY -- Sidewalks are being installed on the south side of Palmer Road, Jensen Beach, by Martin County for the safety of students of St. Joseph College and other pedestrians. This is, according to the sign, a Martin County Road Improvement Project, authorized by the county commission.

Miss Denise F. Bollen, daughter of Mr. and Mrs. R. E. Bollen, 635 N. Indian River Drive, Jensen Beach, was among the more than 1100 students at Roanoke College, Salem, Va.

Roanoke is a four-year liberal arts co-educational college.

Jensen Beach School Talk

By Cathy Brady
Susie Fulton
Kim Waite

Cathy Brady, co-author, has attended Jensen Beach School for 6 years. She has a very good record and is an "A" student.

Kim White came to this school when she was in 3rd grade. Kim went to the Canary Islands and lived there for 10 months when she was 9 years old. Susie Fulton, like Cathy, has attended Jensen Beach School for all 6 years. Kim and Susie are "A" students.

Mrs. Buchanan's class is working on a Perceptual Testing and Training program. They are progressing very well.

Two of the authors went to Mrs. Cruse's second grade class. They worked with the class in commercial figures. Although they had not worked with them very much, they did very well. The main problem the second-graders had was drawing the triangle. They had difficulty making the two sides equal.

There is a display in the library of pictures. The pictures are triangle in color and shape. The artists are the 4th graders and the 6th graders.

The 4th, 5th and 5th graders are having reading groups, and a half each day.

The first, third and fifth grades are having intelligence tests.

Mrs. Keller, the music teacher, has a mysterious parachute which nobody knows anything about. In some strange way it is supposed to be in with music in the following week we hope we'll have the answer to this puzzling mystery. There is a rumor that it is involved with rythm.

The PTA meeting Monday night was well attended. Two sixth grade girls babysitted some small children and one boy and a girl served the refreshments. These children were Marie Tarhudi, Margaret Robertson, Jeff Bailey and Kathleen Wheeler.

There was a fire drill on Monday. The Jensen Beach Volunteer Firemen came to the school to let the 1st and 2nd graders inspect the fire fighting equipment.

Next Tuesday, October 14, will be a Parent-Teacher Conference Day. Any parent may visit the school. The children will have a holiday.

The Perceptual Testing and Training Program, known as the Winter Haven Story, is progressing very well. The children are doing well.

The Halloween carnival is going to be on Saturday, Nov. 1. There is a poster contest to see who can make the best Halloween poster.

School menu

Thurs., Oct. 9 meat pie w/biscuits, sliced potatoes, mixed veg., citrus cup, milk.

Fri., Oct. 10, fishwich, tartar sauce & lettuce, stewed tomatoes, peanut butter apple crumble, milk.

Mon., Oct. 13, baby submarines, school made buns, green salad, bananas, milk.

Tues., Oct. 14, spaghetti w/meat sauce, cabbage slaw, corn bread, peach cobbler, milk.

Wed., Oct. 15, Country fried steak, rice, broccol, hot biscuits, citrus fruit cup, milk.

Thurs., Oct. 16, sloppy Joes, school made buns, collard greens, celery, raspberry Jello w/ whipped topping, milk.

Garden club resumes meetings

Jensen Beach — A "Watch that waistline" theme (two cents per pot) will be placed on members and guests attending the first meeting of the season of the Jensen Beach Garden Club.

The "Get Acquainted" meeting will be Wednesday, Oct. 15 at 1:30 p.m. at Jensen Beach Community Church.

Hostesses will be Mrs. E. J. Curtis, Mrs. Earl Anderson, Mrs. Draper Babcock and Mrs. Frank Barton.

Rio Civic Club list activities

There are Bingo games every Monday night at a Rio, sponsored by the Rio Civic Club, at the clubhouse on SR 707, Rio.

A business meeting is set for Thursday, Oct. 9, at 7 p.m., with dessert card parties are scheduled for Oct. 14 and 28 at 1 p.m.

Dan Stalker attends Emory College

Daniel Easton Stalker, son of Dr. and Mrs. Daniel E. Stalker, 511 Indian Drive, Jensen Beach, is a freshman at Emory University's undergraduate Emory College, Atlanta, Ga.

He is now in his freshman at the college.

Knuckles O'Neill Doesn't Really Care if His Corduroys are Almost Indestructible
... But His Mother Does ...

and so Does Sears...
Sears cares enough to offer you the first corduroy pants that are nearly indestructible. They won't wear out like other corduroys because they're made with lots of strong nylon. For boys who are tough on knees. Tough on laundry. Tough on the budget. We tested them on boys for 120 consecutive days of wearing and washing — to prove they'll outwear other corduroy pants. PERMA PREST for easy care. Their price won't throw you. Because Sears cares about that, too.
